REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of

Kilroy Realty Corporation

Los Angeles, California

We have audited the accompanying statement of revenues and certain expenses of 303 Second Street located in San Francisco, California (the Property) for the year ended December 31, 2009. This statement of revenues and certain expenses is the responsibility of the Property s management. Our responsibility is to express an opinion on the statement of revenues and certain expenses based on our audit.

We conducted our audit in accordance with generally accepted auditing standards as established by the Auditing Standards Board (United States) and in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of revenues and certain expenses is free of material misstatement. The Property is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Property s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of revenues and certain expenses, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the statement of revenues and certain expenses. We believe that our audit provides a reasonable basis for our opinion.

The accompanying statement of revenues and certain expenses was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission, as described in Note 1 to the statement of revenues and certain expenses and is not intended to be a complete presentation of the Property s revenues and expenses.

In our opinion, the statement of revenues and certain expenses referred to above presents fairly, in all material respects, the revenues and certain expenses as described in Note 1 to the statement of revenues and certain expenses of the Property for the year ended December 31, 2009, in conformity with accounting principles generally accepted in the United States of America.

NOTES TO THE STATEMENTS OF REVENUES AND CERTAIN EXPENSES

For Three Months Ended March 31, 2010 (unaudited)

and the Year Ended December 31, 2009

1. Basis of Presentation

In May 2010, Kilroy Realty, L.P., the operating partnership of Kilroy Realty Corporation (collectively referred to herein as the Company), acquired an office building and parking structure located at 303 Second Street in San Francisco, California (the Property) from an unaffiliated third party for a purchase price of approximately \$233.3 million.

The statements of revenues and certain expenses (the Historical Summaries) have been prepared for the purpose of complying with the provision of Article 3-14 of Regulation S-X promulgated by the Securities and Exchange Commission (the SEC), which requires certain information with respect to real estate operations to be included in certain filings with the SEC. The Historical Summary for the year ended December 31, 2009 is audited and includes the historical revenues and certain operating expenses of the Property, exclusive of items which may not be comparable to the proposed future operations of the Property. Material amounts that would not be directly attributable to future operating results of the Property are excluded, and the Historical Summaries are not intended to be a complete presentation of the Property's revenues and expenses. Items excluded consist of depreciation and amortization expense, interest expense, and corporate general and administrative expenses. In the opinion of management, the accompanying interim statement of revenues and certain expenses reflects all adjustments of a normal and recurring nature that are considered necessary for a fair presentation of the results for the interim period presented. Actual results could differ materially from the estimates in the near term, and the operating results for the interim period are not indicative of results for the year ending December 31, 2010.

2. Significant Accounting Policies

Revenue Recognition

Minimum annual rental revenues are recognized in rental revenues on a straight-line basis over the term of the related lease. Receivables are periodically evaluated for collectability. Tenant reimbursements, which consist of amounts due from tenants for common area maintenance, real estate taxes, and other recoverable costs, are recognized as revenue on a gross basis in the period the expenses are incurred.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of revenues and expenses during the reported periods. Actual results could differ from those estimates.

Repairs and Maintenance

Expenditures for repairs and maintenance are expensed as incurred.

4. Commitments Contingencies*Litigation*

The Company may be subject to legal claims related to the Property in the ordinary course of business. Management believes that the ultimate settlement of any existing potential claims will not have a material impact on the Property's revenues and certain expenses.

Environmental Matters

In connection with the ownership and operation of the Property, the Company may be potentially liable for costs and damages related to environmental matters. The Company has not been notified by any governmental authority of any non-compliance, liability or other claim related to the Property, and the Company is not aware of any other environmental condition that it believes will have a material adverse effect on the Property's revenues and certain expenses.
