Item 8.01. Other Events.

On September 26, 2011, Gyrodyne Company of America, Inc. (the “Company”) announced the successful completion of its rights offering, which concluded on September 22, 2011. The Company raised \$10.2 million, the maximum gross proceeds possible. In the rights offering, the Company distributed non-transferable rights to purchase 173,305 shares of its common stock at a purchase price of \$53.00 per share to shareholders of record as of August 15, 2011. In addition, the Company had the option to issue an additional 19,336 shares to honor over-subscription requests.

The Company received subscriptions for approximately 294,685 shares, greatly exceeding the maximum shares offered of 173,305, and the Company elected to exercise its over-allotment option to issue an additional 19,336 shares to satisfy over-subscription requests. Shareholders were allocated 100% of their basic subscriptions and, as a result of the pro rata allocation of available shares to satisfy over-subscription requests, over-subscribing shareholders were also allocated additional shares equal to 47% of the oversubscription shares requested. Accordingly, the Company has issued an aggregate of 192,641 shares in the rights offering.

The net proceeds of the offering will be used for potential additional expenses associated with the condemnation litigation, pursuing development rights for the Flowerfield property, necessary capital improvements in the Company’s real estate portfolio and general working capital.
