Legal Proceedings with Directors

There are no legal proceedings related to any of the directors which require disclosure pursuant to Items 103 or 401(f) of Regulation S-K.

Agreements with Directors

None of the directors was selected pursuant to any arrangement or understanding, other than compensation arrangements in the ordinary course of business.

Director Independence

Our common stock is listed on The NASDAQ Global Market. Under the rules of The NASDAQ Stock Market, independent directors must comprise a majority of a listed company's board of directors. In addition, the rules of The NASDAQ Stock Market require that, subject to specified exceptions, each member of a listed company's audit, compensation, and nominating and corporate governance committees be independent. Under the rules of The NASDAQ Stock Market, a director will only qualify as an independent director if, in the opinion of the listed company's board of directors, the director does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

Audit committee members must also satisfy the independence criteria set forth in Rule 10A-3 under the Exchange Act and the listing requirements of The NASDAQ Stock Market. In addition, compensation committee members must satisfy the independence criteria set forth in Rule 10C-1 under the Exchange Act and the listing requirements of The NASDAQ Stock Market.

Our board of directors has undertaken a review of the independence of each director and considered whether such director has a material relationship with us that could compromise his ability to exercise independent judgment in carrying out his responsibilities. As a result of this review, our board of directors has determined that Messrs. Byers, Cohen, Goldberg, Hagstrom and Snyderman are independent directors as defined under the applicable rules and regulations of the SEC and the listing requirements and rules of The NASDAQ Stock Market.

Board and Committee Meetings

During 2015, our board of directors held 4 meetings (including regularly scheduled and special meetings), and each director attended at least 75% of the aggregate of (i) the total number of meetings of our board of directors held during the period for which he served as a director and (ii) the total number of meetings held by all committees of our board of directors on which he served during the periods that he served.

It is the policy of our board of directors to regularly have separate meeting times for independent directors without management.

Although we do not have a formal policy regarding attendance by members of our board of directors at annual meetings of stockholders, we encourage, but do not require, our directors to attend.

Our board of directors has four standing committees: an audit committee, a compensation committee, a nominating and corporate governance committee and a science and technology committee. The composition and responsibilities of each of the committees of our board of directors are described below. Members will serve on these committees until their resignation or until otherwise determined by our board of directors.

ITEM 11. EXECUTIVE COMPENSATION

EXECUTIVE COMPENSATION

Our named executive officers for 2015, which consist of our principal executive officer and the next two most highly compensated executive officers, are:

Peter Maag, our President and Chief Executive Officer;

Ken Ludlum, our Former Chief Financial Officer and Senior Financial Advisor; and

John Sninsky, our Chief Scientific Officer.

Processes and Procedures for Compensation Decisions

Our compensation committee is responsible for the executive compensation programs for our executive officers and reports to our board of directors on its discussions, decisions and other actions. The salary and bonuses paid to our executive officers are reviewed annually by the compensation committee. Typically, our Chief Executive Officer makes recommendations to our compensation committee, often attends committee meetings and is involved in the determination of compensation for the respective executive officers who report to him, except that the Chief Executive Officer does not make recommendations as to his own compensation. Our Chief Executive Officer makes recommendations to our compensation committee regarding short- and long-term compensation for all executive officers (other than himself) based on our results, an individual executive officer's contribution toward these results and performance toward individual goal achievement. Our Chief Executive Officer recuses himself from compensation committee and board discussions when his compensation is reviewed. Our compensation committee then reviews the recommendations and other data and makes decisions as to total compensation for each executive officer other than the Chief Executive Officer, as well as each individual compensation component. Our compensation committee makes recommendations to our board of directors regarding compensation for the Chief Executive Officer. The independent members of our board of directors make the final decisions regarding executive compensation for the Chief Executive Officer.

Our compensation committee is authorized to retain the services of one or more executive compensation advisors, as it sees fit, in connection with the establishment of our compensation programs and related policies. Beginning in 2014, the compensation committee retained Radford Associates, a national compensation consultant, to provide it with information, recommendations and other advice relating to executive compensation on an ongoing basis. Accordingly, Radford now serves at the discretion of our compensation committee. Our compensation committee engaged Radford to assist in developing an appropriate group of peer companies to help us determine the appropriate level of overall compensation for our executive officers, as well as assess each separate element of compensation, with a goal of ensuring that the compensation we offer to our executive officers is competitive and fair.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS AND DIRECTOR INDEPENDENCE

RELATED PERSON TRANSACTIONS

We describe below transactions and series of similar transactions, since the beginning of our last fiscal year, to which we were or will be a party, in which:

the amounts involved exceeded or will exceed \$120,000; and

any of our directors, nominees for director, executive officers or holders of more than 5% of our outstanding capital stock, or any immediate family member of, or person sharing the household with, any of these individuals or entities, had or will have a direct or indirect material interest.

Other than as described below, there has not been, nor is there any currently proposed, transactions or series of similar transactions to which we have been or will be a party.

Financial Advisors and Placement Agents Agreements

We entered into financial advisors and placement agents agreements (the **Agreements**) with M.M. Dillon & Co., LLC (**MMD**), an investment banking firm, Brookline Group LLC (**Brookline**), a consulting firm, and Leerink Partners LLC (collectively, the **Advisors**) to act as our lead financial advisors and placement agents in connection with a private equity placement of Common Stock (the **Private Placement**) and the execution of any such Private Placement that we may choose to pursue. George W. Bickerstaff, III, a member of our board of directors, is the managing director of MMD.

On April 12, 2016, we entered into a securities purchase agreement (the **Purchase Agreement**) with certain accredited investors named therein and the Private Placement was consummated on April 14, 2016. In connection with the consummation of the Private Placement, we agreed to pay MMD and Brookline a placement fee (the **Placement Fee**) in cash equal to three and one-half percent (3.5%) of the aggregate gross proceeds from securities sold in the Private Placement, including (i) proceeds funded under a financing commitment arranged in the Private Placement and (ii) any follow-on investment by the new investor(s) for a period of three (3) months following the closing of the Private Placement. The Placement Fee will be reduced by fifty percent (50%) for any funds received from our or Allenex AB's current major stockholders. Pursuant to the Agreements, we paid the Advisors an aggregate of \$1,093,573.

Pursuant to the Agreements, each of MMD and Brookline received warrants (the **Placement Agent Warrants**) to purchase an aggregate of 100,000 shares of the Company's stock. The Placement Agent Warrants have an exercise price equal to \$3.99 and contain terms customarily included in warrants of similar type. We have also agreed to bear all expenses in connection with the Advisors' services to be provided under the Agreements, including and without limitation, certain out-of-pocket expenses incurred by Advisors and their counsel, counsel and accounting fees and roadshow expenses, if any.

We believe that we entered into the transaction described above on terms no less favorable to us than we could have obtained from an unaffiliated third party.

Private Investment in Public Equity Financing

On April 12, 2016, we entered into the Purchase Agreement in connection with the sale and issuance of units (Units) in the Private Placement, each comprised of common stock, preferred stock and warrants, to certain private investors, including our 5% stockholders and persons or entities associated with them. Specifically, each Unit is comprised of: (i) one share of common stock of the Company, par value \$0.001 per share (the Common Stock); (ii) five shares of Series A Mandatorily Convertible Preferred Stock of the Company, par value \$0.001 per share (the Series A Preferred); and (iii) three warrants (the Common Warrants), each to purchase one share of Common Stock upon exercise of such Warrants, at a purchase price of \$23.94 per Unit (the equivalent of \$3.99 per share of Common Stock, assuming conversion of the Series A Preferred).

Under this policy, all related party transactions may be consummated or continued only if approved or ratified by our audit committee. In determining whether to approve or ratify any such proposal, our audit committee will take into account, among other factors it deems appropriate, (i) whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and (ii) the extent of the related party's interest in the transaction. The policy grants standing pre-approval of certain transactions, including (i) certain compensation arrangements of executive officers, (ii) certain director compensation arrangements, (iii) transactions with another company at which a related party's only relationship is as a non-executive employee, director or beneficial owner of less than 5% of that company's shares, (iv) transactions where a related party's interest arises solely from the ownership of our common stock and all holders of our common stock received the same benefit on a pro rata basis, and (v) transactions available to all U.S. employees generally.
