During the year ended December 31, 2007, the Nominating and Corporate Governance Committee met four times, the full Board met five times, the Compensation Committee met four times, and the Audit Committee met five times. All incumbent directors attended at least 75% of the aggregate number of the meetings of the Board and of each of the committees of the Board. Each committee's charter is available through the Corporate Governance link on the Company's website at www.bitstream.com, or by sending your request in writing to the Corporate Secretary, Bitstream Inc., 245 First Street, 17th Floor, Cambridge, MA 02142-1200. Each committee conducts an annual assessment to determine whether it has sufficient information, resources and time to fulfill its obligations and whether it is performing its obligations. Under the Board's Corporate Governance Guidelines, each committee may retain experts to assist it in carrying out its responsibilities. The Board of Directors has determined that each of the members of the Audit Committee, Compensation Committee, and the Nominating and Corporate Governance Committee are independent as required by applicable laws and regulations, and the National Association of Securities Dealers listing standards.

The Board and executive management believe that good corporate governance is important to ensure that we are managed for the long-term benefit of our stockholders. The Board and executive management team have been reviewing and will continue to review our corporate governance policies and practices for compliance with applicable regulations and will continue to compare those policies and practices to those suggested by various authorities in corporate governance and the practices of other public companies.

The Audit Committee reviews our accounting practices, internal accounting controls and financial results and oversees the engagement of our independent registered public accountants. This committee also oversees management's performance of its responsibility for the integrity of our accounting and financial reporting and our systems of internal controls, the performance and qualifications of the independent accountants (including the independent accountant's independence), and our compliance with legal and regulatory requirements. This committee establishes procedures, as required under applicable law, for the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls and the confidential and anonymous submission by employees and others regarding questionable or possibly fraudulent actions or activities. The Board of Directors, based on the recommendation of the Audit Committee, has designated David Lubrano as the audit committee financial expert. During 2007, the members of this committee were David Lubrano, serving as Chairperson, George Beitzel and Amos Kaminski.

The Compensation Committee establishes salaries, incentives and other forms of compensation for our directors, officers and other employees. The Compensation Committee also administers our benefit plans and administers the issuance of stock options and other awards under our Stock Plans to all our employees and directors, including the members of such committee. The committee also reviews, and recommends to the full Board, the compensation and benefits for non-employee Directors. During 2007, the members of this committee were George Beitzel, serving as Chairperson, Amos Kaminski, and David Lubrano.

Table of Contents

The Nominating and Corporate Governance Committee provides oversight and guidance to the Board of Directors to ensure that the membership, structure, policies, and practices of the Board and its committees facilitate the effective exercise of the Board's role in the governance of the Company. The committee reviews and evaluates the policies and practices with respect to the size, composition, independence and functioning of the Board and its committees and reflects those policies and practices in corporate governance guidelines, and evaluates the qualifications of, and recommends to the full Board, candidates for election as Directors. During 2007, the members of this committee were Amos Kaminski, serving as Chairperson, George Beitzel, and David Lubrano.

Independence of Directors

Our Board has determined that the majority of the Board is comprised of independent directors within the meaning of applicable NASDAQ listing standards applicable to Board composition and Section 301 of the Sarbanes-Oxley Act of 2002. Our independent directors are: Mr. Beitzel, Mr. Kaminski, and Mr. Lubrano. There are no family relationships among any of the executive officers or directors of the Company.

Bitstream Inc.

Nomination of Candidates for Director

When evaluating potential candidates for directors, the Nominating and Corporate Governance Committee (the Nominating Committee) considers individuals recommended by members of the Nominating Committee, other Directors, members of management, and shareholders or self-nominated individuals. This Nominating Committee is advised of all nominations that are submitted to us and determines whether it will further consider the candidates using the criteria described below.

Edgar Filing: BITSTREAM INC - Form DEF 14A

In order to be considered, each proposed candidate must:

Be ethical;

Have proven judgment and competence;

Have professional skills and experience that are complementary to the background and experience represented on the Board and that meet our needs;

Have demonstrated the ability to act independently and be willing to represent the interests of all shareholders and not just those of a particular philosophy or constituency; and

Be willing and able to devote sufficient time to fulfill his/her responsibilities to Bitstream and its shareholders.

After the Nominating Committee has completed its evaluation, it presents its recommendation to the full Board for its consideration and approval. In presenting its recommendation, the Nominating Committee also reports on other candidates who were considered but not selected.

Table of Contents

We will report any material change to this procedure in a quarterly or annual filing with the Securities and Exchange Commission and any new procedure will be available through the Corporate Governance link on our website at www.bitstream.com.

Our Bylaws require that a shareholder who wishes to nominate an individual for election as a Director at our Annual Meeting of Shareholders must give us advance written notice no later than 120 days prior to the anniversary date of the Proxy mailing date, or December 22, 2008, in connection with next year's Annual Meeting and provide specified information. COMPENSATION DISCUSSION AND ANALYSIS

Compensation Philosophy

Bitstream's executive compensation program is intended to attract and retain highly-qualified senior managers by providing compensation opportunities that reflect our business results and the individual executive's performance. During the year ended December 31, 2007, we used salary, bonus, stock options and restricted stock awards, to meet these goals. We believe that these compensation opportunities will motivate management's efforts by ensuring that the rewards received by our executives are consistent with the achievement of our business objectives and with the value added by management to the stockholders' interests. Our compensation program provides for base salaries that reflect such factors as level of responsibility, internal fairness and external competitiveness.

We also believe that a substantial portion of each of our executive's compensation should be in the form of an incentive bonus. Receipt of this bonus is contingent upon our achievement of target levels of sales and earnings, strategic acquisitions and other initiatives, introduction of innovative products and services, and the achievement of and progress toward other significant annual financial and operational objectives as determined by the Compensation Committee. In general, the cash compensation of our executive officers approximates the average of compensation paid to executives of appropriate comparable companies who occupy positions of similar responsibilities. Our compensation program also provides long-term incentive opportunities in the form of stock options, restricted stock and other forms of equity compensation that strengthen the mutuality of economic interest between management and our stockholders and encourage management continuity. During the year ended December 31, 2007, we made restricted stock awards that vest over a five-year period and we awarded stock options to purchase shares under our 2006 Incentive Compensation Plan to our executive officers that vest over a four-year period.

The following is a discussion of each element of our executive compensation program, including a description of the decisions and actions taken by the Compensation Committee with respect to the 2007 compensation for the Chief Executive Officer (the CEO) and all executive officers as a group.

Management Compensation Program

Overview

Compensation of our executive officers in the year ended December 31, 2007 (as reflected in the tables that follow with respect to the Named Executive Officers) consisted of the following elements: base salary, the opportunity for an annual incentive bonus, and stock option grants and restricted stock awards under our 2006 Incentive Compensation Plan. Total annual cash compensation for each executive officer varies each year based on our achievement of our annual objectives and the individual's performance.

Base Salary

Edgar Filing: BITSTREAM INC - Form DEF 14A

With respect to determining the base salary of each of the executive officers, the Compensation Committee takes into consideration a variety of factors, including the executive's level of responsibility and individual performance, the salaries of similar positions in comparable companies and our financial and operational performance in relation to our objectives and our competitive standing. We review the results of various industry salary surveys to ensure our understanding of competitive compensation levels and practices in the marketplace. From time to time, we utilize the services of GK Partners, a recognized, independent external consulting firm to determine marketplace compensation values and practices, and to assess the reasonableness of our overall compensation program.

Annual Incentive Compensation

Our compensation philosophy includes granting annual cash bonuses reflecting the Company's performance and individual executive performance. We maintain discretion to vary overall cash compensation for a given year by varying the size of the cash bonus based on corporate performance and individual performance. These cash bonuses reflect a material part of the overall compensation, with target payments ranging from 50%-100% of salary, depending upon executive position and overall company performance, and subject to the Compensation Committee's discretion to award bonuses greater or lower than the target if they deem it appropriate. Because we believe that senior executives can have the greatest impact on the Company's overall success, we typically set bonus targets as a higher percentage of base salaries for our most highly paid executives.

Our annual incentive bonus to our executive officers (including the Named Executive Officers) is based on the achievement of objective, financial and operational performance targets and the discretion of the Compensation Committee. These targets may include sales volume, net operating income, accomplishment of certain strategic business initiatives and other performance objectives as may be determined annually. In determining individual incentive bonus awards, the accountability of executive officers and their individual contributions towards the attainment of these objectives are considered. In determining awards for the most recent performance year, we placed considerable emphasis on sales growth, achievement of earnings objectives, new product development, and management of corporate expenses and cash and cash equivalents on hand. The calculation of our financial and operational performance with respect to the determination of these incentive bonus awards, if any, is made as soon as is practicable after the completion of our fiscal year.

Long-Term Incentive Awards

In addition to cash compensation, the Compensation Committee and the Board believe that providing executive officers with stock ownership opportunities aligns the interests of the executives with other stockholders and encourages the executives' long-term retention. The long-term incentive element of our management compensation program has historically been in the form of stock option grants. In 2007, restricted stock awards were made for the first time. The 2006 Incentive Compensation Plan, which was adopted on April 14, 2006 and approved by the stockholders on June 1, 2006, authorizes a committee of two or more directors designated by the Board, currently the Compensation Committee, to grant Options, Restricted Stock, Stock granted as a bonus or in lieu of another award, Other Stock-Based Awards, Performance Awards or Annual Incentive Awards for up to 2,000,000 shares of Class A Common Stock. Awards are typically granted annually, although supplemental awards are granted occasionally. All options granted in fiscal 2007 were subject to a four-year vesting provision and all restricted stock awards in fiscal 2007 were subject to a five-year vesting provision. We make stock awards based upon each executive's relative position, responsibilities and performance over the previous year and the executive officer's anticipated future performance, potential and responsibilities. We also review prior stock awards to each executive, including the number of shares that continue to be subject to vesting under their respective outstanding awards, in setting the size of new awards to be granted to the executive officers. In addition, we use data compiled by our independent compensation consultant on stock options granted by comparable companies based on industry and revenue. On May 24, 2007, the Board awarded Incentive Stock Options (ISOs) to purchase 20,000 Class A Common Stock to each of Anna Chagnon, John Collins, James Dore, Sampo Kaasila, and Costas Kitsos. Such options have an exercise price equal to the fair market value of the Class A Common Stock of the Company on the date of grant as reported on NASDAQ, are exercisable for ten years and vest in one-fourth increments on each of the first, second, third and fourth anniversaries of the date of the grant. In addition, on May 24, 2007, the Board made restricted stock awards of 5,000 shares of Class A Common Stock of the Company to each of John Collins, James Dore, Sampo Kaasila, and Costas Kitsos and 10,000 shares to Anna Chagnon. Such stock awards vest in one-fifth increments on each of the first, second, third, fourth, and fifth anniversary of the date of the grant.

The Incentive Compensation Plan is intended to create opportunities for executive officers and other key employees of the Company to acquire a proprietary interest in the Company and to align their interests with those

of the Company's stockholders. In addition, the vesting provisions of such awards (which limit the exercisability of such options for certain periods of time) encourage the continued service and stability of the management team.

Individual Performance

Anna M. Chagnon has served as our Chief Executive Officer since October 2003. Effective May 24, 2007 Ms. Chagnon's salary was increased from \$250,000 to \$275,000. For 2007, Ms. Chagnon target bonus was 50% of salary. The Compensation Committee, without Ms. Chagnon's participation, evaluates Ms. Chagnon's performance (and determines her bonus) by reviewing the Company's overall revenue growth and operating profit, the performance of Ms. Chagnon's management team, and the Company's success in achieving the goals contained in the Company's budget for the year. This year, the Compensation Committee determined that Ms. Chagnon met those goals by, among other things, guiding the Company to better-than-budgeted financial results, and helping to consummate several key new business relationships. Accordingly, the Committee awarded Ms. Chagnon a bonus of \$200,000 (approximately 145% of her target). Ms. Chagnon is eligible to participate in the same executive compensation programs in which our other executive-level employees participate. Her total annual compensation for 2007 (including compensation derived from salary and annual incentive bonus) was determined by the Compensation Committee in consideration of the same performance criteria used to establish pay levels for all other executive-level employees. The Compensation Committee has determined that Ms. Chagnon's salary is below the median salary of Chief Executive Officers in a selected group of comparable companies. On May 24, 2007, Ms. Chagnon was granted a stock option under our 2006 Incentive Compensation Plan for 20,000 shares of our common stock at a price per share of \$8.81 and awarded restricted stock of 10,000 shares of our common stock as part of the annual grant process described above. The stock options vest over four years at a rate of 25% on the first, second, third and fourth anniversary of the grant and the restricted stock vests over five years at a rate of 20% on the first, second, third, fourth, and fifth anniversary of the grant.

Ms. Chagnon manages our named executive officers (NEOs), other than herself. Ms. Chagnon reviews the NEO's performance against operating and strategic goals set for that executive during the previous year; she then further assesses each NEO's individual performance by measuring the NEO's contribution to the Company's consolidated results and the Company's success in achieving the goals contained in the Company's budget for the year. Based on this assessment, Ms. Chagnon then recommends to the Compensation Committee what percentage of the target relative pool available to the NEOs each of the NEOs should receive. The Compensation Committee either accepts Ms. Chagnon's recommended bonus for each NEO, or suggests other factors or outcomes. After these deliberations, the Compensation Committee approves a bonus for each such executive. For 2007, Ms. Chagnon set the target bonus for the other NEOs at approximately 50% of their respective annual salary or \$82,500 each. Based upon the Company's better-than-budgeted financial results and her evaluation that each of the NEOs had met their goals and exceeded expectations in contributing to a very strong year for the Company, Ms. Chagnon recommended and the Compensation committee awarded bonuses of \$100,000 (approximately 121% of their targets).
