This Amendment No. 3 (this Amendment No. 3 ) amends and supplements the Solicitation/Recommendation Statement on Schedule 14D-9 filed with the Securities and Exchange Commission (the SEC ) on March 3, 2014 by National Interstate Corporation, an Ohio corporation (as amended or supplemented from time to time, including as amended by this Amendment No. 3, the Statement ).

Except as otherwise set forth below, the information set forth in the Statement remains unchanged and is incorporated herein by reference to the extent relevant to the items in this Amendment No. 3. Capitalized terms used but not otherwise defined herein have the meanings ascribed to such terms in the Statement.

**Item 4. *The Solicitation or Recommendation***

(a) The following is added immediately before the discussion of the board meeting held on February 17, 2014 in the section entitled *Item 4 The Solicitation or Recommendation Background of the Offer* :

On February 17, 2014, the board of directors received the management five year financial projections for the Company, consisting of projected financial statements for 2014-2018, including projected profit and loss statements, projected balance sheets and projected required capital. The projections had also been provided to Duff & Phelps in connection with its analysis of the Initial Offer Price. The projections assumed organic growth in Gross Premiums Written of 9.5% in 2014 and 10.0% in each of 2015-2018, retention ratio (Net Premiums Written/Gross Premiums Written) of 83.6% in 2014 and 85.0% in each of 2015-2018, and Loss Ratio of 72.8% in 2014 and 72.0% in each of 2015-2018. The projections, including for 2014, do not consider favorable or unfavorable development from prior years loss reserves. The projections are attached as Annex A to this Statement and are incorporated herein by reference.

In addition, in connection with the consideration of a potential acquisition by the Company in January 2014 unrelated to the offer, management of the Company prepared certain initial five year (2014-2018) financial projections that were shared, in the ordinary course, with senior executives of the Purchaser and AFG solely in connection with the consideration of such potential acquisition by the Company. The Company did not ultimately pursue the potential acquisition. The projections assumed organic growth in Gross Premiums Written of 10.2% in 2014, 12.9% in 2015, 13.0% in 2016, and 12.0% in each of 2017 and 2018, retention ratio (Net Premiums Written/Gross Premiums Written) of 83.6% in 2014 and 85.0% in each of 2015-2018, and Loss Ratio of 73.0% in 2014 and 72.0% in each of 2015-2018. The projections, including for 2014, do not consider favorable or unfavorable development from prior years loss reserves. The projections are attached as Annex B to this Statement and are incorporated herein by reference.

Starting with 2015, projections for every year have higher potential variability than projections for a preceding year because projections for succeeding years reflect the assumption that projections for preceding years have been realized. The projections were not prepared for the purpose of evaluating the offer; rather they were prepared and utilized for purposes of internal management analysis. The projections contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, as amended. Please see *Certain Forward-Looking Statements* for more information and the first page of Annex A for additional disclosures specifically related to the projections.

**Certain Forward-Looking Statements**

This Statement contains and incorporates by reference certain forward-looking statements. All statements other than statements of historical fact included or incorporated by reference in this Statement are forward-looking statements. There is no assurance that the Company's expectations reflected in such forward-looking statements will prove to have been correct. A number of risks and uncertainties could cause actual events or results to differ materially from these statements, including without limitation, the risk factors described from time to time in the Company's documents and reports filed with the SEC. Accordingly, actual future events may differ materially from those expressed or implied in any such forward-looking statements.

**SIGNATURE**

After reasonable inquiry and to the best of its knowledge and belief, the undersigned certifies that the information set forth in this statement is true, complete and correct.
