Item 1.01 Entry into a Material Definitive Agreement.

On October 21, 2005, Warp Technology Holdings, Inc. operating under the name Halo Technology Holdings ("Halo" or the "Company") entered into certain convertible promissory notes (the "Notes") in the aggregate principal amount of One Million Dollars (\$1,000,000). Interest accrues under the Notes at the rate of ten percent (10%) per annum. The principal amount of the Notes, together with accrued interest, is due and payable 90 days after the date it was entered into, unless the Notes are converted into debt or equity securities of the Company in the Company's next financing involving sales by the Company of a class of its preferred stock or convertible debt securities, or any other similar or equivalent financing transaction. The terms of such conversion have not yet been determined. A copy of the form of the Notes is attached as Exhibit 4.12 and is incorporated herein by reference. The foregoing description of the Notes is qualified in its entirety by reference to the full text of the Notes.

Also on October 21, 2005, the Company issued warrants (the "Warrants") to purchase an aggregate of 363,636 Shares of Common Stock, par value \$0.00001 per share of the Company. The Warrants were issued in connection with the Notes described above under Item 1.01 of this Current Report on Form 8-K and incorporated herein by reference. The exercise price for the Warrant Shares is \$1.375, subject to adjustment as provided in the Warrant. The Warrants are exercisable for five years after the date of the Warrants, October 21, 2010. The Warrants contain an automatic exercise provision in the event that the warrant has not been exercised but the Fair Market Value of the Warrant Shares (as defined in the Warrant) is greater than the exercise price per share on the expiration date. The Warrants also contain a cashless exercise provision. The Warrants also contain a limitation on exercise which limits the number of shares of Common Stock that may be acquired by the Holder on exercise to that number of shares as will insure that, following such exercise, the total number of shares of Common Stock then beneficially owned by such Holder and its affiliates will not exceed 9.99% of the total number of issued and outstanding shares of Common Stock. This provision is waivable by the Holder on 60 days notice.

A copy of the form of the Warrants is attached as Exhibit 4.13 and is incorporated herein by reference. The foregoing description of the Warrants is qualified in its entirety by reference to the full text of the Warrants.
