FINANCIAL STATEMENTS OF THE UNITED TECHNOLOGIES CORPORATION

EMPLOYEE SAVINGS PLAN

Report of Independent Registered Public Accounting Firm

To the Participants and Administrator of the

United Technologies Corporation

Employee Savings Plan:

In our opinion, the accompanying statements of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the United Technologies Corporation Employee Savings Plan (the Plan) at December 31, 2005 and December 31, 2004, and the changes in net assets available for benefits for the year ended December 31, 2005 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan s management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

NOTE 1 - DESCRIPTION OF THE PLAN

General. The United Technologies Corporation Employee Savings Plan (the Plan) is a defined contribution savings plan administered by United Technologies Corporation (UTC). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Generally, non-represented employees of the Corporation and in participating business units of UTC are eligible to participate in the Plan immediately upon employment with UTC. Participants are eligible for matching employer contributions after one year of service. The following is a brief description of the Plan. For more complete information, participants should refer to the prospectus and summary plan description as well as the Plan document which are available from UTC.

Certain reclassifications have been made to prior year amounts to conform to the current year presentation.

Contributions and Vesting. The percentages of total compensation participants may elect to contribute, through payroll deductions, varies depending on the provisions of the Plan specific to a participant s location. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers nine mutual funds, seven commingled index funds, one stable value fund, and a company stock fund as investment options to participants. The Plan also includes a money market fund that is primarily used for transitioning or merging plans. Participant contributions, plus actual earnings thereon, are fully vested at all times under the Plan.

Generally, UTC matches up to 60 percent of a participant s contributions, up to specified limits, in Common Stock, with a different match percentage at certain locations. Generally, employer contributions plus actual earnings thereon, become fully vested after two years of Plan participation.

UTC has established a leveraged Employee Stock Ownership Plan (ESOP) to fund the employer matching contributions to the Plan. The ESOP was primarily invested in UTC Series A ESOP Convertible Preferred Stock prior to the conversion of all 10.6 million outstanding shares of such ESOP Preferred Stock into 42.5 million shares of Common Stock on November 6, 2003. Subsequent to the ESOP share conversion, UTC established policies that increased Plan participants rights to diversify their ESOP shares into one or more of the Plan s other investment alternatives. Prior to this change, diversification was generally permitted only at age 55 or later. For existing ESOP accounts, UTC established a three-year phase-in period beginning on January 1, 2004 and ending on December 31, 2006 to permit investment reallocation of Common Stock into other investment options offered by the Plan, without regard to the age of the participant. Existing ESOP account balances of those Plan participants under the age of 54 as of December 31, 2003 would become increasingly available for investment diversification at the rate of 1/36 per month until 100 percent becomes subject to investment diversification at the end of the three-year transition period. For Plan participants 54 years of age or older at December 31, 2003, 50 percent of ESOP shares allocated to their respective accounts became immediately available for diversification beginning on January 1, 2004 with an additional 1/24th of all remaining shares becoming available for diversification on a monthly basis over a two-year phase-in period beginning on January 1, 2005 and fully completed by December 31, 2006. Shares allocated to a participant s ESOP account after January 1, 2004 may be re-allocated to other Plan investments without restriction provided that the participant has satisfied the Plan s vesting requirements.

Participant Accounts. Each participant s account is credited with the (a) participant s contributions, (b) UTC s contributions and (c) Plan earnings and losses reduced by expense allocations. The benefit to which a participant is entitled is the benefit that can be provided from the participant s vested account. Forfeited balances of terminated participants nonvested employer contribution amounts are used to reduce future UTC contributions and/or to pay Plan expenses. For the year ended December 31, 2005, approximately $442,000 of forfeitures were used to fund UTC s contributions.

Table of Contents

Voting Rights. Stock held in the UTC Common Stock Fund and ESOP Fund are voted by the Trustee at shareowner meetings of UTC in accordance with the confidential instructions of the participants whose accounts are invested in these funds. All shares of employer stock in the UTC Common Stock Fund or participants ESOP accounts for which the Trustee receives voting instructions from participants to whose accounts the shares are allocated are voted in accordance with those instructions. All employer stock in the UTC Common Stock Fund for which the Trustee does not receive timely voting instructions are voted by the Trustee in accordance with the timely instructions it receives with respect to a plurality of the shares in the UTC Common Stock Fund. All employer stock in the ESOP Fund that has been allocated to participants ESOP accounts but for which the Trustee does not receive timely voting instructions, and all shares in the Unallocated ESOP account, are voted by the Trustee in accordance with the timely instructions it receives with respect to a plurality of the shares that are allocated to participants ESOP accounts.

Trustee and Recordkeeper. The Plan s assets. State Street Bank and Trust is the Plan trustee. Fidelity Institutional Retirement Services Company (Fidelity) provides participant account recordkeeping services.

Participant Loans. Participants are allowed to borrow up to 50 percent of their vested account balances (excluding their ESOP Restricted account balance). Loan amounts range from $1,000 to $50,000 and must be repaid within 5 years. The loans are secured by the balance in the participant s account and bear interest at prime rate plus one percent per The Wall Street Journal, which ranged from 5.0 percent to 10.0 percent for loans outstanding at December 31, 2005. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits. Generally, upon termination, benefits may be left in the Plan or paid in a lump sum to a terminating participant. A participant terminating due to retirement may elect to receive benefits in installments over two to twenty years. At the participant s election, the portion of a lump sum distribution attributable to an investment in the UTC Common Stock Fund and ESOP investment options may be paid in shares of UTC Common Stock instead of cash. Distributions in UTC Common Stock for the year ended December 31, 2005 were approximately $31,435,000.

NOTE 2 - SUMMARY OF ACCOUNTING PRINCIPLES

Basis of Accounting. The financial statements of the Plan are prepared under the accrual method of accounting.

Master Trust. The Plan s assets are kept in the United Technologies Corporation Employee Savings Plan Master Trust (the Master Trust) maintained by the Plan s trustee. Under the Master Trust agreement, the assets of certain employee savings plans of UTC are combined. Participating plans purchase units of participation in the investment funds based on their contribution to such funds and the unit value of the applicable investment fund at the end of the trading day in which a transaction occurs. The unit value of each fund is determined at the close of each day by dividing the sum of uninvested cash, accrued income and the current value of investments by the total number of outstanding units in such funds. Income from the funds investments, other than the UTC Common Stock Fund and ESOP Common Stock, increases the participating plans unit values. UTC Common Stock Fund and ESOP Common Stock dividends increase the Plan s units in each fund. Distributions to participants reduce the number of participation units held by the participating plans (see Note 6).

Investment Valuation and Income Recognition. The Income Fund s investments in fully benefit-responsive investment contracts with insurance companies (see Notes 5 and 14) are stated at contract value, which approximates fair value. Contract value includes contributions plus earnings, less Plan withdrawals and expenses. All other funds are stated at net asset value per unit or share as determined by the Trustee utilizing published market data, as applicable. Participant loans are valued at cost.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Plan Expenses. Plan administrative expenses, including Plan trustee and a portion of the recordkeeper fees, were paid directly by the employer in 2005. Participants in 2005 paid a portion of recordkeeper fees. All other administrative, investment management fees and other investment expenses were paid out of Plan assets during 2005.

Table of Contents

Payment of Benefits. Benefit payments to participants or beneficiaries are recorded upon distribution.

Use of Estimates. The preparation of the Plan s financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the dates of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties. The Plan provides for various investment options in any combination of stocks, bonds, mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 5 - INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

The Plan s Income Fund invests in investment contracts with insurance companies. Under these contracts, each insurance company guarantees repayment in full of the principal amount plus interest credited at a fixed rate for a specified period. Interest is credited to each contract based on an annual interest rate set each year by the individual insurance companies. This rate, which differs among contracts, takes into account any difference between prior year credited interest and the actual amount of investment earnings allocable to the contract in accordance with the established allocation procedures of the insurance company. The weighted average interest rates credited to participant accounts for 2005 and 2004 were 5.5 percent and 5.4 percent, respectively. There are no reserves against contract value for credit risk. The guaranteed contract value is $5,995,000,000 and the market value of the underlying Master Trust assets is $6,150,000,000 as of December 31, 2005.

NOTE 6 - INVESTMENT IN MASTER TRUST

UTC has entered into a Master Trust agreement with the Trustee. Under this agreement, certain savings plans of UTC combine their trust fund investments in the Master Trust.

Participating plans purchase units of participation in the investment funds based on their contribution to such funds along with income that the investment funds may earn, less distributions made to the Plans participants. As of December 31, 2005 and 2004, the Plan s interest in the net assets of the Master Trust was approximately 89 percent and 89 percent, respectively.

NOTE 7 - EMPLOYEE STOCK OWNERSHIP PLAN

The ESOP was established on June 30, 1989. Since then, the ESOP has purchased approximately 14.5 million shares of $1.00 par value Series A ESOP Convertible Preferred Stock (ESOP Shares), with a $4.80 per share annual dividend from UTC. The ESOP financed the ESOP Share purchases with interest bearing promissory notes (ESOP debt) (See Notes 8 and 9).

On November 6, 2003, UTC and the Trustee effected the conversion of all 10.6 million outstanding shares of ESOP Preferred Stock into 42.5 million shares of Common Stock. At the time of the conversion, each ESOP Share was convertible into four shares of UTC s Common Stock and had a guaranteed value of $65.

Shares of Common Stock are allocated to participant accounts of the Plan as participants earn UTC s matching contributions. Shares of Common Stock are released for allocation to participants as principal and interest payments are made on the ESOP debt. Cash dividends on Common Stock shares held by the ESOP and additional contributions from UTC are used to repay ESOP debt principal and interest. ESOP debt may be pre-paid or re-amortized to either increase or decrease the number of shares released so that the value of released shares equals the value of the plan benefit. The Corporation may also, at its option, contribute additional Common Stock or cash to the ESOP. UTC has provided certain guarantees related to the matching contribution formula and certain other commitments in connection with the restructured ESOP debt. For the year ended December 31, 2005, participants were credited with matching contributions of $82.7 million representing approximately 1,544,000 shares. Additionally, in lieu of receiving cash, participants dividends are paid by allocating additional shares to participant accounts. Participants may elect to receive cash dividends. During 2005, participants earned dividends of approximately $40.7 million representing approximately 789,000 shares of Common Stock.

Shares allocated to a participant generally may not be distributed until the participant s termination, disability, retirement, or death. Upon distribution, a participant may elect to receive either cash or shares of Common Stock. The ESOP Fund s investment in Common Stock shares at December 31, 2005 is as follows:

	December 31, 2005	
(Thousands of Dollars, except shares)	**Allocated**	**Total**
Number of Shares	45,834,454	75,117,916
Market Value	$ 2,565,369	$ 4,199,843

The ESOP Fund s investment in Common Stock shares at December 31, 2004 was as follows:

	December 31, 2004	
(Thousands of Dollars, except shares)	**Allocated**	**Total**
Number of Shares	48,196,092	79,157,238
Market Value	$ 2,489,334	$ 4,090,450

The market value per share of the Common Stock was $55.91 and $51.68, at December 31, 2005 and 2004, respectively. Further, the Net Assets Available for Benefits in the ESOP Fund at December 31, 2005 and 2004 include unrealized appreciation of approximately $3.6 billion and $3.4 billion, of which $1.4 billion and $1.3 billion relates to unallocated shares, respectively.

NOTE 8 - ESOP DEBT

In 1990, the Master Trust, with UTC as guarantor, executed a Note and Guaranty Agreement (the Agreement) and issued $660,000,000 of Series A, B, C and D notes (described below) representing the ESOP s permanent financing. The Series A ESOP Debt was repaid in full during 1999. The amounts outstanding under the Agreement, with interest rates and maturity dates, are as follows at December 31, 2005:

Note Series	Principal (000 s)	Rate of Interest	Due
B	$ 80,800	7.68%	2006-2008
C	17,300	7.68%	2008
D	32,700	7.68%	2009
	$ 130,800		

Required payments on these notes, in aggregate, are: $32.9 million in 2006, $32.6 million in 2007, $32.6 million in 2008 and $32.7 million in 2009.

NOTE 9 - NOTES PAYABLE

In conjunction with the ESOP financing discussed in Note 8, the Master Trust issued a promissory note to UTC in 1990, bearing interest at 10.5 percent, and due over the period 2004 - 2009. At December 31, 2005 and 2004, $33.0 million and $38.9 million were outstanding, respectively. Required principal payments on the note are: $6.7 million in 2006, $7.5 million in 2007, $8.4 million in 2008 and $10.4 million in 2009. The Trustee executed the following additional promissory notes. These promissory notes replace a portion of the 1990 ESOP Debt notes described in Note 8 above.

Dates Issued	Principal (000 s)	Rate of Interest	Due

NOTE 10 - RELATED-PARTY TRANSACTIONS

Fidelity Investments Institutional Operations Company and State Street Bank and Trust manage certain Plan investment options. These transactions qualify as party-in-interest transactions.

The Master Trust holds common shares of UTC, the Plan sponsor, and these qualify as exempt party-in-interest transactions.

The Plan invests in the UTC Common Stock Fund (the Fund), which is comprised of a short-term investment fund component and shares of common stock of UTC. The unit values of the Fund are recorded and maintained by Fidelity. During the year ended December 31, 2005, the Plan purchased units of the Fund in the approximate amount of $381,115,000, sold units of the Fund in the approximate amount of

$331,739,000, and had net appreciation on the Fund in the approximate amount of $70,353,000, and dividends and interest of approximately $12,858,000. The total value of the Plan s interest in the Fund was approximately $865,633,000 and $733,046,000 at December 31, 2005 and 2004, respectively.

The Plan invests in the ESOP, which is comprised of a short-term investment fund component and shares of common stock of UTC. The total value of the Plan s interest in the ESOP was approximately $4,023,735,000 and $3,892,866,000 at December 31, 2005 and 2004, respectively, see (Notes 1, 3, 4, 7, 8, and 9). In connection with the note payable financing (Note 9) the Plan has an ESOP receivable of $173,349,000 from UTC.

NOTE 11 - PLAN TERMINATION

Although it has not expressed any intent to do so, UTC has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and to certain Plan provisions that limit this right when certain ESOP loans remain outstanding. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 12 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following are reconciliations of net assets available for benefits and benefits paid from the financial statements to the Form 5500:

(Thousands of Dollars)	December 31,	
	2005	2004
Net assets available for benefits per the financial statements	$ 12,464,876	$ 11,814,000
Amounts allocated to participant withdrawals	(1,148)	(1,088)
Net assets available for benefits per Form 5500	$ 12,463,728	$ 11,812,912

	Year Ended December 31, 2005
Benefits paid to participants per the financial statements	$ 549,166
Add: Amounts allocated to participant withdrawals at December 31, 2005	1,148
Less: Amounts allocated to participant withdrawals at December 31, 2004	(1,088)
Benefits paid to participants per Form 5500	$ 549,226

Amounts allocated to participant withdrawals are recorded on Form 5500 for benefit claims that have been processed and approved for payment prior to December 31, but not yet paid as of that date.

NOTE 13 - TAX STATUS

The Internal Revenue Service has determined and informed UTC by letter dated April 28, 2003 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 14 NEW ACCOUNTING PRONOUNCEMENTS

On December 29, 2005, The Financial Accounting Standards Board (FASB) released FASB Staff Position Nos. AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans . (FSP) The FSP clarifies the definition of fully benefit-responsive investment contracts for contracts held by defined contribution plans. The FSP also establishes enhanced financial statement presentation and disclosure requirements for defined contribution plans subject to the FSP effective for financial statements for issued for periods ending after December 15, 2006.

UTC intends to adopt the FSP in the Plan s financial statements for the year ended December 31, 2006. The effect of the FSP on the Plan s financial statements is expected to be enhanced financial statement presentation and disclosure requirements including the following:

Benefit-responsive investment contracts (investments in bank collective investment funds that hold benefit-responsive investment contracts) will be presented at fair value on the statement of net assets available for benefits and the amount representing the difference between fair value and contract value of the investment contracts (or bank collective investment fund) shall be presented on the face of the statement of net assets available for benefits as a single amount, calculated as the sum of the amounts necessary to adjust the portion of net assets attributable to each fully benefit-responsive investment contract from fair value to contract value. The statement of changes in net assets available for benefits shall be prepared on a basis that reflects income credited to participants in the Plan and net appreciation or depreciation in the fair value of only those investment contracts that are not deemed to be fully benefit responsive.
