1.2 Adjustment to Number of Options for Grantees (Performance Linked Stock Options)

Grantees: Senior EVPs, EVPs, Heads of Regional Head Offices, Heads of Corporate Regional Head Offices, Head of Derivatives Business Unit and Chief Compliance Officer

The number of stock options granted to the grantees above is subject to adjustment based on the average evaluated score of the performance he or she achieves for three years from the date of the grant. Where the grantee resigns before the three-year term expires, the calculation shall be made based upon the quarterly average performance scores calculable immediately prior to such event.

Table of Contents

Evaluation Method

Average Score	Calculation of Exercisable Stock Option
Less than 60 points	Stock options cancelled.
60 points or above but less than 80 points	Number of exercisable options = (Number of stock options granted evaluated score / 80)
80 points or above	Total number of the stock options granted.

1.3 Method of Exercise

Kookmin Bank may grant shares to a grantee who exercised his or her stock option by:

Issuing new common shares

Delivering treasury shares (which will be common shares)

Giving grantees of the stock options cash or treasury shares for the value of which is equivalent to the difference between the exercise price and the market price

1.4 Exercise Price

i) Chief audit executive and Non-executive directors (Index-Linked Stock Option)

Formula

Exercise price = 46,800 Won x (1 + rate of increase for KOSPI banking industry index x 0.4)

Rounded up to the nearest 100 Won. Rate of increase for KOSPI banking industry index¹= (KOSPI banking industry index as of the effective date² - KOSPI banking industry index as of the date of grant) / KOSPI banking industry index as of the date of grant

1. If the rate of increase for KOSPI banking industry index is negative, exercise price will be 46,800 won
2. The effective date to decide the number of stock options granted: March 18, 2008
In the case of the date being on holiday, the next business date will be effective

Table of Contents**ii) Senior EVPs, EVPs, Heads of Regional Head Offices, Heads of Corporate Regional Head Offices, Head of Derivatives Business Unit and Chief Compliance Officer (Fixed)**

Date of Grant	Exercise Price
March 18, 2005	46,800
April 27, 2005	45,700
July 22, 2005	49,200
August 23, 2005	53,000

* Exercise price is decided at the arithmetic mean of the following three numbers: the sum of the daily closing price multiplied by the daily trading volume divided by the daily trading volume for the common shares during each of the following periods: (i) two months prior to, but excluding, the grant date; (ii) one month prior to, but excluding, the grant date; and (iii) one week prior to, but excluding, the grant date.

1.5 Exercise Period

Date of Grant	Exercise Period
March 18, 2005	From March 19, 2008 to March 18, 2013
April 27, 2005	From April 28, 2008 to April 27, 2013
July 22, 2005	From July 23, 2008 to July 22, 2013
August 23, 2005	From August 24, 2008 to August 23, 2013

1.6 Adjustment to Exercise Price and Number of Options

In the event that there is a capital increase, bonus issue, stock dividend, stock split, reverse stock split, merger or consolidation, capital reduction, reduction of retained earnings or cancellation of issued stocks as a result of the redemption of redeemable stocks and such event requires an adjustment in the exercise price or number of exercisable shares pursuant to these stock option grants, then such adjustment shall be made in accordance with a resolution passed by our board.

1.7 Adjustment Following Resignation

If any grantee resigns or ceases his/her office and the conditions for exercising his/her stock options have been satisfied, such grantee may exercise his/her options, adjusted pursuant to the formula below and rounded down to the nearest whole share.

Formula

Exercisable number of shares shall mean the number of shares granted by the stock options multiplied by the number of days at work divided by three years.

¹ We recorded individual assets and liabilities comprised in private beneficiary certificates in our respective bank accounts, and net operating results from the private beneficiary certificates were recorded as one line item of income or loss from beneficiary certificates in the income statements by the end of 2004. However, in accordance with the new interpretation on the accounting of private beneficiary certificates by the Financial Supervisory Service, a private beneficiary certificate on which management, as an investor, agrees to have no interference and is not managing, is regarded as an ordinary beneficiary certificate and recorded as securities. As a result of the change of accounting principle, we restated the accompanying financial statements as of December 31, 2004.
