Report of Independent Auditors

The Board of Directors and Stockholders of Hudson Pacific Properties, Inc.

We have audited the accompanying statement of revenues and certain expenses of Pinnacle I (the "Property") for the year ended December 31, 2011. This statement of revenues and certain expenses is the responsibility of the Property's management. Our responsibility is to express an opinion on this statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of revenues and certain expenses is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The accompanying Statement of Revenues and Certain Expenses was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission for the inclusion in the current report on Form 8-K of Hudson Pacific Properties, Inc., as described in Note 1, and are not intended to be a complete presentation of the Property's revenue and expenses.

In our opinion, the statement of revenues and certain expenses referred to above presents fairly, in all material respects, the revenues and certain expenses (as defined in Note 1) of Pinnacle I for the year ended December 31, 2011, in conformity with U.S. generally accepted accounting principles.

1. Basis of Presentation

The accompanying statements of revenues and certain expenses include the operations of Pinnacle I (“The Property”), an office building located in Los Angeles, California.

The accompanying statements of revenues and certain expenses relate to the Property and have been prepared for the purpose of complying with Rule 3-14 of Regulation S-X promulgated under the Securities Act of 1933, as amended. Accordingly, the statements are not representative of the actual operations for the periods presented as revenues and certain operating expenses, which may not be directly attributable to the revenues and expenses expected to be incurred in the future operations of the Property, have been excluded. Such items include depreciation, amortization, management fees, certain property administrative expenses, interest expense, interest income and amortization of above-and below-market leases.

2. Summary of Significant Accounting Policies

Revenue Recognition

The Property recognizes rental revenue from tenants on a straight-line basis over the lease term when collectability is reasonably assured and the tenant has taken possession or controls the physical use of the leased asset.

Tenant recoveries related to reimbursement of real estate taxes, insurance, repairs and maintenance, and other operating expenses are recognized as revenue in the period the applicable expenses are incurred. The reimbursements are recognized and presented gross, as the Property is generally the primary obligor with respect to purchasing goods and services from third-party suppliers, has discretion in selecting the supplier and bears the associated credit risk.

Parking and other revenue is revenue that is derived from the tenants’ use of telecommunications, parking and the fitness center. Parking and other revenue is recognized when the related services are utilized by the tenants.

Use of Estimates

Management has made a number of estimates and assumptions relating to the reporting and disclosure of revenues and certain expenses during the reporting periods to present the statements of revenues and certain expenses in conformity with U.S. generally accepted accounting principles. Actual results could differ from those estimates.

3. Minimum Future Lease Rentals

There are various lease agreements in place with tenants to lease space in the Property. As of September 30, 2012, the minimum future cash rents receivable under noncancelable operating leases in each of the next five years and thereafter are as follows (unaudited):

2012 (three months ending December 31, 2012)	\$3,579
2013	14,770
2014	14,580
2015	13,183

2016	12,251
2017	8,826
Thereafter	17,577
	\$84,766

Leases generally require reimbursement of the tenant's proportional share of common area, real estate taxes and other operating expenses, which are excluded from the amounts above.

---

#### 4. Tenant Concentrations

For the year ended December 31, 2011 and the nine-months ended September 30, 2012, two tenants represented 76.4% and 79.3% (unaudited), respectively, of the Property's rental revenues.

#### 5. Related Party Transactions

An affiliate of the owner of the property provides engineering services to the property. For the year ended December 31, 2011 and the nine-months ended September 30, 2012, \$62 and \$53 (unaudited) of engineering related services, respectively are included in the Property's property operating expenses

#### 6. Commitments and Contingencies

The Property is subject to various legal proceedings and claims that arise in the ordinary course of business. These matters are generally covered by insurance. Management believes that the ultimate settlement of these actions will not have a material adverse effect on the Property's results of operations.

#### 7. Subsequent Events

The Property evaluated subsequent events through January 17, 2013, the date the financial statements were available to be issued.
