PROXY STATEMENT

2007 ANNUAL MEETING OF SHAREHOLDERS

May 16, 2007

This Proxy Statement is being furnished to the shareholders of Eagle Financial Services, Inc. (the Company) in connection with the solicitation of proxies by the Board of Directors of the Company to be voted at the Annual Meeting of Shareholders to be held on May 16, 2007, at Noon at the John H. Enders Fire Company Social Hall, Berryville, Virginia, and at any adjournment thereof.

The cost of solicitation of proxies and preparation of proxy materials will be borne by the Company. Solicitations of proxies will be made by use of the United States mail and may be made by direct or telephone contact by employees of the Company. Brokerage houses and nominees will be requested to forward the proxy materials to the beneficial holders of the shares held of record by these persons, and the Company will reimburse them for their reasonable charges in this connection. Shares represented by duly executed proxies in the accompanying form received by the Company prior to the meeting and not subsequently revoked will be voted at the meeting. The approximate date on which this proxy statement, the accompanying proxy card and Annual Report to Shareholders (which is not part of the Company's soliciting materials) are being mailed to the Company's shareholders is April 18, 2007.

Where a shareholder directs in the proxy a choice with respect to any matter that is to be voted on, that direction will be followed. If no direction is made, proxies will be voted in favor of the election of the Directors and in the best judgment of Messrs. Thomas T. Byrd, Lewis M. Ewing and Randall G. Vinson on such other business, if any, that may properly come before the meeting or any adjournment. Any person who has returned a proxy has the power to revoke it at any time before it is exercised by submitting a subsequently dated proxy, by giving notice in writing to the Secretary of the Company, or by voting in person at the meeting.

The close of business on April 1, 2007, has been fixed as the record date for the Annual Meeting and any adjournment thereof. The number of shares of Common Stock outstanding on that date and entitled to vote at the Annual Meeting was 3,109,232. Each outstanding share of the Company's Common Stock is entitled to one vote on all matters submitted to shareholders at the meeting. There are no cumulative voting rights. A majority of the shares of Common Stock entitled to vote, represented in person or by proxy, constitutes a quorum for the transaction of business at the Annual Meeting.

A shareholder may abstain or (only with respect to the election of directors) withhold his or her vote (collectively, Abstentions) with respect to each item submitted for shareholder approval. Abstentions will be counted for purposes of determining the existence of a quorum. Abstentions will not be counted as voting in favor of or against the relevant item.

A broker who holds shares in street name has the authority to vote on certain items when it has not received instructions from the beneficial owner. Except for certain items for which brokers are prohibited from exercising their discretion, a broker is entitled to vote on matters presented to shareholders without instructions from the beneficial owner. Broker shares that are voted on at least one matter will be counted for purposes of determining the existence of a quorum for the transaction of business at the Annual Meeting. Where brokers do not have or do not exercise such discretion, the inability or failure to vote is referred to as a broker nonvote. Under the circumstances where the broker is not permitted to, or does not, exercise its discretion, assuming proper disclosure to the Company of such inability to vote, broker nonvotes will not be counted as voting in favor of or against the particular matter.

The purposes of the meeting are to elect Directors and vote on such other business, if any, that may properly come before the meeting or any adjournment. The Board of Directors is not aware of any matters other than those described in this Proxy Statement that may be presented for action at the Annual Meeting. However, if other matters do properly come before the Annual Meeting, the persons named in the enclosed proxy card possess discretionary authority to vote in accordance with their best judgment with respect to such other matters.

PROPOSAL ONE - ELECTION OF DIRECTORS

The Board of Directors of the Company is structured into three classes (I, II, and III) with one class elected each year to serve a three-year term. Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the Exchange Act), requires the Company's directors and executive officers, and any persons who own more than 10% of the outstanding shares of Common Stock, to file with the Securities and Exchange Commission (the SEC) reports of ownership and changes in ownership of Common Stock. Directors and executive officers are required by SEC regulations to furnish the Company with copies of all Section 16(a) reports that they file. Based solely on review of the copies of such reports furnished to the Company or written representation that no other reports were required, the Company believes that, during the 2006 year, all filing requirements applicable to its officers and directors were complied with, except for the following transactions that were inadvertently filed late on Form 4: Lewis M. Ewing, a Director, transferred shares during December 2006; John D. Hardesty, a retired Director, sold shares twice during December 2006; and Douglas C. Rinker, a Director, purchased shares during September 2006.

CORPORATE GOVERNANCE AND

THE BOARD OF DIRECTORS

General

The business and affairs of the Company are managed under the direction of the Board of Directors in accordance with the Virginia Stock Corporation Act and the Company's Articles of Incorporation and Bylaws. Members of the Board are kept informed of the Company's business through discussions with the Chairman of the Board, the President and Chief Executive Officer and other officers, by reviewing materials provided to them and by participating in meetings of the Board of Directors and its committees.

Independence of the Directors

The Board of Directors has determined that the following ten individuals of its total eleven members are independent as defined by the listing standards of the NASDAQ Stock Market (NASDAQ): Mrs. Glaize and Messrs. Byrd, Ewing, Gilpin, Rinker, Smalley, Stokely, Vickers, Vinson and Wilkins. Mr. Hardesty, who was a director until December 31, 2006, was also independent under these standards. The Board of Directors considered the relationship between the Company and Mr. Byrd, who is the President of a newspaper company with which the Bank advertises, to determine whether he was independent under NASDAQ's listing standards. There are no relationships between the Company and any other independent director. The only Director not considered independent is Mr. Milleon, who serves as the President and Chief Executive Officer of the Company.

Code of Ethics

The Board of Directors has approved a Code of Ethics for directors, officers and all employees of the Company and the Bank. The Board has also approved an addendum to the Code of Ethics applicable to the Company's senior financial management, consisting of the Chief Executive Officer and Chief Financial Officer. The addendum addresses, among other things, standards that are reasonably necessary to promote honest and ethical conduct, including conduct with respect to conflicts of interest, full, fair, accurate, timely and understandable disclosure in the Company's required periodic reports and compliance with applicable governmental rules and regulations. A copy of the Company's Code of Ethics and its addendum may be obtained by visiting the Investor Relations section of the Bank's website at www.bankofclarke.com.

Board and Committee Meeting Attendance

During 2006, the Board of Directors of the Company held six meetings. The Directors of the Company also serve as Directors of the Bank. The Bank's Board held twelve meetings in 2006. During 2006, each Director attended greater than 75% of the aggregate number of meetings of both Boards of Directors and meetings of committees on which he or she was a member, with the exception of Mr. Vinson, who attended 71% of the meetings held.

Executive Sessions

Independent Directors meet periodically outside of regularly scheduled Board meetings. The Company has scheduled four executive sessions that include only independent Directors for 2007. These sessions are led by the Chairman of the Board.

Committees of the Board

The Company's only standing committee is the Audit Committee. The Compensation Committee is a committee of the Bank's Board of Directors. Neither the Company's nor the Bank's Board of Directors has a nominating committee. The following sections discuss each of these committees.

Audit Committee. The Audit Committee met four times in 2006. The Audit Committee assists the Board of Directors in fulfilling its oversight responsibility to the shareholders relating to the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements and the qualifications, independence and the performance of the internal audit function. During 2006, the Company outsourced its internal audit function to an independent public accounting firm that specializes in financial institutions. The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the work of the independent registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attestation services for the Company. The Audit Committee and the Board of Directors have adopted a written charter for the Audit Committee, which is included as Attachment A to this Proxy Statement.

This committee consists of Messrs. Vinson, Byrd and Wilkins and Mrs. Glaize. Each of the members of the Audit Committee is independent as that term is defined in the listing standards of NASDAQ. The Company does not have an audit committee financial expert as defined by Securities and Exchange Commission regulations. The Board of Directors, however, believes that the members of the Audit Committee have the ability to understand financial statements and generally accepted accounting principles, the ability to assess the general application of such principles in connection with the accounting for estimates, accruals and reserves, an understanding of internal controls and procedures for financial reporting and an understanding of audit committee functions.

Compensation Committee. The Compensation Committee met four times in 2006. The Compensation Committee reviews the CEO's performance and compensation and reviews and sets guidelines for compensation of the other executive officers. All decisions by the Compensation Committee relating to the compensation of the Company's executive officers are reported to the full Board of Directors. The Compensation Committee is also responsible for the Compensation Discussion and Analysis within this Proxy Statement. The Compensation Committee consists of Messrs. Rinker, Smalley, Vickers and Vinson, each of whom is independent as that term is defined by the listing standards of NASDAQ. The Compensation Committee and the Board of Directors have adopted a written charter for the Compensation Committee, which may be viewed by visiting the Investor Relations section of the Bank's website at www.bankofclarke.com.

Nominating Process

There is no nominating committee of the Board of Directors. The entire Board performs the functions of a nominating committee. The Board has chosen not to have a separate nominating committee because it is comprised primarily of independent Directors and has the time and resources to perform the function of selecting board nominees. When the Board performs its nominating function, the Board acts in accordance with the Company's Articles of Incorporation and Bylaws but does not have a separate charter related to the nomination process.

In identifying potential nominees, the Board of Directors takes into account such factors as it deems appropriate, including the current composition of the Board, the range of talents, experiences and skills that would best complement those that are already represented on the Board, the balance of management and independent Directors and the need for specialized expertise. The Board considers candidates for Board membership suggested by its members and by management, and the Board will also consider candidates suggested informally by a shareholder of the Company.

The Board of Directors considers, at a minimum, the following factors for potential new Directors or the continued service of existing Directors:

the ability of the prospective nominee to represent the interests of the shareholders of the Company;

the prospective nominee's standards of integrity, commitment and independence of thought and judgment;

the prospective nominee's ability to dedicate sufficient time, energy and attention to the diligent performance of his or her duties, including the prospective nominee's service on other public company boards; and

the extent to which the prospective nominee contributes to the range of talent, skill and expertise appropriate for the Board.

The process used for selecting new candidates for the Board of Directors involves identifying the need to add a new member with specific qualifications or to fill a vacancy. The Chairman of the Board will initiate a search, which may involve seeking input from Board members and senior management, and considering any candidates recommended by shareholders. A list of candidates which satisfy certain criteria and otherwise qualify for membership is presented to the Board. The Chairman of the Board, along with the President and Chief Executive Officer, conducts interviews with preferred candidates from the list. Afterwards, the Board meets to conduct further interviews of preferred candidates, if necessary, and to approve final candidates for Board membership.

Shareholders may submit candidates for formal consideration by the Company in connection with an annual meeting of shareholders if timely written notice is received, in proper form, for each such recommended Director nominee. If the notice is not timely and in proper form, the nominee will not be considered by the Company. To be timely for the 2008 Annual Meeting, the notice must be received within the time frame set forth in the section titled "Shareholder Proposals for the 2008 Annual Meeting" within this Proxy Statement. To be in proper form, the notice must include each nominee's written consent to be named as a nominee and to serve, if elected, and information about the shareholder making the nomination and the person nominated for election.

Annual Meeting Attendance

The Company has not adopted a formal policy on Director attendance at its Annual Meeting of Shareholders, although all Directors are encouraged to attend and historically most have done so. All Directors, except Mr. Vinson, attended the Company's 2006 Annual Meeting of Shareholders.

Shareholder Communication

Shareholders may communicate with all members or any member of the Board of Directors by addressing correspondence to Board of Directors or to the individual Director. Such correspondence should be addressed to the Secretary of the Company, P.O. Box 391, Berryville, Virginia 22611. All communications so addressed will be forwarded promptly, without screening, to the Chairman of the Board of Directors (in the case of correspondence addressed to Board of Directors) or to the individual Director.

Director Compensation

The following table provides compensation information for the year ended December 31, 2006 for each non-employee director of the Company's Board of Directors:

Randall G. Vinson	11,700		12,400					24,100
James R. Wilkins, Jr.	12,000		12,400					24,400

(1) John R. Milleson, the Company's President and Chief Executive Officer is not included in this table as he receives no compensation for his services as a director. The compensation received by Mr. Milleson as an employee is shown in the Summary Compensation Table on page 14.

(2) The amounts in this column reflect the dollar amount recognized for financial statement reporting purposes for the year ended December 31, 2006 in accordance with Statement of Financial Accounting Standards (SFAS) No. 123R, Share Based Payment. The Compensation Committee evaluates the compensation of the Directors annually. The Compensation Committee relies primarily on information regarding the director compensation of similar financial institutions. Based on this evaluation, the Compensation Committee recommends changes in compensation to the Board of Directors for approval. During 2006, the Compensation Committee did not recommend any changes in director compensation to the Board of Directors.

Non-employee members of the Board of Directors each receive an annual retainer and \$500 per Board meeting attended for service as a member of the Bank's Board of Directors. During 2006, the Chairman of the Board's retainer was \$10,000 and other directors' retainer was \$5,000. Members of the Audit Committee and Compensation Committee received \$300 per meeting attended. Members of all other Bank committees received \$100 per meeting attended.

In addition to cash compensation, non-employee members of the Board of Directors receive stock awards in accordance with the Company's Stock Incentive Plan. During 2006, each eligible director received 400 shares of restricted stock, which vested within six months of being granted.

Certain Transactions

The Company, through its subsidiary Bank, grants loans to and accepts deposits from its directors, principal officers and related parties of such persons during the ordinary course of business. Loans are granted on the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other customers. The aggregate balance of loans to directors, principal officers and their related parties was \$5,647,000 at December 31, 2006. Deposits are accepted on the same terms, including interest rates, as those prevailing at the time for comparable transactions with other customers. The aggregate balance of deposits from directors, principal officers and their related parties was \$9,283,000 at December 31, 2006.

The Company has not adopted a formal policy that covers the review and approval of related person transactions by the Board of Directors. The Board, however, does review all such transactions that are proposed to it for approval. During such a review, the Board will consider, among other things, the related person's relationship to the Company, the facts and circumstances of the proposed transaction, the aggregate dollar amount of the transaction, the related person's relationship to the transaction and any other material information. The Audit Committee of the Board also has the responsibility to review significant conflicts of interest involving directors or executive officers.

In addition, any extensions of credit to our directors and officers are required to be on substantially the same terms as comparable transactions to non-related parties at the time of the extension of credit, pursuant to Regulation O - Loans to Executive Officers, Directors and Principal Shareholders of Member Banks of the banking regulations applicable to us.

Compensation Committee Interlocks and Insider Participation

All members of the Compensation Committee are Directors of the Bank. No member of the Compensation Committee is a current or former officer of the Company or any of its subsidiaries. In addition, there are no compensation committee interlocks with other entities with respect to any such member.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

General. The Compensation Committee of the Bank's Board of Directors reviews the salary and other compensation of executive officers, including the named executive officers, and provides oversight of the compensation programs. The Compensation Committee consists entirely of non-employee, independent members of the Board of Directors and operates under a written charter approved by the Board of Directors. All recommendations from the Compensation Committee regarding the compensation of executive officers are approved by the Board of Directors.

Objectives of Our Compensation Program. The primary objective of the executive compensation program is to attract and retain highly skilled and motivated executive officers who will manage the company in a manner to promote its growth and profitability and advance the interest of its shareholders. Additional objectives of our executive compensation program are the following:

align executive pay with shareholders' interests;

recognize individual initiative and achievements; and

unite the entire executive management team to a common objective.

Executive Compensation Principles. The executive compensation program consists of base salaries, annual cash incentive payments in the form of annual bonuses and long-term equity incentives in the form of stock awards. These components of executive compensation are used together to strike an appropriate balance between cash and stock compensation and between short-term and long-term incentives. We expect a portion of an executive officer's total compensation to be tied both to our annual and long-term performance as well as to the creation of shareholder value. In particular, we believe that short-term annual cash incentive compensation should be tied directly to both company performance and individual performance for the fiscal year. In contrast, we believe that the value of long-term incentive compensation should be tied directly to long-term company performance and an increase in shareholder value. Under our policy, performance above targeted standards results in increased total compensation, and performance below targeted standards results in decreased total compensation.

We differentiate compensation to executive officers based on the principle that total compensation should increase with an executive officer's position and responsibility, while at the same time a greater percentage of total compensation should be tied to Company and individual performance. Thus, executive officers with greater roles and responsibilities associated with achieving performance targets should receive a lesser proportion of the reward if those targets are not achieved and should receive a greater proportion of the reward if those targets are met or surpassed. In addition, as an executive officer's position and responsibility increases, the use of long-term incentive compensation should increase where executive officers have the greatest influence on strategic performance over time.

We presently do not have a policy for adjustment or recovery of payments and awards made to executive officers in the event that the financial statements were to be restated in the future in a manner that would have impacted the size or payment of the award at the time of payment. We may consider the adoption of a policy regarding recovery of payments or awards to the executive officers in the future.

How Executive Pay Levels are Determined. The Compensation Committee reviews the executive compensation program and its elements annually. In determining the compensation of the executive officers, the Committee evaluates total overall compensation, as well as the mix of salary, cash bonus incentives and equity incentives, using a number of factors including the following:

our financial and operating performance, measured by attainment of specific strategic objectives and operating results;

the duties, responsibilities and performance of each executive officer;

historical cash and equity compensation levels; and

Edgar Filing: EAGLE FINANCIAL SERVICES INC - Form DEF 14A

comparative industry market data to assess compensation competitiveness.

With respect to comparative industry data, the Compensation Committee reviews executive salaries and evaluates compensation structures and the financial performance of comparable companies in a designated peer group established by the Compensation Committee. The peer group used for comparison purposes focuses primarily on public companies in the banking industry that are similar in size or companies with similar market capitalizations and other characteristics.

In 2006, the Compensation Committee selected seven companies for analysis of their financial performance and compensation structures. The financial metrics used by the Compensation Committee to evaluate our performance and the performance of peer companies included revenue growth, return on assets and return on equity.

Components of Executive Compensation. The elements of the compensation program in 2006 included base annual salary, short-term compensation through an annual incentive bonus, and long-term incentives through equity compensation under the Company's Stock Incentive Plan. The Company provides retirement benefits through a noncontributory pension plan and a 401(k) savings plan. The Company also provides health and welfare benefits that include participation in health, dental and vision plans and various insurance plans, including disability and life insurance.

Each of the three principal components of executive compensation is designed to reward and provide incentives to executive officers consistent with our overall policies and principles on executive compensation. These components and the rationale and methodology for each are described below. Specific information on the amounts and types of compensation earned by the named executive officers during 2006 can be found in the Summary Compensation Table and other tables and narrative disclosures following this discussion.

Base Salary: The Company's philosophy regarding base salary is to provide reasonable current income to the named executive officers in amounts that will attract and retain individuals with a broad, proven track record of performance.

The base salary for the President and Chief Executive Officer of the Company is approved by the Board of Directors, excluding the President and Chief Executive Officer, based on the recommendation of the Compensation Committee. In making this determination for 2006, the Board of Directors evaluated the performance of the Chief Executive Officer based on the Company's financial performance, achievements in implementing the Company's long-term strategy, and the personal observations of the Chief Executive Officer's performance by the members of the Board of Directors. The Board of Directors also considered a salary survey, prepared by the Virginia Bankers Association, of commercial banks that are similar in terms of size, economic conditions and other factors. No particular weight was given to any particular aspects of the performance of the Chief Executive Officer.

Base salaries for executive officers other than the President and Chief Executive Officer are approved by the Board of Directors based on the recommendation of the Compensation Committee, with the input of the President and Chief Executive Officer. In making base salary determinations for 2006, the Compensation Committee evaluated the performance of the executive officers based on the Company's financial performance, achievements in implementing the Company's long-term strategy, and the personal observations of the executive officers performance by the Chief Executive Officer. As described above, the Compensation Committee also reviews the salary survey prepared by the Virginia Bankers Association. No particular weight was given to any particular aspects of the performance of the executive officers.

The annual base salaries for the named executive officers for 2006 and the percentage change from 2005 are as follows:

Name	2006 Base	Percent Change
	Salary	from 2005
John R. Milleson	\$ 182,700	5.52%
James W. McCarty, Jr.	\$ 126,000	9.57%
Jeffrey S. Boppe	\$ 142,692	6.49%
Elizabeth M. Pendleton	\$ 115,000	5.50%
John E. Hudson	\$ 89,730	7.46%

Salaries for 2006 increased based upon the financial success of the company and the corresponding guidance that each executive officer gave to his/her line of business. In 2006, Messrs. Boppe, Hudson and McCarty received a higher salary increase due to the assignment of additional areas of responsibility.

Annual Incentive Bonus: Executive officers have the opportunity to earn an annual incentive bonus up to a predetermined percentage of base salary based on achievement of particular performance goals, namely net income and return on equity for 2006. In addition to promoting the achievement of company performance goals, the bonus is designed to align the interests of senior management into a common objective.

The Compensation Committee develops the specific performance objectives and the award formula or matrix by which annual incentive bonuses will be calculated. In 2006, the Compensation Committee, with the assistance of the Chief Executive Officer, assigned a percentage of annual base salary as the incentive bonus for the targeted performance goals. Generally, the Compensation Committee will approve the payment of bonuses if the Company achieves the targeted performance goals. The bonus amounts increase (up to a maximum) when performance exceeds these targeted goals and decrease (down to a minimum) when performance falls below these targeted goals. Although the bonuses are based on targeted performance goals, adjustments to the bonuses may be made at the discretion of the Compensation Committee.

In January 2007, the Compensation Committee approved cash incentive bonuses to executive officers based on the Company's overall financial performance and the achievement of certain financial and operating goals relating to the 2006 fiscal year. The Compensation Committee did not

Edgar Filing: EAGLE FINANCIAL SERVICES INC - Form DEF 14A

exercise any discretion with regard to the bonus amounts for 2006. The minimum financial performance required to qualify for a bonus was net income of \$5,275,000 and return on equity of 13.70%. The maximum bonus required achieving net income of \$6,475,000 and return on equity of 16.80%. In 2006, the Company earned \$5,858,000 in net income and its return on equity was 15.27%.

The 2006 bonus was designed to provide short-term incentive compensation that would be reasonable in relation to the payment of base salaries and overall compensation to the executive officers, reward the executive officers for superior achievement and be competitive as compared to short-term compensation paid by the peer group established by the Compensation Committee.

Based on the foregoing, the incentive bonuses awarded to the named executive officers for 2006 and the percentage change from 2005 was as follows:

Name	2006 Bonus	Percent Change from 2005
John R. Milleson	\$ 36,416	(28.17)%
James W. McCarty, Jr.	\$ 25,036	(25.25)%
Jeffrey S. Boppe	\$ 28,405	(27.57)%
Elizabeth M. Pendleton	\$ 23,265	(27.30)%
John E. Hudson	\$ 17,858	(26.91)%

The bonuses paid to executive officers for 2006 decreased from the previous year due to the overall financial performance of the Company relative to the incentive plan matrix. Each year, the Company's performance must improve, namely net income and return on equity must increase, in order to obtain the same bonus percentage. During 2006, the Company's return on equity decreased although net income increased slightly.

Equity Compensation: The Compensation Committee may provide equity compensation to executive officers through long-term stock awards. Equity compensation has been made to executive officers in the form of restricted stock, which is both time and performance based. The time based shares vest over a three year period whereby the executive receives one-third of the shares on the anniversary of the grant date if that executive is employed on the anniversary date. The performance based shares vest over a three year period whereby the executive may receive up to one-third of the shares on the anniversary of the grant date if the Company achieves a targeted return on equity, provided that the executive is employed on the anniversary date. The goal of the Compensation Committee in granting equity compensation is to directly link an executive's compensation opportunities with shareholder value creation. The multi-year vesting of stock awards focuses executive officers on consistent long-term growth in shareholder value and requires executive officers to remain employed for extended periods to receive the full benefit of the awards. Due to changes in accounting and tax rules related to stock options, the Compensation Committee determined that granting stock options was not in the best financial interest of the Company.

Beginning in 2006, the Company's practice with respect to the timing of stock awards is to make restricted stock grants to executive officers once each year in January. On January 3, 2006, the Compensation Committee awarded restricted stock grants and performance vested shares to the executive officers. The total amount of stock awards was set based on the executive's position and a targeted percentage of base salary. The Compensation Committee determined how these stock awards should be split between time and performance based shares.

Retirement and Other Benefits: The Company provides additional compensation to the named executive officers through various plans which are also available to some or all of the employees. The Compensation Committee oversees these plans and the Compensation Committee considers these plans when reviewing a named executive officer's total annual compensation and when determining the annual and long-term compensation components described above. These plans are described below.

Pension Plan

The Company has a noncontributory pension plan that conforms to the Employee Retirement Income Security Act of 1974, as amended (ERISA). During its October 2006 meeting, the Board of Directors adopted a resolution that the pension plan be amended so that no further benefits will accrue under the plan and no individuals may become participants after December 31, 2006.

Additional information on the plan is set forth under "Pension Benefits" below.

Employee 401(k) Savings and Stock Ownership Plan

The Company sponsors a 401(k) savings plan under which eligible employees, including executive officers, may defer a portion of salary on a pretax basis, subject to certain IRS limits. Prior to January 1, 2007, the Company matched 50 percent of employee contributions, on a maximum of six percent of salary deferred, with Company common stock or cash, as elected by each employee. In conjunction with amending the pension plan, the 401(k) plan was amended, effective January 1, 2007, to include a non-elective safe-harbor employer contribution and an age-weighted employer contribution. Each December 31st, qualifying employees will receive a non-elective safe-harbor contribution equal to three percent of

Edgar Filing: EAGLE FINANCIAL SERVICES INC - Form DEF 14A

their salary for that year. Also, each December 31st, qualifying employees will receive an additional contribution based on their age and years of service. The percentage of salary for the age-weighted contribution increases on both factors, age and years of service, with a minimum of one percent of salary and a maximum of ten percent of salary.

In 2006, all executive officers participated in the 401(k) plan and each received a matching contribution. The Company's contribution to this plan on behalf of each named executive is disclosed in the Summary Compensation Table below.

Employment Agreements. In order to retain and attract executive officers, the Company recognizes the need to enter into employment agreements with provisions for benefits in connection with a termination of employment. The Compensation Committee evaluates the potential payments to executive officers under various arrangements that provide for severance payments, including termination and change of control arrangements, in connection with its annual review of executive compensation.

The Compensation Committee engaged the services of a compensation and benefits consultant for the design and implementation of employment agreements for executive officers. The triggering events and amount of potential payments to executive officers are based on industry standards and are within Internal Revenue Service guidelines.

A description of the terms of our severance plans, the specific circumstances that trigger payment of benefits, an estimate of benefits payable upon the occurrence of those triggering events and other information relating to such plans can be found under the caption Employment Agreements below.

Compensation Committee Report

The Compensation Committee has reviewed the Compensation Discussion and Analysis included in this proxy statement and discussed it with the Company's management. Pension Benefits

The following table contains information as of December 31, 2006 regarding the pension plans in which the named executive officers participate.

Pension Benefits

Name	Plan Name	Credited Service	Present Value of	Payments During
			Accumulated Benefit	Last Fiscal Year
			(\$)	(\$)
John R. Milleson	Pension Plan	23	111,869	
James W. McCarty, Jr.	Pension Plan	15	25,877	
Jeffrey S. Boppe	Pension Plan	12	45,203	
Elizabeth M. Pendleton	Pension Plan	9	133,158	
John E. Hudson	Pension Plan	23	49,529	

The Pension Plan was amended, effective December 31, 2006, so that no further benefits will accrue and no individuals may become participants in the plan. Other than this amendment, the other terms of the plan remained in effect. Benefits are based on an employee's average compensation during his or her employment through December 31, 2006. The plan provides for 20% vesting after three years of service and 20% for each additional year of service, therefore, an employee is 100% vested in the plan after seven years of service. All of the named executive officers are fully vested in the plan. The plan provides full benefits under normal retirement at age sixty-five and partial benefits for early retirement at age fifty-five with ten years of service. The benefits are payable in single or joint/survivor annuities, as well as a lump sum payment option upon retirement or separation of service (subject to limitations as described in the pension plan's adoption agreement).

Employment Agreements

The Company has entered into an employment agreement with each of the named executive officers. The agreements provide for the termination of employment by the Company without cause and termination for good reason (as those terms are defined in the Agreement). Termination under either of these circumstances will entitle the named executive officer to (i) the payment of salary for the remainder of the then current term of the Agreement, (ii) a payment in cash equal to the greater of his highest cash bonus in any of the three fiscal years before the year in which termination occurs and the amount of cash bonus that he was designated to receive under the Company's annual incentive plan and (iii) the continued benefit to him for the remainder of the then current term of the Agreement of all employee benefit plans and programs or arrangements in which he was entitled to participate prior to his termination. A named executive officer will not be entitled to any compensation or other benefits under the agreement if employment is terminated for cause. If a named executive officer is terminated without cause or resigns for good reason within one year following a change of control (as defined in the Agreement), he/she will receive an amount equal to 299% of his/her base salary, annual bonus and equivalent benefits (subject to reduction to the extent that such payment constitutes an excess parachute payment under the Internal Revenue Code of 1986, as amended). The agreement also contains covenants relating to non-competition and non-solicitation, each for a period of 12 months following the last day of employment, and covenants relating to confidentiality and nondisclosure.

John R. Milleson's agreement, effective January 1, 2004, was for an initial two-year term, however, on January 1, 2004 and each day thereafter the agreement automatically renews and is extended by one year. If termination of employment by the Company without cause or by the individual for good reason had occurred at December 31, 2006, Mr. Milleson would have been entitled to a severance payment amounting to approximately \$244,218. If termination of employment for the same reason following a change in control had occurred during the year ended December 31, 2006, Mr. Milleson would have been entitled to a severance payment amounting to approximately \$631,162.

The employment agreements for James W. McCarty, Jr., Elizabeth M. Pendleton and John E. Hudson, effective January 1, 2004, were for an initial term of one year. The initial term of Jeffrey S. Boppe's employment agreement, effective January 18, 2007, expires on December 31, 2007. Following their initial term, these agreements automatically extend by one year on December 31st of each year. If termination of employment by the Company without cause or by the individual for good reason had occurred at December 31, 2006, Mr. McCarty, Mr. Boppe, Mrs. Pendleton and Mr. Hudson would have been entitled to severance payments amounting to approximately \$185,161, \$200,949, \$163,947 and \$126,822, respectively. If termination of employment for the same reason following a change in control had occurred during the year ended December 31, 2006, Mr. McCarty, Mr. Boppe, Mrs. Pendleton and Mr. Hudson would have been entitled to severance payments amounting to approximately \$390,350, \$451,637, \$403,121 and \$271,546, respectively.

The Company has not entered into any other agreement or arrangement that provides for the payment of severance or similar benefits to any of the named executive officers in connection with a termination of employment for any other reason.

RELATIONSHIP WITH INDEPENDENT PUBLIC ACCOUNTANTS

The firm of Smith Elliott Kearns & Company, LLC has served as the Company's independent registered public accounting firm since 2005. The Board of Directors has selected this firm to serve as the Company's independent registered public accounting firm during 2007. Neither this firm nor any of its employees has any direct or indirect financial interest in the Company. Representatives of the firm of Smith Elliott Kearns & Company, LLC are expected to be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions from the shareholders.

On March 16, 2005, the Company notified Yount, Hyde & Barbour, P.C. that it would be dismissed as the Company's independent registered public accounting firm. The firm of Yount, Hyde & Barbour, P.C. served as the Company's independent registered public accounting firm during 2004. The Sarbanes-Oxley Act of 2002 caused the Board of Directors to evaluate whether to continue the Company's relationship with this firm during 2005. Under this Act, Yount, Hyde & Barbour, P.C. was prohibited from performing certain services for the Company. In evaluating this relationship, the Board of Directors and its Audit Committee determined that the Company wanted to rely more heavily on Yount, Hyde & Barbour, P.C. to perform services that would be prohibited if this firm continued to serve as the independent registered public accounting firm and, therefore, a different independent accountant was selected for 2005. Neither this firm nor any of its employees has any direct or indirect financial interest in the Company.

The firm of Smith, Elliott, Kearns & Company, LLC was selected by the Board of Directors and its Audit Committee to serve as the independent registered public accounting firm for the Company for the fiscal year 2005. Prior to being selected as the Company's independent registered public accounting firm, this firm performed the internal audit function for the Bank during 2003 and 2004.

The decision to change accountants, including the dismissal of Yount, Hyde & Barbour, P.C. and the appointment of Smith Elliott Kearns & Company, LLC, was made by the Board of Directors and its Audit Committee on March 16, 2005. The report of Yount, Hyde & Barbour, P.C. on the Company's financial statements for each of the two fiscal years ended December 31, 2004 did not contain an adverse opinion or a disclaimer of opinion, and was not qualified or modified as to uncertainty, audit scope or accounting principles. Furthermore, during the Company's two fiscal years ended December 31, 2004 and during the subsequent period preceding March 16, 2005, there were no disagreements with Yount, Hyde & Barbour, P.C. on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Yount, Hyde & Barbour, P.C., would have caused Yount, Hyde & Barbour, P.C. to make reference to the subject matter of the disagreements in connection with its report.

In addition, during the Company's two fiscal years ended December 31, 2004 and during the subsequent period preceding March 16, 2005, the Company did not consult with Smith Elliott Kearns & Company, LLC regarding the application of accounting principles to a specified transaction or the type of audit opinion that might be rendered on the Company's financial statements or any other matters or events that are required to be disclosed by applicable securities laws.
