Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers

Compensatory Arrangements for Named Executive Officers

On February 27, 2014, the Compensation Committee (the Committee) of the Board of Directors of Popular, Inc. (the Corporation) granted restricted stock to its named executive officers (NEOs). The actions taken were consistent with the requirements of the Interim Final Rule on TARP Standards for Compensation and Corporate Governance issued by the U.S. Department of the Treasury in June 2009 (the TARP Interim Final Rule). The TARP Interim Final Rule imposes certain restrictions on compensation paid by the Corporation to its senior executive officers and certain other employees as a participant in the TARP Capital Purchase Program (CPP).

In light of the CPP-related restrictions, the Corporation's incentive program for NEOs is solely in the form of restricted stock, thereby aligning our executives' compensation with the Corporation's long-term profitability and the optimal use of shareholder capital. Consistent with the requirements of the CPP, the shares will vest (i.e., no longer be subject to forfeiture) on the second anniversary of the grant date and will be transferable in 25% increments as the Corporation repays each 25% portion of the aggregate financial assistance received under TARP, or in its totality upon completion of repayment of the TARP funds. However, in addition to the above CPP requirements, in order for the shares to be transferable the Corporation must also have achieved profitability for at least one fiscal year after the date of grant. The Committee added profitability as a condition for transferability in order to enhance the alignment of the Corporation's executive compensation with shareholder interests. The awards are subject to clawback if they are found to have been based on materially inaccurate financial statements or performance criteria.

Each NEO was granted the following shares of restricted stock upon consideration of the Corporation's financial performance during 2013, as well as individual financial and nonfinancial achievements. The grants are equivalent to 50% of prior-year earned base pay. In addition to base salary, equity grants represent the only other means for compensating the Corporation's NEOs.

Carlos J. Vázquez Executive Vice President and CFO; President, Banco Popular North America	11,481
Ignacio Alvarez Executive Vice President and Chief Legal Officer	10,802
