PROXY STATEMENT

INTRODUCTION

Our board of directors is soliciting proxies for our 2007 Annual Meeting of Stockholders. This proxy statement contains important information for you to consider when deciding how to vote on the matters brought before the Annual Meeting. Please read it carefully.

In this proxy statement:

we, us and the Company mean Boyd Gaming Corporation, a Nevada corporation, unless otherwise indicated; and

Annual Meeting means our 2007 Annual Meeting of Stockholders to be held on May 17, 2007 at 11:00 a.m., local time, at Blue Chip Casino Hotel, 2 Easy Street, Michigan City, Indiana, and any adjournment or postponement thereof.

A copy of our 2006 Annual Report to Stockholders, this proxy statement and accompanying proxy card are being mailed to our stockholders beginning on or about April 18, 2007. Our executive offices are located at 3883 Howard Hughes Parkway, Ninth Floor, Las Vegas, Nevada 89169.

QUESTIONS AND ANSWERS

What is the purpose of the Annual Meeting?

You are invited to attend the Annual Meeting to consider and vote on the following proposals:

1. To elect twelve members to our board of directors to serve until the next annual meeting of stockholders or until their respective successors have been duly elected and qualified.
2. To ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2007.
3. To transact such other business as may properly come before the Annual Meeting and any adjournments or postponements thereof.

Who is entitled to vote at the Annual Meeting?

The close of business on March 30, 2007 has been fixed as the record date for determining the holders of shares of our common stock entitled to notice of and to vote at the Annual Meeting. Only stockholders of record at the close of business on that date are entitled to attend and vote at the Annual Meeting. The only class of stock that is currently outstanding and that can be voted at the Annual Meeting is our common stock. Each outstanding share of common stock is entitled to one vote on each matter that comes before the Annual Meeting.

Edgar Filing: BOYD GAMING CORP - Form DEF 14A

At the close of business on the record date, there were 87,318,657 shares of our common stock outstanding. Those shares represented by the proxies received, properly marked, dated, executed and not revoked will be voted at the Annual Meeting.

How do I vote?

You may vote by ballot in person at the Annual Meeting. Alternatively, you may vote by using any of the following methods:

By Telephone You may use any touch-tone telephone to vote at anytime until noon (Central Daylight Time) on May 16, 2007 by calling 1-800-560-1965. When voting by telephone, please have your proxy card and the last four digits of your Social Security Number or Tax Identification Number available, and follow the simple voice-guided instructions.

By Internet You may use the Internet to vote at anytime until noon (Central Daylight Time) on May 16, 2007 by going to <http://www.eproxy.com/byd/>. When voting by Internet, please have your proxy card and the last four digits of your Social Security Number or Tax Identification Number available, and follow the simple instructions to obtain your records and create an electronic ballot.

By Mail You may vote by completing, signing and dating the proxy card and returning it in the provided postage-paid envelope. If you are a stockholder of record, and the postage-paid envelope is missing, please mail your completed proxy card to Boyd Gaming Corporation, c/o Shareowner ServicesSM, P.O. Box 64873, St. Paul, MN 55164-0873.

How does the board of directors recommend I vote on the proposals?

The board of directors recommends that you vote:

FOR Proposal 1 the election of each of the twelve nominees to our board of directors.

FOR Proposal 2 the ratification of the Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2007.

What if I do not specify how my shares are to be voted?

If no instruction is given with respect to any or all proposals to be acted upon at the Annual Meeting, your proxy will be voted **FOR** the election of all of the nominees named in this proxy statement and **FOR** Proposal 2, as applicable.

No matter currently is expected to be considered at the Annual Meeting other than the proposals set forth in the accompanying Notice of Annual Meeting. However, if any other matters are properly brought before the Annual Meeting for action, it is intended that the shares of our common stock represented by proxies will be voted by the persons named as proxies on the proxy card in accordance with their discretion on such matters.

Do I need an admission ticket to attend the Annual Meeting?

Yes. You will need an admission ticket to enter the Annual Meeting. An admission ticket is enclosed with this proxy statement if you hold shares directly in your name as a stockholder of record. If you plan to attend the Annual Meeting, please vote your proxy but keep the admission ticket and bring it with you to the Annual Meeting. Please do not return the admission ticket with your proxy card.

If your shares are held beneficially in a stock brokerage account or in the name of a bank or other holder of record and you plan to attend the Annual Meeting, you will need to obtain and present a copy of your brokerage account statement (which you can obtain from your broker) reflecting your ownership of our common stock as of March 30, 2007 to be admitted to the Annual Meeting.

Please note: No cameras, recording equipment or other electronic devices will be permitted at the Annual Meeting.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Edgar Filing: BOYD GAMING CORP - Form DEF 14A

If your shares are registered directly in your name with our transfer agent, Wells Fargo Shareowner Services, you are considered, with respect to those shares, the stockholder of record. The Notice of Annual Meeting, this proxy statement and our 2006 Annual Report to Stockholders have been sent directly to you.

If your shares are held in a stock brokerage account or by a bank or other holder of record, you are considered the beneficial owner of shares held in street name. The Notice of Annual Meeting, this proxy statement and our 2006 Annual Report to Stockholders have been forwarded (or otherwise made available) to you by your broker, bank or other holder of record who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker, bank or other holder of record on how to vote your shares by following their instructions for voting.

Can I change my vote after I submit my proxy card?

Yes. You may revoke your proxy at any time before it is voted at the Annual Meeting by:

signing and returning another proxy card with a later date; or

giving written notice of revocation to our Corporate Secretary prior to or at the Annual Meeting; or

attending and voting at the Annual Meeting.

Your attendance at the Annual Meeting will not have the effect of revoking your properly executed proxy unless you follow one of the revocation procedures referenced above. Any written notice revoking a proxy should be sent to our Corporate Secretary (Attention: Brian A. Larson, Senior Vice President, Secretary and General Counsel) at 3883 Howard Hughes Parkway, Ninth Floor, Las Vegas, Nevada 89169 and must be received before voting is closed at the Annual Meeting.

What are broker non-votes ?

Broker non-votes are shares as to which a broker or nominee does not vote, or has indicated that it does not have discretionary authority to vote. Under the rules of the New York Stock Exchange (NYSE), certain matters submitted to a vote of stockholders are considered by the NYSE to be routine items upon which brokerage firms may vote in their discretion on behalf of their customers if such customers have not furnished voting instructions within a specified period of time prior to the Annual Meeting. On those matters which the NYSE determines to be non-routine, brokerage firms that have not received instructions from their customers would not have discretion to vote. Neither our Amended Articles of Incorporation, our Restated Bylaws nor Nevada corporate statutes address the treatment of broker non-votes and abstentions.

How many votes are required to approve the proposals?

The required votes to approve each proposal are as follows:

Proposal 1 a plurality of the votes cast is required for the election of directors. This means that the twelve director nominees receiving the greatest number of FOR votes will be elected to the board of directors. You may vote FOR or WITHHELD with respect to the election of directors. Only votes FOR are counted in determining whether a plurality has been cast in favor of a director. Broker non-votes and withheld votes are not counted for purposes of the election of directors.

Proposal 2 the affirmative vote of a majority of the shares present or represented at the Annual Meeting. Broker non-votes and abstentions will have the same effect as a vote cast against Proposal 2.

Who will count the votes?

Votes cast by proxy or in person will be tabulated by the Inspector of Elections for the Annual Meeting, Wells Fargo Shareowner Services. The Inspector of Elections will also determine whether or not a quorum is present.

What is a quorum, and how is it determined?

For business to be properly conducted and the vote of stockholders to be valid at the Annual Meeting, a quorum must be present. The presence, in person or by proxy, of the holders of a majority of shares of our common stock issued and outstanding as of the record date is necessary to

Edgar Filing: BOYD GAMING CORP - Form DEF 14A

constitute a quorum at the Annual Meeting. Shares represented at the Annual Meeting in person or by proxy but not voted will nevertheless be counted for purposes of determining the presence of a quorum. Accordingly, abstentions and broker non-votes will be treated as shares that are present and entitled to vote for purposes of determining the presence of a quorum.

Who pays for the cost of this proxy solicitation?

This proxy solicitation by our board of directors will be conducted by mail, and we will bear all attendant costs. These costs will include the expense of preparing and mailing proxy solicitation materials for the Annual Meeting and reimbursements paid to brokerage firms and others for their expenses incurred in forwarding such materials to beneficial owners of our common stock. We may conduct further solicitation personally, telephonically or by facsimile through our officers, directors and employees, none of whom will receive additional compensation for assisting with the solicitation.

CORPORATE GOVERNANCE

Director Independence

We are committed to having sound corporate governance principles and maintaining our integrity in the marketplace. Our Corporate Governance Guidelines and our Code of Business Conduct and Ethics are available on our website at <http://www.boydgaming.com>. We will also provide a paper copy of this information to stockholders upon written request. Our Code of Business Conduct and Ethics applies to each of our directors, officers and employees.

Our board of directors has determined that each of Thomas V. Girardi, Luther W. Mack, Jr., Michael O. Maffie, Billy G. McCoy, Frederick J. Schwab, Peter M. Thomas and Veronica J. Wilson is independent, as defined in Section 303A of the New York Stock Exchange Listed Company Manual and within the meaning of our director independence standards (detailed below).

To be considered independent, a director must be determined, by resolution of our board of directors as a whole, after due deliberation, to have no material relationship with the Company other than as a director. In each case, our board of directors shall broadly consider all relevant facts and circumstances and shall apply the following standards:

1. a director who is an employee, or whose immediate family member is an executive officer, of the Company or any of its subsidiaries is not independent until three years after the end of such employment relationship;
2. a director who receives, or whose immediate family member receives, more than \$100,000 per year in direct compensation from the Company or any of its subsidiaries, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), is not independent until three years after he or she ceases to receive more than \$100,000 per year in such compensation;
3. a director who is affiliated with or employed by, or whose immediate family member is affiliated with or employed in a professional capacity by, a present or former internal or external auditor of the Company or any of its subsidiaries is not independent until three years after the end of the affiliation or the employment or auditing relationship;
4. a director who is employed, or whose immediate family member is employed, as an executive officer of another company where any of the Company's or any of its subsidiaries present executives serve on that company's compensation committee is not independent until three years after the end of such service or the employment relationship;
5. a director who is an executive officer or an employee, or whose immediate family member is an executive officer, of a company (which does not include charitable entities) that makes payments to, or receives payments from, the Company or any of its subsidiaries for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1.0 million, or 2% of such other company's consolidated gross revenues, is not independent until three years after falling below such threshold; and
6. any director that has a material relationship with the Company shall not be independent. Any relationship not required to be disclosed pursuant to Item 404 of Regulation S-K of the Securities Exchange Act of 1934, as amended (the Exchange Act), shall be presumptively not material. For relationships not covered by the preceding sentence, the determination of whether the relationship is material or not, and therefore whether the director would be independent or not, shall be made by the board of directors. We would explain in the next proxy statement the basis for any board determination that a relationship is immaterial despite the fact that it does not meet the categorical standards of immateriality set forth above.

In making its independence determination regarding Mr. Thomas, the board of directors considered, among other things, the existence of several arm's length, ordinary course commercial transactions whereby we purchase communications-related products and services from Switch Communications Group, LLC (SCG) and its majority-owned subsidiary, Switch Business Solutions, LLC (SBS). Mr. Thomas owns an 8.8% equity interest as a passive investor in SCG and certain of his family members collectively own, either directly or indirectly, an additional 9.8% equity interest in SCG. We paid SCG and SBS, in the aggregate, a total of approximately \$461,000 in fiscal 2006, and

expect to pay such entities an aggregate of approximately \$545,000 in fiscal 2007. Our transactions with SCG and SBS represented less than 5% of SCG and SBS's consolidated revenue for 2006, and is expected to represent less than 5% in 2007. Mr. Thomas is not an officer or employee of SCG or a member, officer or employee of SBS, and he does not have an active role in providing services to either entity. The transactions, relationships and arrangements were considered to be within the applicable categorical independence standards discussed above.

In making its independence determination regarding Mr. Girardi, the board of directors considered the fact that the Company entered into an arm's-length, ordinary course commercial transaction with a production company introduced by Mr. Girardi that involved a project with Mr. Girardi's spouse. We received a \$10,000 location fee for the production company's 2-day event. The transaction, relationship and arrangement were considered to be within the applicable categorical independence standards discussed above.

Selection of Directors

Stockholder Nominations

The policy of our Corporate Governance and Nominating Committee is to consider properly submitted stockholder nominations for candidates for membership on the board of directors as described below under *Identifying and Evaluating Nominees for Directors*. In evaluating such nominations, the Corporate Governance and Nominating Committee will address the membership criteria set forth under *Director Qualifications*. Any stockholder nominations proposed for consideration by the Corporate Governance and Nominating Committee should include the nominee's name and qualifications for membership on the board of directors and should be addressed to:

Boyd Gaming Corporation

3883 Howard Hughes Parkway, Ninth Floor, Las Vegas, Nevada 89169

Attn: Brian A. Larson, Senior Vice President, Secretary and General Counsel

In addition, our Restated Bylaws permit stockholders to nominate individuals for consideration in director elections at an annual stockholder meeting. Pursuant to our Restated Bylaws, in order to make such a nomination, a stockholder is required to, not less than 60 days prior to the date of the annual meeting of stockholders, deliver a notice to our Corporate Secretary setting forth:

the name, age, business address and the residence address of each nominee proposed in such notice;

the principal occupation or employment of each such nominee;

the number of shares of capital stock of the Company which are beneficially owned by each such nominee; and

such other information concerning each such nominee as would be required, under the rules of the SEC, to be disclosed in a proxy statement soliciting proxies for the election of such nominees pursuant to Regulation 14A of the Exchange Act.

A nomination notice must include a signed consent of each such nominee to serve as a member of our board of directors, if elected. In the event that a person is validly designated as a nominee in accordance with our Restated Bylaws and thereafter becomes unable or unwilling to stand for election to the board of directors, our board of directors or the stockholder who proposed such nominee, as the case may be, may designate a substitute nominee.

Director Qualifications

Our Corporate Governance Guidelines contain membership criteria that apply to nominees for a position on our board of directors. Under these criteria, members of our board of directors should possess certain core competencies, some of which may include broad experience in business, finance or administration, familiarity with national and international business matters, and familiarity with the gaming industry. In addition to having one or more of these core competencies, members of our board of directors are identified and considered on the basis of knowledge, experience, integrity, diversity, leadership, reputation, and ability to understand our business.

Identifying and Evaluating Nominees for Directors

Our Corporate Governance and Nominating Committee utilizes a variety of methods for identifying and evaluating nominees for director. Our Corporate Governance and Nominating Committee has the duty of regularly assessing the composition of our board of directors, including size of our board of directors, diversity, age, skills and experience in the context of the needs of our board of directors. In addition, our Corporate Governance and Nominating Committee also has the duty of identifying individuals qualified to become members of the board of directors. Candidates may come to the attention of the Corporate Governance and Nominating Committee through current members of our board of directors, professional search firms, stockholders or other persons. These candidates will be evaluated by our Corporate Governance and Nominating Committee and may be considered at any point during the year. As described above, our Corporate Governance and Nominating Committee will consider properly submitted stockholder nominations for candidates for our board of directors. Following verification of the stockholder status of persons proposing candidates, recommendations will be aggregated and considered by our Corporate Governance and Nominating Committee. If any materials are provided by a stockholder in connection with the nomination of a director candidate, such materials will be forwarded to our Corporate Governance and Nominating Committee. Stockholder nominees that comply with our nomination procedures will receive the same consideration that our Corporate Governance and Nominating Committee nominees receive.

We have previously reviewed, and our Corporate Governance and Nominating Committee may in the future review, materials provided by professional search firms or other parties to identify, evaluate and recruit potential director nominees who are not proposed by a stockholder. In addition, a professional search firm may be used to make initial contact with potential candidates to assess, among other things, their availability, fit and major strengths.

Presiding Director; Stockholder Communication with Directors

Our independent directors designate one non-management director to serve as the Presiding Director to chair the board of directors non-management director sessions. The Presiding Director serves for a one-year term, provided that no Presiding Director serves for more than three years in any five-year period. Our independent directors have designated Michael O. Maffie as our Presiding Director. Our stockholders and other interested parties may communicate with our board of directors and the Presiding Director by writing to:

Boyd Gaming Corporation

3883 Howard Hughes Parkway, Ninth Floor, Las Vegas, Nevada 89169

Attn: Brian A. Larson, Senior Vice President, Secretary and General Counsel

Communications will be reviewed by our General Counsel and if they are relevant to, and consistent with, our operations and policies, they will be forwarded to the Presiding Director.

Board Committees

Our board of directors has an Audit Committee, a Corporate Governance and Nominating Committee and a Compensation and Stock Option Committee. Our board of directors has adopted a written charter for each of these committees, which are available on our website at www.boydgaming.com.

Audit Committee. The functions of the Audit Committee include reviewing and supervising our financial controls, appointing our independent registered public accounting firm, reviewing our books and accounts, meeting with our officers regarding our financial controls, acting upon recommendations of our auditors and taking such further actions as the Audit Committee deems necessary to complete an audit of our books and accounts. Each of the members of the Audit Committee is independent, as defined in Section 303A of the New York Stock Exchange Listed Company Manual and Rule 10A-3(b)(1) of the Exchange Act. The board of directors has determined that all of the members of the Audit Committee are audit committee financial experts as that term is defined in Item 407(d)(5) of Regulation S-K of the Exchange Act. The Audit Committee was established in accordance with Section 3(a)(58)(A) of the Exchange Act.

Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee's functions include assisting the board of directors in identifying qualified individuals to become members of the board of directors, determining the composition and compensation of the board of directors and its committees, conducting annual reviews of each director's independence and making recommendations to the board of directors based on its

findings, recommending to the board of directors the director nominees for the annual meeting of stockholders, establishing and monitoring a process of assessing the board of directors' effectiveness, and developing and recommending to the board of directors and implementing a set of corporate governance principals and procedures applicable to the Company. Each member of the Corporate Governance and Nominating Committee is independent as defined in Section 303A of the New York Stock Exchange Listed Company Manual.

Compensation and Stock Option Committee. The Compensation and Stock Option Committee's functions include reviewing with management cash and other compensation policies for employees, making recommendations to the board of directors regarding compensation matters, determining compensation for the Chief Executive Officer and providing oversight of our compensation philosophy as described under Executive Officer and Director Compensation Compensation Discussion and Analysis. In addition, the Compensation and Stock Option Committee administers the Company's stock plans and, within the terms of the respective stock plan, determines the terms and conditions of issuances thereunder. Each member of the Compensation and Stock Option Committee is independent as defined in Section 303A of the New York Stock Exchange Listed Company Manual.

Our Compensation and Stock Option Committee, independent of management, determines the compensation of our Chief Executive Officer. Our Chief Executive Officer reviews the compensation of the other members of our seven (7) member management committee (the Management Committee) and makes compensation recommendations to our Compensation and Stock Option Committee for their review and approval as described under Executive Officer and Director Compensation Compensation Discussion and Analysis. The Compensation and Stock Option Committee believes that input from both our executive officers and from compensation consultants retained from time to time provides useful information and points of view to assist it in making decisions on compensation.

Our Compensation and Stock Option Committee has historically engaged compensation consultants to periodically assist in the evaluation of our compensation practices and programs. For example, in late 2004 the committee retained Hewitt Associates, a nationally recognized consulting firm, to review our executive compensation program. As discussed in the Compensation Discussion and Analysis, the results of Hewitt Associates' study were utilized in our prior compensation analysis. A representative of Hewitt Associates attended meetings of the Compensation and Stock Option Committee in 2006, and may be invited to attend future committee meetings as necessary.

The Compensation and Stock Option Committee has the sole authority to retain and terminate any consultant that it uses to assist it in making compensation determinations and has the sole authority to approve that consultant's fees and other retention terms. The Compensation and Stock Option Committee also has the authority to obtain advice and assistance from such other advisors that it deems necessary or appropriate.

Compensation and Stock Option Committee Interlocks and Insider Participation

During 2006, members of our Compensation and Stock Option Committee included Messrs. Maffie, Mack, Girardi, and McCoy. As of May 2006, Mr. Girardi was appointed to the Compensation and Stock Option Committee replacing Mr. Mack. None of the Company's executive officers serves as a director or member of the compensation committee (or other board committee performing equivalent functions) of another entity that has one or more executive officers serving on the Company's Compensation and Stock Option Committee.

EXECUTIVE OFFICER AND DIRECTOR COMPENSATION

Compensation Discussion and Analysis

Overview

We compensate our Named Executive Officers primarily through base salary, short and long-term bonuses and equity compensation. Our executive compensation practices are designed to be competitive with comparable employers in our industry, to closely align compensation with our annual objectives and long-term goals, to reward above-average corporate performance, to recognize individual initiative and achievements, and to assist us in attracting and retaining qualified executives.

Process. Our compensation process consists of establishing an overall compensation target for each senior executive and then allocating that compensation among base salary and incentive compensation. At the senior-most corporate levels, we design the incentive compensation to primarily reward company-wide performance. At the property or business unit level, we design the incentive compensation to reward the achievement of specific operational goals within areas under the control of the relevant management employees, although company-wide performance is also a factor.

In establishing compensation, our Compensation and Stock Option Committee (the Compensation Committee), among other things:

reviews with management our cash and other compensation policies for all of our employees;

reviews the performance of our executive officers and all components of their compensation;

evaluates the effectiveness of our overall executive compensation program on a periodic basis; and

administers our stock and bonus plans and, within the terms of the respective stock plan, determines the terms and conditions of the issuances thereunder.

In addition, our Compensation Committee annually reviews and approves our corporate goals and objectives relative to our Chief Executive Officer's compensation, evaluates his compensation in light of such goals and objectives, and has the sole authority to set the Chief Executive Officer's compensation based on this evaluation. In 2006, the members of the Compensation Committee reviewed and approved the Chief Executive Officer's recommendations regarding the compensation of our Management Committee, including the Named Executive Officers.

We and the Compensation Committee have historically engaged compensation consultants to assist us in the evaluation of our compensation practices and programs. For example, in late 2004, the Compensation Committee retained Hewitt Associates (Hewitt), a nationally recognized consulting firm, to review our executive compensation program. The overall results of this study provided the starting point for our compensation analysis for 2006. The Hewitt study focused on the total compensation, including base salary, short and long term bonuses and equity compensation, of our most highly compensated officers, including members of the Management Committee.

Updates to our Compensation Programs for 2006. Based in part on the Hewitt study, beginning in late 2005 the Compensation Committee conceptually approved and recommended, and our board of directors began to adopt, certain compensation changes for implementation in 2006. The Hewitt study estimated that, if we adopted the executive compensation proposals included in their study, our compensation would generally fall within the third quartile (i.e., between approximately the top 51% to 75%) of our peers for the period covered in their study. The initial changes approved by the Compensation Committee included imposing Stock Ownership Guidelines for certain members of senior management and simplifying the performance measures under our 2000 Executive Management Incentive Plan (2000 MIP). In addition, consistent with other proposals in the Hewitt study and to remain competitive among our peers, in 2006 the Compensation Committee:

increased the amount of our short-term bonus award potential for certain executive officers, including the Named Executive Officers;

Edgar Filing: BOYD GAMING CORP - Form DEF 14A

adjusted our (i) long-term cash plans to provide for larger awards, and (ii) criteria for determining the amount of equity grants to maintain a targeted equity value;

adopted a Career Shares Program a stock incentive award program for certain executive officers to provide for additional capital accumulation opportunities for retirement and reward those executives who have worked for us for a long period of time; and

adopted a Change-in-Control Severance Plan (the CIC Plan) to provide severance benefits for certain executive officers upon termination of employment in connection with a change in control.

Objectives of our Compensation Program

Our compensation program is designed to reward an executive officer's current contribution to the Company, as well as the officer's impact and involvement in our present and future performance. The compensation of our executive officers, including our Named Executive Officers, is set at levels that are intended to be competitive with other leading casino hotel companies selected for the purpose of comparing compensation practices on the basis of a number of factors relative to our Company, such as those companies' size and complexity, the nature of their businesses and the regions in which they operate.

In addition, we have designed our compensation program to further align the compensation of the members of our Management Committee with our future performance and strategic objectives. Our Management Committee plays an active and critical role in the leadership and strategy for the development, operations and growth of our Company. Our Management Committee includes members of our senior management and all of our Named Executive Officers, other than Mr. Landau who stepped down from the Management Committee in connection with his retiring as our Chief Financial Officer effective May 31, 2006.

Primary Components of our Compensation Program

There are three primary components of our executive compensation program:

base salary;

short-term bonus; and

long-term compensation (including long-term bonus and equity compensation).

Base Salary. We provide our executive officers with a base salary that we believe is competitive and that corresponds and fairly relates to their status and accomplishments, both professionally and within our industry. Individual base salaries are established based on an executive officer's historical performance and anticipated future contribution. Salaries are reviewed annually and adjusted from time to time to recognize individual performance, promotions, competitive compensation levels and other subjective factors.

Our Compensation Committee, independent of management, determines the compensation of our Chief Executive Officer, including his base salary. Our Chief Executive Officer reviews the compensation of our other Named Executive Officers and makes compensation recommendations to our Compensation Committee for their review and approval. Where appropriate, our Chief Executive Officer considers the following factors in establishing the compensation for our other Named Executive Officers:

the Named Executive Officer's qualifications, experience, scope of responsibilities and anticipated future performance;

the Named Executive Officer's role within the Company, including, where applicable, the role on various corporate committees, such as the Management Committee, Corporate Compliance Committee and the Diversity Committee;

the general overall performance of the Named Executive Officer;

Edgar Filing: BOYD GAMING CORP - Form DEF 14A

competitive pay practices at companies within our industry; and

the compensation analysis set forth in the Hewitt study.

In addition, our Compensation Committee considers similar factors to those set forth above, as applicable, in establishing the compensation for our Chief Executive Officer.

In approving the compensation, including the base salaries, for each of our Named Executive Officers (other than our Chief Executive Officer) for 2006, the Compensation Committee reviewed the Chief Executive Officer's compensation recommendations and determined that no changes to the Chief Executive Officer's recommendations were necessary and approved the recommended compensation.

In determining the compensation, including the base salary, for our Chief Executive Officer, in addition to the applicable factors set forth above, the Compensation Committee also took into consideration the record of his leadership and vision over the past 34 years; his close identification with our Company by our employees, the financial community and the general public; and the recognition by the Compensation Committee and others in the gaming industry of the importance of his leadership to our continued success.

Short-Term Bonus. For 2006, we paid short-term bonuses to our executive officers, including our Named Executive Officers, pursuant to our Annual Management Incentive Plan (the Annual Plan). Commencing in 2007, short-term bonuses to members of our Management Committee, including our Named Executive Officers, will be awarded under our 2000 MIP.

Our practice is to award cash bonuses primarily based upon performance objectives; however from time to time, we have used, and may in the future use, other goals or measures. Bonus awards under our Annual Plan for 2006 were set as a percentage of base salary, with the specific target percentage determined by the participant's position, level and scope of responsibility within the Company so that highly compensated executives received a relatively larger percentage of their total compensation in bonuses dependent on performance.

Whether short-term bonuses are awarded under the Annual Plan or the 2000 MIP, and the amount of the bonus if awarded, is dependent on the achievement of specified goals. In addition, no amounts will be paid under the Annual Plan or the 2000 MIP if the respective threshold performance level is not achieved; provided, however, that as it relates to awards under our Annual Plan, our Chief Executive Officer may use the discretion granted to him by the Compensation Committee, subject to its oversight, to make determinations regarding payments under the Annual Plan. The achievement of quantitative goals at the relevant department, property and corporate levels is the primary factor in determining individual bonuses under both the Annual Plan and the 2000 MIP, and such goals are linked to the achievement of specified earnings and other performance targets. For the Named Executive Officers, short-term bonus awards under the Annual Plan or the 2000 MIP are principally based on achievement of a specified level of corporate performance, measured by our budgeted pre-tax income, as approved by our board of directors, adjusted by certain items to reflect ongoing operations. In addition, for short-term bonuses awarded under the Annual Plan for 2006, there was a twenty percent (20%) discretionary component based on individual performance, which was determined for each participant on a case-by-case basis. No such discretionary component exists under the 2000 MIP. In addition, our Chief Executive Officer has been given the authority by, and acts under the oversight of, the Compensation Committee to use his discretion to make determinations regarding payments to be made with respect to other participants under the Annual Plan.

In order to be more competitive with companies in our industry, the Compensation Committee modified the Annual Plan in 2006, with similar modifications being made to short-term bonus awards under the 2000 MIP beginning in 2007, to provide for payout of target awards based on a broader range of performance and increased the payout for maximum performance from 150% of the target award (at achievement of 120% of the target performance level) to 200% of the target award (at achievement of 130% or more of the target performance level) to certain executive officers, including our Named Executive Officers. Similarly, the Compensation Committee also increased the target bonus percentage for select Named Executive Officers. Our specific performance targets, including our budgeted pre-tax income, are confidential. The maximum bonus level reflects the achievement of 130% or more of the target performance level. By comparison, the threshold bonus level reflects achievement of 80% of the target performance level. The target bonus level represents achieving an amount that is between 95-105% of the board approved target performance level. Maximum bonus levels can only be attained if our business results are exceptional, and which, since 1997, have been achieved on only three occasions. Threshold bonus levels reflect more attainable business results, and have not been achieved on only two occasions since 1997.

In 2006, all of the Named Executive Officers participated in our Annual Plan for their short-term bonus. However, in 2007 the Compensation Committee determined that all of the members of the Management Committee, including the Named Executive Officers, should participate in the 2000 MIP. The Compensation Committee believes that having all of the members of the Management Committee participate in the same plan for their short-term

bonuses provides for greater internal pay equity, increased coordination of incentives and creates a greater performance incentive because 100% of the short-term bonus will be based on corporate performance.

As a percentage of base salary, for each of our Named Executive Officers for 2006, short-term bonuses under the Annual Plan were paid based on the following parameters:

Executive	Threshold Performance Level	Target Bonus	Maximum Bonus
William S. Boyd	50%	100%	200%
Keith E. Smith	37.5%	75%	150%
Robert L. Boughner	37.5%	75%	150%
Paul J. Chakmak(1)	17.92%	35.83%	71.66%
Marianne Boyd Johnson	15%	30%	60%
Ellis Landau(2)	20%	40%	80%

- (1) As Mr. Chakmak was elected as our Chief Financial Officer effective June 1, 2006, the percentages set forth under the threshold performance level, target bonus and the maximum bonus headings are blended.
- (2) Mr. Landau retired as our Chief Financial Officer, effective May 31, 2006, but remained an employee through January 9, 2007. For amounts earned under the Annual Plan in 2006, please see Summary Compensation Table. It is anticipated that short-term bonus amounts that may be earned under the 2000 MIP in 2007, if any, will be based on the same threshold performance level, target bonus and maximum bonus percentages as set forth above, except for Mr. Chakmak whose percentages will be increased to 20%, 40%, and 80%, respectively.

Long-Term Compensation. We provide long-term compensation to our executive officers, including our Named Executive Officers, in the form of cash bonus awards granted under our 2000 MIP and equity incentive awards granted under our 2002 Stock Incentive Plan. In order to remain competitive and to bring our long-term compensation program in-line with others in our industry, commencing with 2006, we now target a specific dollar amount for long-term compensation, with a significant portion of the target to be awarded in equity and a smaller portion of the target to be awarded in cash.

2000 MIP Long-Term Bonuses

Our 2000 MIP provides bonus awards to certain of our executive officers if long-term targets are achieved. In an effort to be more competitive within our industry, in 2006 the Compensation Committee simplified the performance targets and addressed how the long-term awards under the 2000 MIP would be treated (i) for employees having lengthy careers of service with us, and (ii) following a change in control, as described below under Post-Termination Compensation. We also increased the maximum award payment potential from 150% to 200% as part of the overall update of our compensation programs based on the findings of the Hewitt study.

Long-term awards under our 2000 MIP have a three-year performance period. For example, a long-term award granted under the 2000 MIP in January 2006 has a performance period that ends in December 2008. After the end of each three-year performance period, the Compensation Committee must approve, in writing, the extent to which the performance goals applicable to each participant were achieved or exceeded. The actual award, if any, for each participant will be determined by applying the formula to the level of actual performance which has been approved by the Compensation Committee. The Compensation Committee retains discretion to eliminate or reduce the actual award payable to any participant below that which otherwise would be payable under the applicable formula. No such discretion was exercised for the performance period ending in 2006. Awards under the 2000 MIP generally will be payable in cash after the end of the plan period during which the award was earned. However, the Compensation Committee reserves the right to declare any award wholly or partially payable in an equivalent amount of restricted stock issued under our 1996 Stock Incentive Plan or 2002 Stock Incentive Plan. All awards in 2006 were paid in cash.

For long-term awards granted under the 2000 MIP in January 2006 for the 2006-2008 performance period, there are currently seven individuals eligible for awards, including all of the members of our Management Committee, other than our Chief Executive Officer. For awards granted under the 2000 MIP for the 2006-2008 performance period, the performance criteria has been simplified from that used for previous awards and relates to the relative

growth in our total stock return, which takes dividends into account (Total Stock Return), compared to the growth in the Total Stock Return of the companies included in Standard & Poor's Mid-Cap 400 Index (Index). For awards granted under the 2000 MIP in January 2005 for the 2005-2007 performance period, the performance criteria are based on three components: (1) our achieving a target earnings-per-share figure, (2) our stock performance compared to a peer group of companies, and (3) relative growth in our aggregate earnings per share compared to the growth in the earning per share of the companies in the Index. There are six individuals eligible for an award in the 2005-2007 performance period, including all of the Named Executive Officers other than Mr. Chakmak. With Mr. Landau's resignation as our Chief Financial Officer in 2006, he qualifies as a long service employee under the 2000 MIP. As a result, Mr. Landau is eligible to receive one-third of the award granted to him in 2006 and two-thirds of the award granted to him in 2005; provided that some award becomes payable under the 2000 MIP for the applicable performance periods. For a discussion of the treatment of long service employees under the 2000 MIP, see Post Termination Compensation 2000 MIP below.

In determining awards to be made under the 2000 MIP for both long-term or short-term bonuses, the Compensation Committee may approve a formula based on one or more objective criteria to measure corporate performance. Performance criteria must include one or more of the following: our pre- or after-tax earnings, revenue growth, operating income, operating cash flow, return on net assets, return on stockholders equity, return on assets, return on capital, share price growth, stockholder returns, gross or net profit margin, earnings per share, price per share and market share, any of which may be measured either in absolute terms, or as compared to any incremental increase, or as compared to results of a peer group. The Compensation Committee may set performance goals that differ from participant to participant. For example, the Compensation Committee may choose performance goals that apply on either a corporate or business unit basis, as deemed appropriate in light of the participant's responsibilities.

Commencing in 2006, the annual maximum potential amount of compensation that can be awarded to a participant under the 2000 MIP is \$4,000,000 per year. This maximum amount was established in an amendment to the Plan approved by our stockholders at the 2006 Annual Meeting. In addition, for 2006, the Compensation Committee determined that Mr. Boyd should receive all of his long-term incentive compensation in the form of stock options, in lieu of a combination of long-term equity compensation and long-term cash bonus under the 2000 MIP.

2000 MIP Long-Term Bonus Awards for 2006

The following table sets forth the information regarding long-term performance awards granted under our 2000 MIP in 2006 to our Named Executive Officers for the 2006-2008 performance period. Awards will be paid only in the event that the corresponding performance goal established by the Compensation Committee is achieved. There can be no assurance that the pre-established performance goal will be achieved in whole or in part, and therefore, there can be no assurance that the target awards shown below actually will be paid in the amounts shown. Amounts paid, if any, may be greater or lesser than the amounts shown below depending upon the Company's Total Stock Return performance compared to the stated goals.

Name	Performance Period	Below Threshold (\$ Award)	Estimated Future Payouts(\$)		
			Threshold(2)	Target(1)	Maximum(2)
William S. Boyd	n/a	0	\$ 0	\$ 0	\$ 0
Robert L. Boughner	3 years	0	\$ 300,000	\$ 600,000	\$ 1,200,000
Keith E. Smith	3 years	0	\$ 300,000	\$ 600,000	\$ 1,200,000
Paul J. Chakmak	3 years	0	\$ 200,000	\$ 400,000	\$ 800,000
Marianne Boyd Johnson	3 years	0	\$ 200,000	\$ 400,000	\$ 800,000
Ellis Landau(3)	3 years	0	\$ 212,500	\$ 425,000	\$ 850,000

- (1) Represents target performance awards under the 2000 MIP for the 2006-2008 performance period. Actual dollar amounts to be paid out at the end of this three-year period will be based on the Company's achieving a target relative growth in the Company's Total Stock Return compared to the growth in the Total Stock Return of the companies in the Index.
- (2) Threshold represents amounts payable upon outperforming 30% of the companies in the Index. Maximum represents amounts payable upon outperforming at least 90% of the companies in the Index. No payout will be made unless the Company outperforms at least 30% of the companies in the Index for the period.
- (3) Because Mr. Landau retired as our Chief Financial Officer in 2006, he is only eligible to receive one-third of any award that becomes payable for this performance period.

A special bonus in the amount of \$250,000 was approved by the Compensation Committee and paid to Mr. Boyd in recognition of the loss of a benefit that Mr. Boyd previously received under certain split-dollar life insurance arrangements, which were terminated by us on or before December 31, 2003. Mr. Boyd received special bonus payments in the same amount in each of 2004, 2005, and 2006. We expect that in 2007 the Compensation Committee will extend the \$250,000 special bonus to Mr. Boyd for an additional year.

Equity Compensation. We believe that a significant component of the compensation paid to our executives over the long-term should be derived from stock-based compensation. Our Compensation Committee determines the type of equity awards that are to be granted, which have historically been grants of stock options under our stock incentive plans. We also believe that stock price appreciation and stock ownership in the Company are a valuable incentive to our executives and that the grant of stock options to them serves to further align their interests with the interests of our stockholders as a whole and encourages our executives to manage the Company in its best long-term interests.

Stock Options

The Compensation Committee determines, on a discretionary basis, whether to grant stock options, as well as the amount of shares of common stock subject to, and the terms of, the grants, based on a person's position within the Company. For each of the Named Executive Officers in 2006, the Compensation Committee calculated a target value of the non-cash component of their long-term compensation. From that value, the Compensation Committee derived the specific number of shares of common stock to be awarded in stock options by using an adjusted Black-Scholes analysis.

Historically, stock options have been granted annually. Previously, stock options were not granted on a set date, but were generally granted at the Compensation Committee's meeting held in September or October of each year. However, in 2006, the Compensation Committee adopted a policy to more uniformly grant stock options and, except in the case of our non-employee directors, new hires or other special situations, expects to grant stock options, if at all, on the fifth business day following our release of earnings for the third quarter of each year. Our non-employee directors are granted equity awards annually, on the date of each annual meeting of our stockholders. In addition, our Compensation Committee adopted a policy regarding our Career Shares Program that provides for the annual grant of restricted stock units (RSUs) under our 2002 Stock Incentive Plan on January 2 of each year, commencing in 2007.

Career Shares Program

Our Career Shares Program is a stock incentive award program for certain executive officers to provide for additional capital accumulation opportunities for retirement and reward long-service executives. Our Career Shares Program was adopted by the Compensation Committee on December 7, 2006 as part of the overall update of our compensation programs based on the findings of the Hewitt study. The Career Shares Program provides for the grant of RSUs under our 2002 Stock Incentive Plan to members of our senior management including members of our Management Committee and Named Executive Officers. Each RSU is analogous to one share of restricted common stock, except that RSUs do not have any voting rights and do not entitle their holder to receive dividends.

Under the Career Shares Program, a fixed percentage of each participant's base salary will be credited to his or her career shares account annually. RSUs will generally be awarded to members of our Management Committee, including our Named Executive Officers, in an amount that equals 15% of such individual's base salary, and to certain other members of our senior management in an amount that equals 10% of their individual base salaries, in each case, subject to adjustment by the Compensation Committee. As discussed above, our Compensation Committee adopted a policy that provides for the grant of RSUs pursuant to our Career Shares Program on January 2 of each year, commencing in 2007. RSUs granted pursuant to our Career Shares Program are awarded for service provided for the immediately preceding calendar year. The basis for the value of the awards is the base salary of the participant in effect on December 31 of such immediately preceding year and the closing stock price of our common stock on January 2 or the next business day.

Upon becoming career shares eligible, participants generally will have their initial award pro-rated based on the number of full months served in a career shares eligible position during the year. For example, if someone becomes eligible on July 15 they would receive 5/12 of the product of their year end salary and their career shares percentage,

since they had served for five full months during the year. If a participant becomes career shares eligible during the last quarter of the year, however, no RSUs will be awarded in that calendar year.

Payouts are made at retirement, at which time participants receive one share of our common stock for each RSU held in their respective career share accounts. To receive any payout under the Career Shares Program, participants must be at least 60 years old and must have been continually employed by the Company for a minimum of 15 years. Retirement after 15 years of service will entitle a participant to 50 percent of his or her career shares account. This increases to 75 percent after 20 years and 100 percent following 25 years of employment. The Compensation Committee may credit participants additional years of service in its discretion.

In the event of a participant's death or permanent disability, or following a change in control, the participant will be deemed to have attained age 60 and the RSUs will immediately vest and convert into shares of our common stock based on the participant's years of continuous service through the date of death, termination resulting from permanent disability or the change in control, as applicable.

In addition, awards in a participant's career share account can be applied towards satisfying our stock ownership guidelines, discussed below.

Our Policy on Perquisites

We provide certain of our senior officers, including our Chief Executive Officer, with perquisites that we believe are reasonable, competitive and consistent with our overall executive compensation program. We believe that our perquisites help us to hire and retain qualified executives.

Certain senior executive officers, as designated by the Chief Executive Officer and pursuant to our internal policies, may use our corporate aircraft for personal travel on a limited basis. Such executive officers are imputed with income in an amount equivalent to the Standard Industry Fare Level rate, as defined in the Internal Revenue Code of 1986, as amended, for such use and are required to advance to us an amount sufficient to cover certain out of pocket costs directly attributed to such use. These out of pocket costs include crew lodging expenses, on-board catering, landing fees, trip-related hangar/parking costs and other variable costs.

The aggregate incremental cost for use of our corporate aircraft during 2006 that is attributable to any Named Executive Officers, net of amounts advanced to us by the executive discussed above, is reflected in the Summary Compensation Table. We determine the aggregate incremental cost based on estimated fuel expenses and maintenance expenses per flight hour. Since our aircraft are used primarily for business travel, we do not include the fixed costs that do not change based on usage, such as pilots' salaries and the purchase costs of the corporate aircraft.

We also provide our Chief Executive Officer with use of a corporate car that is owned by the Company, and reflect the aggregate incremental cost attributable to such use during 2006 in the Summary Compensation Table. We determine the aggregate incremental cost for use of the corporate car by calculating the assumed annual lease value of the car, consistent with applicable Treasury regulations, multiplied by the percentage of use that is estimated to be attributable to Mr. Boyd's personal use.

Our employee and non-employee directors, along with certain executive officers, including the Named Executive Officers, participate in the Directors' Medical Reimbursement Plan, which covers medical expenses incurred by plan participants and their spouses that are not covered by other medical plans. We also provide our Named Executive Officers with more life insurance coverage than is generally made available to our other employees. Please see the Summary Compensation Table for the amount of medical reimbursements made to the Named Executive Officers during 2006 and for the amount of the applicable premiums paid for such additional life insurance policy limits during 2006.

Senior management, including our Named Executive Officers, also participates in our other benefit plans and programs on the same terms as other employees. These plans include our 401(k) plan, medical, vision and dental insurance and paid time-off plan. In addition, our senior management is eligible to participate in our deferred compensation plan on the same terms as other eligible management-level employees.

Stock Ownership Guidelines

Our Compensation Committee adopted stock ownership guidelines in 2006 for certain key executives. The Compensation Committee believes that the guidelines will further the alignment between our executive team and stockholders. Pursuant to the Stock Ownership Guidelines, certain key executive officers, including our Named Executive Officers, are required to own an amount of our common stock based on a multiple of the participant's base salary, as set forth in the following table:

Executive Tier	Multiple of Base Salary
Chief Executive Officer	5
President	4
Management Committee	3
Certain Other Members of Senior Management	1-2

Participants will generally be given 5 years (from date of implementation of the guidelines) to achieve mandated levels of stock ownership. Employees that are promoted into a position that has an ownership guideline will be given 5 years from the time of promotion into such position to achieve the ownership guideline. Employees who are promoted into a higher tiered position will be given 5 years from the time of promotion into such position to achieve the incremental ownership guideline for that tier.

Post-Termination Compensation

In 2006, our Compensation Committee adopted the CIC Plan to provide severance benefits for certain executive officers, including our Named Executive Officers, upon termination of employment in connection with a change in control. In addition, our CIC Plan provides for the acceleration of vesting of equity awards for our Named Executive Officers, and certain other executives, upon the occurrence of certain events. We believe that it is important to protect those employees who helped build our Company. Further, we believe that the interests of stockholders will be best served if the interests of our most senior management are aligned with them. Providing change in control benefits is designed to reduce the reluctance of senior management to pursue potential change of control transactions that may be in the best interests of our stockholders. While we currently do not have individual written severance agreements with our executive officers, including our Named Executive Officers, we retain the discretion to negotiate individual arrangements as deemed appropriate.

2000 MIP. Our 2000 MIP contains a continuous employment requirement. In addition, certain provisions of our 2000 MIP operate in the event of a change in control or if a long service employee retires. Generally, if a participant, other than a long service employee, terminates employment for any reason other than death or disability prior to the award payment date, he or she is not entitled to the payment of any award under the 2000 MIP for any outstanding plan period. If the participant's termination is due to disability or death, he or she is entitled to the payment of an award for each plan period in which he or she is participating on the date of termination; provided, however, the Compensation Committee may proportionately reduce or eliminate his or her actual award based on the date of termination and such other considerations as the Compensation Committee deems appropriate.

If a long service participant terminates employment with us for any reason (including death or disability) prior to the award payment date, he or she is entitled to (a) the payment of an award for the plan period (in which the participant is participating on the date of termination) with the earliest date of commencement and (b) the payment of an award for any other plan period (in which the participant is participating on the date of termination) reduced proportionally based on the number of years of employment completed during the plan period with each partial year of employment counting as a full year. A long service participant generally means a participant that has reached age 55 and completed 15 or more years of service with us or any of our subsidiaries (including acquired entities).

If a participant is terminated without cause within 24 months after a corporate transaction or a change in control (as defined in the 2002 Stock Incentive Plan), the participant is entitled to the payment of an award for each plan period (in which the participant is participating on the date of termination). The Compensation Committee believes that this double-trigger feature provides appropriate incentives and job security for management while protecting stockholders value in the event of a change in control.

CIC Plan. The terms of our CIC Plan provide severance benefits to certain members of our senior management, including members of our Management Committee, upon certain qualifying terminations. A qualifying

termination includes involuntary termination without cause, voluntary termination due to a relocation in excess of 50 miles or certain reductions in compensation, among other events, within twenty four months immediately following a change in control. Generally, a change in control is deemed to occur upon (i) the direct or indirect acquisition by any person or related group of persons (other than an acquisition from or by the Company, by a Company-sponsored employee benefit plan or by a person that directly or indirectly controls, or is controlled by, or is under common control with, the Company or by members of the Boyd family) of beneficial ownership (within the meaning of Rule 13d-3 of the Exchange Act) of securities possessing more than fifty percent (50%) of the total combined voting power of the Company's outstanding securities, or (ii) a majority of the board ceasing to be continuing directors at any time within a thirty-six month period due to contested elections.

CIC Plan benefits are determined based upon the relevant status of the participant as a Tier One Executive (our Chief Executive Officer), Tier Two Executive (members of our Management Committee, other than our Chief Executive Officer) or Tier Three Executive (certain other members of senior management, other than Management Committee members). Following the execution of a general release in a form generally acceptable to the Company that releases the Company and its affiliates from any and all claims the participant may have against them, among other things, the Company shall pay to the participant a lump-sum cash payment of:

any unpaid amounts owed to the participant, such as any unpaid base salary, accrued vacation pay, or unreimbursed business expenses;

a multiple of the participant's annual salary and bonus (a multiple of three, two and one for Tier One Executives, Tier Two Executives and Tier Three Executives, respectively);

an amount equal to the greater of:

the participant's then-current target bonus opportunity established under the Annual Plan for the plan year in which the qualifying termination occurs; or

the participant's target bonus opportunity in effect prior to the occurrence of the change in control, in each case, adjusted on a pro rata basis based on the number of days the participant was actually employed during such plan year;

a period of monthly premiums that would have been paid by the Company to the participant under the Company's health insurance plan, or COBRA (a period of 36 months, 24 months and 12 months for Tier One Executives, Tier Two Executives and Tier Three Executives, respectively); and

an additional amount equal to the taxes on the amounts paid to the participant such that the participant effectively receives all such amounts on a tax free basis.

In addition, under the CIC Plan, any outstanding equity-based long-term incentive vehicles granted after July 19, 2006, including but not limited to stock options, stock appreciation rights, restricted stock, or restricted stock units, shall become immediately vested in full upon a qualifying termination. In the event such equity awards would not otherwise vest solely by the continued employment of the participant (e.g., if vesting was related in whole or in part to the achievement of a performance target), such awards shall vest at the time of the change in control. The number of shares that shall vest shall be determined as if a level of performance equal to 100% of the performance target had been achieved and shall be prorated based on the length of time within the performance period elapsed prior to the change in control.

Deferred Compensation Plan. Under the Boyd Gaming Corporation Amended and Restated Deferred Compensation Plan for the Board of Directors and Key Employees (as amended, the Deferred Compensation Plan), our Named Executive Officers may defer up to 25% of base salary and up to 100% of incentive compensation paid. We may make discretionary matching or additions to a participant's account; however, during 2006, we did not exercise such discretion. Upon a change in control, the benefits under the Deferred Compensation Plan are immediately payable in a lump sum. In addition, upon termination, death or disability prior to the age of 55, benefits under the Deferred Compensation Plan are payable in a lump sum. Otherwise, upon termination of employment (including upon retirement), the participant may elect to have benefits

Edgar Filing: BOYD GAMING CORP - Form DEF 14A

paid in a lump sum or in periodic payments over a period of 5, 10 or 15 years. Under the Deferred Compensation Plan, a change in control is defined as the occurrence of any of the following: (a) the purchase of more than 50% of either the outstanding shares of our common stock or the combined voting power of our outstanding voting securities, other than through a transaction approved by the board of directors; (b) a change in the majority of the board of directors within a two-year period;

(c) certain reorganization, mergers or consolidations or the sale of all or substantially all of the Company's assets; or (d) approval by our stockholders of a plan of complete liquidation or an agreement for the sale of all or substantially all of our assets.

Equity Incentive Plans. The equity incentive plans in which our Named Executive Officers participate include our 1993 Flexible Stock Incentive Plan, our 1996 Stock Incentive Plan and our 2002 Stock Incentive Plan. Generally, except as our Compensation Committee may otherwise determine or in connection with a long service employee as discussed below, equity awards granted under each of our equity incentive plans provide that, in the event of termination, the grantee may exercise the portion of the option award that was vested at the date of termination for a period of three months following termination; provided that if the termination is due to disability or death, the exercise period is twelve months.

Pursuant to the terms of each of our 1996 Stock Incentive Plan and our 2002 Stock Incentive Plan, our Compensation Committee has the authority, in connection with an actual or anticipated change in control or corporate transaction, to provide for the full or partial accelerated vesting and exercisability of outstanding unvested awards. Under both our 1996 Stock Incentive Plan and our 2002 Stock Incentive Plan, a change of control means a change in ownership or control of the Company effected through:

the direct or indirect acquisition of more than 50% of the total combined voting power of the Company's outstanding securities pursuant to a tender or exchange offer which the majority of the board of directors do not recommend; or

a change in the composition of the board of directors over a period of up to 36 months such that a majority of the board members ceases, by reason of one or more contested elections, to be comprised of continuing directors.

Pursuant to the terms of each of our 1996 Stock Incentive Plan and our 2002 Stock Incentive Plan, a corporate transaction means any of the following transactions:

a merger or consolidation in which the Company is not the surviving entity;

the sale, transfer or other disposition of all or substantially all of the assets of the Company;

the complete liquidation or dissolution of the Company; or

any reverse merger in which the Company is the surviving entity but in which securities possessing more than 50% of the total combined voting power of the Company's outstanding securities are transferred to a person or persons different from those who held such securities immediately prior to such merger.

In addition, our 2002 Stock Incentive Plan provides that a corporate transaction includes an acquisition in a single or series of related transactions by any person or related group of persons of beneficial ownership of securities possessing more than 50% of the total combined voting power of the Company's outstanding securities but excluding an acquisition from or by the Company, by a Company-sponsored employee benefit plan or by members of the Boyd family or any transactions that the Compensation Committee deems is not a corporate transaction.

Only one of our Named Executive Officers has options outstanding under our 1993 Flexible Stock Incentive Plan, which options are fully vested.

Pursuant to the form of our restricted stock unit agreement (RSU Agreement) for the 2002 Stock Incentive Plan, vesting ceases upon termination of employment for any reason, including death or disability, and unvested units held by the grantee following such termination will be deemed reconveyed to us. Also under our RSU Agreement, in the event of a change in control (defined as the occurrence of any change in ownership of the Company, change in effective control of the Company, or change in the ownership of a substantial portion of the assets of the Company), any outstanding award will automatically become fully vested.

In connection with the Hewitt study and to remain competitive among our peers, in 2006 the Compensation Committee adopted the provisions in the table below to provide certain long service employees with automatic vesting acceleration and an extended period of time to exercise stock options upon termination (other than for cause). These enhanced stock option provisions do not apply to stock options that were outstanding prior to the Compensation Committee's adoption of the proposal or to stock options that are granted within six months of termination.

Age of Employee and Length of Service	Acceleration of Vesting for	
at time of Termination	Unvested Stock Options	Extension of Exercise Period
55 years of age and	Options otherwise scheduled to vest within the 12 months following the date of termination shall fully accelerate	Up to 12 months
15-19 years of service	Options otherwise scheduled to vest within the 24 months following the date of termination shall fully accelerate	following termination
55 years of age and	Options otherwise scheduled to vest within the 24 months following the date of termination shall fully accelerate	Up to 24 months
20-24 years of service	All unvested stock options shall fully accelerate	following termination
55 years of age and	All unvested stock options shall fully accelerate	Up to 36 months
25 or more years of service		following termination

Other Benefits. From time to time, in recognition of the contribution of services provided to us, we may in our discretion offer additional compensation and benefits to our executive officers in connection with their retirement from the Company. For example, in connection with Mr. Landau's retirement from his position as our Chief Financial Officer in 2006, among other things, we provided Mr. Landau with enhanced vesting and exercisability terms for certain of his outstanding stock options. In addition, Mr. Landau received 1,795 restricted stock units under our 2002 Stock Incentive Plan pursuant to our Career Shares Program; 50% of which vested upon his termination of employment with the Company on January 9, 2007. See Potential Payments upon Termination or Change-in-Control.

Accounting and Tax Treatment

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation over \$1 million paid to the Chief Executive Officer or any of the other four most highly compensated executive officers. Generally, awards under the 2000 MIP, which are qualified performance-based compensation plans, will not be subject to the deduction limit if certain requirements are met. The Company has also structured certain other performance-based portions of its executive officers' compensation in a manner that is designed to comply with the exceptions to the deductibility limitations of Section 162(m).

The Compensation Committee believes, however, that in certain circumstances factors other than tax deductibility take precedence when determining the forms and levels of executive compensation most appropriate and in the best interests of the Company and our stockholders. Given our changing industry and business, as well as the competitive market for outstanding executives, the Compensation Committee believes that it is important to retain the flexibility to design compensation programs consistent with our overall executive compensation program, even if some executive compensation is not fully deductible. Accordingly, the Compensation Committee has from time to time approved elements of compensation for certain officers that are not fully deductible and reserves the right to do so in the future, when appropriate.

- (1) Effective June 1, 2006, Mr. Chakmak was elected our Chief Financial Officer.
 (2) Effective May 31, 2006, Mr. Landau retired as our Chief Financial Officer, but remained an employee through January 9, 2007. At the time of Mr. Landau's retirement, he qualified as a long service employee under our 2000 MIP. As a result, Mr. Landau is eligible to receive one-third of the award granted to him in 2006 under the 2000 MIP; provided that some award becomes payable under the 2000 MIP for the applicable performance period. For a discussion of the treatment of long service employees under the 2000 MIP, see Compensation Discussion and Analysis Post Termination Compensation 2000 MIP.
 (3) Represents target performance awards granted under the 2000 MIP for the 2006-2008 performance period. Actual dollar amounts to be paid out at the end of this three-year period will be based on our achieving a target relative growth in the our Total Stock Return compared to the growth in the Total Stock Return of the companies in the Index. Threshold represents amounts payable upon out performing 30% of the companies in the Index. Maximum represents amounts payable upon out performing at least 90% of the companies in the Index. No payout will be made unless we out perform at least 30% of the companies in the Index for the period. See Compensation Discussion and Analysis 2000 MIP Long-Term Bonuses.
 (4) Represents target performance under the Annual Plan for the 2006 fiscal year. The award amount is based upon two components: (i) an 80% performance measure of our pre-tax income compared to a board approved target budgeted amount; and (ii) a 20% individual performance measure. Threshold represents achieving a performance level that is 80% of the target budgeted amount of pre-tax income; target represents achieving an amount that is between 95-105% of the target budgeted amount of pre-tax income; and maximum represents achieving 130% or more of the of the target budgeted amount of pre-tax income. See Compensation Discussion and Analysis Primary Components of our Compensation Program Short-Term Bonus.

Nonqualified Deferred Compensation Table (2006)

Our Deferred Compensation Plan provides for the deferral of compensation on a basis that is not tax-qualified for each of our Named Executive Officers. Under our Deferred Compensation Plan, our Named Executive Officers may defer up to 25% of their base salary and up to 100% of their incentive compensation. We may make discretionary matching or additions to a participant's account; however, during 2006, we did not exercise such discretion. Upon a change in control, the benefits under our Deferred Compensation Plan are immediately payable in a lump sum. In addition, upon termination, death or disability prior to the age of 55, benefits under the Deferred Compensation Plan are payable in a lump sum. Otherwise, upon termination of employment (including upon retirement), the participant may elect to have benefits paid in a lump sum or in periodic payments over a period of 5, 10 or 15 years. The following table sets forth amounts deferred under our Deferred Compensation Plan for the year ended December 31, 2006:

Potential Payments upon Termination or Change-in-Control (2006)

Under the terms of our 2000 MIP, Annual Plan, CIC Plan, Deferred Compensation Plan and our equity incentive plans, payments may be made to our Named Executive Officers upon their termination of employment or a change in control of the Company. See Compensation Discussion and Analysis Post-Termination Compensation for an explanation of the specific circumstances that would trigger payments under each plan. The description of the plans is qualified by reference to the complete text of the plans which have been filed with the SEC. We have not entered into any severance agreements with our Named Executive Officers.

The following table sets forth the estimated payments that would be made to each of our Named Executive Officers upon voluntary termination, involuntary termination not for cause, for cause, and as a qualifying termination in connection with a change in control, and death or permanent disability. The payments would be made pursuant to the plans identified in the preceding paragraph. The information set forth in the table assumes:

The termination event occurred on December 29, 2006 (the last business day of our last completed fiscal year);

The price per share of our common stock on the date of termination is \$45.31 per share (the closing market price of our common stock on December 29, 2006);

For purposes of the Annual Plan, (i) our Chief Executive Officer provides for the payment of the target award under the Annual Plan to the applicable executive in the event of a termination of employment due to death, permanent disability, change in control or retirement, (ii) our Chief Executive Officer does not elect to make discretionary payments to the executives as permitted under the plan, and (iii) our Chief Executive Officer elects as permitted under the plan to make payments to the executives under the plan despite the assumed termination occurring prior to the end of the fiscal year;

For purposes of the 2000 MIP, (i) the executives have earned their target awards for the period and the plan administrator does not elect to eliminate or reduce the awards pursuant to authority to do so granted under the plan, (ii) non-long service participants in the plan are awarded only a pro rata share (based on their time of service during the relevant plan period) of their target award in the event of their termination due to death or permanent disability; and (iii) except as otherwise stated herein each executive has earned and is paid their target bonus under the 2000 MIP;

All payments are made in a lump sum on the date of termination;

The vesting of all unvested stock options and Career Restricted Stock Units held by the executives is immediately accelerated in full upon a change of control pursuant to discretionary authority of the plan administrator granted pursuant to the particular plan (if not otherwise accelerated pursuant to the terms of the CIC Plan); and

The portion of stock options and other equity awards that are subject to accelerated vesting in connection with the termination are immediately exercised and the shares received upon exercise (or upon settlement in the case of Career Restricted Stock Units) are immediately resold at the assumed price per share of our common stock on the date of termination.

Report of the Audit Committee

To the Board of Directors:

We have reviewed and discussed with management the Company's audited financial statements as of and for the fiscal year ended December 31, 2006.

We have discussed with Deloitte & Touche LLP (Deloitte), the Company's independent registered public accounting firm, the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended.

We have received and reviewed the written disclosures and the letter from Deloitte required by Independence Standard No. 1, Independence Discussions with Audit Committees, as amended, and have discussed with the auditors their independence.

Based on the reviews and discussions referred to above, we recommend to the board of directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2006.

During the course of 2006, the Audit Committee continued to oversee the Company's efforts related to its internal control over financial reporting and management's preparation for the evaluation in 2007. The Audit Committee was kept apprised of the progress of the 2006 evaluation and provided oversight and advice to management during the process. In connection with this oversight, the Audit Committee reviewed periodic updates provided by management, members of the Company's internal audit group, and Deloitte. At the conclusion of the process, management, as well as members of the Company's internal audit group, provided the Audit Committee with, and the Audit Committee reviewed, a report on the effectiveness of the Company's internal control over financial reporting. The Audit Committee also reviewed Management's Report on Internal Control Over Financial Reporting included in the Company's Annual Report on Form 10-K for the year ended December 31, 2006 to be filed with the SEC, as well as Deloitte's Report of Independent Registered Public Accounting Firm included in the Company's Annual Report on Form 10-K related to its audit of the consolidated financial statements, management's assessment of the effectiveness of internal control over financial reporting, and the effectiveness of internal control over financial reporting.

We have also considered whether the provision of services by Deloitte, other than services related to the audit of the financial statements referred to above and the review of the interim financial statements included in the Company's quarterly reports on Form 10-Q for the most recent fiscal year, is compatible with maintaining the independence of Deloitte.

PROPOSALS REQUIRING YOUR VOTE

PROPOSAL 1 Election of Directors

General

Our board of directors currently has twelve members. Each of these directors is standing for re-election, to hold office until the next annual meeting of stockholders. Following the recommendation of our Corporate Governance and Nominating Committee, the board of directors has nominated the persons listed below to serve as directors for a one-year term beginning at the Annual Meeting.

Vacancies on our board of directors and newly created directorships will generally be filled by vote of a majority of the directors then in office, and any directors so chosen will hold office until the next annual election of directors. The board of directors has no reason to believe that any of its nominees will be unable or unwilling to serve if elected to office and, to the knowledge of the board of directors, each of its nominees intends to serve the entire term for which election is sought. However, should any nominee of the board of directors become unable or unwilling to accept nomination or election as a director of the Company, the proxies solicited by management will be voted for such other person as our board of directors may determine.

In voting for a director, each stockholder is entitled to cast one vote for each outstanding share of our common stock that they hold. Stockholders are not entitled to cumulate their votes for members of the board of directors. The twelve nominees who receive the greatest number of FOR votes will be elected to the board of directors.

THE BOARD OF DIRECTORS RECOMMENDS YOU VOTE FOR THE ELECTION OF EACH OF THE FOLLOWING NOMINEES.

PROPOSAL 2 Ratification of Independent Registered Public Accounting Firm

In addition, the Audit Committee may also pre-approve particular services on a case-by-case basis. The Audit Committee has delegated its pre-approval authority to the Chairman of the Audit Committee. The Chairman is required to report any decisions to the Audit Committee at the next scheduled committee meeting.

**SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE; TRANSACTIONS WITH RELATED PERSONS;
POLICIES AND PROCEDURES REGARDING TRANSACTIONS WITH RELATED PERSONS**

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's directors, certain of the Company's officers, and persons who own more than 10% of a registered class of the Company's equity securities, to file an initial report of ownership on Form 3 and changes in ownership on Form 4 or 5 with the SEC. Such officers, directors and 10% stockholders are also required by the SEC rules to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on its review of the copies of such forms received by it, or written representations from certain reporting persons that no Forms 5 were required for such persons, the Company believes that during 2006 all Section 16(a) filing requirements applicable to such officers, directors and 10% stockholders were complied with.

Related Party Transactions

Borgata Arrangements

The Company, through a wholly owned subsidiary, Boyd Atlantic City, Inc. (BAC), and a wholly owned subsidiary of MGM MIRAGE have entered into a limited liability company operating agreement to construct, own and operate Borgata Hotel Casino and Spa. Through BAC, the Company owns a 50% interest in Marina District Development Company, LLC (MDDC), the operating company created pursuant to the agreement. We provide MDDC with the periodic use of our corporate aircraft for which we are reimbursed. For 2006, such reimbursements equaled approximately \$175,300. Mr. Boughner, a member of our board of directors, was also, until June 2006, the Chief Executive Officer of MDDC.

Sale of South Coast

On July 25, 2006, we entered into a Unit Purchase Agreement, as amended, (the Agreement) to sell South Coast Hotel and Casino (the South Coast) to Michael J. Gaughan, for a total purchase price of approximately \$513 million. This transaction closed on October 25, 2006. As consideration for South Coast, Mr. Gaughan: (i) paid us the net proceeds from the public offering of his 12,342,504 shares of our common stock, and (ii) applied the principal amount of the term note described below to the purchase price, subject to adjustment pursuant to cash and working capital provisions in the Agreement, collectively referred to as the Agreement Consideration. A total of 12,342,504 shares of our common stock owned by Mr. Gaughan were sold to a group of underwriters in a registered public offering for \$32.4844 per share, or an aggregate of approximately \$401 million.

Pursuant to the terms of the Agreement:

on August 7, 2006, we repurchased 3,447,501 shares of our common stock from Mr. Gaughan directly. As consideration for this repurchase, we issued a term note to Mr. Gaughan in the aggregate amount of approximately \$112 million. In connection with the closing of the South Coast transaction, the term note was cancelled on October 25, 2006.

effective September 6, 2006, Mr. Gaughan resigned from his position as a member of our board of directors, as well as from all other positions that he previously held with the Company and our affiliates, including as Chief Executive Officer of Coast Hotels and Casinos, Inc. (Coast Hotels) and ceased to be an employee of the Company on October 25, 2006. In addition, on August 4, 2006, Mr. Gaughan surrendered all of his options to acquire our common stock, effectively canceling his vested options to purchase 88,334 shares and forfeiting his unvested options to purchase 176,666 shares.

for a period of five years following the closing of the sale of South Coast, Mr. Gaughan cannot sell South Coast to any party other than us, or an affiliate of ours, and for three additional years thereafter we have a right of first refusal on any potential sale of South Coast.

Coast Arrangements

Coast Hotels, a subsidiary of Coast Casinos, Inc., and several other of our subsidiaries (collectively referred to as the Boyd Subsidiaries) maintain numerous racetrack dissemination contracts with Las Vegas Dissemination Company, Inc. (LVDC). Michael J. Gaughan's son, John Gaughan, is the president and sole stockholder of LVDC. LVDC has been granted a license by the Nevada Gaming Authorities to disseminate live racing for those events and tracks for which it enters into contracts and has been granted the exclusive right to disseminate all pari-mutuel services and race wire services to Nevada casinos. Under these dissemination contracts, the Boyd Subsidiaries pay to LVDC between 3% and 5% of the wagers it accepts for races held at the racetracks covered by the respective contracts. The Boyd Subsidiaries also pay to LVDC a monthly fee for race wire services. The terms on which the dissemination services are provided are regulated by the Nevada Gaming Authorities. Additionally, certain Boyd Subsidiaries have other agreements with LVDC, which are not subject to regulation by the Nevada Gaming Authorities, to provide ancillary services, equipment and support to the race and sports book operations of such Boyd Subsidiaries. For fiscal year 2006, the Boyd Subsidiaries incurred aggregate expenses to LVDC of approximately \$3,686,700.

Michael J. Gaughan, Jr., the son of Michael J. Gaughan, served as the general manager of the South Coast until October 25, 2006, the date we sold the South Coast as described above. In 2006, Michael J. Gaughan, Jr. received total salary and bonus from the Company in the amount of \$247,500 and realized approximately \$171,750 upon exercise of vested stock options.

Other Arrangements

William R. Boyd and Samuel J. Boyd are the children of William S. Boyd, our Chairman and Chief Executive Officer. William R. Boyd, a Vice President and member of the Company's board of directors, received total salary and bonuses in the amount of \$435,296 for fiscal year 2006 and is receiving a base salary in the amount of \$210,000 for fiscal year 2007. Boyd, Executive Host at Sam's Town Hotel, Gambling Hall and Bowling Center in Las Vegas, Nevada, received total salary and bonus in the amount of \$124,477 for fiscal year 2006 and is receiving a base salary in the amount of \$110,000 for fiscal year 2007.

Policies and Procedures Regarding Transactions with Related Persons

We attempt to analyze all transactions in which the Company (or our subsidiaries) participate and in which a related person may have a direct or indirect material interest, both due to the potential for a conflict of interest and to determine whether disclosure of the transaction is required under applicable SEC rules and regulations. Related persons include any of our directors or executive officers, certain of our stockholders and their respective immediate family members. As it relates to our employees, officers and directors, pursuant to our Code of Business Conduct and Ethics, which is available on our website at www.boydgaming.com, a conflict of interest arises when personal interests interfere with the ability to act in the best interests of the Company. Pursuant to our Code of Business Conduct and Ethics, our employees are to disclose any potential conflicts of interest to the Chief Executive Officer or his designees, who will advise the employee as to whether or not the Company believes a conflict of interest exists. Employees are also to disclose potential conflicts of interest involving their respective spouses, siblings, parents, in-laws, children, and members of their households. Non-employee directors are also to discuss any concerns with the Chairman of the Corporate Governance and Nominating Committee or our General Counsel.

Each year, we require our directors and executive officers to complete a questionnaire that is intended to, among other things, identify any transactions or potential transactions with us in which a director or an executive officer or one of their family members or associated entities has an interest, and which exceeds \$120,000. We also require that directors and executive officers promptly notify our us of any changes during the course of the year to the information provided in the annual questionnaire.

Our Audit Committee, pursuant to its charter, has responsibility for reviewing and approving certain related person transactions, as provided in the charter. In addition, the board of directors annually determines the independence of directors based on a review by the directors and the Corporate Governance and Nominating Committee.

We believe that these policies and procedures collectively ensure that all related person transactions requiring disclosure under SEC rules are appropriately reviewed and approved or ratified.
