On or about May 1, 2014, the Company first mailed to its shareholders its Annual Report to Shareholders for the fiscal year ended December 31, 2013, which we refer to as the Annual Report. Any shareholder who holds shares in street name, whether through a broker, bank or other custodian, and desires to attend the Annual Meeting, should inform the shareholder's broker or other custodian and request a legal proxy from the broker or custodian. The shareholder will need to bring the legal proxy to the Annual Meeting along with valid picture identification. If the shareholder does not have a legal proxy, then the shareholder should bring to the Annual Meeting the shareholder's most recent brokerage account statement showing that the shareholder owned Aaron's common stock as of the record date; however, in any event, a street name shareholder will not be able to vote at the Annual Meeting without a legal proxy. Shareholders are advised that if they own shares in street name and obtain a legal proxy, any previously executed proxy will be revoked, and the shareholder's vote will not be counted unless the shareholder appears at the Annual Meeting and votes in person or legally appoints another proxy to vote on its behalf.

VOTING SECURITIES AND VOTE REQUIRED

Record Date; Shares Outstanding

As of April 17, 2014, the record date for determination of persons entitled to receive notice and vote at the Annual Meeting, there were 72,220,357 shares of common stock outstanding. Each share of common stock entitles the holder thereof to one vote for each matter properly before the Annual Meeting.

Voting Instructions

If you are a holder of record of common stock as of the record date, you may vote for the Board's Director-nominees, Mr. Ronald W. Allen, Mr. Ray M. Robinson and Mr. Brian R. Kahn, by completing, signing, dating and returning the enclosed proxy card by mail. To vote by using the enclosed proxy card, mark your selections on the enclosed proxy card, date the proxy card and sign your name exactly as it appears on your proxy card, and return your proxy card by mail in the pre-addressed, postage-paid envelope enclosed with this Proxy Statement for such purpose. If you are a holder of record of common stock as of the record date, you may also vote by (i) completing your proxy on the internet at the address listed on your proxy card or by telephone using the telephone number listed on the proxy card or (ii) attending the Annual Meeting and voting thereat in person. Votes at the Annual Meeting will be taken by written ballot. At the commencement of the Annual Meeting, we will distribute a written ballot to any shareholder of record who attends the Annual Meeting and wishes to vote thereat in person.

If your shares are held in street name, whether through a broker, bank or other nominee, only they can sign a proxy card with respect to your shares. You are therefore urged to contact the person responsible for your account and give them instructions for how to complete a proxy card representing your shares so that it can be timely returned on your behalf. You also should confirm in writing your instructions to the person responsible for your account and provide a copy of those instructions to our proxy solicitor, MacKenzie Partners (using the contact information on page 51 of this Proxy Statement), so that they can attempt to ensure that your instructions are followed.

The Board unanimously recommends a vote FOR each of the Board's three Director-nominees, Mr. Ronald W. Allen, Mr. Ray M. Robinson and Mr. Brian R. Kahn.

If you have any questions about the procedures for admission to the Annual Meeting, please contact our proxy solicitors, MacKenzie Partners, toll free at (800) 322-2885 or collect at (212) 929-5500 or via e-mail at aarons@mackenziepartners.com. Please see below for a discussion of how to revoke your proxy.

Quorum And Vote Required

The presence, in person or by proxy, of holders of more than 50% of the outstanding common stock as of April 17, 2014, the record date for the Annual Meeting, is necessary to constitute a quorum at the Annual Meeting. All proxies representing shares that are entitled to vote at the meeting, including abstentions, votes to withhold authority and broker non-votes, will be counted toward establishing whether there is a quorum present at the Annual Meeting.

Assuming a quorum is present, for either of proposals 1 or 3 to be approved, the votes cast by holders of shares of common stock present, in person or represented by proxy, at the Annual Meeting in favor of a proposal must exceed the votes cast rejecting the proposal.

Because, as described in the section captioned *Additional Information Background of Vintage Communication* beginning on page 46, Vintage Capital Management LLC, which we refer to as Vintage Capital, properly nominated

insurgent Director-candidates for election to the Board and withdrew such nominations on May 13, 2014, a date which is after the 10th day preceding the date that the Company

Table of Contents

expects to first mail its notice of meeting to shareholders, the Company's bylaws provide that directors will be elected by a plurality of the votes cast at the annual meeting. Plurality means that the nominees or candidates receiving the greatest number of affirmative votes will be elected as directors, up to the number of directors to be chosen at the meeting. Shareholders may vote for or withhold authority for the Director-nominees.

For other matters that may be properly presented at the Annual Meeting, the matter will be approved if the votes cast favoring the matter exceed the votes cast opposing the matter, unless a greater vote is required by law.

Broker non-votes, abstentions and votes to withhold authority will have no effect on the outcome on the vote for the election of directors or any other matter. Broker non-votes occur on a matter up for vote when a broker, bank or other holder of shares you own in street name is not permitted to vote on that particular matter without instructions from you, you do not give such instructions, and the broker or other nominee indicates on its proxy card, or otherwise notifies us, that it does not have authority to vote its shares on that matter. Whether a broker has authority to vote its shares on uninstructed matters is determined by stock exchange rules.

Revocation

Each proxy card that is properly executed and returned by a shareholder will be voted as specified therein by the shareholder unless it is revoked. Shareholders are requested to execute the enclosed proxy card and return it in the enclosed envelope, or submit their proxy in the manner described on the enclosed proxy card. If no direction is specified on the enclosed proxy card as to any matter being acted upon, the shares represented by the proxy will be voted **FOR** each of proposals 1 and 2, and 3 and in accordance with the proxy holder's best judgment as to any other business that may properly come before the Annual Meeting.

Voting via telephone or the internet should be accomplished prior to June 9, 2014 at **11:59 p.m.** Eastern Time; proxy cards will be accepted when received up through the closing of the polls at the Annual Meeting. Any shareholder giving a proxy has the power to revoke it at any time before it is voted by submitting another proxy bearing a later date or by written notification to the Corporate Secretary of the Company. Shareholders who are present at the Annual Meeting may revoke their proxy and vote in person. If you hold your shares through a broker or other nominee (i.e., in street name), your broker or other nominee should provide you instructions on how you may instruct them to vote your shares on your behalf.

Solicitation

Only shareholders of record at 4:00 p.m. Eastern Time on April 17, 2014 are entitled to vote at the Annual Meeting. A list of all shareholders entitled to vote will be available for inspection at the Annual Meeting. The Company will bear the cost of soliciting proxies, including the charges and expenses of brokerage firms, banks, and others for forwarding solicitation material to beneficial owners of shares of the Company's Common Stock. The principal solicitation is being made by mail. Additional solicitations, however, may be made by telephone, facsimile, or personal interview by officers of the Company who will not be additionally compensated.

PROPOSAL ONE

AMENDMENT TO THE BYLAWS TO DECLASSIFY THE BOARD OF DIRECTORS

The Company's bylaws currently divide the Company's Board into three classes, which shall be as nearly equal in number as possible. At each annual meeting of shareholders, a class of directors is elected for a three-year term to succeed the directors of the same class whose terms are then expiring. The Board is currently comprised of two Class I directors: Ronald W. Allen and Ray M. Robinson, whose terms expire in 2014; three Class II directors, Kathy T. Betty, Leo Benatar and John B. Schuerholz whose terms expire in 2015; and three Class III directors, Cynthia N. Day, Hubert L. Harris and David K. Kolb, whose terms expire in 2016. Effective as of May 20, 2014, Mr. Brian R. Kahn will be appointed to the Board as a Class I director whose term expires in 2014.

Our Board evaluates on an ongoing basis our corporate governance policies, including the classified board structure. Our Board has carefully evaluated the current need for classified board structure and members of our Board have discussed this structure with certain of our shareholders as part of our regular shareholder communication. As a result of this evaluation and after carefully considering the advantages of both classified and declassified structures, our board of directors unanimously determined that declassification would be in the best interests of the Company and its shareholders.

Declassification of the Board requires an amendment to the bylaws which must be approved by the Company's shareholders. Accordingly, on May 11, 2014, the board of directors unanimously resolved to recommend that the shareholders of the Company approve the amendment to the Company's bylaws set forth on Appendix A attached hereto, which we refer to as the Proposed Amendment, to declassify the Board such that subsequent to such declassification, directors standing for election at each annual meeting of shareholders, commencing with the Annual Meeting, will be elected for a term expiring at the next annual meeting following their election and until their respective successor are elected and qualified. The Proposed Amendment will not shorten the term of any existing director.

If the Proposed Amendment is approved by the shareholders of the Company by the requisite vote at the Annual Meeting, then the Proposed Amendment will become effective immediately and will apply to the election of directors at the Annual Meeting. If the Proposed Amendment is approved: (i) at the Annual Meeting, the three Class I directors whose term expires the Annual Meeting, or their successors, will stand for election for a term that expires at the annual meeting of shareholders in 2015; (ii) at the annual meeting of shareholders in 2015, the three Class I directors elected at the Annual Meeting, or their successors, as well as the three directors Class II directors whose term expires at the annual meeting of shareholders in 2015, or their successors, will stand for election for a term that expires at the annual meeting of shareholders in 2016; and (iii) at the annual meeting of shareholders in 2016, all directors will stand for election for a term that expires at the annual meeting of shareholders in 2017. Upon such election at the annual meeting of shareholders in 2016, the declassification of the Company's board of directors will be complete and all directors thereafter will serve terms expiring upon the next annual meeting of shareholders following their election and until their respective successors are elected and qualify.

If the Proposed Amendment is not approved by the shareholders of the Company by the requisite vote at the Annual Meeting, the Company will continue to have a classified board of directors as currently provided for in the Company's bylaws.

For the Proposed Amendment to be approved, the votes cast by holders of shares of common stock present, in person or represented by proxy, at the Annual Meeting in favor of proposal 1 must exceed the votes cast rejecting such proposal.

No appraisal rights are available under the Georgia Business Corporation Code, our Amended and Restated Articles of Incorporation or our bylaws to any shareholder who does not vote in favor of the adoption and approval of the Proposed Amendment.

Table of Contents

After careful consideration, the Board concluded that an amendment to the Company's bylaws to provide for declassification of the Board and for the annual election of directors would be in the best interests of the Company and its shareholders. Accordingly, **OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE APPROVAL OF THE AMENDMENT OF THE BYLAWS TO DECLASSIFY OUR BOARD OF DIRECTORS.**

PROPOSAL TWO

ELECTION OF DIRECTORS

The Board is currently comprised of two Class I directors, three Class II directors and three Class III directors. Effective as of May 20, 2014, Mr. Brian R. Kahn will be appointed to the Board as a Class I director and the number of Class I directors on the Board will increase from two to three. Currently, at each annual meeting of shareholders, a class of directors is elected for a three-year term to succeed the directors of the same class whose terms are then expiring. The Board recommends the election of the three nominees listed below to constitute directors of the Company, who, if proposal 1 is approved, will hold office until the annual meeting of shareholders in 2015 and until their successors are duly elected and qualified, or if proposal 1 is not approved, will hold office until the annual meeting of shareholders in 2017 and until their successors are duly elected and qualified. If, at the time of the Annual Meeting, any of such nominees should be unable to serve, the persons named in the proxy will vote for such substitutes or will vote to reduce the number of directors in the Class for the ensuing year, as the Board recommends, but in no event will the proxy be voted for more than three nominees. Management has no reason to believe any substitute nominee or reduction in the number of directors in the Class for the ensuing year will be required.

Two of the three nominees listed below, Mr. Ronald W. Allen and Mr. Ray M. Robinson, are now directors of the Company, and the third nominee, Mr. Brian R. Kahn, will be a director of the Company effective as of May 20, 2014. Each of these nominees has consented to serve as a director if elected. The following information relating to age, positions with the Company, principal occupation, and directorships in companies with a class of securities registered pursuant to Section 12 of the Securities Exchange Act of 1934, as amended (which we refer to in this Proxy Statement as the Exchange Act), subject to the requirements of Section 15(d) of that Act or registered as an investment company under the Investment Company Act of 1940, has been furnished by the respective nominees.

Composition, Meetings and Committees of the Board of Directors

Our board of directors currently has eight members. Upon the May 20, 2014 appointment of Mr. Brian R. Kahn to the Board, the Board will have nine members. Upon recommendation by our Nominating and Corporate Governance Committee, our board of directors has affirmatively determined, by resolution of the board of directors as a whole, that seven of our directors are not officers or employees of the Company or its subsidiaries or individuals having a relationship that, in our board of director's opinion, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, and are therefore considered independent in accordance with the New York Stock Exchange Listed Company Manual. The directors that our board of directors has determined to be independent in accordance with the foregoing standards are Mses. Betty and Day and Messrs. Benatar, Harris, Kolb, Ray Robinson and Schuerholz. The position of Chairman is held by

Mr. Ray Robinson. The Board also has determined that Mr. Brian R. Kahn will qualify as an independent director in accordance with the New York Stock Exchange Listed Company Manual.

Our board of directors has established three standing committees consisting of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee and, from time to time, may establish ad-hoc committees at its discretion. Our board of directors has adopted a charter for each of the standing committees, a copy of which is available on our website at <http://www.aaronsinc.com>. Meetings

The Board held five meetings during the year ended December 31, 2013. The number of meetings held by each of our committees in 2013 is set forth in the table above. Each of our directors then in office attended at least 75% of the total number of meetings of the board of directors and committees on which he or she served. It is our policy that directors are expected to attend the annual meeting of shareholders in the absence of a scheduling conflict or other valid reason. All of our directors then in office attended in person the 2013 annual meeting held on May 7, 2013.

The non-management and independent members of the board of directors meet frequently in executive session, without management present. Mr. Ray Robinson chairs these meetings.

Committees

Audit Committee. The function of the Audit Committee is to assist the board of directors in fulfilling its oversight responsibility relating to: (i) the integrity of the Company's financial statements; (ii) the financial reporting process and the systems of internal accounting and financial controls; (iii) the performance of the Company's internal audit function and independent auditors; (iv) the independent auditors' qualifications and independence; and (v) the Company's compliance with ethics policies and legal and regulatory requirements. The Audit Committee is directly responsible for the appointment, compensation, retention, and termination of the independent auditors, who report directly to the Committee.

The Board has designated each of Ms. Betty and Day and Messrs. Benatar and Kolb as an audit committee financial expert within the meaning of Section 407 of the Sarbanes-Oxley Act of 2002.

Compensation Committee. The purpose of the Compensation Committee is to assist our board of directors in fulfilling its oversight responsibilities with respect to executive and director compensation, equity compensation plans and other

compensation and benefit plans, management succession and other significant human resources matters.

The Compensation Committee has the authority to review and approve performance goals and objectives for the named executive officers in connection with the Company's compensation programs, and to evaluate the

Table of Contents

performance of the named executive officers, in light of such performance goals and objectives and other matters, for compensation purposes. Based on such evaluation and other matters, the Compensation Committee recommends to the independent members of the board for determination (or makes such determination itself in some circumstances) the compensation of the named executive officers, including the Chief Executive Officer. The Compensation Committee also has the authority to approve grants of stock options, restricted stock, stock appreciation rights and other equity incentives and to consider from time to time, and recommend to the board, changes to director compensation.

Nominating and Corporate Governance Committee. The primary purpose of the Nominating and Corporate Governance Committee is to assist our board of directors in fulfilling its responsibilities with respect to (i) board and committee membership, organization, and function, (ii) director qualifications and performance and (iii) corporate governance. The Nominating and Corporate Governance Committee from time to time identifies and recommends to the board of directors individuals to be nominated for election as directors and develops and recommends to the board for adoption corporate governance principles applicable to the Company.

Our Nominating and Corporate Governance Committee recommends to the board of directors both nominees for the Company's annual meetings of shareholders and nominees to fill vacancies on the board of directors. Both the Nominating and Corporate Governance Committee and the board of directors periodically consider the experience, talents, skills and other characteristics the board of directors as a whole should possess in order to maintain its effectiveness.

In determining whether to nominate an incumbent director for reelection, the Nominating and Corporate Governance Committee and the board of directors evaluate each incumbent's continued service, in light of these collective requirements. When the need for a new director arises (whether because of a newly created seat or vacancy), the Nominating and Corporate Governance Committee and the board of directors proceed by whatever means they deem appropriate to identify a qualified candidate or candidates. The Nominating and Corporate Governance Committee and the board of directors evaluate the qualifications of each candidate. Final candidates are generally interviewed by one or more members of the Nominating and Corporate Governance Committee or other members of our board of directors before a decision is made.

At a minimum, a director should have the highest personal and professional ethics, moral character and integrity, demonstrated accomplishment in his or her field and the ability to devote sufficient time to carry out the duties of a director. In addition to these minimum qualifications, the board may consider all information relevant in their business judgment to the decision of whether to nominate a particular candidate for a particular board seat, taking into account the then current composition of the board. These factors may include a candidate's professional and educational background, reputation, industry knowledge and business experience, diversity (including occupational, geographic and age diversity) and the relevance of those characteristics to the Company and the board of directors. In addition, candidates will be evaluated on their ability to complement or contribute to the mix of talents, skills and other characteristics needed to maintain the board of directors' effectiveness.

Our Nominating and Corporate Governance Committee will consider nominees recommended by shareholders. Any shareholder wishing to nominate a candidate for director at the next annual shareholders' meeting must submit a proposal as described under *Additional Information Shareholder Proposals for the Annual Meeting of Shareholders in 2015* and otherwise comply with the advance notice provisions and information requirements contained in the Company's bylaws. The shareholder submission should be sent to the President of Aaron's, Inc. at 309 East Paces Ferry Road, Atlanta Georgia 30305.

The shareholder's nominee must satisfy the minimum qualifications for board membership described above. In addition, in evaluating shareholder nominees for inclusion with the board's slate of nominees, the Nominating and Corporate Governance Committee and the board may consider all relevant information, including (i) the factors described above, (ii) whether there are or will be any vacancies on the board of directors, (iii) the size of the nominating shareholder's holdings in the Company and (iv) the length of time such shareholder has owned such holdings.

Board Leadership Structure and Role in Risk Oversight

In April 2014, we separated the roles of Chief Executive Officer and Chairman in recognition of the important differences between the two roles. The Chairman is responsible for leading the board of directors in its duty to oversee the management of the business and affairs of the Company. The Chief Executive Officer is responsible for oversight of the day-to-day operations and business affairs of the Company, including directing the business conducted by the employees, managers and officers of the Company. The independent Lead Director, when applicable, is responsible for serving as the leader and representative of the non-management and independent directors in interacting with the Chairman and Chief Executive Officer, and when appropriate, the shareholders and public.

Our Chief Executive Officer serves on our board of directors, which we believe helps to serve as a bridge between management and our board of directors, ensuring that both groups act with a common purpose. We believe that Mr. Allen's presence on our board of directors enhances his ability to provide insight and direction on important strategic initiatives to both management and the independent directors and, at the same time, ensures that the appropriate level of independent oversight is applied to all decisions by our board of directors.

Our board of directors does not have a formal policy on whether the Chairman and Chief Executive Officer roles should be separated or combined but, instead, makes that determination from time to time employing its business judgment. Our board of directors, however, does believe that if the Chairman and Chief Executive Officer roles are combined, or if the Chairman is not an independent director, that the board of directors should appoint an independent Lead Director.

Senior management is responsible for day-to-day risk management, while the board oversees planning and responding to risks, as a whole, through its committees and independent directors. Although our board of directors has ultimate responsibility with respect to risk management oversight, primary responsibility for certain areas has been delegated, as appropriate, to our committees. For example, our Audit Committee is charged with, among other matters, overseeing risks attendant to (i) our system of disclosure controls and procedures, (ii) internal control over financial reporting, and (iii) performance of our internal audit functions and independent auditors. The Audit Committee considers the steps management has taken to monitor and control such risks, including our risk assessment and risk management policies.

Likewise, our Compensation Committee considers risks that may be implicated by our executive compensation programs. For 2013, our Compensation Committee has reviewed the Company's compensation policies and practices and determined that they do not encourage excessive risk or unnecessary risk taking and do not otherwise create risks that are reasonably likely to have a material adverse effect on the Company.

Compensation Committee Interlocks and Insider Participation

For the year ended December 31, 2013, our Compensation Committee consisted of Ms. Betty and Messrs. Benatar, Harris, Robinson and Schuerholz, each of whom our board of directors determined was independent in accordance with the New York Stock Exchange Listed Company Manual.

Other than Mr. Schuerholz, no member of our Compensation Committee during 2013 is or was formerly an officer or employee of the Company or any of its subsidiaries or was a related person in a transaction with the Company where the amount exceeded \$120,000. Please see the disclosure under *Certain Relationships and Related Transactions* for additional disclosure related to Mr. Schuerholz.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Policies and Procedures Dealing with the Review, Approval and Ratification of Related Party Transactions

The charter of the Nominating and Corporate Governance Committee provides that the Committee shall review and ratify all transactions to which the Company is a party and in which any director and executive officer has a direct or indirect material interest, apart from their capacity as director or executive officer of the Company.

In addition, the Company's Code of Business Conduct and Ethics provides that conflict of interest situations involving directors or executive officers must receive the prior review and approval of the Audit Committee. The Code of Conduct sets forth various examples of when conflict of interest situations may arise, including: when an officer or director or members of his or her family receive improper personal benefits as a result of his or her position in or with the Company; have certain relationships with competing businesses or businesses with a material financial interest in the Company, such as suppliers or customers; or receive improper gifts or favors from such businesses.

Described below are transactions that we have entered into with parties that are related to us. For additional transactions related to Mr. Brian Kahn, see the section captioned *Additional Information Background of Vintage Communication*.

Aaron Ventures

Aaron Ventures I, LLC, which we refer to as Aaron Ventures, was formed in December 2002 for the purpose of acquiring properties from the Company and leasing them back to the Company. In December 2002, Aaron Ventures purchased eleven properties from the Company, all former Heilig-Meyers stores, for a total purchase price of \$5,000,000. The Company acquired these properties from Heilig-Meyers in 2001 and 2002 for an aggregate purchase price of approximately \$4,000,000. The price paid by Aaron Ventures was arrived at by adding the Company's acquisition cost to the cost of improvements made by the Company to the properties prior to the sale to Aaron Ventures.

In October and November of 2004, Aaron Ventures purchased an additional eleven properties from the Company for a total purchase price of \$6,895,000. The Company acquired these properties over a period of several years. The purchase price paid by Aaron Ventures was determined from the individual fair market value and the results of current formal written appraisals completed for each location. In 2006, Aaron Ventures sold one of the properties to a third party.

During 2013, Messrs. Buck, Butler, Danielson, Cates, Sinclair and Mitchell S. Paull, a former executive officer of the Company, each served as managers of Aaron Ventures. All of Aaron's Ventures owners are current or former officers of the Company including, in addition to the preceding group, Mr. Montanero. The combined ownership interest for all current executive officers represents approximately 40%. The approximate value of the individual interest of each Aaron Ventures manager or owner who has been an executive officer of the Company since January 1, 2013 is as follows: Messrs. Butler and Danielson \$2.25 million each; and Messrs. Buck, Cates, Montanero, Paull and Sinclair, and Mr. K. Todd Evans, a former executive officer of the Company \$1.13 million each. The foregoing values were estimated as of December 31, 2013 by applying each manager's or owner's ownership percentage to a third party valuation of Aaron Ventures, less debt and deferred maintenance.

In 2013, Aaron Ventures leased 19 properties to the Company for 15-year terms at a current annual rental of approximately \$1,943,000. The Company does not intend to enter into further capital leases with related parties.

Marketing Agreement with Atlanta Braves

In February 2013, the Company entered into a three-year marketing agreement with the Atlanta National League Baseball Club, or the Atlanta Braves. In exchange for sponsorship fees of \$440,200, \$440,200, \$453,406 in 2013, 2014 and 2015, respectively, the Company received certain benefits related to marketing, advertising, merchandising and media. Mr. Schuerholz, a current director of the Company, is President of the Atlanta Braves.

Based solely on a review of information furnished to us, the Company believes that all applicable Section 16(a) filing requirements were complied with by its directors, officers, and more than 10% shareholders during the year ended December 31, 2013, with the exception of (i) a Form 3 and Form 4 filed late by Mr. Kamerschen and (ii) a Form 4 filed late by Mr. Cates.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

Introduction. The purpose of this section is to provide material information about the compensation objectives and policies for our named executive officers and to explain how the Compensation Committee of our board of directors, which we refer to as our Compensation Committee, made its compensation decisions for 2013.

For 2013, our named executive officers are listed below and consist of (i) our Chief Executive Officer, (ii) our Chief Financial Officer, (iii) our three most highly compensated executive officers for 2013 other than our Chief Executive Officer and our Chief Financial Officer and (iv) our former Chief Operating Officer, who would have been included in the preceding group but for his retirement in 2013.

Named Executive Officer	2013 Position
Ronald W. Allen	Chairman, President and Chief Executive Officer
Gilbert L. Danielson	Executive Vice President and Chief Financial Officer
David L. Buck	Chief Operating Officer
Robert W. Kamerschen	Senior Vice President, General Counsel and Corporate Secretary
Tristan J. Montanero	Senior Vice President, Operations
William K. Butler, Jr.	Former Chief Operating Officer until May 1, 2013

Our compensation programs are designed to retain key executives and to motivate them to foster a culture of engagement and performance. We believe that doing so will enable the Company to meet the operational, financial and strategic objectives established by our board of directors.

Fiscal Year Operational Results. Operational results from 2013 include:

achieving 1% year over year growth in total revenue in the face of an economy that has proven challenging to our customer base, with 2013 revenues totaling approximately \$2.2 billion;

returning approximately \$104 million to shareholders in the form of dividends and share repurchases;

increasing our store footprint with the net addition of 78 Company-operated and franchised stores;

refining our strategic focus by divesting our RIMCO wheels and tire operations and continuing to develop HomeSmart our weekly rent-to-own platform; and

restructuring of our senior management group including (i) the promotions of Messrs. Buck and Montanero to the positions of SVP, Operations, (ii) the promotion of Mr. Buck to the position of Chief Operating Officer when Mr. Butler retired, and (iii) the hiring of Mr. Kamerschen to serve as our General Counsel.

Pay for Performance Linkage. Our 2013 compensation program linked a substantial portion of executive compensation to our financial results. Although our performance was solid in many areas, we did not fully meet the financial performance goals set by the Compensation Committee for the annual and long-term incentive plans in which our named executive officers participated.

As discussed in greater detail under *Components of the Executive Compensation Program* :

although Messrs. Allen and Danielson earned awards under the legacy annual incentive formula applicable to them, they and the Compensation Committee agreed that their awards should be reduced in light of our business results. This decision was also driven by the desire of our senior management to align their awards with other members of management and the Company's compensation objectives.

Table of Contents

our other named executive officers did not earn awards under the annual incentive plan in which they participated. However, the Compensation Committee exercised its business judgment and approved discretionary payments to acknowledge the significant business challenges the industry faced in 2013 and to recognize the Company's need to retain and motivate key leadership.

none of our named executive officers earned awards under the long-term incentive plan because the revenue growth and pre-tax margin targets that were required to earn those awards were not met.

Say on Pay Vote. Last year, our shareholders had the opportunity to cast an advisory vote on our executive compensation practices as described in our 2013 proxy statement, and the result was that they approved the compensation of our named executive officers with approximately 86% of the total votes actually cast. The Compensation Committee viewed this result as reflecting strong shareholder support for the philosophy and objectives of our executive compensation program.

After carefully considering our existing programs and our upcoming business challenges, the Compensation Committee determined that certain changes to the overall structure of the program for 2014 would better align incentives across our organization and further enhance our program's ability to support our business and strategic objectives. These program changes are described under each of the sections titled *Annual Cash Bonus Program Changes for 2014* and *Long-Term Equity Incentive Awards Program Changes for 2014*.

Objectives of Executive Compensation

The primary objectives and priorities of our executive compensation program are to:

attract, motivate and retain quality executive leadership;

align the incentive goals of our executive officers with the interests of our shareholders;

enhance the individual performance of each executive;

improve our overall Company performance; and

support achievement of our business plans and long-term goals.

To accomplish these objectives, the Compensation Committee provides the named executive officers with compensation opportunities based on the range of compensation paid by similar companies for positions of similar responsibility. Opportunities for compensation and amounts delivered reflect (i) the Company's performance results, (ii) the individual's performance and (iii) other factors the Compensation Committee views as relevant, as described in greater detail in this Compensation Discussion & Analysis.

Compensation Process

Role of the Compensation Committee. The Compensation Committee is comprised solely of independent directors. Its role is to oversee (i) executive and director compensation, (ii) benefit plans and policies, including equity compensation plans and other forms of compensation and (iii) other significant associate resources matters, including management succession.

More specifically, the Compensation Committee reviews and discusses proposed compensation for the named executive officers, and evaluates their performance and sets their compensation. In addition, the Compensation Committee approves all equity awards for named executive officers and other officers, based on the recommendations of senior management, as appropriate.

Role of Management. The Compensation Committee considers the input and recommendations of Mr. Allen with respect to our executive compensation programs and decisions that impact other named executive officers and other employees. Mr. Danielson and our Senior Vice President of Associate Resources also provide input

Table of Contents

with respect to financial goals and recommendations, and overall program design. Although management and other invitees at Compensation Committee meetings may participate in discussions and provide input, all votes and final decision-making on named executive officer compensation are solely the responsibility of the Compensation Committee.

Independent Compensation Consultants. In 2011, the Compensation Committee retained Grant Thornton LLP, which we refer to as Grant Thornton, to conduct market assessments of executive compensation for the Company's top three officers and the compensation program for outside directors. To develop its recommendations, Grant Thornton used an executive compensation database and a report for the retail and general industry sectors, and reviewed proxy disclosures of executive compensation for a group of 11 retailers viewed as similar to the Company in terms of size, complexity and revenues (see *Peer Group* for discussion). The results of these analyses were one of several factors used by the Compensation Committee to make compensation decisions during 2012 and in early 2013.

In 2013, the Compensation Committee retained Meridian Compensation Partners, LLC, which we refer to as Meridian, as its ongoing independent consultant with respect to executive and outside director compensation matters. In this role, Meridian reports directly to the Compensation Committee, but works with management at the direction of the Compensation Committee. The Compensation Committee assessed Meridian's independence, including the potential for conflicts of interest, and concluded that Meridian was appropriately independent and free from potential conflicts of interest.

During 2013, Meridian assisted the Compensation Committee with several matters, including:

presenting information on executive compensation trends;

reviewing compensation proposals relative to executive transitions;

developing a revised and expanded peer group for the consideration and approval of the Compensation Committee;

conducting competitive assessments of executive compensation levels and incentive and severance program designs;

reviewing the outside director compensation program;

assisting with the re-design of the annual and long-term incentive programs applicable to the named executive officers and other employees;

developing a severance policy for key employees; and

reviewing the Compensation Committee's annual calendar and related governance matters. Meridian representatives attended a majority of the Compensation Committee meetings, and also participated in executive sessions as requested by the Compensation Committee.

Determination of 2013 Executive Compensation. For 2013, the Compensation Committee recommended Mr. Allen's salary to the independent members of the Board for final determination. The Compensation Committee established the salaries of the other named executive officers, set annual bonus opportunities and determined the size and performance conditions of equity awards for Mr. Allen and the other named executive officers.

In making these compensation decisions in February and March 2013, the Compensation Committee considered the conclusions of the Grant Thornton report from 2011. Other factors material to the Compensation Committee's deliberations include (i) objective measurements of business performance, (ii) the accomplishment of strategic and financial objectives, (iii) the development of management talent, (iv) enhancement of shareholder value and (v) other matters relevant to both the short- and the long-term success of the Company.

Table of Contents**Benchmarking**

Use of Market Data. We use compensation market data as a reference for understanding the competitive positioning of each element of our compensation program and of total compensation. The Compensation Committee does not manage total compensation for our named executive officers within a prescribed competitive position or percentile of the compensation market. Rather, the Compensation Committee reviews compensation for each named executive officer relative to market data as well as other internal and external factors when exercising its business judgment as to compensation decisions.

Peer Group. The peer group used for compensation decisions made in early 2013 was reviewed and revised by the Compensation Committee during the year for use in program reviews and pay decisions made in early 2014. In revising the peer group, the Compensation Committee emphasized publicly traded retail peers that are similar to the Company in terms of size, complexity and business focus. The revised group shown below includes prior peers that continue to be publicly-traded and additions that reflect a broader view of the market for management and operational talent.

Advance Auto Parts	Dick's Sporting Goods *	Rent-A-Center *
Big 5 Sporting Goods	Dollar Tree	Sears Hometown & Outlet
Big Lots	Fred's *	Select Comfort
Cabela's *	Hhgregg *	Stage Stores
Cash America International *	O'Reilly Automotive *	Stein Mart

DFC Global	RadioShack	Ulta Salon Cosmetics & Fragrance *

* Denotes companies also included in prior peer group. Two former peer group members (99 Cents Only Stores and Jo-Ann Stores, Inc.) were excluded from the current peer group because each has since been acquired and is no longer publicly-traded.

Components of the Executive Compensation Program

Direct Compensation. The three primary direct components of the executive compensation program for 2013 are:

base salary;

annual performance-based cash bonus; and

long-term equity incentive awards.

These components are designed to be competitive with comparable employers and to support our compensation program objectives. The Compensation Committee has not set a prescribed mix or allocation for each component, but rather focuses on total direct compensation when making compensation decisions for our executives. In determining direct compensation, the Compensation Committee also considers a number of related factors including:

(i) performance against corporate and individual objectives for the previous year; (ii) performance of general

management responsibilities; (iii) the value of any unique skills and capabilities; (iv) contributions as a member of the executive management team; and (v) competitive market considerations.

The named executive officers generally have a greater portion of their total direct compensation that is variable and performance-based than do other employees. This is consistent with a philosophy that variable, performance-based compensation opportunities should increase as overall responsibility increases.

The following discussion summarizes the actions of the Compensation Committee with respect to annual base salary, annual performance-based cash bonus awards and long-term equity incentive compensation awards for 2013. Program design changes effective for 2014 are also described.

Table of Contents**Base Salary**

The Compensation Committee views base salary as fixed compensation intended to reflect the scope of an executive's role. It reviews base salaries annually and adjusts them as necessary to ensure that salary levels remain appropriate and competitive. Salary increases are periodic rather than annual and are made after the Compensation Committee considers relevant factors including:

breadth and scope of an executive's role, including any significant change in duties;

competitive market pay levels;

internal comparisons to similar roles;

individual performance throughout the year; and

overall economic climate and Company performance.

In 2013, the Compensation Committee approved merit and promotional increases for certain named executive officers. Mr. Allen did not receive an increase because his salary was viewed as appropriately aligned with the market. Mr. Danielson received a merit increase to align with general market increase levels. Messrs. Buck and Montanero received significant increases in January 2013 to reflect that each was promoted to the role of SVP, Operations. Mr. Buck received a subsequent significant increase in May 2013 to reflect his promotion to his current role of Chief Operating officer. Mr. Kamerschen's salary level was established at his time of hire.

The table below sets forth base salary increases occurring during 2013:

Named Executive Officer	Base Salary at December 31, 2012	Base Salary at December 31, 2013	Rationale
Ronald W. Allen	\$ 850,000	\$ 850,000	No adjustment because salary is appropriately aligned with market
Gilbert L. Danielson	\$ 650,000	\$ 675,000	Merit adjustment to align with general market increase levels
David L. Buck	\$ 320,000	\$ 500,000	Significant increase in January 2013 upon promotion to SVP, Operations, with additional increase upon May 2013 promotion to Chief Operating Officer
Robert W. Kamerschen	NA	\$ 350,000	Salary established at time of hire
Tristan J. Montanero	\$ 294,000	\$ 375,000	

Significant increase in January 2013 upon promotion to SVP, Operations			
William K. Butler, Jr.	\$ 715,000	N/A	N/A

William K. Butler, Jr. \$ 715,000 N/A N/A

Base Salary for 2014. The Compensation Committee considered base salary adjustments for Messrs. Allen, Danielson and Buck at its February 2014 meeting. Based on their competitive positioning and our 2013 business results, the Committee decided that these executives should not receive salary increases for 2014. It is expected that salary levels for Messrs. Montanero and Kamerschen will be reviewed later this year and the Committee may or may not adjust their base salaries based on this review.

Annual Cash Bonuses

Annual incentive awards provide the opportunity to earn cash rewards for meeting Company financial and individual performance goals. Amounts earned are directly linked to performance results, and can vary based on the degree to which the related performance goals are achieved.

In 2013, our named executive officers participated in one of two annual incentive plans. Each of these plans uses pre-tax earnings as a performance measure because that metric is viewed as an effective indicator of the

Table of Contents

Company's performance for the year. For purpose of calculations under either annual incentive plan formula, pre-tax earnings may be adjusted by the Compensation Committee to remove the impact of unusual charges or income items, extraordinary items, or unanticipated tax law changes. The Compensation Committee also has the authority to adjust awards otherwise earned, based on factors it determines appropriate.

Messrs. Allen and Danielson participated in a legacy annual incentive structure under which our executive officers (as determined at the beginning of the fiscal year) historically have been eligible to earn awards based on specified percentages of the Company's pre-tax earnings. The 2013 percentages for Messrs. Allen and Danielson were 0.25% and 0.23%, respectively.

Messrs. Buck, Montanero and Kamerschen participated in a separate annual incentive structure first implemented in 2012 that is aligned with current market program designs. Under this program, they and other participants have target awards expressed as a percentage of salary earnings for the year, with amounts earned based on pre-tax earnings and individual performance. Awards for pre-tax earnings could range from 70% of target for achieving the threshold goal to 125% of target for results at or above the maximum goal. Awards for performance results between these levels would be interpolated on a straight-line basis. Any awards so earned could then be decreased to the extent that individual goals were not met, and could be increased by 25% for any participant whose overall performance was rated as exceptional.

For 2013, target awards for Messrs. Buck, Montanero and Kamerschen were set at 40% of base salary. Mr. Buck's target was increased to 50% of base salary when he was promoted to Chief Operating Officer to recognize his increased responsibilities.

Performance Results for 2013. Messrs. Allen and Danielson earned awards under the Executive Bonus Plan of \$461,336 and \$424,344, respectively. After considering other possible adjustments, the Compensation Committee reduced their awards to approximately 70% of the amounts otherwise earned because both the Compensation Committee and Messrs. Allen and Danielson believed that it was appropriate to decrease their awards so their annual incentive payments would more closely align with those of other executive officers and home office employees.

Named Executive Officer	Award Earned	Compensation Committee Discretionary	
		Decrease	Final Award
Ronald W. Allen	\$ 461,336	-\$ 138,336	\$ 323,000
Gilbert L. Danielson	\$ 424,344	-\$ 126,344	\$ 298,000

The Company's pre-tax earnings for 2013 were below the threshold level of \$264 million required for the bonus payments under the annual incentive structure applicable to Messrs. Buck, Montanero and Kamerschen. For this reason, no awards were earned under that structure.

However, to motivate management in the face of a challenging business climate and to encourage retention and stability in a year of significant leadership transitions, the Compensation Committee approved discretionary awards for all participants comprising (i) 50% of target, (ii) a supplemental pool for allocation to top performers as well as (iii) additional amounts based on the Committee's concurrence with Mr. Allen's recommendations regarding their individual performance for the year.

Final bonus payments to Messrs. Buck, Montanero and Kamerschen were comprised as follows:

Named Executive Officer	Fifty Percent of Target Award	Individual Performance Adjustments	2013 Cash Bonus
David L. Buck	\$ 114,583	\$ 60,646	\$ 175,229
Robert W. Kamerschen	\$ 40,833	\$ 40,208	\$ 81,042
Tristan J. Montanero	\$ 72,333	\$ 30,083	\$ 110,417

Program Changes for 2014. After a comprehensive review and comparison of the two incentive plan structures, the Compensation Committee determined that the programs should be combined for 2014 to more closely reflect peer design practices for such programs and to better support the Company's compensation objectives.

As a result, key changes for 2014 include:

for stronger alignment across the organization, annual incentives for Messrs. Allen and Danielson will be based on the same performance measures and results as the other executive officers and home office employees, rather than on the legacy structure that applied for 2013 and prior years.

a second financial measure—same store revenue growth, weighted at 25% of target—has been added to the current pre-tax earnings measure (weighted at 75%) to emphasize the importance of growing our business. Results for each measure will be determined separately.

the range of potential payouts for meeting financial performance goals has been expanded to extend from 25% of the target award for achieving threshold performance to 200% of the target award for achieving maximum or better performance. Straight-line interpolation will apply for performance results between threshold and target, and between target and maximum.

for 2014, the target awards as a percentage of base salary earnings for our named executive officers have been set as follows:

Named Executive Officer	Incentive Plan Target as a Percentage of Base Salary
Ronald W. Allen	100%
Gilbert L. Danielson	70%
David L. Buck	70%
Robert W. Kamerschen	45%
Tristan J. Montanero	45%
William K. Butler, Jr.	

senior managers will be rewarded solely based on Company financial performance. Other employees will continue to have the potential for awards earned for achieving financial results to be modified based on their individual performance.

Long-Term Equity Incentive Awards

Aaron's long-term equity awards are intended to:

reward the achievement of long-term business objectives that benefit our shareholders;

align the interests of our executives with those of our shareholders; and

assist with retaining our senior management to ensure continuity of leadership.

The Compensation Committee considers a number of factors in structuring our long-term equity awards program. In addition to the objectives outlined above, the Compensation Committee also considers market design practices, potential for dilution, accounting expense and other internal considerations when deciding on the structure and size of equity awards.

The Compensation Committee generally intends that outstanding equity awards will not, in the aggregate, exceed a certain percentage of the overall outstanding common shares, although this percentage is a guideline subject to change depending upon extant circumstances. The Compensation Committee also considers the amount of stock incentive accounting expense it deems advisable, upon consultation with management, for the Company to incur when new awards are being contemplated. These anti-dilution guidelines and stock incentive accounting expense considerations help establish a cap on the amount of equity incentives the Committee may grant from time to time.

Table of Contents

Recipients are largely identified based on their level within the Company, although not all eligible employees participate in all grants. Incentives are generally awarded to eligible participants using historical grant sizes, with those employees at the same level generally receiving the same award amount. If award amounts are adjusted, they are generally adjusted so as to keep similar proportional differences between employee levels.

Although the Compensation Committee may take the Company's financial performance into consideration generally when determining the overall size of the pool of equity awards available for it to award to eligible participants in a given year (subject to the cap suggested by the anti-dilution and equity compensation expenses considerations discussed above), it generally does not take performance criteria into account when determining the size of a particular recipient's incentive grant. It also generally does not use financial formulas to determine the size of an initial grant to individual recipients, although it may establish a recipient's incentive award size by reference to a percentage of the individual's base salary or total cash compensation. However, while financial performance does not generally factor into the initial determination of individual grant sizes, it does factor into whether any such awards are earned, through the imposition of performance-based vesting criteria.

Equity incentives granted to certain of our named executive officers in 2013 included performance-based vesting criteria. Service-based awards also are linked to performance, as they give recipients extra motivation to improve the Company's performance, which should over time increase the price of the Company's stock and the value of the equity awards, thus benefiting Company shareholders and equity award recipients alike.

CEO/CFO LTIP Equity Awards. In each of 2012 and 2013, Messrs. Allen and Danielson were granted 100,000 and 75,000 performance-based restricted stock units, respectively, which we refer to as performance based RSUs. These awards can be earned upon the achievement of annual revenue growth and pre-tax margin targets. These performance measures were selected because of their importance to our overall business results and because they are viewed as solid indicators of our success as a Company.

The structure of the performance based RSU awards granted in 2012 and 2013 is shown in the table below:

Grant Year	Performance Measure	Year Performance is Measured and Portion of Total Award that can be Earned		
		2012	2013	2014
2012	6% Revenue Growth	16.67%	16.67%	16.67%
	9.5% Pre-tax Margin	16.67%	16.67%	16.67%
2013	6% Revenue Growth		16.67%	16.67%
	9.5% Pre-tax Margin		16.67%	16.67%

As indicated, one third of each grant can be earned at the end of each year in the three-year performance period. Of each third, 50% can be earned based on meeting the revenue growth goal and 50% based on meeting the pre-tax margin goal. Annual results are measured separately for each goal, so that an award can be earned for meeting one goal without regard to whether the second goal is met.

Any earned performance based RSUs will vest and be settled at the end of the three-year period in shares of common stock. No awards are earned unless the performance targets are met. Furthermore, no additional performance based RSUs may be earned if actual performance exceeds the targets.

LTIP Equity Awards for other Named Executive Officers. Historically, equity incentives were not granted annually to other levels of management. To address this gap relative to market, in 2011 the Compensation Committee adopted an

18 month program to provide equity grants on a more formal, structured basis to a broader group of executives and managers. This program was intended to both reward performance and to align the interests of these participants more closely with those of our shareholders.

The Compensation Committee restructured this program in 2013 to transition from its initial design to one that was more closely aligned with current market practices. The changes included lengthening the performance timeframe, emphasizing revenue growth and broadening the measurement focus for certain participants.

Table of Contents

Specific changes for 2013 included the following:

results for all participants were measured annually, rather than quarterly as in 2011 and 2012;

performance results were measured only at the Company and division levels, rather than also at the regional level;

revenue growth was added to the existing pre-tax margin measure, and results were measured in a matrix rather than separately;

the performance matrix was structured with threshold and maximum goals, and payouts that could range from 20% of target awards at threshold to 183% of target awards when the maximum goals were achieved (with rewards for performance between levels interpolated); and

awards earned by regional managers were to be settled in cash rather than stock.

Messrs. Buck and Montanero were participants in this program, with target awards set at 35% of salary earnings. Mr. Kamerschen did not participate in this program due to being hired mid-year and also due to the sign-on awards he was granted.

2013 Performance Results. No equity awards were earned by any of our named executive officers because the respective revenue growth and pre-tax margin goals for 2013 were not met.

Messrs. Allen and Danielson forfeited the portion of the performance based RSUs granted to them in 2012 and 2013 that could have been earned based on meeting the 2013 performance goals. Mr. Allen forfeited a total of 66,666 performance based RSUs and Mr. Danielson forfeited a total of 50,000 performance based RSUs. The forfeited awards for Messrs. Allen and Danielson had year-end values of approximately \$1.9 million and \$1.5 million, respectively.

Program Changes for 2014. After conducting a comprehensive review and comparison of the two long-term incentive programs, the Compensation Committee concluded that the programs should be combined and revised to better support the Company's compensation objectives and to better align the long-term incentive compensation of our key executives and managers.

As a result, key changes to the programs approved by the Compensation Committee for 2014 include:

Messrs. Allen and Danielson will have the same award structure and performance measures as other executive officers;

to measure performance from multiple perspectives, and better support program objectives, awards for senior management will include performance shares, stock options, and time-based restricted stock, weighted 50%, 25%, and 25%, respectively.

for performance shares, the measurement criteria will be the same for all participants, and will include (i) overall Company annual total revenue growth and (ii) pre-tax margin goals, measured in a matrix.

the performance share payout range will extend from 20% of target for achieving the threshold performance goals for both measures to a maximum of 200% of target for performance that is at or above the maximum established for both measures. Rewards for performance between matrix levels will again be interpolated.

performance shares will be earned annually based on results achieved. Any award earned will be subject to an additional two-year vesting period, for retention purposes.

stock options and time-based restricted stock will be subject to three-year cliff vesting.

CEO Discretionary Equity Award Pool. In February 2014, the Compensation Committee established a pool of 100,000 shares to be granted by Mr. Allen at his discretion for retention and recognition purposes. Any awards proposed by Mr. Allen for other executive officers must be approved by the Compensation Committee.

Long Term Incentive Plan Awards granted in 2014. The 2014 long-term incentive awards that were granted to our named executive officers pursuant to the revised program structure are set forth in the table below:

Indirect Compensation and Perquisites

The executive compensation program also provides certain benefits and perquisites to our named executive officers that we believe are key elements of a competitive total compensation program. The values of these components generally represent a small portion of their overall total compensation opportunities, and do not materially influence the Compensation Committee's decisions with respect to the salary and incentive elements of the compensation of the named executive officers.

Benefits. Our named executive officers receive a full range of standard benefits, including the medical, dental and disability coverage available to our employees generally. They also are eligible to participate on the same basis as other employees in the 401(k) Retirement Savings Plan, which we refer to as the 401(k) Plan, for all full-time employees. Employees with at least one year of service with the Company and who meet certain eligibility requirements are eligible for a Company match.

During 2013, the 401(k) Plan was transitioned to a safe harbor formula. The revised 401(k) Plan allows employees to contribute up to 100% of their annual compensation with 100% matching by the Company on the first 3% of compensation and an additional 50% match on the next 2% of compensation. All matching by the Company is immediately vested under the new plan formula and any prior contributions will continue to vest under the preceding vesting schedule.

The Company paid aggregate matching 401(k) Plan contributions of \$39,004 for the named executive officers in 2013.

Table of Contents

Under the Company's Nonqualified Deferred Compensation Plan, which we refer to as the Deferred Compensation Plan, a select group of management or highly compensated employees are eligible to elect to defer up to 75% of their base pay and up to 100% of their bonus compensation on a pre-tax basis. In addition, the Company may make restoration matching contributions on behalf of employees.

The obligations of the Company under the Deferred Compensation Plan are unsecured general obligations to pay in the future the balance of the book entry deferred compensation accounts. The value of deferred compensation accounts is determined based upon the performance of designated measurement funds selected by the participants, although the contributions are not actually invested in such funds. The Company has established a grantor trust, known as a rabbi trust, to allow it to accumulate assets to help fund payment of Deferred Compensation Plan obligations. Distributions generally will be made in cash.

The Company did not pay any Deferred Compensation Plan matching contributions in 2013.

Corporate Aircraft Use. The named executive officers may use the Company's aircraft from time to time for non-business use. Incremental variable operating costs associated with such personal use is paid by the Company. The amount of income attributed to the named executive officer for income tax purposes from personal aircraft use is determined by the Standard Industry Fare Level method, and the executives are responsible for paying the tax on this income. The incremental cost to the Company of such use is set forth under the All Other Compensation column of the Summary Compensation Table.

Club Dues. The Company reimbursed Mr. Danielson's monthly club dues during 2013.

Our Compensation Committee periodically reviews the perquisites and other personal benefits that we provide to senior management to ensure they remain in the best interests of the Company.

Employment Agreements and Other Post Termination Protections

Employment Agreements. In April 2012, the Company entered into new employment agreements with each of Messrs. Allen and Danielson. The agreements encourage management continuity and provide important protections to both the Company and the executives. The employment agreements contain provisions addressing matters such as (i) compensation, (ii) benefits, (iii) change-in-control payments and (iv) restrictive covenants. The terms are summarized below under *Remuneration of Executive Officers and Directors Employment Agreements with Named Executive Officers*.

None of our other named executive officers have employment agreements with the Company. The terms of Mr. Butler's retirement and severance are described more fully in the section titled *Potential Payments upon Termination or Change in Control*.

Severance Plan. In 2013, the Compensation Committee considered the highly competitive nature of the relevant market for key leadership in our industry, and our need to enhance our ability to attract talented executives to join our management team. In January 2014, the Compensation Committee adopted an executive severance pay plan, which we refer to as the Severance Plan, intended to assure senior managers that they will be treated fairly in the event their employment is terminated by us without cause or after a corporate transaction. This Severance Plan is intended to:

assist us in hiring executives from well-compensated positions at other companies in a highly competitive market;

enhance our ability to retain the key leaders who are critical to the ongoing stability of our business and to our ability to accomplish our business objectives and who may consider attractive opportunities with other employers;

Table of Contents

foster objectivity to the extent any participants are involved in considering a change-in-control proposal and ensure they remain focused on shareholders' interests; and

protect our confidential information and prevent unfair competition after termination of a key leader's employment with us.

Under the Severance Plan, in the event that a participant is involuntarily terminated by the Company without cause, upon the execution by the Participant of a waiver and release agreement in the form provided by the Company, the participant would be entitled to (i) severance consisting of continued base salary for a period of twelve (12) months and (ii) a lump sum payment intended to cover the employee's after-tax cost of twelve (12) months of COBRA premiums for continued coverage under the Company's group health insurance plan.

In the event that a participant is involuntarily terminated by the Company without cause or resigns from the Company for good reason within the two-year period following a change in control, the participant would be entitled to severance consisting of continued base salary for a minimum of twelve (12) months and a maximum of twenty-four (24) months, based on the executive's level of seniority. The executive would also receive an aggregate lump sum payment (i) approximating COBRA premiums (for the same number of months for which the executive is entitled to receive continued base salary and (ii) equivalent to a pro-rata portion of the executive's target annual bonus for the year in which the separation occurred.

Related Policies and Considerations

Stock Ownership Guidelines. In February 2014, the Compensation Committee approved the adoption of stock ownership guidelines to further align the interests of senior executives with our shareholders. The table below summarizes the guidelines that will apply to equity awards beginning in 2014:

Feature	Provision
Required levels	Chief Executive Officer: 5x base salary
	Chief Financial Officer/Chief Operating Officer: 3x base salary
	Other Senior Managers: 1x base salary
Shares counted toward guidelines	Outright stock owned
	Shares held in retirement accounts
	Unvested time-based restricted stock
	Earned but unvested performance shares
	In the money value of vested but unexercised stock options
Retention Ratio	Hold 50% of net after-tax shares from awards until ownership guideline is met

Policy on Compensation Deductibility. Under Section 162(m) of the Internal Revenue Code, certain executive compensation in excess of \$1 million paid to Mr. Allen and the three-other most highly-paid named executive officers

(excluding Mr. Danielson) is not deductible for federal income tax purposes unless that compensation (i) is performance-based, (ii) was awarded under a performance-based plan approved by shareholders, and (iii) complies with certain other tax law requirements. The Company's shareholders have previously approved terms under which the Company's annual and long-term performance incentive awards may qualify as performance-based.

The Compensation Committee intends to preserve the tax deductibility of compensation paid to our executive officers to the extent consistent with our overall program objectives and philosophy, but recognizes that doing so may not always be feasible. Other compensation objectives, such as attracting, motivating and retaining qualified executives, are important and may supersede the goal of maintaining deductibility. Consequently, compensation decisions may be made without regard to deductibility when it is in the best interests of the Company and its shareholders to do so.

Forfeiture of Awards for Misconduct. The plan rules that govern the annual incentive structure for our executive officers provide that if the Company restates its financial statements, participants will be required to repay to the Company the difference between the amount of bonus received and the amount that would have been payable under the restated financial statements.

Securities Trading Policy. As part of our Insider Trading Policy, all of our officers and directors are prohibited from trading any interest or position relating to the future price of the Company's securities. These prohibited transactions include trading in puts, calls, short sales or hedging transactions.

Employment Agreements with Named Executive Officers

Ronald W. Allen and Gilbert L. Danielson. We entered into employment agreements with each of Messrs. Allen and Danielson on April 18, 2012. Each of the employment agreements contain a rolling, two year term although the Company may, upon proper notice, cease the automatic extension.

The agreements provide for an annual base salary of \$850,000 for Mr. Allen and \$650,000 for Mr. Danielson.

Pursuant to their agreements, each of Messrs. Allen and Danielson are entitled to participate in any of the Company's present and future stock or cash based bonus plans that are generally available to the Company's executive officers. Messrs. Allen and Mr. Danielson are also entitled to paid vacation, life insurance, health insurance, fringe benefits and such other employee benefits generally made available by the Company to its executive officers.

The agreements also specify payments to be provided if employment is terminated under various scenarios described in the agreements, including death, disability, termination with or without cause, and termination with or without good reason. Upon an involuntary termination without cause (or a termination by the executive for good reason following a change in control of the Company), each executive is entitled to (i) continued salary and bonus payments for a severance period of twenty-four months, (ii) a cash payment in an amount sufficient after taxes to equal the cost of continued health care premiums and benefits for a twenty-four month severance period and (iii) full vesting of all outstanding stock options, stock appreciation rights, restricted stock units and other equity awards that have been granted to the executive. Termination for cause or a voluntary termination (other than for good reason following a change in control of the Company) would not entitle Messrs. Allen or Danielson to these benefits, and they would only be entitled to payment of certain already accrued and vested amounts.

Table of Contents

If any payments to be made or benefits to be provided under the agreements would result in a parachute payment as defined in Section 280G of the Internal Revenue Code, then such payments or benefits will be reduced to the minimum extent necessary so that no portion of such payment or benefit, as so reduced, would constitute a parachute payment, unless the net after-tax amount the executive would receive without this reduction exceeds by at least ten percent the net after-tax amount the executive would receive with this reduction. Under the agreements, Messrs. Allen and Danielson have also agreed to customary confidentiality, non-competition, non-solicitation and release provisions.

We have not entered into employment agreements with any of our other named executive officers.

Executive Bonus Plan

Our Executive Bonus Plan is an annual performance-based cash incentive plan approved by our shareholders in 2010. The Executive Bonus Plan is administered by our Compensation Committee and is open to participation by executive officers and other executives of the Company, its operating units, or its affiliates who are in management positions designated as eligible by the Compensation Committee.

Each year, our Compensation Committee determines (i) who may participate, (ii) the performance targets and measurement criteria, (iii) the portion of participant's salary that will be paid as an incentive award upon satisfaction of performance thresholds, (iv) the manner of payment and (v) the times and conditions subject to which the awards may become payable.

For 2013, the award opportunities approved by the Compensation Committee generally provided for payment to Messrs. Allen and Danielson of cash incentives equal to specified percentages of the pre-tax earnings of the Company for its 2013 fiscal year (after giving effect to the bonus). The remaining named executive officers have target awards expressed as a percentage of salary earnings for the year, with adjustments based on financial and individual performance.

Amended and Restated 2001 Stock Option and Incentive Award Plan

General. The purpose of our Amended 2001 Incentive Plan, which was approved by shareholders at an annual meeting on May 5, 2009, is to (i) attract and retain employees, directors, consultants, advisors and other persons who perform services for the Company by providing compensation opportunities that are competitive with other companies; (ii) provide incentives to those individuals who contribute significantly to the long-term performance and growth of the Company and its affiliates; and (iii) align the long-term financial interests of employees and other eligible participants with those of the Company's shareholders. Our Amended 2001 Incentive Plan has a term of ten years and no further awards may be granted under the Amended 2001 Incentive Plan after that date.

Administration. Our Compensation Committee administers our Amended 2001 Incentive Plan and has the exclusive right to set the terms and conditions of grants and awards, including the term, exercise price, vesting conditions (including vesting based on the Company's performance or upon share price performance), and consequences of termination of employment. Our Compensation Committee also selects the persons who receive such grants and awards and interprets and administers the Amended 2001 Incentive Plan.

Awards Available for Grant. Our Compensation Committee may grant awards incentive stock options, nonqualified stock options, stock appreciation rights, restricted stock, restricted stock units, stock awards, performance shares, performance units or any combination of the foregoing.

Number of Shares Authorized. Our Incentive Plan provides for an aggregate of 7,850,000 common shares to be available for awards. No participant may be granted awards of options or stock appreciation rights with respect to more than 600,000 common shares in any one year. No more than 600,000 common shares (or the equivalent fair market value thereof) may be earned in respect of performance compensation awards granted to any participant for a single calendar year during a performance period. The maximum amount that can be paid to

Table of Contents

a participant in any calendar year pursuant to a performance compensation award in the form of a cash bonus is \$15,000,000. If there is a change in our corporate capitalization or a corporate transaction or event that affects our common shares, our Compensation Committee in its sole discretion may make substitutions or adjustments to the number of shares reserved for issuance, the number of shares covered by awards then outstanding, the limitations on awards, the exercise price of outstanding options and such other equitable substitution or adjustments as it may determine appropriate under our Amended 2001 Incentive Plan.

Aaron's Management Performance Plan. In 2011, our Compensation Committee approved a stock based management performance plan, which we refer to as the AMP Plan. Under the AMP Plan, certain vice presidents, director-level employees and other key personnel in the Company's home office, divisional vice presidents and regional managers are eligible to receive grants of RSUs based upon the quarterly pre-tax profit performance of their operating units or the overall Company, as appropriate. All RSUs awarded under the AMP Plan are granted under and pursuant to the terms of the Amended 2001 Incentive Plan.

In February 2013, each of Messrs. Evans and Buck were awarded RSUs under the AMP Plan which vest in 2016 and 2018, respectively. These awards, however, were as a result of 2012 activity.

Pension Benefits

We do not provide defined benefit pension plan benefits to our named executive officers.

Non-Qualified Deferred Compensation as of December 31, 2013

Effective July 1, 2009, the Company implemented the Aaron's, Inc. Deferred Compensation Plan, which we refer to as the Deferred Compensation Plan, an unfunded, nonqualified deferred compensation plan open to a select group of management, highly compensated employees and non-employee directors. On a pre-tax basis, eligible employees can defer receipt of up to 75% of their base compensation and up to 100% of their incentive pay compensation, and eligible non-employee directors can defer receipt of up to 100% of both their cash and stock director fees. In addition, the Company elected to make restoration matching contributions on behalf of eligible employees to compensate for certain limitations on the amount of matching contributions an employee can receive under the Company's tax-qualified 401(k) plan.

Table of Contents

Amounts deferred under the Deferred Compensation Plan is credited to each participant's deferral account and a deferred compensation liability is recorded in accounts payable and accrued expenses in the consolidated balance sheets. The Company's aggregate liabilities under the Deferred Compensation Plan were approximately \$12.6 million and \$9.5 million as of December 31, 2013 and 2012, respectively. Liabilities are recorded at amounts due to participants, based on the fair value of participants' selected investments. The Company has established a Rabbi Trust to fund our obligations under the Deferred Compensation Plan with Company-owned life insurance. The obligations are unsecured and the participants have no right, interest or claim in the assets of the Company, except as unsecured general creditors. The cash surrender value of these policies totaled \$14.1 and \$10.4 million as of December 31, 2013 and 2012, respectively, and is included in prepaid expenses and other assets in the consolidated balance sheets.

Deferred compensation expense charged to operations for the Company's matching contributions totaled \$139,000, \$285,000, and \$306,000 in 2013, 2012 and 2011, respectively. Benefits of \$1.3 million and \$616,000 were paid during the years ended December 31, 2013 and 2012, respectively.

The following table provides information on compensation deferred by our named executive officers pursuant to the Deferred Compensation Plan.

Potential Payments Upon Termination or Change in Control

Ronald W. Allen and Gilbert Danielson. The agreements with Messrs. Allen and Danielson specify the payments to be provided if the employment of Mr. Allen or Mr. Danielson, as applicable, is terminated under various scenarios described in the agreements, including death, disability, termination with or without cause, and termination with or without good reason.

If either of Messrs. Allen or Danielson is (i) involuntary terminated by the Company without cause or (ii) terminates his employment for good reason following a change in control of the Company, he would be entitled to (w) continued payment of salary for a period of twenty four months (x) severance equal to twice the average cash bonus for the immediately preceding two calendar years, (y) cash payment in an amount sufficient after taxes to equal the cost of continued health care premiums and benefits for a twenty-four month severance period and (z) full vesting of all outstanding stock options, stock appreciation rights, restricted stock units and other equity awards that have been granted to the executive.

If either of Messrs. Allen or Danielson elects to voluntarily terminate his employment (other than for good reason following a change in control of the Company), they would be entitled only to accrued but unpaid base salary and earned bonus. In addition, each executive would be entitled to a pro-rata portion of the annual cash bonus for the year of termination, prorated for the period actually worked during the year.

If either of Messrs. Allen or Danielson is terminated by the Company for cause, they would be entitled only to accrued but unpaid base salary and earned bonus.

Table of Contents

In the event of a termination of employment due to death or disability, each of Messrs. Allen and Danielson (or their respective estate, beneficiary or beneficiaries, as the case may be), would be entitled to receive his accrued amounts. In addition, and assuming the termination occurs following the end of the first quarter, the executive will also be entitled to a prorated bonus for the fiscal year in which the termination occurs equal to the bonus that would be payable to the executive under any annual bonus plan based on the Company's performance at the end of the last completed fiscal quarter, prorated as appropriate based on the number of days he worked in such year, divided by 365 days.

If any payments to be made or benefits to be provided under the agreements would result a parachute payment as defined in Section 280G of the Internal Revenue Code, then such payments or benefits will be reduced to the minimum extent necessary so that no such payment or benefit, as so reduced, constitutes a parachute payment, unless the net after-tax amount the executive would receive without this reduction exceeds by at least ten percent the net after-tax amount the executive would receive with this reduction.

Assuming Mr. Allen's employment terminated or there was a change-in-control on December 31, 2013, such payments and benefits have an estimated value of:

	Pro-rated Bonus(1)	Total Cash Severance(2)	Value of Accelerated Equity(3)	Total
Termination by the Company for cause	\$ 323,000			\$ 323,000
Termination by Company without Cause		\$ 2,496,139	\$ 6,247,500	\$ 8,743,639
Termination by the executive for Good Reason following a Change in Control		\$ 2,496,139	\$ 6,247,500	\$ 8,743,639
Termination due to death	\$ 323,000		\$ 6,247,500	\$ 6,570,500
Termination due to disability	\$ 323,000			\$ 323,000

Change in Control Only	\$ 323,000		\$ 6,247,500	\$ 6,570,500

- (1) Assumes that pro-rated bonus equals actual cash bonus for 2013 performance under the Executive Bonus Plan.
- (2) Calculated as the sum of (i) two times Mr. Allen's base salary in effect under his employment agreement, (ii) two times the average of cash bonus received by Mr. Allen in the for the two calendar years immediately preceding the year in which termination occurred and (iii) an amount equal to the aggregate cost of Mr. Allen's applicable COBRA premiums for a two year period following termination. The calculation assumes an 8% trend increase in COBRA premiums for the second year.
- (3) Calculated as the number of shares of restricted stock or restricted stock units vesting upon termination of employment multiplied by the closing price of our common shares on December 31, 2013 (\$29.40).

Assuming Mr. Danielson's employment terminated or there was a change-in-control on December 31, 2013, such payments and benefits have an estimated value of:

The severance payment is being paid in thirty-six (36) equal bi-monthly installments over a period of eighteen (18) months. Table of Contents**NON-MANAGEMENT DIRECTOR COMPENSATION IN 2013**

PROPOSAL THREE

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Compensation Discussion and Analysis section of this Proxy Statement describes our executive compensation program and the compensation decisions made by our Compensation Committee with respect to the fiscal year 2013 compensation of our named executive officers and the Remuneration of Executive Officers section described the compensation paid during that year. In accordance with the Dodd- Frank Wall Street Reform and Consumer Protection Act, our board of directors is requesting shareholders to cast a non-binding advisory vote on the following resolution:

RESOLVED, that the compensation paid to the Company's Named Executive Officers, as disclosed pursuant to Item 402 of the Securities and Exchange Commission's Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative disclosure, in the Company's Proxy Statement for its 2014 Annual Meeting is hereby APPROVED.

We believe that our executive compensation programs have been effective at incentivizing the achievement of positive results, appropriately aligning pay and performance and in enabling us to attract and retain very talented executives within our industry.

Accordingly, we are requesting our shareholders to indicate their support for our named executive officer compensation as described in this Proxy Statement. This proposal, commonly known as a "say-on-pay" proposal, gives you as a shareholder the opportunity to express your views on our fiscal year 2013 executive compensation policies and procedures for named executive officers. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the policies and procedures described in this Proxy Statement. While the advisory vote we are requesting you to cast is non-binding, our Compensation Committee values the views of our shareholders and expects to consider the outcome of the vote when considering future compensation decisions for our named executive officers.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE RESOLUTION APPROVING OUR EXECUTIVE COMPENSATION.

Approval of Auditor Services

The Audit Committee is responsible for pre-approving all audit and permitted non-audit services provided to the Company by its independent auditors. To help fulfill this responsibility, the Audit Committee has adopted an Audit and Non-Audit Services Pre-Approval Policy, which we refer to as the Pre-Approval Policy. Under the Pre-Approval Policy, all auditor services must be pre-approved by the Audit Committee either (i) before the commencement of each service on a case-by-case basis called specific pre-approval or (ii) by the description in sufficient detail in the Pre-Approval Policy of particular services which the Audit Committee has generally approved, without the need for case-by-case consideration called general pre-approval.

Unless a particular service has received general pre-approval, it must receive the specific pre-approval of the Audit Committee or its Chairman. The Pre-Approval Policy describes the audit, audit-related and tax services that have received general pre-approval these general pre-approvals allow the Company to engage the independent accountants for the enumerated services for individual engagements up to the fee levels prescribed in the Policy. The annual audit engagement for the Company is subject to the specific pre-approval of the Audit Committee. Any engagement of the independent auditors pursuant to a general pre-approval must be reported to the Audit Committee at its next regular meeting. The Audit Committee periodically reviews the services that have received general pre-approval and the associated fee ranges. The Pre-Approval Policy does not delegate the Audit Committee's responsibility to pre-approve services performed by the independent auditors to management.

Background of Vintage Capital Communications

In February 2014, the Board received from Vintage Capital an unsolicited proposal to acquire the common stock of the Company for \$30.50 per share, a 12.8% premium over the then-current market price. On February 28, 2014, the Board received a letter from Vintage Capital related to its proposal requesting a meeting with the Board's transaction committee and the Company's advisors. On March 7, 2014, Vintage Capital submitted the Vintage Letter to the Company stating Vintage Capital's intention to nominate five insurgent Director-candidates for the two Board seats up for election at the Annual Meeting. On March 14 and March 28, 2014, Vintage Capital sent letters to the Company's independent directors expressing its views on certain topics including the Company's performance.

On two separate occasions in late March and early April 2014, representatives from the Company's financial advisors, the Blackstone Group and Goldman, Sachs & Co., reached out to and discussed with Brian Kahn, the managing member of Vintage Capital, the availability of Vintage's acquisition financing. Mr. Kahn did not disclose the sources, amounts, details or conditions of his equity financing, the amounts, details or conditions of his debt financing or copies of documents related to his equity or debt financing. The Company's financial advisors requested that Mr. Kahn raise his offer price for the Company's shares. Mr. Kahn did not increase his offer price.

On April 14, 2014, the Company filed a complaint against Vintage Capital in Georgia federal court which sought to compel Vintage Capital to make certain disclosures in its SEC filings (i) in respect of its acquisition financing, (ii) acknowledging that Mr. Butler, one of the candidates Vintage Capital has included in its director slate, is contractually barred from having any business affiliation or relationship with the Company and (iii) in respect of Vintage Capital's intentions for the management or operations of the Company. The litigation against Vintage Capital is described in more detail in the section of the Proxy Statement captioned *Additional Information - Vintage Litigation* on page 49.

The Board announced on April 15, 2014 that the Company, after a lengthy period of negotiations, had acquired Progressive Finance Holdings LLC, a leading virtual rent-to-own company, and the implementation of a long-term strategic transformation plan. The Board also, after careful deliberation and consultation with its financial and legal advisors, unanimously rejected Vintage Capital's unsolicited proposal.

Table of Contents

On April 17, 2014, Vintage Capital submitted a letter to the Board informing the Board and the Company that Vintage Capital was withdrawing its previously announced offer to acquire the Company because the Company had acquired Progressive Finance and confirming that Vintage Capital still intends to proceed with a proxy contest to elect a slate of directors to the Board at the Annual Meeting.

On April 22, 2014, Gilbert L. Danielson, the Company's Chief Financial Officer, and Steven A. Michaels, the Company's President, sought out and met in person with Mr. Kahn and, during the meeting, discussed the Company's concerns with Mr. Kahn's slate of Director-candidates.

During a conversation between Mr. Michaels and Mr. Kahn the next day, Mr. Kahn discussed the possibility of acquiring the Company's HomeSmart division using equity of Buddy's as consideration. Mr. Kahn noted that he was interested in a roll-up transaction involving Buddy's, HomeSmart and EasyHome, a Canadian rent-to-own company of whom Mr. Kahn had already made some initial inquiries. Mr. Kahn indicated that the Aaron's supply chain was particularly attractive. Mr. Michaels discussed issues in respect of having Buddy's controlling shareholder and director on the Company's Board. Later that same day, Mr. Danielson and Mr. Michaels called Mr. Kahn and informed him that the Company believes in the potential for growth in the HomeSmart business and is not interested in selling HomeSmart.

On April 24, 2014, Mr. John Robinson, the Chief Executive Officer of Progressive Finance, Mr. Ryan Woodley, the Chief Financial Officer and Chief Operating Officer of Progressive Finance, Mr. Danielson and Mr. Michaels reached out to and spoke with Mr. Kahn regarding the Progressive Finance transaction.

Beginning on April 22, 2014 and continuing through April 29, 2014, Mr. Ray Robinson and Mr. Kahn had numerous telephone discussions during which Mr. Robinson attempted to negotiate a settlement with Mr. Kahn in order to avoid a costly proxy contest with Vintage Capital. Mr. Robinson discussed the Company's concerns about Mr. Butler, including the contractual prohibition on Mr. Butler seeking or accepting any position with the Company. Mr. Kahn said that he understood the Company's concerns and agreed to remove Mr. Butler from Vintage Capital's slate of director nominees. At one point during these discussions, Mr. Kahn offered to terminate Vintage Capital's pending proxy contest to elect directors at this year's annual meeting and to agree not to engage in any proxy contest until after the Company's 2015 annual meeting, if the Company would agree to sell Vintage Capital the HomeSmart business for equity in Buddy's Home Furnishings. Mr. Robinson rejected this proposal. The Company proposed that, in connection with any settlement, Mr. Kahn agree not to engage in any proxy contest for a period of approximately one year i.e., until after the Company's 2015 annual meeting in order to allow the Company to focus on the integration of Progressive Finance and the execution of its strategic transformation plan. In the last communication between Mr. Kahn and Mr. Robinson, Mr. Kahn indicated that he was considering the circumstances under which he would agree to such an arrangement. On April 29, 2014, Vintage Capital sent a letter to Mr. Robinson in which it said, among other things, that it was rejecting the Company's proposal for a two-year standstill. (As noted above, the Company did not ask for a two-year standstill, but rather asked that Mr. Kahn agree to certain restrictions, including a restriction not to engage in any proxy contest related to the Company for a period of approximately one year i.e., until after the Company's 2015 annual meeting.)

From April 26, 2014 through April 28, 2014, the outside legal advisors of the Company and Vintage Capital discussed the terms of a potential settlement between Vintage Capital and the Company.

On April 30, 2014, Mr. Ray Robinson sent a letter to Vintage Capital correcting certain statements contained in Vintage Capital's April 29th letter.

On May 5, 2014, Vintage Capital filed its preliminary proxy statement in which it nominated two of its original five candidates, Messrs. Kahn and Butler, as its director candidates for the two Board seats up for election at the Annual Meeting.

From May 2, 2014 through May 13, 2014, Mr. Ray Robinson and the Company's outside legal advisors continued settlement discussions with Mr. Brian Kahn and Vintage Capital's outside legal advisors to avoid a costly and distracting proxy contest and to allow Company management to focus on the execution of its long-term strategic transformation plan and the integration of Progressive Finance.

On May 13, 2014, Vintage Capital together with Mr. Kahn and an affiliate, which we refer to as the Vintage Group, and the Company reached a settlement, which was approved unanimously by the Company's Board on the same date. Pursuant to the terms of the settlement agreement between the Vintage Group and the Company, which we refer to as the Settlement Agreement, the Company agreed to appoint Mr. Kahn to the Board effective as of May 20, 2014 and to nominate him for election at the Annual Meeting. As part of the settlement, the Company agreed that Mr. Kahn would have the right to designate another person, reasonably acceptable to the Board, to be appointed to the Board within 30 days following the Annual Meeting. Mr. Kahn chose to designate Matthew E. Avril, who was interviewed by the Nominating and Corporate Governance Committee. The Board expects to appoint Mr. Avril to the Board on or before July 10, 2014.

The Vintage Group agreed that, if at any time, the Vintage Group (together with its affiliates) hold less than 5% of the Company's outstanding common stock or any member of the Vintage Group proposes or joins a group proposing to nominate directors for election at the Company's 2015 Annual Meeting, Mr. Kahn and Mr. Avril shall resign from the Board.

Due to certain conflicts of interests that may arise because Vintage Capital holds a controlling interest in and Mr. Kahn serves on the board of managers of Buddy's Home Furnishings, a competitor of the Company, the Company has asked all directors, including Mr. Kahn, to execute a confidentiality agreement which provides additional protections for the Company's competitively sensitive information. Pursuant to the confidentiality agreement that has been or will be entered into by each director, no director will be provided with information or documents that the Company's management deems competitively sensitive if such director has an adverse competitive interest in respect of such information or the subject matter covered therein unless and until such director executes an acknowledgement that such information and/or documentation (i) shall be used only in connection with the exercise of his or her duties as a director of the company and (ii) shall not be shared, directly or indirectly, with any business that is a competitor of the Company or with any other person acting as a director, officer, employee or agent of such business. The Company has a right of enforcement in the event this acknowledgement is breached by a director (including Mr. Kahn). The form confidentiality agreement to be executed by each director has been filed as Exhibit C of Exhibit 10.1 to the Form 8-K filed by the Company on May 14, 2014. Although Vintage Capital holds a controlling interest in and Mr. Kahn serves on the board of managers of Buddy's Home Furnishings, he will have the same fiduciary duties under Georgia law to the Company and its shareholders as each other member of our Board.

In connection with the execution of the Settlement Agreement, the Vintage Group terminated its pending proxy contest with respect to the election of directors at the Annual Meeting and agreed to take no further action in that regard. Pursuant to the Settlement Agreement, the Company will reimburse the Vintage Group for up to \$1,500,000 of the reasonable expenses it incurred in connection with its proxy contest.

Background of Starboard Communications

The Company received on March 7, 2014, a letter from Starboard Value and Opportunity Fund Ltd, which we refer to as Starboard, pursuant to which Starboard stated its intention to nominate four insurgent director-candidates for election at the Annual Meeting. In March 2014, as part of its regular communication with shareholders, the Company initiated a series of investor calls and meetings with its largest shareholders, including Starboard. Management of the Company and the Company's financial advisors participated in one investor call and one in-person meeting with

Starboard at their offices on April 17, 2014. Each of the call and meeting with Starboard followed the same format and used the same prepared materials as the calls and meetings that the Company held with its other significant shareholders. On both the call and in the meeting, Peter Feld, Starboard's managing member, provided his views on, among other things, the operational and financial aspects of the Company's business. The Company's financial advisors asked Starboard to describe its contacts and

conversations with Vintage Capital but Starboard said that it would not disclose how much contact it had with Vintage Capital. During the in-person meeting with Starboard, Starboard and the Company's advisors briefly discussed Starboard's proposal to nominate an insurgent slate of directors at the Annual Meeting. In a separate conversation with Mr. Feld, Robert Kamerschen, the Company's Executive Vice President, General Counsel and Corporate Secretary, offered to review the credentials of and interview the slate of Director-candidates proposed by Starboard. Mr. Feld refused the Company's offer. On March 31, 2014, Starboard sent a letter to the Company's Board indicating certain concerns.

On May 6, 2014, Starboard delivered a letter to the Board withdrawing its nomination notice and its slate of candidates for election to the Board at the Annual Meeting and publicly announced such withdrawal. The Company notified Starboard that it has accepted Starboard's withdrawal of its slate of directors for election at the Annual Meeting and that it will treat the Starboard slate as withdrawn.

Vintage Litigation

Vintage Capital made a proposal to acquire 100% of the Company's shares and made public statements that it had financing commitments in place to back its proposal to take the Company private. However, Vintage Capital failed to disclose in its SEC filings (i.e., its Schedule 13(d) as amended) the information required in respect of its acquisition financing and its intentions for the management of the Company. Vintage Capital also included, in its slate of Director-candidates that it intended to nominate for election at the Annual Meeting, Mr. Butler, a former director of the Company whom Vintage Capital did not disclose is contractually barred from having any business affiliation or relationship with the Company.

The Company's lawsuit against Vintage Capital had its basis in the disclosure requirements of the securities laws and sought to compel Vintage to disclose (i) the financing arrangements that it said it had in place for its proposed acquisition of the Company, (ii) that Mr. Butler is contractually prohibited from seeking a position on or serving on the Company's board or serving as an officer of the Company and (iii) its intentions for the management of the Company. After Vintage Capital withdrew its unsolicited proposal to acquire the Company, the Company ended its litigation against Vintage Capital.

Shareholder Proposals for 2015 Annual Meeting

In accordance with the provisions of Rule 14a-8(e) of the Exchange Act, proposals of shareholders intended to be presented at the Company's 2015 annual meeting must be received by January 16, 2015 to be eligible for inclusion in the Company's Proxy Statement and form of proxy for that meeting.

If a shareholder desires the Board to consider including in its slate of director nominees for the Company's 2015 annual meeting a nominee submitted to the Company by such shareholder, the shareholder must submit such nomination in compliance with the procedures described under *Election of Directors Nominating and Corporate Governance Committee* by January 16, 2015 to be eligible for inclusion in the board of director's nominee slate. If a shareholder otherwise desires to nominate a candidate for election to the board of directors, such shareholder must submit the nomination in compliance with the Company's bylaws not less than 60 nor more 120 days prior to the date of the 2015 annual meeting, which we currently anticipate will be held on May 5, 2015.

Other shareholder proposals not made in accordance with the provisions of Rule 14a-8 must be submitted to the board of directors in compliance with the Company's bylaws between 90 to 120 days prior to the date of the 2015 annual meeting in order to be considered timely.

The Company retains discretion to vote proxies it receives with respect to director nominations or any other business proposals received after their respective deadlines for submission as described above. The Company retains discretion to vote proxies it receives with respect to such proposals received prior to such deadlines provided (i) the Company includes in its Proxy Statement advice on the nature of the proposal and how it intends to exercise its voting discretion, and (ii) the proponent does not issue its own Proxy Statement.

PROPOSED BYLAW AMENDMENT

If proposal 1 is approved by the requisite vote of the shareholders of the Company, the following amendment of our Amended and Restated Bylaws shall become effective immediately and shall apply to the election of directors at the Annual Meeting:

**AMENDMENT TO THE
AMENDED AND RESTATED BYLAWS OF
AARON S, INC.**

The Amended and Restated Bylaws of Aaron s, Inc. are hereby amended as follows:

Section 2 of Article III is hereby amended and restated in its entirety as follows:

Section 2. Number, Election and Term. The number of directors which shall constitute the whole board shall be at least 3; the exact number to be fixed from time to time by resolution of the board of directors, but no decrease shall have the effect of shortening the term of an incumbent director. Commencing at the annual meeting of shareholders to be held during the fiscal year ending December 31, 2014, and at each annual meeting of shareholders thereafter, directors will be elected for a term of office to expire at the next succeeding annual meeting of shareholders. Each director whose term does not expire at the annual meeting of shareholders to be held during the fiscal year ending December 31, 2014, will hold office until the annual meeting of shareholders for the fiscal year in which such director s term expires. Each director shall hold office until the expiration of his or her respective term of office and until his or her successor is duly elected and qualified or until his or her earlier resignation, removal from office or death. The directors shall be elected by a majority of the votes cast at the annual meeting of shareholders at which a quorum is present; provided, however that directors shall be elected by a plurality of the votes cast at such meeting for which (a) the president receives a notice that a shareholder has nominated a candidate for election to the board of directors in compliance with the advance notice requirements for shareholder nominees for director set forth in Article III, Section 3; and (b) such nomination has not been withdrawn by such shareholder on or prior to the tenth (10th) day preceding the date that the corporation first mails its notice of meeting for such meeting to the shareholders. A majority of the votes cast means that the number of votes cast for a director s election exceeds the number of votes cast against that director s election. The following shall not be a vote cast: (1) a share otherwise present at the meeting but for which there is an abstention and (2) a share otherwise present at the meeting as to which a shareholder gives no authority or discretion, including broker non-votes.

In the event an incumbent director fails to receive a majority of the votes cast (unless, pursuant to the immediately preceding paragraph, the director election standard is a plurality of the votes cast), the incumbent director shall promptly tender his or her resignation to the board of directors. The Nominating and Corporate Governance Committee of the board of directors will make a recommendation to the board of directors on whether to accept or reject the resignation, or whether other action should be taken. The board of directors, taking into account the recommendation of the Nominating and Corporate Governance Committee, will determine whether to accept or reject such resignation, or what other action should be taken, within 100 days from the date of the certification of election results. Directors shall be natural persons who have attained the age of 18 years, but need not be residents of the State of Georgia.
