### **Item 1.01 Conflict Minerals Disclosure and Report**

This Specialized Disclosure Report on Form SD (“Form SD”) of Littelfuse, Inc. for the year ended December 31, 2017 is presented to comply with Rule 13p-1 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). Rule 13p-1 under the Exchange Act provides that a registrant must file this specialized disclosure report on Form SD if it manufactures or contracts to manufacture products for which certain “Conflict Minerals” (as defined below) are necessary to the functionality or production of such products. As required for products that contain the Conflict Minerals, Littelfuse, Inc. conducted in good faith a reasonable country of origin inquiry that it believes was reasonably designed to determine whether any of the necessary Conflict Minerals contained in its products manufactured in calendar year 2017 originated in the Covered Countries. Littelfuse, Inc.’s Conflict Minerals Report, which describes this inquiry and other information, is provided as an exhibit to this report and is also publicly available on its website at <http://investor.littelfuse.com/corporate-governance/governance-overview>.
