PROXY STATEMENT

FOR THE TRAVELZOO INC.

2013 ANNUAL MEETING OF STOCKHOLDERS
INFORMATION ABOUT THE ANNUAL MEETING

Why am I receiving these proxy materials?

Travelzoo's Board of Directors is soliciting proxies to be voted at the 2013 Annual Meeting of Stockholders (the "Annual Meeting"). This proxy statement includes information about the matters to be voted upon at the meeting.

Only stockholders of record of our common stock, par value \$0.01 per share (the "Common Stock"), as of 5:00 p.m. Eastern Time on _____, 2013 (the "record date") will be entitled to notice of, and to vote at, the Annual Meeting. As of the record date, there were _____ shares of our Common Stock issued and outstanding.

Where and when is the Annual Meeting?

The Annual Meeting of Stockholders will take place on _____, 2013 at 590 Madison Avenue, 37th Floor, New York, NY 10022. The meeting will begin at 10:00 a.m. local time.

What am I voting on?

Stockholders will vote on four items:

1. A proposal to amend the Company's Certificate of Incorporation to effect a reverse split of the Company's outstanding Common Stock, at a ratio of 1-for-25 followed immediately by a forward split of the Company's outstanding Common Stock at a ratio of 25-for-1 ("Proposal 1");
2. A proposal to elect five (5) members of the Company's Board, each to serve until the 2014 Annual Meeting of Stockholders and until their successors are elected and qualified or until their earlier resignation or removal ("Proposal 2");
3. A proposal to approve, on an advisory basis, the compensation of the executive officers of the Company ("Proposal 3"); and
4. A shareholder proposal regarding the implementation of majority voting for uncontested elections of directors ("Proposal 4").

What is the purpose of the reverse/forward stock split?

If Proposal 1 is approved and acted upon, it will result in a reduction of the number of our stockholders from over 90,000 to approximately 10,000 by cashing out fractional share interests resulting from the reverse stock split that are held by stockholders owning less than 25 shares of Common Stock immediately prior to the reverse stock split. This reduction in the number of our stockholders will result in significant cost savings to the Company as described in this proxy statement. If you own more than 25 shares of Common Stock, your share ownership will not be affected.

How does the Board recommend that you vote on the proposals?

Edgar Filing: TRAVELZOO INC - Form PRE 14A

The Board recommends that you vote your shares FOR Proposal 1, Proposal 2 and Proposal 3. The Company's Board of Directors has considered the shareholder proposal regarding the implementation of majority voting for uncontested elections of directors, and has determined to make no voting recommendation to stockholders with respect to Proposal 4.

How many votes do I have?

4

You have one vote for each share of our Common Stock that you held at 5:00 p.m. Eastern Time on ____, 2013, the record date for the Annual Meeting. These shares include:

- Shares held directly in your name as the "stockholder of record" and
- Shares held for you as the beneficial owner through a broker, bank, or other nominee in "street name."

If I am a stockholder of record, how can I vote my shares?

Stockholders can vote by proxy or in person, however, granting a proxy does not in any way affect your right to attend the Annual Meeting and vote in person.

How do I vote by proxy?

If you are a stockholder of record, you may vote your proxy by mail. If you receive a paper copy of the proxy statement, simply mark the enclosed proxy card, date and sign it, and return it in the postage paid envelope provided. If you receive the proxy statement via e-mail, please print the attached proxy card, date and sign it, and return it via mail to Computershare, P.O. Box 43126, Providence, RI 02940.

If you vote by proxy, the persons named on the card (your "proxies") will vote your shares in the manner you indicate. You may specify whether your shares should be voted for all, some or none of the nominees for director or any other proposals properly brought before the Annual Meeting. If you sign your proxy card and do not indicate specific choices, your shares will be voted "FOR" Proposal 1, "FOR" the election of all nominees for director and "FOR" Proposal 3. If any other matter is properly brought before the meeting, your proxies will vote in accordance with their discretion. If you do not specify the manner in which your shares represented by a validly executed proxy are to be voted on Proposal 4, your shares will be counted as abstentions. At the time of submitting this proxy statement for printing, we knew of no matter that will be acted on at the Annual Meeting other than those discussed in this proxy statement.

If you wish to give a proxy to someone other than the persons named on the enclosed proxy card, you may strike out the names appearing on the card and write in the name of any other person, sign the proxy, and deliver it to the person whose name has been substituted.

May I revoke my proxy?

If you give a proxy, you may revoke it in any one of three ways:

- Submit a valid, later-dated proxy before the Annual Meeting,
- Notify our Corporate Secretary in writing at Travelzoo Inc., Attention: Corporate Secretary, 800 W. El Camino Real, Suite 275, Mountain View, CA 94040 before the Annual Meeting that you have revoked your proxy, or
- Vote in person at the Annual Meeting.

How do I vote in person?

If you are a stockholder of record, you may cast your vote in person by attending the Annual Meeting.

If I hold shares in street name, how can I vote my shares?

You can submit voting instructions to your broker or nominee. In most instances, you will be able to do this over the Internet or by mail. Please refer to the voting instruction card included in the materials provided by your broker or nominee.

What vote is required to approve each proposal?

Each share of our Common Stock is entitled to one vote with respect to each matter on which it is entitled to vote. Approval of Proposal 1 requires the affirmative vote of stockholders holding both (A) a majority of the issued and outstanding shares of Common

Stock, and (B) a majority of the issued and outstanding shares of Common Stock that are not held or controlled, directly or indirectly, by directors or officers of the Company, including, without limitation, the shares held by Azzurro Capital Inc., our principal stockholder. Pursuant to our bylaws, our directors are elected by a plurality of the votes cast, which means that the nominees who receive the greatest number of votes will be elected. The affirmative vote of a majority of the shares of the Company's Common Stock present in person or represented by proxy and entitled to vote on the proposal will be considered as the approval, by an advisory vote, of Proposal 3. Approval of Proposal 4 requires the affirmative vote of a majority of the shares present in person or by proxy and entitled to vote on the proposal. As discussed below, such approval would not, by itself, implement majority voting.

In order to have a valid stockholder vote, a stockholder quorum must exist at the Annual Meeting. A quorum will exist when stockholders holding a majority of the outstanding shares of Common Stock are present at the meeting, either in person or by proxy.

Azzurro Capital Inc., whose beneficial owner is Ralph Bartel, a member of our Board, holds an aggregate of 7,230,538 shares of our Common Stock, representing approximately 47.1% of the outstanding shares, as of June 27, 2013. Azzurro Capital Inc. has indicated that it intends to vote its shares in favor of Proposal 1.

All properly executed proxies delivered pursuant to this solicitation and not revoked will be voted at the Annual Meeting as specified in such proxies. As noted above, if no voting instructions are indicated, proxies will be voted as recommended by our Board on all matters, and in the discretion of the proxy holder on any other matters that properly come before the Annual Meeting.

What is a broker non-vote and how are broker non-votes and abstentions counted?

A broker "non-vote" occurs when a nominee holding shares of Common Stock for the beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner. Brokers that have not received voting instructions from their clients cannot vote on their clients' behalf on "non-routine" proposals. The vote on Proposals 1, 2, 3 and 4 are considered "non-routine". Broker non-votes will not have any effect with respect to Proposals 2, 3 and 4, as shares that constitute broker non-votes are not considered entitled to vote but will be counted for the purposes of obtaining a quorum for the Annual Meeting. Since approval of Proposal 1 requires the affirmative vote of stockholders holding a majority of the issued and outstanding shares of Common Stock, broker-non votes will have the same effect as a vote against Proposal 1.

Abstentions are counted as "shares present" at the Annual Meeting for purposes of determining the presence of a quorum and with respect to any matters being voted upon at the Annual Meeting. Abstentions will have no effect on the outcome of the election of directors, but with respect to any other proposal an abstention will have the same effect as a vote against such proposal.

Who is soliciting my vote and who is paying the costs of soliciting these proxies?

The Board of Directors is soliciting your vote by mail through this proxy statement. We have also engaged Georgeson Inc. to solicit proxies. For its services, we will pay Georgeson Inc. a fee of \$8,500 plus out-of-pocket expenses. We are paying the cost of preparing, printing, mailing and otherwise distributing these proxy materials. We will reimburse banks, brokerage firms, and others for their reasonable expenses in forwarding proxy materials to beneficial owners and obtaining their instructions. A few of our officers and employees may also participate in the solicitation, without additional compensation, by telephone, e-mail, other electronic means, or in person.

Where can I find the voting results of the meeting?

We intend to announce preliminary voting results at the meeting. We will publish the final results in a report on Form 8-K, which we intend to file within four business days following the Annual Meeting. You can obtain a copy of the Form 8-K by logging on to Travelzoo's investor relations website at www.travelzoo.com/ir, by calling the Securities and Exchange Commission (the "SEC") at (800) SEC-0330 for the location of the nearest public reference room, or through the EDGAR system at www.sec.gov. Information on our website does not constitute part of this proxy statement.

APPROVAL TO AMEND THE COMPANY'S CERTIFICATE OF INCORPORATION TO EFFECT A REVERSE
STOCK
SPLIT FOLLOWED BY A FORWARD STOCK SPLIT (PROPOSAL 1)

Summary

The Board of Directors has authorized, based on the prior recommendation of a special committee of the Board comprised of independent directors (the "Special Committee"), and recommends for your approval, amendments to Travelzoo's Certificate of Incorporation, as amended (the "Certificate of Incorporation"), to effect a reverse/forward split of Travelzoo's Common Stock. If approved by stockholders, the Certificate of Incorporation would be amended to reclassify the Common Stock by combining the outstanding shares of the Common Stock into a lesser number of shares at the ratio of 1-for-25 (the "Reverse Split"). Immediately after the effectiveness of the Reverse Split, the Certificate of Incorporation would be further amended to reclassify the Common Stock by subdividing the outstanding shares of the Common Stock into a greater number of outstanding shares at the ratio of 25-for-1 (the "Forward Split"). As permitted by Delaware law, each holder of fewer than 25 shares of Common Stock prior to the Reverse Split (also referred to as a "Cashed-Out Stockholder") will not receive fractional shares in the Reverse Split, but in lieu of such fractional share interests shall be entitled to receive a cash payment as described below (we refer to the Reverse Split, the Forward Split and these cash payments, collectively, as the "Reverse/Forward Split"). However, if a stockholder holds 25 or more shares of Common Stock at the effective time of the Reverse Split, any fractional share resulting from the Reverse Split will not be cashed out and the total number of shares held by such holder will not change as a result of the Reverse/Forward Split.

If approved by the stockholders, the Reverse/Forward Split will become effective on such date as may be determined by the Special Committee of the Board of Directors upon the filing and effectiveness of the necessary amendments to Travelzoo's Certificate of Incorporation with the Secretary of State of the State of Delaware (which we refer to as the "Effective Date"). Even if approved by stockholders, the Special Committee retains the authority to abandon the Reverse/Forward Split for any reason at any time prior to the Effective Date. The form of the proposed amendment to Travelzoo's Certificate of Incorporation necessary to effect the Reverse Split is attached to this proxy statement as Appendix A and the form of the proposed amendment to Travelzoo's Certificate of Incorporation necessary to effect the Forward Split immediately after the Reverse Split is attached hereto as Appendix B.

If our stockholders approve this proposal at the Annual Meeting and the Reverse/Forward Split is completed, Travelzoo will arrange for the disposition of fractional share interests of stockholders who hold fewer than 25 shares immediately prior to the Reverse Split by having the Company's transfer agent aggregate such fractional share interests and sell the shares of Common Stock resulting from such aggregation (the "Aggregated Shares") in open market transactions following the effectiveness of the Forward Split. The Company's transfer agent will pay to each registered stockholder who holds fewer than 25 shares of Common Stock immediately prior to the Reverse Split an amount, for each share of Common Stock held immediately prior to the Reverse Split, equal to the greater of (1) the average per-share price received in the sale of the Aggregated Shares and (2) the average per-share closing price of the Common Stock on the Nasdaq Global Select Market for the ten (10) consecutive trading days ending on the last trading day prior to the Effective Date (the "Cash-Out Payment").

Travelzoo believes that the Reverse/Forward Split will result in significantly reduced stockholder record keeping administration and mailing expenses while providing holders of fewer than 25 shares with an efficient, cost-effective way to cash out their investment.

As a result of the Reverse/Forward Split, if you own less than 25 shares immediately prior to the Reverse Split, you will receive cash for those shares, and if you own 25 shares or more immediately prior to the Reverse Split, you will retain those shares after the Reverse/Forward Split.

Effect on Stockholders

If approved by the stockholders at the Annual Meeting and implemented by the Special Committee, the Reverse/Forward Split will affect Travelzoo stockholders as follows:

7

Stockholder Before Completion of the Reverse/Forward Split	Net Effect After Completion of the Reverse/Forward Split
Registered stockholders holding 25 or more shares of Common Stock.	None. No fractional share for such accounts will be cashed out as a result of the Reverse/Forward Split and the total number of shares held in such accounts will not change as a result of the Reverse/Forward Split.
Registered stockholders holding fewer than 25 shares of Common Stock.	Shares will be converted into the right to receive a cash payment per share equal to the greater of (1) the average per-share price received in the sale of the Aggregated Shares and (2) the average per-share closing price of the Common Stock on the Nasdaq Global Select Market for the ten (10) consecutive trading days ending on the last trading day prior to the Effective Date.
Stockholders holding Common Stock in street name through a nominee (such as a bank or broker).	Travelzoo expects that the Reverse/Forward Split will treat stockholders holding Common Stock in street name or through a nominee (such as a bank or broker), and those persons holding shares of Common Stock as nominees for others, in the same manner as stockholders whose shares are registered in their names on the books of the Company. Nominees will be advised that they may effect the Reverse/Forward Split for their beneficial holders. However, nominees may have different procedures and stockholders holding shares in street name should contact their nominees to be advised of any procedures such holders may need to follow in order to obtain the same treatment as registered stockholders or rights such holders may have to retain beneficial ownership of such shares.

Reasons for the Reverse/Forward Split

The Board of Directors recommends that stockholders approve the Reverse/Forward Split for the following reasons. These, and other reasons, are described in detail under "Background and Purpose of the Reverse/Forward Split" below.

Issue	Solution
Travelzoo has a large number of stockholders that own relatively few shares. Specifically, as of April 8, 2013, approximately 84,000 stockholders held fewer than 25 shares of Common Stock in their accounts. These stockholders represented only approximately 4% of the total number of outstanding shares of Common Stock. Continuing to maintain accounts for these stockholders, including	The Reverse/Forward Split will reduce the number of stockholders who own relatively few shares, resulting in a cost savings to Travelzoo.

expenses associated with required stockholder mailings, costs Travelzoo approximately \$420,000 per year.

In many cases, it is very expensive on a relative basis for stockholders with fewer than 25 shares to sell their shares on the open market, as the commissions would represent a disproportionate share of proceeds from the sale of fewer than 25 shares.

The Reverse/Forward Split will cash out stockholders with small accounts without transaction costs such as brokerage fees. However, if these stockholders do not want to cash out their holdings of Common Stock, they may purchase additional shares on the open market to increase the number of shares of Common Stock in their account to at least 25 shares, or, if applicable, consolidate their accounts into an account with at least 25 shares of Common Stock. Any such action should be taken far enough in advance so that it is completed prior to completion of the Reverse/Forward Split.

Since we are effecting a 25-for-1 Forward Split immediately after the 1-for-25 Reverse Split, outstanding certificates for shares of our Common Stock will continue to represent the correct number of shares, other than certificates held by Cashed-Out Stockholders whose certificates will represent only the right to receive the Cash-Out Payment. There will be no need for any stockholder to submit outstanding certificates representing 25 shares or more of our Common Stock for new certificates. Cashed-Out Stockholders will need to surrender their certificates in order to receive the Cash-Out Payment.

Negative Aspects of the Reverse/Forward Split

Stockholders owning less than 25 shares should consider the following negative aspects of the Reverse/Forward Split:

You will no longer be entitled to vote as a stockholder of Travelzoo.

You will no longer be entitled to share in any earnings or dividends of Travelzoo.

You will no longer be entitled to the receipt of proxy statements or other information provided by Travelzoo to its stockholders.

Structure of the Reverse/Forward Split

The Reverse/Forward Split includes both a reverse stock split and a forward stock split of the Common Stock. If the Reverse/Forward Split is approved by stockholders and implemented by the Special Committee, the Reverse Split is expected to occur immediately prior to the Forward Split. Upon consummation of the Reverse Split (and prior to the Forward Split), every 25 shares of Common Stock held by a stockholder at that time will be combined into one share of Common Stock. Any stockholder who holds fewer than 25 shares of Common Stock immediately prior to the Reverse Split (also referred to as a "Cashed-Out Stockholder") will receive a cash payment instead of fractional shares. The amount of this cash payment will be determined and paid as described below. If a stockholder holds 25 or more shares of Common Stock immediately prior to the Reverse Split, no fractional share will be cashed out as a result of the Reverse Split and the total number of shares held by such holder will not change as a result of the Reverse/Forward Split.

If stockholders approve this proposal at the Annual Meeting and the Reverse/Forward Split is completed, Travelzoo will arrange for the disposition of the fractional share interests of Cashed-Out Stockholders resulting from the Reverse Split by having the Company's transfer agent sell the Aggregated Shares in open market transactions following the

effectiveness of the Forward Split. The Company's transfer agent will pay to each registered stockholder who holds fewer than 25 shares of Common Stock immediately prior to the Reverse Split an amount, for each share of Common Stock held immediately prior to the Reverse Split, equal to the greater of (1) the average per-share price received in the sale of the Aggregated Shares on the open market and (2) the average per-share closing price of the Common Stock on the Nasdaq Global Select Market for the ten (10) consecutive trading days ending on the last trading day prior to the Effective Date.

If a stockholder holding fewer than 25 shares of Common Stock wants to continue to hold Common Stock after the Reverse/Forward Split, such stockholder may do so by taking either of the following actions far enough in advance so that it is completed by Effective Date of the Reverse/Forward Split: (A) purchase a sufficient number of shares of Common Stock so that such stockholder holds at least 25 of shares of Common Stock, or (B) if applicable, consolidate such stockholder's accounts so that such stockholder holds at least 25 of shares of Common Stock in one account.

The Forward Split will be effected immediately following the Reverse Split and all stockholders who are not Cashed-Out Stockholders will receive 25 shares of Common Stock for every one share of Common Stock they hold following the Reverse Split. We expect that the Reverse/Forward Split will treat stockholders holding Common Stock in street name or through a nominee (such as a bank or broker), and those persons holding shares of Common Stock as nominees for others, in the same manner as stockholders whose shares are registered in their names on the books of the Company. Nominees will be advised that they may effect the Reverse/Forward Split for their beneficial holders. Accordingly, we also refer to those street name holders who receive a cash payment instead of fractional shares as "Cashed-Out Stockholders." However, nominees may have different procedures and stockholders holding shares in street name should contact their nominees to be advised of any procedures such holders may need to follow in order to obtain the same treatment as registered stockholders or rights such holders may have to retain beneficial ownership of such shares.

In general, the Reverse/Forward Split can be illustrated by the following examples:

Hypothetical Scenario	Result
<p>Mr. Brown is a registered stockholder who holds 20 shares of Common Stock in his account prior to the Reverse/Forward Split.</p>	<p>Instead of receiving a fractional share of Common Stock upon completion of the Reverse Split, each of Mr. Brown's shares will be converted into the right to receive the Cash-Out Payment.</p> <p>Note: If Mr. Brown wants to continue his investment in Travelzoo, he can buy at least 5 more shares of Common Stock and hold them in his account prior to the Effective Date. Mr. Brown would have to act far enough in advance of the Reverse/Forward Split so that the purchase is completed and the additional shares are credited to his account by 5:00 p.m. Eastern Time on the Effective Date.</p>
<p>Ms. Green has two separate record accounts. As of the Effective Date, she holds 15 shares of Common Stock in one account and 20 shares of Common Stock in the other. All of her shares are registered in her name only.</p>	<p>As described in the case of Mr. Brown above, Ms. Green will receive the Cash-Out Payment for each share of Common Stock held in each of her record accounts instead of receiving fractional shares.</p> <p>Note: If Ms. Green wants to continue her investment in Travelzoo, she can consolidate or transfer her two record accounts into one account prior to the Effective Date. Alternatively, Ms. Green could buy at least 10 more shares of Common Stock for the first account and 5 more shares for the second account. In either case, her holdings would not be cashed out in connection with the Reverse/Forward Split because she would hold at least 25 shares in a consolidated account or each of her record</p>

accounts, as applicable. She would have to act far

enough in advance of the Reverse/Forward Split so that the consolidation or the purchase is completed by 5:00 p.m. Eastern Time on the Effective Date.

Mr. Blue is a registered holder who holds 30 shares of Common Stock as of the Effective Date in one record account.

After the Reverse/Forward Split, Mr. Blue will continue to hold all 30 shares of Common Stock.

Mr. Pink has two separate record accounts. As of the Effective Date, he holds 30 shares of Common Stock in his first account and 20 shares of Common Stock in his second account. All of his shares are registered in his name only.

After the Reverse/Forward Split, Mr. Pink will continue to hold 30 shares of our Common Stock in his first account and Mr. Pink will receive the Cash-Out Payment for each share of Common Stock held in his second account instead of receiving fractional shares.

Note: If Mr. Pink wants to continue his entire investment in Travelzoo, he can consolidate or transfer his two record accounts prior to the Effective Date into an account with at least 25 shares of our Common Stock. Alternatively, he can buy at least 5 more shares of Common Stock for his second account and hold them in that account. He would have to act far enough in advance of the Reverse/Forward Split so that the consolidation or the purchase is completed by 5:00 p.m. Eastern Time on the Effective Date.

Mrs. Orange holds 20 shares of Common Stock in a brokerage account as of the Effective Date.

Travelzoo expects that the Reverse/Forward Split will treat stockholders holding Common Stock in street name through a nominee (such as a bank or broker) in the same manner as stockholders whose shares are registered in their names. Accordingly, Mrs. Orange would be a Cashed-Out Stockholder and would receive the Cash-Out Payment for each share of Common Stock held in her account. Nominees will be advised that they may effect the Reverse/Forward Split for their beneficial holders. However, nominees may have different procedures and stockholders holding Common Stock in street name should contact their nominees to be informed of any procedures such stockholders may need to follow in order to obtain the same treatment as registered stockholders.

Mr. Purple holds 35 shares of Common Stock in a brokerage account

Travelzoo expects that the Reverse/Forward Split will treat stockholders holding Common Stock in street name through a nominee (such as a bank or broker) in the same manner as stockholders whose shares are registered in their names. In such

case, after the Reverse/Forward Split, Mr. Purple would continue to hold all 35 shares of Common Stock. However, nominees may have different procedures and stockholders holding Common Stock in street name should contact their nominees to be informed of any procedures such stockholders may need to follow in order to obtain the same treatment as registered stockholders.

Background and Purpose of the Reverse/Forward Split

Travelzoo has a stockholder base of approximately 92,000 stockholders. As of April 8, 2013, approximately 84,000 holders of our Common Stock owned fewer than 25 shares. At that time, these 84,000 stockholders represented approximately 91% of the total number of holders of Common Stock, but held in the aggregate approximately 655,000 shares, or only about 4% of the total number of outstanding shares of Common Stock.

In the ordinary course, management has from time to time updated the Board of Directors on the then current and anticipated costs related to administering the Company's stockholder accounts, including transfer agent and administration fees and printing and postage costs associated with the mailing of proxy materials and annual reports to each stockholder. On April 3, 2013, the Board of Directors established a special committee of independent directors, consisting of David Ehrlich, Donovan Neale-May and Kelly Urso (the "Special Committee") to evaluate the appropriateness and fairness to the Company's stockholders of a transaction in the form of a reverse stock split followed by a forward stock split, which could create future cost savings for the Company related to the administration of its stockholder accounts.

The Special Committee retained Young, Conaway, Stargatt & Taylor, LLP as independent legal counsel regarding, among other things, the requirements of Delaware law in connection with the effectuation of a reverse/forward stock split, relevant legal precedents regarding similar transactions, and the duties of the members of the Special Committee under Delaware law. The Special Committee also engaged Duff & Phelps, LLC as its independent financial advisor in connection with the proposed Reverse/Forward Split. On May 31, 2013 (the "Initial Opinion Date"), Duff & Phelps, LLC rendered its oral opinion, which opinion was subsequently confirmed in a written opinion dated the same date to the Special Committee to the effect that, as of the Initial Opinion Date and based upon and subject to the qualifications, limitations and assumptions stated in its written opinion, including the assumption that the consideration to be paid to the Cashed-Out Stockholders was to be based upon the average closing price for the Company's Common Stock for the 10 trading days leading up to the Initial Opinion Date, the consideration would be fair, from a financial point of view, to the Cashed-Out Stockholders (the "Initial Fairness Opinion"). At the request of the Special Committee, Duff & Phelps, LLC will provide an updated fairness opinion at or near the Effective Date of the proposed transaction.

Travelzoo expects to benefit from substantial cost savings as a result of the Reverse/Forward Split. The cost of administering each registered stockholder's account is the same regardless of the number of shares held in that account. Therefore, Travelzoo's costs to maintain such small accounts are disproportionately high when compared to the total number of shares involved. In fiscal year 2012, we expect that each registered stockholder will cost Travelzoo approximately \$5.00 for transfer agent and other administrative fees as well as printing and postage costs to mail proxy materials and the annual report. It is expected that the total cost of administering registered stockholder accounts will be reduced by at least \$420,000 per year if the Reverse/Forward Split is completed.

In addition to reducing administrative costs, the Reverse/Forward Split will also provide stockholders with fewer than 25 shares of Common Stock with a cost-effective way to cash out their investments, because Travelzoo will pay all transaction costs such as brokerage or service fees in connection with the Reverse Split. Otherwise, stockholders with

small holdings would likely incur brokerage fees which are disproportionately high relative to the market value of their shares if they wanted to sell their Common Stock. The Reverse/Forward Split will eliminate these problems for stockholders holding fewer than 25 shares of Common Stock.

Consummation of the proposed Reverse/Forward Split will:

Reduce the number of stockholders of Travelzoo from approximately 92,000 to approximately 10,000.

Result in savings of administrative costs of approximately \$420,000 per year.

Cash out stockholders owning less than 25 shares.

Have no effect on stockholders owning 25 shares or more.

Treat Azzurro Capital Inc., our principal stockholder, in the same manner as other stockholders owning 25 or more shares.

After undertaking a thorough analysis of the advisability of the Reverse/Forward Split and considering the totality of the circumstances, the Special Committee believed that it is fair to the stockholders of the Company, from a financial point of view, and in the best interests of Travelzoo and its stockholders, including stockholders owning less than 25 shares of Common Stock who would be cashed-out in connection with the Reverse Split and stockholders owning 25 or more shares of Common Stock who would continue as owners of the Company, and recommended to the full Board of Directors that they approve the Reverse/Forward Split. Based on the recommendation of the Special Committee and its consideration of all relevant factors discussed above, including the Initial Fairness Opinion described above, the Board of Directors determined that the Reverse/Forward Split would be fair to the stockholders of the Company, from a financial point of view, and in the best interests of the Company and its stockholders, including stockholders owning less than 25 shares of Common Stock who would be cashed-out in connection with the Reverse Split and stockholders owning 25 or more shares of Common Stock who would continue as owners of the Company.

Consummation of the Reverse/Forward Split is conditioned on the approval of stockholders of the Company holding both (1) a majority of the issued and outstanding shares of Common Stock and (2) a majority of the issued and outstanding shares of Common Stock that are not held or controlled, directly or indirectly, by directors or officers of the Company, including, without limitation, the shares held by Azzuro Capital Inc., our principal stockholder. In addition, the effectuation of the Reverse/Forward Split is further conditioned on (1) receipt by the Special Committee from Duff & Phelps, LLC of an update of the Initial Fairness Opinion as of the date when (if ever) the Special Committee determines to file the amendments (in its updated opinion, Duff & Phelps would be asked to confirm that, based upon the average closing price for the Company's Common Stock for the 10 trading days leading up to the Effective Date, the consideration to be paid to the Cashed-Out Stockholders would be fair, from a financial point of view, to those holders), and (2) the Special Committee's consideration of the totality of the circumstances.

Effect of the Reverse/Forward Split on Travelzoo Stockholders

Set forth below is a summary of the effect of the Reverse/Forward Split on the following categories of holders:

- Registered Stockholders with a Record Account of Fewer than 25 Shares
- Registered Stockholders with 25 or More Shares of Common Stock
- Street Name Holders of Travelzoo Common Stock (through a nominee such as a bank or broker)
- Current and Former Travelzoo Employees and Directors (all of which will be treated the same as other stockholders)

Stockholders with a Record Account of Fewer than 25 Shares:

If we complete the Reverse/Forward Split and you are a Cashed-Out Stockholder (i.e., a stockholder holding fewer than 25 shares of Common Stock immediately prior to the Reverse Split):

- You will not receive fractional shares of stock as a result of the Reverse Split.

- Instead of receiving fractional shares, you will receive a cash payment in exchange for your shares. See "Determination of Cash-Out Payment".
- After the Reverse Split, you will have no further interest in Travelzoo with respect to your cashed-out shares. These shares will no longer entitle you to the right to vote as a stockholder or share in Travelzoo's earnings or profits, or in any dividends paid after the Reverse Split. In other words, you will no longer hold your cashed-out shares; you will have only the right to receive cash for these shares. In addition, you will not be entitled to receive interest with respect to the period of time between the Effective Date and the date you receive your payment for the cashed-out shares.
- You will not have to pay any service charges or brokerage commissions in connection with the Reverse/Forward Split.
- Following the time that we effect the Reverse/Forward Split and sell the cashed-out shares on the open market, you will receive a cash payment for the cashed-out shares you held immediately prior to the Reverse Split in accordance with the procedures described below.

If you hold Book-Entry Shares:

- Registered stockholders commonly hold their shares in book-entry form under the Direct Registration System for securities. These stockholders do not have stock certificates evidencing their ownership of Common Stock. They are, however, provided with a statement reflecting the number of shares registered in their accounts.
- If you are a Cashed-Out Stockholder who holds registered shares in a book-entry account, you do not need to take any action to receive your cash payment. A check will be mailed to you at your registered address as soon as practicable after the Effective Date. By signing and cashing this check, you will warrant that you owned the shares for which you received a cash payment.

If you hold Certificated Shares:

If you are a Cashed-Out Stockholder with a stock certificate representing your cashed-out shares, you will receive a letter of transmittal as soon as practicable after the Effective Date. The letter of transmittal will contain instructions on how to surrender your certificate(s) to Travelzoo's transfer agent, Computershare Trust Company, N.A., for your cash payment. You will not receive your cash payment until you surrender your outstanding certificate(s) to the transfer agent, together with a completed and executed copy of the letter of transmittal. Please do not send your certificates until you receive your letter of transmittal. For further information, see "Stock Certificates" below.

All amounts owed to you will be subject to applicable federal and state income tax and state abandoned property laws. For further information, see "U.S. Federal Income Tax Consequences" below.

You will not receive any interest on cash payments owed to you as a result of the Reverse/Forward Split.

If you want to continue to hold Common Stock after the Reverse/Forward Split, you may do so by taking either of the following actions far enough in advance so that it is completed by 5:00 p.m. Eastern Time on the Effective Date:

(1) purchase a sufficient number of shares of Common Stock on the open market so that you hold at least 25 shares of Common Stock in your account prior to the Reverse Split; or (2) if applicable, consolidate your accounts so that you hold at least 25 shares of Common Stock in one account prior to the Reverse Split.

Stockholders with 25 or More Shares of Common Stock:

If you are a registered stockholder with 25 or more shares of Common Stock as of 5:00 p.m. Eastern Time on the Effective Date, we will first convert your shares into one-twenty-fifth (1/25) of the number of shares you held immediately prior to the Reverse Split. One minute after the Reverse Split, at 5:01 p.m. Eastern Time on the Effective Date, we will convert your shares in the Forward Split into 25 times the number of shares you held after the Reverse Split, which will result in you holding the same number of shares

you held before the Reverse Split. As a result, the Reverse/Forward Split will not affect the number of shares you hold if you hold 25 or more shares of Common Stock immediately prior to the Reverse Split. For example, if you held 30 shares of Common Stock in your account immediately prior to the Reverse Split, your shares would be converted into 1.20 shares in the Reverse Split and then back to 30 shares in the Forward Split.

Street Name Holders of Travelzoo Common Stock:

Travelzoo expects that the Reverse/Forward Split will treat stockholders holding Common Stock in street name or through a nominee (such as a bank or broker), and those persons holding shares of Common Stock as nominees for others, in the same manner as stockholders whose shares are registered in their names on the books of the Company. Nominees will be advised that they may effect the Reverse/Forward Split for their beneficial holders. However, nominees may have different procedures and stockholders holding shares in street name should contact their nominees to be advised of any procedures such holders may need to follow in order to obtain the same treatment as registered stockholders or rights such holders may have to retain beneficial ownership of such shares.

Option Holders:

If you hold options to purchase shares of Common Stock, regardless of the number of shares, the Reverse/Forward Split will have no effect on such options or the number of shares issuable upon their exercise. If you hold options to purchase less than 25 shares of Travelzoo stock, you will not receive a cash payment for these options.

Effect of the Reverse/Forward Split on Travelzoo

The Reverse/Forward Split will not affect the public registration of the Common Stock with the SEC under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Similarly, we do not expect the Reverse/Forward Split will affect the continued listing of the Common Stock on the Nasdaq Global Select Market. The number of shares of authorized and outstanding Common Stock will not change as a result of the Reverse/Forward Split. As a result of the Reverse/Forward Split, the Company's transfer agent will sell the Aggregated Shares on the open market to permit payment of the Cash-Out Payment to the Cashed-Out Stockholders. Based on the Company's stock records as of April 8, 2013, the Company presently expects that approximately 655,000 of its outstanding shares will be fractionalized as a result of the Reverse Split and subsequently sold by the Company's transfer agent on the open market to fund the payment of the Cash-Out Payment to the Cashed-Out Stockholders. The Company's transfer agent will be instructed to endeavor to limit the effect of the sales on the market price of the Common Stock by limiting its daily sales to 25% of the trailing 30-day average trading volume preceding the Effective Date or taking such other action as may be specified in or in accordance with the agreement between the Company and the transfer agent as approved by the Special Committee.

The effectuation of the Reverse/Forward Split would not, by itself, affect our assets or business prospects. The par value of the Common Stock will remain at \$0.01 per share after the Reverse/Forward Split. If implemented, the Reverse/Forward Split would not have any effect on our current dividend policy. Travelzoo has not declared or paid any cash dividends since inception and does not expect to pay cash dividends for the foreseeable future. The payment of dividends will be at the discretion of our Board of Directors and will depend upon factors such as future earnings, capital requirements, our financial condition and general business conditions.

Determination of Cash-Out Payment

Stockholders who hold less than 25 shares of Common Stock immediately prior to the Reverse Split will receive cash payments in respect of such shares. If stockholders approve this proposal at the Annual Meeting and the Reverse/Forward Split is completed, Travelzoo will arrange for the disposition of any fractional share interests of Cashed-Out Stockholders resulting from the Reverse Split by having the Company's transfer agent aggregate such fractional interests and sell the shares resulting from such aggregation (the "Aggregated Shares") in open market transactions following the effectiveness of the Forward Split. The Company's transfer agent will pay to the Cashed-Out Stockholders an amount per share equal to the greater of (1) the average per-share price received in the sale of the Aggregated Shares and (2) the average per-share closing price of the Common Stock on the Nasdaq Global Select Market for the ten (10) consecutive trading days ending on the last trading day prior to the Effective Date (the higher of (1) and (2) is referred to as the "Cash-Out Payment"). Each Cashed-Out Stockholder will receive the Cash-Out Payment for each share of

Common Stock they held immediately prior to the Effective Date in accounts with fewer than 25 shares. The amount of the Cash-Out Payment shall be calculated by the Company in its sole discretion and such calculation shall be final and binding on all parties, including each Cashed-Out Stockholder.

Any transaction costs associated with the sale of Aggregated Shares by the Company's transfer agent will not be deducted from the prices received by the transfer agent in connection with such sales for purposes of determining the Cash-Out Payment. The Company shall also instruct its transfer agent to endeavor to limit the effect of the sales of Aggregated Shares on the market price of the Common Stock by limiting its daily sales to 25% of the trailing 30-day average trading volume preceding the Effective Date or taking such other action as may be specified in or in accordance with the agreement between the Company and the transfer agent as approved by the Special Committee.

Stock Certificates

The Reverse/Forward Split will not affect any certificates representing shares of Common Stock held by registered stockholders owning 25 or more shares of Common Stock immediately prior to the Reverse Split. Current certificates held by any of these stockholders will continue to evidence ownership of the same number of shares as is set forth on the face of the certificate.

Any Cashed-Out Stockholder with share certificates will receive a letter of transmittal after the Reverse/Forward Split is completed. In order to receive their cash payments with respect to such shares, these stockholders must complete and sign the letter of transmittal and return it with their stock certificate(s) to Travelzoo's transfer agent, Computershare Trust Company, N.A., before they can receive cash payment for those shares. Even if approved by stockholders, the Special Committee retains the authority to abandon the Reverse/Forward Split for any reason at any time prior to the Effective Date.

U.S. Federal Income Tax Consequences

The following is a summary of the U.S. federal income tax consequences of the consummation of the Reverse/Forward Split generally applicable to holders of the Common Stock and to us. This summary addresses only those holders of Common Stock that have held, and will hold, their shares as capital assets. This summary does not discuss all aspects of U.S. federal income taxation which may be important to holders of Common Stock in light of their individual circumstances or that are subject to special rules (such as financial institutions, insurance companies, broker-dealers, tax-exempt organizations, regulated investment companies or real estate trusts, partnerships or other flow-through entities for U.S. federal income tax purposes and their partners or members, holders who received Common Stock as compensation for services or pursuant to the exercise of an employee stock option, or stockholders who have held, or will hold, Common Stock as part of a straddle, hedging, or conversion transaction for U.S. federal income tax purposes). The following summary is based upon U.S. federal income tax law, as currently in effect, which is subject to differing interpretations or change, possibly on a retroactive basis. Further, no ruling from the Internal Revenue Service or opinion of counsel has been obtained in connection with the Reverse/Forward Split. Tax consequences under state, local, foreign, and other laws are not addressed herein. Each holder of Common Stock is advised to consult his or her tax advisor as to the particular facts and circumstances which might be unique to such holder, and also to any state, local, foreign, and other tax consequences of the Reverse/Forward Split, in light of your specific circumstances.

For purposes of the discussion below, a "U.S. Holder" is a beneficial owner of shares of our Common Stock that for U.S. federal income tax purposes is: (1) an individual citizen or resident of the United States; (2) a corporation (including any entity treated as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States, any state or political subdivision thereof; (3) an estate the income of which is subject to

U.S. federal income taxation regardless of its source; or (4) a trust, the administration of which is subject to the primary supervision of a U.S. court and as to which one or more U.S. persons have the authority to control all substantial decisions of the trust, or that has a valid election in effect to be treated as a U.S. person. A “Non-U.S. Holder” is a beneficial owner (other than a partnership) of shares of our Common Stock who is not a U.S. Holder.

U.S. Federal Income Tax Consequences for the Company

We should not recognize any gain or loss as a result of the Reverse/Forward Split.

U.S. Holders

U.S. Federal Income Tax Consequences to U.S. Holders Who Are Not Cashed Out by the Reverse/Forward Split

If you (1) continue to hold Common Stock immediately after the Reverse/Forward Split, and (2) receive no cash as a result of the Reverse/Forward Split, you will not recognize any gain or loss in the Reverse/Forward Split for U.S. federal income tax purposes and you will have the same adjusted tax basis and holding period in your Common Stock as you had in such stock immediately prior to the Reverse/Forward Split.

U.S. Federal Income Tax Consequences to U.S. Holders Who are Cashed-Out by the Reverse/Forward Split

If you receive cash as a result of the Reverse/Forward Split, the sum of: (1) your allocable portion of the transaction costs, such as brokerage and services fees, paid on your behalf by the Company and incurred in connection with the Reverse/Forward Split, and (2) the number of shares of Common Stock held by you multiplied by the excess, if any, of (i) the average per-share closing price of the Common Stock on the Nasdaq Global Select Market for the ten (10) consecutive trading days ending on the last trading day prior to the Effective Date, over (ii) the average per-share price received in the sale of the Aggregated Shares on the open market (the sum of (1) and (2), the "Dividend Portion"), will be treated, first, as ordinary dividend income to the extent of your ratable share of Travelzoo's current and accumulated earnings and profits, then as a tax-free return of capital to the extent of your aggregate adjusted tax basis in your shares, and any remaining gain will be treated as capital gain.

In addition to the foregoing, you will recognize capital gain or loss in respect of any cash received by you in excess of the Dividend Portion (such amount, the "Exchange Portion"). The amount of capital gain or loss you recognize will equal the difference between this excess cash and your aggregate adjusted tax basis in such stock (as determined after adjusting such basis to reflect the receipt of the Dividend Portion).

Capital gain or loss recognized by you will be long-term if your holding period with respect to the Common Stock surrendered is more than one year at the time of the Reverse/Forward Split. The deductibility of capital loss is subject to limitations.

Non-U.S. Holders

U.S. Federal Income Tax Consequences to Non-U.S. Holders Who Are Not Cashed Out by the Reverse/Forward Split

If you (1) continue to hold Common Stock immediately after the Reverse/Forward Split, and (2) receive no cash as a result of the Reverse/Forward Split, you will not recognize any gain or loss in the Reverse/Forward Split for U.S. federal income tax purposes and you will have the same adjusted tax basis and holding period in your Common Stock as you had in such stock immediately prior to the Reverse/Forward Split.

U.S. Federal Income Tax Consequences to U.S. Holders Who are Cashed-Out by the Reverse/Forward Split

The gross amount of the Dividend Portion (as defined above under "U.S. Holders") paid to a Non-U.S. Holder generally will be subject to U.S. federal withholding tax at a rate of 30%, unless (i) an applicable income tax treaty reduces or eliminates such tax, and the Non-U.S. Holder certifies that it is eligible for the benefits of such treaty in the manner described below, or (ii) the dividends are effectively connected with the Non-U.S. Holder's conduct of a trade or business in the United States (and, if required by an applicable income tax treaty, are attributable to a permanent establishment maintained by the Non-U.S. Holder in the U.S.) and the non-U.S. holder satisfies certain certification and disclosure requirements. In the latter case, a Non-U.S. Holder generally will be subject to U.S. federal income tax with respect to such dividends on a net income basis at regular graduated U.S. federal income tax rates in the same

manner as a U.S. person (as defined under the Internal Revenue Code of 1986, as amended (the "Code")). Additionally, a Non-U.S. Holder that is a corporation may be subject to a branch profits tax equal to 30% (or such lower rate as may be specified by an applicable income tax treaty) of its effectively connected earnings and profits for the taxable year, as adjusted for certain items.

A non-U.S. holder that wishes to claim the benefit of an applicable income tax treaty with respect to the Dividend Portion will be required to provide the applicable withholding agent with a valid IRS Form W-8BEN (or other applicable form) and certify under penalties of perjury that such holder (i) is not a U.S. person (as defined under the Code) and (ii) is eligible for the benefits of such treaty, and the withholding agent must not have actual knowledge or reason to know that the certification is incorrect. This certification must be provided to the applicable withholding agent prior to the payment of dividends and may be required to be updated periodically. If our Common Stock is held through a non-U.S. partnership or non-U.S. intermediary, such partnership or intermediary will also be required to comply with additional certification requirements under applicable Treasury regulations. A non-U.S. holder eligible for a reduced rate of U.S. withholding tax pursuant to an income tax treaty may obtain a refund of any excess amounts withheld by timely filing an appropriate claim for refund with the IRS.

In addition, any capital gain realized by a Non-U.S. Holder as a result of the Reverse/Forward Split in respect of the Exchange Portion (as defined above under "U.S. Holders") generally should not be subject to U.S. federal income or withholding tax unless:

- the Non-U.S. Holder is an individual who holds our Common Stock as a capital asset, is present in the U.S. for 183 days or more during the taxable year in which the Effective Date occurs and meets certain other conditions;
- the gain is effectively connected with the Non-U.S. Holder's conduct of a trade or business in the U.S. (and, if certain income tax treaties apply, is attributable to a Non-U.S. Holder's permanent establishment in the U.S.); or
- we are or have been a "United States real property holding corporation" for U.S. federal income tax purposes at any time within the shorter of the five-year period ending on the Effective Date, or the period that the Non-U.S. Holder held the shares of our Common Stock. We do not believe that we have been, currently are, or will become, a United States real property holding corporation.

Individual Non-U.S. Holders who are subject to U.S. federal income tax because they are present in the United States for 183 days or more during the year in which the Effective Date occurs will be taxed on their gain (including gain from the sale of shares of our Common Stock and net of applicable U.S. losses from sales or exchanges of other capital assets recognized during the year) at a flat rate of 30% or such lower rate as may be specified by an applicable income tax treaty. Other Non-U.S. Holders subject to U.S. federal income tax with respect to gain recognized as a result of receiving cash in connection with the Reverse/Forward Split generally will be taxed on such gain in the same manner as if they were U.S. Holders and, in the case of foreign corporations, may be subject to an additional branch profits tax at a 30% rate or such lower rate as may be specified by an applicable income tax treaty.

Reservation of Rights

We reserve the right to abandon the Reverse/Forward Split without further action by our stockholders at any time before the filing of the necessary amendments to Travelzoo's Certificate of Incorporation with the Delaware Secretary of State, even if the Reverse/Forward Split has been authorized by our stockholders at the Annual Meeting, and by voting in favor of the Reverse/Forward Split, you are expressly also authorizing us to determine not to proceed with the Reverse/Forward Split if the Special Committee should so decide. The Special Committee is further authorized to determine when to file the necessary amendments to Travelzoo's Certificate of Incorporation with the Delaware Secretary of State at any time on or before the twelve-month anniversary of stockholder approval thereof, subject to (1) receipt by the Special Committee from Duff & Phelps, LLC of an update of the Initial Fairness Opinion as of the date when (if ever) the Special Committee determines to file the amendments (in its updated opinion, Duff & Phelps would be asked to confirm that, based upon the average closing price for the Company's Common Stock for the 10

trading days leading up to the Effective Date, the consideration to be paid to the Cashed-Out Stockholders would be fair, from a financial point of view, to those holders), and (2) the Special Committee's consideration of the totality of the circumstances.

No Appraisal Rights

Stockholders do not have appraisal rights under Delaware state law or under Travelzoo's Certificate of Incorporation or bylaws in connection with the Reverse/Forward Split.

Required Vote

The effectuation of the Reverse/Forward Split is conditioned on the approval of stockholders of the Company holding both (1) a majority of the issued and outstanding shares of Common Stock and (2) a majority of the issued and outstanding shares of Common Stock that are not held or controlled, directly or indirectly, by directors or officers of the Company, including, without limitation, the shares held by Azzuro Capital Inc., our principal stockholder. Abstentions will have the effect of a vote "against" the amendments to Travelzoo's Certificate of Incorporation to effect the Reverse Split followed by the Forward Split. Broker non-votes will have the same effect as a vote "against" the Reverse/Forward Split.

Azzuro Capital Inc., whose beneficial owner is Ralph Bartel, a member of our Board, holds an aggregate of 7,230,538 shares of our Common Stock, representing approximately 47.1% of the outstanding shares, as of June 27, 2013. Azzuro Capital Inc. has indicated that it intends to vote its shares in favor of Proposal 1.

Board of Directors' Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE AMENDMENTS TO TRAVELZOO'S CERTIFICATE OF INCORPORATION TO EFFECT A 1-FOR-25 REVERSE STOCK SPLIT, FOLLOWED IMMEDIATELY BY A 25-FOR-1 FORWARD STOCK SPLIT OF TRAVELZOO'S COMMON STOCK.

ELECTION OF DIRECTORS (PROPOSAL 2)

Under Travelzoo's bylaws, the number of directors of Travelzoo is fixed, and may be increased or decreased from time to time, by resolution of the Board of Directors. Each director holds office for a term of one year, until the annual meeting of stockholders next succeeding the director's election and until a successor is elected and qualified or until the earlier resignation or removal of the director. The following individuals have been nominated for election to our Board of Directors, each to serve until the 2014 Annual Meeting of Stockholders and until their successors are elected and qualified or until their earlier resignation or removal.

Following is information about each nominee, including biographical data for at least the last five years. Should one or more of these nominees become unavailable to accept nomination or election as a director, the individuals named as proxies on the enclosed proxy card will vote the shares that they represent for the election of such other persons as the Board may recommend, unless the Board reduces the number of directors. We have no reason to believe that any nominee will be unable or unwilling to serve if elected as a director.

Holger Bartel, Ralph Bartel, David J. Ehrlich, Donovan Neale-May, and Kelly M. Urso are currently directors of Travelzoo.

Nominees for a One-Year Term That Will Expire in 2014:

The ages, principal occupations, directorships held and other information as of June 13, 2013, with respect to our nominees are shown below.

Name	Age	Position
Holger Bartel, Ph.D.	46	Chairman of the Board of Directors
Ralph Bartel, Ph.D.	47	Director
David J. Ehrlich (1) (2)	50	Director
Donovan Neale-May (1) (3)	61	Director
Kelly M. Urso (1) (2) (3)	47	Director

- (1) Member of the Audit Committee
- (2) Member of the Compensation Committee
- (3) Member of the Disclosure Committee

Each of the director nominees listed above was elected to be a director at the Company's Annual Meeting of Stockholders held on May 18, 2012. Our Board of Directors has determined that each of Mr. Ehrlich, Mr. Neale-May, and Ms. Urso meet the independence requirements of the listing standards of the NASDAQ Stock Market (the "NASDAQ"). The Board of Directors determined that Mr. Ralph Bartel is not independent because he is a beneficial owner of Azzurro Capital Inc., which holds approximately 47.1% of our outstanding Common Stock as of June 27, 2013, and Mr. Holger Bartel is not independent because he is an employee of the Company and Ralph Bartel's brother.

Holger Bartel, Ph.D., has served as a Chairman of the Board of Directors since July 2010 after serving as a Director from June 2005 to June 2010. Mr. Bartel served as a consultant to the Company from July 2010 through September 2011 and became an employee of the Company in October 2011, serving as the Head of Strategy. Required Vote

Our Certificate of Incorporation, as amended, does not authorize cumulative voting. Delaware law and our bylaws provide that directors are to be elected by a plurality of the votes of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the election of directors. This means that the five (5) candidates receiving the highest number of affirmative votes at the Annual Meeting will be elected as directors. Only shares that are voted in favor of a particular nominee will be counted toward that nominee's achievement of a plurality. Shares present at the Annual Meeting that are not voted for a particular nominee or shares present by proxy where the stockholder properly withheld authority to vote for such nominee will not be counted toward that nominee's achievement of a plurality. Thus, abstentions and broker non-votes will have no effect on the election of directors. Proxies cannot be voted for a greater number of persons than the number of nominees named.

Board of Directors' Recommendation

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE ELECTION OF THE FIVE (5) DIRECTOR NOMINEES NAMED ABOVE.

The Board of Directors believes that each director nominee possesses the qualities and experience a member of Travelzoo's Board should possess. The Board of Directors seeks out, and the Board of Directors is comprised of, individuals whose background and experience complement those of other Board members.

CORPORATE GOVERNANCE

Board Meetings and Committees

The Board of Directors has appointed an Audit Committee, a Compensation Committee, and a Disclosure Committee. Below is a table indicating the membership of each of the Audit Committee, Compensation Committee, and Disclosure Committee and how many times the Board of Directors and each such committee met in fiscal year 2012. Each of Mr. Holger Bartel, Mr. Ralph Bartel, Mr. Ehrlich, Mr. Neale-May, and Ms. Urso attended at least 75 percent of the total number of meetings of the Board of Directors and of the committees on which he or she serves.

	Board	Audit	Compensation	Disclosure
Mr. Holger Bartel	Chair			
Mr. Ralph Bartel	Member			
Mr. Ehrlich	Member	Chair	Member	
Mr. Neale-May	Member	Member		Member
Ms. Urso	Member	Member	Chair	Chair
Number of 2012 Meetings	4	4	1	4

The Company does not require that directors attend the Annual Meeting.

Audit Committee

The Audit Committee's primary responsibilities are to oversee and monitor (i) the integrity of Travelzoo's financial statements, (ii) the qualifications and independence of our independent registered public accounting firm, (iii) the performance of our independent registered public accounting firm and internal audit staff, and (iv) the compliance by Travelzoo with legal and regulatory requirements. A complete description of the committee's responsibilities is set forth in its written charter. A copy the written charter can be found in Appendix A of our 2008 proxy statement. The Audit Committee is responsible for appointing the independent registered public accounting firm and is directly responsible for the compensation and oversight of the work of our independent registered public accounting firm. The Audit Committee is composed solely of independent directors as defined in the listing standards of the NASDAQ. The Board has determined that Mr. Ehrlich qualifies as an audit committee financial expert within the meaning of the regulations of the Securities and Exchange Commission ("SEC").

Compensation Committee

The Compensation Committee reviews and approves the compensation and benefits for the Company's executive officers and directors, and makes recommendations to the Board of Directors regarding such matters. The Compensation Committee also approves the Company's non-equity incentive plans. The Compensation Committee further reviews and discusses with management the Compensation Discussion and Analysis section of this proxy statement. The Report of the Compensation Committee is included herein. In 2012, the Company was not required to have a Compensation Committee charter since it is a "Controlled Company" under NASDAQ rule 5615, on account of the stock ownership by Azzurro Capital Inc. Such ownership is now less than 50%, so we will be establishing a Compensation Committee charter during 2013.

Disclosure Committee

The Disclosure Committee's primary responsibilities are (i) to design, establish and evaluate controls and other procedures that are designed to ensure the accuracy and timely disclosure of information to the SEC and investment community and (ii) to review and supervise preparation of all SEC filings, press releases and other broadly disseminated correspondence.

Nominating Committee

Since it was a "Controlled Company" as referred to above during 2012, the Company was not required to have a Nominating Committee. Since the Company is no longer a Controlled Company, it will be establishing a Nominating Committee during 2013. In 2012, through its share ownership, Azzurro Capital Inc. was in a position to control Travelzoo and to elect our entire Board of Directors. Azzurro Capital Inc. considers candidates for director nominees.

The Board's Role in Risk Oversight

The full Board oversees enterprise risk as part of its role in reviewing and overseeing the implementation of the Company's strategic plans and objectives. The risk oversight function is administered both in full Board discussions and in individual committees that are tasked by the Board with oversight of specific risks. On a regular basis, the Board and its committees receive information and reports from management on the status of the Company and the risks associated with the Company's strategy and business plans. In addition, the Audit Committee reviews the Company's risk assessment and risk management policies and procedures at least annually, including steps taken to monitor and control such exposures. The Board believes the continuity of Board membership, as well as the independent directors constituting a majority of the Board and separation of the roles of Chairman and Chief Executive Officer, encourage open discussion and assessment of the Company's ability to manage its risks.

Code of Ethics

We have adopted a code of ethics that applies to our Chief Executive Officer and our Chief Financial Officer, who also serves as our principal accounting officer. This code of ethics is posted on our website located at corporate.travelzoo.com/governance. A copy of the code of ethics is also available in print to stockholders and interested parties without charge upon written request delivered to our Corporate Secretary at Travelzoo Inc., 800 W. El Camino Real, Suite 275, Mountain View, CA 94040.

Communications with Directors

The board has established a process to receive communications from stockholders. Stockholders and other interested parties may contact any member (or all members) of the board, or the non-management directors as a group, any board committee or any chair of any such committee by mail. To communicate with the Board of Directors, any individual directors or any group or committee of directors, correspondence should be addressed to the Board of Directors or any such individual directors or group or committee of directors by either name or title. All such correspondence should be sent "c/o Corporate Secretary" at Travelzoo Inc., 800 W. El Camino Real, Suite 275, Mountain View, CA 94040.

All communications received as set forth in the preceding paragraph will be opened by the Corporate Secretary for the sole purpose of determining whether the contents represent a message to our directors. Any contents that are not in the nature of advertising, promotions of a product or service, patently offensive material or matters deemed inappropriate for the Board of Directors will be forwarded promptly to the addressee. In the case of communications to the board or any group or committee of directors, the Corporate Secretary will make sufficient copies of the contents to send to

each director who is a member of the group or committee to which the correspondence is addressed.

Certain Relationships and Related Party Transactions

The Company maintains policies and procedures to ensure that our directors, executive officers and employees avoid conflicts of interest. Our Chief Executive Officer and Chief Financial Officer are subject to our Code of Ethics and each signs the policy to ensure compliance. Our Code of Ethics requires our leadership to act with honesty and integrity, and to fully disclose to the Audit Committee any material transaction that reasonably could be expected to give rise to an actual or apparent conflict of interest. The Code of Ethics requires that our leadership obtain the prior written approval of the Audit Committee before proceeding with or engaging in any conflict of interest.

Our Audit Committee, with the assistance of legal counsel, reviews all related party transactions involving the Company and any of the Company's principal shareholders or members of our board of directors or senior management or any immediate family

member of any of the foregoing. A general statement of this policy is set forth in our audit committee charter, which was attached as Appendix A to our proxy statement for the 2008 Annual Meeting of Stockholders which has been filed with the SEC. However, the Audit Committee does not have detailed written policies and procedures for reviewing related party transactions. Rather, all facts and circumstances surrounding each related party transaction may be considered. If the Audit Committee determines that any such related party transaction creates a conflict of interest situation or would require disclosure under Item 404 of Regulation S-K, as promulgated by the SEC, the transaction must be approved by the Audit Committee prior to the Company entering into such transaction or ratified thereafter. The chair of the Audit Committee is delegated the authority to approve such transactions on behalf of the full committee, provided that such approval is thereafter reviewed by the committee. Transactions or relationships previously approved by the Audit Committee or in existence prior to the formation of the committee do not require approval or ratification.

Family Relationships

Holger Bartel, the Company's Head of Strategy and Chairman of the Board of Directors, and Ralph Bartel, a member of the Board of Directors, are brothers. Except for Holger Bartel and Ralph Bartel, there are no familial relationships among any of our officers and directors.

Involvement in Certain Legal Proceedings

To our knowledge, during the last ten years, none of our directors and executive officers has: (i) had a bankruptcy petition filed by or against any business of which such person was a general partner or executive officer either at the time of the bankruptcy or within two years prior to that time; (ii) been convicted in a criminal proceeding or been subject to a pending criminal proceeding, excluding traffic violations and other minor offenses; (iii) been subject to any order, judgment or decree, not subsequently reversed, suspended or vacated, of any court of competent jurisdiction, permanently or temporarily enjoining, barring, suspending or otherwise limiting his involvement in any type of business, securities or banking activities; (iv) been found by a court of competent jurisdiction (in a civil action), the Securities and Exchange Commission, or the Commodities Futures Trading Commission to have violated a federal or state securities or commodities law, and the judgment has not been reversed, suspended or vacated; or (v) been the subject to, or a party to, any sanction or order, not subsequently reverse, suspended or vacated, of any self-regulatory organization, any registered entity, or any equivalent exchange, association, entity or organization that has disciplinary authority over its members or persons associated with a member.

ADVISORY VOTE ON THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS OF THE COMPANY
(PROPOSAL 3)

Section 14A of the Exchange Act requires that we include in this proxy statement a non-binding stockholder vote on our executive compensation as described herein (commonly referred to as "Say-on-Pay").

We encourage stockholders to review the Compensation Discussion and Analysis included in this proxy statement. Our executive compensation program has been designed to pay for performance and align our executive compensation with business strategies focused on long term growth and creating value for stockholders while also paying competitively and focusing on the total compensation perspective. We feel this design is evidenced by the following:

- Our goal is to attract, motivate, and retain key executives and to reward executives for value creation.
- We provide a significant portion of our total compensation in the form of performance-based compensation; for example, approximately 6% to 36% of our named executive officers' total compensation for 2012 was in the form of performance-based compensation based on the achievement of quarterly corporate financial measures such as revenue and operating income.
- This is not a mechanical process, and our Board of Directors uses its judgment and experience and works with our Compensation Committee to determine the appropriate mix of compensation for each individual.

The Board of Directors strongly endorses the Company's executive compensation program and unanimously recommends that stockholders vote in favor of the following resolution:

RESOLVED, that the stockholders approve the compensation of our named executive officers, as disclosed pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis and the other tabular and narrative disclosure in the Company's proxy statement for its 2013 Annual Meeting of Stockholders.

Required Vote

Because the vote is advisory, it will not be binding upon the Board of Directors or the Compensation Committee and neither the Board of Directors or the Compensation Committee will be required to take any action as a result of the outcome of the vote on this proposal. The Compensation Committee will consider the outcome of the vote when considering future executive compensation arrangements. The affirmative vote of the majority of the shares of the Company's Common Stock present in person or represented by proxy and entitled to vote on the proposal will be considered as the approval, by an advisory vote, of the compensation of our named executive officers.

Board of Directors' Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" THE APPROVAL OF THE ADVISORY RESOLUTION RELATING TO THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

COMPENSATION DISCUSSION AND ANALYSIS

We hold annual votes on executive compensation, in accordance with shareholder recommendation made at the 2012 annual meeting. In light of last year's shareholder approval of the compensation for executives, there were no significant changes in executive compensation.

Overview of Compensation Program

The following Compensation Discussion and Analysis, or "CD&A," describes our overall compensation philosophy and the primary components of our compensation program. Furthermore, the CD&A explains the process by which the Compensation Committee, or "Committee", determined the 2012 compensation for our Chief Executive Officer, Chief Financial Officer and other most highly compensated officers. We refer to these individuals collectively as the "named executives" or the "named executive officers."

Compensation Philosophy and Objectives

The fundamental objectives of our executive compensation program are to attract and retain highly qualified executive officers, motivate these executive officers to materially contribute to our long-term business success, and align the interests of our executive officers and stockholders by rewarding our executives for individual and corporate performance based on targets established by the Committee.

We believe that achievement of these compensation program objectives enhances long-term profitability and stockholder value. The elements utilized to help achieve the Committee's objectives include the following:

- **Accountability for Individual Performance.** Compensation should in large part depend on the named executive's individual performance in order to motivate and acknowledge the key contributors to our success.
- **Recognition for Business Performance.** Compensation should take into consideration our overall financial performance and overall growth.
- **Attracting and Retaining Talented Executives.** Compensation should generally reflect the competitive marketplace and be designed to attract and retain superior employees in key competitive positions.

We implement our compensation philosophy through setting base salaries for our executive officers, through the use of our executive bonus plan and through reviewing and approving other terms of employment agreements.

Compensation Determination Process

Compensation Committee Members. The Committee is responsible for establishing, overseeing and reviewing executive compensation policies and for approving, validating and benchmarking the compensation and benefits for named executive officers. The Committee is also responsible for determining the fees paid to our outside directors. The Committee includes Ms. Kelly M. Urso (Chair) and Mr. David J. Ehrlich. Ms. Urso and Mr. Ehrlich satisfied the independence requirements of the NASDAQ.

Role of Management. During 2012, the Committee engaged in its annual review of executive compensation with the goal of ensuring the appropriate combination of fixed and variable compensation linked to individual and corporate performance. In the course of its review, the Committee considered the advice and input of the Company's CEO and data prepared by management, including a comparison of the current compensation of the named executive officers

with publicly available information. Management did rely on a service from Equilar Inc., a compensation research firm, to provide peer executive compensation data from proxies and a compensation survey for comparison purposes. However, management did not receive advice from Equilar in setting our executive compensation. The data utilized by the Committee included salary and total compensation information based on the title, job

description, and geographic location of similarly situated executives. The most significant aspects of the CEO's role in the compensation determination process are evaluating employee performance, establishing business performance targets, goals and objectives and recommending salary and bonus levels. The CEO does not participate in discussions regarding his compensation.

The Committee compared the compensation received by the Company's named executive officers with the levels of compensation received by similarly situated executives in the same geographic location in light of the named executives' responsibilities, performance, experience and tenure, in order to arrive at the total compensation package for each of the named executive officers. In some cases, the compensation package that the Committee awarded a named executive officer was at or below the median compensation received by executives compared to third-party data, while in other instances the compensation was higher due to the executive's responsibilities, performance, experience and tenure.

The Committee did not engage an outside consulting firm to provide advice on executive compensation.

Components of Executive Compensation

The Committee has structured an executive compensation program comprised of base salary, cash bonus and non-equity incentive pay. In addition, during 2012, the Committee approved the grant of options to the Company's Chief Financial Officer and President, North America, each for 50,000 shares of common stock as further described in our 2011 proxy statement and in the Nonqualified Stock Option Agreements between Travelzoo Inc. and both Glen Ceremony and Shirley Tafoya, dated January 23, 2012 (incorporated by reference to our Current Report on Form 8-K (File No. 000-50171), filed March 30, 2012).

Base Salary. The Committee considered two types of potential base salary increases for the named executive officers in 2012: (1) "merit increases" based upon each named executive's individual performance; and/or (2) "market adjustments" based upon the salary range for similarly situated executives.

In determining merit increases, the Committee considers the specific responsibilities of the executive and the executive's overall performance and tenure with the Company. In addition, the Committee also considers the CEO's evaluation of each named executive officer in making the decision regarding merit increases.

The Committee determines any market adjustments based on the Committee's comparison of the executive's compensation with statistical information on average compensation for similarly situated executives that is publicly available.

The Committee did not make any changes to the salaries of Mr. Christopher Loughlin, Mr. Glen Ceremony, Mr. Holger Bartel, Ms. Shirley Tafoya and Mr. Mark K. Webb in 2012.

Incentive Bonus Pay. In 2010, 2011 and 2012, Mr. Christopher Loughlin, Mr. Glen Ceremony, Ms. Shirley Tafoya and Mr. Mark Webb also received incentive bonuses pursuant to the terms of their employment agreements.

Pursuant to the terms of Mr. Loughlin's previous employment agreement dated May 16, 2005, as amended on July 12, 2006 and as amended on July 1, 2007, Mr. Loughlin was eligible to receive quarterly and annual bonuses. Mr. Loughlin's bonuses were payable in British pounds and have been translated into U.S. dollars (at the rate of £1 = \$1.54431) for the purposes of this summary. Mr. Loughlin was eligible to receive the following quarterly bonuses:

Criteria	Quarterly Bonus Payment
----------	----------------------------

Revenue goal as defined in the official budget for Europe is met	\$	11,582
Net income goal as defined in the official budget for Europe is met		11,582

Subscriber goal as defined in the official budget for Europe is met		11,582
Performance evaluation by the Chairman of the Company	Up to	11,582
Total maximum bonus per quarter	Up to \$	46,328

Under the terms of the annual bonus plan set forth in Mr. Loughlin's previous employment agreement, Mr. Loughlin was eligible to receive 10% of Travelzoo Europe's pro forma operating income generated from operations in the U.K., Germany and France from January 1, 2010 to June 30, 2010. The quarterly net income goal was met for the first quarter of 2010. Mr. Loughlin was paid 100% of his quarterly performance evaluation bonus for the first and second quarters of 2010. In determining the quarterly performance evaluation bonus for the first and second quarters of 2010, the Chairman of the Company considered factors such as the quality of Mr. Loughlin's strategic management to ensure the long-term success of the Company's business in Europe, the development of the Company's talent in Europe, the quality of the content of the Company's publications in Europe, and the development of the Travelzoo brand in Europe. For the first and second quarters of 2010, Mr. Loughlin received \$34,747 and \$285,165 pursuant to the quarterly and annual bonus plans, respectively, set forth in his employment agreement.

Pursuant to the terms of Mr. Loughlin's employment agreement dated November 18, 2009 and effective July 1, 2010, Mr. Loughlin is eligible to receive a quarterly Performance Bonus and a quarterly Discretionary Bonus. Mr. Loughlin was eligible to receive a quarterly Performance Bonus and a quarterly Discretionary Bonus for each quarter during 2012.

The quarterly Performance Bonus is calculated as follows:

Criteria	Quarterly Bonus Payment	
Worldwide revenue target for the quarter met AND there are no more than two Significant Customers AND no Significant Customer accounts for 17% or more of Worldwide consolidated revenue for the quarter	\$	20,000
Worldwide operating income target for the quarter met		20,000
Worldwide subscriber target for the quarter met	20,000	
Total maximum Performance Bonus per quarter	\$	60,000

The quarterly target for worldwide operating income, revenue and worldwide subscribers were not met for 2012. Mr. Loughlin did not receive any Performance Bonuses in 2012. The Company believes that targets set for worldwide revenue, worldwide operating income and worldwide subscribers align with the Company's desire to continue to grow the business. Since the individual targets are intended to be challenging, and since the separate targets related to different aspects of the Company's performance, it is expected it will be difficult for all the targets to be achieved for any given year.

Mr. Loughlin is also eligible to receive a quarterly Discretionary Bonus of up to \$20,000 per quarter. The Discretionary Bonus is to be determined by the Board of Directors at its sole and absolute discretion. In exercising such discretion, the Board of Directors takes into consideration Mr. Loughlin's individual performance. In evaluating Mr. Loughlin's individual performance during 2012, the Board of Directors considered factors such as the quality of Mr. Loughlin's strategic management to ensure the long-term success

of the Company, the development of the Company's leadership talent, the quality of the content of the Company's publications, and the development of the Travelzoo brand. Mr. Loughlin received Discretionary Bonuses totaling \$17,500 for 2012.

Pursuant to the terms of Mr. Ceremony's employment agreement dated May 9, 2011 and effective June 15, 2011, Mr. Ceremony is eligible to receive a quarterly Performance Bonus and a quarterly Discretionary Bonus. Mr. Ceremony was eligible to receive a quarterly Performance Bonus and a quarterly Discretionary Bonus for each quarter during 2012.

The quarterly Performance Bonus is calculated as follows:

Criteria	Quarterly Bonus Payment
Worldwide revenue target for the quarter met AND there are no more than two Significant Customers AND no Significant Customer accounts for 17% or more of Worldwide consolidated revenue for the quarter	\$ 12,500
Worldwide operating income target for the quarter met	12,500
Worldwide subscriber target for the quarter met	12,500
Total maximum Performance Bonus per quarter	\$ 37,500

The quarterly performance target for worldwide operating income, revenue and worldwide subscribers were not met for 2012 except certain targets for the fourth quarter. The quarterly Performance Bonus of \$37,500 was guaranteed for the first and second quarters of 2012 under the terms of his employment agreement. Mr. Ceremony received Performance Bonuses totaling \$87,500 during 2012. For 2012, Mr. Ceremony received 58% of the maximum Performance Bonus. The Company believes that targets set for worldwide revenue, worldwide operating income and worldwide subscribers align with the Company's desire to continue to grow the business. Since the individual targets are intended to be challenging, and since the separate targets related to different aspects of the Company's performance, it is expected it will be difficult for all the targets to be achieved for any given year.

Mr. Ceremony was eligible to receive quarterly Discretionary Bonus of up to \$12,500 per quarter. The Discretionary Bonus is to be determined by the Chief Executive Officer in his sole and absolute discretion. In exercising such discretion, the Chief Executive Officer takes into consideration Mr. Ceremony's individual performance. In evaluating Mr. Ceremony's individual performance, the Chief Financial Officer considered factors such as Mr. Ceremony's role as an advisor to the CEO on how to improve the Company's financial performance, his initiatives to improve the Company's management information systems, his leadership in the areas of corporate governance and business ethics, and the quality of his management of the Company's relationships with the investment community. Mr. Ceremony received Discretionary Bonuses totaling \$50,000 for 2012.

Other Compensation-Related Matters

Stock Options. The Company grants certain executive officers stock options (which represent the right to purchase a specific number of shares of company common stock at a predetermined price, subject to vesting conditions), to align their incentives with the long-term interests of our stockholders, retain them for the long term, reward them for potential long-term contributions, and provide a total compensation opportunity commensurate with our performance.

Perquisites and Additional Benefits. The Company seeks to maintain an open and inclusive culture in its facilities and operations among executives and other Company employees. Accordingly, the Company does not provide executives with reserved parking spaces or separate dining or other facilities, nor does the Company have programs for providing personal-benefit perquisites to executives, such as club dues or defraying the cost of personal entertainment. Named executive officers and employees may seek reimbursement for business related expenses in accordance with our business expense reimbursement policy.

Employment Agreements. The Company has entered into employment agreements with the named executive officers, some of which contain severance and change of control provisions. The terms of such employment agreements are described in more detail below in Employment Agreements and Potential Payments Upon Termination or Change-in-Control. The Committee believes these agreements are appropriate for a number of reasons, including the following:

- the agreements assist in attracting and retaining executives as we compete for talented employees in a marketplace where such agreements are commonly offered;
- the change in control provisions require terminated executives to execute a release in order to receive severance benefits; and
- the change in control and severance provisions help retain key personnel during rumored or actual acquisitions or similar corporate changes.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under Section 16(a) of the Securities Exchange Act of 1934, the Company's directors, executive officers and the beneficial holders of more than 10% of the Company's common stock are required to file reports of ownership and changes in ownership with the SEC. Such directors, executive officers and beneficial holders of more than 10% of the Company's common stock are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, based solely on a review of the copies of such forms furnished to the Company or written representations from reporting persons, during fiscal 2012, all Section 16(a) filing requirements were satisfied on a timely basis, except the Form 3 for Mr. Mark Webb as President, Local Deals hired on February 27, 2012 as the Company has now determined that Mr. Webb should be considered a Section 16 executive officer. Mr. Webb did not purchase or sell the Company's stock during fiscal year 2012.

PRINCIPAL ACCOUNTANT FEES AND SERVICES

Independent Public Accountants

KPMG LLP ("KPMG") served as Travelzoo's independent registered public accounting firm for our 2012 fiscal year. KPMG representatives are not expected to be present at the Annual Meeting or to make a formal statement. Consequently, representatives of KPMG will not be available to respond to questions at the meeting.

The Audit Committee has not yet selected our independent registered public accounting firm for our 2013 fiscal year. The Audit Committee annually reviews the performance of our independent registered public accounting firm and the fees charged for their services. This review has not yet been completed. Based upon the results of this review, the Audit Committee will determine which independent registered public accounting firm to engage to perform our annual audit. Stockholder approval of our accounting firm is not required by our bylaws or otherwise required to be submitted to the stockholders.

Principal Accountant Fees and Services

During fiscal year 2012 and 2011, KPMG charged fees for services rendered to Travelzoo as follows:

Service	2012 Fees		2011 Fees	
Audit fees(1)	\$	909,798	\$	851,693
Audit-related fees		—		—
Tax fees		—		—
All other fees		—		—
Total	\$	909,798	\$	851,693

- (1) Audit fees consisted of fees for professional services rendered for the annual audit of Company's consolidated financial statements and review of the interim consolidated financial statements included in the quarterly reports and audit services rendered in connection with other statutory or regulatory filings.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

The Audit Committee pre-approves all audit and permissible non-audit services provided by the Company's independent registered public accounting firm. These services may include audit services, audit-related services, tax and other services. Pre-approval is generally provided for up to one year, and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent registered public accounting firm and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date. The Audit Committee may also pre-approve particular services on a case-by-case basis. During 2012 and 2011, all services provided by KPMG were pre-approved by the Audit Committee in accordance with this policy.

AUDIT COMMITTEE REPORT

The information contained in this report shall not be deemed to be “soliciting material” or “filed” with the SEC or subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), except to the extent that Travelzoo specifically incorporates it by reference into a document filed under the Securities Act of 1933, as amended (the “Securities Act”) or the Exchange Act.

The Audit Committee oversees Travelzoo’s financial reporting process on behalf of the Board of Directors. Management is primarily responsible for the financial statements and reporting processes including the systems of internal controls, while the independent auditors are responsible for performing an independent audit of Travelzoo’s consolidated financial statements in accordance with auditing standards of the Public Company Accounting Oversight Board (“PCAOB”), and expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States.

In this context, the committee has met and held discussions with management and the independent auditors regarding the Company’s audited consolidated financial statements for the fiscal year ended December 31, 2012. The committee discussed with Travelzoo’s independent auditors the overall scope and plan for their audit. The committee met, at least quarterly, with the independent auditors, with and without management present, and discussed the results of their examinations, their evaluations of Travelzoo’s internal controls, and the overall quality of Travelzoo’s financial reporting. Management represented to the committee that Travelzoo’s consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States. The committee has reviewed and discussed the consolidated financial statements with management and the independent auditors, including their judgments as to the quality, not just the acceptability, of Travelzoo’s accounting principles and such other matters as are required to be discussed with the committee under auditing standards of the PCAOB.

Travelzoo’s independent auditors also provided to the committee the written disclosures required by applicable requirements of the PCAOB regarding the independent accountant’s communications with the audit committee concerning independence, and the committee discussed with the independent auditors that firm’s independence, including those matters required to be discussed by Statement on Auditing Standards No. 61, as amended.

In reliance on the reviews and discussions referred to above, the committee recommended to the Board of Directors (and the Board of Directors has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2012 filed with the SEC. The committee has not yet selected Travelzoo’s independent auditors for fiscal year 2013.

While the committee has the responsibilities and powers set forth in its charter, it is not the duty of the committee to plan or conduct audits or to determine that Travelzoo’s financial statements are complete and accurate and are in accordance with generally accepted accounting principles. This is the responsibility of management and the independent auditors. Nor is it the duty of the committee to conduct investigations or to assure compliance with laws and regulations or Travelzoo’s business conduct policies.

SHAREHOLDER PROPOSAL REGARDING THE IMPLEMENTATION OF MAJORITY VOTING FOR UNCONTESTED DIRECTOR ELECTIONS (PROPOSAL 4)

Travelzoo has received a shareholder proposal by California State Teachers' Retirement System ("CalSTRS") requesting that our Board of Directors initiate an appropriate process to amend our Certificate of Incorporation and/or bylaws to adopt majority voting for uncontested elections of directors at our annual meeting of stockholders, with a plurality vote standard retained for contested director elections. The Company will provide the address and number of shares held by CalSTRS upon an oral or written request for such information sent to the Secretary of the Company. In accordance with SEC rules, the text of the shareholder proposal and supporting statement are printed below exactly as they were submitted to the Company. The Company is not responsible for the contents of the proposal or supporting statement. If properly presented, this proposal will be voted on at the Annual Meeting.

Shareholder Proposal

BE IT RESOLVED:

That the shareholders of Travelzoo Inc. hereby request that the Board of Directors initiate the appropriate process to amend the Company's articles of incorporation and/or bylaws to provide that director nominees shall be elected by the affirmative vote of the majority of votes cast at an annual meeting of shareholders, with a plurality vote standard retained for contested director elections, that is, when the number of director nominees exceeds the number of board seats.

SUPPORTING STATEMENT:

In order to provide shareholders a meaningful role in director elections, the Company's current director election standard should be changed from a plurality vote standard to a majority vote standard. The majority vote standard is the most appropriate voting standard for director elections where only board nominated candidates are on the ballot, and it will establish a challenging vote standard for board nominees to improve the performance of individual directors and entire boards. Under the Company's current voting system, a nominee for the board can be elected with as little as a single affirmative vote, because "withheld" votes have no legal effect. A majority vote standard would require that a nominee receive a majority of the votes cast in order to be re-elected and continue to serve as a representative for the shareholders.

In response to strong shareholder support a substantial number of the nation's leading companies have adopted a majority vote standard in company bylaws or articles of incorporation. In fact, more than 80% of the companies in the S&P 500 have adopted majority voting for uncontested elections. We believe the Company needs to join the growing list of companies that have already adopted this standard.

CalSTRS is a long-term shareholder of the Company and we believe that accountability is of utmost importance. We believe the plurality vote standard currently in place at the Company completely disenfranchises shareholders and makes the shareholder's role in director elections meaningless. Majority voting in director elections will empower shareholders with the ability to remove poorly performing directors and increase the directors' accountability to the owners of the Company, its shareholders. In addition, those directors who receive the majority support from shareholders will know they have the backing of the very shareholders they represent. We therefore ask you to join us in requesting that the Board of directors promptly adopt the majority vote standard for director elections.

Please vote FOR this proposal.

Recommendation of the Board of Directors

The Company's Board of Directors has considered the proposal set forth above relating to majority voting for uncontested director elections, and has determined to make no voting recommendation to stockholders. The proposal, which is advisory in nature, would constitute a recommendation to the Board if approved by stockholders. The Board recognizes that there are valid arguments in

favor of, and in opposition to, majority voting. The Board wants to use this proposal as an opportunity for stockholders to express their views on this subject without being influenced by any recommendation the Board might make.

Supporters of plurality voting contend, among other things, that plurality voting is the default standard for director elections under Delaware law, that adopting a majority voting standard would unnecessarily complicate uncontested director elections, and that adoption of majority voting could lead to unintended consequences such as no directors being elected, the Company not being in compliance with applicable NASDAQ or SEC rules regarding independent directors or the potential loss of a person whose service the Board believes would make a valuable contribution to the Board's oversight of the Company's business and affairs. Supporters of a majority voting standard often make arguments such as those set forth above in the proponent's supporting statement.

Approval of this proposal requires the affirmative vote of a majority of the shares present in person or by proxy and entitled to vote on the matter at the Annual Meeting once a quorum is present. Such approval would not, by itself, implement majority voting. In order to implement majority voting, the Company's bylaws would need to be amended. If stockholders approve the proposal at this year's Annual Meeting, the Board intends to adopt or present for a vote of stockholders at next year's Annual Meeting an amendment to the bylaws that would implement majority voting in uncontested director elections.

If stockholders return a validly executed proxy solicited by the Board of Directors, the shares represented by the proxy will be voted on this proposal in the manner specified by the stockholder. If stockholders do not specify the manner in which their shares represented by a validly executed proxy solicited by the Board are to be voted on this proposal, such shares will be counted as abstentions. Since approval of the proposal requires a majority of the shares present in person or by proxy and entitled to vote on the matter, abstentions will have the same effect as a vote against the proposal.

OTHER BUSINESS

STOCKHOLDER PROPOSALS FOR THE 2014 ANNUAL MEETING

It is contemplated that the next annual meeting of stockholders will be held on or about _____, 2014. Stockholders may submit proposals on matters appropriate for stockholder action at annual meetings in accordance with the rules and regulations adopted by the SEC. For a stockholder proposal to be included in the Company's proxy statement and identified in its form of proxy in connection with the Company's annual meeting of stockholders, it must be received by the Company at least 120 calendar days prior to the one-year anniversary of the date that the Company's proxy statement was released to the stockholders in connection with the previous year's annual meeting. As a result, stockholder proposals submitted for consideration at the 2014 annual meeting must be received no later than _____, 2014, to be included in the 2014 proxy materials. Rule 14a-8 of the Exchange Act provides additional information regarding the content and the procedure applicable to the submission of stockholder proposals to be included in the Company's proxy materials for its next Annual Meeting.

If a stockholder wishes to present a proposal at Travelzoo's 2014 Annual Meeting or to nominate one or more directors and the proposal is not intended to be included in Travelzoo's proxy statement relating to that meeting, the stockholder must give advance written notice to Travelzoo by _____, 2014. These requirements are separate from and in addition to the requirements a stockholder must meet to have a proposal included in our proxy statement.

Any such notice must be delivered or mailed to our Corporate Secretary, at Travelzoo Inc., 800 W. El Camino Real, Suite 275, Mountain View, CA 94040.

HOUSEHOLDING

We have adopted a procedure approved by the SEC called "householding." Under this procedure, a householding notice will be sent to stockholders who have the same address and last name and do not participate in electronic delivery of proxy materials, and they will receive only one copy of our annual report and proxy statement unless one or more of these stockholders notifies us that they wish to not participate in householding and continue receiving individual copies. This procedure reduces our printing costs and postage fees. Each stockholder who participates in householding will continue to receive a separate proxy card.

The Company will promptly deliver, upon oral or written request, a separate copy of the proxy statement and annual report to any stockholder participating in householding. Stockholders who share an address with other stockholders and are eligible for householding, but currently receive multiple copies of our annual reports and proxy statements, or who have multiple accounts in their names, can authorize us to discontinue mailings of multiple annual reports and proxy statements. Requests for additional copies, or requests for a single copy to be delivered to a shared address should be directed to Investor Relations, Travelzoo Inc., 590 Madison Avenue, 37th Floor, New York, New York 10022 or by telephone at (212) 484-4900.

EXPENSES AND SOLICITATION COSTS

We will bear the cost of solicitation of proxies. We have also engaged Georgeson Inc. to solicit proxies. For its services, we will pay Georgeson Inc. a fee of \$8,500 plus out-of-pocket expenses. Proxies will be solicited by mail and also may be solicited by our executive officers and other employees personally or by telephone, but such persons will not be specifically compensated for such services. It is contemplated that brokerage houses, custodians, nominees and fiduciaries will be requested to forward the soliciting material to the beneficial owners of stock held of record by such persons and we will reimburse them for their reasonable expenses incurred in connection therewith.
