NOTICE TO THE MARKET

Braskem S.A. ("Company" or "Braskem") informs its shareholders and the general market that the Extraordinary Shareholders Meeting approved, on the date hereof, the Company's share-based incentive plan, whose main objectives are to (i) align the interests of participants with those of shareholders in the creation of value for Braskem stock; and (ii) to provide an incentive for participants to remain at the Company.

Based on an analysis of the Company's performance indicators, the Board of Directors will grant annually from one to three shares for each share of the Company acquired voluntarily by participants using their own funds, with such grants conditioned upon participants remaining at Braskem and holding their shares for a period of three years.

The Board of Directors is responsible for managing the plan, whose full contents are available for consultation on the Company's website (<http://www.braskem-ri.com.br/>), on the Empresas.NET system of the Securities and Exchange Commission of Brazil - CVM (www.cvm.gov.br) and on the website of B3 S.A. – Brasil, Bolsa Balcão (www.bmfbovespa.com.br).

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
