ABOUT THE MEETING

What is a proxy?

A proxy is another person that you legally designate to vote your stock. If you designate someone as your proxy in a written document, that document is also called a proxy or a proxy card.

What is a proxy statement?

A proxy statement is a document that describes the matters to be voted upon at the Meeting and provides additional information about the Company. Pursuant to regulations of the SEC, we are required to provide you with a proxy statement containing certain information when we ask you to sign a proxy card to vote your stock at a meeting of the Company's shareholders.

What is the purpose of the Meeting?

At the Meeting, shareholders will act upon the matters outlined in the Notice, including the following:

1. to elect four directors to serve as Class III directors on the Board until the Company's 2019 annual meeting of shareholders;
2. to ratify the appointment of Deloitte & Touche LLP as the independent registered public accounting firm of the Company for the year ending December 31, 2016;
3. to conduct an advisory (non-binding) vote regarding the compensation of the Company's named executive officers (Say-On-Pay); and
4. to transact such other business as may properly come before the Meeting or any adjournment thereof.

What should I do if I receive more than one set of voting materials?

You may receive more than one set of voting materials, including multiple copies of this Proxy Statement and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you will receive a separate voting instruction card for each brokerage account in which you hold shares. Similarly, if you are a shareholder of record and hold shares in a brokerage account, you will receive a proxy card for shares held in your name and a voting instruction card for shares held in street name. Please complete, sign, date and return each proxy card and voting instruction card that you receive to ensure that all of your shares are voted.

What is the record date and what does it mean?

The record date to determine the shareholders entitled to notice of and to vote at the Meeting is the close of business on February 26, 2016 (the Record Date). The Record Date is established by the Board as required by Texas law. On the Record Date, 69,873,802 shares of Common Stock were outstanding.

Who is entitled to vote at the Meeting?

Holders of Common Stock at the close of business on the Record Date may vote at the Meeting.

What are the voting rights of the shareholders?

Each holder of Common Stock is entitled to one vote for each share of Common Stock registered, on the Record Date, in such holder's name on the books of the Company on all matters to be acted upon at the Meeting. The Company's articles of incorporation prohibit cumulative voting.

Table of Contents

The holders of at least a majority of the outstanding shares of Common Stock must be represented at the Meeting, in person or by proxy, in order to constitute a quorum for the transaction of business. At any meeting of the Company's shareholders, whether or not a quorum is present, the chairman of the meeting or the holders of a majority of the issued and outstanding Common Stock, present in person or represented by proxy and entitled to vote at the meeting, may adjourn the meeting from time to time without notice or other announcement.

What is the difference between a shareholder of record and a street name holder?

If your shares are registered directly in your name with Computershare Investor Services, Inc., the Company's stock transfer agent, you are considered the shareholder of record with respect to those shares. The Proxy Statement and proxy card have been sent directly to you by Computershare at the Company's request. On the Record Date, the Company had 3,537 holders of record.

If your shares are held in a stock brokerage account or by a bank or other nominee, the nominee is considered the record holder of those shares. You are considered the beneficial owner of these shares, and your shares are held in street name. This Proxy Statement and proxy card have been forwarded to you by your nominee. As the beneficial owner, you have the right to direct your nominee concerning how to vote your shares by using the voting instructions your nominee included in the mailing or by following its instructions for voting.

What is a broker non-vote?

A broker non-vote occurs when a broker holding shares for a beneficial owner does not vote on a particular proposal because the broker does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner. Your broker has discretionary authority to vote your shares only with respect to the ratification of the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm (Item 2). In the absence of specific instructions from you, your broker does not have discretionary authority to vote your shares with respect to the election of directors to the Company's Board (Item 1) or with respect to the advisory, non-binding vote regarding the Say-On-Pay resolution (Item 3).

How do I vote my shares?

If you are a record holder, you may vote your Common Stock at the Meeting in person or by proxy. To vote in person, you must attend the Meeting and obtain and submit a ballot. The ballot will be provided at the Meeting. To vote by proxy, you must mark, sign, date and promptly return the enclosed proxy card in the postage-paid envelope.

The proxy card is fairly simple to complete, with specific instructions on the card. By completing and submitting it, you will direct the designated persons (known as proxies) to vote your Common Stock at the Meeting in accordance with your instructions. The Board has appointed David Zalman and H.E. Timanus, Jr. to serve as the proxies for the Meeting.

If you are a record holder, your proxy card will be valid only if you sign, date and return it before the Meeting. If you complete all of the proxy card except for one or more of the voting instructions, then the designated proxies will vote your shares FOR each proposal as to which you provide no voting instructions. We do not anticipate that any other matters will come before the Meeting, but if any other matters properly come before the Meeting, then the designated proxies will vote your shares in accordance with applicable law and their judgment.

If you hold your shares in street name, your bank, broker or other nominee should provide to you a voting instruction card along with the Company's proxy solicitation materials. By completing the voting instruction card, you may direct

your nominee how to vote your shares. If you complete the voting instruction card except

Table of Contents

for one or more of the voting instructions, then your broker will be unable to vote your shares with respect to the proposal as to which you provide no voting instructions, except that the broker has the discretionary authority to vote your shares with respect to the ratification of the appointment of Deloitte & Touche LLP (Item 2). Alternatively, if you want to vote your shares in person at the Meeting, you must contact your nominee directly in order to obtain a proxy issued to you by your nominee holder. Note that a broker letter that identifies you as a shareholder is not the same as a nominee-issued proxy. **If you fail to bring a nominee-issued proxy to the Meeting, you will not be able to vote your nominee-held shares in person at the Meeting.**

Who counts the votes?

All votes will be tabulated by the inspectors of election appointed for the Meeting. Votes for each proposal will be tabulated separately.

Can I vote my shares in person at the Meeting?

Yes. If you are a shareholder of record, you may vote your shares at the Meeting by completing a ballot at the Meeting.

If you hold your shares in street name, you may vote your shares at the Meeting only if you obtain a proxy issued by your bank, broker or other nominee giving you the right to vote the shares as discussed above.

Even if you currently plan to attend the Meeting, we recommend that you also return your proxy card or voting instructions as described above so that your votes will be counted if you later decide not to attend the Meeting or are unable to attend.

What are my choices when voting?

In the election of directors, you may vote for all director nominees or you may withhold your vote as to one or more director nominees. With respect to each of the other proposals, you may vote for the proposal, against the proposal or abstain from voting on the proposal.

What are the Board's recommendations on how I should vote my shares?

The Board recommends that you vote your shares as follows:

Item 1 **FOR** the election of each nominee for director;

Item 2 **FOR** the ratification of the appointment of Deloitte & Touche LLP; and

Item 3 **FOR** the advisory, non-binding Say-On-Pay resolution.

What if I do not specify how I want my shares voted?

If you are a record holder who returns a completed proxy card that does not specify how you want to vote your shares on one or more proposals, the proxies will vote your shares for each proposal as to which you provide no voting instructions, and such shares will be voted in the following manner:

Item 1 **FOR** the election of each nominee for director;

Item 2 **FOR** the ratification of the appointment of Deloitte & Touche LLP; and

Item 3 **FOR** the advisory, non-binding Say-On-Pay resolution.

If you are a street name holder and do not provide voting instructions on one or more proposals, your bank, broker or other nominee will be unable to vote those shares, except that the nominee will have discretion to vote on the ratification of Deloitte & Touche LLP (Item 2).

Table of Contents

Can I change my vote?

Yes. If you are a record holder, you may revoke your proxy at any time before it is voted at the Meeting by any of the following means:

attending the Meeting and voting your shares by ballot;

Please note that your attendance at the Meeting will not, by itself, revoke a proxy; you must also vote your shares by ballot at the Meeting.

completing and submitting to the Secretary of the Company a new valid proxy bearing a later date; or

delivering written notice of revocation to the Company addressed to Denise Urbanovsky, Secretary, at the Company's address below, which notice must be received before 5:00 p.m., Houston Time on April 18, 2016. All written notices of revocation and other communications with respect to revocation or proxies should be sent to: Prosperity Bancshares, Inc., Prosperity Bank Plaza, 4295 San Felipe, Houston, Texas 77027, Attention: Denise Urbanovsky, Secretary.

If you are a street name holder, contact your bank, broker or other nominee so that they can provide instructions explaining how you may change or revoke your voting instructions.

What percentage of the vote is required to elect each director nominee?

Assuming the presence of a quorum, the four director nominees who receive the most votes from the holders of the shares of our Common Stock for their election will be elected i.e., the affirmative vote of the holders of a plurality of the shares of Common Stock voting at the Meeting is required for the election of the director nominees (Item 1).

However, in an uncontested election, any nominee for election who receives a greater number of withhold votes than votes for election will promptly tender to the Board his or her offer of resignation. If such an event were to occur, the Nominating and Corporate Governance Committee of the Board will consider the resignation offer and make a recommendation to the Board whether to accept or reject the resignation offer based on all factors it deems relevant. The Board will act on the Nominating and Corporate Governance Committee's recommendation within 90 days following certification of the shareholder vote.

What percentage of the vote is required to approve the other proposals?

The ratification of Deloitte & Touche LLP's appointment as the Company's independent registered public accounting firm (Item 2) and approval of the advisory, non-binding resolution on Say-On-Pay (Item 3) will require the affirmative vote of the holders of a majority of the outstanding shares of Common Stock entitled to vote and present in person or represented by proxy at the Meeting.

How are broker non-votes and abstentions treated?

Brokers, as holders of record, are permitted to vote on certain routine matters, but not on non-routine matters. A broker non-vote occurs when a broker does not have discretionary authority to vote the shares and has not received voting instructions from the beneficial owner of the shares. The only routine matter to be presented at the Meeting is the ratification of the appointment of the independent registered public accounting firm (Item 2). If you hold shares in street name and do not provide voting instructions to your broker, those shares will be counted as broker non-votes for all non-routine matters.

A broker non-vote or a withholding of authority to vote with respect to one or more nominees for director will not have the effect of a vote against such nominee or nominees since broker non-votes and abstentions are

Table of Contents

counted for purposes of determining the presence or absence of a quorum, but are not counted as votes cast at the Meeting. Any abstentions will not have the effect of a vote against the proposals to ratify the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm and the Say-On-Pay vote. Since the ratification of the appointment of the independent registered public accounting firm is considered a routine matter and a broker or other nominee may generally vote on routine matters, no broker non-votes are expected to occur in connection with this proposal. The advisory, non-binding vote on the Say-On-Pay resolution is considered a non-routine matter and, as such, broker non-votes will be deemed shares not present to vote on this matter, will not count as votes for or against this proposal and will not be included in calculating the number of votes necessary for approval of such matter.

Do I have any dissenters or appraisal rights with respect to any of the matters to be voted on at the Meeting?

No. None of our shareholders has any dissenters or appraisal rights with respect to the matters to be voted on at the Meeting.

What are the solicitation expenses and who pays the cost of this proxy solicitation?

Our Board is asking for your proxy and we will pay all of the costs of soliciting shareholder proxies. We may use officers and employees of the Company to ask for proxies, as described below.

Is this Proxy Statement the only way that proxies are being solicited?

No. In addition to the solicitation of proxies by use of the mail, if deemed advisable, directors, officers and regular employees of the Company may solicit proxies personally or by telephone or other means of communication, without being paid additional compensation for such services. This proxy solicitation is made by the Board and the cost of this solicitation is being borne by the Company. The Company will reimburse banks, brokerage houses and other custodians, nominees and fiduciaries for their reasonable expense in forwarding the proxy materials to beneficial owners of the Company's Common Stock.

Are there any other matters to be acted upon at the Meeting?

Management does not intend to present any business at the Meeting for a vote other than the matters set forth in the Notice and has no information that others will do so. The proxy also confers on the proxies the discretionary authority to vote with respect to any matter presented at the Meeting for which advance notice was not received by the Company in accordance with the Company's Amended and Restated Bylaws (the "Bylaws"). If other matters requiring a vote of the shareholders properly come before the Meeting, it is the intention of the persons named in the accompanying form of proxy to vote the shares represented by the proxies held by them in accordance with applicable law and their judgment on such matters.

Where can I find voting results?

The Company intends to publish the voting results in a current report on Form 8-K, which it expects to file with the SEC within four business days following the Meeting.

Who can help answer my questions?

The information provided above in this "Question and Answer" format is for your convenience only and is merely a summary of the information contained in this Proxy Statement. We urge you to carefully read this entire Proxy

Statement and the documents we refer to in this Proxy Statement. If you have any questions, or need additional material, please write to Prosperity Bancshares, Inc., Prosperity Bank Plaza, 4295 San Felipe, Houston, Texas 77027, Attn: denise Urbanovsky or call (281) 269-7199 and ask for denise Urbanovsky.

ITEM 1.

ELECTION OF DIRECTORS

Election Procedures; Term of Office

The size of the Board is currently set at twelve members, with ten directors presently serving and two vacant positions. In accordance with the Company's Bylaws, members of the Board are divided into three classes, Class I, Class II and Class III. The members of each class are elected for a term of office to expire at the third succeeding annual meeting of shareholders following their election. The term of office of the current Class III directors expires at the Meeting. The terms of the Class I and Class II directors expire at the annual meeting of shareholders in 2017 and 2018, respectively.

The Nominating and Corporate Governance Committee has recommended to the Board, and the Board has approved, the nomination of Leah Henderson, Ned S. Holmes, Jack Lord and David Zalman to fill the four expiring Class III director positions. Except for Mr. Lord, each nominee is currently serving as a Class III director. Mr. Lord is currently serving as a director of the Bank and intends to resign that position if elected at the Meeting. The four Class III nominees, if elected at the Meeting, will serve until the annual meeting of shareholders in 2019.

If the four nominees for Class III director are elected at the Meeting, the composition of the Board will be three Class I directors, four Class II directors and four Class III directors, with one vacancy in Class I.

The four Class III nominees receiving the affirmative vote of the holders of a plurality of the shares of Common Stock represented at the Meeting will be elected. However, the Company's Bylaws provide that, in an uncontested election, any nominee for election who receives a greater number of withhold votes than votes for election will promptly tender to the Board his or her offer of resignation. If such an event were to occur, the Nominating and Corporate Governance Committee of the Board will consider the resignation offer and make a recommendation to the Board whether to accept or reject the resignation offer based on all factors it deems relevant, including the stated reasons, if any, why shareholders withheld their votes from the director, the length of service and qualifications of the director, the director's contributions to the Company and potential adverse consequences of the resignation (such as failure to comply with New York Stock Exchange listing requirements and SEC rules and regulations). The Board will act on the Nominating and Corporate Governance Committee's recommendation within 90 days following certification of the shareholder vote.

Unless the authority to vote for the election of directors is withheld as to one or more of the nominees, all shares of Common Stock represented by proxy will be voted **FOR** the election of the nominees. If the authority to vote for the election of directors is withheld as to one or more but not all of the nominees, all shares of Common Stock represented by any such proxy will be voted **FOR** the election of the nominee or nominees, as the case may be, as to whom such authority is not withheld.

If a nominee becomes unavailable to serve as a director for any reason before the election, the shares represented by proxy will be voted for such other person, if any, as may be designated by the Board. The Board has no reason to believe that any nominee will be unavailable to serve as a director. All of the nominees have consented to being named herein and to serve if elected.

Any director vacancy occurring after the election may be filled by a majority vote of the remaining directors, even if the remaining directors constitute less than a quorum of the full Board. In accordance with the Company's Bylaws, a director appointed to fill a vacancy will be appointed to serve until the next annual meeting of shareholders held for

the election of directors, regardless of whether the class of director in which he serves is to be elected at such annual meeting.

The biography of each of the director nominees, continuing directors and executive officers set forth below contains information regarding the person's service as a director and/or executive officer, business experience,

CORPORATE GOVERNANCE

Meetings of the Board

The Board held four meetings during 2015 and took certain actions by unanimous written consent. There was no director who attended less than 75% of the aggregate of the (1) total number of meetings of the Board and (2) total number of meetings held by committees on which he or she served, except for William H. Fagan, M.D., who resigned from the Board in January 2016.

Board Leadership Structure

The Board believes that the Company's Chief Executive Officer is best situated to serve as Chairman because he is the director most familiar with the Company's business and industry and most capable of effectively identifying corporate priorities and leading the discussion and execution of strategic initiatives. Independent directors and management have different perspectives and roles in strategy development. The Company's independent directors bring experience, oversight and expertise from outside the Company and industry, while the Chief Executive Officer brings company-specific experience and expertise. The Board believes that the combined role of Chairman and Chief Executive Officer promotes strategic development and execution, and facilitates information sharing between management and the Board, which are essential to effective governance.

One of the key responsibilities of the Board is to develop strategic direction and hold management accountable for the execution of strategy once it is developed. The Board believes the combined role of Chairman and Chief Executive Officer is in the best interest of shareholders because it provides the appropriate balance between strategy development and independent oversight of management.

The Nominating and Corporate Governance Committee has designated a lead independent director (Presiding Director) to preside at the executive sessions of the Board. The Presiding Director serves for a term of at least one year. Currently, James A. Bouligny serves as the Presiding Director, a position he has held since January 2013. In addition to presiding over the executive sessions, the Presiding Director is also charged with the additional responsibilities associated with his leadership of the independent directors, including providing feedback to management from the Board's executive sessions, assisting the Chief Executive Officer with setting Board meeting agendas as requested, assisting in the Board's risk oversight and performing such other functions as may be designated from time to time by the independent directors.

Executive Sessions

The non-employee directors of the Company hold executive sessions from time to time at the conclusion of regular meetings of the Board without the Chief Executive Officer or any other member of management present. The independent directors of the Company also hold executive sessions from time to time without the Chief Executive Officer, any other member of management or any non-independent director present. The Presiding Director leads all of these executive sessions. In 2015, the independent directors held two executive sessions and the Company's non-employee directors held two executive sessions.

Oversight of Risk Management

The Board is responsible for overseeing management and the business and affairs of the Company, which includes the oversight of risk. In exercising its oversight, the Board has allocated certain areas of focus to its committees and has retained areas of focus for itself. The Company's Compensation Committee is responsible for overseeing the

management of risks relating to the Company's executive compensation plans and arrangements. The Audit Committee oversees management of financial risks. The Nominating and Corporate Governance Committee manages risks associated with management, including the composition and

independence of the Board and succession planning. The Risk Committee is responsible for assisting the Board with its oversight of the Company's risk appetite, enterprise-wide risk management, compliance framework and the governance structure supporting the compliance framework. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board is regularly informed through committee reports about such risks. The Board as a whole regularly reviews information regarding the Company's asset quality, securities portfolio, capital, liquidity and operations, as well as the risks associated with each. Throughout the year, senior management reports to the Board the risks that may be material to the Company. The goal of these processes is to achieve serious and thoughtful Board-level attention to the nature of the material risks faced by the Company and the adequacy of the Company's risk management processes and systems. While the Board recognizes that the risks the Company faces are not static, and that it is not possible to mitigate all risk and uncertainty all of the time, the Board believes that the Company's approach provides the Board with the proper foundation and oversight perspective with respect to management for the Company.

Committees of the Board

The Company's Board has four committees, the Audit Committee, Compensation Committee, Nominating and Corporate Governance Committee and Risk Committee, each of which is described below.

Audit Committee. The primary purpose of the Audit Committee, which also serves as the audit committee of the Bank, is to provide independent and objective oversight with respect to the integrity of the Company's financial statements, reports and other financial information provided to shareholders and others; the Company's internal controls; the independent registered public accounting firm, including its qualifications and independence; the Company's compliance with legal and regulatory requirements; and the performance of the Company's audit, accounting and financial reporting processes generally. The Audit Committee reports to the Board concerning such matters, appoints the independent registered public accounting firm for the Company and the Bank, reviews the scope of work of the independent registered public accounting firm and its reports and reviews the activities and actions of the Bank's internal auditors. In addition, the Audit Committee reviews and discusses with management and the independent registered public accounting firm the Company's quarterly financial results and the quarterly financial statements prior to the filing of the Company's Quarterly Reports on Form 10-Q and the Annual Report on Form 10-K.

The Audit Committee is responsible for oversight of Company risks relating to accounting matters, financial reporting and legal and regulatory compliance. To satisfy these oversight responsibilities, the Audit Committee separately meets regularly with the Company's Chief Financial Officer, director of internal audit, General Counsel, independent registered public accounting firm and management. The Audit Committee also receives regular reports regarding issues such as the status and findings of audits being conducted by the internal auditors and the independent registered public accounting firm, the status of material litigation, accounting changes that could affect the Company's financial statements and proposed audit adjustments, if any.

The Audit Committee consists of Harrison Stafford II (Chairman), Ned S. Holmes and Robert Steelhammer, each of whom the Board has determined to be an independent director of the Company as defined in the listing standards of the New York Stock Exchange and in Section 10A of the Securities Exchange Act of 1934, as amended (the Exchange Act). The Board has also determined that each of Ned S. Holmes, Harrison Stafford II and Robert Steelhammer has the requisite attributes of an audit committee financial expert as defined by the rules and regulations of the SEC. The Compensation Committee also administers the Company's incentive

compensation and equity-based plans and makes recommendations to the Board as to option and stock grants to the employees and directors of the Company and Bank pursuant to such plans.

The Compensation Committee is responsible for risks relating to employment policies and the Company's compensation and benefits systems. The charter may be accessed directly from the Company's home page by clicking the "Investor Relations" tab and then selecting "Corporate Governance" from the drop-down menu. The Compensation Committee held one meeting during 2015 to review such compensation and employee benefit matters.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee is responsible for making recommendations to the Board regarding the membership of the Board, including:

recommending to the Board the slate of director nominees for election at the annual meeting of shareholders;

considering, recommending and recruiting candidates to fill any vacancies or new positions on the Board, including candidates that may be recommended by shareholders;

establishing criteria for selecting new directors; and

reviewing the backgrounds and qualifications of possible candidates for director positions.

In addition, the Nominating and Corporate Governance Committee is responsible for considering and making recommendations to the Board concerning the function and needs of the Board, including:

reviewing and recommending policies applicable to the Board;

regularly reviewing issues and developments related to corporate governance and reassessing the corporate governance guidelines and recommending any proposed changes to the Board;

administering and overseeing compliance with the Company's Code of Ethics;

reviewing the responsibilities, size and composition of key Board committees and making recommendations to the Board; and

soliciting input from the directors and, on an annual basis, conducting a review of the effectiveness of the operation of the Board and its committees.

The Nominating and Corporate Governance Committee is also responsible for oversight of risks relating to management and Board succession planning, the independence of the Board and potential conflicts of interest, shareholder responses to the Company's business practices and employee and investor responses to the Company's human resources practices. To satisfy these oversight responsibilities, the Nominating and Corporate Governance Committee receives regular reports from officers of the Company responsible for each of these risk areas on matters such as progress against succession planning programs and goals, trends in risk levels, the employee climate and risk management activities that could affect Company operations. The Nominating and Corporate Governance Committee has the authority to conduct any investigation appropriate to fulfilling its responsibilities.

Luedke IV (Chairman effective April 19, 2016) and Robert Steelhammer, each of whom the Board has determined to be an independent director as defined in the New York Stock Exchange listing standards. Director Nominations Process

The Nominating and Corporate Governance Committee considers nominees to serve as directors of the Company and recommends such persons to the Board. The Nominating and Corporate Governance Committee also considers director candidates recommended by shareholders who appear to be qualified to serve on the Company's Board and meet the criteria for nominees considered by the committee. The Nominating and Corporate Governance Committee may choose not to consider an unsolicited recommendation if no vacancy exists on the Board and the Nominating and Corporate Governance Committee does not perceive a need to increase the size of the Board. In order to avoid the unnecessary use of the Nominating and Corporate Governance Committee's resources, the Nominating and Corporate Governance Committee will consider only those director candidates recommended in accordance with the procedures set forth below in the section titled Procedures to be Followed by Shareholders.

Criteria for Director Nominees.

The Nominating and Corporate Governance Committee has adopted a set of criteria that it considers when it selects individuals to be nominated for election to the Board. The Nominating and Corporate Governance Committee considers the following criteria in selecting nominees: financial, regulatory and business experience; familiarity with and participation in the local community; integrity, honesty and reputation; dedication to the Company and its shareholders; independence; and any other factors the Nominating and Corporate Governance Committee deems relevant, including age, size of the Board and regulatory disclosure obligations. The Nominating and Corporate Governance Committee does not have a formal policy with respect to diversity; however, the Board and Nominating and Corporate Governance Committee believe that it is essential that the Board members represent diverse viewpoints.

The Nominating and Corporate Governance Committee may weigh the foregoing criteria differently in different situations, depending on the composition of the Board at the time. The Nominating and Corporate Governance Committee will strive to maintain at least one director who meets the definition of audit committee financial expert under the regulations of the SEC.

Table of Contents

In addition, prior to nominating an existing director for re-election to the Board, the Nominating and Corporate Governance Committee considers and reviews an existing director's Board and committee attendance and performance; length of board service; experience, skills and contributions that the existing director brings to the Board; and independence.

Process for Identifying and Evaluating Director Nominees.

Pursuant to the Nominating and Corporate Governance Committee Charter as approved by the Board, the Nominating and Corporate Governance Committee is responsible for the process relating to director nominations, including identifying, interviewing and selecting individuals who may be nominated for election to the Board. The process that the Nominating and Corporate Governance Committee follows when it identifies and evaluates individuals to be nominated for election to the Board is set forth below.

Identification. For purposes of identifying nominees for the Board, the Nominating and Corporate Governance Committee will rely on personal contacts of the members of the Board as well as their knowledge of members of the Bank's local communities. The Nominating and Corporate Governance Committee will also consider director candidates recommended by shareholders in accordance with the policy and procedures set forth below in the section titled "Procedures to be Followed by Shareholders." The Nominating and Corporate Governance Committee has not previously used an independent search firm in identifying nominees.

Evaluation. In evaluating potential nominees, the Nominating and Corporate Governance Committee determines whether the candidate is eligible and qualified for service on the Board by evaluating the candidate under the selection criteria set forth above. In addition, for any new director nominee, the Nominating and Corporate Governance Committee will conduct a check of the individual's background and interview the candidate.

Procedures to be Followed by Shareholders.

Any shareholder of the Company may recommend to the Nominating and Corporate Governance Committee one or more persons as a nominee for election as a director of the Company at an annual meeting of shareholders if the shareholder complies with the prior notice and information provisions contained in the Company's Bylaws. Currently, in order for a director nomination to be timely, a shareholder's notice to the Company must be received at the Company's offices not less than 120 days in advance of the first anniversary of the date the Company's proxy statement was released to shareholders in connection with the previous year's annual meeting of shareholders. To submit a nomination of a director candidate, a shareholder must submit the following information in writing, addressed to the Chairman of the Nominating and Corporate Governance Committee, care of the Corporate Secretary, at the Company's main office:

The name and address of the shareholder who intends to make the nomination and of the person or persons to be nominated;

A representation that the shareholder is a holder of record of stock of the Company entitled to vote at the annual meeting and, if applicable, intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice;

If applicable, a description of all arrangements or understandings between the shareholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the shareholder; and

Such other information regarding each nominee that is required to be disclosed in solicitations of proxies for election of directors pursuant to Regulation 14A under the Exchange Act, or any successor regulation thereto (including such person's notarized written acceptance of such nomination, consent to being named in the proxy statement as a nominee and statement of intention to serve as a director if elected).

Table of Contents

A nomination of any person not made in compliance with the foregoing procedures shall not be eligible to be voted upon by the shareholders at the meeting.

If the Nominating and Corporate Governance Committee receives a director recommendation from a shareholder or group of shareholders who (individually or in the aggregate) beneficially owned greater than 5% of the Company's outstanding Common Stock for at least one year as of the date of such recommendation, the Company, as required by applicable securities law, will identify the candidate and shareholder or group of shareholders recommending the candidate and will disclose in its proxy statement whether the Nominating and Corporate Governance Committee chose to nominate the candidate, as well as certain other information.

Shareholder Communications with Directors

The Board will give appropriate attention to written communications received from shareholders and will respond if and as appropriate. Shareholders or other interested parties can contact any director or committee of the Board by writing to them in care of Corporate Secretary, Prosperity Bancshares, Inc., Prosperity Bank Plaza, 4295 San Felipe, Houston, Texas 77027. Comments or complaints relating to the Company's accounting, internal accounting controls or auditing matters will be referred to members of the Audit Committee. Other concerns will generally be referred to the Nominating and Corporate Governance Committee.

Director Attendance at Annual Meeting

The Board encourages directors to attend the annual meeting of shareholders. All eleven of the Company's directors attended the Company's 2015 annual meeting of shareholders held on April 21, 2015.

Code of Ethics

The Company's Board has adopted a Code of Ethics that applies to all directors, officers and associates, including the Company's Chairman of the Board and Chief Executive Officer and senior financial officers. The Code of Ethics is available electronically on the Company's website at www.prosperitybankusa.com. The Code of Ethics may be accessed directly from the Company's home page by clicking the Investor Relations tab and then selecting Corporate Governance from the drop-down menu.

Director Independence

During its review of director independence, the Company's Board considered transactions and relationships between each director or any member of his or her immediate family and the Company and its subsidiaries and affiliates, including any that are reported under Certain Relationships and Related Party Transactions below. The Board also considered whether there were any transactions or relationships between directors or any member of their immediate family (or any entity of which a director or an immediate family member is an executive officer, general partner or significant equity holder) and members of the Company's senior management or their affiliates. The purpose of this review was to determine whether any such relationships or transactions existed that were inconsistent with a determination that the director is independent.

As a result of this review, the Board affirmatively determined that the following directors and director nominee are independent under the listing standards of the New York Stock Exchange: James A. Boulogny, Leah Henderson, Ned S. Holmes, Jack Lord, William T. Luedke IV, Harrison Stafford II and Robert Steelhammer. When determining whether William T. Luedke IV is independent under the applicable standards, the Board considered Mr. Luedke's history of providing legal advice to the Company and his decision to no longer actively practice law.

EXECUTIVE COMPENSATION AND OTHER MATTERS

Compensation Discussion and Analysis

Executive Summary

The Company seeks to align closely the interests of its named executive officers with the interests of its shareholders. The Company's compensation programs are designed to reward the named executive officers for the achievement of short-term and long-term strategic and operational goals and the achievement of maximizing shareholder value, while at the same time avoiding the encouragement of unnecessary or excessive risk-taking. The named executive officers' total compensation consists of a mix of base salary, annual incentive awards comprised of cash and performance-based short-term equity awards, long-term equity incentive awards and discretionary cash bonuses, although not every component may be awarded in a given year.

Despite being subject to additional governmental regulations, such as the Durbin Act and Dodd-Frank Act, and increased competition, in 2015 the Company continued to have a strong overall financial performance. That financial performance, along with the individual performances of the named executive officers, served as key factors in determining the compensation for 2015, including as follows:

Total return, earnings per share, return on average equity, net charge-offs (asset quality), dividend payments and the efficiency ratio are the key metrics for the annual incentive bonus program. These metrics provide for a balanced approach to measuring annual Company performance.

The annual incentive bonus program is based on the Company's performance, while the long-term equity incentive awards and discretionary cash bonus awards are based on a combination of Company and individual performance.

A portion of the payment under the annual incentive bonus program is made through a grant of restricted stock, the value of which is closely linked to the Company's total shareholder return.

The Company encourages you to read this Compensation Discussion and Analysis for a detailed discussion and analysis of the Company's executive compensation program.

Overview of Compensation Program

The Compensation Committee of the Board is responsible for discharging the responsibilities of the Board relating to the compensation of the Company's Chairman of the Board and Chief Executive Officer, directors and other executive officers. Leah Henderson, Ned S. Holmes and Harrison Stafford II, each of whom the Board has determined to be an independent director, as defined in the New York Stock Exchange listing standards, serve on the Compensation Committee. In addition, the Compensation Committee and the Board have reviewed the compensation policies and practices for all employees and concluded that any risks arising from such policies and practices are not reasonably likely to have a material adverse effect on the Company.

This discussion and analysis describes the components of the Company's compensation program for its named executive officers and describes the basis on which the 2015 compensation determinations were made by the

Compensation Committee with respect to the named executive officers of the Company. The Compensation Committee did not hire a compensation consultant in 2015 in connection with its review of executive compensation or to provide any other services.

At the Company's 2015 annual meeting, the advisory Say-on-Pay vote regarding the Company's compensation of its named executive officers received approval from holders of over 97% of the votes cast. Although non-binding, the Board and the Compensation Committee did review and consider the overwhelmingly supportive voting results when making decisions regarding the Company's executive compensation program.

Role of Executives in Establishing Compensation

The Compensation Committee, either as a committee or together with the other independent directors of the Company, makes all decisions with respect to the compensation of the Company's executive officers, including the named executive officers. The Chairman of the Board and Chief Executive Officer provides input regarding the performance of the other named executive officers and makes recommendations for compensation amounts payable to the other named executive officers. The Compensation Committee evaluates the Chairman of the Board and Chief Executive Officer's performance in light of the Company's goals and objectives relevant to his compensation and, either as a committee or together with the other independent directors of the Company, determines and approves the Chairman of the Board and Chief Executive Officer's compensation level. The Chairman of the Board and Chief Executive Officer is not involved with any aspect of determining his own pay.

Compensation Committee Activity

When reviewing named executive officer compensation, the Compensation Committee and the Board review all elements of current and historic compensation for each named executive officer. The Compensation Committee also makes recommendations to the Board as to all stock grants to the named executive officers made pursuant to the Company's stock incentive plans.

Compensation Philosophy

The Company believes that compensation of its named executive officers should enhance and reinforce the goals of the Company for profitable growth, continuation of a sound overall condition and maintaining shareholder value by attracting and retaining strong talent and providing key employees with additional financial rewards for the attainment of such growth and stable financial and operating conditions. The Compensation Committee believes that these goals are best supported by:

rewarding individuals for outstanding performance and contributions to the Company's success;

compensating the Company's named executive officers competitively with similarly situated executive officers; and

providing the Company's named executive officers with equity in the Company to encourage such officers to focus on the long-term growth and prospects of the Company.

The Compensation Committee evaluates both performance and compensation to ensure that the Company maintains its ability to attract and retain superior officers in key positions and that the compensation provided to the named executive officers remains competitive relative to the compensation paid to similarly situated executive officers at its peer group while being in the best interests of the Company and its shareholders.

Peer Group

The Compensation Committee reviews the compensation of the Chairman of the Board and Chief Executive Officer and the other named executive officers relative to the compensation paid to similarly situated executives at companies that the Company considers to be peer companies. The Compensation Committee does not benchmark the

compensation of the named executive officers to a certain percentage or range of compensation within its peer group, but rather believes that the compensation paid to similarly situated executives should be a point of reference for measurement and not the determinative factor for the Company's named executive officers' compensation. Because the comparative compensation information is just one of the analytical tools that are used in setting named executive officer compensation, the Compensation Committee has discretion in determining the nature and extent of its use. Further, given the limitations associated with comparative pay information for setting individual executive compensation, including the difficulty of assessing and comparing wealth accumulation through equity gains and post-employment amounts, the Compensation Committee may elect to not use the comparative compensation information at all in the course of making compensation decisions.

Table of Contents

The Compensation Committee believes that the peer group of companies listed below is representative of the sector in which the Company operates. This group includes public bank holding companies with assets between \$15 billion and \$30 billion as of December 31, 2014. This group was chosen because of its similar size as measured by total assets.

The Company's peer group for 2015 consisted of the following companies:

Associated Banc-Corp	Hancock Holding Company
Astoria Financial Corporation	Signature Bank
BOK Financial Corporation	Susquehanna Bancshares, Inc.
Commerce Bancshares, Inc.	Synovus Financial Corp.
Cullen/Frost Bankers, Inc.	TCF Financial Corporation
EverBank Financial Corp	UMB Financial Corporation
First Horizon National Corporation	Valley National Bancorp
FirstMerit Corporation	Webster Financial Corporation
Fulton Financial Corporation	Wintrust Financial Corporation

During 2015, the Compensation Committee reviewed the base salary, bonus, value of stock compensation and value of option compensation of similarly situated executive officers at the bank holding companies included in the Company's peer group and considered the performance of its competitors and general economic and market conditions in setting goals for each named executive officer's performance.

Setting Executive Compensation

In setting the 2015 compensation of each of the named executive officers, the Compensation Committee reviewed all components of their respective compensation, including base salary, annual non-equity-based incentive bonus, long-term equity-based incentive compensation, restricted stock awards, accumulated realized and unrealized restricted stock awards, the dollar value to the executive and cost to the Company of all perquisites and other personal benefits and the projected payout obligations that may be owed in certain circumstances under any existing employment or other agreements. In addition, the Compensation Committee reviewed each named executive officer's compensation history and comparative performance information.

Components of Executive Compensation

The principal components of the Company's executive compensation program are:

Base salary;

Annual incentive bonus program;

Long-term equity based incentive compensation;

Discretionary cash bonus;

401(k) plan; and

Perquisites and other personal benefits.

Table of Contents

In connection with the acquisition of American State Financial Corporation and its subsidiary, American State Bank, on July 1, 2012, the Bank agreed to assume the retirement compensation arrangement between American State Bank and Michael Epps as evidenced by the Management Security Plan of American State Bank. Mr. Epps is the only named executive officer with such an arrangement. Additional information regarding the Management Security Plan is included in Pension Benefits below.

Base Salary

Salaries provide the named executive officers with a base level of monthly income and help achieve the objectives outlined above by attracting and retaining strong talent. Base salary levels for all named executive officers were reviewed during 2015 and adjustments were approved by the Board based on the recommendation of the Compensation Committee. Salary adjustments, if any, for the named executive officers generally are effective on May 1 of each year. For all named executive officers, other than the Chairman of the Board and Chief Executive Officer, the Compensation Committee considered peer group compensation information, tenure of service, scope of the position, including current job responsibilities, the named executive officer's individual performance and contribution to the Company, the recommendation of the Chairman of Board and Chief Executive Officer and such other factors as the Compensation Committee deemed appropriate. The base salary level for the Chairman of the Board and Chief Executive Officer was determined by the Compensation Committee based upon the overall performance of the Company, peer group compensation information, current job responsibilities, an evaluation of his individual performance and such other factors as the Compensation Committee deemed appropriate.

The Compensation Committee monitors the base salary levels and the various incentives of the named executive officers of the Company to ensure that overall compensation is consistent with the Company's objectives and remains competitive within the peer group identified above. In setting the goals and measuring a named executive officer's performance against those goals, the Company considers the performance of its competitors and general economic and market conditions. None of the factors included in the Company's strategic and business goals is assigned a specific weight. Instead, the Compensation Committee recognizes that the relative importance of these factors may change in order to adapt the Company's operations to specific business challenges and to reflect changing economic and marketplace conditions.

Incentive Compensation. The Company's incentive compensation program for the named executive officers consists of three components: (1) a formulaic annual incentive bonus program, (2) long-term equity incentive awards and (3) discretionary cash bonus awards, each of which is described below.

Annual Incentive Bonus Program

The Company's annual incentive bonus program is designed to help achieve the objectives of the compensation program by rewarding the members of the Company's executive committee, which consists of the named executive officers and two other executive officers, for the attainment of profitable growth and stable financial and operating conditions. The annual incentive bonus program provides for cash and short-term equity awards determined pursuant to a formulaic plan based on the Company's achievement of pre-defined financial performance targets for the applicable year and has no subjective or discretionary component. The annual bonus awarded to the Company's Chairman of the Board and Chief Executive Officer may be an amount up to 150% of his current base salary. The annual bonus awarded to the Company's Chief Financial Officer and Vice Chairman may be an amount up to 120% of their individual current base salary. The annual bonus awarded to the Company's President may be an amount up to 100% of his current base salary. The Company's three other members of the executive committee, each an Executive Vice President, were eligible for an annual bonus amount of up to 75% of their current base salary. Bonus amounts are paid no later than March 15 of the year following the year in which the annual incentive bonus was earned.

Each year, based on the recommendation of the Compensation Committee, the Board approves the percentage of the annual incentive bonus program to be paid in cash and in restricted stock. For 2015, 2014 and 2013, the annual incentive bonuses were paid approximately 25% in restricted stock and approximately 75% in

Table of Contents

cash. Generally, all of the restricted stock and approximately 90% of the cash portion of the annual incentive bonus is paid in December of the year earned and the remaining percentage of the cash portion is paid after the Company's independent auditors have issued their final report confirming the financial results, but before March 15th.

The target performance goals and the allocation of the total eligible annual incentive bonus amount to each goal are set annually by the Compensation Committee. For 2015, the performance goals were quantitative in nature and the Compensation Committee determined the 2015 annual incentive bonus based on achievement of those quantitative goals. In determining the amount of the annual incentive bonus, a target performance goal is established with respect to nine performance indicators. These indicators consist of total return, increase in earnings per share, increase in deposits, increase in assets, increase in loans, return on average equity, efficiency ratio, increase in dividends and asset quality. Asset quality is measured by the actual net charge offs as a percentage of average loans for the twelve-month period. A specific percentage weight of the total eligible bonus is allocated to each of these performance indicators.

In 2015, 15% of the total eligible bonus was allocated to each of total return, increase in earnings per share, efficiency ratio, return on average equity and asset quality, 10% was allocated to increase in dividends and 5% was allocated to each of the remaining performance indicators. If the Company's performance reaches or exceeds the target goal with respect to a particular indicator, the named executive officer will receive a bonus for such indicator based on the amount by which actual performance exceeded the target goal as set forth below, up to the set percentage of bonus allocated to such performance indicator.

For the 2015 fiscal year, the target goals and calculation factor for each of the nine performance indicators were as follows:

Indicator	Target	Calculation Factor
Total return	8.0%	2% for each 1% above the target
Increase in earnings per share	8.0%	1.5% for each 1% above the target
Increase in deposits	5.0%	1% for each 1% above the target
Increase in assets	5.0%	1% for each 1% above the target
Increase in loans	5.0%	1% for each 1% above the target
Return on average equity	8.0%	2% for each 1% above the target
Efficiency ratio	55.0%	1.5% for each 1% below the target
Increase in dividends	7.0%	2% for each 1% above the target
Asset quality	0.5%	1% for each 0.01% below the target

If the Company's performance is less than the target goal with respect to a particular performance indicator, no incentive compensation is payable for that particular indicator. For 2015, the annual incentive bonus earned by each eligible named executive officer was 41.0% of the aggregate incentive bonus possible for such named executive officer.

Long-Term Equity Based Incentive Compensation

In addition to the formulaic annual incentive bonus program, the Company maintains a long-term equity based incentive compensation program for its executive officers, including the named executive officers, and other key employees, in order to attract and retain key employees and enable those persons to participate in the long-term success of the Company. Under this component of compensation, the Company has granted both restricted stock awards and stock options to officers. Long-term equity based awards are discretionary and not granted on a set schedule. In 2015, the Company made long-term equity incentive awards of 30,000 shares of restricted stock to

Mr. Zalman, 15,000 shares of restricted stock to each of Messrs. Hollaway and Timanus, 4,500 shares of restricted stock to Mr. Safady and 9,000 shares of restricted stock to Mr. Epps to encourage such officers to focus on the long-term growth and prospects of the Company. Each grant of restricted stock vests approximately three years after the grant date.

Table of Contents

As of February 26, 2016, there were 28,800 options outstanding under the Company's stock incentive plans, none of which are held by named executive officers of the Company. During 2015, no stock options were granted and 79,426 shares of restricted stock were awarded to the named executive officers of the Company, 5,926 of which were pursuant to the annual incentive bonus program described above. The remaining 73,500 shares of restricted stock were granted as long-term equity incentive awards as detailed above.

Discretionary Cash Bonus

The Compensation Committee determines any discretionary cash bonus award for the Company's named executive officers annually based upon the Company's performance and each officer's contribution. The Compensation Committee may also award cash bonuses to other senior officers of the Company and the Bank.

Based upon the recommendation of the independent directors of the Company, the Compensation Committee recommended, and the Board of Directors (other than Messrs. Zalman and Timanus) approved, the award of discretionary cash bonuses to certain senior officers, including the named executive officers, based upon a subjective evaluation of such officer's performance and contribution during 2015 and the Company's performance. As a result of this review and based on the Company's overall performance, the discretionary bonus amounts paid to the named executive officers in 2015 were 50% of those paid in 2014.

401(k) Plan

The Company does not provide retirement benefits to its named executive officers (except for Mr. Epps under the Management Security Plan assumed in connection with the acquisition of American State Financial Corporation), other than through its contributory profit sharing plan established pursuant to Section 401(k) of the Internal Revenue Code of 1986, as amended (the Internal Revenue Code) covering substantially all employees. Under the 401(k) Plan, the Company may make matching contributions in its discretion. Currently, the Company matches 50% of an employee's contributions to the 401(k) Plan, including contributions by the named executive officers, up to 15% of compensation, not to exceed the annual IRS contribution limit, excluding catch-up contributions.

Perquisites and Other Personal Benefits

Perquisites and other personal benefits represent a small part of the Company's executive compensation program. The named executive officers are eligible to participate in the Company's employee benefits plans, which are generally available to all Company employees. The Compensation Committee reviews the perquisites and other personal benefits provided to the named executive officers annually and offers such benefits after consideration of the business need. The primary perquisites provided by the Company include a car or car allowance, club memberships and payment of or an allowance for certain life and long-term disability insurance premiums.

In addition, the Company provides use of a jet aircraft to certain executive officers and directors in connection with their business travel requirements for the Company. On rare occasions, the aircraft may be used by the Chairman of the Board and Chief Executive Officer for personal reasons. This service is afforded to these individuals to reduce travel time and related disruptions and to provide additional security, thereby increasing their availability, efficiency and productivity. Infrequently, spouses and guests of certain executive officers and directors may ride along on the Company aircraft when the aircraft is already going to a specific destination for a business reason, which has a nominal incremental cost to the Company. With respect to the travel of such spouse or guest, income is imputed to the executive officer or director for income tax purposes and the individual is not provided a tax reimbursement by the Company.

Table of Contents*Tax and Accounting Implications*

Stock-Based Compensation. The Company accounts for stock-based compensation, including options granted pursuant to the 2004 Stock Incentive Plan and restricted stock awards granted pursuant to its 2004 Stock Incentive Plan and 2012 Stock Incentive Plan, in accordance with the requirements of ASC Topic 718, which the Company adopted effective January 1, 2003.

Deductibility of Executive Compensation. Under Section 162(m) of the Internal Revenue Code, a limitation was placed on tax deductions of any publicly-held corporation for individual compensation to certain executives of such corporation exceeding \$1,000,000 in any taxable year, unless the compensation is performance-based. Although deductibility of compensation is preferred, tax deductibility is not a primary objective of the Company's compensation programs. The Company believes that achieving its objectives under the compensation philosophy set forth above is more important than the benefit of tax deductibility. The Company reserves the right to maintain flexibility in how it compensates its executive officers that may result in limiting the deductibility of amounts of compensation from time to time.

Nonqualified Deferred Compensation. If an executive is entitled to nonqualified deferred compensation benefits that are subject to Section 409A of the Internal Revenue Code (Section 409A), and such benefits do not comply with Section 409A, then the benefits are taxable in the first year they are not subject to a substantial risk of forfeiture. In such case, the recipient is subject to regular federal income tax, interest and an additional tax of 20% of the benefit includible in income.

Pension Benefits

The following table provides information concerning the present value of accumulated benefits payable to Mr. Epps and the number of years of service credited to such named executive officer under his Management Security Plan. No other named executive officer has such an agreement.

Pension Benefits for the Fiscal Year Ended December 31, 2015

Name	Plan Name	Number of Years of Credited Service ⁽¹⁾	Present Value of Accumulated Benefit ⁽²⁾	Payments During Last Fiscal Year
Michael Epps	Management Security Plan	21.5	\$ 1,098,900	

- (1) Mr. Epps was given full credit for his years of service as an executive at American State Bank.
- (2) Reflects the amount accrued by the Company for the named executive officer's accumulated benefit under the Management Security Plan, for the period from June 15, 1994, the effective date of the Management Security Plan for Mr. Epps, through December 31, 2015. The vested benefit accruals are calculated based upon retirement on September 1, 2016, at the normal retirement age as defined in the Management Security Plan, and a life expectancy of 80 years and were calculated using a constant discounted rate.

The Management Security Plan was established by American State Bank to be administered as an unfunded pension benefit plan. The Management Security Plan was originally effective on June 15, 1994 and provided that if Mr. Epps remains employed by American State Bank or a successor through September 1, 2016 and retires on or after such date, he will be entitled to a monthly payment beginning on the first of the month following his retirement in an amount equal to \$3,333.33 for life, with a minimum of 180 monthly payments to be made if he should die prior to the 180th payment. The Management Security Plan was amended effective January 1, 2006 to increase the monthly amount to \$8,333.33 for Mr. Epps. The Company has bank-owned life insurance policies on Mr. Epps with an aggregate death benefit to the Company of approximately \$1.5 million, which are expected to reimburse the Company for the estimated cumulative benefits to be paid to Mr. Epps under the Management Security Plan.

Table of Contents

The Management Security Plan also provides that in the event of Mr. Epps' death prior to September 1, 2016, his beneficiary will receive 180 monthly payments of \$8,333.33, the executive's full covered benefit, beginning on the first day of the month following the date of death. If Mr. Epps dies subsequent to the commencement of his monthly payments, the remainder of the minimum 180 monthly payments will be made to his beneficiary. If Mr. Epps becomes totally disabled, as defined in the Management Security Plan, prior to turning 65, he will be entitled to receive a monthly payment of \$8,333.33 for life beginning on September 1, 2016, with a minimum of 180 monthly payments to be made if he should die prior to the 180th payment.

If Mr. Epps should choose to retire or terminate his service to the Company prior to September 1, 2016, the Management Security Plan provides that he is entitled to a percentage of the full monthly payment under such plan as follows: the \$8,333.33 monthly payment will be multiplied by a fraction, the numerator of which is the number of whole years that Mr. Epps has participated in the Management Security Plan and the denominator of which is 23 (the number of whole years between 42 (Mr. Epps' age at entry into the Management Security Plan) and 65 (his age at September 1, 2016)). If Mr. Epps had retired or chosen to terminate his service to the Company as of December 31, 2015, he would have been entitled to a monthly benefit of \$7,608.69 for life beginning on January 1, 2016, with a minimum of 180 monthly payments to be made if he should die prior to the 180th payment.

Information about payments due upon termination after a change of control (as defined in the Management Security Plan) is included below.

Potential Payments Upon Termination or Change in Control

The Company considers the establishment and maintenance of a sound and vital management team to be essential to protecting and enhancing its best interests and those of its shareholders. In this regard, the Company recognizes that the possibility of a change in control may exist and that such possibility, and the uncertainty and questions which it may raise among the named executive officers, may result in the departure or distraction of the named executive officers to the Company's detriment and that of its shareholders. Accordingly, the Company's Board has taken appropriate steps to reinforce and encourage the continued attention and dedication of the Company's Chairman and Chief Executive Officer, Chief Financial Officer and Vice Chairman to their assigned duties without distraction in the face of the potentially disturbing circumstances arising from the possibility of a change in control. Accordingly, the Company entered into employment agreements with each of David Zalman, David Hollaway and H.E. Timanus, Jr.

Upon the recommendation of the Compensation Committee, on December 31, 2008, the Company entered into amended and restated employment agreements with each of Messrs. Zalman, Hollaway and Timanus. The agreements were amended in part to (1) provide for a lump sum payment of three times such executive officer's base salary upon a change in control (as defined in the employment agreement) whether or not there has been a termination of employment, (2) modify the definition of change in control in accordance with Section 409A and (3) implement certain other changes required to ensure continuing compliance with Section 409A.

In addition, in February 2012, the Company, upon recommendation of the Compensation Committee, entered into an amendment to the amended and restated employment agreement with Mr. Timanus. The amendment removed the age restriction related to extensions of the term of his employment agreement, specifically with respect to the extension of the agreement beyond the year in which Mr. Timanus turns 67 years of age.

Historically, the Bank has entered into employment agreements with certain of the executive officers of a target financial institution, which then became effective upon the completion of the acquisition. In connection with the acquisition of Liberty Bancshares, Inc. on August 1, 2004, the Bank entered into an employment agreement with Edward Z. Safady. The employment agreement with Mr. Safady was for an initial term of one year and is

automatically extended for an additional month each month thereafter, unless terminated in

accordance with its terms. In connection with the acquisition of American State Financial Corporation on July 1, 2012, the Bank entered into an employment agreement with Michael Epps. The employment agreement with Mr. Epps was for an initial term of three years and is automatically extended for an additional month each month thereafter, unless terminated in accordance with its terms.

Change in Control Provisions in Employment Agreements

The employment agreements with Mr. Zalman and Timanus are each for a term of three years and will be automatically extended for an additional year each year thereafter, unless terminated in accordance with its terms. Mr. Hollaway's employment agreement is for a term of three years and provides for an automatic extension for a period of three years, unless terminated in accordance with its terms. The employment agreements with Messrs. Zalman and Hollaway each provide that the term shall not extend beyond the year in which Messrs. Zalman or Hollaway, as the case may be, turns 67 years of age.

The employment agreements with Messrs. Zalman, Hollaway and Timanus provide that upon a change in control (as defined in the employment agreements), regardless of whether there has been a termination of employment, the executive will be entitled to receive from the Company a lump sum cash payment equal to three (3) times such executive's base salary then in effect. The change in control payments to be made under the employment agreements are subject to a limitation that the total amount of all payments to the executive that would constitute a parachute payment (as defined in Section 280G(b)(2) of the Internal Revenue Code) shall be reduced so that no portion of such payments to the executive would be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code, other than in the circumstances specified in the employment agreements. The employment agreements do not contain post-employment non-compete restrictions. Each of Messrs. Zalman, Hollaway and Timanus has the power to terminate his employment with the Company on 30 days prior written notice.

The employment agreements with Messrs. Safady and Epps do not provide for any payments upon a change of control.

Change in Control Provisions in Equity Plans and Agreements

None of the named executive officers holds stock options under the Company's 2004 Stock Incentive Plan. No performance awards, phantom stock or stock appreciation rights have been granted under any Incentive Plan, as defined below. Further, restricted stock awards have only been granted pursuant to the 2004 Stock Incentive Plan and the 2012 Stock Incentive Plan.

Under the Company's 2004 Stock Incentive Plan and 2012 Stock Incentive Plan (collectively, the Incentive Plans) in the event of a change in control (as defined in each respective Incentive Plan), all outstanding awards will immediately become vested and exercisable or satisfiable, as applicable. The Compensation Committee, in its discretion, may make certain determinations with regard to the specific terms of each outstanding restricted stock award and option upon the occurrence of a change in control. Under the Incentive Plans, if a change in control occurs, the Compensation Committee may determine that a restricted stock award, SAR, performance award or phantom stock award will terminate within a specified number of days, and the holders of such awards will receive an amount of cash per share subject to such award equal to the excess, if any, of the per share price offered to shareholders in such change in control or the fair market value per share of the shares into which the awards are exercisable, as determined by the Compensation Committee (the change in control value), over the exercise price.

With respect to options granted pursuant to the Incentive Plans, in the event of a change in control, the Compensation Committee may direct that one of the following occurs: (1) determine a date after which all unexercised options shall

terminate, (2) cancel the options of selected awardees in exchange for an amount of cash per share equal to the excess, if any, of the change of control value of the shares subject to the options over

the exercise price for such shares, (3) adjust the outstanding options as the Compensation Committee deems necessary or (4) convert all outstanding options into options to acquire shares of the successor entity with the same terms as the options immediately prior to the merger or consolidation.

Payment upon Change in Control

The table below reflects the amount of compensation payable to each of the Company's named executive officers in the event of a change in control. Upon a change in control, all outstanding stock options and restricted stock granted to each of the named executive officers pursuant to the Incentive Plans will become vested and immediately exercisable. The amounts shown below assume that the change in control occurred on December 31, 2015 and assume a price per share of the Common Stock equal to \$47.86 based on the closing price of the Common Stock on the New York Stock Exchange on December 31, 2015. These amounts are estimates of the amounts that would have been paid to the named executive officer upon a change in control as of that date under the specified circumstances. The actual amounts to be paid can only be determined at the time of such change in control.

The Audit Committee also reviewed Management's Report on Internal Control Over Financial Reporting contained in the Company's Annual Report on Form 10-K for the year ended December 31, 2015 as filed with the SEC, as well as Deloitte & Touche LLP's Report of Independent Registered Public Accounting Firm included in the same Annual Report on Form 10-K related to its audits of (1) the Company's consolidated financial statements and (2) the effectiveness of internal control over financial reporting.

The Audit Committee discussed with Deloitte & Touche LLP the matters that are required to be discussed by PCAOB Auditing Standard No. 16 (*Communications with Audit Committees*), as adopted by the Public Company Accounting Oversight Board. The Audit Committee has concluded that Deloitte & Touche LLP did not provide any prohibited non-audit services to the Company and its affiliates, which is compatible with maintaining Deloitte & Touche LLP's independence.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

The Board or Nominating and Corporate Governance Committee reviews all transactions with related persons as defined by the rules and regulations of the SEC (each a related party transaction) for potential conflicts of interest. Any related party transaction is reported to the General Counsel and may be consummated or may continue only (1) if the Nominating and Corporate Governance Committee approves or ratifies such transaction and if the transaction is on terms comparable to those that could be obtained in arm's-length dealings with an unrelated third party or (2) if the transaction has been approved by the disinterested members of the Board. The Board or Nominating and Corporate Governance Committee may approve or ratify the related party transaction only if it is determined that, under all of the circumstances, the transaction is in the best interests of the Company.

Many of the directors and executive officers of the Company and the Bank and their associates, which include corporations, partnerships and other organizations in which they are officers or partners or in which they and their immediate families have at least a 5% interest, are customers of the Bank. During 2015, the Bank made loans in the ordinary course of business to many of the directors and executive officers of the Company and the Bank and their associates, all of which were on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with persons unaffiliated with the Company and did not involve more than the normal risk of collectability or present other unfavorable features. Loans to directors and executive officers of the Company and the Bank and certain significant shareholders of the Company are subject to limitations contained in the Federal Reserve Act, the principal effect of which is to require that extensions of credit by the Bank to directors and executive officers of the Company and the Bank and certain significant shareholders of the Company satisfy the foregoing standards. As of December 31, 2015, all of such loans aggregated \$4.1 million which was approximately 0.26% of the Company's Tier 1 capital at such date. The Company expects the Bank to have such transactions or transactions on a similar basis with the directors and executive officers of the Company and the Bank and certain significant shareholders of the Company and their associates in the future.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's directors and executive officers and persons who own more than 10% of the outstanding Common Stock to file reports of ownership and changes in ownership of Common Stock and other equity securities of the Company with the SEC. Such persons are required by the SEC's regulations to furnish the Company with copies of all Section 16 forms they file.

Based solely on the Company's review of the copies of such reports furnished to it and representations from certain reporting persons that they have complied with the applicable filing requirements, the Company believes that all Section 16(a) reporting requirements applicable to its officers, directors and greater than 10% shareholders were complied with during the year ended December 31, 2015, except that one report, covering the transfer of shares from an estate to an exempt trust, of which Mr. Holmes is trustee, was filed late.

ITEM 2.

PROPOSAL TO RATIFY APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Pursuant to the recommendation of the Audit Committee, the Board has appointed Deloitte & Touche LLP as the independent registered public accounting firm of the Company for the year ending December 31, 2016. Deloitte & Touche LLP has served as the Company's independent registered public accounting firm continuously for over ten years.

At the Meeting, the shareholders will be asked to consider and act upon a proposal to ratify the appointment of Deloitte & Touche LLP. The ratification of such appointment will require the affirmative vote of the holders of a majority of the outstanding shares of Common Stock entitled to vote and present in person or represented by proxy at the Meeting. Representatives of Deloitte & Touche LLP will be present at the Meeting, will be given an opportunity to make a statement (if they desire to do so) and will be available to respond to appropriate questions.

Shareholder ratification of the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the 2016 fiscal year is not required by the Company's Bylaws, state law or otherwise. However, the Board is submitting the appointment of Deloitte & Touche LLP to the Company's shareholders for ratification as a matter of good corporate practice. If the shareholders fail to ratify the appointment, the Audit Committee will reconsider whether or not to retain Deloitte & Touche LLP. Even if the appointment of Deloitte & Touche LLP is ratified, the Audit Committee may, in its discretion, direct the appointment of a different independent registered public accounting firm at any time during the 2016 fiscal year if it determines that such a change would be in the best interests of the Company and its shareholders.

THE BOARD RECOMMENDS A VOTE *FOR* THE PROPOSAL TO RATIFY THE APPOINTMENT OF DELOITTE & TOUCHE LLP.
