Item 1.01 Entry into a Material Definitive Agreement.

Underwriting Agreement

On February 9, 2017, H.B. Fuller Company, a Minnesota corporation (the Company), entered into an Underwriting Agreement (the Underwriting Agreement) with Citigroup Global Markets Inc., J.P. Morgan Securities LLC and Merrill Lynch, Pierce, Fenner & Smith Incorporated, as representatives of the several underwriters set forth in Schedule A to the Underwriting Agreement, providing for the issuance and sale by the Company of \$300,000,000 aggregate principal amount of its 4.000% Notes due 2027 (the Notes). The issuance and sale of the Notes, as contemplated by the Underwriting Agreement, was completed on February 14, 2017.

The Underwriting Agreement contains representations and warranties and covenants that are customary for transactions of this type. In addition, the Company has agreed to indemnify the underwriters against certain liabilities on customary terms.

Some of the underwriters and their affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with the Company or its affiliates. They have received, or may in the future receive, customary fees and commissions for these transactions. In particular, certain of the underwriters or their affiliates are lenders under the Company's credit facilities and, accordingly, they may receive a portion of the net proceeds from the offering of the Notes from the application thereof to repay a portion of those credit facilities.

Base Indenture

On February 14, 2017, in connection with the issuance and sale of the Notes, the Company entered into an Indenture (the Base Indenture) with U.S. Bank National Association, as Trustee (the Trustee). The Base Indenture permits the Company to issue debt securities from time to time.

The Base Indenture contains representations and warranties and covenants that are customary for open-ended indentures of this type. In addition, the Company has agreed to indemnify the Trustee against certain liabilities on customary terms.

The Trustee and its affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with the Company or its affiliates. They have received, or may in the future receive, customary fees and commissions for these transactions.

First Supplemental Indenture and Notes

On February 14, 2017, in connection with the issuance and sale of the Notes, the Company entered into a First Supplemental Indenture to the Base Indenture (the Supplemental Indenture and together with the Base Indenture, the Indenture) with the Trustee. The

Supplemental Indenture sets forth the terms of, and provides for the issuance of, the Notes. A form of the Notes is included within the Supplemental Indenture.

The Notes were issued pursuant to the Indenture on February 14, 2017. The stated maturity for the Notes is February 15, 2027. The Notes bear interest at 4.000% per annum, payable semi-annually in arrears on February 15 and August 15 of each year, beginning August 15, 2017. The Notes are senior unsecured obligations of the Company and will rank equally with the Company's other unsecured and unsubordinated debt from time to time outstanding.

The Company may redeem the Notes, in whole or in part, at any time and from time to time prior to their maturity at the applicable redemption prices described in the Notes. Upon the occurrence of a change of control triggering event as defined in the Notes (generally, a change of control of the Company accompanied by a reduction in the credit rating for the Notes), the Company will generally be required to make an offer to repurchase the Notes from holders at 101% of their principal amount plus accrued and unpaid interest to the date of repurchase. There will be no sinking funds for the Notes.

The Indenture contains covenants imposing certain limitations on the ability of the Company to incur liens or enter into sales and leaseback transactions. It also provides for customary events of default (subject in certain cases to customary grace and cure periods), which include among other things nonpayment, breach of covenants in the Indenture and certain events of bankruptcy and insolvency. If an event of default occurs and is continuing with respect to the Notes, the Trustee or holders of at least 25% in principal amount outstanding of the Notes may declare the principal and the accrued and unpaid interest, if any, on all of the outstanding Notes to be due and payable. These covenants and events of default are subject to a number of important qualifications, limitations and exceptions that are described in the Indenture.
