registrant in connection with Rule 12g3-2(b):

GOL is the Most Awarded Latin American Company in Annual Survey by *LatinFinance*

Sao Paulo, July 27, 2006 GOL Linhas Aéreas Inteligentes (Bovespa: GOLL4 and NYSE: GOL), Brazilian low cost, low fare airline, received three awards from *LatinFinance* magazine in a survey of the best Latin American companies. It was the most awarded in the survey, which had 12 categories.

GOL was chosen the best among medium size companies with revenues between US\$ 500 million and US\$ 5 billion and, among these, the one adopting the most innovative financial strategy. Constantino de Oliveira Junior, GOL's president, was elected best executive among those leading companies in this category. In the award's third annual edition, *LatinFinance* heard 25 industry experts investment bank directors, equity research analysts, portfolio managers and rating agency professionals.

The experts paid compliments to the issuance of US\$200 million of perpetual bonds in April, to finance the acquisition of aircraft. This recognition stimulates us to continue investing in popularizing high quality, low price air transportation throughout South America, declares Constantino de Oliveira Junior.

With almost 30,000 monthly copies, *Latin Finance* circulates in the United States, Europe, Latin America and Asia.

About GOL Linhas Aéreas Inteligentes

GOL Linhas Aéreas Inteligentes, a low-cost, low-fare airline, is one of the most profitable and fastest growing airlines in the industry worldwide. GOL operates a simplified fleet with a single class of service. It also has one of the youngest and most modern fleets in the industry that results in low maintenance, fuel and training costs, with high aircraft utilization and efficiency ratios. In addition, safe and reliable services, which stimulate GOL's brand recognition and customer satisfaction, allow GOL to have the best value proposition in the market. GOL currently offers over 500 daily flights to 50 airports in Brazil, Argentina, Bolivia, Paraguay and Uruguay. GOL growth plans include increasing frequencies in existing markets and adding service to additional markets in both Brazil and other high-traffic South American travel destinations. GOL shares are listed on the NYSE and the Bovespa. GOL: here everyone can fly!

This release contains forward-looking statements relating to the prospects of the business, estimates for operating and financial results, and those related to growth prospects of GOL. These are merely projections and, as such, are based exclusively on the expectations of GOL's management concerning the future of the business and its continued access to capital to fund the Company's business plan. Such forward-looking statements depend, substantially, on changes in market conditions, government regulations, competitive pressures, the performance of the Brazilian economy and the industry, among other factors and risks disclosed in GOL's filed disclosure documents and are, therefore, subject to change without prior notice.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
