PROXY STATEMENT

This proxy statement is furnished to you by the Board of Directors of QuinStreet, Inc. (the Board or Board of Directors) and contains information related to the 2012 annual meeting of our stockholders to be held on Friday, October 26, 2012, beginning at 3:00 p.m., local time, at the Crowne Plaza Hotel, 1221 Chess Drive, Foster City, CA 94404, and at any postponements or adjournments thereof. The enclosed form of proxy is solicited by our Board. This proxy statement is first being mailed to our stockholders of record on or about September 20, 2012.

References in this proxy statement to we, us, our, the Company and QuinStreet refer to QuinStreet, Inc.

ABOUT THE MEETING

Purpose of the 2012 annual meeting of stockholders

The purpose of the 2012 annual meeting of stockholders is:

- (1) To elect two Board nominees to serve as Class III directors for a three-year term expiring on the date of the 2015 annual meeting of stockholders or until their respective successors have been duly elected and qualified;
- (2) To ratify the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the current year;
- (3) To approve by non-binding advisory vote the fiscal year 2012 compensation awarded to our named executive officers; and
- (4) To transact any other business that properly comes before the meeting.

Quorum

A quorum is the minimum number of shares required to hold and transact business at a meeting. The presence in person or by proxy of the holders of a majority of the outstanding shares of common stock will constitute a quorum for the transaction of business at the meeting. Votes cast by proxy or in person at the meeting will be counted by the persons appointed by the Company to act as election inspectors for the meeting. The election inspectors will treat shares represented by proxies that reflect abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum.

The election inspectors will treat shares referred to as broker nonvotes (i.e., shares held by brokers or nominees over which the broker or nominee lacks discretionary power to vote and for which the broker or nominee has not received specific voting instructions from the beneficial owner) as shares that are present and entitled to vote for purposes of determining the presence of a quorum.

Who May Vote

Holders of record of our common stock at the close of business on September 12, 2012 (Record Date) may vote at the annual meeting of stockholders. As of the Record Date, the Company had 42,762,445 issued and outstanding shares of common stock. Each share of QuinStreet common stock that you own entitles you to one vote.

How to Vote

You may vote in person at the meeting or by proxy. We recommend that you vote by proxy even if you plan to attend the meeting. You can always change your vote at the meeting.

If you are a registered stockholder (meaning your name is included on the stockholder file maintained by our transfer agent, BNY Mellon Shareowner Services), you can vote by proxy in any of the following ways:

By Internet. You may submit your proxy by following the Internet instructions on the proxy card. The deadline for voting electronically is 11:59 p.m. (Eastern Time) on October 25, 2012.

By Telephone. You may submit your proxy by following the Telephone instructions on the proxy card. The deadline for voting by telephone is 11:59 p.m. (Eastern Time) on October 25, 2012.

In Writing. You may do this by completing and signing your proxy card, or for shares held in street name, the voting instruction card included by your broker, bank or other nominee, and mailing it in the accompanying enclosed, pre-addressed envelope. If you provide specific voting instructions, your shares will be voted as you instruct. If you sign, but do not provide instructions, we will vote your shares as recommended by the Board of Directors. If you return your signed proxy card to us before the annual meeting of stockholders, we will vote your shares as you direct.

If your shares are held in the name of a bank, broker or other nominee, you will receive instructions from such nominee that you must follow in order for your shares to be voted.

How Proxies Work

Our Board of Directors is asking for your proxy. Giving us your proxy means you authorize us to vote your shares at the meeting in the manner you direct. You may abstain from voting from any of the proposals. With respect to the nominees proposed to be elected to the Board at the meeting, you may vote for all, some or none of them. However, if you sign your proxy card but do not provide instructions, we will vote your shares as recommended by the Board of Directors.

Proposals You Are Asked To Vote On and the Board's Voting Recommendation

If you properly fill in your proxy card and send it to us in time to vote, or vote by Internet or telephone, one of the individuals named on your proxy card will vote your shares as your proxy and as you have directed. If you sign the proxy card but do not make specific choices, your proxy will follow the Board's recommendations and vote your shares:

FOR the election of two Board nominees to serve as Class III directors for a three-year term expiring on the date of the 2015 annual meeting of stockholders or until their respective successors have been duly elected and qualified (see Proposal 1 Election of Class III Directors);

FOR ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the current year (see Proposal 2 Ratification of the Selection of PricewaterhouseCoopers LLP as Our Independent Registered Public Accounting Firm); and

FOR the approval of fiscal year 2012 compensation awarded to our named executive officers (see Proposal 3 Approval of Fiscal year 2012 Compensation Awarded to Named Executive Officers).

If any other matter is properly presented at the meeting, your proxy will vote in accordance with the best judgment of the individual voting your shares as your proxy. At the time this proxy statement went to press, we knew of no other matters to be acted on at the meeting.

Table of Contents

Vote Necessary to Approve Proposals

Directors are elected by a plurality, and the nominees who receive the most votes will be elected. The two Class III director nominees with the most votes will be elected as Class III directors to serve terms ending at our 2015 annual meeting of stockholders. Abstentions and broker nonvotes will not be taken into account in determining the outcome of the election. We did not receive any nominations from any stockholders.

Approval of the ratification of the selection of our independent registered public accounting firm and approval by non-binding advisory vote of the fiscal year 2012 compensation of our named executive officers each requires the affirmative vote of the majority of the shares of common stock present or represented by proxy with respect to such proposal. For these proposals, abstentions are treated as shares present or represented and voting, so abstaining has the same effect as a negative vote.

If you hold your shares through a broker and do not provide your broker with specific voting instructions, under the rules that govern brokers in such circumstances, your broker will have the discretion to vote such shares on routine matters but not on non-routine matters. Even though we are a NASDAQ-listed company, the New York Stock Exchange (NYSE) rules govern how a broker licensed by the NYSE can vote shares it holds on behalf of stockholders of NASDAQ-listed companies. As a result:

Your broker will not have the authority to exercise discretion to vote your shares with respect to the election of directors and the advisory vote on executive compensation because NYSE rules treat those matters as non-routine.

Your broker will have the authority to exercise discretion to vote your shares with respect to the ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the current fiscal year, because that matter is treated as routine under NYSE rules.

Because the proposals to be acted upon at the annual meeting of stockholders include both routine and non-routine matters, if you do not give voting instructions to your broker, trustee or nominee, your broker, trustee or nominee may either (1) vote your shares on routine matters or (2) leave your shares unvoted.

Revoking Your Proxy

You may revoke your proxy by: (1) sending in another signed proxy card with a later date; (2) providing subsequent Internet or telephone voting instructions; (3) notifying our Corporate Secretary in writing before the meeting that you have revoked your proxy; or (4) voting in person at the meeting.

Proxy Solicitation Costs

The Company will bear the costs of soliciting proxies.

PROPOSAL 1:

ELECTION OF CLASS III DIRECTORS

Recommendation of the Board of Directors

*The Board of Directors recommends that you vote **FOR** the election of each of the nominees for election as Class III directors described below, which proposal is designated as Proposal 1 on the enclosed proxy card.*

Our Certificate of Incorporation currently provides for a classified Board of Directors. Our Board has nominated William Bradley and Douglas Valenti for election as Class III directors at the 2012 annual meeting of stockholders. We did not receive any nominations from stockholders. Glenn Solomon's term as a Class III director will terminate as of the conclusion of the 2012 annual meeting of stockholders and Mr. Solomon is not standing for re-election. As a result, there will be one (1) vacancy on the Board of Directors. Each person elected as a Class III director at the annual meeting of stockholders will serve a three-year term expiring on the date of the 2015 annual meeting of stockholders or until their respective successors have been duly elected and qualified.

Unless authority to vote for any of these two nominees is withheld, the shares represented by your properly returned proxy will be voted **FOR** the election of William Bradley and Douglas Valenti as Class III directors. In the event that either William Bradley or Douglas Valenti becomes unable or unwilling to serve, the shares represented by your properly returned proxy will be voted for the election of such other person as the Board may recommend in his or her place. We have no reason to believe that any nominee will be unable or unwilling to serve as a director.

Directors are elected by a plurality, and the two nominees who receive the most votes will be elected. Abstentions and broker nonvotes will not be taken into account in determining the outcome of the election.

BOARD OF DIRECTORS

The Board of Directors held four meetings and took action by written consent two times during fiscal year 2012. All directors attended more than 75% of the total number of meetings of the Board and the committees on which they served in fiscal year 2012. The Board and its committees regularly hold executive sessions of non-management directors without management present. As a matter of policy, directors are encouraged, but not required, to attend our Annual Meeting of Stockholders. One director attended our 2011 Annual Meeting of Stockholders.

Compensation of Board of Directors

In January 2010, our Compensation Committee adopted a compensation policy that is applicable to all of our non-employee directors. This policy was amended by the Compensation Committee in April 2012. The compensation policy, as amended, provides that each such non-employee director will receive the following compensation for Board services:

\$34,000 per year for service as a Board member;

\$15,000 per year for service as a chairperson of the Audit Committee, Compensation Committee or Nominating and Corporate Governance Committee;

\$2,000 for each in-person Board meeting and \$1,000 for each telephonic Board meeting;

\$2,000 for each in-person, and \$1,500 for each telephonic, Audit Committee and Compensation Committee meeting; and

\$1,500 for each in-person, and \$1,000 for each telephonic, Nominating & Corporate Governance Committee meeting.

In addition, our non-employee director compensation plan provides that non-employee directors will be granted an option to purchase 20,000 shares of our common stock under the Non-Employee Directors Stock Award Plan in connection with their initial election or appointment to our Board of Directors. These initial grants vest monthly over a period of four years. The plan also provides that on the date of each annual meeting of stockholders each non-employee directors will receive an annual grant of an option to purchase 25,000 shares of our common stock. The annual option grants to non-employee directors vest monthly over a period of one year.

We reimburse our non-employee directors for their travel, lodging and other reasonable expenses incurred in attending our Board and Committee meetings.

Beginning with fiscal year 2013, our non-employee directors have been given the choice to elect to receive stock options in lieu of the cash fees that would otherwise be payable to them for their service on our Board of Directors and its Committees. Under this program, non-employee directors must make an irrevocable election prior to the start of the fiscal year to receive options in lieu of all cash they would otherwise earn during the year. The options will be granted after the end of each quarter, and will have an aggregate grant date fair value, computed in accordance with FASB ASC Topic 718, equal to the value of the cash that would otherwise have been payable for the quarter. Messrs. Bradley and Sands have elected to receive options in lieu of cash in fiscal year 2013.

Instead, as required by SEC rules, these amounts represent the aggregate grant date fair value for grants made in fiscal year 2012, computed in accordance with FASB ASC Topic 718 (Compensation Stock Compensation). The calculations of these values are determined by accounting requirements and may include vested as well as unvested awards, so they do not necessarily correspond to the actual value that may be realized by the directors with respect to the awards. The assumptions used in the valuation of these awards are set forth in the notes to our consolidated financial statements, which are included in our Annual Report on Form 10-K for the year ended June 30, 2012, filed with the SEC on August 22, 2012. See the following table for more information about the equity compensation of our non-employee directors.

Compensation Advisors. Since November 2009, QuinStreet has engaged Compensia, Inc. (Compensia), an executive compensation consulting firm, as the Company's executive compensation advisor. No member of the Compensation Committee or of management has any affiliation with Compensia. Although Compensia is retained by the Company, and not directly by the Compensation Committee, the Compensation Committee has unfettered access to Compensia without the participation of management and periodically seeks input from Compensia on a range of external market factors, including evolving executive compensation trends, general observations on the Company's executive compensation programs and market data on a peer group of companies in the Internet marketing and media sector and other high-growth companies. The Compensation Committee also considers input from Compensia on Board compensation matters for non-executive Board members. Other than as described above, Compensia provides no other services to the Company.

Management Input to the Compensation Committee. The Compensation Committee frequently requests management to assist in accomplishing its work, including requests for specific analyses to assist with decision making. The QuinStreet Employee Benefits and Compliance, Finance, and Legal departments, as well as our Chief Executive Officer, work with the Compensation Committee Chair to help set meeting agendas, to provide

data analysis, and to coordinate the distribution of materials to the Committee in advance of its meetings. Generally, our Chief Executive Officer and General Counsel attend Committee meetings. In addition, the Compensation Committee meets in executive session with no members of management present, but with Compensia or others present at the Committee's discretion.

Compensation Committee Meetings. For more information on the process for determining executive compensation, see the Compensation Discussion and Analysis in this proxy statement.

Compensation Committee Interlocks and Insider Participation. None of the members of our Compensation Committee had any interlock relationships to report during our fiscal year ended June 30, 2012.

Corporate Governance

Code of Business Conduct and Ethics. Our Code of Business Conduct and Ethics applies to all of our employees, officers (including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions), agents and representatives, including directors and consultants. We will disclose future amendments to our Code of Business Conduct and Ethics, or waivers of such provisions, applicable to any principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions or our directors at www.quinstreet.com.

Board Leadership Structure. The Board of Directors is responsible for determining its leadership structure, which currently consists of a Chairman of the Board and a Chairman leading each Board committee. Currently, the Chairman of the Board, Douglas Valenti, also serves as our Chief Executive Officer. The Board believes that the Company and its stockholders are best served by maintaining the flexibility to have any person serve as Chairman of the Board based on what is in the best interests of the Company and its stockholders at a given point in time, and therefore the Board does not support placing restrictions on who may serve as Chairman. The Board does not have a lead independent director. The Board has concluded that having Mr. Valenti serve as Chairman and Chief Executive Officer is the most effective leadership structure at this time because that individual is an effective chairman and is able to provide the best link between the Board and management.

In order to enhance the independence of the Board from management, the Board believes that a substantial majority of the Board should consist of independent directors. All of our current directors except for Mr. Valenti and Ms. Syiek are independent, as determined in accordance with NASDAQ Listing Standards.

Board's Role in Risk Oversight. Management, which is responsible for day-to-day risk management, continually monitors the material enterprise risks facing the Company, including strategic risks, operational risks, financial risks, credit risks, liquidity risks, and legal and compliance risks.

The Board of Directors is responsible for exercising oversight of management's identification and management of, and planning for, those risks. The Board has delegated to certain Committees oversight responsibility for those risks that are directly related to their area of focus (see descriptions of our Audit Committee, Compensation Committee and Governance Committee's areas of responsibilities discussed under Audit Committee, Compensation Committee and Nominating and Corporate Governance (Governance) Committee above). The Board and its Committees exercise their risk oversight function by carefully evaluating the reports they receive from management and by making inquiries of management with respect to areas of particular interest to the Board. In addition, the Board and its Committees receive reports from our auditors and other consultants, such as Compensia, and meet in executive session with these outside consultants. Board oversight of risk is enhanced by the fact that our Chief Executive Officer and Chairman of the Board attends many Committee meetings and that Committee reports are provided to the full Board following each regular quarterly Committee meeting. In addition, the full Board receives updates and in-depth information specifically related to the Company's enterprise risk management.

Table of Contents

Information on Compensation Risk Assessment. Management periodically reviews the Company's incentive compensation programs at all levels within the organization. Employee cash bonuses are based on Company and individual performance, and management (with respect to non-executive bonuses) or the Compensation Committee (with respect to executive officers' bonuses) has discretion to reduce bonus payouts. Equity awards for new hires are based on the employee's level in the Company, prior experience, qualifications, and the market for particular types of talent, and any additional grants are based on employee performance. Equity awards have long-term vesting requirements to ensure that there are not undue incentives for short-lived stock performance. The incentive compensation structure was reviewed during fiscal year 2012 by the Compensation Committee and the Company's compensation advisor, Compensia, Inc. Based on the findings of this review and input from Compensia, the Compensation Committee believes that risks arising from the Company's compensation policies and programs are not reasonably likely to have a material adverse effect on the Company.

Independence Determination for Directors

The Board of Directors has determined that, with the exception of Mr. Valenti, who is our Chief Executive Officer, and Ms. Syiek, who is our President, all of its current members qualify as independent directors pursuant to the rules adopted by the SEC applicable to the corporate governance standards for companies listed on the NASDAQ National Market System. The Board of Directors has determined that all of our director nominees except Mr. Valenti are independent within the meaning of the applicable NASDAQ listing standards. The Audit, Compensation and Governance Committees of the Board of Directors consist entirely of independent directors.

Audit Committee Financial Qualifications

Our Board of Directors has determined that each member of the Audit Committee: (1) meets the independence criteria prescribed by applicable law and rules of the SEC for Audit Committee membership and (2) is independent within the meaning of the NASDAQ listing standards and the standards established by the Company. Each member of our Audit Committee can read and understand fundamental financial statements in accordance with audit committee requirements. In addition, the Board of Directors has designated Dana Stalder as an audit committee financial expert as such term is defined in Item 407(d)(5)(ii) of Regulation S-K promulgated by the SEC.

Director Nominations

General Criteria and Process. Our Governance Committee has the responsibility of identifying, reviewing and evaluating candidates to serve on the Company's Board of Directors consistent with any criteria approved by the Board of Directors, including consideration of any potential conflicts of interest as well as applicable independence and experience requirements. As expressed in the Governance Committee charter, in nominating candidates, the Governance Committee shall comply with the requirements of the Company's Bylaws and take into consideration such other factors as it deems appropriate. These factors may include judgment, skill, diversity, experience with businesses and other organizations of comparable size, the interplay of the candidate's experience with the experience of other Board members, and the extent to which the candidate would be a desirable addition to the Board and any committees of the Board. The Governance Committee may use and pay for assistance from consultants, including obtaining background checks, and advice from outside counsel, to assist its review and evaluation.

In evaluating candidates, the Governance Committee considers a wide variety of qualifications, attributes and other factors, and recognizes that a diversity of viewpoints and practical experiences can enhance the effectiveness of the Board. Accordingly, as part of its evaluation of each candidate, the Governance Committee takes into account how that candidate's background, experience, qualifications, attributes, and skills may complement, supplement or duplicate those of other Board members.

Table of Contents

Stockholder Nominations and Bylaw Procedures. Stockholders who wish to recommend nominees for consideration by the Governance Committee for nomination may submit their recommendation in writing to our Corporate Secretary at the address set forth below under Annual Report. The Governance Committee may consider such stockholder recommendations when it evaluates and recommends nominees to the Board of Directors for submission to the stockholders at each annual meeting of stockholders. Before the Governance Committee will consider stockholder recommendations, stockholders must comply with the eligibility, advance notice and other provisions of our Policy on Stockholder Recommendations of Director Nominees. Under this policy, the stockholder must provide timely notice of the recommendation to us to be considered by the Governance Committee in connection with the Company's next annual meeting of stockholders. To be timely, the Corporate Secretary must receive the stockholder's recommendation and the information required in the policy at least 120 days prior to the anniversary date of the mailing of this proxy statement. A copy of the policy is available on the Investor Relations section of the Company's website, www.quinstreet.com. The Governance Committee does not intend to alter the manner in which it evaluates candidates based on whether the candidate was recommended by a stockholder.

In addition, our Bylaws establish procedures pursuant to which a stockholder may nominate a person for election to the Board of Directors. To nominate a person for election to the Board of Directors, a stockholder must set forth all information relating to the nominee that is required to be disclosed in solicitations of proxies for election of directors, or is otherwise required, in each case pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended. We may require any proposed nominee to furnish information concerning his or her eligibility to serve as an independent director or that could be material to a reasonable stockholder's understanding of the independence of the nominee. To nominate a person for election to the Board of Directors at our 2013 Annual Meeting of Stockholders, written notice of a stockholder nomination must be delivered to our Corporate Secretary between June 28, 2013 and July 28, 2013. However, if our annual meeting is advanced or delayed by more than 30 days from October 26, 2013 (the anniversary of the prior year's meeting of stockholders), a stockholder's written notice will be timely if it is delivered no earlier than the 120th day prior to such annual meeting and no later than the later of the 90th day prior to such annual meeting or the 10th day following the announcement of the date of the meeting.

Contacting the Board and Further Information on Corporate Governance

Any interested person who desires to communicate with our non-management directors may do so by writing to the Board of Directors. The Corporate Secretary will promptly forward such interested person communications so received to our Board of Directors, to the individual director or directors to whom the communication was addressed or other appropriate departments or outside advisors, depending on the nature of the concern. Interested persons who wish to communicate directly with the Board of Directors may do so by writing to our Corporate Secretary, QuinStreet, Inc., 950 Tower Lane, Suite 600, Foster City, California 94404.

Our Code of Business Conduct and Ethics, stockholder nominations policy and committee charters are accessible by following the links to Investor Relations and then Corporate Governance on our website at www.quinstreet.com. Furthermore, upon request by a stockholder to our Corporate Secretary at the address set forth in the preceding paragraph, we will provide copies of our Code of Business Conduct and Ethics, stockholder nominations policy and committee charters without charge.

Section 16(a) Beneficial Ownership Reporting Compliance

Based upon a review of filings with the SEC and/or written representations that no other reports were required, we believe that all reports for the Company's executive officers and directors that were required to be filed under Section 16 of the Securities Exchange Act of 1934 were timely filed, except for a late Form 4 filed on August 8, 2011, reporting options to purchase an aggregate of 25,000 shares of our common stock granted to Timothy Stevens on July 29, 2010, and a late Form 4 filed on September 13, 2012, reporting 69 shares and 46 shares of our common stock which Mr. Valenti received on January 12, 2011 and January 14, 2011, respectively, as a result of a pro rata distribution from a limited partnership.

Certain Relationships and Related Party Transactions

Second Amended and Restated Investor Rights Agreement

We have entered into an investor rights agreement with certain holders of our common stock that provides for certain rights relating to the registration of their shares of common stock, including those issued upon conversion of their previously-held preferred stock.

Other Transactions

Katrina Boydon, the sister of Bronwyn Syiek, the Company's President and Director, serves as the Company's Vice President of Content and Compliance. In fiscal years 2012, 2011 and 2010, Ms. Boydon received a base salary of \$214,000, \$203,000 and \$193,000 per year, respectively, and a bonus payout of \$60,000, \$69,000 and \$67,000, respectively. In fiscal years 2012 and 2010, Ms. Boydon was granted options to purchase an aggregate of 40,000 shares and 45,000 shares, respectively, of our common stock. Ms. Boydon's fiscal year 2013 base salary is \$220,000 per year, and she has a fiscal year 2013 target bonus of \$80,000.

From March 2009 through January 2012, Rian Valenti, the son of Doug Valenti, the Company's Chief Executive Officer and Chairman, served as a client strategy and development senior manager. In fiscal years 2012, 2011 and 2010, Mr. Rian Valenti received a base salary of \$41,000, \$62,000 and \$54,000 per year, respectively, and a commission payout of \$28,000, \$32,000 and \$23,000, respectively. In fiscal year 2012 and 2011, Mr. Rian Valenti was granted 1,250 restricted stock units and 750 restricted stock units, respectively, of our common stock.

In fiscal year 2012, the Company's president, Bronwyn Syiek, informed QuinStreet that she desired to start a company using her own resources that would develop and offer websites serving local communities such as parent-teacher associations and other locally-affiliated groups. The Company had previously explored a similar business opportunity and had concluded that the opportunity was not consistent with its business direction and did not address a sufficiently large market to justify further investment. Accordingly, the Company had discontinued its investment in this business opportunity in fiscal year 2011. During the time that the Company considered this business opportunity and tested the market with a product offering, Ms. Syiek, within the scope

of her employment by QuinStreet, gained certain know-how about the community-based website business. In January 2012, Ms. Syiek's proposal to pursue the business opportunity for herself was presented to the Company's Board of Directors for their consideration under the Company's Related Person Transactions Policy. The Board of Directors, with Mr. Valenti and Ms. Syiek abstaining, concluded that Ms. Syiek's proposal did not present a conflict of interest and directed management to negotiate agreements to document the arrangement. On August 23, 2012 the Company, Ms. Syiek and TownB Corporation, a company founded and substantially owned by Ms. Syiek, entered into a License and Investment Agreement pursuant to which QuinStreet provided TownB with a license to Ms. Syiek's community-based website business know-how and QuinStreet will receive a 15% ownership interest in TownB, preemptive rights to maintain its ownership level and a right of first refusal in the event that Ms. Syiek chooses to sell her shares or TownB should be sold. Other than the know-how held by Ms. Syiek, no other Company intellectual property has been licensed to TownB or Ms. Syiek. The Company believes that both the know-how licensed, and the minority interest and associated rights in TownB that the Company will receive, have a nominal fair market value.

We have entered into indemnification agreements with each of our directors and executive officers. These indemnification agreements require us to indemnify each of our directors and executive officers to the fullest extent permitted by Delaware law.

Policies and Procedures for Transactions with Related Persons

Our Board of Directors has adopted a written related person transaction policy, which sets forth the policies and procedures for the review and approval or ratification of related person transactions. This policy covers any transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships, in which we were or are to be a participant, the amount involved exceeds \$60,000 and a related person had or will have a direct or indirect material interest. While the policy covers related party transactions in which the amount involved exceeds \$60,000, only related party transactions in which the amount involved exceeds \$120,000 will be required to be disclosed in applicable filings as required by the Securities Act, Exchange Act and related rules. Our Board of Directors set the \$60,000 threshold for approval of related party transactions in the policy at an amount lower than that which is required to be disclosed under the Securities Act, Exchange Act and related rules because we believe it is appropriate for our Audit Committee to review transactions or potential transactions in which the amount involved exceeds \$60,000, as opposed to \$120,000. Pursuant to this policy, our Audit Committee will (i) review the relevant facts and circumstances of each proposed related party transaction, including if the transaction is on terms comparable to those that could be obtained in arm's-length dealings with an unrelated third-party and the extent of the related party's interest in the transaction and (ii) take into account the conflicts of interest and corporate opportunity provisions of our Code of Business Conduct and Ethics. Management will present to our Audit Committee each proposed related party transaction, including all relevant facts and circumstances relating thereto, and will update the Audit Committee as to any material changes to any related party transaction.

Any related party transactions may only be consummated if our Audit Committee has approved or ratified such transaction in accordance with the guidelines set forth in the policy. Certain types of transactions are not subject to the policy, including: (i) compensation arrangements approved by our Compensation Committee; (ii) transactions in the ordinary course of business where the related party's interest arises only (a) from his or her position as an employee (other than a position as an executive officer, partner, principal or similar control position) of another entity that is party to the transaction or (b) from an equity interest of less than 5% in another entity that is party to the transaction; and (iii) transactions in the ordinary course of business where the interest of the related party arises solely from the ownership of a class of equity securities in our company where all holders of such class of equity securities will receive the same benefit on a pro rata basis. No director may participate in the approval of a related party transaction for which he or she is a related party.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis provides an overview of the material components of our executive compensation program for:

Douglas Valenti, our Chairman of the Board of Directors and Chief Executive Officer;

Bronwyn Syiek, our President;

Kenneth Hahn, our Chief Financial Officer and Chief Operating Officer;

Scott Mackley, our Executive Vice President; and

Nina Bhanap, our Chief Technology Officer.

We refer to these executive officers collectively in this Compensation Discussion and Analysis and the accompanying compensation tables as the Named Executive Officers.

Specifically, this Compensation Discussion and Analysis provides an overview of our executive compensation philosophy, the overall objectives of our executive compensation program and each component of compensation that we provide. In addition, we explain how and why the compensation committee of our Board of Directors arrived at the specific compensation policies and decisions involving our executive officers, including the Named Executive Officers, for fiscal 2012.

Executive Summary

Financial Highlights

We continued to manage through challenges and uncertainties in fiscal 2012, particularly in our core education and financial services client verticals. Revenues and operating income were down in fiscal 2012. Through continued discipline in our approach to controlling operating costs during fiscal 2012, we were able to maintain our targeted Adjusted EBITDA margin of 20% which, as described below, was one of the targets under our performance bonus plan.

We recorded the following financial results for fiscal 2012:

For the year, we generated total revenues of \$370.5 million, compared to \$403 million for fiscal 2011. GAAP net income for the year was \$13 million, or \$0.28 per diluted share, compared to \$27.2 million, or \$0.55 per diluted share, for fiscal 2011. Adjusted net income excludes stock-based compensation expense and amortization of intangible assets, net of estimated tax.

Adjusted EBITDA (as defined below) for the year was \$72.6 million, or 20% of revenue, compared to \$90.3 million, or 22% of revenue for fiscal 2011.

Executive Compensation Actions

As reflected in our compensation philosophy below, we set the compensation of our executive officers, including the Named Executive Officers, based on their ability to successfully execute our annual operational plan, which is intended to further our long-term business objectives and to

Edgar Filing: QUINSTREET, INC - Form DEF 14A

create sustainable long-term stockholder value in a cost-effective manner. Accordingly, our fiscal 2012 compensation actions and decisions were based on our executive officers' accomplishments in these areas, and highlight our pay for performance philosophy. As described below, bonuses and total cash compensation were significantly reduced for fiscal 2012 due to our operational challenges noted above.

Table of Contents

For fiscal 2012, the Compensation Committee took the following actions with respect to the compensation of the Named Executive Officers:

With one exception, increased base salaries between 3% and 4% of their fiscal 2011 levels;

Awarded annual bonus payments ranging from 60% to 70% of each Named Executive Officer's target bonus opportunity pursuant to the Company's Annual Incentive Plan based primarily on the Compensation Committee's consideration of the Company's financial performance, its assessment of the Named Executive Officers' individual efforts, and its assessment of the achievement of business goals that enabled us to position the Company for sustained growth in the future;

Determined that no payouts were to be made under our Incremental Bonus Plan, based on the Company's fiscal 2012 performance; and

Approved equity awards in the form of stock options at levels that the Compensation Committee believes met competitive market concerns, satisfied our retention objectives and rewarded corporate and individual performance for fiscal 2012.

In deciding to make new equity grants to our Named Executive Officers for the first time since our initial public offering, the Compensation Committee took into consideration the desire to maintain market-competitive compensation and the desire to provide our Named Executive Officers with an incentive to manage our business as owners. The equity awards have the effect of subjecting a significant portion of our Named Executive Officers' total compensation to fluctuations in the market price of our common stock, thus helping to align the interests of our Named Executive Officers with stockholder interests.

Effect of Our Decisions on Fiscal 2012 Executive Compensation.

Taking into account that the Company missed its revenue targets but achieved its Adjusted EBITDA margin target for fiscal 2012, our Compensation Committee determined to decrease bonus payouts and, accordingly, total cash compensation for our executive officers including the Named Executive Officers by an amount that exceeded the revenue growth target shortfall. Thus, while we missed our 2012 revenue target by approximately 22%, total cash compensation (that is, base salary plus actual bonus payouts) for fiscal 2012 was 29% less on average than for fiscal 2011. The chart below shows the reduction in total cash compensation for each of the Named Executive Officers between fiscal years 2011 and 2012:

Employee	Fiscal 2011 Total Cash	Fiscal 2012 Total Cash	Fiscal 2012 v. Fiscal 2011 Decrease in Total Cash	
			(\$)	(%)
Doug Valenti	\$ 1,108,545	\$ 757,936	(\$ 350,609)	-32%
Bronwyn Syiek	\$ 963,545	\$ 656,648	(\$ 306,897)	-32%
Kenneth Hahn	\$ 623,800	\$ 505,704	(\$ 118,096)	-19%
Scott Mackley	\$ 847,500	\$ 549,775	(\$ 297,725)	-35%
Nina Bhanap	\$ 599,757	\$ 454,892	(\$ 144,865)	-24%

Advisory Vote on Executive Compensation

We conducted our first stockholder advisory vote on executive compensation at our 2011 Annual Meeting of Stockholders. While this vote was not binding on the Company, we believe that it is important for our stockholders to have an opportunity to have an advisory vote on executive compensation on an annual basis as a means to express their views regarding our executive compensation philosophy, our compensation policies and programs, and our decisions regarding executive compensation, all as disclosed in our proxy statements. The Board of Directors and the Compensation Committee value the opinions of our stockholders and, to the extent that there is any significant vote against the compensation of the Named Executive Officers as disclosed in this

Table of Contents

proxy statement, we will consider our stockholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

At the 2011 Annual Meeting of Stockholders, more than 99% of the votes cast on the advisory vote on executive compensation proposal were in favor of the Named Executive Officers' compensation as disclosed in the 2011 proxy statement. The Compensation Committee reviewed the final vote results and, partly based on this significant level of support, determined that no changes to our executive compensation policies and decisions were necessary at this time.

We have determined that our stockholders should have the opportunity to cast an advisory vote on executive compensation each year, consistent with the preference expressed by our stockholders at the 2011 Annual Meeting.

Compensation Objectives

We recognize that our success is in large part dependent on our ability to attract and retain talented employees. We endeavor to create and maintain compensation programs based on performance, teamwork and rapid progress and to effectively align the interests of our executive officers and stockholders. The principles and objectives of our compensation and benefits programs for our employees generally, and for our executive officers specifically, are to:

attract, motivate and retain highly-talented individuals who are incented to achieve our strategic objectives;

closely align compensation with our business and financial objectives and the long-term interests of our stockholders;

motivate and reward individuals whose skills and performance promote our continued success; and

offer total compensation that is competitive and fair.

The compensation of our executive officers consists of the following primary components:

base salary;

performance-based cash bonuses;

long-term incentive compensation;

employee health and welfare benefits; and

limited change in control benefits.

Each compensation component has a role in meeting the objectives described above. While we offer competitive base salaries and performance-based cash bonuses, we believe that long-term incentive compensation is a critical compensation component for Internet and other emerging companies. We believe that stock options and restricted stock units compensation provide long-term incentives that align the interests of employees and executive officers alike with the long-term interests of stockholders.

Edgar Filing: QUINSTREET, INC - Form DEF 14A

We strive to achieve an appropriate mix between cash and equity compensation to meet our objectives. We do not apply any formal or informal policies or guidelines for allocating compensation between current and long-term compensation, between cash and equity compensation or among different forms of equity compensation. As a result, the allocation between cash and equity varies between executive officers. The mix of compensation components is designed to reward short-term results and motivate long-term performance through a combination of cash and equity awards. We believe the most important indicator of whether our compensation objectives are being met is our ability to motivate our executive officers to deliver superior performance and retain them to continue their careers with us on a cost-effective basis.

Compensation-Setting Process

Role of the Compensation Committee

The Compensation Committee of the Board of Directors is responsible for administering and overseeing the executive compensation program for our executive officers, including the Named Executive Officers, and reports to the full Board of Directors on its discussions, decisions and other actions.

Our management and the Compensation Committee conduct an annual analysis of senior management compensation for purposes of setting executive compensation for the upcoming fiscal year. For fiscal 2012, this analysis occurred in June and August 2011. At that time, management and the Compensation Committee reviewed the information provided by their compensation consultant, as well as industry survey results and other information described further below, in light of the compensation we offer, to ensure that the executive compensation program established for the applicable fiscal year is competitive and fair.

At that time, the Compensation Committee (together with our Chief Executive Officer with respect to performance of the other executive officers) reviews the performance of each executive officer on an annual basis and, based on this review and the factors described below, sets his or her compensation package for the coming fiscal year.

The Compensation Committee expects to continue to conduct an annual review process of all compensation components at the end of each fiscal year to ensure consistency with our compensation philosophy and as part of its responsibilities in administering our executive compensation program. The Compensation Committee is authorized to retain the services of third-party executive compensation specialists from time to time, as the committee sees fit, in connection with the establishment of cash and equity compensation and related policies.

Role of our Chief Executive Officer

Our Chief Executive Officer makes recommendations to the Compensation Committee, attends committee meetings (except for sessions discussing and setting his compensation) and has been and will continue to be involved in the determination of compensation for our executive officers. Typically, our Chief Executive Officer makes recommendations to the Compensation Committee regarding annual and long-term incentive compensation for our executive officers (other than himself). Our Chief Executive Officer bases his recommendations upon the Company's financial and operational results, individual executive officers' contribution toward these results, performance toward goal achievement, an analysis of competitive market data (including data from the peer companies as described below), input from our President and our Chief Financial Officer as to certain other executives and input from our compensation consultant. Our Chief Executive Officer does not make any recommendation as to his own compensation.

The Compensation Committee reviews our Chief Executive Officer's recommendations, the competitive market data and other relevant information and determines each executive officer's total compensation, as well as each individual compensation component. The Compensation Committee's decisions regarding executive compensation are based on its subjective evaluation of the performance of the Company and each individual executive officer, a review of market data as described below and other factors, such as prevailing industry trends.

Role of Compensation Consultant

Since November 2009, we have engaged Compensia, Inc., a national consulting firm providing executive compensation advisory services, as a compensation consultant to help evaluate our compensation philosophy and provide guidance in administering our executive compensation program. Since fiscal 2010, Compensia has also assisted the Compensation Committee in developing the compensation peer groups described above and in providing market data based on the compensation practices of the peer groups.

Table of Contents

Competitive Positioning

We believe it is important when making compensation-related decisions to be informed as to current practices of similarly-situated companies. Consequently, we select a group of companies that provide Internet marketing and media and software services that are broadly similar to the Company as a reference point for evaluating the market practices of our peers in formulating compensation recommendations and to assist the Compensation Committee in its consideration of executive compensation.

For fiscal 2012, our compensation peer group (the Peer Group) consisted of the following companies:

Ancestry.com	Infospace
Ansys	Liquidity Services
Blackboard	Pega Systems
Commvault Systems	Rackspace Hosting
Concur Technologies	Tibco Software
Demand Media	Valueclick
Digital River	Verisign
Informatica	WebMD Health

These companies were selected after consideration of their revenue, revenue growth, profitability, market capitalization, headcount and industry. Each of the companies in the Peer Group had annual revenues between 0.5x to 2.0x that of the Company's revenues. In addition, all are headquartered in the United States and had positive growth rates or strong profitability, similar to the Company.

We supplement the data derived from the Peer Group with broader compensation market data provided by market surveys. Consistent with its prior practice, the Compensation Committee reviewed summary cash compensation data from Salary.com for positions comparable to those of the executive officers at Internet companies with revenues between \$200 million and \$500 million in the San Francisco Bay Area.

While the Compensation Committee does not benchmark pay levels against the Peer Group due to the unique aspects of our business, it believes that evaluating market data is useful to understand market practice and to provide a general context for its decisions. The Compensation Committee exercises its discretion in determining the nature and extent of the use of market data, which may vary by executive officer.

Compensation Components

Base Salaries

The initial base salaries for our executive officers, including the Named Executive Officers, are established through arm's-length negotiation at the time of hire, taking into account each individual's qualifications, experience and prior salary history, and prevailing market compensation for similar roles among the companies in the Peer Group and other comparable companies. Thereafter, the base salaries of our executive officers are reviewed annually by the Compensation Committee, with significant input from our Chief Executive Officer (except with respect to his own base salary) to determine whether any adjustment is warranted. Base salaries are also reviewed in the case of promotions or other significant changes in responsibility.

In determining a base salary adjustment, the Compensation Committee considers several factors, including the Company's overall performance, an executive officer's relative job scope, individual performance history, prior and anticipated future contributions to the Company, responsibilities, prior experience and an analysis of competitive market data (including the base salary practices of the Peer Group). The Compensation Committee may also take into account the executive officer's current base salary, equity ownership and the amounts paid to the executive officer's peers inside the Company. We also draw upon the experience of members of the Compensation Committee with other companies.

Table of Contents

In June 2011, the Compensation Committee reviewed the base salaries of our executive officers, including the Named Executive Officers, for fiscal 2012. Consistent with its prior practice, the Compensation Committee reviewed salary data derived from the Peer Group and summary cash compensation data from Salary.com for positions comparable to those of the executive officers at Internet companies with revenues between \$200 million and \$500 million in the San Francisco Bay Area.

After reviewing input from Compensia and taking into consideration the recommendations of our Chief Executive Officer (except with respect to his own base salary), the Compensation Committee determined that, using the factors described above, base salaries for the Named Executive Officers be increased by between 3% and 8% per individual. Ms. Bhanap's base salary was increased by 8% in recognition of her contributions to the Company and her ongoing responsibilities. The increase was intended to provide Ms. Bhanap with a more equivalent level of base compensation in comparison to our other top executives. Accordingly, the base salaries of the Named Executive Officers for fiscal 2012 were adjusted as follows:

Named Executive Officer	Fiscal 2011 Base Salary	Fiscal 2012 Base Salary	Percentage Change
Mr. Valenti	\$ 497,500	\$ 512,425	3.0%
Ms. Syiek	\$ 435,000	\$ 448,050	3.5%
Mr. Hahn	\$ 365,000	\$ 379,600	4.0%
Mr. Mackley	\$ 347,500	\$ 361,400	4.0%
Ms. Bhanap	\$ 324,000	\$ 350,000	8.0%

The actual base salaries paid to the Named Executive Officers in fiscal 2012 are set forth in the Summary Compensation Table below.

Performance-Based Cash Bonuses

We use performance-based bonuses to motivate our executive officers, including the Named Executive Officers, to achieve our short-term financial and operational goals while making rapid and sustainable progress towards our longer-term objectives. These bonuses are designed to reward both Company and individual performance.

Under our Annual Incentive Plan for fiscal 2012, the Compensation Committee was able to award bonuses to any of our employees, including our executive officers, according to bonus targets and criteria set by the Compensation Committee in accordance with the plan. The Compensation Committee has the discretion to reduce the amount of any actual award under the Annual Incentive Plan below the amount calculated under the terms of the plan.

Target Bonus Opportunities

Under the Annual Incentive Plan for fiscal 2012, each executive officer's target bonus opportunity was expressed as a total dollar amount, with individual target award opportunities ranging from 43% to 80% of base salary. Target bonus opportunities were determined based on the Compensation Committee's analysis of total cash compensation as described above, with generally higher target levels for the individuals with the most responsibility for the success of the business.

Performance Measures

For fiscal 2012, under the Annual Incentive Plan, the financial goals were the achievement of revenue growth and Adjusted EBITDA margin objectives. In addition, the Compensation Committee considered the following in determining whether to give full credit for the achievement of the performance goals:

The assessed sustainability of the revenue growth,

The development of future growth potential and diversification of our revenue streams; and

Table of Contents

The individual contributions of the executive.

Our fiscal 2012 performance goals were based on our annual projections and budget, with our revenue growth target for fiscal 2012 set at approximately 12% over fiscal 2011 and our Adjusted EBITDA margin target set at 20%, consistent with prior years. For purposes of the Annual Incentive Plan, Adjusted EBITDA was defined as net income less interest income plus interest expense, provision for taxes, depreciation expense, amortization expense, stock-based compensation expense and other income (expense).

Fiscal 2012 Bonus Decisions

To determine actual bonus awards under the Annual Incentive Plan for fiscal 2012, the Compensation Committee first reviewed the Company's overall financial results for fiscal 2012 and our Chief Executive Officer's recommendations for bonus payments (except with respect to his own bonus) based on both Company and individual performance calculated versus the performance measures above. In the case of our Chief Executive Officer's bonus payment, the Compensation Committee evaluated his performance and determined his bonus.

The Compensation Committee then considered the additional factors as outlined above. The Committee noted that the Company had accomplished further diversification and strengthening of its revenue streams, which are expected to lay the foundation for future sustainable revenue growth. The Committee also determined that all of the executives had performed well given a very challenging year for the Company, largely driven by external economic and regulatory factors, many largely out of the control of the executives.

Based on these reviews, and with the objective of tying bonuses and total cash compensation to Company performance, but without specific weight being applied to any factor, the Compensation Committee approved bonus payments that ranged from 60% to 70% of the target bonus amounts for the executives, with our Chief Executive Officer's bonus approved at 60% of target and our President's bonus approved at 65% of target given their greater authority and responsibility.

The Compensation Committee also wanted to ensure that the fiscal 2012 bonuses and total cash compensation were tied closely to performance. Thus, while we missed our 2012 revenue target by approximately 22%, the approved bonus payouts were 59% less on average than the actual bonuses paid out for fiscal 2011, and total cash compensation (that is, base salary plus actual bonus payouts) for fiscal 2012 was 29% less on average than for fiscal 2011.

The chart below shows, for the Named Executive Officers, their fiscal 2011 bonus payouts (including payouts under both the Annual Bonus Plan and the Incremental Bonus Plan described below), their fiscal 2012 bonus targets and payouts as well as the fiscal 2012 bonus payout as a percent of target and the percent decline in bonus from fiscal 2011 to fiscal 2012:

Named Executive Officer	Fiscal 2011 Bonus Payout	Fiscal 2012 Target Bonus Opportunity	Fiscal 2012 Bonus Payout	Fiscal 2012 Bonus Payout as a % of Target	% Decrease in Fiscal 2012 Bonus Compared to Fiscal 2011
Mr. Valenti	\$ 611,045	\$ 407,575	\$ 244,545	60%	-60%
Ms. Syiek	\$ 258,800	\$ 319,950	\$ 207,968	65%	-52%
Mr. Hahn	\$ 528,545	\$ 179,300	\$ 125,510	70%	-61%
Mr. Mackley	\$ 500,000	\$ 268,600	\$ 188,020	70%	-62%
Ms. Bhanap	\$ 275,450	\$ 150,000	\$ 105,000	70%	-62%

Table of Contents**Fiscal 2012 Incremental Bonus Plan**

In addition to the Annual Incentive Plan for fiscal 2012, the Compensation Committee also approved the Fiscal 2012 Incremental Bonus Plan for our executive officers, including the Named Executive Officers. The Incremental Bonus Plan acts as an incentive for key senior managers to achieve aggressive, above-operating plan growth and margin targets, and enables us to provide total compensation commensurate with higher peer company compensation percentiles if and as warranted by the Company's growth and margin performance.

Under the Fiscal 2012 Incremental Bonus Plan, to the extent that actual Adjusted EBITDA exceeded a level represented by 20% revenue growth and 20% Adjusted EBITDA margin, the senior management team was eligible to receive an aggregate of 15% of the excess of actual Adjusted EBITDA over the threshold amount. The Fiscal 2012 Incremental Bonus Plan allocated differing amounts of the aggregate Incremental Bonus pool to each executive officer based on his or her role and responsibilities and contributions to the Company. Our Chief Executive Officer and our President received the largest allocations because they have the most responsibility for the overall business. For the Named Executive Officers, these allocations ranged between 1% and 2.15% of any Adjusted EBITDA over the 20% margin target. The Fiscal 2012 Incremental Bonus Plan allocated the following amounts of the aggregate Incremental Bonus pool to the Named Executive Officers based on their role and responsibilities and contributions to the Company:

Named Executive Officer	Fiscal 2012 Allocation
Mr. Valenti	2.00%
Ms. Syiek	2.00%
Mr. Hahn	0.95%
Mr. Mackley	1.60%
Ms. Bhanap	1.40%

Because the Company did not exceed our Adjusted EBITDA margin target for fiscal 2012, there was no payout of the incremental bonus for fiscal 2012.

The aggregate cash bonuses paid to the Named Executive Officers for fiscal 2012 are set forth in the [Summary Compensation Table](#) below.

Long-Term Equity Incentive Awards

We use long-term incentive awards, in the form of options to purchase shares of our common stock, to attract and reward our executive officers, including the Named Executive Officers, to motivate and reward them for outstanding Company and individual performance and to align their interests with those of our stockholders. We believe that stock options are an effective tool for meeting our compensation goal of increasing long-term stockholder value because the value of the shares of common stock subject to the options is closely tied to our future performance. Since our executive officers are able to profit from stock options only if the market price of our common stock increases relative to the option's exercise price, we believe stock options provide meaningful incentives to them to achieve increases in the value of our common stock over time. We also believe that stock options serve as an effective retention tool due to vesting requirements that are based on continued service with the Company and help create an ownership culture. These vesting requirements are designed to encourage long-term employment with the Company while allowing our executive officers to realize compensation in line with the value they have created for our stockholders.

We grant stock options both at the time of initial hire and then through annual additional or refresher awards for key executive officers and executive officers approaching full vesting of prior awards. To date, there has been no set program for the award of refresher awards, and the Compensation Committee retains discretion to grant stock options to our executive officers at any time, including in connection with a promotion, to reward an executive officer, for retention purposes or for other circumstances recommended by management. Typically, refresher awards have been made shortly after the end of the fiscal year.

Table of Contents

In determining the size of the equity awards to be granted to our executive officers, including the Named Executive Officers, the Compensation Committee takes into account several factors, including our short-term and long-term financial and strategic objectives, an executive officer's relative job scope, the value of his or her then-current equity incentive award holdings, individual performance history, prior and anticipated future contributions to the Company, the size of prior awards, an analysis of competitive market data (including the equity award practices of the Peer Group) and the aggregate amount of the shares proposed to be awarded to all employees for the fiscal year. After considering these factors, the Compensation Committee determines the size of the equity awards at levels it considers appropriate to create a meaningful opportunity for reward predicated on the creation of long-term stockholder value.

In August 2011, the Compensation Committee determined to grant stock options to our executive officers, including the Named Executive Officers. After reviewing a compensation analysis prepared by Compensia and taking into consideration the recommendations of our Chief Executive Officer, the Compensation Committee determined the size of each executive officer's stock option grant using the factors described above. Our Chief Executive Officer did not receive a new stock option grant because the Compensation Committee felt that his existing equity holdings in the Company offered sufficient alignment with other stockholders and incentive to improve our long-term stock performance.

The stock options granted to the Named Executive Officers in fiscal 2012 were as follows:

Named Executive Officer	Number of Shares Subject to Stock Option Grant	Grant Date Fair Value of Stock Option Grant
Mr. Valenti		
Ms. Syiek	100,000	\$ 534,510
Mr. Hahn	65,000	\$ 347,432
Mr. Mackley	150,000	\$ 801,765
Ms. Bhanap	65,000	\$ 347,432

The equity awards granted to the Named Executive Officers during fiscal 2012 are set forth in the Summary Compensation Table and the Grants of Plan-Based Awards Table below.

Equity Award Grant Policy

The Compensation Committee has adopted a practice regarding the timing of stock option grants to our executive officers coinciding with the release of material non-public information. The Compensation Committee determined that, following the Company's long-standing historical practice, stock option grants would be made on or about the date of meetings of the Board of Directors.

Welfare and Other Employee Benefits

We have established a tax-qualified Section 401(k) retirement plan for all employees who satisfy certain eligibility requirements, including requirements relating to age and length of service. We currently do not match any contributions made to the plan by our employees, including executive officers. We intend for the plan to qualify under Section 401(a) of the Internal Revenue Code so that contributions by employees to the plan, and income earned on plan contributions, are not taxable to employees until withdrawn from the plan.

Our executive officers are entitled to participate in the same employee benefit plans, and on the same terms and conditions, as our other full-time, salaried employees. These benefits include medical, dental and vision benefits, medical and dependent care flexible spending accounts, short-term and long-term disability insurance, accidental death and dismemberment insurance and basic life insurance coverage.

We believe these benefits are generally consistent with those of companies with which we compete for executive talent.

Table of Contents

We design our employee benefits programs to be affordable and competitive in relation to the market, as well as compliant with applicable laws and practices. We adjust our employee benefits programs as needed based upon regular monitoring of applicable laws and practices and the competitive market.

Perquisites and Other Personal Benefits

Currently, we do not view perquisites or other personal benefits as a significant component of our executive compensation program. Accordingly, we do not provide perquisites to our executive officers, except in limited situations where we believe it is appropriate to assist an individual in the performance of his or her duties, to make our executive officers more efficient and effective and for recruitment, motivation or retention purposes.

In the future, we may provide perquisites or other personal benefits in limited circumstances, such as where we believe it is appropriate to assist an individual executive officer in the performance of his or her duties, to make our executive officers more efficient and effective and for recruitment, motivation or retention purposes. All future practices with respect to perquisites or other personal benefits will be approved and subject to periodic review by the Compensation Committee.

Employment Arrangements

We do not have any employment agreements with any of our executive officers, including the Named Executive Officers.

Post-Employment Compensation

Our equity incentive plan provides for full acceleration of vesting of outstanding stock options in the event of a change in control of the Company if the options are not assumed or replaced with substitute awards by a successor. In the event stock options are assumed or replaced, then 25% of the unvested shares of common stock subject to each option vest if the employment of the executive officer is terminated under circumstances described under Potential Payments Upon Termination or Change in Control below following the change in control of the Company.

The Compensation Committee approved these provisions for senior management (meaning executive officers with the title of the Vice-President and above) because equity compensation is an important part of our executive compensation program, and so these partial double-triggers are intended to keep these executive officers engaged in the event of a potential change in control that would be beneficial to stockholders but could otherwise result in them not having the opportunity to continue to vest in this equity compensation. However, this acceleration benefit is limited to an amount that the Compensation Committee believes represents a reasonable portion of the awards.

For a summary of the material terms and conditions of these post-employment compensation arrangements, see Potential Payments Upon Termination or Change in Control below.

Other Compensation Policies

Stock Ownership Guidelines

Currently, we have not implemented a policy regarding minimum stock ownership requirements for our executive officers, including the Named Executive Officers. As of August 31, 2012, our Chief Executive Officer beneficially owned approximately 12.4% of our outstanding common stock. Based on this substantial level of holdings by our Chief Executive Officer, we have not found minimum stock ownership requirements necessary at this time to align our executives with our stockholders. We review the need for ownership requirements periodically to determine their potential benefits to the Company.

Compensation Recovery Policy

Currently, we have not implemented a policy regarding retroactive adjustments to any cash or equity-based incentive compensation paid to our executive officers and other employees where the payments were predicated upon the achievement of financial results that were subsequently the subject of a financial restatement. We intend to adopt a general compensation recovery (clawback) policy covering our annual and long-term incentive award plans and arrangements after the SEC adopts final rules implementing the requirement of Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Derivatives Trading and Hedging Policy

We have a policy that prohibits our employees, including our executive officers and directors, from trading derivatives, or the hedging, of our equity securities.

Tax and Accounting Considerations

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code generally disallows public companies a tax deduction for federal income tax purposes of remuneration in excess of \$1 million paid to the chief executive officer and each of the three other most highly-compensated executive officers (other than the chief financial officer) in any taxable year. Generally, remuneration in excess of \$1 million may only be deducted if it is performance-based compensation within the meaning of the Internal Revenue Code. In this regard, the compensation income realized upon the exercise of stock options granted under a stockholder-approved stock option plan generally will be deductible so long as the options are granted by a committee whose members are non-employee directors and certain other conditions are satisfied.

The Compensation Committee considers the anticipated tax treatment to the Company and our executive officers when reviewing our executive and other compensation programs. While the tax impact of any compensation arrangement is one factor to be considered, such impact is evaluated in light of the Compensation Committee's overall compensation philosophy and objectives. The Compensation Committee will consider ways to maximize the deductibility of executive compensation, while retaining the discretion it deems necessary to compensate our executive officers in a manner commensurate with performance and the competitive environment for executive talent. In addition, the Compensation Committee reserves the right to exercise its judgment to award compensation to our executive officers that may be subject to the deduction limit when it believes that such compensation is appropriate, consistent with its philosophy and in the Company's and our stockholders' best interests.

Generally, the Compensation Committee seeks to structure our incentive-based compensation to satisfy the performance-based compensation exemption from the deduction limit. Nevertheless, there can be no assurance that our incentive-based compensation will be treated as qualified performance-based compensation under Section 162(m).

Accounting for Stock-Based Compensation

We follow Financial Accounting Standard Board Accounting Standards Codification Topic 718 (ASC 718) for our stock-based compensation awards. ASC 718 requires companies to measure the compensation expense for all share-based payment awards made to employees and directors, including stock options, based on the grant date fair value of these awards. This calculation is performed for accounting purposes and reported in the compensation tables below, even though our executive officers may never realize any value from their awards. ASC 718 also requires companies to recognize the compensation cost of their stock-based awards in their income statements over the period that an employee is required to render service in exchange for the award.

Compensation-Related Risk

From time to time, the Compensation Committee reviews the potential risks associated with the structure and design of our various compensation plans. For fiscal years 2012 and 2013, the Compensation Committee requested that our management, assisted by Compensia, our compensation adviser, undertake a comprehensive review of the material compensation plans and programs for all employees and determined that none of our compensation policies and practices is reasonably likely to have a material adverse effect on the Company. Overall, the Compensation Committee believes that our programs generally contain a balance of fixed and variable features, as well as complementary metrics and reasonable goals, all of which operate to mitigate risk and reduce the likelihood of employees engaging in excessive risk-taking behavior with respect to the compensation-related aspects of their jobs. In addition, the material plans and programs operate within the governance and review structure that serves and supports risk mitigation.

- (1) Each stock option granted to our executive officers vests over a four-year period as follows: 25% of the shares of our common stock underlying the option vest on the first anniversary of the date of the vesting commencement date, which is the date of grant, and the remainder of the shares of our common stock underlying the option vest in equal monthly installments over the remaining 36 months thereafter. Each option also provides that 25% of the unvested shares subject to such option will vest if the employment of the executive officer is terminated without cause following a change in control of the Company.

Option Exercises in Fiscal 2012

There were no option exercises by the Named Executive Officers during fiscal 2012.

Pension Benefits

We do not maintain any defined benefit pension plans.

Nonqualified Deferred Compensation

We do not maintain any nonqualified deferred compensation plans.

Potential Payments Upon Termination or Change in Control

The following table sets forth quantitative estimates of the benefits that would have been received by the Named Executive Officers pursuant to the agreements for their outstanding stock options if, within six months following a change in control of the Company, their employment had been terminated by the Company without cause or they had resigned for good reason (which includes actions by the Company to materially reduce the executive officer's duties, salary or benefits or relocate his or her business office to more than 50 miles away). These estimates assume the change in control transaction and termination of employment both occurred on June 30, 2012 and, as provided in their agreements, the vesting of their outstanding stock options had been accelerated as to 25% of the unvested shares of our common stock covered by such agreements.

Named Executive Officer	Value of Stock Option Acceleration Benefit (1)
Mr. Valenti	\$
Ms. Syiek	\$ 2,734
Mr. Hahn	\$ 729
Mr. Mackley	\$ 1,823
Ms. Bhanap	\$ 1,823

- (1) The aggregate dollar value reported in connection with the acceleration of the outstanding stock options represents the difference between the aggregate fair market value of our common stock underlying the accelerated options that were in-the-money as of June 30, 2012, and the aggregate exercise price of the accelerated options.

Table of Contents**Equity Compensation Plan Information**

The following table provides information as of June 30, 2012 with respect to shares of our common stock issuable under our existing equity compensation plans:

Plan Category	Number of Securities to be Issued upon Exercise of Outstanding Options, Warrants and Rights (#)(a)	Weighted-average Exercise Price of Outstanding Options, Warrants and Rights (\$)(b)(1)	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (Excluding Securities Reflected in Column (a)) (#) (c)
Equity compensation plans approved by security holders	10,091,871	10.62	4,343,174(2)
Equity compensation plans not approved by security holders			
Total	10,091,871	10.62	4,343,174

- (1) The weighted-average exercise price excludes shares issuable upon vesting of outstanding stock awards, which have no exercise price.
- (2) The number of shares available under our 2010 Equity Incentive Plan automatically increases each year, beginning July 1, 2010 through July 1, 2019, by an amount equal to the lesser of (i) 5% of the total number of shares of our outstanding common stock on June 30th of the preceding fiscal year or (ii) an amount determined by our Board. Subject to our Board providing that there shall be a lesser increase for a given fiscal year, the number of shares available under our 2010 Non-Employee Directors Stock Award Plan automatically increases each year, beginning July 1, 2010 through July 1, 2019, by an amount equal to the sum of (i) 200,000 shares, plus (ii) the aggregate number of shares of our common stock subject to stock awards granted pursuant to Section 5 of the 2010 Non-Employee Directors Stock Award Plan during the immediately preceding fiscal year.

Table of Contents**PROPOSAL 2:****RATIFICATION OF THE SELECTION OF PRICEWATERHOUSECOOPERS LLP****AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM****Recommendation of the Board of Directors**

The Board of Directors recommends that you vote FOR the ratification of the selection of PricewaterhouseCoopers LLP (PwC) as our independent registered public accounting firm for the current fiscal year, which is designated as Proposal No. 2 on the enclosed proxy card.

PwC served as QuinStreet's independent registered public accounting firm for the 2011 fiscal year. PwC has advised QuinStreet that it has no direct or indirect financial interest in QuinStreet. Representatives of PwC are expected to be present at the 2012 annual meeting of stockholders, with the opportunity to make a statement should they desire to do so, and will be available to respond to appropriate questions from stockholders. Our Audit Committee has retained PwC to continue to serve as QuinStreet's independent registered public accounting firm for fiscal year 2012. See Report of the Audit Committee.

The following table sets forth fees for professional services rendered by PwC, our independent auditors, for fiscal years 2012 and 2011.

	Fiscal Year 2012	Fiscal Year 2011
Audit Fees	\$ 1,242,000	\$ 1,211,974
Audit-Related Fees	\$ 115,900	104,300
Tax Fees	357,222	210,000
Total	\$ 1,715,122	\$ 1,526,274

Audit Fees consist of professional services rendered for the audit of our consolidated financial statements; the review of our interim consolidated financial statements included in quarterly reports; and services provided in connection with comfort letters, consents, and statutory and regulatory filings.

Audit-Related Fees consist of assurance and related services that are reasonably related to the performance of the audit or review of our consolidated financial statements and are not reported under Audit Fees. These services include due diligence in connection with our acquisitions; other accounting consultations in connection with transactions; attest services that are not required by statute or regulation; and consultations concerning financial accounting and reporting standards.

Tax Fees consist of professional services rendered for tax advice, planning and compliance (domestic and international). These services include the preparation and review of income tax returns, VAT tax returns and international returns and assistance regarding: transfer pricing; VAT matters; federal, state and international tax compliance; acquisitions; and international tax planning.

Other than the fees described above, we were not billed for any other fees for products or services provided by PwC in either of our last two fiscal years.

Management is required to review and obtain the prior approval of the Audit Committee for all non-audit services proposed to be provided by the independent accountants. We review whether the provision of such services by the independent accountants would be compatible with the maintenance of PwC's independence in the performance of its auditing functions for us.

The Audit Committee annually reviews its policy on audit and non-audit services performed by QuinStreet's independent registered public accounting firm. Unless a proposed service to be provided by QuinStreet's independent registered public accounting firm has received general pre-approval in accordance with the guidelines discussed below, it will require specific pre-approval by the Audit Committee. Any proposed services exceeding pre-approved fee levels will require additional pre-approval by the Audit Committee.

Table of Contents

The annual audit services engagement terms and fees are subject to the specific pre-approval of the Audit Committee. The Audit Committee must approve any significant changes in terms, conditions and fees resulting from changes in audit scope, company structure or other matters. Additional fees in excess of the amount initially approved in connection with the annual audit services require additional pre-approval by the Audit Committee. With respect to certain categories of non-audit services, the Audit Committee has concluded that the provision of such services does not impair QuinStreet's independent registered public accounting firm's independence, and the Audit Committee has provided (and the Audit Committee will annually review and provide) general pre-approved categories of services that may be provided by QuinStreet's independent registered public accounting firm without obtaining pre-approval for each specific non-audit assignment.

The term of any pre-approval is generally twelve months from the date of pre-approval, unless the Audit Committee provides for a different period. The Audit Committee may revise the list of general pre-approved services from time to time, based on subsequent determinations. The Audit Committee may delegate pre-approval authority to one or more of its members. The member or members to whom such authority is delegated shall report any pre-approval decisions to the Audit Committee at its next scheduled meeting. In addition, on a periodic basis, QuinStreet's management reports to the Audit Committee the services actually provided by QuinStreet's independent registered public accounting firm pursuant to the Audit Committee's pre-approval policy.

All audit and non-audit services described above were provided pursuant to pre-approval policies of the Audit Committee.

REPORT OF THE AUDIT COMMITTEE

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other QuinStreet filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent we specifically incorporate this Report by reference therein.

The Audit Committee of the Board of Directors has furnished the following report.

The charter of the Audit Committee of the Board of Directors of QuinStreet, Inc. (QuinStreet) specifies that the purpose of the Audit Committee is to act on behalf of the Board of Directors (the Board) of QuinStreet in fulfilling the Board's oversight responsibilities with respect to:

QuinStreet's corporate accounting and financial reporting processes, systems of internal control over financial reporting and audits of financial statements, as well as the quality and integrity of QuinStreet's financial statements;

reports and the qualifications, independence and performance of the independent registered public accounting firm or firms engaged as QuinStreet's independent outside auditors for the purpose of preparing or issuing an audit report or performing audit services and the performance of QuinStreet's internal audit function, if applicable; and

QuinStreet's legal, regulatory and ethical compliance programs as established by management and the Board.

In addition, the Audit Committee is charged with providing an avenue of open communication among QuinStreet's independent registered public accounting firm, financial management and any internal auditors.

The Audit Committee expects to consider further amendments to its Charter from time to time as rules and standards are revised and/or finalized by various regulatory agencies, including the SEC and The NASDAQ Stock Market, and to address any changes in QuinStreet's operations, organization or environment.

Table of Contents

The Audit Committee meets with management periodically to consider the adequacy of QuinStreet's disclosure and internal controls and compliance with applicable laws and company policies, as well as the quality of its financial reporting, including the application of critical accounting policies.

As part of its oversight activities, the Audit Committee monitors the scope and adequacy of QuinStreet's internal auditing program, including reviewing staffing levels and steps taken to implement recommended improvements in internal controls. The Audit Committee discusses these matters with QuinStreet's independent registered public accounting firm and with appropriate Company financial personnel and internal auditors.

The Audit Committee's meetings include, whenever appropriate, executive sessions with QuinStreet's independent registered public accounting firm, in each case without the presence of QuinStreet's management.

The Audit Committee appoints QuinStreet's independent registered public accounting firm for the purpose of issuing an audit report on QuinStreet's annual financial statements or performing related work and approves the firm's compensation.

As part of its oversight of QuinStreet's financial statements, the Audit Committee reviews and discusses with both management and QuinStreet's independent registered public accounting firm all annual and quarterly financial statements, including reviewing QuinStreet's specific disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations prior to their issuance.

During fiscal year 2012, the Audit Committee reviewed and discussed QuinStreet's financial statements with management, including significant accounting and disclosure matters. Management has represented to the Audit Committee that the financial statements were prepared in accordance with accounting principles generally accepted in the United States of America. The Audit Committee also discussed QuinStreet's earnings press releases, as well as financial information and earnings guidance, in accordance with The NASDAQ Stock Market corporate governance rules.

The Audit Committee received and reviewed the written disclosures and the letter from PwC required by applicable requirements of the Public Company Accounting Oversight Board regarding PwC's communications with the Audit Committee concerning independence.

The Audit Committee discussed with PwC matters relating to its independence, including monitoring compliance with QuinStreet's pre-approval of non-audit services and performing a review of audit and non-audit fees. The Audit Committee also discussed with PwC the matters required to be discussed by the statement on Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1. AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T, including the quality of QuinStreet's accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in QuinStreet's Annual Report on Form 10-K for the fiscal year ended June 30, 2012, for filing with the SEC.

PROPOSAL 3:

APPROVAL OF FISCAL YEAR 2012 COMPENSATION AWARDED TO

NAMED EXECUTIVE OFFICERS

Recommendation of the Board of Directors

The Board of Directors recommends that you vote FOR the approval of fiscal year 2012 compensation awarded to our Named Executive Officers, which is designated as Proposal No. 3 on the enclosed proxy card.

We are seeking an advisory, non-binding stockholder vote with respect to compensation awarded to our Named Executive Officers for fiscal year 2012. This proposal, commonly known as a say-on-pay proposal, gives our stockholders the opportunity to express their views on our Named Executive Officers' compensation as a whole. This vote is not intended to address any specific item of compensation or any specific Named Executive Officer but rather the overall compensation of all of our Named Executive Officers and the compensation philosophy, policies and practices described in this Proxy Statement.

The say-on-pay vote is advisory, and therefore not binding on QuinStreet, the Compensation Committee or our Board of Directors. The say-on-pay vote will, however, provide information to us regarding investor sentiment about our executive compensation philosophy, policies and practices, which the Compensation Committee will be able to consider when determining executive compensation for the remainder of the current fiscal year and beyond. Our Board of Directors and our Compensation Committee value the opinions of our stockholders and to the extent there is any significant vote against the Named Executive Officer compensation as disclosed in this proxy statement, we will consider our stockholders' concerns, and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

We believe that the information we have provided in the Executive Compensation section of this Proxy Statement, and in particular the information discussed in Executive Compensation Compensation Discussion and Analysis above, demonstrates that our executive compensation program was designed appropriately and is working to ensure management's interests are aligned with our stockholders' interests. Accordingly, we ask our stockholders to vote FOR the compensation awarded to our Named Executive Officers for fiscal year 2012, as disclosed under SEC rules, including the Compensation Discussion and Analysis, the compensation tables, and related narrative disclosures included in this proxy statement.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as householding, potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are QuinStreet stockholders will be householding our proxy materials. A single proxy statement may be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that it will be householding communications to your address, householding will continue until you are notified otherwise or until you notify your broker or the Company that you no longer wish to participate in householding.

If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement and annual report, you may (1) notify your broker, (2) direct your written request to: Investor Relations, QuinStreet, Inc., 950 Tower Lane, Suite 600, Foster City, California 94404 or (3) contact our Investor Relations department by telephone at (650) 578-7950. Stockholders who currently receive multiple copies of the

Table of Contents

proxy statement or annual report at their address and would like to request householding of their communications should contact their broker. In addition, the Company will promptly deliver, upon written or oral request to the address or telephone number above, a separate copy of the annual report and proxy statement to a stockholder at a shared address to which a single copy of the documents was delivered.

ANNUAL REPORT

Our annual report for the fiscal year ended June 30, 2012, including the consolidated financial statements audited by PwC, an independent registered public accounting firm, and their report thereon dated August 22, 2012, is being mailed to all stockholders with this proxy statement. In addition, a copy of our annual report, which includes our Form 10-K for the fiscal year ended June 30, 2012, as filed with the SEC, will be sent to any stockholder without charge upon written request to: QuinStreet, Inc., 950 Tower Lane, Suite 600, Foster City, California 94404, Attention: Investor Relations Department. Our annual report on Form 10-K can also be reviewed by accessing the SEC's Internet site at <http://www.sec.gov> or our Internet site at <http://investor.quinstreet.com/governance.cfm>. STOCKHOLDER PROPOSALS

Stockholders interested in submitting a proposal for inclusion in the proxy materials for our 2013 annual meeting of stockholders may do so by following the procedures prescribed in SEC Exchange Act Rule 14a-8. To be eligible for inclusion, our Corporate Secretary must receive stockholder proposals no later than May 23, 2013.

Stockholders may wish to have a proposal presented at the annual meeting of stockholders in 2013, but without the Company being required to include that proposal in the Company's proxy statement relating to that annual meeting of stockholders. Such proposals must be received by the Corporate Secretary not later than the close of business on July 28, 2013 and no earlier than the close of business on June 28, 2013, so long as the 2013 annual meeting of stockholders is not advanced by more than 30 days or delayed by more than 30 days from October 26, 2013 (the anniversary date of the prior year's annual meeting of stockholders), in which case a stockholder's proposal will be timely if it is delivered no earlier than the 120th day prior to such annual meeting and no later than the later of the 90th day prior to such annual meeting or the 10th day following the announcement of the date of the meeting. If QuinStreet does not receive notification of the proposal within that time frame it will be considered untimely, and we will not be required to present it at the 2013 annual meeting of stockholders.
