Item 8.01. Other Events.

On August 21, 2008, BioMarin Pharmaceutical Inc. (the Company) announced the roll-out of the national PKU patient registry, PKUDOS. The Company's press release issued on August 21, 2008 is attached hereto as Exhibit 99.1. On a conference call to be held on Thursday, August 21, 2008 at 4:30 p.m. ET, related to the press release, the Company will discuss details of the national PKU registry roll-out and provide a Company update.

Included with the matters to be discussed on the Company update, a total of approximately 1,300 patients have been referred to the Company's patient support services, BPPS, through July of this year, averaging approximately 8 referrals per working day over the first 7 months of the year. During July and early August, the referral rate has dropped to approximately 4 per working day. As a result, the Company expects that the Kuvan net product sales in the third quarter of 2008 will only be modestly higher than the Kuvan net product sales in the second quarter of 2008. However, the Company will reconfirm its previous guidance for the full year net sales of Kuvan of between \$45 to \$65 million, and that it still believes that the long term peak sales potential for Kuvan is \$300 to \$400 million.

The foregoing includes forward-looking statements about the business prospects of the Company, including, without limitation, statements about: the continued development and commercialization of Kuvan, revenue expectations for Kuvan and the long term market potential for Kuvan. These forward-looking statements are predictions and involve risks and uncertainties such that actual results may differ materially from these statements. These risks and uncertainties include, among others: the Company's success in the continued commercialization of Kuvan; patient and physician perception and adoption of Kuvan; the percentage of PKU patients that are responsive to Kuvan; and those factors detailed in the Company's filings with the Securities and Exchange Commission, including, without limitation, the factors contained under the caption "Risk Factors" in the Company's 2007 Annual Report on Form 10-K and the factors contained in the Company's reports on Form 10-Q. Stockholders are urged not to place undue reliance on forward-looking statements, which speak only as of the date hereof. The Company is under no obligation, and expressly disclaims any obligation to update or alter any forward-looking statement, whether as a result of new information, future events or otherwise.
