## II. Significant changes in the scope of application of the equity method

Beginning in the three months ended June 30, 2016, MUFG applies the equity method to Security Bank Corporation (Security Bank), as a result of a share acquisition by The Bank of Tokyo-Mitsubishi UFJ, Ltd. (BTMU), a consolidated subsidiary of MUFG.

## (1) Outline of the acquisition of shares of Security Bank

On January 14, 2016, BTMU concluded a Subscription Agreement with Security Bank.

On April 1, 2016, BTMU acquired newly issued common shares and preferred shares, representing in the aggregate 20% of Security Bank's equity interest on a fully diluted basis, and appointed two directors to Security Bank's Board of Directors. 2. Additional information  
(Implementation Guidance on Recoverability of Deferred Tax Assets)

On March 28, 2016, the Accounting Standards Board of Japan (ASBJ) issued ASBJ Guidance No.26, Implementation Guidance on Recoverability of Deferred Tax Assets. MUFG adopted this guidance on April 1, 2016.

(Update of the Accounting Standards Codification (ASC) No. 825 (Financial instruments) by the Financial Accounting Standards Board(FASB))

Beginning in the three months ended June 30, 2016, a certain overseas affiliate under the equity method, to which Generally Accepted Accounting Principles in the United States of America (US-GAAP) apply, adopted early the update of ASC No.825 (Financial instruments).

Upon the adoption described above, with respect to financial liabilities which the affiliate elected to measure at fair value under the fair value option, in accordance with the accounting standards, MUFG recorded the changes in the fair value of such financial instruments resulting from a change in the instrument-specific credit risk in the amount of debt value adjustments of foreign affiliates (DVAs) in accumulated other comprehensive income. MUFG made cumulative catch-up adjustments to the opening balances of retained earnings and DVAs at the beginning of the three months ended June 30, 2016.

As a result, at the beginning of the three months ended June 30, 2016, retained earnings increased by ¥8,464 million, and DVAs decreased by ¥8,464 million.

In addition, ordinary income and profits before income taxes for the three months ended June 30, 2016, each decreased by ¥5,633 million.

MUFG and Mitsubishi UFJ Lease & Finance Company Limited (MUL), an equity method affiliate of MUFG, have concluded a Share Purchase Agreement to acquire a part of the common shares of Hitachi Capital Corporation (Hitachi Capital) held by Hitachi, Ltd. (Hitachi).

MUFG, MUL and Hitachi changed the target completion date of the share acquisition from August 2016 (scheduled, conditional on the fulfillment of relevant regulatory requirements and approvals) to October 2016 onward, upon the fulfillment of relevant regulatory requirements and approvals by taking relevant regulatory requirements and approval process into consideration, while MUFG, MUL and Hitachi have been preparing for the execution of the share acquisition. ## 11. Segment information

### I. Summary of Reporting Segment

MUFG's reporting segments are business units of MUFG which its Executive Committee, the decision-making body for the execution of its business operations, regularly reviews to make decisions regarding allocation of management resources and evaluate performance.

MUFG makes unified group-wide strategies based on customer characteristics and the nature of business. Accordingly, MUFG has adopted customer-based and business-based segmentation, which consists of the following reporting segments: Retail Banking Business Group, Corporate Banking Business Group, Global Business Group, Trust Assets Business Group, Global Markets Business Group and Other.

Retail Banking Business Group :	Providing financial services to domestic individual customers
Corporate Banking Business Group :	Providing services relating to finance, real estate and stock transfers to domestic corporate customers
Global Business Group :	Providing financial services to overseas individual and corporate customers
Trust Assets Business Group :	Providing investment management and administration services for corporate pension funds, public pension funds, public funds and mutual funds
Global Markets Business Group :	Engaged in trading business relating to foreign currency exchange, funds and investment securities for customers and with market counterparties, and administration of liquidity and cash management
Other :	Other than businesses mentioned above

(Changes in reporting segments)

MUFG's group companies are managed using a matrix framework consisting of the business segments mentioned above which are identified based on an integrated business group system to provide financial services and products under unified group-wide strategies as well as through individual MUFG group entities, which are grouped under the major operating subsidiaries as follows: The Bank of Tokyo-Mitsubishi UFJ, Ltd., Mitsubishi UFJ Trust and Banking Corporation, Mitsubishi UFJ Securities Holdings Co. Ltd., consumer finance subsidiaries and others. To assist appropriate assessment of MUFG's future cash flow forecasts, MUFG previously identified these groups of MUFG group entities as its reporting segments, each operating in a different industry and regulatory environment.

However, beginning in this three-month period ended June 30, 2016, MUFG changed its reporting segments to the segmentation by the above-mentioned service-based Business Groups, following the progress made during the fiscal year ended March 31, 2016 in the implementation of unified group-wide business operations and management under the medium-term business plan that was commenced in the fiscal year ended March 31, 2016.

The segment information for the three months ended June 30, 2015 has been restated to reflect the foregoing changes in reporting segments.
