## **GOLDCORP SIGNS AGREEMENT WITH SILVER WHEATON FOR PEÑASQUITO SILVER**

**VANCOUVER, BRITISH COLUMBIA, April 16, 2007 - GOLDCORP INC. (TSX: G, NYSE: GG)** today announced that it has executed a binding term sheet to sell 25% of the life-of-mine silver produced from its Peñasquito project to Silver Wheaton Corp. (“Silver Wheaton”). Under the terms of the agreement, Silver Wheaton will pay Goldcorp \$485 million in cash upon closing of the transaction in exchange for 25% of the silver production. In addition, the term sheet requires Silver Wheaton to pay an ongoing per-ounce operating cost payment equal to the lesser of \$3.90 (subject to annual inflationary adjustments) and the prevailing market price per ounce of silver delivered under the contract.

“The addition of cash from this transaction with Silver Wheaton strengthens our already solid balance sheet and provides us tremendous flexibility in funding the construction of Peñasquito and our other growth programs,” said Kevin McArthur, Goldcorp President and Chief Executive Officer. “Our continued 49% investment in Silver Wheaton as well as our 75% unsold silver stream at Peñasquito ensures that we will remain highly leveraged to future upside in silver prices. As always, our gold production will remain 100% unhedged.”

As a result of this transaction, Silver Wheaton has extended Goldcorp’s right to maintain its pro-rata interest in Silver Wheaton to December 31, 2009. Goldcorp currently owns 49% of the issued and outstanding shares in Silver Wheaton. Silver Wheaton will retain a right of first refusal on any further sales of silver streams from Peñasquito for the life of the mine as long as Goldcorp maintains at least a 20% interest in Silver Wheaton. Goldcorp expects to update metals reserves and resources at Peñasquito in June, 2007.

Closing of the transaction is subject to execution of definitive agreements containing customary representations, warranties and covenants by both parties, as well as receipt of all regulatory approvals and third-party consents, including acceptance by the Toronto Stock Exchange. The transaction is expected to close by May 31, 2007.

CIBC World Markets acted as financial advisor to Goldcorp and provided a fairness opinion to Goldcorp's Board of Directors in connection with this transaction.

Goldcorp is one of the world’s lowest-cost and fastest growing multi-million ounce gold producers with operations throughout the Americas. Its gold production remains 100% unhedged.
