**PROXY STATEMENT**  
**ANNUAL MEETING OF STOCKHOLDERS**  
**TO BE HELD MAY 13, 2015**

The Board of Directors of Tenneco Inc. (which we refer to as we, us, our, Tenneco or our company) has made these proxy materials available to you on the Internet, or, upon your request, has delivered printed versions of these materials to you by mail. We first released these proxy materials to our stockholders on or about April 2, 2015. We are furnishing this proxy statement in connection with the solicitation by our Board of Directors of proxies to be voted at the Annual Meeting of Stockholders on May 13, 2015, or at any adjournment or postponement thereof.

**IMPORTANT NOTICE REGARDING THE**  
**AVAILABILITY OF PROXY MATERIALS FOR THE**  
**ANNUAL MEETING OF STOCKHOLDERS**  
**TO BE HELD ON MAY 13, 2015**

Pursuant to the notice and access rules adopted by the Securities and Exchange Commission, we have elected to provide stockholders access to our proxy materials over the Internet. Accordingly, we mailed a Notice of Internet Availability of Proxy Materials (the Notice) on April 2, 2015 to our stockholders of record. The Notice provides you with instructions regarding how to:

View our proxy materials for the Annual Meeting and our Form 10-K (which includes our audited financial statements) on the Internet at [www.proxyvote.com](http://www.proxyvote.com);

Instruct us to provide our future proxy materials to you electronically by email; and

If you prefer, request a printed set of the proxy materials and Form 10-K. Plan participants who hold Tenneco shares in their 401(k) accounts and other stockholders who have previously requested paper copies of these materials may receive these materials by email or in paper. We elected to use electronic notice and access for our proxy materials because we believe this process will reduce our printing and mailing costs and, by reducing the amount of printed materials, will reduce the environmental impact of our annual

stockholders meetings. Choosing to receive your future proxy materials by email will help us in these efforts. If you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate it.

**QUESTIONS AND ANSWERS ABOUT  
THIS PROXY STATEMENT AND THE ANNUAL MEETING**

***What is the purpose of the Annual Meeting?***

At the Annual Meeting, stockholders will consider and vote on the following matters:

The election of the eight nominees named in this proxy statement to our Board of Directors, each for a term of one year;

The ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accountants for the fiscal year ending December 31, 2015; and

An advisory vote to approve our executive compensation.

The stockholders will also act on any other business that may properly come before the meeting.

***What is the difference between holding shares as a stockholder of record and as a beneficial owner?***

If your shares are registered directly in your name with our transfer agent, Wells Fargo Shareowner Services, you are considered, with respect to those shares, the stockholder of record. If your shares are held in a stock brokerage account or by a bank or other record holder, you are considered the beneficial owner of shares held in street name. As the beneficial owner, you have the right to direct your broker, bank or other record holder on how to vote and you are also invited to attend the Annual Meeting. Your broker, bank or other record holder should have enclosed or provided voting instructions for you to use in directing the voting of your shares.

***Who may attend the Annual Meeting?***

Anyone who was a stockholder as of the close of business on March 16, 2015 may attend the Annual Meeting.

***Who is entitled to vote at the Annual Meeting?***

Only holders of record of our common stock at the close of business on March 16, 2015 are entitled to vote. There were 61,560,623 shares of common stock outstanding on March 16, 2015. Stockholders are entitled to cast one vote per share on all matters.

***How do I vote my shares in person at the Annual Meeting?***

Shares held in your name as the stockholder of record may be voted in person at the Annual Meeting. Shares held beneficially in street name may be voted in person at the Annual Meeting only if you obtain a legal proxy from the broker, bank or other record holder that holds your shares giving you the right to vote the shares. Even if you plan to attend the Annual Meeting, we recommend that you also submit your proxy or voting instructions as described below so that your vote will be counted if you later decide not to attend the Annual Meeting.

***How do I vote my shares without attending the Annual Meeting?***

There are three ways to vote by proxy:

**By Internet** You can vote over the Internet by following the instructions on the Notice or proxy card;

**By Mail** If you received your proxy materials by mail, you can vote by filling out the accompanying proxy card and returning it in the return envelope that we have enclosed for you; or

**By Telephone** You can vote by telephone by following the instructions on the proxy card. If you received a proxy card in the mail but choose to vote by Internet or by telephone, you do not need to return your proxy card.

## **Table of Contents**

If your shares are held in the name of a bank, broker or other record holder, follow the voting instructions on the form that you receive from them. The availability of telephone and Internet voting will depend on the bank's, broker's or other record holder's voting process. Your bank, broker or other record holder may not be permitted to exercise voting discretion as to some of the matters to be acted upon. Therefore, please give voting instructions to your bank, broker or other record holder.

Unless you hold your shares through the company's 401(k) plan, you may vote via the Internet or by phone until 11:59 p.m. Eastern Time, on May 12, 2015, or the company's agent must receive your paper proxy card on or before May 12, 2015. If you hold your shares through the company's 401(k) plan, you may vote via the Internet or by phone until 11:59 p.m., Eastern Time, on May 10, 2015, or the company's agent must receive your paper proxy card on or before May 10, 2015.

### ***How will my proxy be voted?***

All properly completed, unrevoked proxies, which are received prior to the close of voting at the Annual Meeting, will be voted in accordance with the specifications made. If a properly executed, unrevoked written proxy card does not specifically direct the voting of shares covered, the proxy will be voted:

**FOR** the election of all nominees for election as director described in this proxy statement;

**FOR** the ratification of the appointment of PricewaterhouseCoopers LLP as our independent public accountants for 2015;

**FOR** the approval, in an advisory vote, of our executive compensation; and

in accordance with the judgment of the persons named in the proxy as to such other matters as may properly come before the Annual Meeting.

The Board of Directors is not aware of any other matters that may properly come before the Annual Meeting. However, should any such matters come before the Annual Meeting, it is the intention of the persons named in the enclosed form of proxy card to vote all proxies (unless otherwise directed by stockholders) in accordance with their judgment on such matters.

### ***May I revoke or change my vote?***

If you are a stockholder of record, you may revoke your proxy at any time before it is actually voted by giving written notice of revocation to our Secretary, by delivering a proxy bearing a later date (including by telephone or by Internet) or by attending and voting in person at the Annual Meeting. Attendance at the Annual Meeting will not cause your previously granted proxy to be revoked unless you specifically make that request. If you are a beneficial owner of shares, you may submit new voting instructions by contacting your bank, broker or other record holder or, if you have obtained a legal proxy from your bank, broker or other record holder giving you the right to vote your shares, by attending the meeting and voting in person.

### ***Will my vote be made public?***

All proxies, ballots and voting materials that identify the votes of specific stockholders will generally be kept confidential, except as necessary to meet applicable legal requirements and to allow for the tabulation of votes and certification of the vote.

## **Table of Contents**

### ***What constitutes a quorum, permitting the meeting to conduct its business?***

The presence at the Annual Meeting, in person or by proxy, of holders of a majority of the issued and outstanding shares of common stock as of the record date is considered a quorum for the transaction of business. If you submit a properly completed proxy or if you appear at the Annual Meeting to vote in person, your shares of common stock will be considered part of the quorum.

Abstentions and broker non-votes are counted as present and entitled to vote for purposes of determining a quorum. A broker non-vote occurs when a bank, broker or other record holder holding shares for a beneficial owner does not vote on a particular proposal because that holder does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner. The election of directors (Item 1) and the advisory vote on executive compensation (Item 3) are non-discretionary items. If you do not instruct your broker how to vote with respect to any of these items, your broker may not vote with respect to the applicable proposal and those votes will be counted as broker non-votes.

### ***How many votes are needed to approve a proposal?***

Assuming the presence of a quorum, each director nominee receiving a majority of the votes cast at the Annual Meeting (in person or by proxy) will be elected as a director. A majority of the votes cast means the number of For votes cast exceeds the number of Against votes cast. A proxy marked Abstain with respect to any director will not be counted in determining the total number of votes cast. Because the election of directors is determined on the basis of a majority of the votes cast, abstentions and broker non-votes have no effect on the election of directors. Assuming the presence of a quorum, the affirmative vote of a majority of the shares present, in person or by proxy, at the Annual Meeting and entitled to vote is required to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accountants for 2015 and to approve the advisory vote on our executive compensation. Because the vote standard for the approval of these proposals is a majority of shares present and entitled to vote, abstentions have the effect of a vote against and broker non-votes have no effect on the proposals.

### ***Who will count the vote?***

Representatives of Broadridge Financial Solutions, Inc. will tabulate the votes and act as inspectors of election.

### ***How can I find the voting results of the Annual Meeting?***

We will report the voting results in a Current Report on Form 8-K within four business days after the end of our annual meeting.

### ***How is the solicitation being made?***

The cost of solicitation of Proxies will be borne by us. Solicitation will be made by mail, and may be made by directors, officers, and employees, personally or by telephone, email or fax. Proxy cards and material also will be distributed to beneficial owners of stock through brokers, custodians, nominees and other like parties, and we expect to reimburse such parties for their charges and expenses.

### ***Where can I find more information about Tenneco?***

We file reports and other information with the SEC. You may read and copy this information at the SEC's public reference facilities. Please call the SEC at 1-800-SEC-0330 for information about these facilities. This information is

also available at our website at <http://www.tenneco.com> and at the Internet site maintained by the SEC at <http://www.sec.gov>.

**ELECTION OF DIRECTORS**

**(Item 1)**

Our Board of Directors currently comprises eight individuals, all of whom are proposed to be elected at this Annual Meeting to serve for a term to expire at the annual meeting of stockholders to be held in 2016 and until their successors are chosen and have qualified.

Unless otherwise indicated in your proxy, the persons named as proxy voters in the accompanying proxy card, or their substitutes, will vote your proxy for all the nominees, each of whom has been designated as such by the Board of Directors. In the event that any nominee for director withdraws or for any reason is not able to serve as a director, we will vote your proxy for the remainder of those nominated for director (except as otherwise indicated in your proxy) and for any replacement nominee designated by the Compensation/Nominating/Governance Committee of the Board of Directors.

You may vote For or Against any or all of the director nominees, or you may Abstain from voting. Assuming a quorum, each director nominee receiving a majority of the votes cast at the Annual Meeting (in person or by proxy) will be elected as director. A majority of the votes cast means the number of For votes cast exceeds the number of Against votes cast. A proxy marked Abstain with respect to any director will not be counted in determining the total number of votes cast.

Brief statements setting forth the age (at March 16, 2015), the principal occupation, the employment during at least the past five years, the year in which first elected a director and other information concerning each nominee appears below.

**The Board of Directors recommends that you vote FOR all of the nominees listed below.**

We are a Delaware corporation. Under Delaware law, if an incumbent director is not elected, that director remains in office until the director's successor is duly elected and qualified or until the director's death, resignation or retirement. To address this potential outcome, the Board adopted a director resignation policy in Tenneco's By-Laws. Under this policy, the Board of Directors will nominate for directors only those incumbent candidates who tender, in advance, irrevocable resignations, and the Board has obtained such conditional resignations from the nominees in this year's proxy statement. The irrevocable resignations will be effective upon the failure to receive the required vote at any annual meeting at which they are nominated for re-election and Board acceptance of the resignation. If a nominee fails to receive the required vote, the Compensation/Nominating/Governance Committee will recommend to the Board whether to accept or reject the tendered resignation. The Board will publicly disclose its decision within 90 days following certification of the stockholder vote. The director whose resignation is under consideration will not participate in the recommendation of the Compensation/Nominating/Governance Committee or the Board's decision with respect to the resignation. If the Board does not accept the resignation, the director will continue to serve until the next annual meeting and until his or her successor is duly elected, or until his or her earlier resignation or removal. If the Board accepts the resignation, then the Board, in its sole discretion, may fill any resulting vacancy or may decrease the size of the Board (but not below the minimum number of directors required under our Certificate of Incorporation).

As part of its annual review process, the Board of Directors monitors developments in the area of corporate governance. Listed below are some of the key elements of our corporate governance plan. Many of these matters are described in more detail elsewhere in this proxy statement.

***Director Independence (see pp. 13-14)***

Seven of the Company's eight current directors are independent under the New York Stock Exchange ( NYSE ) listing standards. Assuming all nominees presented in this Proxy Statement are elected at the Annual Meeting, seven of our eight directors will be independent under the NYSE listing standards.

***Compensation/Nominating/Governance Committee and Subcommittee (see pp. 14-16 and p. 58)***

All members meet the independence standards for compensation and nominating committee membership under the NYSE listing standards.

The Compensation/Nominating/Governance Committee operates under a written charter that governs its duties and responsibilities, including the responsibility for executive compensation.

We have an Executive Compensation Subcommittee which has the responsibility to consider and approve compensation for our executive officers which is intended to qualify as performance based compensation under Section 162(m) of the Internal Revenue Code.

## **The Board of Directors and Its Committees**

***Board Leadership Structure.*** Our Board of Directors currently comprises eight members, seven of whom are independent and one of whom is an officer of our company. The Board of Directors believes that our ratio of outside directors to inside directors represents a commitment to the independence of the Board and a focus on matters of importance to our stockholders.

Mr. Sherrill is our Chairman and Chief Executive Officer and leads our Board. Mr. Sherrill has general charge and management of the affairs, property and business of the corporation, under the oversight, and subject to the review and direction, of the Board. He presides at all meetings of stockholders and the Board. We also have a lead independent director, Mr. Stecko. As lead independent director, Mr. Stecko presides at all executive sessions of the Board, consults with management and the other members of the Board regarding Board meeting agendas and serves as the principal liaison between management and the independent directors.

Our Board of Directors has two standing committees – the Audit Committee and the Compensation/Nominating/Governance Committee. The responsibilities and authority of each committee are described below. Each of these committees consists solely of independent directors and has its own Chairman who is responsible for directing the work of the committee in fulfilling its responsibilities.

Our Board of Directors believes this leadership structure is in the best interests of our company and its stockholders. Our Chairman and Chief Executive Officer provides the strong, clear and unified leadership that is critical to our relationships with our stockholders, employees, customers, suppliers and other stakeholders. He also serves as a valuable bridge between the Board and our management. We have effective and active oversight by experienced independent directors, who have selected a lead independent director and two independent committee chairs. The

independent directors on the Board and each of the committees meet in regularly scheduled executive sessions without any members of management present. The purpose of these executive sessions is to promote open and candid discussion among the independent directors. Our system provides appropriate checks and balances to protect stockholder value and allows for efficient management of our company.

## **Table of Contents**

***Role of Board of Directors in Risk Oversight.*** Our Board of Directors recognizes that, although risk management is primarily the responsibility of the company's management team, the Board of Directors plays a critical role in the oversight of risk, including the identification and management of risk. The Board of Directors believes that an important part of its responsibilities is to assess the major risks we face and review our strategies for monitoring and controlling these risks. The Board of Directors' involvement in risk oversight involves the full Board of Directors, the Audit Committee and the Compensation/Nominating/Governance Committee.

We perform an annual enterprise risk assessment which originates within our internal audit department and is performed in accordance with the standards adopted by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). As part of its assessment, our internal audit department interviews each of our directors, as well as members of management, regarding the strategic, operational, compliance and financial risks that the company faces. Our director of internal audit and chief financial officer review the results of this annual enterprise risk assessment with our Board of Directors. In addition, throughout the year, the Board of Directors meets with senior management to discuss (a) current business trends affecting us; (b) the major risk exposures facing us; and (c) the steps management has taken to monitor and control such risks. The Board of Directors receives presentations throughout the year from senior management and leaders of our business units and functional groups, such as Treasury, information technology and insurance/risk management, regarding specific risks that we face, including as to credit or liquidity risks and operational risks. Finally, on an annual basis, management provides a comprehensive strategic review to the Board of Directors which includes a discussion of the major risks faced by our company and our strategies to manage and minimize these risks.

The Audit Committee meets frequently during the year with senior management, our director of internal audit and our independent public accountants and discusses the major risks facing us, and the steps management has taken to monitor and control such risks, as well as the adequacy of internal controls that could mitigate risks and significantly affect our financial statements. At each regularly scheduled meeting, our director of internal audit reviews with the Audit Committee the results of internal audit activities and testing since the Audit Committee's prior meeting. In addition, at each regularly scheduled Audit Committee meeting, the company's general counsel provides a report to the Audit Committee regarding any significant litigation, environmental or regulatory risks faced by our company. The Audit Committee also maintains oversight over the company's compliance programs, including compliance with the company's Code of Conduct. The Chairman of the Audit Committee provides the Board of Directors with a report concerning its risk oversight activities at each Board meeting. The Compensation/Nominating/Governance Committee reviews our compensation structures and programs to assure that they do not encourage excessive risk-taking.

***Director Independence.*** The Board of Directors has determined that all of our non-management directors are independent as that term is defined under the listing standards of the NYSE. As part of its analysis, the Board determined that none of the outside directors has a direct or indirect material relationship with us. Under written guidelines adopted by the Board, the following commercial or charitable relationships are not considered to be material relationships that would impair a director's independence:

the director is an employee, director or beneficial owner of less than 10% of the shares of another company that (directly or indirectly through its subsidiaries or affiliates) does business with us and the annual sales to, or purchases from, us are less than 1% of the annual consolidated revenues of both our company and the other company;

the director is an employee, director or beneficial owner of less than 10% of the shares of another company that (directly or indirectly through its subsidiaries or affiliates) is indebted to us, or to which we are indebted, and the total amount of either company's consolidated indebtedness to the other is less than 1% of the total consolidated assets of the indebted company;

**Table of Contents**

the director is an employee, director or beneficial owner of another company in which we own a common equity interest, and the amount of our interest is less than 5% of the total voting power of the other company; or

the director serves as an employee, director or trustee of a charitable organization, and our discretionary charitable contributions to the organization are less than 1% of that organization's total annual charitable receipts.

No outside director has a relationship with us that is outside of these guidelines.

***Board Meetings.*** During 2014, the Board of Directors held nine meetings. All of our directors who served in 2014 attended at least 75% of all meetings of the Board of Directors and the committees of the Board on which the director served. The Board of Directors is scheduled to meet in executive session, without management, after every regularly scheduled Board meeting. Mr. Stecko acts as lead independent director to chair these executive sessions and as primary spokesperson in communicating matters arising out of these sessions to our management.

All of the directors attended last year's annual meeting of stockholders. The Board of Directors has a policy that, absent unusual circumstances, all directors attend our annual stockholder meetings.

***Compensation/Nominating/Governance Committee and Subcommittee.*** The members of the Compensation/Nominating/Governance Committee are Messrs. Price, Stecko and Porter, who is the Chairman of the Committee. The Compensation/Nominating/Governance Committee is comprised solely of outside directors who meet the independence standards for compensation and nominating committee members as set forth in the NYSE listing standards.

The Compensation/Nominating/Governance Committee has the responsibility, among other things, to:

establish the compensation of our executive officers;

examine periodically our compensation structure;

supervise our welfare and pension plans and compensation plans;

produce an annual report on executive compensation for inclusion in our proxy statement in accordance with applicable rules and regulations of the SEC;

review our compensation practices and policies for our employees to determine whether those practices and policies are reasonably likely to have a material adverse effect on us; and

review and recommend to the Board any company proposal regarding the advisory vote on executive compensation and any company proposal regarding the frequency of the advisory vote on executive

compensation.

**Table of Contents**

It also has significant nominating and corporate governance responsibilities including, among other things, to:

review and determine the desirable balance of experience, qualifications and expertise among members of the Board;

review possible candidates for membership on the Board and recommend a slate of nominees for election as directors at each annual meeting of stockholders;

review the function and composition of the other committees of the Board and recommend membership on these committees;

review the qualifications of, and recommend candidates for, election as officers of our company;

develop and recommend to the Board of Directors for approval any revisions to our Corporate Governance Principles; and

oversee our management succession planning, including with respect to our Chief Executive Officer, and our diversity initiatives in connection with management succession.

The Compensation/Nominating/Governance Committee may form and delegate authority to subcommittees when appropriate and to the extent permitted by applicable law and the rules of the NYSE. Once a subcommittee of this committee is so formed, the committee may exercise any authority in its discretion that is granted to the subcommittee.

We have an Executive Compensation Subcommittee which consists of Messrs. Porter and Price. This subcommittee has the responsibility of considering and approving compensation for our Chief Executive Officer and our other executive officers which is intended to qualify as performance based compensation under Section 162(m) of the Internal Revenue Code. This subcommittee does not have the authority to further delegate its responsibilities.

Each of the Compensation/Nominating/Governance Committee and its Executive Compensation Subcommittee operates pursuant to a written charter, the current versions of which were reaffirmed by the Board of Directors and the Compensation/Nominating/Governance Committee, respectively, in March 2015 as part of their annual review process. The Compensation/Nominating/Governance Committee held seven meetings and the Executive Compensation Subcommittee held three meetings during 2014.

For 2014, the Compensation/Nominating/Governance Committee retained the services of Meridian Compensation Partners, LLC as its principal outside compensation consultant. Meridian reports directly to the Compensation/Nominating/Governance Committee and the scope of its assignment has been to (i) assist in decision-making with respect to executive compensation, (ii) provide plan design advice, (iii) provide annual competitive market studies against which committee members can analyze executive compensation and (iv) apprise the committee members regarding best practices and pay levels in association with director compensation. For our director compensation, our compensation consultant prepares comparative market data and presents that information

directly to the committee. The committee reviews this data and establishes director compensation in consultation with our compensation consultant. Meridian provides no other services to the committee or our company.

From time to time, the Compensation/Nominating/Governance Committee and the Executive Compensation Subcommittee will review materials prepared by other consultants to assist it with specific compensation matters. For example, in 2006, management engaged Buck Consultants, a pension actuarial firm, to provide advice concerning the restructuring of Tenneco's defined benefit and defined contribution retirement benefits plans for U.S. salaried and non-union hourly employees. This information was reviewed by the Compensation/Nominating/Governance Committee in connection with its decision to freeze future accruals under our defined benefits retirement plans at the end of 2006, as described under Executive Compensation Post-Employment Compensation 2006 Changes in Defined Benefits.

## **Table of Contents**

For a discussion of the role of our executive officers in the establishment of executive officer compensation, see Executive Compensation Compensation Discussion and Analysis. Our executive officers do not participate in the process for establishing director compensation.

A report of the Compensation/Nominating/Governance Committee regarding executive compensation appears elsewhere in this proxy statement. For a more detailed discussion of the Compensation/Nominating/Governance Committee's processes and procedures for considering and determining executive compensation, see Executive Compensation Compensation Discussion and Analysis.

***Audit Committee.*** The members of the Audit Committee are Ms. Warner and Messrs. Freyman, Metcalf, and Letham, who is the Chairman of the Committee. The Audit Committee is comprised solely of directors who meet all of the independence standards for audit committee membership as set forth in the Sarbanes-Oxley Act of 2002 and the SEC rules adopted thereunder and the NYSE listing standards. The Board of Directors has designated each of Messrs. Freyman and Letham as an audit committee financial expert as that term is defined in the SEC rules adopted pursuant to the Sarbanes-Oxley Act of 2002.

Management is responsible for our internal controls over the financial reporting process. The independent public accounting firm is responsible for performing an independent audit of our consolidated financial statements in accordance with generally accepted audit standards and for issuing a report on its audit. The Audit Committee's duty is to oversee and monitor these activities on behalf of the Board of Directors. Specifically, the Audit Committee has the responsibility, among other things, to:

select and approve the compensation of our independent public accountants;

review and approve the scope of the independent public accountants' audit activity and all non-audit services;

review the independence, qualifications and performance of our independent public accountants;

review with management and the independent public accountants the adequacy of our basic accounting system and the effectiveness of our internal audit plan and activities;

review with management and the independent public accountants our certified financial statements and exercise general oversight over the financial reporting process;

review with us litigation and other legal matters that may affect our financial condition and monitor compliance with business ethics and other policies;

provide an avenue of communication among the independent public accountants, management, the internal auditors and the Board of Directors; and

prepare the audit-related report required by the SEC to be included in our annual proxy statement.

**Table of Contents**

In fulfilling its responsibilities, the Audit Committee reviewed with management and the independent public accountants:

significant issues, if any, regarding accounting principles and financial statement presentations, including any significant changes in our selection or application of accounting principles, and significant issues, if any, as to the adequacy of our internal controls and any special audit steps adopted in view of material internal control deficiencies;

analyses prepared by management and/or the independent public accountants setting forth significant financial reporting issues and judgments made in connection with the preparation of the financial statements, including analyses of the effects of alternative generally accepted accounting principles methods on financial statements;

the effect of regulatory and accounting initiatives, as well as off-balance sheet structures, if any, on our financial statements; and

the type and presentation of information to be included in earnings press releases, as well as any financial information and earnings guidance provided to analysts and rating agencies.

In addition, the Audit Committee has discussed our major risk exposures and the steps that management has taken to monitor and control such exposures. Management is required to advise the Committee of any instances of fraud relating to employees who have a significant role in our internal controls. The Committee was advised that management was not aware of any such instances of fraud.

The Audit Committee operates under a written charter, the current version of which was reaffirmed by the Board of Directors in March 2015 as part of its annual review process. The Audit Committee held eighteen meetings in 2014. A report of the Audit Committee appears elsewhere in this proxy statement.

***Consideration of Director Nominees.*** The Compensation/Nominating/Governance Committee regularly assesses the size of the Board of Directors, the need for expertise on the Board of Directors and whether any vacancies are expected on the Board of Directors. The Compensation/Nominating/Governance Committee's process for identifying and evaluating nominees is as follows: In the case of incumbent directors, the Compensation/Nominating/Governance Committee reviews annually such directors' overall service to us during their term, including the specific experience, qualifications, attributes and skills that the director brings to service on our Board, the number of meetings attended, the level of participation, the quality of performance and any transactions of such directors with us during their term. In the event that vacancies are anticipated, or otherwise arise, the Compensation/Nominating/Governance Committee considers various potential candidates for director which may come to its attention through a variety of sources, including current Board members, stockholders or other persons. In addition, from time to time, the Compensation/Nominating/Governance Committee will retain a professional search firm to assist it in identifying director candidates, for which the firm generally receives a fee. For example, a third-party executive search firm, Spencer Stuart, assisted the Compensation/Nominating/Governance Committee in a search for new director candidates. Based on that search, the Compensation/Nominating/Governance Committee recommended the election of, and the Board of Directors elected, Mr. Metcalf to the Board of Directors in July 2014. All candidates for director are evaluated at regular or special meetings of the Compensation/Nominating/Governance Committee.

In evaluating and determining whether to recommend a person as a candidate for election as a director, the Compensation/Nominating/Governance Committee considers each candidate's experience, qualifications, attributes and skills as well as the specific qualification standards set forth in our Corporate Governance Principles, including: (1) personal and professional ethics, integrity and values; (2) an ability and willingness to undertake the requisite time commitment to Board functions; (3) independence pursuant to the guidelines set forth in the Corporate Governance Principles and applicable rules and regulations; (4) age, which must be less than 72; (5) the potential impact of service

on the board of directors of other public companies, including competitors of our company; and (6) an absence of employment at a competitor of our company. The Compensation/Nominating/Governance Committee and the Board of Directors value diversity as a factor in selecting members to serve on the Board and believe that the diversity which exists in the Board's composition provides significant benefit to the company. Each candidate is reviewed in light of the overall composition and skills of the entire Board of Directors at the time, including the varied characteristics of the Board members and candidate in terms of opinions, perspectives, personal and professional experiences and backgrounds. The nominees selected are those whose experience and background are deemed to provide the most valuable contribution to the Board.

The Compensation/Nominating/Governance Committee will consider director candidates recommended by stockholders provided the procedures set forth below are followed by stockholders in submitting recommendations. The committee does not intend to alter the manner in which it evaluates candidates, including the minimum criteria set forth above, based on whether the candidate was recommended by a stockholder. A stockholder of our company may nominate persons for election to the Board of Directors at an annual meeting if the stockholder submits such nomination, together with certain related information required by our By-Laws, in writing to our Corporate Secretary at our principal executive offices not later than the close of business on the 90th day nor earlier than the close of business on the 120th day prior to the first anniversary of the preceding year's annual meeting. In the event, however, that the date of the annual meeting is more than thirty days before or more than seventy days after that anniversary date, the notice must be delivered not earlier than the close of business on the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the tenth day following the day on which public announcement of the date of the meeting is first made. Following verification of the stockholder's status, the Compensation/Nominating/Governance Committee will perform an initial analysis of the qualifications of the nominee pursuant to the criteria listed above to determine whether the nominee is qualified for service on our Board of Directors before deciding to undertake a complete evaluation of the nominee. Other than the verification of compliance with the procedures set forth in our By-Laws and stockholder status, and the initial analysis performed by the Compensation/Nominating/Governance Committee, a person nominated by a stockholder for election to the Board of Directors is treated like any other potential candidate during the review process by the Compensation/Nominating/Governance Committee.

***Communications with the Directors.*** Anyone who has a concern about our conduct, or about our accounting, internal accounting controls or auditing matters, may communicate that concern directly to the Board of Directors, our lead independent director (Mr. Stecko) or any other non-employee director or the Audit Committee. All such concerns will be forwarded to the appropriate directors for their review, and all concerns related to audit or accounting matters will be forwarded to the Audit Committee. All reported concerns will be simultaneously reviewed and addressed by our Chief Compliance Officer and General Counsel, or his designee (unless he is alleged to be involved in the matter at issue). The status of all outstanding concerns addressed to the Board, the non-employee directors or the Audit Committee will be reported to the Board or the Audit Committee (as applicable) on at least a quarterly basis. The Board or any committee may direct special treatment, including the retention of outside advisors or counsel, for any concern addressed to them. Our corporate policies prohibit retaliatory action against any employee who raises concerns or questions in good faith about these matters.

Stockholders wishing to communicate with the Board of Directors, any outside director or the Audit Committee may do so by writing to our Corporate Secretary at 500 North Field Drive, Lake Forest, Illinois 60045. The Corporate Secretary will forward any communications as directed by the stockholder. We maintain a separate, internal system for the receipt of communications from employees.

**Table of Contents**

**Transactions with Related Persons**

The Board of Directors has adopted a Policy and Procedures for Transactions with Related Persons. As a general matter, the policy requires the Board of Directors to review and approve or disapprove the entry by us or our subsidiaries into certain transactions with related persons. The policy only applies to transactions, arrangements and relationships where the aggregate amount involved could reasonably be expected to exceed \$120,000 in any calendar year and in which a related person has a direct or indirect interest (other than solely as a result of being a director or a less than 10% beneficial owner of another entity). A related person is:

any director, nominee for director or executive officer of our company;

any immediate family member of a director, nominee for director or executive officer of our company; and

any person, and his or her immediate family members, or any entity, including affiliates, that was a beneficial owner of five percent or more of any of our outstanding equity securities at the time the transaction occurred or existed.

If advance approval of a transaction subject to the policy is not obtained, it must be promptly submitted to the Board of Directors for possible approval, amendment, termination or rescission. In reviewing any transaction, the Board of Directors will take into account, among other factors the Board of Directors deems appropriate, whether the transaction is on terms no less favorable than terms generally available to a third party in similar circumstances and the extent of the related person's interest in the transaction.

The policy provides that the following transactions are pre-approved for the purposes of the policy:

Employment of executive officers and compensation of directors and executive officers that is otherwise being reported in our annual proxy statement (as these transactions are otherwise subject to approval by the Board of Directors or one of its committees);

A transaction where the related person's only interest is as an employee of the other company, and if the transaction involves the sale or purchase of goods or services, the annual sales to or purchases from our company are less than 1% of the annual consolidated revenue for both our company and the other company, or, if the transaction involves lending or borrowing, the total amount of either company's indebtedness is less than 1% of the total consolidated assets of the indebted company;

Contributions to charitable organizations, foundations or universities at which a related person's only relationship is as an employee, director or trustee, if the aggregate amount does not exceed 1% of the charitable organization's total annual receipts;

Edgar Filing: TENNECO INC - Form DEF 14A

Transactions where the related person's only interest arises solely from the ownership of our common stock, and where all stockholders of our company receive benefits on a pro rata basis;

Transactions involving a related person where the rates or charges involved are determined by competitive bids;

Transactions where the related person renders services as a common or contract carrier, or public utility, at rates or charges fixed in conformity with law or governmental authority; and

Transactions involving services as a bank depository of funds, transfer agent, registrar, trustee under a trust indenture or similar services.

**Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors and executive officers and beneficial owners of 10 percent or more of a registered class of our equity securities to file with the SEC initial reports of beneficial ownership (Form 3) and reports on changes in beneficial ownership (Form 4 or 5). SEC rules adopted pursuant to Section 16(a) require that such persons furnish us with copies of all such forms they file with the SEC.

Based solely upon our review of such forms furnished to us for 2014, and upon the written representations received by us from certain of our directors and executive officers that no Forms 5 were required, we believe that our directors, executive officers and 10% or greater stockholders complied with all Section 16(a) filing requirements on a timely basis during 2014.

**EXECUTIVE COMPENSATION**

**Compensation Discussion and Analysis**

Our executive compensation philosophy, policies, plans and programs are under the supervision of the Compensation/Nominating/Governance Committee of our board of directors. We have an Executive Compensation Subcommittee, which is responsible for making executive compensation determinations with respect to compensation that may qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code. For a description of the composition, authority and responsibilities of the committee and subcommittee, see Corporate Governance The Board of Directors and Its Committees Compensation/Nominating/Governance Committee and Subcommittee. Unless the context requires otherwise, in this Compensation Discussion and Analysis when we refer to the committee, we are also referring to the subcommittee with respect to performance-based compensation under Section 162(m), and when we refer to named executive officers, we are referring to the named executive officers whose compensation is shown in this proxy statement under Summary Compensation Table.

***Executive Summary***

The philosophy underlying our executive compensation policies, plans and programs is that (1) executive and stockholder financial interests should be aligned as closely as possible, and (2) compensation should be designed such that performance drives the level of pay that our named executive officers and all management employees receive.

*Company Performance.* The committee believes that 2014 incentive compensation for our named executive officers was appropriate in light of our strong financial performance for 2014, as well as over the 2012 through 2014 performance period for our long-term performance units. Specifically, we achieved:

Our highest-ever revenue of \$8.420 billion for 2014, up 5.7% from a previous record of \$7.964 billion in 2013;

Our highest-ever EBIT;

Our lowest ever leverage ratio as of December 31, 2014; and

A 90% appreciation in the price of our common stock from the end of 2011, when our stock traded at \$29.78 per share, to the end of 2014, when our stock traded at \$56.61 per share.

*Executive Compensation Paid for 2014:* Key elements of our 2014 executive compensation program included:

Increases in base salaries that ranged between 3.0% and 3.8 % over 2013 levels and consistent with market movement;

As discussed in detail below, annual cash incentives declared at the 106.5% of target level, based 75% on our EVA improvement during 2014 and 25% on the committee's judgment regarding our company's overall

performance in 2014; and

As discussed in detail below, long-term performance units for the 2012 through 2014 performance period paying out at the 109.4% of target level, based on our total stockholder return (stock price appreciation adjusted for any dividends) ( TSR ) during the performance period relative to the TSR of the companies in the S&P 500 and Earnings Before Interest, Taxes, Depreciation and Amortization ( EBITDA ) and free cash flow during the performance period.

**Table of Contents**

*Our Executive Compensation Practices.* Highlighted below are some of the key executive compensation practices we have implemented to align the interests of our stockholders and executives.

**Pay for Performance** We tie pay to performance. For 2014, the mix of the key elements of compensation awarded to our named executive officers was as follows (excluding compensation of the type that would fall under All Other Compensation in our Summary Compensation Table):

	<b>Long-Term</b>				
	<b>Cash</b>				
	<b>Annual Cash</b>	<b>Incentive</b>		<b>Fair Value of</b>	
	<b>Incentive</b>	<b>Award for</b>	<b>Restricted</b>	<b>Fair Value of</b>	
	<b>Base</b>	<b>2014-2016</b>	<b>Stock</b>	<b>Options</b>	
<b>Salary</b>	<b>(at target)</b>	<b>(at target)</b>	<b>Granted</b>	<b>Granted</b>	
Mr. Sherrill	14.3%	17.9%	28.6%	21.7%	17.5%
Mr. Trammell	22.4%	19.0%	24.7%	18.7%	15.1%
Mr. Nair	21.7%	21.0%	24.2%	18.3%	14.8%
Mr. Fornos	27.8%	22.5%	21.0%	15.9%	12.8%
Mr. Jackson	26.4%	21.1%	22.1%	16.8%	13.5%
Mr. Yanos	23.9%	20.9%	23.3%	17.7%	14.2%

As the table and charts show, at the targeted level, our incentive compensation awards during 2014 represented approximately 86% of the total compensation awarded to our Chief Executive Officer in 2014 and an average of approximately 76% of the total compensation awarded to our other named executive officers in 2014.

**Benchmarking** Our policy is to provide salary, annual cash incentive compensation and long-term incentive compensation that is competitive with the market and comparable companies when performance targets are met and is at the 50<sup>th</sup> percentile of compensation for target performance.

**Tally Sheets** The committee uses tally sheets to review the total amount of compensation and benefits provided to the named executive officers annually as well as over a period of years.

**Stock Ownership Requirements** We maintain stock ownership guidelines that apply to all of our directors and senior officers.

**Clawbacks** We have a clawback policy that requires reimbursement of incentive compensation in specified circumstances. We will continue to review our clawback policy as rulemaking is adopted regarding clawbacks under the Dodd-Frank Wall Street Reform and Consumer Protection Act.

## **Table of Contents**

**Independent Compensation Consulting Firm** The committee engages an independent compensation consulting firm. The committee most recently re-assessed the firm's independence in October 2014 and found the firm to be independent based on the criteria set forth in the new NYSE rules regarding compensation consultant independence.

**Anti-Hedging Policy and Insider Trading Policy** We have a policy under which our directors, executive officers and other employees are prohibited from engaging in insider trading, trading in our securities on a short-term basis, purchasing our securities on margin, short-selling our securities or entering into transactions designed to hedge the risks and benefits of ownership of our securities.

**Anti-Pledging Policy** We have a policy under which our directors and executive officers are prohibited from pledging our securities as collateral.

**Results of Say-on-Pay Vote.** Our stockholders hold an annual advisory vote on executive compensation (the say-on-pay proposal). At our annual meeting held in May 2014, over 95% of the votes cast on our say-on-pay proposal were voted in favor of the proposal. The committee believes this affirms stockholders' support of our approach to executive compensation for 2014.

In October 2014 the committee approved a change to reflect market prevalence among the company's peer group, as reported by Meridian Compensation Partners LLC, to adopt the use of two, rather than three, vehicles to deliver long term incentive compensation for 2015. Long term incentives will be equally divided between the use of restricted shares that vest 1/3 each year and long term performance units, paid in cash, after a three year vesting period. The committee will continue to consider the outcome of the annual say-on-pay vote when making future compensation decisions for our executives.

### ***Compensation Objectives***

Our executive compensation program has been structured to:

Reinforce a results-oriented management culture with executive pay that varies according to performance;

Focus executives on annual and long-term business results with the overarching goal of enhancing stockholder value;

Align the interests of our executives and stockholders through equity-based compensation awards; and

Provide executive compensation packages that attract, retain and motivate executives of the highest qualifications, experience and ability.

Based on these objectives, our executive compensation program is designed to provide competitive levels of compensation derived from several sources: salaries; annual cash incentive awards; stock ownership opportunities through restricted stock and stock options; and performance-based long-term cash compensation. We also offer other benefits typically offered to executives by major U.S. corporations, including defined benefit retirement plans (future

benefit accruals under which were substantially eliminated for senior management in 2006 as described below), defined contribution retirement plans, limited perquisites (substantially all of which were eliminated for U.S. named executive officers in 2013), employment agreements (in limited cases), severance and change in control benefits and health and welfare benefits.

**Table of Contents*****Compensation Process***

In determining competitive compensation, the committee engages Meridian Compensation Partners, a nationally recognized compensation consulting firm that, in order to maintain its independence, reports directly to the committee. For more information regarding this consulting firm and the scope of its assignment, see *Corporate Governance – The Board of Directors and Its Committees – Compensation/Nominating/Governance Committee and Subcommittee*. For our Chief Executive Officer, Meridian generally provides market data regarding salary, annual cash incentive award targets, and long-term incentive compensation awards, and provides advice directly to the committee as it makes decisions with respect to compensation. For the other named executive officers, our management formulates the initial recommendations regarding salary, annual cash incentive award targets and equity-based and other long-term incentive compensation awards. The committee reviews the recommendations in light of market data prepared by the consulting firm. For other forms of compensation and benefits, management generally makes initial recommendations that are considered by the committee.

Our general policy is to provide salary, annual cash incentive payments and long-term incentive compensation to named executive officers that is competitive with the market and comparable companies when financial and qualitative performance targets are met (i.e., 50<sup>th</sup> percentile compensation for target performance). In making its determinations regarding these elements of compensation, the committee regularly reviews data regarding compensation practices at other companies that it determines to be relevant to compensation matters affecting our company.

The benchmarking information we use in establishing salary, annual cash incentive payments and equity-based and other long term incentive compensation typically includes the most recently available data regarding publicly traded companies comparable to our company in terms of industry (automotive parts manufacturing), size (total revenues, number of employees), proximity and/or other factors. For 2014 compensation determinations, specific data was reviewed regarding a comparison group of twenty companies selected to reflect a balance of automotive sector and other traditional manufacturing companies and companies headquartered in the Midwest. The following is a list of these companies:

American Axle & Mfg. Holdings, Inc.	Johnson Controls, Inc.
Autoliv Inc.	Lear Corporation
BorgWarner Inc.	Lennox International Inc.
Cooper Tire & Rubber Company	Meritor, Inc.
Cummins, Inc.	Terex Corp.
Dana Holding Corporation	The Timken Company
Eastman Chemical Company	Tower International Inc.
Eaton Corp.	TRW Automotive Holdings Corp.
Federal Mogul Corp.	Visteon Corp.
Harley Davidson Inc.	Whirlpool Corporation

In addition, the committee reviewed aggregate data regarding a broader group of durable goods manufacturers (that were not specifically identified to the committee). This data was prepared by the consulting firm and compared targeted and actual compensation paid by these companies to their executive officers in specified positions to the compensation we pay to named executive officers in the same or similar positions.

## **Table of Contents**

In addition to looking at the competitiveness of the elements of pay, the committee uses tally sheets to review the total amount of compensation and benefits provided to the named executive officers annually as well as over a period of years. The tally sheets also help the committee consider pay decisions in the context of an executive's total compensation.

Each year, our Chief Executive Officer and Senior Vice President, Global Human Resources and Administration review with and recommend to the committee the annual salary, incentive plan target and long-term and stock-based compensation for each of our named executive officers and other key management personnel (excluding the Chief Executive Officer). The committee reviews those recommendations and makes a final determination with respect to such compensation. In general, the compensation that is developed for each of these named executive officers is based on competitive market data and on the Chief Executive Officer's recommendations regarding the executive's overall contributions, past performance and anticipated future contributions. The committee also reviews separately and sets the salary, incentive plan target and long-term and stock-based compensation of the Chief Executive Officer based on competitive market data as well as the committee's assessment of the Chief Executive Officer's past performance and anticipated future contributions.

### ***Design and Elements of Compensation***

Our compensation program generally provides that, as an employee's level of responsibility increases, a greater portion of his or her potential total compensation is based on corporate performance and varies in accordance with the market price of our common stock. This results in greater potential variability in the individual's total compensation from year-to-year. In designing and administering the components of the executive compensation program, the committee strives to balance short and long-term incentive objectives and to employ prudent judgment when establishing performance criteria, evaluating performance and determining actual incentive payments.

In general, we use the benchmarking data described above to allocate between annual compensation and long-term compensation (excluding retirement benefits) and between cash compensation and equity compensation. We believe it is customary to have annual and long-term performance awards payable in cash, as well as awards that result in the issuance of shares.

The following is a description of each element of our executive compensation program, along with a discussion of the decisions of, and action taken by, the committee with respect to each such aspect of compensation for 2014.

#### ***Salary and Annual Bonus/Non-Equity Incentive Plan Compensation***

An executive's basic annual cash compensation package consists primarily of a base salary and the opportunity to earn payments under the Tenneco Value Added Incentive Compensation Plan, which we call the TAVA Plan. Some of our executive officers participate in a separate executive bonus plan that is designed to meet the requirements of Section 162(m) of the Internal Revenue Code, but under which payout determinations are made consistent with the payout determinations under the TAVA Plan (subject to maximum limitations established for Section 162(m) purposes). References in this proxy statement to the TAVA Plan also cover this separate plan.

The TAVA Plan provides for annual incentive payments based on objective and subjective determinations regarding corporate performance. These elements of compensation are customary within our industry.

The 2014 salary levels established for our named executive officers were designed to be, in general, in the 50th percentile range when compared to the salaries set by the companies in the compensation surveys reviewed as set forth above. For 2014, salary increases were 3.8% for Mr. Sherrill, 3.6% for Mr. Trammell, 3.1% for Mr. Nair, 3.3% for

Mr. Fornos, 3.0% for Mr. Jackson, and 3.0% for Mr. Yanos over 2013 levels and consistent with market movement.

**Table of Contents**

The following table shows the base salary and 2014 annual TAVA Plan bonus target for each named executive officer for 2014:

Named Executive Officer	2014 Annual Cash Incentive	
	2014 Salary	Target as % of Salary
Gregg M. Sherrill	\$ 1,081,000	125%
Kenneth R. Trammell	580,000	85%
Hari N. Nair	752,500	97%
Josep Fornos (1)	600,000	85%
Timothy E. Jackson	477,500	80%
Neal A. Yanos	492,300	80%

(1) Reflects new base salary rate and annual incentive target for promotion effective November 1, 2014. Prior to the promotion, Mr. Fornos' base salary was \$580,800 and his target bonus was 80%.

The TAVA Plan target payment levels established for our named executive officers for 2014 were also designed to be, in general, in the 50th percentile range when compared to target levels for similar payments set by the companies in the compensation surveys reviewed as described above. Like executives at peer companies, our named executive officers had the potential to earn payouts above or below the target under the TAVA Plan based on our actual company performance. We use EVA improvement as the performance metric for the TAVA Plan because we believe that strong EVA improvement performance is correlated with stockholder returns and that making business and investment decisions based on EVA balances cash-oriented and earnings-oriented results. EVA<sup>®</sup> is defined as net operating profit after taxes minus the annual cost of capital and is a registered trademark of Stern Value Management.

Under the TAVA Plan, each year our management develops EVA improvement goals and recommends them to the committee. The committee reviews those EVA improvement goals, other information provided by management and performance data provided by the independent compensation consultant and adopts the goals the committee determines appropriate. At the conclusion of each year, the committee approves incentive award payments to named executive officers based on the degree of achievement of the goals established for that year and on judgments of performance. We base 75% of an individual's award on a formula tied to our corporate achievement of pre-established EVA improvement objectives. The terms of the TAVA Plan allow the committee to reduce this portion of the award based on factors that the committee considers relevant. The other 25% of an individual's award is based on the committee's discretionary determination of our corporate performance and other relevant factors. Each participant's payout under the TAVA Plan is capped at two times his or her target, except as the committee otherwise determines.

For 2014, an EVA improvement of \$15 million over EVA for 2013 would have resulted in a named executive officer being eligible to receive an EVA-based bonus equal to 100% of the target bonus amount. For 2014, an EVA improvement of \$46 million over EVA for 2013 would have resulted in a named executive officer being eligible to receive an EVA-based bonus equal to two times the target bonus amount. Our EVA improvement performance for 2014 was an improvement of \$17 million, which was the level of performance required for this portion of the TAVA bonus to be paid at the 106.5% of target level.

**Table of Contents**

In determining the actual payout under the TAVA Plan for 2014, the committee also considered various other factors, including the following:

Our strong operating performance in 2014;

The improving trend during the year in our Ride Performance division;

The strong performance in our Clean Air division despite lower than expected commercial vehicle volumes;

A 70 basis point increase year-over-year on value add EBIT margin; and

Recommendations from the CEO for certain executives, based upon individual performance.

Weighing all of these factors, the committee declared the EVA-based portion of the bonus at 106.5% of target and also determined that the 25% portion of each executive's TAVA Plan award would be declared at 106.5% of the target level. Based on the recommendation of Mr. Sherrill, the committee applied further discretion to the payout for various members of management. This discretion results in an additional payout to Mr. Trammell for his role in the company's achievement of outstanding performance in spite of exigent pressure on the company and to Mr. Fornos for his role in achieving cost savings in certain areas of the business. The committee also determined to provide an additional payout to Mr. Sherrill in light of his leadership of the company to outstanding performance in spite of exigent pressure on the company. Mr. Yanos' payout was made per his separation agreement. In sum, the discretion exercised by the committee resulted in a net reduction of payouts of \$70,000 from the amount that would have been payable if all participants' payouts had been made at 106.5% of target.

The following table illustrates the target, maximum and actual TAVA Plan payments for our named executive officers for 2014:

	Annual Bonus Plan 2014 Target and Maximum				Annual Bonus Plan 2014 Payouts		
	75% (EVA Based)		25% Discretionary		25%		
	Target	Maximum	Target	Maximum	75% EVA	Discretionary	Total

(1) The committee adjusted Mr. Sherrill's payout by an additional 10% or \$143,908.

- (2) The committee adjusted Mr. Trammell's payout by an additional 10% or \$52,505.
- (3) Reflects pro rata adjustments due to promotion effective November 1, 2014.
- (4) The committee adjusted Mr. Fornos' payout by an additional 5% or \$25,079.
- (5) Reflects amount payable pursuant to Mr. Yanos' separation agreement.

*Long-Term and Stock-Based Incentives*

Our long-term and stock-based incentive plans have been designed to align a significant portion of executive compensation with stockholder interests. The current plan—the 2006 Long-Term Incentive Plan—permits a variety of awards including stock options, restricted stock, stock equivalent units and performance units. These awards are based on an analysis of competitive levels of similar awards. As noted above, as an individual's level of responsibility increases, a greater portion of his or her compensation is variable performance-related compensation in the form of long-term and stock-based awards.

---

**Table of Contents**

The company has a long-term and stock-based compensation program for our named executive officers that generally is comprised of (1) stock options which generally vest in 1/3 increments over three years, (2) awards of restricted stock which generally vest in 1/3 increments over three years, and (3) cash-settled long-term performance units ( LTPUs ) which are generally earned over a three-year performance period and paid after the end of the performance period. Each year, typically at its meeting in January or February, the committee reviews and approves LTPU award amounts earned for the most recent performance period, and determines the size and distribution of long-term and stock based grants for our named executive officers for the new year.

Historically, we have granted awards of the type described above to our named executive officers that are designed, in general, to place our named executive officers at approximately the 50<sup>th</sup> percentile range when compared to the value of similar awards granted by peer companies to their executives, based on the committee's assumptions regarding future corporate performance and other factors. Our named executive officers have the opportunity for the value actually realized from these awards to be above or below the 50<sup>th</sup> percentile based on our actual corporate performance. Based on a review of competitive market practices, the value of our long-term incentive awards during 2014 were allocated as follows: 30% to stock options; 30% to restricted stock; and 40% to LTPUs.

LTPUs are denominated in dollar targets ( Target Value ) and are payable based 50% on our total stockholder return (stock price appreciation adjusted for any dividends) ( TSR ) relative to the TSR of the companies in the S&P 500, 30% based on our EBITDA (as described below) and 20% based on our FCF (as described below) during the performance period. The performance is applied against a multiplier that determines the percentage of the dollar target that is earned based on that level of performance. The committee determined to include EBITDA and FCF as part of our LTPU program so that our program would incorporate multiple metrics that are key to our delivering sustainable performance. The LTPUs are payable at the end of a three-year performance period. The LTPUs granted in 2012 were paid in early 2015 based on our 2012 through 2014 performance, as described below. The LTPUs granted in 2013 will be payable in early 2016 based on our 2013 through 2015 performance. The LTPUs granted in 2014 will be payable in early 2017 based on our 2014 through 2016 performance.

For these purposes, (i) EBITDA is our earnings before interest, taxes, depreciation, amortization and non-controlling interests, adjusted for (a) asset write-downs, (b) litigation or claim judgments or settlements, (c) the effect of changes in tax laws, accounting principles, or other laws or provisions affecting reported results, (d) accruals for reorganization and restructuring programs, (e) extraordinary nonrecurring items as described in Accounting Principles Board Opinion No. 30 and/or in management's discussion and analysis of financial condition and results of operations appearing in the Company's annual report to stockholders for the applicable year, and (f) acquisitions or divestitures; and (ii) FCF is our operating cash flow less cash interest payments, net cash tax payments and distributions to non-controlling interest partners, excluding the impact of acquisitions and divestitures.

### *Employment Agreements*

In January 2007, Mr. Sherrill joined us as our Chief Executive Officer. We entered into an employment agreement with him that is described under Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table Employment Agreements.

In general, we do not have employment agreements with our other executives. However, for historical and practical reasons, there are three exceptions among our named executive officers.

In late 1999, we emerged as an independent, stand-alone public company and, at that time, we entered into employment agreements with our then top eight executive officers. For 2014, we had two named executive officers, Mr. Nair and Mr. Jackson, with legacy employment agreements that established various terms and conditions of their employment as described under Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table Employment Agreements .

In addition, Mr. Fornos is employed by our European operations and resides in Europe, where employment agreements are commonplace. As such, he has an employment agreement that is customary for a European employee as described under Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table Employment Agreements.

### *Retirement Plans*

We offer to our U.S.-based salaried employees, including our U.S.-based named executive officers, a customary, tax-qualified defined contribution retirement (401(k)) plan that provides benefits as described under Summary Compensation Table. For 2014, we provided a company match on employee contributions of 100% on the first three percent of an employee's pay and 50% on the next two percent of an employee's pay, which we believe to be in line with prevailing practices for major U.S. corporations. In addition to this matching contribution, we also provide a company contribution equal to 2% of salary for persons hired on or after April 1, 2005. We established this company contribution when we closed our defined benefit retirement plans to new participants in 2005.

For those U.S.-based executives hired before April 1, 2005, we offered defined benefit retirement plans that we believed were customary for the automotive industry and were consistent with similar plans maintained by the consolidated Tenneco Inc. prior to our becoming a stand-alone public company in 1999. These plans included (i) a customary tax-qualified retirement plan that was generally available to all U.S.-based salaried employees (see Post Employment Compensation ); (ii) a supplemental executive retirement plan, which we call the SERP (see Post Employment Compensation Tenneco Supplemental Retirement Plan ); and (iii) a key executive pension plan, which we call the KEPP and was applicable to only five employees who were deemed critical to our success at the time of the 1999 separation transactions (see Post Employment Compensation Tenneco Supplemental Pension Plan ).

Effective December 31, 2006, we froze our defined benefit retirement plans for certain employees and replaced them with additional benefits under defined contribution retirement plans. Prior earned benefits under the defined benefit retirement plans were, however, preserved.

To address the loss of future benefits associated with the freeze, we amended our qualified defined contribution retirement plans, effective January 1, 2007, to provide for additional annual company contributions in amounts that increase with the employee's age. These additional contributions, which we refer to as Company Retirement Contributions, are payable for each employee who ceased to accrue benefits or whose benefits were otherwise modified under any defined benefit retirement plan in connection with the freeze. Company Retirement Contributions

are also provided to employees hired after the freeze in an amount equal to 2% of compensation. In addition, effective January 1, 2007, we

implemented an unfunded non-qualified defined contribution retirement plan. Our named executive officers and other senior managers are eligible to participate in this plan, with allocations under the plan generally calculated in the same manner as under the applicable existing defined contribution retirement plan, except that (i) Company Retirement Contributions under the plan are made based on compensation that includes bonus compensation payable in accordance with the TAVA Plan formula and (ii) contributions under this plan are based on compensation in excess of the Section 401(a)(17) limitations of the Internal Revenue Code.

Under the terms of his employment agreement, our Chief Executive Officer is entitled to an age-graded benefit based on his total compensation (including bonus compensation) in excess of the limitations under Section 401(a)(17) of the Internal Revenue Code and a multiple of 1.5. In addition, in December 2007, the committee granted our Chief Financial Officer an enhanced benefit equal to an age-graded benefit based on his total compensation (including bonus compensation) in excess of the limitations under Section 401(a)(17) of the Internal Revenue Code and a multiple of 2.0. The committee granted these enhanced benefits based on competitive data provided by our compensation consultant.

Two of our executives Mr. Nair and Mr. Jackson had employment agreements that provided for their participation in the SERP and/or KEPP. As a result, we did not freeze the SERP/KEPP for these officers. Instead, each such executive voluntarily agreed to a reduction in his retirement benefit payable under those plans and to an offset to benefits payable under those plans for Company Retirement Contributions received under the existing or new defined contribution plans. The benefits reduction increases to a maximum of 5% of the benefit that would have otherwise been paid, depending on the officer's age at retirement.

Mr. Fornos participates in our defined contribution retirement plan for senior management based in Spain pursuant to which we make an annual contribution in the amount of 8% of Mr. Fornos' base salary.

*Perquisites*

As is customary for European senior managers, Mr. Fornos receives a housing allowance, company car and tax equalization payments pursuant to his employment agreement. No other Tenneco named executive officers receive perquisites or a perquisite allowance.

*Severance Benefits*

Under his employment agreement, we have agreed to pay our Chief Executive Officer two times his then current salary if we terminate his employment other than for disability, cause or in connection with a change in control. We view these benefits as customary and a key element of the recruiting and retention of executives in light of company and industry specific factors. See Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table Employment Agreements.

Under the terms of his employment agreement, if Mr. Jackson is terminated by us other than in connection with a change in control or for death, disability or non-performance of duties, he will be paid two times the total of his then current salary and bonus for the immediately preceding year, all outstanding stock-based awards will be vested, subject to approval by our board of directors, his stock options will remain exercisable for at least 90 days and he will receive one year of post-termination health and welfare benefits. We established these severance benefits at the time of the 1999 separation transaction based on the severance offered by the former consolidated Tenneco Inc.

Mr. Nair retired as Chief Operating Officer effective January 6, 2015 and the company entered into a Retirement Agreement and General Release dated December 30, 2014, described below under ----Other Potential

Post-Employment Compensation---Departed Executives .

34

## **Table of Contents**

Under the terms of his employment agreement, Mr. Fornos is entitled to two years of salary and bonus continuation if he is terminated by us other than for serious negligence or serious misconduct, which we believe is customary in the European marketplace.

Otherwise, we maintain a Severance Benefit Plan that applies to all salaried, full-time employees with at least one month of service who are terminated by us in connection with a reduction in force or similar layoff. The benefits payable under this plan are described under **Other Potential Post-Employment Compensation** **Other Severance Benefits**. This plan was originally adopted in the 1990s based on prevailing practices at other major U.S. corporations and, after several amendments, we continue to believe it reflects these prevailing practices.

### *Change in Control*

We maintain a Change in Control Severance Benefit Plan for Key Executives to enable us to retain and motivate highly qualified employees by eliminating, to the maximum practicable extent, any concern that their job security or benefit entitlements will be jeopardized by a change in control of our company.

Our plan applies to our top eleven executive officers and generally provides for cash benefits consisting primarily of a multiple (two or three times) of an executive officer's annual salary and annual targeted cash incentive if the executive officer is actually terminated (other than for cause, death or disability) or constructively terminated within two years following a change of control. See **Other Potential Post-Employment Compensation** **Change in Control Severance Benefit Plan for Key Executives**. Our current Change in Control Severance Benefit Plan for Key Executives was adopted in 2007. Mr. Sherrill's employment agreement provides that, under this plan, Mr. Sherrill's cash payment in connection with a change in control termination will equal three times the total of his then current base salary plus his target bonus.

Under the terms of the employment agreement entered into with Mr. Jackson in 1999, our change in control plan as in effect in 1999 continues to apply to him. The principal difference for Mr. Jackson's purposes are (i) rather than using annual targeted cash incentive to determine payments, the plan uses the higher of the target and the average payout over the prior three years, and (ii) Mr. Jackson's payouts are based on a three times salary/annual incentive multiple, versus the two times multiple to which he would be entitled under our current plan and (iii) the plan allows Mr. Jackson to voluntarily separate from the company following a change in control to be paid benefits under the plan. See **Other Potential Post-Employment Compensation** **Change in Control Severance Benefit Plan for Key Executives**.

In addition, the terms of our 2006 Long-Term Incentive Plan, as amended (and our prior plans), provide for awards to vest upon a change of control, unless the committee otherwise provides in any award agreement.

### *Equity Award Policy*

Our board of directors has adopted a formal policy regarding compensatory awards in the form of our common stock or any common stock derivative, such as restricted stock, options, stock appreciation rights and stock equivalent units. Under the policy, in general, equity awards must be approved by the committee or the full board of directors. Typically, the committee will make annual awards that it determines to be appropriate at its meeting held in January or February. The committee also has the authority to make interim awards in its discretion. The strike price of any option or stock appreciation right must be the fair market value of a share of our common stock on the date of grant as determined under the 2006 Long-Term Incentive Plan (which is the average of the highest and lowest sales price of a share of our common stock on the date of grant).

---

## **Table of Contents**

Our policy also permits a committee of management to make awards in certain cases. The management committee consists of our Chief Executive Officer, General Counsel and our most senior human resources executive. The management committee has the authority to make equity awards to (i) newly hired employees and (ii) employees who are promoted during the course of a year. The awards can be made only in amounts necessary to provide the employee with awards consistent with the amount of awards most recently made to employees of the same salary grade level, pro-rated based on when the employee was hired or promoted. The total number of shares that the management committee can issue under this board of directors policy is 100,000. The management committee is not authorized to make awards to new or promoted employees whom we would typically consider to be at the most senior management or executive officer level.

### ***Stock Ownership Guidelines***

We maintain stock ownership guidelines that apply to all of our directors and our senior officers. We believe our guidelines further align management's and stockholders' interests and we based the guidelines on practices at comparable companies. Based upon the committee's review, in July 2013, the guideline for the Non-Management Members of our Board of Directors was increased to 5x annual retainer fee and, in October 2013, the guideline for the Chairman/Chief Executive Officer was increased to 6x annual base pay. The individual guidelines are:

- 6 x annual base salary for the Chairman/Chief Executive Officer;
- 4 x annual base salary for the Chief Operating Officer and Chief Financial Officer;
- 5 x annual retainer fee for the Non-Management Members of our Board of Directors;
- 3 x annual base salary for the Executive Vice Presidents and Senior Vice Presidents; and
- 1 x annual base salary for Vice Presidents.

The committee may, from time to time, temporarily suspend or reevaluate and revise participants' guidelines to give effect to changes in our common stock price or other factors the committee deems relevant. Shares that count towards satisfaction of the guidelines include: (i) shares owned outright by the participant or an immediate family member that shares the same household; (ii) shares held in our defined contribution plans; (iii) restricted stock issued by us, whether or not vested; and (iv) shares or share equivalent units underlying deferred fees paid to directors.

Participants are required to achieve their guideline within five years of becoming subject to the guidelines. The committee has the authority to review each participant's compliance (or progress towards compliance) with the guidelines from time to time. In its discretion, the committee may impose conditions, restrictions or limitations on any non-compliant participant as the committee determines to be necessary or appropriate.

All of our non-management directors and executive officers, including the named executive officers, are in compliance with the guidelines either through maintaining the requisite level of ownership or being within the ramp up period to achieve the requisite level of ownership under the policy.

### ***Anti-Hedging Policy and Trading Restrictions***

Our insider trading policy limits the timing and types of transactions in our securities by our directors, executive officers and certain other employees. These persons are permitted to trade in our securities only during window periods (following earnings releases) and, in some cases, only after they have pre-cleared transactions with our general counsel. In addition, the policy provides that none of our directors, executive officers or other employees may engage in the following transactions:

trading in Tenneco securities on a short-term basis;

## **Table of Contents**

purchasing Tenneco securities on margin;

short-selling Tenneco securities; and

entering into transactions designed to hedge the risks and benefits of ownership of Tenneco securities, including the purchase and/or sale of options, warrants, puts, calls and other derivative securities, as well as any other transaction that is designed to hedge or offset, or that has the effect of hedging or offsetting, any change in the value of Tenneco securities.

### ***Anti-Pledging Policy***

We have adopted a policy under which our directors and executive officers are prohibited from pledging our securities as collateral for a loan.

### ***Clawback Policy***

We have a policy whereby we will, in all appropriate circumstances, require reimbursement of any annual incentive payment or long-term incentive payment to an executive officer where: (1) the payment was predicated upon achieving certain financial results that were subsequently the subject of a substantial restatement of our financial statements filed with the SEC; (2) our Board determines the executive engaged in intentional misconduct that caused or substantially caused the need for the substantial restatement; and (3) a lower payment would have been made to the executive based upon the restated financial results. In each such instance, we will, to the extent practicable, seek to recover from the individual executive the amount by which the individual executive's incentive payments for the relevant period exceeded the lower payment that would have been made based on the restated financial results. The committee will continue to review its clawback policy as rulemaking is adopted regarding clawbacks under the Dodd-Frank Wall Street Reform and Consumer Protection Act.

### ***Impact of Regulatory Requirements on Compensation***

Section 162(m) of the Internal Revenue Code imposes a \$1 million limit on the amount that a publicly-traded corporation may deduct for compensation paid to the Chief Executive Officer or one of the company's other three most highly compensated executives who is employed on the last day of the year. Non-discretionary performance-based compensation, as defined under Internal Revenue Service rules and regulations, is excluded from this \$1 million limitation.

Our compensation programs are structured to support organizational goals and priorities and stockholder interests. The committee has not in the past had, and does not currently have, a policy requiring all compensation to be deductible under Section 162(m).

In January 2014, the committee determined that it was in the company's best interests to adopt a new annual cash incentive compensation plan that is designed to meet the requirements for performance-based compensation under Section 162(m). Accordingly, we adopted an Executive Bonus Plan under our Amended and Restated 2006 Long-Term Incentive Plan.

Our restricted stock is not considered performance-based compensation under Section 162(m) because it vests solely on the basis of the individual's continued employment over a defined period of time. The subcommittee makes grants of LTPUs and stock option awards that are generally designed to incorporate the applicable requirements for

performance-based compensation under IRS rules and regulations.

In general, we seek to preserve the tax deductibility of executive compensation only to the extent practicable and consistent with our overall compensation philosophies. We do not make compensation determinations based on the accounting treatment of any particular type of award.

Table of Contents**Summary Compensation Table**

The following table shows the compensation that we paid to: (1) our Chief Executive Officer; (2) our Chief Financial Officer; (3) each of our next three most highly compensated executive officers who were serving at the end of 2014 based on total compensation less the increase in actuarial value of defined benefits and any above market or preferential earnings on non tax-qualified deferred compensation; and (4) a former executive who would have been among the group described in clause (3) but for the fact that he was no longer serving as an executive at the end of 2014. We refer to these individuals collectively as the named executive officers. The table shows amounts paid to the named executive officers for all services provided to our company and its subsidiaries for 2012, 2013 and 2014 (except in the case of Mr. Jackson, for whom information is presented only for 2014, as he was not a named executive officer in 2012 or 2013).

- (1) Represents awards of restricted stock and stock options under our 2006 Long-Term Incentive Plan. One-third of the options and restricted stock vest on each of the first three anniversaries of the grant date.
- (2) Represents targeted and maximum incentive payouts that are paid based on our corporate performance against Economic Value Added ( EVA<sup>®</sup> ) goals under the TAVA Plan as described below under Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table Annual Bonus and Non-Equity Incentive Plan Awards. These amounts represent 75% of each named executive officer's total opportunity under the TAVA Plan related to EVA performance (the remaining 25% being discretionary). There is no threshold payout for 2014.
- (3) Represents threshold, targeted and maximum payouts that are paid based on our corporate performance against goals relating to relative total stockholder return, EBITDA and free cash flow under long-term performance units granted under our 2006 Long-Term Incentive Plan as described below under Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table Annual Bonus and Non-Equity Incentive Plan Awards.

**Table of Contents****Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table*****Annual Bonus and Non-Equity Incentive Plan Awards***

Amounts reflected in the Summary Compensation Table for 2012 through 2014 under the column entitled "Bonus" and "Non-Equity Incentive Plan Compensation" are (a) payments under the Tenneco Value Added Incentive Plan (TAVA Plan) and (b) payments in respect of our long-term performance unit for the 2010 through 2012 performance period, the 2011 through 2013 performance period and the 2012 through 2014 performance period.

The TAVA Plan was developed initially with Stern Stewart & Co., a firm with expertise in EVA<sup>®</sup> based incentive programs. Each year, the committee establishes an EVA improvement target under the TAVA Plan. At the conclusion of each year, the committee approves incentive award payments based on the degree of achievement of the goals established for that year and on judgments of performance. We base 75% of an individual's award on a formula tied to our corporate achievement of pre-established EVA objectives. We use EVA as the performance metric for the TAVA Plan because we believe that strong EVA performance is correlated with stockholder returns and that making business and investment decisions based on EVA balances cash-oriented and earnings-oriented results. However, the TAVA Plan also provides the committee the discretion to adjust this portion of the award based on other factors that the committee considers relevant. We base 25% of an individual's award on the committee's discretionary determination of our corporate performance and other relevant factors. In general, a participant is entitled to a pro rata bonus if his or her employment is terminated due to death, disability or retirement. Some of our executive officers participate in a separate executive bonus plan that is designed to meet the requirements of Section 162(m) of the Internal Revenue Code, but under which payout determinations are made consistent with the payout determinations under the TAVA Plan (subject to maximum limitations established for section 162(m) purposes). References in this proxy statement to the TAVA Plan also cover this separate plan. See "Compensation Discussion and Analysis" for a discussion of specific determinations under the TAVA Plan for 2014. EVA<sup>®</sup> is defined as net operating profit after taxes minus the annual cost of capital and is a registered trademark of Stern Stewart & Co.

In addition to the TAVA Plan payout for 2014 performance, a payment of \$1,448 for Mr. Trammell, \$2,071 for Mr. Nair, \$899 for Mr. Fornos, \$1,222 for Mr. Jackson, and \$1,218 for Mr. Yanos was paid in early 2015 in respect of amounts held in the individual's bonus bank. After giving effect to those payments, \$2,895, \$4,143, \$1,798, \$2,443, and \$2,436 remained credited to the bonus bank of Messrs. Trammell, Nair, Fornos, Jackson, and Yanos respectively.

We award long-term performance units (LTPUs) under our 2006 Long-Term Incentive Plan that are denominated in dollars. These LTPUs are payable in cash based 50% on our relative TSR compared to the TSR of the companies in the S&P 500, 30% based on our EBITDA and 20% based on our FCF. The performance is applied against a multiplier that determines the percentage of the dollar target that is earned based on that level of performance. These LTPUs are payable at the end of a three-year performance period. Subject to the terms of any employment agreement, these LTPUs are generally forfeited by a participant if his or her employment is terminated other than due to death, disability or retirement, unless the committee determines otherwise. In the event of termination due to death or disability, the LTPUs pay out at 100% of target. In the event of retirement, the award holder receives a pro rata payment equal to the amount he would have earned had he continued employment until the end of the applicable performance period multiplied by the percentage of the performance period during which he was employed by us.

**Table of Contents*****Stock Awards***

Amounts reflected in the Summary Compensation Table under the column entitled *Stock Awards* represent awards of restricted common stock under our 2006 Long-Term Incentive Plan. See *Grants of Plan Based Awards During 2014*. Our restricted stock awards vest one-third per year during the three years after the grant date, subject to the officer's continued employment. Subject to the terms of any employment agreement, the unvested portion of these awards is generally forfeited by a participant if his or her employment is terminated other than due to death, disability or retirement. All restrictions lapse upon death, disability or retirement.

***Option Awards***

Amounts reflected in the Summary Compensation Table under the column entitled *Option Awards* represent awards of nonqualified options to purchase common stock granted to each named executive officer under our 2006 Long-Term Incentive Plan. See *Grants of Plan Based Awards During 2014*. The awards vest one-third per year during the three years after the grant date, subject to the officer's continued employment, and have a seven-year term. Subject to the terms of any employment agreement, the unexercised portion of these awards is generally forfeited by a participant on the date his or her employment is terminated other than due to death, disability or retirement. In the event of death, disability or retirement, the options become fully exercisable and remain exercisable for a period specified in the applicable award agreement.

***Employment Agreements***

In January 2007, we entered into an agreement with Mr. Sherrill that sets forth certain terms and conditions of his employment with our company. The agreement provides that, under our Change in Control Severance Benefit Plan for Key Executives, Mr. Sherrill's cash payment in connection with a change in control termination will equal three times the total of his then current base salary plus his target bonus. See *Post-Employment Compensation - Other Potential Post-Employment Compensation* for a discussion of the other benefits afforded under the Change in Control Severance Benefit Plan for Key Executives. The agreement also provides that, other than in connection with a change in control, if Mr. Sherrill's employment is terminated by us other than for disability or cause, he will be paid two times his then current annual salary. The employment agreement also provides for participation in an excess non-qualified defined contribution plan as described elsewhere herein and for participation in other benefit plans we offer our employees generally.

Mr. Jackson is party to an agreement with us, originally entered into in 1999, that sets forth certain terms and conditions of his employment with our company. The employment agreement provides that, under our Change in Control Severance Benefit Plan for Key Executives, Mr. Jackson's cash payment in connection with a change in control termination would equal three times the total of his then current base salary plus the higher of (i) his highest annual target bonus over the prior three years and (ii) his average bonuses for the prior three years. The employment agreement also provides that, other than in connection with a change in control, if Mr. Jackson's employment is terminated by us other than for death, disability or nonperformance of duties, he will be paid two times the total of his then current salary and bonus for the immediately preceding year, all outstanding awards under our stock incentive plans would be vested, subject to Board approval, his stock options would remain exercisable for at least 90 days and he would receive one year of post-termination health and welfare benefits. Pursuant to the terms of his employment agreement, Mr. Jackson is guaranteed a minimum annual base salary of \$327,600 and a minimum annual target bonus of \$161,000. The employment agreement also provides for participation in benefit plans we offer to our employees generally, as well as continued participation in supplemental retirement benefit plans as described under *Post-Employment Compensation*.

Mr. Fornos is party to an agreement with us, entered in 2012, that set forth certain terms and conditions of his employment with our company. The agreement provides that if Mr. Fornos is terminated by us other than for serious negligence or serious misconduct, a two year severance program will be provided. Mr. Fornos' compensation is to be managed by Tenneco Belgium. Mr. Fornos' compensation may also include long term incentives such as stock options, restricted stock and a LTPU target, and targets for all of these incentives will require annual Board approvals. The agreement provides that Mr. Fornos will receive medical insurance for himself, his spouse and any dependent children. The agreement also provides for participation in benefits plans covering pension, life and disability and certain perquisites, such as reimbursements for reasonable travel costs from Mr. Fornos' home residence in Spain to different locations, such as Belgium.

***Agreements with Former Executives***

On December 3, 2014, we entered into an Agreement and General Release with Mr. Yanos. Pursuant to the Agreement and General Release, (a) Mr. Yanos will receive \$492,300 as severance pay, payable in semi-monthly installments, (b) Mr. Yanos will receive 90% of the 2014 bonus to which he would have been entitled under the company's Executive Bonus Plan had he remained employed, (c) Mr. Yanos' long-term performance units scheduled to vest in January 2015 became fully vested as of November 30, 2014 and the amount earned and awarded will be paid in early 2015 concurrently with the determinations and payments on these awards with respect to continuing employees (all other long-term performance units were forfeited), (d) Mr. Yanos' restricted stock and options scheduled to vest in January 2015 became fully vested as of November 30, 2014 and the options will remain exercisable for 90 days (all other unvested restricted stock and options were forfeited) and (e) Mr. Yanos will receive miscellaneous benefits, including certain welfare benefits, outplacement services and a lump sum of \$47,337 in lieu of vacation pay.

On December 30, 2014, we entered into a Retirement Agreement and General Release with Mr. Nair pursuant to which he retired from the company's board of directors on January 6, 2015 and from employment by the company and its related entities on March 31, 2015. Subject to certain conditions, the company will provide Mr. Nair with retirement pay in a gross amount equivalent to \$1,505,000 plus the product of two times Mr. Nair's 2014 annual bonus (payable in a lump sum on December 31, 2015). Until March 31, 2015, Mr. Nair will continue to receive his current salary and will be paid an annual cash incentive bonus for 2014 when bonus payments are disbursed to other executives. Mr. Nair's outstanding stock options, restricted stock and long-term performance units will vest and be exercisable or payable, as applicable, in accordance with the terms of the applicable award agreement and he will receive benefits from the 401(k) and excess benefits plans in accordance with their terms. During the twelve months following his retirement, Mr. Nair and his eligible dependents will continue to participate in the company's medical and dental benefits plans. Under the agreement, Mr. Nair has committed to certain provisions regarding confidentiality, non-solicitation of employees and customers, non-disparagement and non-competition.

- (2) Plan 1 represents the Tenneco Retirement Plan, Plan 2 represents the Tenneco Supplemental Retirement Plan (which includes, for purposes of these disclosures, its predecessor plan, the Supplemental Executive Retirement Plan) and Plan 3 represents the Tenneco Supplemental Pension Plan for Management (which includes, for purposes of these disclosures, its predecessor plan, the Key Employee Pension Plan).

**Table of Contents**

- (3) In all cases, the named executive officer's years of service credited under the plans is less than his actual years of service with Tenneco and its predecessors.
- (4) The present value of accrued benefits was calculated as of December 31, 2014, using the RP-2014 Mortality Table with improvement scale MP-2014 and a 4.10% discount rate, deferred to the unreduced retirement age, with no deferral if the participant's age on the calculation date is greater than the unreduced retirement age. The unreduced retirement age for Plan 1 is age 62 (normal retirement age is 65). For Plan 2, the unreduced retirement age is age 62 (normal retirement age is 65). For Plan 3, the unreduced retirement age is age 55 (normal retirement is age 65). For Plan 1 and Plan 2, the first year of service is generally excluded as credited service under the plan. For Plan 3, the officer must earn 1,000 hours of service in order to be credited with an additional year of service under the plan. For Plan 2 and Plan 3, lump sum amounts payable at the earliest unreduced retirement age were valued based on the plan's lump sum provisions, namely the GAR94B mortality table and a 3.04% interest rate along with a 4.10% discount rate and using the RP-2014 Mortality Table with improvement scale MP-2014 for the period between December 31, 2014 and earliest unreduced retirement age.

***Tenneco Employees Retirement Plan (formerly Tenneco Retirement Plan for Salaried Employees)***

The benefit under the Tenneco Employees Retirement Plan, in which all U.S. salaried employees were eligible to participate until it was frozen as to new participants on April 1, 2005, is based on the participant's years of service, salary and age at retirement. The monthly benefit formula is 55% of the participant's final average base pay multiplied by the years of credited service (up to a maximum of 35 years) and divided by 35 and then by 12. This amount is then reduced by any benefits accrued under the Pactiv Retirement Plan. (In 1999, we spun off our packaging and administrative services operations. The resulting company, now known as Pactiv Corporation (a subsidiary of Reynolds Group Holdings Limited), became the sponsor of our then-existing qualified defined benefit plan for salaried employees. We adopted the Tenneco Retirement Plan for Salaried Employees (name changed to the Tenneco Employees Retirement Plan effective January 1, 2013), which was patterned after the Pactiv-sponsored plan.) The final average base pay excludes all bonus payments and is the average pay for the last 60 full months of participation in the plan (prior to the plan being frozen). Pay is subject to the Internal Revenue Code Section 401(a)(17) pay limits. If the participant retires prior to the age of 62, the benefit is reduced by an early reduction factor.

Benefits paid under this plan are payable as an annuity only (other than small amounts which may be paid in a lump sum and special lump sums offered to terminated participants in a special window program). The default form of payment for a single participant is the Single Life Annuity, and for a married participant is a Qualified 50% Joint and Survivor Annuity. Other forms of benefit payments available include the 100% Joint and Survivor Annuity, the 75% Joint and Survivor Annuity, and the Ten Year Certain and Life Annuity.

As described below, we froze this plan for salaried employees effective December 31, 2006 so that benefits were frozen for salaried employees at the level in effect as of that date and no future benefits will be accrued under the plan.

***Tenneco Supplemental Retirement Plan***

The benefit under the Tenneco Supplemental Retirement Plan (which includes, for purposes of these disclosures, its predecessor plan, the Supplemental Executive Retirement Plan), is based on the participant's years of service, salary and bonus and age at retirement. The purpose of the plan is to include bonuses in determining retirement payments, which is not done under the Tenneco Employees Retirement Plan and which we believe provided a level of retirement benefit that was common in

manufacturing companies. The monthly benefit formula is 55% of the participant's final average compensation multiplied by the years of credited service (up to a maximum of 35 years) and divided by 35 and then by 12. This amount is then reduced by the accrued benefits from the Tenneco Employees Retirement Plan and the Pactiv Retirement Plan. The final average compensation for this plan is the sum of the participant's average base pay plus the average bonus pay, where the average is determined as the highest three out of the past five calendar years (prior to the plan being frozen, as applicable, and without regard to Internal Revenue Code limits). If the participant retires prior to the age of 62, the benefit will be reduced by an early reduction factor.

Benefits paid under this plan are payable as a lump sum only. To calculate the lump sum payment amount, the accrued benefit after offsets, as calculated above, is multiplied by a lump sum factor. This factor is determined using the 1994 Group Annuity Mortality Tables at an interest rate that is the average of the 30 year Treasury Bond yields for the November preceding the year of distribution.

This plan applied to our approximately top 60 managers. As described below, effective December 31, 2006, this plan was frozen as to substantially all managers at the level in effect as of that date so that no future benefits will be accrued under the plan. Mr. Nair did not have his benefits frozen. However, he agreed to a voluntary reduction in benefits under this plan as described below under - 2006 Changes in Defined Benefits.

***Tenneco Supplemental Pension Plan***

The accrued benefit under the Tenneco Supplemental Pension Plan (which includes, for purposes of these disclosures, its predecessor plan, the Key Employee Pension Plan), is calculated based on the participant's years of vesting service and salary and bonus. This plan was implemented in 1999 in connection with the transactions that resulted in our becoming a stand-alone company. The plan was designed to attract and retain key management as we faced the challenges of being highly leveraged in the automotive industry. The monthly benefit formula is the number of years of vesting service multiplied by 4%, subject to a maximum of 50%, multiplied by one-twelfth of the participant's final average compensation. This amount is then reduced by any accrued benefits from the Tenneco Employees Retirement Plan, the Tenneco Supplemental Retirement Plan and the Pactiv Retirement Plan. The final average compensation for this plan is the sum of the participant's base pay and bonus payments received during the last 36 months of participation in the plan (prior to the plan being frozen, as applicable, and without regard to Internal Revenue Code limits). Benefits from this plan are available to the participant upon reaching age 55 without any reduction for early retirement.

Benefits paid under this plan are payable as a lump sum only. To calculate the lump sum payment amount, the accrued benefit after offsets, as calculated above, is multiplied by a lump sum factor. This factor is determined using the 1994 Group Annuity Mortality Tables at an interest rate that is the average of the 30 year Treasury Bond yields for the November preceding the year of distribution.

As described below, we froze our defined benefits plans as to substantially all of our executives at December 31, 2006. Mr. Jackson was not fully vested in the Supplemental Pension Plan and did not have his benefits frozen. However, he agreed to a voluntary reduction in benefits under this plan as described below under - 2006 Changes in Defined Benefits.

***2006 Changes in Defined Benefits***

In August 2006, we froze, effective December 31, 2006, benefits under our defined benefit pension plans for certain employees and replaced them with additional benefits under defined contribution plans beginning in 2007. Prior earned benefits under the defined benefit plans were, however, preserved. With the exception of certain senior

managers, including two named executive officers, who had employment contracts providing for specified benefits (each of whom voluntarily accepted a benefits reduction under non-qualified plans), this freeze impacted all U.S.-based salaried employees (including the U.S. named executive officers) and non-union hourly employees who participated in any of the plans.

**Table of Contents**

To address the loss of benefits associated with the freeze, we amended our existing qualified defined contribution plans, effective January 1, 2007, to provide for additional annual company contributions in amounts that increase with the employee's age. Employees, including executive officers, hired after 2005 receive a fixed 2% contribution. These additional contributions, which we refer to as Company Retirement Contributions, are payable for each employee who ceased to accrue benefits or whose benefits were otherwise modified under any defined benefit plan in connection with the freeze or who was hired after eligibility for the defined benefit plans was frozen in 2005. In addition, effective January 1, 2007, we implemented an unfunded non-qualified defined contribution pension plan as described in Compensation Discussion and Analysis Design and Elements of Compensation Retirement Plans.

Two of our named executive officers Mr. Nair and Mr. Jackson had employment agreements that provided for their participation in the Supplemental Retirement Plan (Mr. Nair and Mr. Jackson) or Supplemental Pension Plan (Mr. Jackson). As a result, we did not freeze these plans for these executives. Instead, each individual executive voluntarily agreed to a reduction in his retirement benefit payable under those plans and to an offset to benefits payable under those plans for Company Retirement Contributions received under the existing or new defined contribution plans. The benefits reduction increases to a maximum of 5% of the benefit that would have otherwise been paid, depending on the executive's age at retirement.

***Nonqualified Defined Contribution and Other Deferred Compensation Plans Table***

The following table sets forth certain information regarding potential benefits as of the end of 2014 for the named executive officers under our nonqualified defined contribution plans.

\$51,577, and Mr. Yanos---\$193,882. Includes the following amounts remaining in the named executive officer's bonus bank under the TAVA Plan after giving effect to payments during 2014, all of which were earned and reported as part of the applicable executive's bonus bank in years prior to 2014: Mr. Trammell, \$2,895, Mr. Nair, \$4,143, Mr. Fornos, \$1,798, Mr. Jackson, \$2,443 and Mr. Yanos \$2,436.

We maintain a U.S. non-qualified defined contribution retirement plan. As described above in Compensation Discussion and Analysis Design and Elements of Compensation Retirement Plans, effective January 1, 2007, our U.S. named executive officers and other senior managers became eligible to participate in this plan, with allocations under the plan calculated in the same manner as under the applicable existing defined contribution retirement plan, except that (i) Company Retirement Contributions under the plan are made based on compensation that includes bonus compensation payable in accordance with the TAVA Plan formula, (ii) contributions under this plan are based on compensation in excess of the Section 401(a)(17) limitations of the Internal Revenue Code and (iii) our Chief Executive Officer and Chief Financial Officer have special benefits under the plan as described above.

Mr. Fornos participates in a defined contribution retirement plan we maintain for our senior management based in Spain. We make annual contributions to this plan on behalf of Mr. Fornos in an amount equal to 8% of his salary. This plan is administered by a third party insurer who determines how the funds will be invested. As of December 31, 2014, Mr. Fornos' balance in this plan was \$ 205,103 and under the terms of the plan he would be guaranteed a payment upon retirement (eligibility for which begins at age 65) of \$233,902. In case of death before retirement age, a calculation of the earned capital will be made and then settled to Mr. Fornos' heirs.

***Other Potential Post-Employment Compensation***

The following describes potential post-employment compensation for all of our named executive officers, other than Messrs. Nair and Yanos, each of whom are no longer executive officers and who are receiving the benefits provided in their respective agreements described above.

***Change in Control Severance Benefit Plan for Key Executives***

We maintain a Change in Control Severance Benefit Plan for Key Executives, which was amended and restated effective as of December 2007. The purpose of the plan is to enable us to continue to attract, retain and motivate highly qualified employees by eliminating, to the maximum practicable extent, any concern on the part of such employees that their job security or benefit entitlements will be jeopardized by a change in control of our company.

Under the amended plan, a change in control happens if:

any person or group acquires 20% or more of our then outstanding common stock or the combined voting power of our then outstanding securities having general voting rights subject to limited exceptions;

our incumbent board of directors ceases to constitute a majority of our board of directors;

any merger, consolidation or sale of all or substantially all the assets in which our stockholders own less than 50% of the new company; or

we are liquidated or dissolved.

Benefits under the plan are payable to a key employee who is discharged (either actually or constructively) within two years after a change in control. Under the plan, we must pay an eligible executive a lump sum cash payment equal to one, two or three times, depending on his or her grouping under the plan, (i) his or her base salary and (ii) his or her targeted annual bonus in effect immediately

**Table of Contents**

prior to the change in control. In addition, we must provide the executive with (i) a pro rata bonus at target (payable in a lump sum), (ii) one, two or three years (depending on his or her grouping under the plan) of health and welfare benefits continuation, (iii) out placement services and (iv) all deferred compensation (payable in a lump sum). Finally, we are required to provide a tax gross up to employees whose payments under the plan become subject to the tax imposed by Section 4999 of the Internal Revenue Code (gross up payment provisions differ depending on each employee's grouping under the plan). Benefits under this plan are not conditioned on any action by the participant.

Mr. Jackson, has an employment agreement originally entered into on 1999 and which provides that various terms of the Change in Control Severance Benefit Plan in effect prior to December 2007 continue to apply in terms of entitlement to cash payments and the vesting of awards. Specifically, for Mr. Jackson a change in control happens if:

any person or group acquires 15% or more of our voting stock and the acquisition is not approved by our then incumbent board of directors, or any person or group acquires 40% or more of our voting stock, in each case subject to limited exceptions,

our incumbent board of directors ceases to constitute a majority of our directors or any person elects during any 24 months new directors that represent at least 25% of our board of directors without approval of our incumbent board,

any merger, consolidation or sale of all or substantially all the assets of our company if a majority of our incumbent board of directors is not a majority of the board of the surviving or successor company, or

we are liquidated.

Mr. Jackson is entitled to a lump sum cash payment equal to three times (i) his base salary plus, (ii) the higher of (a) his average bonus for the prior three years and (b) his targeted annual bonus in effect immediately prior to the change in control. Mr. Jackson's employment agreement further provides that each of his outstanding awards under the our equity incentive plan will be treated as exercisable, earned at target and vested immediately upon the happening of a change in control.

See Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table Employment Agreements for additional discussion of specific provisions in employment agreements regarding the calculation of benefits under this plan.

Under our 2006 Long-Term Incentive Plan (and its predecessor, the 2002 Long-Term Incentive Plan), upon a Change in Control, all options will immediately vest and remain exercisable for up to 36 months. All restrictions on outstanding restricted stock will lapse and our LTPUs shall be deemed fully earned on the date of the Change in Control and paid based on assumed achievement of targeted performance goals.

**Table of Contents**

Taking into account specific provisions related to the plan contained in employment agreements, we expect that Messrs. Sherrill, Trammell, Fornos, and Jackson would have become entitled to receive payments from us as follows had we experienced a change in control on December 31, 2014 (assuming termination on that date, other than with respect to LTPUs, options and restricted stock, as described above):

Name(1)	Severance Amount	Bonus Amount	Long Term Performance	Early Vesting of	Early Vesting of	Excise Tax	
			Unit Payout(2)	Stock Options(3)	Restricted Stock(3)	Other Benefits(4)	Gross Up
Mr. Sherrill	\$ 7,296,750	\$ 1,351,250	\$ 6,520,000	\$ 1,889,266	\$ 4,428,147	\$ 110,682	\$ 21,596,095
Mr. Trammell	2,146,000	493,000	1,840,000	526,810	1,268,800	82,819	6,357,429
Mr. Fornos	2,220,000	510,000	1,410,000	372,655	879,833	91,838	5,484,326
Mr. Jackson	2,578,500	382,000	1,253,208	333,347	825,657	58,915	5,431,627

- (1) For proxy calculation purposes, the full balance of the bonus bank has been included as a parachute payment under Section 280G. In an actual change-in-control transaction a position could likely be supported for only a fraction of this balance to be included as a parachute payment.
- (2) Represents full value of all unpaid long term performance units at target that would have vested upon a change in control.
- (3) Represents the difference between the option exercise price and the closing price of a share of our common stock on December 31, 2014 for all unvested options and the value of all unvested restricted shares based on that price.
- (4) Represents welfare benefits, outplacement services and any remaining bonus bank under the TAVA Plan.
- (5) The amounts presented are estimated without any allocation of amounts payable to service prior to or after the change in control.

*Severance Benefits*

Under Mr. Sherrill's employment agreement, if he is involuntarily terminated by us other than for disability or cause or in connection with a change in control, he is entitled to receive a lump sum payment equal to two times his annual base salary (which lump sum amount would have been \$2,162,000 as of December 31, 2014). Under Mr. Fornos' employment agreement, if he is involuntarily terminated by us other than for serious negligence or serious misconduct, he is entitled to two years of severance (which would have been \$2,220,000 as of December 31, 2014).

We expect that Mr. Jackson would have become entitled to receive payments from us as follows had his position been terminated by us on December 31, 2014, other than following a change in control and other than for death, disability or nonperformance of duties (assuming our board of directors agreed to vest outstanding equity-based awards upon termination):

	Severance	Long Term Performance Unit	Early Vesting of Stock	Early Vesting of Restricted Stock	Health and Welfare Benefits	Bonus Bank	Total
Name	Amount(1)	Payout(1)(2)	Options(3)	Stock(3)			
Mr. Jackson	\$ 1,738,086	\$ 1,253,208	\$ 333,347	\$ 825,657	\$ 7,485	\$ 2,437	\$ 4,160,220

**Table of Contents**

- (1) Payable in a lump sum.
- (2) Includes the long term performance units at target.
- (3) Represents the difference between the option exercise price and the closing price of a share of our common stock on December 31, 2014 for all unvested options and the value of all unvested restricted shares based on that price.

We maintain a Severance Benefit Plan that applies to all U.S. salaried, full-time employees with at least one month of service who are terminated by us in connection with a reduction in force or similar layoff. Under this plan, eligible employees receive a severance payment in a lump sum equal to the total of (1) 1.5 weeks of pay for each full or partial year of service, (2) an additional payment from four to 12 weeks of pay based on the employee's age at termination, and (3) an additional payment from one to 14 weeks of pay based on the employee's pay grade at termination, subject to a maximum of 52 weeks of pay. This plan would apply to Mr. Trammell, who we expect would have received \$563,269 if his employment had been terminated by us on December 31, 2014 in connection with a reduction in force or similar layoff. We require participants to sign a customary release to receive benefits under this plan.

*Death or Disability*

Under our TAVA Plan, a participant, including any named executive officer, is entitled to a pro rata bonus if his or her employment is terminated due to death or disability. Under our 2006 Long-Term Incentive Plan, in the event of death or disability, all LTPUs pay out at 100% of target, all restricted stock vests and all options vest. In addition, Mr. Fornos is entitled to some salary continuation in the event of death or disability. Our named executive officers would have been entitled to the following payments from us in the event of their death or disability on December 31, 2014:

Name	Salary Continuation	Bonus Amount	Long Term Performance Unit Payout(4)	Early Vesting of Stock Options (5)	Early Vesting of Restricted Stock (5)	TAVA Plan		Total
						Bank	Bonus	
Mr. Sherrill	\$ 495,458 (1)	\$ 1,582,989	\$ 6,520,000	\$ 1,889,266	\$ 4,428,147	\$		\$ 14,915,860
Mr. Trammell	290,000 (2)	577,550	1,840,000	526,810	1,268,800	2,895		4,506,055
Mr. Fornos	600,000 (3)	526,632	1,410,000	372,655	849,263	1,798		3,760,348
Mr. Jackson	238,750 (2)	406,830	1,253,208	333,347	825,657	2,443		3,060,235

- (1) Represents four months salary continuation for disability at 100% and two months salary continuation for disability at 75%. Mr. Sherrill receives no continuation of salary upon death.

- (2)

Represents six months salary continuation for disability at 100%. Each executive would receive no continuation of salary upon death.

- (3) Represents maximum of twelve months of salary continuation for disability. There is only four months salary continuation available upon death.
- (4) Includes the full value of long term performance at target.
- (5) Represents the difference between the option exercise price and the closing price of a share of our common stock on December 31, 2014 for all unvested options and the value of all unvested restricted shares based on that price.

**Table of Contents***Retirement*

Mr. Jackson and Mr. Fornos are eligible to retire. Under our TAVA Plan, a participant, including any named executive officer, is entitled to a pro rata bonus if his or her employment is terminated due to retirement. Under our 2006 Long-Term Incentive Plan, in the event of retirement, a participant is entitled to a pro rata LTU pay out, all restricted stock vests and all options vest. Mr. Jackson and Mr. Fornos would have been entitled to the following payments from us in the event of his retirement on December 31, 2014:

Name	Continuation	Salary	Bonus	Long	Early	Early	TAVA	Total
				Term	Term	Term	Plan	
	Amount			Performance	Vesting of	Vesting of	Bonus	
				Unit	Stock	Restricted		
				Payout (1)	Options (2)	Stock (2)	Bank	
Mr. Fornos		\$ 526,632	\$ 994,180	\$ 994,180	\$ 372,655	\$ 849,263	\$ 2,697	\$ 2,745,427
Mr. Jackson		406,830	895,810	895,810	333,347	825,657	3,665	\$ 2,465,309

- (1) Reflects payout for 2012-2014 performance cycle and adjusted targets for pro rata participation for 2013-2015 and 2014-2016 performance cycles. Adjusted targets for the 2013-2015 and 2014-2016 performance cycles would be subject to actual performance factors, as determined.
- (2) Represents the difference between the option exercise price and the closing price of a share of our common stock on December 31, 2014 for all unvested options and the value of all unvested restricted shares based on that price.

**Compensation-Related Risk**

We believe that our compensation programs for our named executive officers and other employees incentivize the creation of stockholder value on both an annual and long-term basis. As a result, we believe our programs do not encourage excessive or inappropriate risk-taking and are not reasonably likely to have a material adverse effect on us.

Our annual cash incentives for most salaried and some hourly employees are based primarily on the achievement of EVA performance, which we believe is a key driver of stockholder value. Each individual incentive target is not excessive in relation to the participant's base salary. Subject to the discretion of the Compensation/Nominating/Governance Committee of the Board, these annual cash incentives are capped at 200% of target.

Our long-term cash incentive payments are also capped at 200% of target. They are based on free cash flow, EBITDA and total stockholder return measures. We believe that these measures are key indicators of the value generated for stockholders. We attempt to set ranges for these measures that encourage success without encouraging excessive risk taking to achieve results. We award stock options and restricted stock to our senior and middle managers to further align the interests of our employees and stockholders. These awards vest over a three-year period. We believe our long-term compensation programs encourage the delivery of sustained performance over multiple periods, rather than

performance in a single period.

***Fee Structure***

For 2014, each outside director was paid an annual cash retainer fee of \$92,500 for service on the Board of Directors which, at the option of a director, may be paid in cash or directors' equivalent units. The outside directors receive meeting attendance fees, committee chair fees and reimbursement of their expenses for attending meetings of the Board of Directors and its committees. The fees are generally paid in cash, but at the option of the director may be deferred as described below. Outside directors receive \$1,000 for each in-person meeting of the Board of Directors attended, and \$500 for each telephonic meeting. Outside directors who are members of the Audit Committee, the Compensation/Nominating/Governance Committee or the 2014 Refinancing Committee receive \$1,000 for each in-person meeting and \$500 for each telephonic meeting attended. In 2014, the outside directors who served as the Chairman of the Audit Committee and the Chairman of the Compensation/Nominating/Governance Committee each received a fee of \$16,000. Also, the lead independent director received a \$20,000 fee for serving as the chairman and primary spokesman when the Board of Directors met in executive session.

***Restricted Stock***

In 2014, each outside director other than Mr. Metcalf received an award of restricted stock with a target value of \$90,000. Mr. Metcalf joined our Board in July 2014 and received an award of restricted stock with a target value of \$45,000. The restricted stock granted in 2014 vested six months after the grant date.

***Deferred Compensation Plan***

We have a voluntary deferred compensation plan for outside directors. Under the plan, an outside director may elect, prior to commencement of the next calendar year, to have some or all of his or her cash retainer fee and some or all of his or her meeting or other fees credited to a deferred compensation account. The plan provides these directors with various investment options. The investment options include directors' stock equivalents, which may be paid out in either cash or, at our option, shares of common stock after an outside director ceases to serve as a director. Final distribution of these amounts may be made either in a lump sum or in installments over a period of years. The directors' stock equivalents are issued at 100% of the fair market value on the date of the grant.

Comfort letters, consents and other services related to SEC matters

(b) Tax services in 2014 and 2013 consisted primarily of tax compliance (e.g., tax return preparation) and other tax advice on transactions that have already occurred to document, compute, support and obtain government approval for amounts to be included in tax filings.

In considering the nature of the services provided by PwC for 2014 and 2013, the Audit Committee determined that such services were compatible with the provision of independent audit services. The Audit Committee discussed these services with PwC and our management to determine that they were permitted under the rules and regulations concerning auditor independence promulgated by the SEC to implement the Sarbanes-Oxley Act of 2002, as well as by the American Institute of Certified Public Accountants.

**Table of Contents**

**Pre-Approval Policy**

The Audit Committee maintains a pre-approval policy regarding the provision of non-audit services by our independent public accounting firm. All of the services performed by PwC in 2014 were pre-approved in accordance with the pre-approval policy adopted by the Audit Committee.

The Audit Committee's pre-approval policy describes the permitted audit, audit-related, tax and other services (collectively, the Disclosure Categories) that our independent auditor may perform. The policy requires that, each fiscal year, a description of the services (the Service List) expected to be performed by our independent auditor in each of the Disclosure Categories, as well as related budgeted fee amounts, be presented to the Audit Committee for approval. Providing a range of fees for a service incorporates appropriate oversight and control of the independent auditor relationship, while permitting us to receive immediate assistance from the independent auditor when time is of the essence.

Any requests for audit, audit-related, tax and other services not included on the Service List must be submitted to the Audit Committee for specific pre-approval and cannot commence until such approval has been granted. Normally, pre-approval is provided at regularly scheduled meetings. However, the authority to grant specific pre-approval between meetings, as necessary, has been delegated to the Chairman of the Audit Committee. The Chairman must update the Audit Committee at the next regularly scheduled meeting of any services that were granted specific pre-approval. On a quarterly basis, the Audit Committee reviews the status of services and fees incurred year-to-date against the original Service List and the forecast of remaining services and fees for the fiscal year. Any proposed service exceeding 120% of the pre-approved cost level or budgeted amount requires specific additional pre-approval by the Audit Committee.

**APPROVE EXECUTIVE COMPENSATION IN AN ADVISORY VOTE**

**(Item 3)**

**The Board of Directors recommends that you vote FOR approval of the compensation of our named executive officers.**

In accordance with the requirements of Section 14A of the Exchange Act (which was added by the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd-Frank Act )) and the related rules of the SEC, we are asking our stockholders to cast an advisory, non-binding vote on the compensation of our named executive officers. This proposal, commonly referred to as a say-on-pay proposal, gives stockholders the opportunity to endorse, not endorse or abstain from voting on our executive compensation programs and policies. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the compensation principles, policies and practices described in this proxy statement. The Dodd-Frank Act requires that we submit a proposal to stockholders similar to this proposal at least every three years.

Our executive compensation program is designed to attract and retain officers of the highest qualifications, experience and ability and to motivate them to increase stockholder value on both an annual and a longer-term basis primarily by improving our total stockholder return, EBITDA and free cash flow. The Compensation/Nominating/Governance Committee, to which we refer as the committee, believes that our executive compensation program reflects a strong pay-for-performance philosophy and drives the alignment of stockholder and management interests. As described more fully in the Compensation Discussion and Analysis on pages 24-37 of this proxy statement, the key features of our executive compensation program include:

Compensation for our executives is weighted primarily toward incentive forms of compensation, including annual and long-term cash incentive compensation and equity compensation. This reinforces a results-oriented management culture with the overarching goal of enhancing stockholder value.

Our general policy is to provide salary, annual cash incentive payments and long-term incentive compensation to executives based on performance that is competitive and at market levels with comparable companies when financial and qualitative targets are met (i.e. 50th percentile compensation for target performance).

We maintain stock ownership guidelines that apply to all of our directors and our senior officers. As of March 16, 2015, the record date for our Annual Meeting, our executive officers collectively beneficially owned approximately 3.7% of our outstanding common stock, which significantly aligns their interests with the interests of our stockholders.

Our committee has directly retained and receives advice from Meridian Compensation Partners, LLC, an independent compensation consulting firm that provides no other services to our company. As noted in the Executive Summary of Compensation Discussion and Analysis on pages 24-26 of this proxy statement, we believe our compensation program for our named executive officers has been effective in driving outstanding financial results in 2014.

Accordingly, we are submitting the following resolution for stockholder vote at the Annual Meeting:

RESOLVED, that the stockholders of Tenneco approve, on an advisory basis, the compensation of Tenneco's named executive officers as disclosed in the Proxy Statement for the 2015 Annual Meeting under the heading Executive Compensation, including the Compensation Discussion and Analysis, the Summary Compensation Table, and the other tables and narrative disclosures set forth thereunder.

This vote is an advisory vote, and therefore the result will not be binding on us. Although the vote is non-binding, the committee, which is comprised of independent directors and is responsible for designing and administering our executive compensation program, values the opinions expressed by stockholders. Accordingly, the committee will review the results of voting on this proposal, seek to determine the cause or causes of any significant negative voting results and will take these matters into consideration when making future compensation decisions for named executive officers.

**Stockholder Proposals Inclusion in Company Proxy Statement**

For a stockholder proposal to be considered by us for inclusion in our proxy statement and form of proxy relating to the annual meeting of stockholders to be held in 2016, the proposal must be received by December 4, 2015.

**Other Stockholder Proposals Discretionary Voting Authority and By-Laws**

With respect to stockholder proposals not included in the Company's proxy statement and form of proxy, we may utilize discretionary authority conferred by proxy in voting on any such proposals if, among other situations, the stockholder does not give timely notice of the matter to us by the date determined under our By-Laws for the submission of business by stockholders. This notice requirement and deadline are independent of the notice requirement and deadline described above for a stockholder proposal to be considered for inclusion in our proxy statement. Our By-Laws state that, to be timely, notice and certain related information must be received at the principal executive offices not later than the close of business on the 90th day nor earlier than the close of business on the 120th day prior to the first anniversary of the preceding year's annual meeting. Therefore, to be timely under our By-Laws, a proposal for the 2016 annual meeting not included by or at the direction of the Board must be received not earlier than January 14, 2016, nor later than February 13, 2016.
