PROXY STATEMENT
FOR
2007 ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON MARCH 14, 2007

The Board of Directors of HemoSense, Inc., a Delaware corporation, is soliciting the enclosed proxy from you. The proxy will be used at our 2007 Annual Meeting of Stockholders to be held on Wednesday, March 14, 2007, beginning at 12:00 p.m., local time, at the offices of Wilson Sonsini Goodrich & Rosati, PC located on 650 Page Mill Road, Palo Alto, California 94304, and at any postponements or adjournments thereof. This proxy statement contains important information regarding the meeting. Specifically, it identifies the matters upon which you are being asked to vote, provides information that you may find useful in determining how to vote and describes the voting procedures.

In this proxy statement: the terms *we*, *our*, *HemoSense* and the *Company* each refer to HemoSense, Inc.; the term *Board* means our Board of Directors; the term *proxy materials* means this proxy statement, the enclosed proxy card and our Annual Report on Form 10-K for the year ended September 30, 2006, filed with the U.S. Securities and Exchange Commission on December 27, 2006; and the term *Annual Meeting* means our 2007 Annual Meeting of Stockholders.

We are sending these proxy materials on or about February 7, 2007, to all stockholders of record at the close of business on January 19, 2007 (the *Record Date*).

QUESTIONS AND ANSWERS REGARDING THIS SOLICITATION
AND VOTING AT THE ANNUAL MEETING

- Why am I receiving these proxy materials?*** You are receiving these proxy materials from us because you were a stockholder of record at the close of business on the Record Date (which was January 19, 2007). As a stockholder of record, you are invited to attend the meeting and are entitled to and requested to vote on the items of business described in this proxy statement.
- What is the purpose of the annual meeting?*** At our meeting, stockholders of record will vote upon the items of business outlined in the notice of meeting (on the cover page of this proxy statement), each of which is described more fully in this proxy statement. In addition, management will report on the performance of the Company and respond to questions from stockholders.
- Who is entitled to attend the meeting?*** You are entitled to attend the meeting *only* if you were a HemoSense stockholder (or joint holder) of record as of the close of business on January 19, 2007, or if you hold a valid proxy for the meeting. You should be prepared to present photo identification for admittance.

Edgar Filing: HEMOSENSE INC - Form DEF 14A

Please also note that if you are not a stockholder of record but hold shares in *street name* (that is, through a broker or nominee), you will need to provide proof of beneficial ownership as of the Record Date, such as your most recent brokerage account statement, a copy of the voting instruction card provided by your broker, trustee or nominee, or other similar evidence of ownership.

The meeting will begin promptly at 12:00 p.m., local time. Check-in will begin at 11:30 a.m., local time.

Table of Contents

Who is entitled to vote at the meeting? Only stockholders who owned our common stock at the close of business on the Record Date are entitled to notice of and to vote at the meeting, and at any postponements or adjournments thereof.

As of the Record Date, 13,027,070 shares of our common stock were outstanding. Each outstanding share of our common stock entitles the holder to one vote on each matter considered at the meeting. Accordingly, there are 13,027,070 maximum of votes that may be cast at the meeting.

How many shares must be present or represented to conduct business at the meeting (that is, what constitutes a quorum)? The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of our common stock entitled to vote at the meeting will constitute a quorum. A quorum is required to conduct business at the meeting. The presence of the holders of our common stock representing at least 6,513,536 votes will be required to establish a quorum at the meeting. Both abstentions and broker non-votes are counted for the purpose of determining the presence of a quorum.

What items of business will be voted on at the meeting? The items of business scheduled to be voted on at the meeting are as follows:

1. the election of a nominee to serve as a Class II director on our Board; and
2. the ratification of the appointment of our independent registered public accounting firm for the 2007 fiscal year.

These proposals are described more fully below in this proxy statement. As of the date of this proxy statement, the only business that our Board intends to present or knows of that others will present at the meeting is as set forth in this proxy statement. If any other matter or matters are properly brought before the meeting, it is the intention of the persons who hold proxies to vote the shares they represent in accordance with their best judgment.

How does the Board recommend that I vote? Our Board recommends that you vote your shares **FOR** each of the director nominees and **FOR** the ratification of our independent registered public accounting firm for the 2007 fiscal year.

What shares can I vote at the meeting? You may vote all shares owned by you as of the Record Date, including (1) shares held directly in your name as the *stockholder of record*, and (2) shares held for you as the *beneficial owner* through a broker, trustee or other nominee such as a bank.

What is the difference between holding shares as a stockholder of record and as a beneficial owner? Most HemoSense stockholders hold their shares through a broker or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholders of Record. If your shares are registered directly in your name with our transfer agent, Computershare Trust Company, Inc., you are considered, with respect to those shares, the *stockholder of record*, and these proxy materials are being

Table of Contents

sent directly to you by us. As the *stockholder of record*, you have the right to grant your voting proxy directly to HemoSense or to vote in person at the meeting. We have enclosed a proxy card for you to use.

Beneficial Owner. If your shares are held in a brokerage account or by another nominee, you are considered the *beneficial owner* of shares held *in street name*, and these proxy materials are being forwarded to you together with a voting instruction card. As the beneficial owner, you have the right to direct your broker, trustee or nominee how to vote and are also invited to attend the meeting. Please note that since a beneficial owner is not the *stockholder of record*, you may not vote these shares in person at the meeting unless you obtain a legal proxy from the broker, trustee or nominee that holds your shares, giving you the right to vote the shares at the meeting. Your broker, trustee or nominee has enclosed or provided voting instructions for you to use in directing the broker, trustee or nominee how to vote your shares.

How can I vote my shares without attending the meeting? Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the meeting. Stockholders of record of our common stock may submit proxies by completing, signing and dating their proxy cards and mailing them in the accompanying pre-addressed envelope. HemoSense stockholders who hold shares beneficially in street name may vote by mail by completing, signing and dating the voting instruction cards provided by the broker, trustee or nominee and mailing them in the accompanying pre-addressed envelope.

How can I vote my shares in person at the meeting? Shares held in your name as the stockholder of record may be voted in person at the meeting. Shares held beneficially in street name may be voted in person only if you obtain a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote the shares. ***Even if you plan to attend the meeting, we recommend that you also submit your proxy card or voting instructions as described above so that your vote will be counted if you later decide not to, or are unable to, attend the meeting.***

Can I change my vote? You may change your vote at any time prior to the vote at the meeting. If you are the stockholder of record, you may change your vote by granting a new proxy bearing a later date (which automatically revokes the earlier proxy), by providing a written notice of revocation to our Secretary prior to your shares being voted, or by attending the meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request.

For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your broker, trustee or nominee, or, if you have obtained a legal proxy from your broker, trustee or nominee giving you the right to vote your shares, by attending the meeting and voting in person.

Table of Contents

Is my vote confidential?

Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within HemoSense or to third parties, except: (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the vote, and (3) to facilitate a successful proxy solicitation. Occasionally, stockholders provide written comments on their proxy card, which are then forwarded to HemoSense management.

What vote is required to approve each item and how are votes counted?

The vote required to approve each item of business and the method for counting votes is set forth below:

Election of Directors. The director nominee receiving the highest number of affirmative FOR votes at the meeting (a plurality of votes cast) will be elected to serve as Class II director. You may vote either FOR or WITHHOLD your vote for the director nominees. A properly executed proxy marked WITHHOLD with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

Ratification of Independent Auditors. For the ratification of the appointment of our independent registered public accounting firm, the affirmative FOR vote of a majority of the shares represented in person or by proxy and entitled to vote on the item will be required for approval. You may vote FOR, AGAINST or ABSTAIN for these items of business. If you ABSTAIN, your abstention has the same effect as a vote AGAINST.

If you provide specific instructions with regard to certain items, your shares will be voted as you instruct on such items. If you sign your proxy card or voting instruction card without giving specific instructions, your shares will be voted in accordance with the recommendations of the Board (FOR all of the Company s nominees to the Board and FOR ratification of the independent registered public accounting firm, and in the discretion of the proxy holders on any other matters that properly come before the meeting).

What is a broker non-vote ?

Under the rules that govern brokers who have record ownership of shares that are held in street name for their clients, who are the beneficial owners of the shares, brokers have the discretion to vote such shares on routine matters. The election of directors and the ratification of the appointment of an independent registered public accounting firm are considered routine matters. Therefore, if you do not otherwise instruct your broker, the broker may turn in a proxy card voting your shares FOR all of the Company s nominees to the Board and FOR ratification of the independent registered public accounting firm. A *broker non-vote* occurs when a broker expressly instructs on a proxy card that it is not voting on a matter, whether routine or non-routine.

Table of Contents

<i>How are broker non-votes counted?</i>	Broker non-votes will be counted for the purpose of determining the presence or absence of a quorum for the transaction of business, but they will <i>not</i> be counted in tabulating the voting result for any particular proposal.
<i>How are abstentions counted?</i>	If you return a proxy card that indicates an abstention from voting on all matters, the shares represented will be counted for the purpose of determining both the presence of a quorum and the total number of votes cast with respect to a proposal (other than the election of directors), but they will not be voted on any matter at the meeting. In the absence of controlling precedent to the contrary, we intend to treat abstentions in this manner. Accordingly, abstentions will have the same effect as a vote <i>AGAINST</i> a proposal.
<i>What happens if additional matters are presented at the meeting?</i>	Other than the two proposals described in this proxy statement, we are not aware of any other business to be acted upon at the meeting. If you grant a proxy, the persons named as proxy holders, James D. Merselis (our President and Chief Executive Officer) and Gordon Sangster (our Vice President, Finance and Chief Financial Officer), will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If, for any unforeseen reason, any of our nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by our Board.
<i>Who will serve as inspector of election?</i>	We expect a representative of Computershare Trust Company, Inc., our transfer agent, to tabulate the votes and act as inspector of election at the meeting.
<i>What should I do in the event that I receive more than one set of proxy/voting materials?</i>	You may receive more than one set of these proxy solicitation materials, including multiple copies of this proxy statement and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account in which you hold shares. In addition, if you are a stockholder of record and your shares are registered in more than one name, you may receive more than one proxy card. Please complete, sign, date and return each HemoSense proxy card and voting instruction card that you receive to ensure that all your shares are voted.
<i>Who is soliciting my vote and who will bear the costs of this solicitation?</i>	Your vote is being solicited on behalf of the Board, and the Company will bear the entire cost of solicitation of proxies, including preparation, assembly, printing and mailing of this proxy statement. In addition to these mailed proxy materials, our directors and employees may also solicit proxies in person, by telephone, by electronic mail or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners. We may also engage the services of a professional proxy solicitation firm to aid in the solicitation of proxies from certain brokers, bank

Table of Contents

nominees and other institutional owners. Our costs for such services, if retained, will not be material.

Where can I find the voting results of the meeting?

We intend to announce preliminary voting results at the meeting and publish final results in our quarterly report on Form 10-Q for the second quarter of fiscal 2007.

What is the deadline to propose actions for consideration at next year's annual meeting of stockholders or to nominate individuals to serve as directors?

As a stockholder, you may be entitled to present proposals for action at a future meeting of stockholders, including director nominations.

Stockholder Proposals: For a stockholder proposal to be considered for inclusion in the HemoSense proxy statement for the annual meeting to be held in 2008, the written proposal must be received by the Secretary of HemoSense at our principal executive offices no later than October 10, 2007, or 120 days prior to the mailing date of the HemoSense proxy statement. If the date of next year's annual meeting is moved more than 30 days before or after the anniversary date of this year's annual meeting, the deadline for inclusion of proposals in the HemoSense proxy statement is instead a reasonable time before HemoSense begins to print and mail its proxy materials. Such proposals also must comply with the requirements of Rule 14a-8 of the Securities Exchange Act of 1934, as amended (the ***Exchange Act***), and any other applicable rules established by the U.S. Securities and Exchange Commission (the ***SEC***). Proposals should be addressed to:

Secretary

HemoSense, Inc.

651 River Oaks Parkway

San Jose, California 95134

Nomination of Director Candidates: You may propose director candidates for consideration by our Board. Any such recommendations should include the nominee's name and qualifications for Board membership and should be directed to the Secretary of HemoSense at the address of our principal executive offices set forth above. In addition, our Bylaws permit stockholders to nominate directors for election at an annual meeting of stockholders. To nominate a director, the stockholder must provide the information required by the Bylaws of HemoSense, as well as a statement by the nominee consenting to being named as a nominee and to serve as a director if elected. In addition, the stockholder must give timely notice to the Secretary of HemoSense in accordance with the provisions of our Bylaws, which require that the notice be received by the Secretary of HemoSense no later than October 10, 2007.

Copy of Bylaw Provisions: You may contact the Secretary of HemoSense at our principal executive offices for a copy of the relevant bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates.

Table of Contents**STOCK OWNERSHIP****Security Ownership of Certain Beneficial Owners and Management**

The following table provides information relating to the beneficial ownership of our common stock as of the Record Date, by:

each stockholder known by us to own beneficially more than 5% of our common stock;

each of our executive officers named in the Summary Compensation Table on page 21 (our Chief Executive Officer and our four other most highly compensated executive officers);

each of our directors; and

all of our directors and executive officers as a group.

The number of shares beneficially owned by each entity, person, director or executive officer is determined in accordance with the rules of the SEC, and the information is not necessarily indicative of beneficial ownership for any other purpose. Under such rules, beneficial ownership includes any shares over which the individual has the sole or shared voting power or investment power and any shares that the individual has the right to acquire within 60 days of January 15, 2007 (the most recent practicable date) through the exercise of any stock option or other right. The number and percentage of shares beneficially owned is computed on the basis of 13,073,789 shares of our common stock outstanding as of the January 15, 2007. The information in the following table regarding the beneficial owners of more than 5% of our common stock is based upon information supplied by principal stockholders or Schedules 13D and 13G filed with the SEC. Shares of our common stock that a person has the right to acquire within 60 days of January 15, 2007 are deemed outstanding for purposes of computing the percentage ownership of the person holding such rights, but are not deemed outstanding for purposes of computing the percentage ownership of any other person, except with respect to the percentage ownership of all directors and executive officers as a group. The address for those persons for which an address is not otherwise provided is c/o HemoSense, Inc., 651 River Oaks Parkway, San Jose, California 95134.

In this role, the Audit Committee monitors and oversees the integrity of the Company's financial statements and related disclosures, the qualifications, independence, and performance of the Company's independent auditor, and the Company's compliance with applicable legal requirements and its business conduct policies. Our Board has determined that each member of the Audit Committee meets the independence and financial literacy requirements of the AMEX rules and the independence requirements of the SEC. Our Board has determined that Richard P. Powers continues to qualify as an audit committee financial expert, as defined in SEC rules. The Audit Committee has a written charter,

nominees for membership on the Board, including the slate of director nominees to be proposed by the Board to our stockholders for election or any director nominees to be elected or appointed by the Board to fill interim director vacancies on the Board.

Meetings Attended by Directors

The Board held 11 meetings during fiscal 2006. The Audit Committee held 9 meetings, the Compensation Committee held 2 meetings, and the Nominating and Governance Committee held 1 meeting in fiscal 2006. No director attended fewer than 75% of the meetings of the Board or committee(s) on which he or she served during fiscal 2006.

The directors of the Company are encouraged to attend the Company's annual meeting of stockholders. The Company held its annual meeting of stockholders for fiscal 2005 on March 16, 2006, which all of the Company's directors attended.

Director Nominees

Nominations. The Nominating and Governance Committee has not established a formal procedure for considering nominees for director nominated by the Company's stockholders. The Board believes that our independent committee can identify appropriate candidates to our Board. Stockholders may nominate candidates for director in accordance with the advance notice and other procedures contained in our Bylaws.

Director Qualifications. While the Nominating and Governance Committee has not established formal procedures or specific minimum qualifications for director candidates, the candidates for Board membership should have the highest professional and personal ethics and values, and conduct themselves consistent with our Code of Ethics. Additionally, candidates and nominees must ultimately reflect a Board that is comprised of directors who (i) have broad and relevant experience, (ii) are predominantly independent, (iii) are of high integrity, (iv) have qualifications that will increase overall Board effectiveness and enhance long-term stockholder value, and (v) meet other requirements as may be required by applicable rules, such as financial literacy or financial expertise with respect to Audit Committee members.

Stockholder Nominations and Recommendations. As described above in the Question and Answer section of this proxy statement under "What is the deadline to propose actions for consideration at next year's annual meeting of stockholders or to nominate individuals to serve as directors?", our Bylaws set forth the procedure for the proper submission of stockholder nominations for membership on our Board. In addition, while the Nominating and Governance Committee has not established a formal procedure for considering nominees for director nominated by the Company's stockholders, the Committee may consider properly submitted stockholder recommendations (as opposed to formal nominations) for candidates for membership on the Board. A stockholder may make such a recommendation by submitting the following information to our Secretary at 651 River Oaks Parkway, San Jose, California 95134: the candidate's name, home and business contact information, detailed biographical data, relevant qualifications, professional and personal references, information regarding any relationships between the candidate and HemoSense within the last three years and evidence of ownership of HemoSense stock by the recommending stockholder.

Identifying and Evaluating Director Nominees. Typically new candidates for nomination to the Board are suggested by existing directors or by our executive officers, although candidates may initially come to our attention through professional search firms, stockholders or other persons. The Nominating and Governance Committee of the Board shall carefully review the qualifications of any candidates who have been properly brought to its attention. Such a review may, in the Committee's discretion, include a review solely of information provided to the Committee or may also include discussion with persons familiar with the candidate, an interview with the candidate or other actions that the Committee deems

Edgar Filing: HEMOSENSE INC - Form DEF 14A

proper. The Committee shall consider the suitability of each candidate, including the current members of the Board, in light of the current size and composition of the Board. In evaluating the qualifications of the candidates, the Nominating and Governance Committee considers many factors, including, issues of character, judgment, independence, age, expertise, diversity of experience, length of service, and other commitments. The Committee evaluates such factors, among

others, and does not assign any particular weighting or priority to any of these factors. Candidates properly recommended by stockholders are evaluated by the Committee using the same criteria as other candidates.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee of the Board of Directors is comprised solely of non-employee directors, as such term is defined in Rule 16b-3 under the Securities and Exchange Act of 1934, as amended, each of whom must at all times meet all other applicable federal securities and American Stock Exchange listing requirements to qualify as an independent director, and who were all appointed by the Board of Directors. The Compensation Committee operates pursuant to a written charter adopted by the Board of Directors, a copy of which can be found on the Company's website at www.HemoSense.com under Investors Corporate Governance Board Committee Charters, and has overall responsibility for executive compensation programs, policies and practices.

Compensation Philosophy

The Compensation Committee is responsible for ensuring that HemoSense adopts and maintains responsible and responsive compensation programs for its officers and directors. HemoSense operates in the competitive and rapidly changing environment of high technology and medical device businesses. The Compensation Committee seeks to establish compensation policies that allow HemoSense the flexibility to respond to changes in its business environment. Our overall executive compensation philosophy is designed to enhance stockholder value. To meet this philosophy, we follow a set of guiding principals that requires us to provide competitive compensation to attract and retain highly qualified directors, officers and employees and to align the financial interest of the executive team with those of our stockholders through an effective implementation of the compensation programs discussed below.

The Compensation Committee determines, together with the Board, the compensation levels for the Chief Executive Officer and the other executive officers based on competitive compensation opportunities, their relative contribution to the financial success of HemoSense, and their personal performance in 2006. The Compensation Committee commissioned an independent consultant to provide a survey of executive officer compensation for similarly situated companies. It is the Compensation Committee's objective to have a substantial portion of each officer's compensation contingent upon HemoSense's performance as well as upon his or her own level of performance. Accordingly, the compensation package for the chief executive officer and other executive officers is comprised of three elements: (i) base salary which reflects individual performance and is designed primarily to be competitive with salary levels in the industry, (ii) variable performance awards payable in cash and tied to HemoSense's achievement of financial performance targets and personal performance, and (iii) long-term stock-based incentive awards which strengthen the mutuality of interests between the executive officers and HemoSense's stockholders.

Compensation Program

In addition to determining general compensation policy and setting salaries, the Compensation Committee and the whole Board is also responsible for the administration of the 2005 Equity Incentive Plan and the 1997 Stock Plan. The Compensation Committee considers the total current and potential long-term compensation of each executive officer in establishing each element of compensation.

Base Salary. In setting compensation packages for executive officers, the Compensation Committee reviews compensation levels for comparable positions within our industry and other high technology and medical device companies. Individual executive officer base salary may vary depending on time in position, assessment of individual performance, salary relative to equity and critical nature of the position relative to our success.

Edgar Filing: HEMOSENSE INC - Form DEF 14A

Bonus Program. In addition to base compensation, HemoSense has established a bonus program approved by the Compensation Committee for executive officers and other personnel. Bonus opportunities under this program are based on individual and Company financial performance factors.

Payments under this bonus program are made quarterly for all executives. The bonus payment to any employee is based on a number of specific criteria based (i) on the Company's financial performance with

Table of Contents

respect to revenue and total Company expenses on a quarterly basis, and (ii) each individual's achievement of certain personal goals as assessed by the Committee or its designated administrator from time to time. Underachievement or overachievement of the corporate goals may result in bonus payments lower or higher than the targeted bonus amounts described above. The Committee retains the discretion to modify the bonuses that are paid based on actual performance.

Long-Term Incentives. Our 2005 Equity Incentive Plan provides for the issuance of options to our officers and employees to purchase shares of our common stock at an exercise price equal to the fair market value of such stock on the date of grant. Stock options are granted as a reward for past individual and corporate performance and as an incentive for future performance and are an essential component in aligning the interests of management and the stockholders.

2006 Compensation for the Chief Executive Officer and other executive officers

James D. Merselis's, Paul Balsara's, Maria Navarro's, Timothy Still's and Gordon Sangster's salaries for 2006 were determined by the Compensation Committee, together with the Board, based on an assessment of the current market and compensation for an executive of the level of experience and expertise in similar companies within the medical device and medical diagnostics industry, with consideration for past performance and anticipated future contribution.

Internal Revenue Code Section 162(m) and Limitations on Executive Compensation

Section 162(m) of the United States Internal Revenue Code of 1986, as amended, may limit our ability to deduct for United States federal income tax purposes compensation paid to either our Chief Executive Officer or to any four other highest paid executive officers in any one fiscal year that is, for each such person, in excess of \$1,000,000. None of our executive officers received any such compensation in excess of this limit during fiscal year 2006.

Grants under the 2005 Equity Incentive Plan are not subject to the deduction limitation; however, in order to preserve our ability to deduct the compensation income associated with options granted to such executive officers pursuant to Section 162(m) of the Code, our 2005 Equity Incentive Plan provides that no optionee may be granted option(s) to purchase more than 500,000 shares of our common stock in any one fiscal year; provided in connection with any optionee's initial service, an optionee may be granted an option to purchase up to 1,000,000 shares of our common stock in the fiscal year in which such optionee is hired.

The foregoing report is provided by the undersigned members of the Compensation Committee.
