Item 1.01 Entry into a Material Definitive Agreement.

On February 19, 2013, F.N.B. Corporation (FNB), the parent company of First National Bank of Pennsylvania (FNB Bank), entered into an Agreement and Plan of Merger (the Merger Agreement) with PVF Capital Corp. (PVFC), the parent company of Park View Federal Savings Bank (Park View Federal), pursuant to which PVFC will merge with and into FNB (the Merger). Promptly following consummation of the Merger, it is expected that Park View Federal will merge with and into FNB Bank.

Pursuant to the Merger Agreement, shareholders of PVFC will receive 0.3405 shares (the Exchange Ratio) of FNB common stock for each common share of PVFC they own.

The Merger Agreement contains (a) customary representations and warranties of PVFC and FNB, including, among others, with respect to corporate organization, capitalization, corporate authority, third party and governmental consents and approvals, financial statements, and compliance with applicable laws, (b) covenants of PVFC and FNB to conduct their respective businesses in the ordinary course until the Merger is completed; and (c) covenants of PVFC and FNB not to take certain actions during such period. PVFC has also agreed that neither it nor its representatives will (i) solicit proposals relating to alternative business combination transactions or, (ii) subject to certain exceptions, enter into discussions concerning, furnish information in connection with, any proposals for alternative business combination transactions, or approve, endorse or recommend or take other actions relating to, an alternative business combination transaction.

Outstanding PVFC stock options and share awards relating to PVFC common shares will be converted into options and share awards relating to shares of FNB common stock upon consummation of the Merger, subject to adjustments based on the Exchange Ratio. Each outstanding warrant to purchase PVFC common shares will be cancelled at the Effective Time, and each holder of a warrant will be entitled to receive a cash payment from FNB based upon the average closing price of a share of FNB common stock as of the closing date, the Exchange Ratio and the strike price for the warrants. As defined in the Merger Agreement, the average closing price is the average composite closing price of a share of FNB common stock as reported by the New York Stock Exchange for each of the twenty consecutive trading days ending on and including the fifth trading day prior to the specified date.

Consummation of the Merger is subject to certain conditions, including, among others, approval of the Merger by PVFC shareholders, governmental filings and regulatory approvals and expiration of applicable waiting periods, accuracy of specified representations and warranties of each party, effectiveness of the registration statement to be filed by FNB with the SEC to register shares of FNB common stock to be offered to PVFC shareholders, receipt of tax opinions, and the absence of any injunctions or other legal restraints.

The Merger Agreement contains certain termination rights for each of PVFC and FNB, as the case may be, applicable upon the occurrence or non-occurrence of certain events, including: final, non-appealable denial of required regulatory approvals; if, subject to certain conditions, the Merger has not been completed by December 31, 2013; a breach by the other party that is not or

cannot be cured within 30 days if such breach would result in a failure of the conditions to closing set forth in the Merger Agreement; PVFC's shareholders failing to approve the transaction by the required vote; entry by PVFC into an alternative business combination transaction pursuant to a superior proposal, as defined by the Merger Agreement; or the failure by the Board of Directors of PVFC to recommend the Merger to its shareholders. If the Merger Agreement is terminated under certain circumstances, PVFC has agreed to pay FNB a termination fee of \$4.0 million.

In connection with the execution of the Merger Agreement, all of the directors of PVFC entered into substantially identical voting agreements with FNB pursuant to which such shareholders have agreed, among other things, to vote their respective PVFC common shares in favor of the approval of the Merger Agreement and the transactions contemplated thereby. The form of voting agreement is included in Exhibit 2.1 as an exhibit to the Merger Agreement and is incorporated herein by reference.

The foregoing summary of the Merger Agreement does not purport to be complete and is qualified in its entirety by reference to the complete text of such document, which is attached hereto as Exhibit 2.1 and is incorporated herein by reference.

The representations, warranties and covenants of each party set forth in the Merger Agreement have been made only for purposes of, were and are solely for the benefit of the parties to, the Merger Agreement, may be subject to limitations agreed upon by the contracting parties, including being qualified by confidential disclosures made for the purposes of allocating contractual risk between the parties to the Merger Agreement instead of establishing these matters as facts, and may be subject to standards of materiality applicable to the contracting parties that differ from those applicable to investors. In addition, the representations and warranties in the Merger Agreement (i) will not survive consummation of the Merger, unless otherwise specified therein, and cannot be the basis for any claims under the Merger Agreement by the other party after termination of the Merger Agreement, except as the result of a willful breach, and (ii) were made only as of the date of the Merger Agreement or such other date as is specified in the Merger Agreement. Moreover, information concerning the subject matter of the representations and warranties may change after the date of the Merger Agreement, which subsequent information may or may not be fully reflected in the parties' public disclosures. Accordingly, the Merger Agreement is included with this filing only to provide investors with information regarding the terms of the Merger Agreement, and not to provide investors with any other factual information regarding FNB, PVFC, their respective affiliates or their respective businesses. The Merger Agreement should not be read alone, but should instead be read in conjunction with the other information regarding FNB or PVFC, their respective affiliates or their respective businesses, the Merger Agreement and the Merger that will be contained in, or incorporated by reference into, the Registration Statement on Form S-4 that will include a Proxy Statement of PVFC and a Prospectus of FNB, as well as in the Forms 10-K, Forms 10-Q and other filings that each of FNB and PVFC make with the SEC.

Cautionary Statements Regarding Forward-Looking Information

This Current Report on Form 8-K contains forward looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, which contain FNB's expectations or predictions of future financial or business performance or conditions. Forward-looking statements are typically identified by words such as believe, expect, anticipate, intend, target, estimate, continue, positions, prospects or potential, and conditional verbs such as will, would, should, could or may, or by variations of such words or by similar expressions. These forward-looking statements are subject to numerous assumptions, risks and uncertainties which change over time. Forward-looking statements speak only as of the date they are made and we assume no duty to update forward-looking statements.

In addition to factors previously disclosed in FNB's reports filed with the SEC and those identified elsewhere in this filing, the following factors among others, could cause actual results to differ materially from forward-looking statements or historical performance: ability to obtain regulatory approvals and meet other closing conditions to the Merger, including approval by PVFC shareholders, on the expected terms and schedule; delay in closing the Merger; difficulties and delays in integrating the FNB and PVFC businesses or fully realizing cost savings and other benefits; business disruption following the Merger; changes in asset quality and credit risk; the inability to sustain revenue and earnings growth; changes in interest rates and capital markets; inflation; customer acceptance of FNB products and services; customer borrowing, repayment, investment and deposit practices; customer disintermediation; the introduction, withdrawal, success and timing of business initiatives; competitive conditions; the inability to realize cost savings or revenues or to implement integration plans and other consequences associated with mergers, acquisitions and divestitures; economic conditions; and the impact, extent and timing of technological changes, capital management activities, and other actions of the Federal Reserve Board and legislative and regulatory actions and reforms.
