Item 1.01 Entry Into a Material Definitive Agreement.

On November 4, 2010, DCP Midstream Partners, LP (the Partnership) entered into a transaction (the Transaction) with DCP Midstream, LLC (Midstream), which is scheduled to close in January 2011. In the transaction the Partnership will acquire a 33.33% interest in the Southeast Texas Midstream Business for \$150 million (the Joint Venture). The Joint Venture is a fully integrated midstream business which includes: 675 miles of natural gas pipelines; three natural gas processing plants totaling 350 MMcf/d of processing capacity; natural gas storage assets with 9 Bcf of existing storage capacity; and NGL market deliveries direct to Exxon Mobil and to Mont Belvieu via the Partnership's Black Lake NGL pipeline.

As part of the closing of the Transaction, the assets, liabilities and operations of the Joint Venture, except for any financial derivative instruments and certain working capital and other liabilities, will reside in a new legal entity, DCP Southeast Texas Holdings, GP. The Partnership will own a 33.33% interest and Midstream will own, through two legal entities, a 66.67% interest in DCP Southeast Texas Holdings, GP. The Joint Venture does not currently and is not expected to have any employees. Midstream and its affiliates' employees are responsible for conducting the Joint Venture's business and operating its assets.

The Joint Venture will be managed by a three-member management committee, consisting of one representative from each owner. The members of the management committee have voting power corresponding to their respective ownership interests in the Joint Venture. Most significant actions relating to the Joint Venture require the unanimous approval of the owners. The Joint Venture must make quarterly distributions of available cash (generally, cash from operations less required and discretionary reserves) to its owners. The management committee, by majority approval, will determine the amount of the distributions. Calls for capital contributions are determined by a vote of the management committee and require unanimous approval of the owners except in certain situations, such as the breach or default of a material agreement or payment obligation, that are reasonably likely to have a material adverse effect on the business, operations or financial condition of the Joint Venture.

Distributions to the Partnership will generally approximate the Partnership's share of earnings from unconsolidated affiliates of the Joint Venture plus depreciation and amortization expense and other non-cash charges of the Joint Venture. The terms of the joint venture agreement provide that distributions to us from the Joint Venture for the first seven years related to storage and transportation gross margin will be pursuant to a fee-based agreement, based on storage capacity and tailgate volumes. Distributions related to the gathering and processing business, along with reductions for all expenditures, will be pursuant to our and Midstream's respective ownership interests.

Midstream currently directly or indirectly owns 100% of DCP Midstream GP, LLC, the general partner of the Partnership's general partner (the General Partner). Accordingly, the conflicts committee of the General Partner's Board of Directors recommended approval of the Transaction. The conflicts committee, a committee of independent members of the General Partner's Board of Directors, retained independent legal and financial advisors to assist it in evaluating and negotiating the Transaction.

The Transaction shall be consummated pursuant to a Purchase and Sale Agreement and a Contribution Agreement, each of which were dated as of November 4, 2010. A copy of the Purchase and Sale Agreement and the Contribution Agreement are attached hereto as Exhibits 2.1 and 2.2, respectively, and are incorporated by reference herein. The foregoing description of the terms of the Transaction is qualified in its entirety by reference to these exhibits. The Transaction is subject to customary closing conditions and there is no assurance that it will be completed or that anticipated benefits of the Transaction will be realized.
