Page 9 of 37

Q: Who is entitled to vote?

A: Shareholders as of the close of business on March 17, 2006 (the **Record Date**) are entitled to vote. Each Common Share is entitled to one vote on those items of business identified in the Notice of Meeting.

If you acquired your shares after the Record Date, please refer to the answer to the question **What if ownership of shares has been transferred after March 17, 2006?** to determine how you may vote such shares.

Q: How do I vote?

A: There are two ways you can vote your shares if you are a registered shareholder. You may vote in person at the Meeting or **you may sign the enclosed form of proxy appointing the named persons or some other person you choose, who need not be a shareholder, to represent you as proxyholder and vote your shares at the Meeting.** If your shares are held in the name of a nominee, please refer to the answer to the question **If my shares are not registered in my name but are held in the name of a nominee (a bank, trust company, securities broker, trustee or other), how do I vote my shares?** to determine how you may vote your shares.

Q: What if I plan to attend the Meeting and vote in person?

A: If you are a registered shareholder and plan to attend the Meeting on May 4, 2006 and wish to vote your shares in person at the Meeting, do not complete or return the form of proxy. Your vote will be taken and counted at the Meeting. Please register with the transfer agent, Computershare Investor Services Inc., upon arrival at the Meeting. If your shares are held in the name of a nominee and you wish to attend the Meeting, refer to the answer to the question **If my shares are not registered in my name but are held in the name of a nominee (a bank, trust company, securities broker, trustee or other), how do I vote my shares?** for voting instructions.

Q: Who is soliciting my proxy?

Edgar Filing: KINGSWAY FINANCIAL SERVICES INC - Form 6-K

A: **The enclosed form of proxy is being solicited by management of Kingsway Financial Services Inc.** and the associated costs will be borne by the Corporation. The solicitation will be made primarily by mail but may also be made by the telephone, in writing or in person by the employees of the Corporation and/or Computershare Investor Services Inc.

Q: What happens if I sign the form of proxy enclosed with this Circular?

A: Signing the enclosed form of proxy gives authority to F. Michael Walsh, or failing him, William G. Star, the lead director and the President of the Corporation respectively, or to another person you have appointed, to vote your shares at the Meeting.

Q: Can I appoint someone other than these representatives to vote my shares?

A: Yes. **Write the name of this person, who need not be a shareholder, in the blank space provided in the form of proxy.** It is important to ensure that any other person you appoint is attending the Meeting and is aware that he or she has been appointed to vote your shares. Proxyholders should, upon arrival at the Meeting, present themselves to a representative of Computershare Investor Services Inc.

Q: What do I do with my completed proxy?

A: Return it to the Corporation's transfer agent, Computershare Investor Services Inc., in the envelope provided, at Computershare Investor Services Inc., Proxy Department, 100 University Avenue, 9th Floor, Toronto, Ontario M5J 2Y1, or by fax to 1-866-249-7775, so that it arrives no later than 4:00 p.m. (Toronto time) on May 2, 2006. This will ensure that your vote is recorded.

Page 10 of 37

Q: If I change my mind, can I take back my proxy once I have given it?

A: Yes. If you change your mind and wish to revoke your proxy, prepare a written statement to this effect. The statement must be signed by you or your attorney as authorized in writing or, if the shareholder is a corporation, signed under its corporate seal or by a duly authorized officer or attorney of the corporation. This statement must be delivered either to the head office of the Corporation no later than 4:00 p.m. (Toronto time) on May 3, 2006 or to the Chairman on the day of the Meeting, May 4, 2006, or any adjournment of the Meeting, prior to the time of voting.

Q: How will my shares be voted if I give my proxy?

A: On the form of proxy, you can indicate how you want your proxyholder to vote your shares, or you can let your proxyholder decide for you. If you have specified on the form of proxy how you want your shares to be voted on a particular issue, then your proxyholder must vote your shares accordingly. If you have not specified on the form of proxy how you want your shares to be voted on a particular issue, then your proxyholder can vote your shares as he or she sees fit. **In the absence of such directions, however, your shares will be voted in favour of the election of directors to the Board and the appointment of auditors.**

Q: What if amendments are made to these matters or if other matters are brought before the Meeting?

A: **The persons named in the form of proxy will have discretionary authority with respect to amendments or variations to matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting.**

As of the date of this Circular, management of the Corporation knows of no such amendment, variation or other matter expected to come before the Meeting. If any other matters properly come before the Meeting, the persons named in the form of proxy will vote on them in accordance with their best judgement.

Q: How many shares are entitled to vote?

A: As of March 17, 2006, there were 56,436,154 Common Shares outstanding. Each registered shareholder has one vote for each Common Share held at the close of business on March 17, 2006.

Q: What if ownership of shares has been transferred after March 17, 2006?

A: The person who acquired such shares after March 17, 2006 must produce properly endorsed share certificates or otherwise establish that he or she owns the shares and must ask the Corporation no later than 4:00 p.m. (Toronto time) on April 24, 2006 that his or her name be included in the list of shareholders before the Meeting in order to be entitled to vote these shares at the Meeting.

Q: How will the votes be counted?

A: Each question brought before the Meeting is determined by a majority of votes cast on the question. In the case of equal votes, the Chairman of the Meeting is not entitled to a second or casting vote.

Q: Who counts the votes?

A: The Corporation's transfer agent, Computershare Investor Services Inc., counts and tabulates the proxies. This is done independently of the Corporation to preserve the confidentiality of individual shareholder votes. Proxies are referred to the Corporation only in cases where a shareholder clearly intends to communicate with management or when it is necessary to do so to meet the requirements of applicable law.

Q: If I need to contact the transfer agent, how do I reach them?

A: You can contact the transfer agent as follows:

Q: If my shares are not registered in my name but are held in the name of a nominee (a bank, trust company, securities broker, trustee or other), how do I vote my shares?

A: There are two ways you can vote your shares held by your nominee. Unless you have previously informed your nominee that you do not wish to receive material relating to the Meeting, you will have received this Circular from your nominee, together with a request for voting instructions for the number of shares you hold.

There are two kinds of beneficial owners – those who object to their name being made known to the issuer of securities which they own (called OBOs for Objecting Beneficial Owners) and those who do not object to the issuers of the securities they own knowing who they are (called NOBOs for Non-Objecting Beneficial Owners).

NOBOs can expect to receive a scannable Voting Instruction Form (VIF) from our Transfer Agent, Computershare Investor Services Inc. (or Computershare Investor Services Inc. as the case might be) (Computershare). These VIFs are to be completed and returned to Computershare in the envelope provided or by facsimile. In addition, Computershare provides both telephone voting and internet voting as described on the VIF itself which contain complete instructions. Computershare will tabulate the results of the VIFs received from NOBOs and will provide appropriate instructions at the Meeting with respect to the shares represented by the VIFs they receive.

These shareholders materials are being sent to both registered and non-registered owners of the securities. If you are a non-registered owner, and the Corporation or its agents sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf. By choosing to send these materials to you directly, the Corporation (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

If you are an OBO, for your shares to be voted for you, please follow the voting instructions provided by your nominee. If you are a non-registered shareholder who has voted and want to change your mind and vote in person, contact your nominee to discuss whether this is possible and what procedure to follow.

If you are a NOBO or an OBO and wish to attend and vote your shareholdings at the Meeting, the Corporation will have no record of your shareholdings or of your entitlement to vote unless your nominee has appointed you as proxyholder. Therefore, if you wish to vote in person at the Meeting, insert your own name in the space provided on the voting instruction form sent to you by your nominee. Then sign and return the voting instruction form by following the signing and returning instructions provided by your nominee. By doing so, you are instructing your nominee to appoint yourself as proxyholder. Do not otherwise complete the voting instruction form as your vote will be taken at the Meeting. Please register with the transfer agent, Computershare Investor Services Inc., upon arrival at the Meeting.

The Canadian securities regulatory authorities have adopted National Instrument 58-101 Disclosure of Corporate Governance Practices (**NI 58-101**), which requires disclosure of the approach of the Corporation to corporate governance, and National Policy 58-201 Corporate Governance Guidelines (**NP 58-201**), which provides guidance on corporate governance practices, and in the U.S., the United States *Sarbanes-Oxley Act of 2002* (**SOX**) as well as the NYSE listing standards and corporate governance requirements (the **NYSE Provisions**) require similar disclosure.

A detailed description of the Corporation's governance practices is provided in Schedule A to this Circular. The following are reports of Board committees which summarise the mandates and activities of each committee.

The Audit Committee Charter can be found as Appendix I of the Corporation's 2005 Annual Information Form dated March 31, 2006 and additional information about the Audit Committee can be found under the heading Audit Committee Information in the same document.

Under its charter, the Audit Committee's primary duties and responsibilities are:

In carrying out its duties and responsibilities, the Audit Committee is required to perform the following tasks:

Review Procedures

reviewing the Corporation's quarterly financial results and related documents prior to the release of earnings and/or the Corporation's quarterly financial statements prior to filing and consideration by the full Board;

External Auditors and Actuaries

reviewing the independence and performance of the external auditors and actuaries and annually recommending to the Board the appointment of the external auditors and actuaries or approving any discharge of external auditors or actuaries when circumstances warrant;

approving the appointment, compensation and work carried out by the external auditors, including the provision of both audit related and non-audit related services;

reviewing and discussing annually with the external auditors all significant relationships they have with the Corporation that could impair the auditors' independence;

reviewing the external auditors' audit plan discussing and approving audit scope, staffing, locations, reliance upon management and general audit approach;

Internal Audit and Legal Compliance

reviewing significant internal audit reports together with management's response and following-up these reports;

reviewing at least annually with the Corporation's counsel any legal matters that could have a significant impact on the Corporation's financial statements, its compliance with applicable laws and regulations, and inquiries received from regulators or governmental agencies;

Other Audit Committee Responsibilities

annually assessing the effectiveness of the Committee against its charter and reporting the results of the assessment to the Board;

establishing, reviewing, and updating periodically the Corporation's Code of Business Conduct and Ethics and the supplemental Code of Ethics for Senior Officers adopted in response to the NYSE Provisions and ensuring that management has established a system to enforce these Codes;

reviewing financial and accounting personnel succession planning within the Corporation; and

annually reviewing a summary of directors' and officers' related party transactions and potential conflicts of interest.

In addition to the above, during 2005 the Audit Committee reviewed the progress of the Corporation with respect to its preparedness for compliance with Section 404 of SOX, approved changing the currency of the Corporation's financial reporting to U.S. dollars, approved a record retention policy and reviewed third party security assessments related to the integrity of the Corporation's data.

The Audit Committee reviewed all related party transactions between the Corporation and its subsidiaries and the officers and directors of the Corporation. The Committee determined that there were no related party transactions that required disclosure under any securities laws other than commissions of approximately \$91,540 paid by a cruise ship operator to a corporation owned by the spouse of the President and Chief Executive Officer for a cruise sponsored by the Corporation for select brokers.

Page 14 of 37

The Audit Committee's charter requires all Committee members satisfy the applicable independence requirements of the NYSE Provisions, MI 52-110 and all other regulatory requirements. During the fiscal year of the Corporation ending December 31, 2005, the Committee was comprised of Messrs. Atkins, Di Giacomo and Walsh, each of whom met the independence and the financial literacy requirements of MI 52-110 and the NYSE Provisions. On February 8, 2006, the Audit Committee was expanded to four members and Walter E. Farnam was appointed as a member of the Audit Committee. The Board had determined that Mr. Atkins is an audit committee financial expert as contemplated by the NYSE Provisions.

The Committee is satisfied that it appropriately fulfilled its mandate during the year ending December 31, 2005.

Report of the Compensation and Management Resources Committee

Mandate and Activities of the Compensation and Management Resources Committee

The Compensation and Management Resources Committee formally adopted its charter in 2002. This charter was reviewed and amended in 2004. Under its charter, the primary purposes of the Committee are:

Edgar Filing: KINGSWAY FINANCIAL SERVICES INC - Form 6-K

to assist the Board in discharging its responsibilities in respect of compensation of the Corporation's executive officers, including setting salary and annual bonus levels for the Corporation's senior executive officers as well as overseeing the senior staff bonus plans, subject to the approval of the Board;

to produce an annual report for inclusion in the Corporation's information circular on executive compensation;

to provide recommendations to the Board in connection with directors' compensation; and

to provide recommendations to the Board in connection with succession planning for senior management of the Corporation.

In carrying out its primary purposes, the Committee is required to perform the following work:

developing guidelines and approving corporate goals relevant to the compensation of the Chief Executive Officer, evaluating the Chief Executive Officer's performance in light of these goals and objectives, recommending to the Board the Chief Executive Officer's compensation based on this evaluation, and producing an annual report on executive compensation for inclusion in the Corporation's management information circular, in accordance with applicable rules and regulations;

reviewing the annual performance evaluations of all senior officers of the Corporation and its insurance subsidiaries;

making recommendations to the Board with respect to incentive-compensation plans and equity-based plans, and establishing criteria for the granting of options to the Corporation's officers and other employees and reviewing and approving the granting of options in accordance with such criteria;

developing plans for managerial succession of the Corporation;

reviewing director compensation levels and practices, and recommending, from time to time, changes in such compensation levels and practices to the Board; and

reviewing and reassessing the adequacy of its charter and recommending any proposed changes to the Board for approval.

Page 15 of 37

During 2004, the Committee reviewed and amended the bonus plans for each category applicable to employees of the Corporation and its subsidiaries. All subsidiary bonus plans now include a component which is based upon the increase in year-to-year underwriting profit earned by the particular subsidiary at which the individual is employed. In addition, all bonus plans now provide that a portion of an individual's bonus must relate to or only be earned upon the achievement of personal goals established at the beginning of the year. The amendments also increase the maximum cash bonus available under certain incentive plans. These amendments became effective in 2005.

In 2005, Committee engaged Mercer Human Resource Consulting (**Mercer**) to gather information and opine on the Corporation's compensation practices versus comparable businesses. Mercer conducted a review of both director compensation and senior executive compensation. The Committee considered the report in making compensation recommendations to the Board.

The Committee's charter requires that Committee members satisfy the applicable independence requirements of NI 58-101, NP 58-201 and other regulatory requirements. At the commencement of 2005, the Committee was comprised of Messrs. Beamish, Di Giacomo and Gluckstein and in June, 2005, the Committee was increased to four members and Walter E. Farnam was appointed a member. Each member of the Compensation and Human Resources Committee met the independence requirements of NI 58-101, NP 58-201 and the NYSE Provisions.

Report on Executive Compensation

Compensation Philosophy

The Corporation's executive officer compensation plans are intended to provide an appropriate overall compensation package that will permit the Corporation to attract and retain highly qualified and experienced senior executive officers and to encourage superior performance by the Corporation. The Corporation's compensation policies are intended to motivate individuals to achieve results at the specific subsidiary at which they are employed as well as compensation based upon overall corporate results. In addition, the Corporation believes that directors, officers and employees should have their benefits aligned with both the short and long term interests of the shareholders. Among other things, the Board

encourages equity ownership by executive officers.

The compensation of the Corporation's executive officers is comprised of three components: base salary, annual cash bonus, and long-term incentive in the form of stock options. It is structured to be competitive with a select group of comparative North American insurance companies. A portion of the annual cash bonus is directly related to the overall performance of the Corporation with respect to the return on equity of the Corporation.

The Corporation strongly believes that annual incentives and stock options play an important role in increasing shareholder value. Cash bonuses and stock options are directly related to the overall performance of the Corporation, the performance of the particular subsidiary at which the individual is employed and the individual's contribution to such performance. The modifying factors and their respective weight are reviewed by the Compensation and Management Resources Committee.

Base Salary

The base salary for the President and Chief Executive Officer and each Named Executive Officer set out on pages 15 and 16 is reviewed annually by the Compensation and Management Resources Committee within the context of individual and corporate performance and market competitiveness. The market assessment is based primarily on a review of compensation practices for similar insurance companies for comparable positions, taking into consideration the size, complexity and incumbent experience.

Stock Options

The purpose of the Corporation's stock option plan (the **Stock Option Plan**) is to develop the interest and incentive of eligible employees, officers and directors in the Corporation's growth and development by giving an opportunity to purchase Common Shares on a favorable basis, thus advancing the interests of the Corporation by enhancing the value of the Common Shares for the benefit of all shareholders and increasing the ability of the Corporation to attract and retain skilled and motivated individuals.

Page 16 of 37

Stock options are granted in accordance with the Stock Option Plan approved by the shareholders at not less than the closing price of the Common Shares on the business day immediately prior to the effective date of grant particularly in light of the fact that the Corporation has no pension plan for its executives. The number of stock options to be granted to directors (other than directors who are employees or officers of the Corporation or its subsidiaries) is limited to not more than 5,000 per annum.

President and Chief Executive Officer

The Compensation and Management Resources Committee believes that Mr. Star provides leadership for the Corporation and its subsidiaries in various areas which are integral to the Corporation's success including, business development, strengthening of claims management, establishing policies to underwrite risks only where premium is adequate, maintaining good lines of communication with the investor community and with regulators and other management processes. In making their compensation decision, the Committee considered these factors, the report prepared by Mercer and the business performance and anticipated future performance of the Corporation. As well, particularly in light of the fact that the Corporation has no pension plan for its executives, the Committee was of the view that the President's overall compensation was lower than that for Presidents and Chief Executive Officers of similarly sized insurers.

The President and Chief Executive Officer's compensation consists of a base salary, an annual cash bonus and various perquisites. In 2005, the base salary accounted for approximately 39% of all cash compensation paid to the President and Chief Executive Officer. Pursuant to the Corporation's bonus plan, bonus awards may be made to the President and Chief Executive Officer and other senior executives based upon several factors, including the Corporation's return on equity, the performance of the department with respect to which such senior executive has responsibility, and the achievement of stipulated individual goals of such senior executive. In 2005, the President and Chief Executive Officer was awarded a bonus equal to 95% of the maximum bonus available under the bonus structure.

The Corporation does not have an Executive Committee. The Board has established an Audit Committee, an Investment Committee, a Compensation and Management Resources Committee and a Nominating Committee, details of which are provided under the heading Statement of Corporate Governance Practices .

APPOINTMENT OF AUDITORS

Management recommends the re-appointment of KPMG LLP Chartered Accountants of Toronto, Ontario, the present auditors, as the auditors of the Corporation to hold office until the close of the next annual meeting of the shareholders. KPMG LLP has served as the Corporation's auditors continuously since 1989.

Audit Fees

The aggregate fees, including expenses reimbursed, billed by KPMG LLP for professional services rendered for the audit of the consolidated financial statements of the corporation and its subsidiaries, reporting in connection with the various securities offerings of the Corporation and for the reviews of the Corporation's quarterly financial statements were \$2,121,000 in fiscal year 2005 and \$2,064,000 in fiscal year 2004.

Page 28 of 37

Audit Related Fees

The aggregate fees, including expenses reimbursed, billed by KPMG LLP for services related to the audit or review the Corporation's financial statements were \$169,000 in fiscal year 2005 and \$467,000 in fiscal year 2004. This work primarily included advisory services on internal controls and French translation services in 2005, and in 2004 primarily appointed actuary services.

Tax Fees

The aggregate fees, including expenses reimbursed, billed by KPMG LLP for tax compliance, tax advice and tax planning services were \$245,000 in fiscal year 2005 and \$57,000 in fiscal year 2004. These services included analyses of various tax matters affecting the Corporation and its subsidiaries.

All Other Fees

The aggregate fees, including expenses reimbursed, billed by KPMG LLP for services rendered to the Corporation and its subsidiaries, other than the services described above, were \$2,000 in each of fiscal years 2005 and 2004 and these services were related to a subscription for online accounting research.

The Audit Committee Charter provides for the Audit Committee to establish the auditors' fees. Such fees have been based upon the complexity of the matters in question and the time incurred by the auditors. Management believes that the fees negotiated in the past with the auditors of the Corporation were reasonable in the circumstances and would be comparable to fees charged by other auditors providing similar services.

As discussed in the Report of the Audit Committee in this Circular, the Audit Committee has reviewed and considered whether the provision of services other than audit services is compatible with maintaining the auditors' independence. In 2004, the Audit Committee considered and pre-approved expenditure limits for the Corporation's auditors and established a system to review and pre-approve the provision of audit and non-audit services by the Corporation's auditors to ensure they are consistent with maintaining the auditor's independence. In 2005, all non-audit services were approved by the Audit Committee.

Shares represented by proxies in favour of the management nominees will be voted in favour of the appointment of KPMG LLP as auditors of the Corporation, unless a shareholder has specified in his proxy that his shares are to be withheld from voting on the appointment of auditors.

**REPLENISHMENT OF THE NUMBER OF COMMON SHARES
RESERVED FOR ISSUANCE UNDER THE STOCK OPTION PLAN**

The Corporation is proposing to amend the Stock Option Plan to replenish the number of treasury Common Shares available for issuance. Currently, the aggregate number of Common Shares available for issuance from treasury under the Stock Option Plan is limited to 4,800,000 Common Shares.

Edgar Filing: KINGSWAY FINANCIAL SERVICES INC - Form 6-K

There have been 1,814,447 Common Shares issued upon the exercise of options, thereby reducing the number of Common Shares currently available for issuance from treasury under the Stock Option Plan by this same amount. As at March 17, 2006, options to purchase an aggregate of 2,535,264 Common Shares were outstanding under the Stock Option Plan. Accordingly, as at March 17, 2006 only 450,289 Common Shares remain available for the grant of future options under the Stock Option Plan.

Shareholders will be asked to approve a resolution to replenish the Stock Option Plan by 1,814,447 Common Shares which represent the number of Common Shares issued upon the exercise of options up to March 17, 2006 (the **Replenishment**). If the Replenishment is approved by shareholders, as at March 18, 2006, options to purchase 2,535,264 Common Shares will be outstanding and options to purchase 2,264,736 Common Shares will remain unissued, for an aggregate of 4,800,000 Common Shares reserved for issuance from treasury under the Stock Option Plan. This replenishment will result in the aggregate of issued and outstanding options and unissued options representing approximately 8.5% of the Common Shares issued and outstanding.

Page 29 of 37

The Board believes that the Replenishment is in the best interests of the Company and unanimously recommends that shareholders vote in favour of the resolution approving the Replenishment. To be effective, the resolution approving the Replenishment must be passed by a majority of the votes cast in person or by proxy at the Meeting. Unless instructed in the form of proxy to the contrary, the persons named in the accompanying form of proxy intend to vote **FOR** the approval of the Replenishment.

APPROVAL

The contents and the sending of this Circular have been approved by the directors of the Corporation.

Management knows of no amendment, variation or other matter to come before the Meeting other than the matters referred to in the Notice. SCHEDULE A

CORPORATE GOVERNANCE PROCEDURES

The Canadian securities regulatory authorities have adopted National Instrument 58-101 Disclosure of Corporate Governance Practices (**NI 58-101**), which requires disclosure of the approach of the Corporation to corporate governance, and National Policy 58-201 Corporate Governance Guidelines (**NP 58-201**), which provides guidance on corporate governance practices, and in the U.S., the United States *Sarbanes-Oxley Act of 2002* (**SOX**) as well as the NYSE new listing standards and corporate governance requirements (the **NYSE Provisions**) require similar disclosure.

A detailed description of the Corporation's governance practices is provided in Schedule A to this Circular. The following are reports of Board committees which summarise the mandates and activities of each committee.

OVERVIEW OF CORPORATE GOVERNANCE PRACTICES

Assumption of Responsibilities by the Board of Directors

The Board, either directly or through Board committees, is responsible for management or supervision of management of the business and affairs of the Corporation with the objective of enhancing shareholder value. The roles and responsibilities of the Board and each of its committees are set out in formal written charters. These charters are reviewed annually to ensure they reflect the best practices as well as any applicable regulatory requirements. A report on the activities of each committee during 2005 is included on pages 7 to 13 of this Circular.

The Board participates fully in assessing and approving strategic plans and prospective decisions proposed by management. A significant portion of each regular Board meeting is devoted to strategic plans and opportunities available to the Corporation. Such discussions enable directors to gain a fuller appreciation of planning priorities and provides the opportunity for directors to give constructive feedback to management.

In order to ensure that the principal business risks borne by the Corporation are appropriate, the Board receives and comments on periodic reports from management of the Corporation's assessment and management of such risks. The Board considers risk issues and approves corporate policies addressing the management of the risk including the Corporation's underwriting disciplines, investment criteria for reserves, technology implementation and disaster planning. The Board also reviews the methods and procedures established by management with respect to the control of key risks.

The Board regularly monitors the financial performance of the Corporation, including receiving and reviewing detailed financial information contained in management reports. The Board, directly and through the Audit Committee, assesses the integrity of the Corporation's internal control and management information systems. As required by SOX, the Chief Executive Officer and Chief Financial Officer have provided certificates relating to the contents of the annual statutory reports and have evaluated and reported on the effectiveness of the Corporation's disclosure controls and procedures and any material changes to internal controls for financial reporting which has or may have a material impact on the Corporation's internal control over financial reporting.

Edgar Filing: KINGSWAY FINANCIAL SERVICES INC - Form 6-K

In 2002, the Board adopted a Disclosure Policy and established a Disclosure Policy Committee consisting of the Chief Executive Officer, the Executive Vice-President and the Secretary of the Corporation to determine among other things, the appropriateness and timing of the release of information with respect to developments at the Corporation. The policy establishes consistent guidelines for determining what information is material, how it is to be disclosed and, to avoid selective disclosure, making all material disclosures on a widely disseminated basis. The Corporation seeks to communicate with its shareholders and other stake holders through a variety of channels, including its annual report, quarterly reports, Annual Information Form, news releases, website, briefing sessions, group meetings and industry conferences.

The Board regularly receives reports regarding the training and monitoring of senior management of the Corporation and its subsidiaries. Input is received at meetings of the Audit Committee, the Compensation and Management Resources Committee and the Board regarding the performance of senior management. Both the Compensation and Management Resources Committee and the Board have specifically assumed responsibility for reviewing the performance of senior management.

Page 31 of 37

The Board meets at least four times each year, and more frequently as required. The frequency of meetings as well as the nature of the agenda items change depending on the state of the Corporation's affairs and in light of opportunities or risks which the Corporation faces from time to time. In 2005, the full Board met in person 8 times. See Executive Compensation Compensation of Directors for the attendance record of each director for all Board meetings and committee meetings during the fiscal year ended December 31, 2005.

Corporate Governance Principles

In 2002, the Board formally adopted a set of corporate governance principles. These principles provide guidelines on Board size, independence of Board members, nominating and orientation of new directors, retirement and resignation of Board members, conduct of Board meetings, conflicts of interest, share ownership by directors, compensation review, assessing Board and committee performance, interaction with third parties and confidentiality. The principles also required each of the Board committees to adopt a written charter approved by the Board, as well as set out minimum number of committee meetings.

In 2004, the Board explicitly delegated to the Audit Committee the obligation to periodically review and provide recommendations, from time to time, to ensure that the corporate financial reporting practices of the Corporation comply with the requirements of the Canadian Securities Administrators, the NYSE Provisions and all other securities law requirements.

Composition of the Board of Directors

NI 58-101 defines an independent director as one who has no direct or indirect material relationship with the Corporation. It further defines a material relationship as a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of a Board member's independent judgement. This Circular adopts such definitions.

NP 58-201 states that the board of directors of every corporation should have a majority of independent directors. Nine individuals are nominees proposed for election. Eight of the proposed nominees for director are independent. This determination was made by the directors after reviewing the direct and indirect relationships between the independent directors and the Corporation in light of NI 58-101 and the NYSE Provisions. In the case of Mr. Gluckstein and Mr. Reeve, it was determined that fees paid to the law firms in which they are partners would not constitute a material relationship which could, in the view of the board of directors, be reasonably expected to interfere with the exercise of such individuals' independent judgement. In the case of Mr. Atkins, it was determined that since he is an advisor to and not a partner of a law firm which earns fees from Kingsway and does not earn any share of the fees billed by the law firm, he does not directly or indirectly accept any fee from the Corporation other than the fees earned as a director. The only director nominee who is not independent is William G. Star, the President and Chief Executive Officer of the Corporation. At each regularly scheduled directors meeting the independent directors meet in a session at which non-independent directors and members of management are not in attendance. In addition, the independent directors held one additional meeting at which no members of management were present.

The Chair of the Board is William G. Star, the President and Chief Executive Officer of the Corporation. The Board has formally adopted the structure of Lead Director and has given that responsibility to F. Michael Walsh. The Lead Director's responsibilities include acting as liaison between the Board and the Chief Executive Officer and establishing, in consultation with the Chairman and Chief Executive Officer and the Board, procedures to govern the Board's performance. Further, the Lead Director ensures that the Board operates independently of management and that directors have an independent leadership contact. As part of his responsibilities, the Lead Director is responsible for obtaining peer reviews of the operation of the Board to obtain insight as to areas where the Board and its committees could be operating more effectively. The Lead Director chairs all Board meetings at which only non-management directors are present. During their meetings, several Board committees also hold sessions with only non-management directors present.

The Board believes that the size and composition of the Board serves the Corporation and its shareholders well. The Board believes that all of its directors, including its non-independent director, make a valuable contribution to the Board and the Corporation. The director who is not independent possesses extensive knowledge of the Corporation's business and has extensive business experience, both of which have proven to be beneficial to the other directors, and his participation as a director contributes to the effectiveness of the Board. The Board also believes that the directors are sensitive to conflicts of interest and excuse themselves from deliberations and voting in appropriate circumstances.

See Particulars of Matters to be Acted Upon Election of Directors for biographies of the nominee directors, which includes details of other boards on which the Corporation's directors serve.

Committees

The Board has four committees, an Audit Committee, a Compensation and Management Resources Committee, an Investment Committee and a Nominating Committee. The Board committees other than the Investment Committee are composed solely of independent directors in accordance with NI 58-101, NP 58-201 and the NYSE Provisions. The composition, mandate and activities of each committee are set out under Statement of Corporate Governance Practices Reports of Board Committees of this Circular.

Position Descriptions

The Board has given a mandate to the Compensation and Management Resources Committee to develop position descriptions for senior management. Guidelines have been developed and approved by the Board which set out those matters requiring Board approval. See above under Composition of the Board Of Directors for the position description for the Chairman of the Board and the Lead Director.

Director Orientation and Continuing Education

In accordance with NI 58-101 and NP 58-201, new directors are provided with details of the Corporation's organizational structure, the structure of the Board and its committees, compliance requirements for directors, corporate policies and by-laws. They also meet with a number of directors and senior management personnel of the Corporation and its material subsidiaries to learn of the functions and activities of the Corporation. On an ongoing basis, presentations are made to the Board on various aspects of the Corporation's operations.

During 2004, the Board adopted a policy pursuant to which each director can avail himself or herself of continuing education opportunities by granting an allowance of up to \$5,000 per director per year to be used in attending appropriate programs designed to enhance skills and abilities as a director.

Board Functioning and Independence

In accordance with NI 58-101 and NP 58-201, the Corporation has established a process to provide an orientation and education program for new recruits to the Board. Such orientation and education program consists of orientation sessions with management, a review of prior Board activity, and meetings with management of subsidiaries.

The Board has a formal policy that all acquisitions and divestitures of a material nature require the approval of the Board. In addition, the Board policy requires that all major strategic decisions, including any change in the strategic direction of the Corporation be presented by management to the Board for approval. As part of its ongoing activity, the Board regularly receives and comments upon reports of management as to the performance of the Corporation's business and management's expectations and planned actions in respect thereto.

The Board reviews the adequacy and form of the compensation of directors to ensure the compensation realistically reflects the responsibility and risk involved in being an effective director. The Board has made it a priority to continue to examine and develop the processes which it follows in its deliberations in order that it will continue to fulfil its mandate. As well, the Audit Committee, composed entirely of outside directors, has assumed responsibility to act as a Conduct Review Committee to review related party transactions and balances. Commencing in 2002, the Board implemented a peer review procedure, whereby the performance of each Board member was reviewed by other Board members and the performance of the Board as a whole was reviewed by Board members. This process was expanded in 2004 to include evaluations of the effectiveness of individual committees and the performance of the Lead Director.

The Board and the Chief Executive Officer engage in regular dialogue regarding the performance of the senior management team, including the Chief Executive Officer, in achieving the Corporation's strategic objectives as determined by management and the Board. As the Board has plenary power, any responsibility which is not delegated to management or a Board committee remains with the Board.

The Board has formally adopted a resolution to meet at each regularly scheduled board meeting and as otherwise determined by the independent directors without management present. The Board conducts a session without management present each year to review the recommendations of the Compensation and Management Resources Committee. The Compensation and Management Resources Committee also conducts part of its deliberations without management present. As well, the Audit Committee has a policy to meet at each quarterly Audit Committee Meeting and at least annually with the Corporation's internal and external auditors without management present.

In February, 2003, the Board formally created the position of Lead Director. The Lead Director's responsibilities include acting as liaison between the Board and the Chief Executive Officer and establishing, in consultation with the Chairman and Chief Executive Officer, both the agenda for Board meetings and procedures to govern the Board's performance, and chairing the meetings of directors where management is not present. The Board has appointed F. Michael Walsh as the Lead Director of the Corporation.

The Board has implemented a system which enables an individual director to engage an outside advisor at the expense of the Corporation in appropriate circumstances. Prior approval of the Chairman and Chief Executive Officer or the Chair of the Audit Committee is required for the retention of such an advisor.

In addition, the charter established by each of the Audit Committee, the Compensation and Management Resources Committee, the Investment Committee and the Nominating Committee provide for authority for each such committee to engage internal and external legal, accounting and other advisors, and for the committee to determine the funding necessary for compensation to such advisors.

Shareholder Communications

The Corporation endeavours to keep all shareholders well informed as to the financial performance of the Corporation, primarily by means of its annual and quarterly reports, and by press releases. The Board has specifically adopted a disclosure policy in furtherance of these goals which can be found on the Corporation's website at www.kingsway-financial.com.

Management of the Corporation is receptive to shareholder feedback in any form. It is the policy of the Corporation to receive and respond promptly to shareholder enquiries, while being guided by legal requirements as well as the Corporation's policies in respect to confidentiality and disclosure.

The Board is satisfied that the Corporation's comprehensive governance program is consistent with, and in many instances goes beyond, NI 58-101, NP 58-201 and the NYSE Provisions.

Code of Business Conduct and Ethics

In 2003, the Corporation formally adopted a Code of Business Conduct and Ethics and related policies, which sets high standards for ethical behaviour throughout the organization.

The Code of Business Conduct and Ethics provides the entire organization with the same frame of reference for dealing with sensitive and complex issues such as conflicts of interest, use of information, confidentiality of personal information, confidentiality of business information, corporate opportunities, use of inside information, fair trading, protection and use of company assets, accounting practices, records retention, compliance with laws, rules and regulations, and duty to report and consequences.

In February, 2004, in accordance with the NYSE Provisions, the Board also adopted a separate Code of Ethics for the Chief Executive Officer, the Chief Financial Officer and other senior financial executives. Both this document and the Code of Business Conduct and Ethics can be found on the Corporation's website at www.kingsway-financial.com.

Whistleblower Policy

In December 2004, the Board adopted a Whistleblower Policy and delegated to the Audit Committee the responsibility of investigating and resolving all reported complaints made pursuant to the policy. The Whistleblower Policy can be found on the Corporation's website at www.kingsway-financial.com.
