Item 8.01. Other Events

In its annual report on Form 10-K for the year ended December 31, 2006 filed today, SunTrust Banks, Inc. (the Registrant) reported net income available to common shareholders of \$2,109.7 million, or \$5.82 per diluted common share, and \$498.6 million or \$1.39 per diluted common share for the quarter ended December 31, 2006. In accordance with generally accepted accounting principles, these results have been revised from the results the Registrant reported in its January 19, 2007 news release to reflect a subsequent event which affected certain estimates regarding a previously disclosed large commercial loan which has been on non-accrual status since August 2006. Subsequent to January 19, 2007 but before the Registrant filed its annual report, the obligor of such loan signed a definitive agreement to sell the majority of its assets to an unrelated third party at a sale price which differed materially from that estimated by the obligor and the Registrant on January 19, 2007. In connection with that sale, the obligor partially repaid the loan and the Registrant charged off the remainder.

The Registrant today issued a News Release addressing such matters generally, and a copy of such News Release is attached hereto as Exhibit 99.1 and incorporated herein by reference. The Registrant also discusses such matters more fully in its annual report on Form 10-K for the year ended December 31, 2006 (filed on March 1, 2007), particularly in the section Management's Discussion & Analysis of Financial Condition and Results of Operation.
