Persons Making the Solicitation

The Board of Directors of the Company is soliciting proxies. The Company will bear the expense of preparing, assembling, printing and mailing this proxy statement and the material used in the solicitation of proxies for the Meeting. The Company contemplates that proxies will be solicited principally through the use of the mail, but officers, directors and employees of the Company may solicit proxies personally or by telephone, without receiving special compensation for the solicitation. Although there is no formal agreement to do so, the Company will reimburse banks, brokerage houses and other custodians, nominees and fiduciaries for their reasonable expenses in forwarding these proxy materials to their principals. In addition, the Company may utilize the services of individuals or entities not regularly employed by the Company in connection with the solicitation of proxies, if management of the Company determines that this is advisable.

Voting Securities

Management of the Company has fixed March 31, 2014 as the record date for purposes of determining the shareholders entitled to notice of, and to vote at, the Meeting. On March 31, 2014, there were 4,789,639 shares of the Company's common stock issued and outstanding. Each holder of the Company's common stock will be entitled to one vote for each share of the Company's common stock held of record on the books of the Company as of the record date. In connection with the election of directors, shares may be voted cumulatively if a shareholder present at the Meeting gives notice at the Meeting, prior to the voting for election of directors, of his or her intention to vote cumulatively. If any shareholder of the Company gives that notice, then all shareholders eligible to vote will be entitled to cumulate

their shares in voting for election of directors. Cumulative voting allows a shareholder to cast a number of votes equal to the number of shares held in his or her name as of the record date, multiplied by the number of directors to be elected. These votes may be cast for any one nominee, or may be distributed among as many nominees as the shareholder sees fit. If cumulative voting is declared at the Meeting, votes represented by proxies delivered pursuant to this proxy statement may be cumulated in the discretion of the proxy holders, in accordance with management's recommendation.

The effect of broker non-votes is that such votes are not counted as being voted; however, such votes are counted for purposes of determining a quorum. The effect of a vote of abstention on any matter is that such vote is not counted as a vote for or against the matter, but is counted as an abstention.

Shareholder Communication with the Board of Directors

If you wish to communicate with the Board of Directors or the Chairman of the Board you may send correspondence to the Corporate Secretary, Plumas Bancorp, 35 S. Lindan Avenue, Quincy, California 95971. The Corporate Secretary will perform a review of such correspondence to ensure that communications forwarded to the Board or the Chairman preserve the integrity of the process. For example, items that are unrelated to the duties and responsibilities of the Board or the Chairman such as spam, junk mail and mass mailings, product complaints, personal employee complaints, product inquiries, new product suggestions, resumes and other forms of job inquiries, surveys, business solicitations or advertisements (the "Unrelated Items") will not be forwarded. In addition, material that is unduly hostile, threatening, illegal or similarly unsuitable will not be forwarded. Any communication that is relevant to the conduct of the Company's business and is not forwarded will be retained for one year (other than Unrelated Items) and made available to the Chairman and any other independent director on request. The independent directors grant the Corporate Secretary discretion to decide what correspondence shall be shared with the Company's management and specifically instruct that any personal employee complaints be forwarded to the Company's Human Resources Department.

Board Role in Risk Oversight

The Board's duties include understanding and assessing risks to the Company and monitoring the management of those risks. To fulfill this responsibility the directors are expected to attend all meetings and review materials in advance of the meetings. Each meeting includes a review of the activities of each board committee including the committee's activities related to risk management. Each of our board committees concentrates on specific risks for which they have an expertise and each committee is required to regularly report to the Board of Directors on its findings.

The Board believes that evaluating how the executive team manages the various risks confronting the Company is one of its most important areas of oversight. In carrying out this critical responsibility, the Board has designated the Audit Committee with primary responsibility for overseeing enterprise risk management. While the Audit Committee has primary responsibility for overseeing enterprise risk management, each of the other Board committees also considers risk within its area of responsibility. For example, the Corporate Governance Committee reviews risks related to legal and regulatory compliance as they relate to corporate governance structure and processes, and reviews risks related to compensation matters. The Board is apprised by the committee chairs of significant risks and management's response to those risks via periodic reports. While the Board and its committees oversee risk management strategy, management is responsible for implementing and supervising day-to-day risk management processes and reporting to the Board and its committees on such matters.

Furthermore, because the banking industry is highly regulated, certain risks to the Company are monitored by the Board through its review of the Company's compliance with regulations set forth by its regulatory authorities, including the FDIC and recommendations contained in regulatory examinations.

With respect to risk related to compensation matters, the Corporate Governance Committee considers, in establishing and reviewing the Company's executive compensation program, whether the program encourages unnecessary or excessive risk taking and has concluded that it does not. Executives' base salaries are fixed in amount and thus do not encourage risk-taking. During 2013, the Company established a non-equity incentive plan (the NEI) for its officer level employees, exclusive of its CEO. Under the NEI, an allocation of 50% of pretax income in excess of budgeted pretax income is payable to eligible employees up to a maximum of \$250,000 for all eligible employees. For 2013, the entire \$250,000 was earned. No individual officer's earnings under the NEI exceeded \$10,000. Mr. Ryback was not included in the NEI as during most of 2013 we were subject to restrictions on paying incentives to our CEO under the Troubled Asset Relief Program Capital Purchase Program (TARP). The Corporate Governance Committee concluded that the NEI as described above did not encourage unnecessary or excessive risk taking. The other significant source of compensation to executives is in the form of long-term equity awards that are important to help further align executives' interests with those of the Company's shareholders. The Corporate Governance Committee believes that these awards do not encourage unnecessary or excessive risk-taking since the ultimate value of the awards is tied to the Company's stock price, and awards are subject to long-term vesting schedules to help ensure that executives have significant value tied to long-term stock price performance.

The Corporate Governance Committee has also reviewed the Company's compensation programs for employees generally and has concluded that these programs do not create risks that are reasonably likely to have a material adverse effect on the Company. The Corporate Governance Committee believes that the design of the Company's annual cash and long-term equity incentives provides an effective and appropriate mix of incentives to help ensure the Company's performance is focused on long-term shareholder value creation and does not encourage the taking of short-term risks at the expense of long-term results.

Leadership Structure of Board

The Board believes that the Company and its shareholders are best served by having an independent Board Chairman and a separate CEO. We separate these roles in recognition of the differences between the two roles. The CEO is responsible for day-to-day leadership and performance of the Company, while the Chairman of the Board provides strategic guidance to the CEO and presides over meetings of the full Board.

Code of Ethics

The Board of Directors has adopted a code of business conduct and ethics for directors, officers (including the Company's principal executive officer and principal financial officer) and financial personnel, known as the Corporate Governance Code of Ethics. This Code of Ethics Policy is available on the Company's website at www.plumasbank.com. Shareholders may request a free copy of the Code of Ethics Policy from Plumas Bancorp, Ms. Elizabeth Kuipers, Investor Relations, 35 S. Lindan Avenue, Quincy, California 95971. Additionally, a copy of the Company's Corporate Governance Code of Ethics can be accessed at <http://www.plumasbank.com>. Click on the Investor Relations tab and then Governance Documents.

Audit Committee

The Company has an Audit Committee composed of Mr. McClintock, Chairman and Messrs. Flournoy, Grohs and Reeson. The Board has determined that each member of the Audit Committee meets the independence and experience requirements of the listing standards of NASDAQ and the SEC. The Board has also determined that Mr. Robert J. McClintock is qualified as an audit committee financial expert and that he has accounting or related financial management expertise, in each case in accordance with the rules of the SEC and NASDAQ's listing standards.

The Audit Committee met 8 times during 2013. The Audit Committee reviews all internal and external audits including the audit by Crowe Horwath LLP, the Company's independent auditor for 2013. The Audit Committee reports any significant findings of audits to the Board of Directors, and ensures that the Company's internal audit plans are met, programs are carried out, and deficiencies and weaknesses, if any, are addressed. The Audit Committee meets regularly to discuss and review the overall audit plan. The Audit Committee's policy is to pre-approve all recurring audit and non-audit services provided by the independent auditors through the use of engagement letters. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to particular service or category of services and is generally subject to a specific budget. The independent auditors and management are required to periodically report to the Audit Committee regarding all services provided by the independent auditors and fees associated with those services performed to date. The fees paid to the independent auditors in 2013 and 2012 were approved per the Audit Committee's pre-approval policies.

Audit Committee Report

This report of the Audit Committee shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under the Acts.

The Board of Directors and the Audit Committee has reviewed the Company's audited financial statements and discussed such statements with management. The Audit Committee has discussed with Crowe Horwath LLP, the Company's independent auditors during the year 2013, the matters required to be discussed by Statement of Auditing Standards No. 61, as amended (Communication with Audit Committee, as amended).

The Audit Committee received written disclosures and a letter from Crowe Horwath LLP, required by Independence Standards Board Standard No. 1 and has discussed with them their independence from management. The Audit Committee has also considered whether the independent auditors' provision of other non-audit services is compatible with the auditors' independence.

Based on the review and discussions noted above, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2013, for filing with the SEC.

THE AUDIT COMMITTEE:

Robert J. McClintock, Chairman
Arthur C. Grohs

John Flournoy
Terrance J. Reeson

Corporate Governance Committee

The Company has a Corporate Governance Committee which met 6 times during 2013. The Corporate Governance Committee consists of Mr. Flournoy, Chairman, and Messrs. Grohs, Reeson and West. The Board has determined that Messrs. Flournoy, Grohs, Reeson and West are independent within the meaning of the listing standards and rules of NASDAQ. The Corporate Governance Committee provides assistance to the Board by identifying qualified individuals as prospective Board members, recommends to the Board the director nominees for election at the annual meeting of shareholders, nominates the Chairperson and Vice-Chairperson of the Board, oversees the annual review and evaluation of the performance of the Board and its committees, and develops and recommends corporate governance guidelines to the Board of Directors.

The Corporate Governance Committee also at least annually reviews, adjusts (as necessary), and approves the Company's directors' compensation, including cash, equity or other compensation for service on the Board, any committee of the Board and as Chairperson of the Board or any committee of the Board, at least annually reviews, adjusts (as necessary) and approves the Chief Executive Officer's compensation, provides advice and consents to the Chief Executive Officer in the review and adjustment of executive officer compensation (other than the Chief Executive Officer), approves the compensation strategy for the Company's employees, reviews and recommends for approval by the Board all equity-based compensation, including stock options and stock grants and approves other personnel matters, which are in excess of management's authority.

The Corporate Governance Committee is also responsible for compliance with the Emergency Economic Stabilization Act, as amended with respect to the semi-annual review and certification of incentive compensation arrangements for the Chief Executive Officer and other senior executive officers to ensure that the senior executive officer (SEO) incentive compensation arrangements do not encourage the senior executive officers to take unnecessary and excessive risks that threaten the value of the Company for the duration that the Company has funds from the United States Treasury under the Capital Purchase Program (the CPP). The Corporate Governance Committee completed two such reviews during 2013 and identified and limited during the applicable period any features of the SEO compensation plans that could lead SEOs to take unnecessary and excessive risks that could threaten the value of the Company, and during that same applicable period identified any features of the employee compensation plans that pose risks to the Company and limited those features to ensure that the Company is not unnecessarily exposed to risks. The Corporate Governance Committee has reviewed the terms of each employee compensation plan and identified any features of the plan that could encourage the manipulation of reported earnings of the Company to enhance the compensation of an employee and has limited those features. During 2013 the Company repurchased all preferred stock issued under the CPP and effective October 25, 2013 the Company no longer had funds outstanding related to the CPP. As a result, the Company is no longer subject to the requirements and limitations of the TARP program.

The Corporate Governance Committee has the authority, to the extent it deems necessary, to retain and terminate an outside compensation consultant to assist in the evaluation of director and executive officer compensation and benefit matters. During the year ending December 31, 2013 the Corporate Governance Committee did not engage an outside compensation consultant.

The Corporate Governance Committee does not have any written specific minimum qualifications or skills that the committee believes must be met by either a committee-recommended or a shareholder-recommended candidate in order to serve on the Board. The Corporate Governance Committee identifies nominees by first evaluating the current members of the Board willing to continue in service. Current members of the Board with skills and experience that are relevant to the Company's business and who are willing to continue in service are considered for re-nomination, balancing the value of continuity of service by existing members of the Board with that of obtaining a new perspective. If any member of the Board does not wish to continue in service or if the Corporate Governance Committee or the Board decided not to re-nominate a member for re-election, the Corporate Governance Committee identifies the desired skills and experience of a new nominee in light of the following criteria. While no specific diversity policy exists, when identifying and evaluating new directors, the Corporate Governance Committee considers the diversity and mix of the existing members of the Board, including, but not limited to, such factors as: the age of the current directors, their geographic location (being a community bank, there is a strong preference for local directors), background, skills and employment experience. Among other things, when examining a specific candidate's qualifications, the Corporate Governance Committee considers the candidate's: ability to represent the best interest of the Company; existing relationships with the Company; interest in the affairs of the Company and its purpose; ability to fulfill director responsibilities; leadership skills; reputation within the Company's community; community service; integrity; business judgment; ability to develop business for the Company; and ability to work as a member of a team. The Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. Nominees are not discriminated against on the basis of race, religion, national origin, sexual orientation, disability or any other basis proscribed by law. All nominees to be considered at the Meeting were recommended by the Corporate Governance Committee.

The Corporate Governance Committee will consider nominees to the Board proposed by shareholders, although the Board has no formal policy with regard to shareholder nominees as it considers all nominees on their merits as aforementioned. Any shareholder nominations proposed for consideration by the Board may only be made by complying with the procedures which are included in this proxy statement and should be addressed to:

Non-Equity Incentive Plan

During 2013 the Company established a non-equity incentive plan (the NEI) for its officer level employees, exclusive of its CEO. Under the NEI an allocation of 50% of pretax income in excess of budgeted pretax income is payable to eligible employees up to a maximum of \$250,000 for all eligible employees. For 2013 the entire \$250,000 was earned. No individual officer's earnings under the NEI exceeded \$10,000. Mr. Ryback was not included in the NEI as during most of 2013 we were subject to restrictions on paying incentives to our CEO under the Troubled Asset Relief Program Capital Purchase Program. The Company did not provide a non-equity incentive plan for its employees during 2012 and no bonus or incentive payments were made in 2013 or 2012.

Stock Option Awards

We consider equity compensation in the form of annual stock option awards an important component of our total compensation package because it helps align the interests of our executives to those of our shareholders and provides a significant retention benefit. During 2013 the Company's shareholders approved the Plumas Bancorp 2013 Stock Option Plan (2013 Plan) which allows for the granting of stock option awards to employees. The 2013 Plan is for a term of 10 years. No more than 500,000 shares of common stock may be issued pursuant to Awards of stock options.

The Corporate Governance Committee approves and recommends to the Board for its approval all stock option grants.

There were no stock options granted during the years ended December 31, 2013 and 2012. The Company makes grants of equity-based compensation only at fair market value of our stock at the time of grant. The exercise price of stock options is set at the closing stock price on the date of grant. All option grants have a maximum vesting period of five (5) years and expire no more than ten (10) years from the date of grant.

The Company incorporates the officer's position level in the determination of the total value of the equity-based compensation to be included in the officer's total compensation. The higher the officer's level, the more options that may be granted to the officer. Additional options may be granted to an individual based on outstanding achievement. This is consistent with the Company's philosophy of rewarding those officers who have the most impact on our performance.

Post-Employment Benefits and Potential Payments Upon Termination Or Change of Control

We consider providing significant post-employment benefits in the form of providing salary continuation benefits to our executives as an important part of their total executive compensation to reward them for their service and loyalty to the Company. The Company has entered into salary continuation agreements with Mr. Ryback and Ms. Dembosz. The purpose of the salary continuation agreements is to provide special incentive to the experienced executive officer to continue employment with the Company on a long-term basis. The agreements provide the executive with salary continuation benefits of up to \$62,000 per year for 15 years after retirement at age 65. In the event of death prior to retirement, the executive's beneficiary will receive salary continuation benefits at a reduced amount depending on the length of service with the Company or in the case of Mr. Ryback his beneficiary is entitled to a portion of the death benefits pursuant to a split dollar agreement. In the event of disability wherein the executive does not continue employment with the Company, the executive is entitled to salary continuation benefits, at a reduced amount depending on the length of service with the Company, beginning at age 65 or on the date on which he is no longer entitled to disability benefits under the Company's group disability insurance, whichever is earlier. If the executive terminates employment with the Company for a reason other than death or disability prior to the retirement age of 65, such person will be entitled to salary continuation benefits at a reduced amount depending on the length of service with the Company. The vesting of salary continuation benefits for Mr. Ryback occurs at a rate that provides for a 90% vesting at age 60 and 2% per year for the next five years of service, for a total vesting of 100%. Ms. Dembosz's salary continuation benefits were approximately 32% vested at age 60. Between age 60 and 65 her vesting will increase at an annual rate of between 13% and 15% per year and she will become fully vested at age 65.

In the event of a change of control of the Company and the executive terminates employment with the Company or its successor within a period of 24 months after such change in control, then the executive may elect full vesting of his salary continuation payments and the payment of the salary continuation benefits beginning with the month following the month of termination, subject to the reduction of benefits if the benefits result in a limitation of deductibility of such benefits for the Company under Section 280G of the Internal Revenue Code. The salary continuation benefits are informally funded by single premium life insurance policies with the executive as the insured parties and the Company as the beneficiary of the policies.

The Company has entered into a split dollar agreement with Mr. Ryback. The purpose of the split dollar agreement is to provide special incentive to Mr. Ryback to continue employment with the Company on a long-term basis. To accomplish this, the Company agrees to divide the net death proceeds of life insurance policies on Mr. Ryback's life with Mr. Ryback's beneficiary. However, Mr. Ryback's rights or interests in the split dollar policies no longer exist once he ceases to be employed by the Company for any reason whatsoever prior to normal retirement age provided that he has received or had the opportunity to receive any benefit under his executive salary continuation agreement.

The Company has agreed to pay the taxes on the imputed income on the life insurance benefit provided to Mr. Ryback under the split dollar agreement.

Perquisites

We offer a qualified 401(k) plan in which the named executive officers participate on the same terms as all other employees. On April 1, 2010 we discontinued the Company's matching contribution but hope to reinstate it in 2015. In addition we offer medical, dental and vision plans under the same terms to all employees. Other perquisites and benefits, which do not represent a significant portion of the named executive's total compensation, include for Mr. Ryback a Company provided automobile, Company provided gasoline and maintenance and the payment of Mr. Ryback's portion of the split dollar insurance. Mr. Ryback, Ms. North and Mr. Wilson also receive a monthly allowance to cover the business portion of their cellular phone use and are provided with gasoline for the business use of their automobiles. These plans, and the contributions we make to them, provide an additional benefit to attract and retain executive officers of the Company.

Non-Qualified Stock Options: On March 16, 2011, the Company granted to each of its directors 3,200 in non-qualified stock options with an exercise price of \$2.95 per share. The options vest 25% per year beginning on March 16, 2012 and have an eight year life. No stock options were granted to directors during 2013. The Company makes grants of non-qualified stock options only at fair market value of our stock at the time of grant. All option grants have a maximum vesting period of five (5) years and expire no more than ten (10) years from the date of grant. Upon a change in control, all stock options held by directors may vest and become exercisable.

Director Emeritus Plans

Director Retirement Agreement: The Company has entered into Director Retirement (fee continuation) Agreements with its non-employee Directors excluding Mr. Elliott and Mr. Coldani. Mr. Elliott retired as President and Chief Executive Officer of the Company during 2005 and is currently receiving benefits under his executive salary continuation agreement. The purpose of the fee continuation agreements is to provide a retirement benefit to the Board members as an incentive to continue informal service with the Company. The agreements provide for fee continuation benefits of up to \$10,000 per year with a term of 12 years after retirement with the exception that Board members Flournoy and McClintock's agreements have a term of 15 years. In the event of death prior to retirement, the beneficiary will receive full fee continuation benefits, with the exception of Messrs. Flournoy and McClintock's beneficiaries who would be entitled to receive a lump sum payment of \$30,000. In the event of disability wherein the director does not continue service with the Company, the director is entitled to fee continuation benefits, at a reduced amount depending on the length of service with the Company, beginning the month following termination of service. The agreements, with the exception of Messrs. Flournoy and McClintock's agreements, allow for a Hardship Distribution under specified circumstances. Hardship Distributions are limited to the amount the Company had accrued under the terms of the agreement as of the day the director petitioned the Board to receive a Hardship Distribution. Upon a change in control, the director is eligible to receive the full fee continuation benefits upon the director's termination of service. The fee continuation benefits, with the exception of Mr. McClintock's benefits, are informally funded by single premium life insurance policies. The directors are the insured parties and the Company is the beneficiary of the respective policies.

Post-Retirement Consulting Agreement: The Company has entered into Post-Retirement Consulting Agreements with its non-employee Directors with the exception of Messrs. Flournoy, Elliott, McClintock and Coldani. The purpose of the Agreements is to provide consideration to the Board members in exchange for consulting services after their retirement from the Board. The Agreements provide for consulting fees of \$10,000 per year for 3 years after retirement. In the event of death prior to completion of the consulting services, the beneficiary will receive death benefits equal to the remaining unpaid consulting fee benefits. In the event of disability wherein the retired director is unable to continue consulting services with the Company, the Company may terminate the director's post-retirement consulting services. If the retired director voluntarily terminates his or her consulting services for other than good reason or if the Company terminates the director's post-retirement consulting services for cause, the Post-Retirement Consulting Agreement shall terminate.

The table below summarizes the compensation paid by the Company to non-employee Directors for the fiscal year ended December 31, 2013.

The audit report of Crowe Horwath LLP on the consolidated financial statements of the Company for the years ended December 31, 2013 and December 31, 2012 did not contain an adverse opinion or a disclaimer of opinion, and was not qualified or modified as to uncertainty, audit scope or accounting principles. During the years ended December 31, 2013 and December 31, 2012 and the subsequent interim period through March 20, 2014 there were: (1) no disagreements between the Company and Crowe Horwath LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which disagreements, if not resolved to the satisfaction of Crowe Horwath LLP would have caused them to make reference thereto in their reports on the Company's financial statements for such years, and (2) no reportable events within the meaning set forth in Item 304(a)(1)(v) of Regulation S-K.

During the years ended December 31, 2013 and December 31, 2012, and the subsequent interim period through March 20, 2014 the Company did not consult Vavrinek, Trine, Day & Company, LLP regarding: (1) the application of accounting principles to a specified transaction, either completed or proposed; (2) the type of audit opinion that might be rendered on the Company's financial statements, and Vavrinek, Trine, Day & Company, LLP did not provide any written report or oral advice that Vavrinek, Trine, Day & Company, LLP concluded was an important factor considered by the Company in reaching a decision as to any such accounting, auditing or financial reporting issue; or (3) any matter that was either the subject of a disagreement or a reportable event.

Representatives of Vavrinek, Trine, Day & Company, LLP will be present at the Meeting, will have an opportunity to make any statement that they may desire to make, and will be available to answer appropriate questions from shareholders.
