PROXY STATEMENT

FOR THE 2018 ANNUAL MEETING OF STOCKHOLDERS

To Be Held On June 6, 2018 at 11 A.M. Eastern Daylight Time

QUESTIONS AND ANSWERS ABOUT THESE PROXY MATERIALS AND VOTING

Why did I receive a notice regarding the availability of proxy materials on the internet?

Pursuant to rules adopted by the Securities and Exchange Commission (the "SEC"), we have elected to provide access to our proxy materials over the internet. Accordingly, we have sent you a Notice of Internet Availability of Proxy Materials (the "Notice") because the Board of Directors of Cara Therapeutics, Inc. (the "Company" or "Cara") is soliciting your proxy to vote at the 2018 Annual Meeting of Stockholders of the Company (the "Annual Meeting"), including at any adjournments or postponements of the meeting. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice or request to receive a printed set of the proxy materials. Instructions on how to access the proxy materials over the internet or to request a printed copy may be found in the Notice.

We intend to mail the Notice on or about April 26, 2018 to all stockholders of record entitled to vote at the Annual Meeting.

Will I receive any other proxy materials by mail?

We may elect to send you a proxy card, along with a second Notice of Internet Availability of Proxy Materials, on or after May 7, 2018.

How do I attend the Annual Meeting?

The meeting will be held on Wednesday, June 6, 2018 at 11 A.M. Eastern Daylight Time at Sheraton Stamford Hotel, 700 East Main Street, Stamford, CT 06901. Directions to the Annual Meeting may be found at <http://www.sheratonstamford.com>.

Information on how to vote in person at the Annual Meeting is discussed below.

Admission to the Annual Meeting will open at 10 A.M. Eastern Daylight Time. Seating will be limited. Each stockholder should be prepared to present:

Edgar Filing: Cara Therapeutics, Inc. - Form DEF 14A

1. Valid government issued photo identification, such as a driver's license or passport; and
2. Beneficial stockholders holding their shares through a broker, bank, trustee, or other nominee will need to bring proof of beneficial ownership as of Monday, April 23, 2018, the record date, such as their most recent account statement reflecting their stock ownership prior to Monday, April 23, 2018, a copy of the voting instruction card provided by their broker, bank, trustee or other nominee, or similar evidence of ownership.

Table of Contents

Stockholders who do not present the required information set forth above, may not be admitted to the Annual Meeting.

Photography, video and the use of cameras, recording devices, computers and other electronic devices, such as smart phones and tablets, will not be permitted at the Annual Meeting.

Please allow ample time for check-in. Please note that large bags and packages will not be allowed at the Annual Meeting. Persons may be subject to search due to security reasons.

Who can vote at the Annual Meeting?

Only stockholders of record at the close of business on the record date, Monday, April 23, 2018, will be entitled to vote at the Annual Meeting. On the record date, there were 32,699,943 shares of common stock outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If on Monday, April 23, 2018 your shares were registered directly in your name with Cara's transfer agent, American Stock Transfer & Trust Company, LLC, then you are a stockholder of record. As a stockholder of record, you may vote in person at the meeting or vote by proxy. Whether or not you plan to attend the meeting, to ensure your vote is counted, we urge you to fill out and return the proxy card that you may request or that we may elect to deliver at a later time as described under the question titled "Will I receive any other proxy materials by mail?" above.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on Monday, April 23, 2018 your shares were held, not in your name, but rather in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in "street name" and the Notice is being forwarded to you by that organization. The organization holding your account is considered to be the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent regarding how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker or other agent.

What am I voting on?

There are two matters scheduled for a vote:

Election of one director to serve until the 2021 Annual Meeting of Stockholders and until his successor is duly elected and qualified; and

Ratification of the selection by the Audit Committee of the Board of Directors of Ernst & Young LLP as independent registered public accounting firm of the Company for its fiscal year ending December 31, 2018

What if another matter is properly brought before the meeting?

Edgar Filing: Cara Therapeutics, Inc. - Form DEF 14A

The Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on those matters in accordance with their best judgment.

How do I vote?

Regarding the nominee to the Board of Directors, you may either vote ☐ For the nominee or you may ☐ Withhold your vote for the nominee. Regarding ratification of selection by the Audit Committee of the Board of Directors of Ernst & Young LLP as independent registered public accounting firm of the Company for its fiscal year ending December 31, 2018, you may either vote ☐ For or ☐ Against the proposal or you may ☐ Abstain from voting.

Table of Contents

The procedures for voting are fairly simple:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the Annual Meeting, or you may vote by proxy (1) over the telephone, (2) through the internet or (3) by using a proxy card that you may request or that we may elect to deliver at a later time as described under the question titled "Will I receive any other proxy materials by mail?" above. Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the Annual Meeting and vote in person even if you have already voted by proxy.

To vote in person, come to the Annual Meeting and we will give you a ballot when you arrive.

To vote using the proxy card that you have requested or that we have elected to deliver, simply complete, sign and date the proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.

To vote over the telephone, dial toll-free 1-800-690-6903 using a touch-tone phone and follow the recorded instructions. You will be asked to provide the company number and control number from the Notice. Your telephone vote must be received by 11:59 P.M. Eastern Daylight Time on Tuesday, June 5, 2018 to be counted.

To vote through the internet, go to <http://www.proxyvote.com> to complete an electronic proxy card. You will be asked to provide the company number and control number from the Notice. Your internet vote must be received by 11:59 P.M. Eastern Daylight Time on Tuesday, June 5, 2018 to be counted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a Notice containing voting instructions from that organization rather than from Cara. Simply follow the voting instructions in the Notice to ensure that your vote is counted. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

Internet proxy voting may be provided to allow you to vote your shares online, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your internet access, such as usage charges from internet access providers and telephone companies.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you owned as of the record date, Monday, April 23, 2018.

What if I return a proxy card or otherwise vote but do not make specific choices?

If you return a signed and dated proxy card or otherwise vote without marking voting selections, your shares will be voted as the Board of Directors recommends, which is For the election of the nominee for director and For the ratification of the selection by the Audit Committee of the Board of Directors of Ernst & Young LLP as independent registered public accounting firm of the Company for its fiscal year ending December 31, 2018. If any other matter is properly presented at the meeting, your proxyholder (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

Table of Contents

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We will also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one Notice?

If you receive more than one Notice, your shares may be registered in more than one name or in different accounts. Please follow the voting instructions on the Notices to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Stockholder of Record: Shares Registered in Your Name

Yes. You can revoke your proxy at any time before the final vote at the Annual Meeting. If you are the record holder of your shares, you may revoke your proxy in any one of the following ways:

You may submit another properly completed proxy card with a later date.

You may grant a subsequent proxy by telephone or through the internet.

You may send a timely written notice that you are revoking your proxy to Cara's Secretary at 4 Stamford Plaza, 107 Elm Street, 9th Floor, Stamford, CT 06902.

You may attend the Annual Meeting and vote in person. Simply attending the Annual Meeting will not, by itself, revoke your proxy.

Your most current proxy card or telephone or internet proxy is the one that is counted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If your shares are held by your broker or bank as a nominee or agent, you should follow the instructions provided by your broker or bank.

When are stockholder proposals and director nominations due for next year's annual meeting?

To be included in our Proxy Statement for the 2019 Annual Meeting of Stockholders, your proposals must comply with the requirements of Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Accordingly, your proposal must be received in writing by our Secretary at 4 Stamford Plaza, 107 Elm Street, 9th Floor, Stamford, CT 06902 by Thursday, December 27, 2018, which is 120 calendar days before the anniversary date of our Proxy Statement release to stockholders for the 2018 Annual Meeting. If you wish to bring a matter before the

Stockholders that is not included in next year's proxy materials, you must notify our Secretary in writing at the address above no earlier than Wednesday, February 6, 2019 and no later than Friday, March 8, 2019, in accordance with our Bylaws. You are advised to review our Bylaws, which contain a description of the information required to be submitted as well as additional requirements about advance notice of stockholder proposals and director nominations.

How are votes counted?

Votes will be counted by the inspector of election appointed for the meeting, who will separately count, (1) with respect to Proposal 1, votes For, Withhold and broker non-votes, and (2) with respect to Proposal 2, votes For, Against, abstentions and, if applicable, broker non-votes. Abstentions will be counted towards the vote total for Proposal 2, and will have the same effect as Against votes. Broker non-votes have no effect and will not be counted towards the vote total for any proposal.

Table of Contents

What are broker non-votes ?

When a beneficial owner of shares held in street name does not give instructions to the broker or nominee holding the shares as to how to vote on matters deemed to be non-routine under stock exchange rules, the broker or nominee cannot vote the shares. These unvoted shares are counted as broker non-votes. Only Proposal 2 (ratifying the selection by the Audit Committee of the Board of Directors of Ernst & Young LLP as independent registered public accounting firm of the Company for its fiscal year ending December 31, 2018) is considered a routine matter under applicable stock exchange rules, and without your instruction, your broker may vote your shares in its discretion. Proposal 1 (election of one director to serve until the 2021 Annual Meeting of Stockholders) is considered non-routine under applicable stock exchange rules, and without your instruction, your broker cannot vote your shares on this these matter. Please instruct your broker so your vote can be counted.

How many votes are needed to approve each proposal?

For Proposal 1, the election of directors, the nominee receiving the most For votes from the holders of shares present in person or represented by proxy and entitled to vote on the election of directors will be elected. Only votes For or Withhold will affect the outcome. Broker non-votes will not be counted as having been voted on Proposal 1.

To be approved, Proposal 2, ratification of the selection by the Audit Committee of the Board of Directors of Ernst & Young LLP as the Company's independent registered public accounting firm for its fiscal year ending December 31, 2018, must receive For votes from the holders of a majority of shares present in person or represented by proxy and entitled to vote on the matter. If you Abstain from voting, it will have the same effect as an Against vote. Broker non-votes will have no effect.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if stockholders holding at least a majority of the outstanding shares entitled to vote are present at the meeting in person or represented by proxy.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, the holders of a majority of shares present at the meeting in person or represented by proxy may adjourn the meeting to another date.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. In addition, final voting results will be published in a current report on Form 8-K that we expect to file within four business days after the Annual Meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the Annual Meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional Form 8-K to publish the final results.

What are the implications of being an emerging growth company?

Cara is an emerging growth company, as defined in Section 101(a)(19)(C) of the Jumpstart Our Business Startups Act of 2012 (the JOBS Act). As an emerging growth company, under SEC rules, we are not required to include a Compensation Discussion and Analysis section in this Proxy Statement, have elected to comply with reduced compensation disclosure requirements, as permitted under the JOBS Act, and are not required to give our stockholders

non-binding advisory votes on executive compensation or golden parachute arrangements. We will remain an emerging growth company until the earlier of (1) the last day of the fiscal year (a) following the fifth anniversary of the completion of our initial public offering (December 31, 2019), (b) in which we have total annual gross revenue of at least \$1.07 billion, or (c) in which we are deemed to be a large accelerated filer, which means the market value of our common stock that is held by non-affiliates exceeds \$700 million as of the prior June 30th, and (2) the date on which we have issued more than \$1.0 billion in non-convertible debt during the prior three-year period.

Table of Contents

PROPOSAL 1

ELECTION OF DIRECTORS

Our Board of Directors is divided into three classes. Each class consists, as nearly as possible, of one-third of the total number of directors, and each class has a three-year term. Vacancies on the Board of Directors may be filled only by persons elected by a majority of the remaining directors. A director elected by the Board of Directors to fill a vacancy in a class, including vacancies created by an increase in the number of directors, shall serve for the remainder of the full term of that class and until the director's successor is duly elected and qualified.

The Board of Directors presently has four members. There is one director in the class whose term of office expires in 2018. The nominee listed below currently serves on our Board of Directors. He has been recommended for nomination to our Board of Directors by the Company's Nominating and Corporate Governance Committee. If elected at the annual meeting, this nominee would serve until the 2021 Annual Meeting of Stockholders and until his successor has been duly elected and qualified, or, if sooner, until the director's death, resignation or removal. The Company's directors are expected to attend the 2018 Annual Meeting of Stockholders, either in person or telephonically. All of the directors attended the 2017 Annual Meeting of Shareholders.

Directors are elected by a plurality of the votes of the holders of shares present in person or represented by proxy and entitled to vote on the election of directors. Accordingly, the nominee receiving the highest number of affirmative votes will be elected. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the nominee named below. If the nominee becomes unavailable for election as a result of an unexpected occurrence, shares that would have been voted for that nominee will instead be voted for the election of a substitute nominee proposed by Cara. The person nominated for election has agreed to serve if elected. The Company's management has no reason to believe that the nominee will be unable to serve.

Nominee for Election for a Three-Year Term Expiring at the 2021 Annual Meeting

Harrison M. Bains, Jr. Mr. Bains, 74, has served as a member of our Board of Directors since July 2014. INFORMATION REGARDING THE BOARD OF DIRECTORS AND ITS COMMITTEES

Independence of The Board of Directors

As required under the Nasdaq Stock Market (Nasdaq) listing standards, a majority of the members of the Company s Board of Directors must qualify as independent, as affirmatively determined by the Board of Directors. The Board of Directors consults with the Company s counsel to ensure that the Board s determinations are consistent with relevant securities and other laws and regulations regarding the definition of independent, including those set forth in pertinent listing standards of Nasdaq, as in effect from time to time.

Consistent with these considerations, after review of all relevant identified transactions or relationships between each director, or any of his or her family members, and the Company, its senior management and its independent auditors, the Board of Directors has affirmatively determined that the following three directors are independent directors within the meaning of the applicable Nasdaq listing standards: Mr. Bains, Dr. Ives, and Mr. Vogelbaum. In making this determination, the Board of Directors found that none of these directors or nominee for director had a material or other disqualifying relationship with the Company.

Board Leadership Structure

The Board of Directors of the Company has a Lead Independent Director, Mr. Vogelbaum, instead of a Chairman. The Lead Independent Director has authority, among other things, to establish the agenda for meetings of the independent directors of the Board of Directors and to preside over meetings of the independent directors and any portions of the meetings of the Board of Directors evaluating the performance of the Board of Directors. The Company believes that having a Lead Independent Director creates an environment that is conducive to objective evaluation and independent oversight, thereby improving the effectiveness of the Board of Directors as a whole.

Role of the Board of Directors in Risk Oversight

One of the Board of Directors key functions is informed oversight of the Company s risk management process. The Board does not have a standing risk management committee, but rather administers this oversight function directly through the Board as a whole, as well as through various standing committees of the Board that address risks inherent in their respective areas of oversight. In particular, the Board is responsible for monitoring and assessing strategic risk exposure, including a determination of the nature and level of risk appropriate for the Company. The Company s audit committee has the responsibility to consider and discuss, with management and the Company s independent auditors, its major financial risk exposures and the steps our management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken. The audit committee also monitors compliance with legal and regulatory requirements, in addition to oversight of the Company s internal control over financial reporting and disclosure controls and procedures. Our nominating and corporate governance committee monitors the effectiveness of our corporate governance guidelines, and periodically reviews, assesses and recommends any changes deemed appropriate. Our compensation committee assesses and monitors whether any of our compensation policies and programs has the potential to encourage excessive risk-taking.

Meetings of The Board of Directors

The Board of Directors met in person or telephonically a total of nine times during the last fiscal year, all of which were regularly scheduled meetings. Each Board member attended 75% or more of the aggregate number of meetings of the Board and committees of the Board on which he served during 2017.

Information Regarding Committees of the Board of Directors

The Board has three standing committees: an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. Each of these standing committees has a written charter approved by the Board of Directors that reflects applicable standards and requirements adopted by the SEC and Nasdaq. A copy of each charter is available to stockholders on the Company's website at www.caratherapeutics.com in the News & Investors section under Corporate Governance.

Below is a description of each committee of the Board of Directors.

Each of the committees has authority to engage legal counsel or other experts or consultants, as it deems appropriate to carry out its responsibilities. The Board of Directors has determined that each member of each committee meets the applicable Nasdaq rules and regulations regarding independence and each member is free of any relationship that would impair his or her individual exercise of independent judgment with regard to the Company. The committees periodically review their charters and assess their own performance. In addition, the Nominating and Corporate Governance Committee periodically reviews the performance of the Board of Directors, including Board committees, and management, and makes recommendations to the Board and management, as applicable, for areas of improvement as it deems appropriate.

Audit Committee

The Audit Committee of the Board of Directors was established by the Board in accordance with Section 3(a)(58)(A) of the Exchange Act, to oversee the Company's corporate accounting and financial reporting processes and audits of its financial statements. For this purpose, the Audit Committee performs several functions. The Audit Committee evaluates the performance of and assesses the qualifications of the independent auditors; determines and approves the engagement of the independent auditors; determines whether to retain or terminate the existing independent auditors or to appoint and engage new independent auditors; reviews and approves the retention of the independent auditors to perform any proposed permissible non-audit services; monitors the rotation of partners of the independent auditors on the Company's audit engagement team as required by law; reviews and approves or rejects transactions between the Company and any related persons; confers with management and the independent auditors regarding the effectiveness of internal controls over financial reporting, the objectivity of the Company's financial reporting and the Company's accounting policies and practices; establishes procedures, as required under applicable law, for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters; and meets to review the Company's annual audited financial statements and quarterly financial statements with management and the independent auditor, including a review of the Company's disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations.

The Audit Committee is composed of three directors: Mr. Bains, Dr. Ives and Mr. Vogelbaum. The Audit Committee met four times during the fiscal year ended December 31, 2017.

The Board of Directors reviews the Nasdaq listing standards definition of independence for Audit Committee members on an annual basis and has determined that all members of the Company's Audit Committee are independent, as defined in Rule 5605(c)(2)(A)(i) and (ii) of the Nasdaq listing standards and Rule 10A-3 of the Exchange Act, and that each such member meets the financial literacy requirements of Nasdaq.

Table of Contents

The Board of Directors has also determined that Mr. Bains qualifies as an audit committee financial expert, as defined in applicable SEC rules. The Board made a qualitative assessment of Mr. Bains' level of knowledge and experience based on a number of factors, including his formal education and experience as acting chief financial officer for a public reporting company.

Report of the Audit Committee of the Board of Directors

The Audit Committee has reviewed and discussed with management of the Company the audited financial statements of the Company for the fiscal year ended December 31, 2017. The Audit Committee has also reviewed and discussed with Ernst & Young LLP, the Company's independent registered public accounting firm, the audited financial statements and the audit results. The Audit Committee has discussed with Ernst & Young LLP the matters required to be discussed by Auditing Standard No. 1301, *Communications with Audit Committees*, as adopted by the Public Company Accounting Oversight Board (PCAOB).

The Audit Committee has also received the written disclosures and the letter from Ernst & Young LLP required by applicable requirements of the PCAOB regarding the independent accountants' communications with the audit committee concerning independence, and has discussed with Ernst & Young LLP the accounting firm's independence. Upon completing these activities, the Audit Committee concluded that Ernst & Young LLP is independent from Cara and its management.

Based on the foregoing, the Audit Committee has recommended to the Board of Directors, and the Board of Directors approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2017 and filed with the Securities and Exchange Commission.

Members of the Audit Committee:

Harrison M. Bains, Jr. (Chairman)
Jeffrey L. Ives, Ph.D.
Martin Vogelbaum

The material in this report is not soliciting material, is not deemed filed with the Commission and is not to be incorporated by reference in any filing of the Company under the Securities Act or the Exchange Act, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

Compensation Committee

The Compensation Committee is composed of two directors: Mr. Vogelbaum and Dr. Ives. All members of the Company's Compensation Committee are independent, as defined in Rule 5605(d)(2) of the Nasdaq listing standards, are non-employee directors as defined in Rule 16b-3 under the Exchange Act and are outside directors, as defined in Section 162(m) of the Internal Revenue Code of 1986, as amended. The Compensation Committee met formally eight times and acted once by unanimous written consent during the fiscal year ended December 31, 2017.

The Compensation Committee of the Board of Directors acts on behalf of the Board to review, approve and oversee the Company's compensation strategy, policies, plans and programs, including:

establishment of corporate and individual performance objectives relevant to the compensation, including incentive-based and equity-based compensation, of the Company's Chief Executive Officer and evaluation of performance in light of these stated objectives;

review and approval of the corporate and individual performance objectives of the Company's other executive officers;

Table of Contents

review and approval of the compensation and other terms of employment or service, including severance and change-in-control arrangements, of the Company's Chief Executive Officer;

setting the compensation of the Company's other executive officers and directors based in part on recommendations of the chief executive officer;

administration of the Company's equity compensation plans, 401(k) plan, and other similar plans and programs;

preparing a compensation committee report on executive compensation as may be required from time to time to be included in the Company's annual proxy statements or annual reports on Form 10-K filed with the SEC; and

reviewing and discussing with management the Company's Compensation Discussion and Analysis that the Company may be required from time to time to include in proxy statements and other SEC filings and considers whether to recommend that it be included in such filings.

Compensation Committee Processes and Procedures

Typically, the Compensation Committee meets at least annually and with greater frequency as necessary. The Compensation Committee also acts periodically by unanimous written consent in lieu of a formal meeting. The agenda for each meeting is usually developed by the Chair of the Compensation Committee, in consultation with management. The Compensation Committee meets regularly in executive session. However, from time to time, various members of management and other employees as well as outside advisors or consultants may be invited by the Compensation Committee to make presentations, to provide financial or other background information or advice or to otherwise participate in Compensation Committee meetings. The Chief Executive Officer may not participate in, or be present during, any deliberations or determinations of the Compensation Committee regarding his compensation.

The charter of the Compensation Committee grants the Compensation Committee full access to all books, records, facilities and personnel of the Company. In addition, under the charter, the Compensation Committee has the authority to obtain, at the expense of the Company, advice and assistance from compensation consultants and internal and external legal, accounting or other advisors and other external resources that the Compensation Committee considers necessary or appropriate in the performance of its duties. The Compensation Committee has direct responsibility for the oversight of the work of any consultants or advisers engaged for the purpose of advising the Committee. In particular, the Compensation Committee has the sole authority to retain, in its sole discretion, compensation consultants to assist in its evaluation of executive and director compensation, including the authority to approve the consultant's reasonable fees and other retention terms. Under the charter, the Compensation Committee may select, or receive advice from, a compensation consultant, legal counsel or other adviser to the compensation committee, other than in-house legal counsel and certain other types of advisers, only after taking into consideration certain factors prescribed by the SEC and Nasdaq, that bear upon the adviser's independence; however, there is no requirement that any adviser be independent.

During the past fiscal year, after taking into consideration the factors prescribed by the SEC and Nasdaq described above, the Compensation Committee engaged Radford as compensation consultants. The Compensation Committee requested that Radford:

review the Company's existing compensation strategy and practices in supporting and reinforcing the Company's long-term strategic goals; and

assist in refining the Company's compensation strategy and in developing and implementing executive and director compensation programs to execute that strategy.

As part of its engagement, Radford was requested by the Compensation Committee to develop a comparative group of companies and to perform analyses of competitive performance and compensation levels for that group. Radford ultimately developed recommendations that were presented to the Compensation Committee for its consideration.

Table of Contents

Historically, the Compensation Committee has determined most bonus awards and established new performance objectives at one or more meetings held during the first quarter of the year and has made significant adjustments to annual compensation and equity awards periodically, as events warrant. The Compensation Committee also considers matters related to individual compensation, such as compensation for new executive hires, as well as high-level strategic issues, such as the efficacy of the Company's compensation strategy, potential modifications to that strategy and new trends, plans or approaches to compensation, periodically throughout the year.

Generally, the Compensation Committee's executive compensation process comprises two related elements: the determination of compensation levels and the establishment of performance objectives for the current year. For executives other than the Chief Executive Officer, the Compensation Committee solicits and considers evaluations and recommendations submitted to the Committee by the Chief Executive Officer. In the case of the Chief Executive Officer, the evaluation of his performance is conducted by the Compensation Committee, which determines any adjustments to his compensation as well as awards to be granted. For all executives and directors as part of its deliberations, the Compensation Committee may review and consider, as appropriate, materials such as financial reports and projections, operational data, executive and director stock ownership information, company stock performance data, analyses of historical executive compensation levels and current Company-wide compensation levels and recommendations of the Compensation Committee's compensation consultant, if any, including analyses of executive and director compensation paid at other companies identified by the consultant.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee of the Board of Directors is responsible for assessing the need for new directors, identifying, reviewing and evaluating candidates to serve as directors of the Company (consistent with criteria approved by the Board), reviewing and evaluating incumbent directors' performance, participation and qualifications, recommending to the Board candidates for selection to the Board of Directors, making recommendations to the Board regarding the membership of the committees of the Board, monitoring the quality of the relationship between management and the Board, annually assessing the performance of the Board, and developing and monitoring a set of corporate governance principles for the Company.

The Nominating and Corporate Governance Committee is currently composed of one director: Mr. Vogelbaum, who is independent, as defined in Rule 5605(a)(2) of the Nasdaq listing standards. The Nominating and Corporate Governance Committee did not meet, but acted by written consent once during the fiscal year ended December 31, 2017.

Director Nomination Process

The Nominating and Corporate Governance Committee believes that candidates for director should have certain minimum qualifications, including the ability to read and understand basic financial statements, being over 21 years of age, having the highest professional and personal integrity and ethics. The Nominating and Corporate Governance Committee also intends to consider such factors as possessing relevant expertise upon which to be able to offer advice and guidance to management, having sufficient time to devote to the affairs of the Company, demonstrated excellence in his or her field, having the ability to exercise sound business judgment and having the commitment to rigorously represent the long-term interests of the Company's stockholders. However, the Nominating and Corporate Governance Committee retains the right to modify these qualifications from time to time. Candidates for director nominees are reviewed in the context of the current composition of the Board, the operating requirements of the Company and the long-term interests of stockholders. In conducting this assessment, the Nominating and Corporate Governance Committee typically considers diversity, age, skills, such as an understanding of the biotechnology and pharmaceuticals industries, and such other factors as it deems appropriate, given the current needs of the Board and

the Company, to maintain a balance of knowledge, experience and capability.

In the case of incumbent directors whose terms of office are set to expire, the Nominating and Corporate Governance Committee reviews these directors' overall service to the Company during their terms, including the number of meetings attended, level of participation, quality of performance and any other relationships and transactions that might impair the directors' independence. The Committee also takes into account the results of the Board's self-evaluation, conducted annually. In the case of new director candidates, the Nominating and Corporate Governance Committee also determines whether the nominee is independent for Nasdaq purposes, which determination is based upon applicable Nasdaq listing standards, applicable SEC rules and regulations and the

advice of counsel, if necessary. The Nominating and Corporate Governance Committee uses its network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. The Nominating and Corporate Governance Committee conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the Board. The Nominating and Corporate Governance Committee meets to discuss and consider the candidates' qualifications and then selects a nominee for recommendation to the Board by majority vote.

The Nominating and Corporate Governance Committee will consider properly submitted stockholder recommendations for director candidates. The Nominating and Corporate Governance Committee does not intend to alter the manner in which it evaluates candidates, including the minimum criteria set forth above, based on whether or not the candidate was recommended by a stockholder. Stockholders who wish to recommend individuals for consideration by the Nominating and Corporate Governance Committee to become nominees for election to the Board may do so by delivering a written recommendation to the Nominating and Corporate Governance Committee at the following address: Cara Therapeutics, Inc., 4 Stamford Plaza, 107 Elm Street, 9th Floor, Stamford, CT 06902, Attention: Board of Directors, at least 120 days prior to the anniversary date of the mailing of the Company's proxy statement for the last Annual Meeting of Stockholders. Submissions must include the full name, age and address of the proposed nominee, a description of the proposed nominee's business experience for at least the previous five years, complete biographical information, a description of the proposed nominee's qualifications as a director and a representation that the nominating stockholder is a beneficial or record holder of the Company's stock and has been a holder for at least one year. Any such submission must be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a director if elected. Stockholders are also advised to review the Company's Bylaws, which contain additional requirements with respect to advance notice of stockholder proposals and director nominations.

Stockholder Communications with the Board of Directors

The Company's Board of Directors has adopted a formal process by which stockholders may communicate with the Board or any of its directors. This information is available on the Company's website at www.caratherapeutics.com in the News & Investors section under Corporate Governance.

Code of Ethics and Business Conduct

The Company's Board of Directors has adopted a Code of Business Conduct and Ethics that applies to all officers, directors and employees of the Company. The Code of Business Conduct and Ethics is available on the Company's website at www.caratherapeutics.com in the News & Investors section under Corporate Governance. If the Company makes any substantive amendments to the Code of Business Conduct and Ethics or grants any waiver from a provision of the Code to any executive officer or director, the Company will promptly disclose the nature of the amendment or waiver on its website.

Corporate Governance Guidelines

The Company's Board of Directors has adopted Corporate Governance Guidelines to assure that the Board will have the necessary authority and practices in place to review and evaluate the Company's business operations as needed and to make decisions that are independent of the Company's management. The guidelines are also intended to align the interests of directors and management with those of the Company's stockholders. The Corporate Governance Guidelines set forth the practices the Board intends to follow with respect to board composition and selection, board meetings and involvement of senior management, Chief Executive Officer performance evaluation and succession planning, and board committees and compensation. The Corporate Governance Guidelines, as well as the charters for

each committee of the Board, may be viewed at www.caratherapeutics.com in the News & Investors section under Corporate Governance.

Table of Contents**PROPOSAL 2****RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of the Board of Directors has selected Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2018 and has further directed that management submit the selection of its independent registered public accounting firm for ratification by the stockholders at the Annual Meeting. In 2006, Ernst & Young LLP first audited the Company's financial statements, which included the financial statements for the period from May 2004 (inception) to December 31, 2004 and the year ended December 31, 2005. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither the Company's Bylaws nor other governing documents or law require stockholder ratification of the selection of Ernst & Young LLP as the Company's independent registered public accounting firm. However, the Audit Committee of the Board is submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee of the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee of the Board in its discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote on the matter at the annual meeting will be required to ratify the selection of Ernst & Young LLP. Abstentions will be counted towards the vote total, and will have the same effect as "Against" votes. Broker non-votes have no effect and will not be counted towards the vote total.

Pre-Approval Policies and Procedures

The Audit Committee has adopted a policy and procedures for the pre-approval of audit and non-audit services rendered by the Company's independent registered public accounting firm, Ernst & Young LLP. The policy generally pre-approves specified services in the defined categories of audit services, audit-related services and tax services up to specified amounts. Pre-approval may also be given as part of the Audit Committee's approval of the scope of the engagement of the independent auditor or on an individual, explicit, case-by-case basis before the independent auditor is engaged to provide each service. The pre-approval of services may be delegated to one or more of the Audit Committee's members, but the decision must be reported to the full Audit Committee at its next scheduled meeting.

Executive Employment Arrangements and Potential Payments upon Termination or Change in Control

In February 2014, we entered into an employment agreement with Dr. Chalmers following the completion of our initial public offering. Such employment agreement superseded any prior offer letter we had previously entered into with this executive officer. In December 2014, we entered into an employment agreement with Dr. Stauffer. In August 2017, we entered into an employment agreement with Dr. Mohindru. Under these employment agreements, the executive officers' respective initial annual salaries and target annual bonuses are subject to review and adjustment from time to time by the Board of Directors in its sole discretion. For the years ended December 31, 2017, 2016 and 2015, the executive officers' respective annual salaries and target annual bonuses were:

|--------------------------|-----------------------------|-----------------------------|-----------------------------|---|
| Dr. Chalmers | \$ 526,300 | \$ 511,000 | \$ 475,000 | 50% |

| Dr. Stauffer | \$ 426,400 | \$ 414,000 | \$ 400,000 | 40% |

Under these employment agreements, each executive officer is eligible for severance benefits in specified circumstances. Under the terms of the agreements, upon execution and effectiveness of a general release of claims, each executive officer will be entitled to severance payments if we terminate his or her employment without cause, or in the case of Dr. Chalmers and Dr. Stauffer, the employee terminates employment with us for good reason. The following definitions have been adopted in these employment agreements:

cause means that we have determined in our sole discretion that any of the following occurred: (a) the executive officer's commission of a felony; (b) the executive officer's act or omission constituting dishonesty, fraud, immoral, or disreputable conduct that causes material harm to us; (c) the executive officer's violation of a company policy that causes material harm to us; (d) the executive officer's material breach of the employment agreement, or of any provision of any other agreement between the executive officer and us which, if curable, is not cured within 30 days after notice thereof is given to the executive officer, or (e) the executive officer's breach of fiduciary duty;

good reason means any of the following without the executive officer's prior written consent: (a) the assignment to the executive officer of duties or responsibilities that would result in the material diminution of the executive officer's then-current position, with the exception of certain situations involving the acquisition of us; (b) a reduction of the executive officer's annual base salary by greater than 30%, except in a situation in which the base salaries of other similarly situated employees are accordingly reduced; or (c) any request that the executive officer relocate to a new principal base of operations that would increase the executive officer's one-way commute distance by more than 100 miles, unless the executive officer accepts the relocation opportunity.

change in control means any of the following: (a) any person becomes the owner, directly or indirectly, of securities representing more than 50% of our combined voting power other than through a merger, consolidation or similar transaction, subject to specified exceptions; (b) a merger or consolidation, unless the holders of our outstanding voting stock immediately prior to such transaction own, immediately after such transaction, securities representing more than 50% of our voting power or other entity surviving such transaction, subject to specified exceptions; (c) a sale, lease, exclusive license or other disposition of all or substantially all of our assets, other than the transfer of our assets to an entity of which our stockholders own more than 50% of the voting power, subject to specified exceptions; or (d) the directors at the time of our initial public offering, or the incumbent board, cease to constitute at least a majority of the Board of Directors, provided, that new directors that are approved or recommended by the majority of the incumbent board will be considered to be a member of the incumbent board for this purpose.

These employment agreements also provide for the full acceleration of any then unvested equity awards held by each executive officer upon a change of control.

Table of Contents

The following table summarizes the schedule of severance payments and acceleration of unvested equity awards our executive officers would receive in the event of a qualifying termination:

| Scenario and Executive | Salary ⁽¹⁾ | Payment of Employer Health Insurance Continuation ⁽¹⁾ | Bonus ⁽¹⁾ | Acceleration of Unvested Equity Awards |

- (1) Subject to the execution of a general release by the relevant executive officer, on the 60th day following termination without cause or, in the case of Dr. Chalmers and Dr. Stauffer, resignation for good reason, we will pay such payments relating to base salary, target bonus and health insurance premiums in a lump sum that the executive officer would have received on or prior to such date under the original schedule (less applicable withholdings and deductions), with the balance of such payments being paid as originally scheduled.
- (2) The executive officer will receive accelerated vesting of all of his or her then unvested equity awards, if any, as a result of the change in control.

401(k) Plan

The Company maintains the Cara Therapeutics Savings and Retirement 401(k) Plan, or the 401(k) Plan, a tax-qualified retirement plan that provides eligible U.S. employees with an opportunity to save for retirement on a tax advantaged basis. All eligible employees receive an employer contribution equal to 3% of their salary up to the annual Internal Revenue Code limit. In addition, eligible employees are able to defer eligible compensation subject to applicable annual Internal Revenue Code limits. Pre-tax contributions are allocated to each participant's individual account and are then invested in selected investment alternatives according to the participant's directions. Contributions that the Company may make are subject to a vesting schedule; employees are immediately and fully vested in their contributions. The 401(k) Plan is intended to qualify under Sections 401(a) and 501(a) of the Code. As a tax-qualified retirement plan, contributions to the 401(k) Plan and earnings on those contributions are not taxable to the employees until distributed from the 401(k) Plan and all contributions are deductible by the Company when made.

Indemnification Agreements with Executive Officers and Directors

The Company's amended and restated certificate of incorporation limits the liability of directors to the maximum extent permitted by Delaware law. Delaware law provides that directors of a corporation will not be personally liable for monetary damages for breach of their fiduciary duties as directors, except for liability for any:

breach of their duty of loyalty to the corporation or its stockholders;

act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;

unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the Delaware General Corporation Law; or

transaction from which the directors derived an improper personal benefit.

Table of Contents

The Company's amended and restated certificate of incorporation does not eliminate a director's duty of care and, in appropriate circumstances, equitable remedies, such as injunctive or other forms of non-monetary relief, remain available under Delaware law. These limitations also do not affect a director's responsibilities under any other laws, such as the federal securities laws or other state or federal laws. The Company's amended and restated bylaws provide that it will indemnify its directors and executive officers, and may indemnify other officers, employees and other agents, to the fullest extent permitted by law. The Company's amended and restated bylaws also provide that the Company is obligated to advance expenses incurred by a director or officer in advance of the final disposition of any action or proceeding and also permit the Company to secure insurance on behalf of any officer, director, employee or other agent for any liability arising out of his or her actions in connection with their services to the Company, regardless of whether our amended and restated bylaws permit such indemnification. The Company has obtained a directors' and officers' liability insurance policy.

The Company has entered, and intends to continue to enter, into separate indemnification agreements with its directors and executive officers, in addition to the indemnification provided for in its amended and restated bylaws. These agreements, among other things, require the Company to indemnify its directors and executive officers for certain expenses, including attorneys' fees, judgments, fines and settlement amounts incurred by a director or executive officer in any action or proceeding arising out of their services as one of the Company's directors or executive officers, or any of its subsidiaries or any other company or enterprise to which the person provides services at the Company's request. The Company believes that these bylaw provisions and indemnification agreements are necessary to attract and retain qualified persons as directors and officers.

The limitation of liability and indemnification provisions in the Company's amended and restated certificate of incorporation and amended and restated bylaws may discourage stockholders from bringing a lawsuit against directors for breach of their fiduciary duties. They may also reduce the likelihood of derivative litigation against directors and officers, even though an action, if successful, might benefit the Company and its stockholders. A Stockholder's investment may be harmed to the extent the Company pays the costs of settlement and damage awards against directors and officers pursuant to these indemnification provisions.

At present, there is no pending litigation or proceeding involving any of the Company's directors or executive officers as to which indemnification is required or permitted, and the Company is not aware of any threatened litigation or proceeding that may result in a claim for indemnification.

Compensation Committee Interlocks and Insider Participation

None of the current members of the Compensation Committee has at any time during the past three years been one of the Company's officers or employees. None of the Company's executive officers currently serves or in the prior three years has served as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on the Board or Compensation Committee.

- (1) This column includes the annual fees paid to all non-employee directors for their service on the Board of Directors as well as for their committee membership and chairmanship. See Information Regarding the Board of Directors and its Committees Information Regarding Committees of the Board of Directors above for more information regarding committee membership.
- (2) The amounts disclosed in this column represent the aggregate grant date fair value of the stock options granted, computed in accordance with FASB ASC Topic 718, using the valuation methodology for equity awards set forth in Note 12 of our financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2017. The options granted to Mr. Vogelbaum, Mr. Slagel, Dr. Ives and Mr. Bains have an exercise price per share of \$19.50 and were granted on June 21, 2017 in connection with our 2017 Annual Meeting of Stockholders.

The options described in the table above vest on the one-year anniversary of the grant date, subject to the director's continued service as a director through such date. As of December 31, 2017, 63,500 stock options were held by each of our non-employee directors, of which 48,500 were vested and immediately exercisable.

Directors who are also full-time officers or employees of Cara do not receive any additional compensation for serving as directors. Therefore, Dr. Chalmers, the Company's Chief Executive Officer and a director of the Company, does not receive any additional compensation for his service as a director. Dr. Chalmers' compensation as an executive officer is set forth above under Compensation of Named Executive Officers 2017 Summary Compensation Table.

In January 2014, our Board of Directors approved a non-employee director compensation policy which became effective upon the completion of the Company's initial public offering. In March 2016, the Board of Directors, upon recommendation of the Compensation Committee, adjusted the compensation payable under the policy, effective as of January 1, 2016, to bring the cash and equity compensation in line with the non-employee director compensation of a peer group of companies.

Under our director compensation policy, we will pay each of our non-employee directors a cash retainer for service on our Board of Directors and for service on each committee on which the director is a member. These retainers are payable in arrears in four equal quarterly installments on the last day of each quarter, provided that the amount of such payment will be prorated for any portion of such quarter that the director is not serving on our Board of Directors. The retainers paid during 2017 to non-employee directors for service on our Board of Directors and for service on each committee of our Board of Directors on which the director is a member were as follows:

Table of Contents

| | Member Annual Service Retainer | Chairman Additional Annual Service Retainer |
|--|---|--|
| Board of Directors | \$ 35,000 | \$ 20,000 ⁽¹⁾ |
| Audit Committee | \$ 7,500 | \$ 7,500 |
| Compensation Committee | \$ 5,000 | \$ 7,000 |
| Nominating and Corporate Governance Committee | \$ 3,750 | \$ 4,250 |

(1) During the year ended December 31, 2017, the Company's Board of Directors had a Lead Independent Director rather than a Chairman. For the year ended December 31, 2017, the Lead Independent Director received an additional retainer of \$20,000.

The Company also reimburses its non-employee directors for reasonable travel and out-of-pocket expenses incurred in connection with attending the Company's Board of Directors and committee meetings. In addition, under the Company's director compensation policy, upon initial election to the Board of Directors, each non-employee director will receive an option to purchase 30,000 shares with an exercise price equal to the fair market value of the Company's common stock on the date of grant. Such option vests concurrently with the expiration of the initial term of office for the class in which such director serves, subject to the director's continued service as a director through such date. Further, on the date of each annual meeting of stockholders, each non-employee director that continues to serve as a non-employee member on the Company's Board of Directors will receive an option to purchase 15,000 shares of the Company's common stock with an exercise price equal to the fair market value of the Company's common stock on the date of grant. Such option will vest on the first year anniversary of the date of grant, subject to the director's continued service as a director through such vesting date.

This policy is intended to provide a total compensation package that enables the Company to attract and retain qualified and experienced individuals to serve as directors and to align the Company's directors' interests with those of the Company's stockholders.

The 2004 Plan provides for the grant to the Company's officers, directors, employees, consultants and advisors of incentive and nonqualified stock options to purchase its common stock, and also provides for the outright issuance of its common stock through restricted share awards. Since the effectiveness of the 2014 Plan in January 2014, no further awards have been allowed to be granted under the 2004 Plan.

Related Person Transactions Policy and Procedures

In 2014, the Company adopted a written Related-Person Transactions Policy that sets forth the Company's policies and procedures regarding the identification, review, consideration and approval or ratification of related-persons transactions. For purposes of the Company's policy only, a related-person transaction is a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which the Company and any related person are participants involving an amount that exceeds \$120,000. Transactions involving compensation for services provided to the Company as an employee, director, consultant or similar capacity by a related person are not covered by this policy. A related person is any executive officer, director, or more than five-percent stockholder of the Company, including any of their immediate family members, and any entity owned or controlled by such persons.

Under the policy, where a transaction has been identified as a related-person transaction, management must present information regarding the proposed related-person transaction to the Audit Committee (or, where Audit Committee approval would be inappropriate, to another independent body of the Board) for consideration and approval or ratification. The presentation must include a description of, among other things, the material facts, the interests, direct and indirect, of the related persons, the benefits to the Company of the transaction and whether any alternative transactions were available. To identify related-person transactions in advance, the Company relies on information supplied by its executive officers, directors and certain significant stockholders. In considering related-person transactions, the Committee takes into account the relevant available facts and circumstances including, but not limited to (a) the risks, costs and benefits to the Company, (b) the impact on a director's independence in the event the related person is a director, immediate family member of a director or an entity with which a director is affiliated, (c) the terms of the transaction, (d) the availability of other sources for comparable services or products and (e) the terms available to or from, as the case may be, unrelated third parties or to or from employees generally. In the event a director has an interest in the proposed transaction, the director must recuse himself or herself from the deliberations and approval. The policy requires that, in determining whether to approve, ratify or reject a related-person transaction, the Committee consider, in light of known circumstances, whether the transaction is in, or is not inconsistent with, the best interests of the Company and its stockholders, as the Committee determines in the good faith exercise of its discretion.

Certain Related Person Transactions

There were no transactions since January 1, 2017 in which the Company has participated in which the amount exceeded or will exceed \$120,000, and in which any of the Company's directors, executive officers or holders of more than five-percent of its capital stock or any members of their immediate family had or will have a direct or indirect material interest, other than compensation arrangements which are described under Executive Compensation and Director Compensation.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for Notices of Internet Availability of Proxy Materials or other Annual Meeting materials with respect to two or more stockholders sharing the same address by delivering a single Notice of Internet Availability of Proxy Materials or other Annual Meeting materials addressed to those stockholders. This process, which is commonly referred to as householding, potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are Cara stockholders will be householding the Company's proxy materials. A single Notice of Internet Availability of Proxy Materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate Notice of Internet Availability of Proxy Materials, please notify your broker or Cara. Direct your written request to Cara Therapeutics, Inc., Scott Terrillion, Corporate Secretary, 4 Stamford Plaza, 107 Elm Street, 9th Floor, Stamford, CT 06902, or you may call (203) 406-3700. Stockholders who currently receive multiple copies of the Notices of Internet Availability of Proxy Materials at their addresses and would like to request householding of their communications should contact their brokers.
