PROPOSAL 1

ELECTION OF DIRECTORS

Our certificate of incorporation provides for a classified Board. This means our Board is divided into three classes, with each class having as nearly as possible an equal number of directors. The term of service of each class of directors is staggered so that the term of one class expires at each annual meeting of the stockholders.

Our Board currently consists of eight members, divided into three classes as follows:

Class I is comprised of Normand A. Boulanger, David A. Varsano and Michael J. Zamkow, each with a term ending at the 2017 annual meeting;

Class II is comprised of William A. Etherington and Jonathan E. Michael, each with a term ending at the 2015 annual meeting; and

Class III is comprised of Michael E. Daniels, Allan M. Holt and William C. Stone, each with a term ending at the 2016 annual meeting.

At each annual meeting of stockholders, directors are elected for a full term of three years to succeed those directors whose term is expiring. Messrs. Etherington and Michael are current directors whose terms expire at the 2015 annual meeting. Each of these directors has been nominated by the Nominating Committee (and his nomination has been ratified by the Board) for re-election as a Class I director, with a term ending at the 2018 annual meeting.

Unless otherwise instructed in the proxy, all proxies will be voted **FOR** the election of each of the nominees identified above to a three-year term ending at the 2018 annual meeting, each such nominee to hold office until his successor has been duly elected and qualified. Stockholders who do not wish their shares to be voted for one or both of these two nominees may so indicate by striking out the name of such nominee(s) on the proxy card. Each of the nominees has indicated his willingness to serve on our Board, if elected. If either nominee should be unable to serve, the person acting under the proxy may vote the proxy for a substitute nominee designated by our Board. We do not contemplate that either of the two nominees will be unable to serve if elected.

A plurality of the shares of common stock present in person or represented by proxy at the 2015 annual meeting and entitled to vote is required to elect each nominee as a director.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE ELECTION WILLIAM A. ETHERINGTON AND JONATHAN E. MICHAEL.

Corporate Governance Matters

We believe that good corporate governance and fostering an environment of high ethical standards are important for us to achieve business success and to create value for our stockholders. Our Board periodically reviews our corporate governance practices in light of regulatory developments and practices at other public companies and makes changes that it believes are in the best interests of the Company and its stockholders.

Board Determination of Independence

Under the applicable rules of the NASDAQ Stock Market, a director will only qualify as an independent director if, in the opinion of our Board, that person does not have a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Our Board has determined that none of Messrs. Daniels, Etherington, Holt, Michael, Varsano or Zamkow has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is an independent director as defined under Rule 5605(a)(2) of NASDAQ.

Stockholders Agreement

The Company is a party to a Stockholders Agreement, as amended, which we refer to as the Stockholders Agreement, with William C. Stone, our Chairman and Chief Executive Officer. The Stockholders Agreement entitles Mr. Stone to nominate four directors, one of whom shall be Mr. Stone for so long as he is our Chief Executive Officer. For more information on the Stockholders Agreement, see [Related Person Transactions](#) Stockholders Agreement.

Director Nomination Process

The process followed by the Nominating Committee to identify and evaluate director candidates may include requests to Board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates, and interviews of selected candidates by members of the Nominating Committee.

The Nominating Committee considers recommendations for director nominees suggested by its members, other directors, management and other interested parties. Stockholders may recommend individuals to the Nominating Committee for consideration as potential director candidates by submitting their names, together with appropriate biographical information and background material, to the Nominating Committee c/o Corporate Secretary, SS&C Technologies Holdings, Inc., 80 Lambert Road, Windsor, Connecticut 06095. Assuming that appropriate biographical information and background material is provided on a timely basis, the Nominating Committee will evaluate stockholder-recommended candidates by following substantially the same process and applying substantially the same criteria as it follows for candidates submitted by others.

In addition, stockholders also have the right under our By-laws to directly nominate director candidates, without any action or recommendation on the part of the Nominating Committee or the Board, by following the procedures set forth in our By-laws and described under [Stockholder Proposals and Director Nominations](#) below.

Table of Contents

Criteria and Diversity

In considering whether to recommend any particular candidate for inclusion in the Board's slate of recommended director nominees, the Nominating Committee applies the criteria specified in its charter. These criteria include the candidate's integrity, honesty, adherence to ethical standards, demonstrated business acumen, experience, ability to exercise sound judgments in matters that relate to the current and long-term objectives of the Company, ability to contribute positively to the decision-making processes of the Company, commitment to understanding the Company and its industry and to regularly attending and participating in meetings of the Board and its committees, ability to understand the sometimes conflicting interests of the various constituencies of the Company, and the absence of a conflict of interest. The Nominating Committee does not assign specific weights to particular criterion and no particular criterion is a prerequisite for any prospective nominee. In terms of criteria for composition of the Board, the Nominating Committee considers the backgrounds and qualifications of the directors as a group with a goal of providing a significant breadth of experience, knowledge and abilities to assist the Board in fulfilling its responsibilities.

Although the Nominating Committee considers the value of diversity on the Board, it has not adopted a written policy with regard to the consideration of diversity when evaluating candidates for director. However, in practice, the Nominating Committee considers diversity of viewpoint, professional experience, education and skill in assessing candidates for the Board to ensure breadth of experience, knowledge and abilities within the Board. Our Board's priority in the selection of Board members is identification of members who will further the interests of our stockholders through their management experience, knowledge of our business, understanding of the competitive landscape, and familiarity with our targeted markets.

The director biographies on pages 5 to 7 describe each nominee's experience, qualifications, attributes and skills that led the Board to conclude that he should continue to serve as a member of our Board. Our Board believes that each of the nominees has realized significant professional and personal achievements, and possesses the background, talents and experience that are necessary for the Company's success and the creation of stockholder value.

Board Meetings and Attendance

During the fiscal year ended December 31, 2014, which we refer to as fiscal 2014, our Board met four times and acted by unanimous written consent in lieu of a meeting three times. During fiscal 2014, the Audit Committee held six regular meetings and acted by unanimous written consent in lieu of a meeting one time; the Compensation Committee held two regular meetings and acted by unanimous written consent in lieu of a meeting one time; and the Nominating Committee acted by unanimous written consent in lieu of a meeting two times. Each of our directors attended at least 75% of the aggregate of the total number of meetings of the Board and of the Board committees of which he was a member during fiscal 2014.

Director Attendance at Annual Meeting of Stockholders

We do not have a formal policy regarding directors' attendance at annual meetings, but all of our directors are encouraged to attend our annual meetings. All of our directors attended our 2014 annual meeting of stockholders.

Board Leadership Structure

Mr. Stone has served as Chairman of the Board of Directors and Chief Executive Officer since our inception in 1986, and the provisions of the Stockholders Agreement require that so long as

Table of Contents

Mr. Stone is a member of our Board and the Chief Executive Officer of the Company, he shall serve as Chairman of the Board. This Board leadership structure is commonly utilized by public companies in the United States, and we believe that this leadership structure has been effective for us. Having one person serve as both Chief Executive Officer and Chairman of the Board shows our employees, customers and other constituencies that we are under strong leadership, with a single person setting the tone and having primary responsibility for managing our operations. We also believe that this leadership structure eliminates the potential for duplication of efforts and inconsistent actions and facilitates open communication between management and our Board. We do not have a lead independent director. We recognize that different board leadership structures may be appropriate for companies with different histories or varying equity ownership structures and percentages. However, we believe our current leadership structure is the optimal board leadership structure for us.

Board Committees

Our Board directs the management of our business and affairs, as provided by Delaware law, and conducts its business through meetings of the Board and three standing committees: the Audit Committee, the Compensation Committee and the Nominating Committee, each of which operates under a charter that has been approved by our Board. Each committee’s charter is posted on our website, at <http://investor.ssctech.com/governance.cfm>. In addition, from time to time, special committees may be established under the direction of the Board to address specific issues. The table below shows current membership and indicates the chairperson (*) for each of the standing Board committees.

Audit	Compensation	Nominating
William A. Etherington*	William A. Etherington*	Allan M. Holt*
Jonathan E. Michael	Allan M. Holt	Michael E. Daniels
David A. Varsano	David A. Varsano	Jonathan E. Michael

Our Board has determined that all of the members of each of the Board’s three standing committees are independent as defined under the rules of NASDAQ, including, in the case of all members of the Audit Committee, the independence requirements contemplated by Rule 10A-3 under the Securities Exchange Act of 1934, as amended, or Exchange Act, and including, in the case of all members of the Compensation Committee, the independence requirements contemplated by Rule 10C-1 under the Exchange Act and NASDAQ rules.

Audit Committee

Our Audit Committee assists our Board in its oversight of the Company’s accounting and financial reporting processes and the audits of the Company’s financial statements. Our Audit Committee’s responsibilities, as set forth in its charter, include:

appointing, evaluating, retaining and, when necessary, terminating the engagement of our independent registered public accounting firm;

overseeing and assessing the independence of our independent registered public accounting firm;

identifying individuals qualified to become members of our Board and recommending to our Board the nominees for election as directors at any annual meeting of stockholders and the persons to be elected by the Board to fill any vacancies on the Board;

recommending to our Board the directors to be appointed to each committee of the Board.

The processes and procedures followed by the Nominating Committee in identifying and evaluating director candidates are described above under the heading *Director Nomination Process*. As described above, the Stockholders Agreement provides Mr. Stone with the right to appoint four directors, including himself.

Risk Oversight

Our management is responsible for risk management on a day-to-day basis. Our Audit Committee is responsible for overseeing our risk management function. While the Audit Committee has primary responsibility for overseeing risk management, our entire Board of Directors is actively involved in overseeing our risk management. Our Board and the Audit Committee fulfill their oversight role by discussing with management the policies and practices utilized by management in assessing and managing the risks and providing input on those policies and practices. We believe that the leadership structure of our Board supports effective risk management oversight due to our Chairman and Chief Executive Officer's extensive knowledge and understanding of our business and, as noted in *Board Leadership Structure* above, because the combined role of Chairman and Chief Executive Officer facilitates communications between management and our Board.

Communications with the Board

Our Board welcomes the submission of any comments or concerns from stockholders and any interested parties. Communications should be in writing and addressed to our Corporate Secretary at our principal executive offices and marked to the attention of the Board or any of its committees, individual directors or non-management or independent directors as a group. All correspondence will be forwarded to the intended recipient(s), except that certain items that are unrelated to the duties and responsibilities of our Board (such as product inquiries and comments, new product suggestions,

resumes and other forms of job inquiries, surveys, and business solicitations and advertisements) and material that is unduly hostile, threatening, illegal or similarly unsuitable will be excluded.

Code of Business Conduct and Ethics

We have adopted a written code of business conduct and ethics, referred to as the SS&C Code of Business Conduct and Ethics, which covers all directors, officers and employees and includes provisions relating to accounting and financial matters. The SS&C Code of Business Conduct and Ethics is available on our website at <http://investor.ssctech.com/governance.cfm>. If we make any substantive amendments to, or grant any waivers from, the code of ethics for any director or officer, we will disclose the nature of such amendment or waiver on our website at <http://investor.ssctech.com/governance.cfm>. or in a Current Report on Form 8-K filed with the SEC.

EXECUTIVE AND DIRECTOR COMPENSATION

Compensation Discussion and Analysis

Our executive compensation program is overseen and administered by our Compensation Committee, which currently consists of Messrs. Etherington, Holt and Varsano. Our Compensation Committee operates under a written charter adopted by our Board and discharges the responsibilities of the Board relating to the compensation of our executive officers. As of December 31, 2014, our named executive officers were Messrs. Stone, Boulanger, Pedonti, Kanwar and Igoe.

Executive compensation objectives

The primary objectives of the Compensation Committee with respect to executive compensation are to:

attract, retain and motivate the best possible executive talent;

reward successful performance by the named executive officers and the Company; and

align the interests of the named executive officers with those of our stockholders by providing long-term equity compensation.

To achieve these objectives, our Compensation Committee seeks to compensate our executives at levels it believes are competitive with those of other companies that compete with us for executive talent in our industry and in our region. However, we have not retained a compensation consultant to review our executive compensation practices, nor have we formally benchmarked our compensation against that of other companies. Our compensation program rewards our named executive officers based on a number of factors, including the Company's operating results, the Company's performance against budget, individual performance, prior-period compensation and prospects for individual growth. Changes in compensation are generally incremental in nature and do not vary widely from year to year, but follow a general trend of increasing compensation as our business and profits grow. Many of the factors that affect compensation are subjective in nature and not tied to peer group analyses, surveys by compensation consultants or other statistical criteria.

Process for administering our executive compensation practices

Our Compensation Committee has overall responsibility for administering our executive officer compensation program. Our Chief Executive Officer typically presents salary, bonus and equity compensation recommendations to the Compensation Committee and the Compensation Committee, in turn, considers his recommendations and exercises ultimate approval authority. Our Chief Executive Officer's recommendations are based on his years of experience in the financial services and software industries and his desire to motivate the executive officers and ensure their commitment to the Company. For each executive officer, including himself, our Chief Executive Officer prepares a written description for our Compensation Committee of the individual's performance during the prior year and recommends salary and bonus amounts based upon their responsibilities and contributions to the Company's performance. For compensation of executive officers other than our Chief Executive Officer, our Compensation Committee considers our Chief Executive Officer's recommendations and discusses his reviews and recommendations with him as part of its deliberations. For our Chief Executive Officer's compensation, the Compensation Committee considers his recommendations and generally conducts its deliberations without him present. In this, as in other compensation matters, the

Table of Contents

Compensation Committee exercises its independent judgment. After due consideration, the Compensation Committee accepted the Chief Executive Officer's recommendations for 2014 executive officer cash bonuses and 2015 executive officer base salaries.

We last provided stockholders with a say on pay advisory vote on our executive compensation in 2014. At our 2014 annual meeting of stockholders, stockholders expressed substantial support for the compensation of our named executive officers, with approximately 89% of the votes cast voting for approval of the say on pay advisory vote on executive compensation. In establishing 2014 executive compensation, the Compensation Committee considered the results of the 2014 advisory vote as well as the other factors described above. Given the significant support for our named executive officer compensation as expressed in the 2014 say on pay advisory vote, the Compensation Committee did not make any changes to our executive compensation program and policies as a result of such vote. Our stockholders will again have a say on pay advisory vote at the 2017 annual meeting.

Components of Our Executive Compensation

The primary elements of our executive compensation are:

base salary;

discretionary annual cash bonuses;

stock option awards;

perquisites; and

severance and change of control benefits.

We have no formal or informal policy or target for allocating compensation between long-term and short-term compensation, between cash and non-cash compensation or among the different forms of non-cash compensation. Instead, our Compensation Committee (based in part on input from our Chief Executive Officer) determines subjectively what it believes to be the appropriate level and mix of the various compensation components. While we describe below the connection between each element of executive compensation and particular compensation objectives, we believe that each element promotes multiple compensation objectives.

Base Salary

Base salary is used to recognize the experience, skills, knowledge and responsibilities required of all our employees, including our executive officers. In establishing base salaries for 2014, our Compensation Committee considered a variety of factors, including the seniority of the individual, the level of the individual's responsibility, the ability to replace the individual, the individual's tenure at the Company, relative pay among the executive officers, and our Chief Executive Officer's input. Generally, we believe that executive base salaries should grow incrementally over time and that more of the up side of compensation should rest with cash bonuses and long-term equity incentive compensation. In the case of Mr. Stone, his 2010 employment agreement, as in effect during 2014, stipulates that his base salary cannot be less than \$750,000 per year.

Base salaries are reviewed at least annually by our Compensation Committee and are adjusted from time to time to realign salaries with market levels after taking into account the performance of the Company and each executive officer's responsibilities, performance and experience. In March 2014,

Table of Contents

our Compensation Committee established the 2014 base salaries of our executive officers as follows: Mr. Stone, \$875,000, Mr. Pedonti, \$350,000, Mr. Boulanger, \$550,000, Mr. Kanwar, \$475,000, and Mr. Igoe, \$260,000. In March 2015, our Compensation Committee evaluated the base salaries of executive officers and decided not to make any changes from the 2014 levels.

Annual Cash Bonus

The payment of annual cash bonuses to executive officers and other employees is discretionary, and for our executive officers, subject to the terms of our Executive Bonus Plan (the "Bonus Plan") approved by our stockholders at our 2014 annual meeting. Annual cash bonuses are generally provided to employees whether or not we meet our budgeted results, but the amount available for bonuses to all employees, including the executive officers, varies according to our financial results. Annual cash bonuses are intended to compensate for strategic, operational and financial successes of the Company as a whole, as well as individual performance and growth potential. Other than for our named executive officers, for whom maximum bonus amounts are established under the terms of our Bonus Plan based on our performance, the annual cash bonuses are not tied to the achievement of specific results or pre-established financial metrics or performance goals, and no formula exists for determining the amount of bonuses for employees or executive officers.

For 2014, our overall executive officer bonus pool was established based on 5% of Adjusted Consolidated EBITDA (as defined below). Our Compensation Committee has overall authority for determining 2014 annual bonus amounts and considers proposals from the Chief Executive Officer for executive officer bonus allocations, including his own. The Compensation Committee made a final decision with respect to 2014 annual bonuses in March 2015. In making bonus recommendations to the Compensation Committee for the executive officers, our Chief Executive Officer, after taking into account the positive or negative impact of events outside the control of management or an individual executive, made a subjective judgment of each executive's performance in the context of a number of considerations, including the overall economy and our financial performance, revenues and financial position going into the new fiscal year, each executive's (including his own) work in managing the business, establishing internal controls, mentoring staff, completing and integrating acquisitions, reducing costs, responding to market conditions and maintaining our profitability. Mr. Stone's employment agreement as in effect for 2014 stipulates that his minimum annual bonus must be at least \$500,000.

Mr. Stone's bonus for 2014 was \$5,000,000. The Committee's approval of Mr. Stone's bonus took into account our profitability, his successful recruitment of new managers, his efforts to increase our revenue from \$713 million in 2013 to \$768 million in 2014 and our Adjusted Consolidated EBITDA from \$292 million in 2013 to \$320 million in 2014, the growth of our market capitalization from \$3.6 billion in the first quarter of 2014 to over \$5.0 billion in the first quarter of 2015, his continued search for new acquisitions including the completed acquisition of DST Global Solutions Limited ("DST") in December 2014 and the in-process acquisition of Advent Software, Inc. ("Advent") which was signed in February 2015, and his maintenance of high-level relationships with our key clients.

Mr. Pedonti's bonus for 2014 was \$950,000. The Committee's approval of Mr. Pedonti's bonus took into account his solid management skills, his expanded role in personnel and investor relations matters, his role in negotiating and implementing the DST and Advent acquisitions, his responsibility for maintaining our internal controls and his success in building a strong finance team.

Table of Contents

Mr. Boulanger's bonus for 2014 was \$1,900,000. The Committee's approval of Mr. Boulanger's bonus took into account his responsibility for our day-to-day business operations across the organization, his assumption of responsibility for supervising the Company's international operations, his contributions to our 2014 financial results, including increasing revenues from fiscal 2013 to fiscal 2014, his role in implementing the DST acquisition, and his attention to his overall executive management team.

Mr. Kanwar's bonus for 2014 was \$1,400,000. The Committee's approval of Mr. Kanwar's bonus took into account his responsibility for our fund services business, his contributions to our 2014 financial results, and his attention to his overall executive management team.

Mr. Igoe's bonus for 2014 was \$250,000. The Committee's approval of Mr. Igoe's bonus took into account his overall management of the legal department and responsibility for adherence to the internal budget, his instrumental role in directing the legal work for our acquisitions of DST and Advent, and his efforts in overseeing and administering litigation in which the Company is involved.

These decisions reflect the practice that our Compensation Committee does not fix a target bonus for the succeeding year; rather, as noted above, subject to the terms of the Bonus Plan, it draws on subjective factors and executive officer performance evaluations in arriving at its bonus decisions.

Table of Contents

The pool of money available for non-executive officer employee bonuses is determined by Mr. Stone after our Adjusted Consolidated EBITDA for the preceding fiscal year is determined. In determining the pool available for employee bonuses, Mr. Stone takes into account the following material factors: Adjusted Consolidated EBITDA; growth in Adjusted Consolidated EBITDA over the preceding year; minimum Adjusted Consolidated EBITDA required to ensure debt covenant compliance; our short-term cash needs; and any improvement or deterioration in our strategic market position. The bonus pool for executive officers is determined under the terms of our Bonus Plan, which, for 2014, was 5% of Adjusted Consolidated EBITDA, or \$16,005,650. Adjusted Consolidated EBITDA is a non-GAAP financial measure used in key financial covenants contained in our senior credit facilities, which are material facilities supporting our capital structure and providing liquidity to our business. Adjusted Consolidated EBITDA is defined as earnings before interest, taxes, depreciation and amortization (EBITDA), further adjusted to exclude stock compensation expense, unusual items and other adjustments permitted in calculating covenant compliance under the senior credit facilities, excluding acquired EBITDA. Adjusted Consolidated EBITDA does not represent net income or cash flow from operations as those terms are defined by GAAP and does not necessarily indicate whether cash flows will be sufficient to fund cash needs. The following is a reconciliation of net income to Adjusted Consolidated EBITDA for fiscal 2014.

(in thousands)	Year ended December 31, 2014

- (4) Other includes the non-cash portion of straight-line rent expense.

Stock Option Awards

Our Compensation Committee believes that equity-based incentive compensation is an important component of executive compensation. In 2014, our executive officers were granted only time-based stock options subject to vesting over four years from the date of grant.

In December 2014, we awarded our named executive officers long-term incentive compensation under our 2014 Stock Option Plan in the form of time-based stock options to purchase an aggregate of 450,000 shares of our common stock. Of these option grants, Mr. Stone received an option to purchase 190,000 shares of our common stock, Mr. Pedonti received an option to purchase 65,000 shares of our common stock, Mr. Boulanger received an option to purchase 90,000 shares of our common stock, Mr. Kanwar received an option to purchase 80,000 shares of our common stock, and Mr. Igoe received an option to purchase 25,000 shares of our common stock. The number of options was subjectively determined by the Compensation Committee based on an assessment of the relative contributions and efforts of each executive officer. The options have an exercise price of \$56.53 per share, which was equal to the closing price of our common stock as reported on The NASDAQ Global Select Market on the date of the grant.

The options awarded in December 2014 vest 25% on the first anniversary of grant and 1/36th each month thereafter until fully vested on the fourth anniversary of grant, subject to acceleration of vesting in connection with a change of control event and the other terms and conditions set forth in the plan and the award agreements, including that the recipient is an employee in good standing on each respective vesting date.

Benefits and Perquisites

We offer a variety of benefit programs to all eligible employees, including our executive officers. Our executive officers generally are eligible for the same benefits on the same basis as other employees, including medical, dental and vision benefits, life insurance coverage and short- and long-term disability coverage. All eligible employees are also able to contribute to our 401(k) plan and receive matching company contributions under the plan. In addition, our executive officers are entitled to reimbursement for reasonable business travel and other expenses incurred during the performance of their duties in accordance with our expense reimbursement policy.

We limit the use of perquisites as a method of compensation and provide our executive officers with only those perquisites that we believe are reasonable and consistent with our overall compensation program to better enable us to attract and retain talented employees for key positions.

Severance and Change of Control Benefits

Pursuant to his employment agreement, Mr. Stone is entitled to specified benefits in the event of the termination of his employment under certain circumstances. We provide more detailed information about Mr. Stone's benefits, as in effect during 2014 along with estimates of their value under various circumstances, under the captions "Employment and Related Agreements" and "Potential Payments Upon Termination or Change of Control" below.

Table of Contents

The time-based stock options awarded to our named executive officers under the 2014 Stock Option Plan, 2008 Stock Incentive Plan and 2006 Equity Incentive Plan each vest in full immediately prior to the effectiveness of a change of control (or, for the 2006 Equity Incentive Plan, immediately prior to the effectiveness of a liquidity event). The option agreements for option awards under the 2014 Stock Option Plan, 2008 Stock Incentive Plan and 2006 Equity Incentive Plan define a change of control (or, for the 2006 Equity Incentive Plan, a liquidity event) to generally mean the consummation of any transaction or series of transactions pursuant to which one or more persons or group of persons acquires (a) capital stock of the Company possessing voting power sufficient to elect a majority of the members of our Board or the board of directors of any successor to the Company (whether such transaction is effected by merger, consolidation, recapitalization, sale or transfer of the Company's capital stock or otherwise) or (b) all or substantially all of the assets of the Company.

On March 31, 2015, we entered into an amended employment agreement with Mr. Stone. The modifications were intended to update Mr. Stone's existing employment agreement, as in effect throughout 2014 (the prior agreement), for our current business practices and compensation programs. The term of the amended agreement will continue until March 11, 2016, and will be extended by successive one-year periods unless either party gives at least 90 days' notice of non-renewal. Mr. Stone's annual base salary under the amended agreement will be no less than \$875,000, and he will be eligible for annual and long-term incentive grants under the Company's incentive plans as may be in effect from time to time under the terms of such plans (and will not be entitled to any minimum annual cash bonus).

If we terminate Mr. Stone's employment without cause or if Mr. Stone resigns for good reason (in each case as defined in the amended agreement) during the employment agreement term, or if Mr. Stone's employment terminates because we provide a notice of non-renewal, subject to the effectiveness of a release in favor of the Company, Mr. Stone will be entitled to receive (1) an amount equal to 200% of his base salary and 200% of his average annual bonus for the three bonus years preceding termination, (2) accelerated vesting of 50% of his then unvested options and full vesting of any restricted stock and (3) three years of coverage under certain health plans. If Mr. Stone dies or his employment terminates due to disability (as defined in the agreement) he will be entitled to receive, subject to a release in the case of disability, (1) disability or death benefits (as applicable) in accordance with our programs and arrangements, (2) accelerated vesting as set forth above, and (3) a pro-rated amount of his average bonus for the three bonus years preceding termination. Consistent with the prior agreement, if payments to Mr. Stone cause him to incur an excise tax under Section 4999 of the Internal Revenue Code, Mr. Stone will be entitled to an additional payment sufficient to cover such excise tax and any taxes associated with such payments.

The amended agreement also provides that we will assist Mr. Stone with (and pay reasonable filing and legal fees associated with) any filing Mr. Stone may be required to make under the Hart-Scott-Rodino Act in connection with his ownership of our common stock acquired in connection with his employment (including with respect to the conversion to common stock of certain Class A Non-Voting common stock held by Mr. Stone). The amended agreement provides for non-competition and non-solicitation covenants pursuant to which Mr. Stone will be prohibited from competing with SS&C or its affiliates and from soliciting employees or customers during his employment and for two years following termination of employment. The form of Mr. Stone's employment agreement, as amended and restated, was filed with a Current Report on Form 8-K on April 1, 2015.

Accounting and Tax Implications

The accounting and tax treatment of particular forms of compensation do not materially affect our compensation decisions. However, we evaluate the effect of such accounting and tax treatment on an ongoing basis and will make modifications to compensation policies where we deem it appropriate. For instance, Section 162(m) of the Internal Revenue Code generally disallows a tax deduction for compensation in excess of \$1.0 million paid by a public company to its chief executive officer and to each other officer (other than the chief financial officer) whose compensation is required to be reported to our stockholders pursuant to the Exchange Act. However, certain compensation, including qualified performance-based compensation, will not be subject to the deduction limit if certain requirements are met. Section 162(m) did not apply to our compensation when we were a private company, and we relied on the post-initial public offering transition relief rules under Section 162(m) until the date of our 2014 annual meeting.

Our Compensation Committee may review the potential effect of Section 162(m) periodically and use its judgment to authorize compensation payments that may be subject to the limit when it believes such payments are appropriate and in our best interests after taking into consideration changing business conditions and the performance of our employees.

Report of the Compensation Committee

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with our management. Based on this review and discussion, the Compensation Committee recommended to our Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.
