Section 1 Registrant's Business and Operations

Item 1.01 Entry into a Material Definitive Agreement.

On November 6, 2006, Indevus Pharmaceuticals, Inc. (the Company) issued a press release announcing that it has licensed the rights to sell SANCTURA XR, the once-daily formulation of tiroprium chloride, in certain territories outside the U.S., to Madaus GmbH. Under the terms of the agreement, Madaus has the right to sell SANCTURA XR outside the U.S. except in Canada, Japan, Korea and China, where Indevus and Madaus will share equally in the economics. Madaus will pay Indevus a royalty on net sales and will purchase SANCTURA XR from Indevus at cost plus a manufacturing margin based on units sold in the Madaus territories. In addition, Madaus will be responsible for all payments to Supernus Pharmaceuticals, Inc., Indevus' drug delivery partner, in the Madaus territories. The agreement also contains customary provisions regarding inspections, manufacturing, delivery, forecasting, indemnification and termination under certain circumstances.

The Company also announced in the press release that it had entered into an amendment to its original licensing agreement with Madaus dated November 26, 1999 whereby Madaus has agreed to waive its rights to manufacture SANCTURA XR in the United States. In return, Madaus will receive a manufacturing margin based on SANCTURA XR units sold in the United States.

The license agreement and the amendment agreement are each dated as of November 3, 2006. A copy of the press release is filed as Exhibit 99.1 and is incorporated by reference herein.
