Explanatory Note

The registrant is amending the Form N-PX for the reporting period from July, 1, 2016 through June 30, 2017 to list all issuers or other parties that solicited a proxy regarding an issuer, the meeting date, and a summary of the proposals. During the reporting period, proxies were reviewed for proposals company management supported that were contrary to the registrant's interest. If any had been identified, those proxies would have been voted reflecting the registrant's contrary position, but none were identified. As the registrant determined that it was in agreement with each management proposal (and there were no proposals made other than by management), the registrant elected not to vote the proxies to help conserve resources in light of management and structural changes, which was permitted by the registrant's policies and procedures.

For each matter identified in the table below (unless otherwise noted): (a) the matter was proposed by the issuer; and (b) as noted above, Daxor did not cast its vote on the matter.
