Commission File
No. 1-9328

ECOLAB INC.

(Exact name of registrant as specified in its charter)

Delaware	41-0231510
(State or other jurisdiction of incorporation or organization)	(I.R.S. Employer Identification No.)

1 Ecolab Place, St. Paul, Minnesota 55102

(Address of principal executive offices)(Zip Code)

1-800-232-6522

(Registrant's telephone number, including area code)

(Not applicable)

(Former name, former address and former fiscal year,

if changed since last report)

Securities registered pursuant to Section 12(b) of the Act:

Title of each class Common Stock, \$1.00 par value	Trading symbol(s) ECL	Name of each exchange on which registered New York Stock Exchange, Inc.
2.625% Euro Notes due 2025	ECL 25	New York Stock Exchange, Inc.
1.000% Euro Notes due 2024	ECL 24	New York Stock Exchange, Inc.

Edgar Filing: ECOLAB INC. - Form 10-Q

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definitions of “large accelerated filer,” “accelerated filer,” “smaller reporting company,” and “emerging growth company” in Rule 12b-2 of the Exchange Act.

Large accelerated filer	Accelerated filer
Non-accelerated filer	Smaller reporting company
	Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

The number of shares of each of the registrant’s classes of Common Stock outstanding as of March 31, 2019: 288,242,150 shares, par value \$1.00 per share.

PART I - FINANCIAL INFORMATION

Item 1. Financial Statements

CONSOLIDATED STATEMENT OF INCOME

(unaudited)

(millions, except per share amounts)	First Quarter Ended March 31	
	2019	2018
Product and equipment sales	\$2,886.3	\$2,859.6
Service and lease sales	619.1	611.3
Net sales	3,505.4	3,470.9
Product and equipment cost of sales	1,717.1	1,696.2
Service and lease cost of sales	379.6	376.1

---------	-----------	-----------	-------------	-------------	-----------	--------

- (a) Upon adoption of ASU 2016-16, Intra-Entity Transfers of Assets Other than Inventory, the Company recorded an adjustment to retained earnings representing the write-off of income tax effects that had been deferred from past transactions and the recording of deferred tax assets which previously were not allowed to be recognized.
- (b) Dividends declared per common share were \$0.460 and \$0.410 in the first quarter of 2019 and 2018, respectively.
- (c) Upon adoption of ASU 2018-02, Income Statement – Reporting Comprehensive Income (Topic 220): Reclassification of Certain Tax Effects from Accumulated Other Comprehensive Income, the Company reclassified stranded tax effects resulting from the Tax Cut and Jobs Act from accumulated other comprehensive income to retained earnings. Also, upon adoption of ASU 2016-02, Leases (Topic 842), the Company has established right-of-use assets and lease liabilities for operating leases and the cumulative effect of applying the standard is recognized to retained earnings at the beginning of the period adopted.

See Note 18 for additional information regarding adoption of new accounting guidance.

CONDENSED NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(unaudited)

1. CONSOLIDATED FINANCIAL INFORMATION

The unaudited consolidated financial information for the first quarter ended March 31, 2019 and 2018 reflect, in the opinion of company management, all adjustments necessary for a fair statement of the financial position, results of operations, comprehensive income (loss), equity and cash flows of Ecolab Inc. ("Ecolab" or "the Company") for the interim periods presented. Any adjustments consist of normal recurring items.

The financial results for any interim period are not necessarily indicative of results for the full year. The consolidated balance sheet data as of December 31, 2018 was derived from the audited consolidated financial statements but does not include all disclosures required by accounting principles generally accepted in the United States of America. The unaudited consolidated financial information should be read in conjunction with the consolidated financial statements and notes thereto incorporated in the Company's Annual Report on Form 10-K for the year ended December 31, 2018.

Sales, cost of sales and selling, general and administrative expenses in the selected consolidated income statement information includes immaterial revisions to amounts previously reported in the Company's quarterly reports on Form 10-Q for each of the first three quarters of 2018. The revisions had no impact on previously reported total net sales or operating income. Except for the changes due to the adoption of the new accounting standards, the Company has consistently applied the accounting policies to all periods presented in these consolidated financial statements.

Upstream Energy Spin-off

Ecolab intends to pursue, subject to the receipt of approval by Ecolab's Board of Directors and any regulatory approvals, a plan to separate and spin-off the Upstream businesses of Ecolab's Global Energy segment (the Upstream Business) through a series of tax-efficient transactions (collectively, the Spin-off). Under the plan, if effectuated, Ecolab's shareholders would own 100% of the common stock of a new corporation that owns the Upstream Business. The Spin-off is expected to be completed in 2020 and is intended to qualify as a tax-free distribution to Ecolab shareholders for U.S. federal income tax purposes.

With respect to the unaudited financial information of the Company for the first quarter ended March 31, 2019 and 2018 included in this Form 10-Q, PricewaterhouseCoopers LLP reported that they have applied limited procedures in accordance with professional standards for a review of such information. Their separate report dated May 2, 2019 appearing herein states that they did not audit and they do not express an opinion on that unaudited financial information. Accordingly, the degree of reliance on their report on such information should be restricted in light of the

limited nature of the review procedures applied. PricewaterhouseCoopers LLP is not subject to the liability provisions of Section 11 of the Securities Act of 1933, as amended (the "Act"), for their report on the unaudited financial information because that report is not a "report" or a "part" of a registration statement prepared or certified by PricewaterhouseCoopers LLP within the meaning of Sections 7 and 11 of the Act.

2. SPECIAL (GAINS) AND CHARGES

Special (gains) and charges reported on the Consolidated Statement of Income include the following:

(millions)	First Quarter Ended March 31	
	2019	2018
Cost of sales		
Restructuring activities	3.4	-
Acquisition and integration activities	0.2	-
Subtotal	3.6	-
Special (gains) and charges		
Restructuring activities	37.1	0.3
Upstream energy spin-off	4.3	-
Acquisition and integration activities	2.5	0.5
Other	(3.6)	25.2
Subtotal	40.3	26.0
Operating income subtotal	43.9	26.0
Interest expense, net	0.2	-
Total special (gains) and charges	\$44.1	\$26.0

For segment reporting purposes, special (gains) and charges are not allocated to reportable segments, which is consistent with the Company's internal management reporting.

Restructuring activities

Restructuring activities are primarily related to Accelerate 2020 (described below). These activities have been included as a component of both cost of sales and special (gains) and charges on the Consolidated Statement of Income. Restructuring liabilities have been classified as a component of both other current and other noncurrent liabilities on the Consolidated Balance Sheet.

Accelerate 2020

During the third quarter of 2018, the Company formally commenced a restructuring plan Accelerate 2020 ("the Plan"), to leverage technology and systems investments and organizational changes. During the first quarter of 2019, the

Company raised its goals for the Plan to simplify and automate processes and tasks, reduce complexity and management layers, consolidate facilities and focus on key long-term growth areas by leveraging technology and structural improvements. The Company now expects that the restructuring activities will be completed by the end of 2020, with total anticipated costs of \$260 million (\$190 million after tax) over this period of time. The costs are expected to be primarily cash expenditures for severance costs and some facility closure costs relating to team reorganizations. Actual costs may vary from these estimates depending on actions taken.

The Company recorded restructuring charges of \$40.5 million (\$30.4 million after tax) in the first quarter of 2019. The liability related to this Plan was \$81.4 million as of the end of the first quarter. The Company has recorded \$145.1 million (\$110.0 million after tax) of cumulative restructuring charges under the Plan.

Restructuring activity related to the Plan since inception of the underlying actions includes the following:

(millions)	Employee Termination Costs	Asset Disposals	Other	Total
2018 Activity				
Recorded expense	\$ 94.1	\$ 5.0	\$ 5.5	\$ 104.6
Net cash payments	(32.8)	-	(2.4)	(35.2)
Non-cash charges	-	(5.0)	-	(5.0)
Effect of foreign currency translation	(0.5)	-	-	(0.5)
Restructuring liability, December 31, 2018	60.8	-	3.1	63.9
2019 Activity				
Recorded expense	29.4	0.3	10.8	40.5
Net cash payments	(20.0)	-	(2.8)	(22.8)
Non-cash charges	-	(0.3)	-	(0.3)
Effect of foreign currency translation	0.1	-	-	0.1
Restructuring liability, March 31, 2019	\$ 70.3	\$ -	\$ 11.1	\$ 81.4

Other Restructuring Activities

Prior to Accelerate 2020, the Company engaged in a number of restructuring plans. During the first quarter of 2019, net restructuring charges related to the prior year plans were minimal. During the first quarter of 2018, net restructuring charges related to the prior year plans were \$0.3 million (\$0.3 million after tax). The restructuring liability balance for all plans commencing prior to Accelerate 2020 was \$13.1 million and \$14.9 million as of March 31, 2019 and December 31, 2018, respectively. The reduction in liability was driven primarily by severance payments. The majority of pretax charges represent net cash expenditures which are expected to be paid over a period of a few months to several quarters and will continue to be funded from operating activities. Cash payments during 2019 related to restructuring plans commencing prior to 2018 were \$1.4 million.

Upstream energy spin-off

During the first quarter of 2019, the Company announced its intention to pursue a plan to separate and spin-off the Upstream businesses of Ecolab's Global Energy segment (the Upstream Business). The charges reported in special (gains) and charges on the Consolidated Statement of Income include \$4.3 million (\$3.3 million after tax) in the first quarter of 2019, which are primarily related to professional fees.

Acquisition and integration related costs

Acquisition and integration costs reported in special (gains) and charges on the Consolidated Statement of Income include \$2.5 million (\$1.8 million after tax) and \$0.5 million (\$0.3 million after tax) in the first quarter of 2019 and 2018, respectively. Charges are related to Laboratoires Anios ("Anios") and Bioquell, PLC ("Bioquell") acquisitions and consist of integration costs, advisory and legal fees. Acquisition and integration costs reported in product and equipment cost of sales on the Consolidated Statement of Income in the first quarter of 2019 relate to the recognition of fair value step-up in the Bioquell inventory. The Company also incurred \$0.2 million (\$0.1 million after tax) of interest expense in the first quarter of 2019.

Further information related to the Company's acquisitions is included in Note 3.

Other

During the first quarter of 2019, the Company recorded other special gains of \$3.6 million (\$4.3 million after of tax) which primarily related to a litigation settlement which was offset with other legal charges. During the first quarter of 2018, the Company recorded other special charges of \$25.2 million (\$18.9 million after of tax) in special (gains) and

charges which primarily consisted of \$25.0 million (\$18.9 million after tax) commitment to the Ecolab Foundation in response to the new U.S. tax law.

3. ACQUISITIONS AND DISPOSITIONS

Acquisitions

The Company makes business acquisitions that align with its strategic business objectives. The assets and liabilities of the acquired businesses have been recorded as of the acquisition date, at their respective fair values, and are included in the Consolidated Balance Sheet. The purchase price allocation is based on estimates of the fair value of assets acquired and liabilities assumed. The aggregate purchase price of acquisitions has been reduced for any cash or cash equivalents acquired with the acquisition. Acquisitions during the first quarter of 2019 and 2018 were not significant to the Company's consolidated financial statements; therefore, pro forma financial information is not presented.

2019 Activity

During the first quarter of 2019, the Company acquired Bioquell, a life sciences business which is a seller of bio-decontamination products and services to the Life Sciences and Healthcare industries. This business became part of the Global Industrial reporting segment. During 2018, the Company deposited \$179.3 million (£140.5 million) in an escrow account that was released back to the Company upon closing of the transaction in February 2019. As shown within Note 4, this was recorded as restricted cash within other assets on the Consolidated Balance Sheet as of December 31, 2018.

The Company also acquired Lobster Ink a leading provider of end-to-end online customer training solutions. This acquired business became part of the Global Institutional reporting segment. The purchase price included an earn-out based on certain revenue thresholds in any of the full three years following the acquisition, which has been recorded as contingent consideration in other liabilities in the Consolidated Balance Sheet as of March 31, 2019.

These acquisitions have been accounted for using the acquisition method of accounting, which requires, among other things, that assets acquired and liabilities assumed to be recognized at fair value as of the acquisition date. Certain estimated values, primarily working capital adjustments, are not yet finalized and are subject to change. Annualized sales for the businesses acquired in 2019 are \$61 million.

2018 Activity

During the first quarter of 2018, the Company acquired a water business which provides a range of services to Nalco Water institutional customers. This acquired business became part of the Company's Global Industrial reportable segment. In addition, the Company acquired an institutional business which provides a range of cleaning and

disinfection products for the hospitality, leisure, residential care, housekeeping and janitorial sectors. These acquisitions have been accounted for using the acquisition method of accounting. There were insignificant purchase price adjustments related to prior year acquisitions.

The components of the cash paid for acquisitions for transactions during the first quarter of 2019 and 2018 are shown in the following table.

(millions)	First Quarter Ended March 31	
	2019	2018
Net tangible assets (liabilities) acquired and equity method investments	\$(14.6)	\$(2.7)
Identifiable intangible assets		
Customer relationships	70.4	42.2
Trademarks	20.4	1.1
Other technology	45.8	4.0
Total intangible assets	136.6	47.3
Goodwill	180.3	32.5
Total aggregate purchase price	302.3	77.1
Acquisition related liabilities and contingent consideration	(20.5)	(0.6)
Net cash paid for acquisitions, including acquisition related liabilities and contingent consideration	\$281.8	\$76.5

The 2019 and 2018 acquisition related liabilities are related to holdback liabilities and contingent consideration.

The weighted average useful life of these identifiable intangible assets acquired was 12 and 11 years as of March 31, 2019 and 2018, respectively.

Dispositions

There were no significant business dispositions during the first quarter of 2019 and 2018.

4. BALANCE SHEET INFORMATION

5. DEBT AND INTEREST

Short-term Debt

The following table provides the components of the Company's short-term debt obligations as of March 31, 2019 and December 31, 2018.

(millions)	March 31 2019	December 31 2018
Short-term debt		
Commercial paper	\$787.5	\$165.4
Notes payable	43.9	176.8
Long-term debt, current maturities	300.9	401.4
Total	\$1,132.3	\$743.6

Line of Credit

As of March 31, 2019, the Company had in place a \$2.0 billion multi-year credit facility which expires in November 2022. The credit facility has been established with a diverse syndicate of banks and supports the Company's U.S. and Euro commercial paper programs. There were no borrowings under the Company's credit facility as of either March 31, 2019 or December 31, 2018.

Commercial Paper

The Company's commercial paper program is used as a source of liquidity and consists of a \$2.0 billion U.S. commercial paper program and a \$2.0 billion Euro commercial paper program. The maximum aggregate amount of commercial paper that may be issued by the Company under its commercial paper programs may not exceed \$2.0 billion.

As of March 31, 2019, the Company had \$398.0 million (€350.0 million) of commercial paper outstanding under its Euro program and \$389.5 million outstanding under its U.S. program. As of December 31, 2018, the Company had \$141.4 million (€125.0 million) of commercial paper outstanding under its Euro program and \$24.0 million outstanding under its U.S. program.

Notes Payable

The Company's notes payable consists of uncommitted credit lines with major international banks and financial institutions, primarily to support global cash pooling structures. As of March 31, 2019 and December 31, 2018, the Company had \$43.9 million and \$176.8 million, respectively, outstanding under these credit lines.

Long-term Debt

The following table provides the components of the Company's long-term debt obligations, including current maturities, as of March 31, 2019 and December 31, 2018.

(millions)	Maturity by Year	March 31 2019	December 31 2018
Long-term debt			
Public notes (2019 principal amount)			
Three year 2016 senior notes (\$400 million)	2019	-	399.7
Five year 2015 senior notes (\$300 million)	2020	299.6	299.5
Ten year 2011 senior notes (\$1.02 billion)	2021	1,017.7	1,017.6
Five year 2017 senior notes (\$500 million)	2022	497.1	496.9
Seven year 2016 senior notes (\$400 million)	2023	398.1	398.0
Seven year 2016 senior notes (€575 million)	2024	648.3	644.1
Ten year 2015 senior notes (€575 million)	2025	650.3	646.3
Ten year 2016 senior notes (\$750 million)	2026	743.9	743.8
Ten year 2017 senior notes (\$500 million)	2027	495.0	494.8
Thirty year 2011 senior notes (\$458 million)	2041	451.7	451.6
Thirty year 2016 senior notes (\$250 million)	2046	246.1	246.1
Thirty year 2017 senior notes (\$700 million)	2047	609.4	609.0
Private notes (2019 principal amount)			
Series B private placement senior notes (\$250 million)	2023	249.5	249.4

Total debt		6,309.1	6,703.0
Long-term debt, current maturities		(300.9)	(401.4)
Total long-term debt		\$6,008.2	\$6,301.6

Public Notes

The Company's public notes may be redeemed by the Company at its option at redemption prices that include accrued and unpaid interest and a make-whole premium. Upon the occurrence of a change of control accompanied by a downgrade of the public notes below investment grade rating, within a specified time period, the Company would be required to offer to repurchase the public notes at a price equal to 101% of the aggregate principal amount thereof, plus any accrued and unpaid interest to the date of repurchase. The public notes are senior unsecured and unsubordinated obligations of the Company and rank equally with all other senior and unsubordinated indebtedness of the Company.

Private Notes

The Company's private notes may be redeemed by the Company at its option at redemption prices that include accrued and unpaid interest and a make-whole premium. Upon the occurrence of specified changes of control involving the Company, the Company would be required to offer to repurchase the private notes at a price equal to 100% of the aggregate principal amount thereof, plus any accrued and unpaid interest to the date of repurchase. Additionally, the Company would be required to make a similar offer to repurchase the private notes upon the occurrence of specified merger events or asset sales involving the Company, when accompanied by a downgrade of the private notes below investment grade rating, within a specified time period. The private notes are unsecured senior obligations of the Company and rank equal in right of payment with all other senior indebtedness of the Company. The private notes shall be unconditionally guaranteed by subsidiaries of the Company in certain circumstances, as described in the note purchase agreement as amended.

Covenants

The Company is in compliance with its debt covenants as of March 31, 2019.

Net Interest Expense

Interest expense and interest income recognized during the first quarter of 2019 and 2018 were as follows:

	First Quarter Ended March 31	
(millions)	2019	2018
Interest expense	\$56.1	\$61.0
Interest income	(6.7)	(4.6)
Interest expense, net	\$49.4	\$56.4

6. GOODWILL AND OTHER INTANGIBLE ASSETS

Goodwill

Goodwill represents the excess of the purchase price over the fair value of identifiable net assets acquired in a business combination. The Company's reporting units are its operating segments.

The Company tests goodwill for impairment on an annual basis during the second quarter. If circumstances change significantly, the Company would also test a reporting unit's goodwill for impairment during interim periods between its annual tests. Based on the current and expected performance of the Company's reporting units, updating the impairment testing during the first quarter of 2019 was not deemed necessary. There has been no impairment of goodwill in any of the years presented.

The changes in the carrying amount of goodwill for each of the Company's reportable segments during the quarter ended March 31, 2019 were as follows:

(millions)	Global Industrial	Global Institutional	Global Energy	Other	Total
December 31, 2018	\$2,730.8	\$1,015.3	\$3,126.6	\$205.3	\$7,078.0
Current year business combinations					
(a)	90.1	90.3	-	-	180.4
Prior year business combinations (b)	(0.1)	-	-	-	(0.1)
Effect of foreign currency translation	25.4	10.1	28.5	1.9	65.9
March 31, 2019	\$2,846.2	\$1,115.7	\$3,155.1	\$207.2	\$7,324.2

- (a) Represents goodwill associated with current year acquisitions. The Company does not expect any of the goodwill related to businesses acquired to be tax deductible.
- (b) Represents the purchase price allocation adjustments for acquisitions deemed preliminary as of the end of the prior year.

Other Intangible Assets

The Nalco trade name is the Company's principal indefinite life intangible asset, which is tested for impairment on an annual basis during the second quarter. Based on the ongoing performance of the Company's reporting units associated with the trade name, updating the impairment testing during the first quarter of 2019 was not deemed necessary. There has been no impairment of the Nalco trade name intangible since it was acquired.

The Company's intangible assets subject to amortization primarily include customer relationships, trademarks, patents and other technology. The fair value of identifiable intangible assets is estimated based upon discounted future cash flow projections and other acceptable valuation methods. Other intangible assets are amortized on a straight-line basis over their estimated economic lives. Total amortization expense related to other intangible assets during the first quarter of 2019 and 2018 was \$79.8 million and \$80.2 million, respectively. Estimated amortization for the remaining nine month period of 2019 related to other amortizable intangible assets is expected to be approximately \$243 million.

7. FAIR VALUE MEASUREMENTS

The Company's financial instruments include cash and cash equivalents, restricted cash, accounts receivable, accounts payable, contingent consideration obligations, commercial paper, notes payable, foreign currency forward contracts, interest rate swap agreements and long-term debt.

Fair value is defined as the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. A hierarchy has been established for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring the most observable inputs be used when available. The hierarchy is broken down into three levels:

Level 1 - Inputs are quoted prices in active markets that are accessible at the measurement date for identical assets or liabilities.

Level 2 - Inputs include observable inputs other than quoted prices in active markets.

Level 3 - Inputs are unobservable inputs for which there is little or no market data available.

The carrying amount and the estimated fair value for assets and liabilities measured on a recurring basis were:

(millions)	March 31, 2019			
	Carrying Amount	Fair Value Measurements		
		Level 1	Level 2	Level 3
Assets				
Foreign currency forward contracts	\$51.7	\$-	\$51.7	\$-
Liabilities				
Foreign currency forward contracts	29.2	-	29.2	-

(millions)	December 31, 2018	
	Carrying	Fair Value Measurements

Edgar Filing: ECOLAB INC. - Form 10-Q

	Amount	Level 1	Level 2	Level 3
Assets				
Foreign currency forward contracts	\$72.3	\$-	\$72.3	\$-
Liabilities				
Foreign currency forward contracts	41.1	-	41.1	-
Interest rate swap agreements	0.2	-	0.2	-

The carrying value of foreign currency forward contracts is at fair value, which is determined based on foreign currency exchange rates as of the balance sheet date and is classified within Level 2. The carrying value of interest rate swap contracts is at fair value, which is determined based on current interest rates and forward interest rates as of the balance sheet date and is classified within Level 2. For purposes of fair value disclosure above, derivative values are presented gross. See further discussion of gross versus net presentation of the Company's derivatives within Note 8.

Contingent consideration obligations are recognized and measured at fair value at the acquisition date and thereafter until settlement. Contingent consideration is classified within level 3 as the underlying fair value is measured based on the probability-weighted present value of the consideration expected to be transferred. The consideration expected to be transferred is based on the Company's expectations of various financial measures. The ultimate payment of contingent consideration could deviate from current estimates based on the actual results of these financial measures. Contingent consideration activities during the first quarter of 2019 and 2018 were not material to the Company's consolidated financial statements.

The carrying values of accounts receivable, accounts payable, cash and cash equivalents, restricted cash, commercial paper and notes payable approximate fair value because of their short maturities and as such are classified within Level 1.

The fair value of long-term debt is based on quoted market prices for the same or similar debt instruments (classified as Level 2). The carrying amount and the estimated fair value of long-term debt, including current maturities, held by the Company were:

	March 31, 2019		December 31, 2018	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Long-term debt, including current maturities	\$6,309.1	\$6,642.2	\$6,703.0	\$6,844.7

8. DERIVATIVES AND HEDGING TRANSACTIONS

The Company uses foreign currency forward contracts, interest rate swap agreements and foreign currency debt to manage risks associated with foreign currency exchange rates, interest rates and net investments in foreign operations. The Company does not hold derivative financial instruments of a speculative nature or for trading purposes. The Company records derivatives as assets and liabilities on the balance sheet at fair value. Changes in fair value are recognized immediately in earnings unless the derivative qualifies and is designated as a hedge. Cash flows from derivatives are classified in the statement of cash flows in the same category as the cash flows from the items subject to designated hedge or undesignated (economic) hedge relationships. The Company evaluates hedge effectiveness at inception and on an ongoing basis. If a derivative is no longer expected to be effective, hedge accounting is discontinued.

The Company is exposed to credit risk in the event of nonperformance of counterparties for foreign currency forward exchange contracts and interest rate swap agreements. The Company monitors its exposure to credit risk by using credit approvals and credit limits and by selecting major global banks and financial institutions as counterparties. The Company does not anticipate nonperformance by any of these counterparties, and therefore, recording a valuation allowance against the Company's derivative balance is not considered necessary.

Derivative Positions Summary

Certain of the Company's derivative transactions are subject to master netting arrangements that allow the Company to net settle contracts with the same counterparties. These arrangements generally do not call for collateral and as of the applicable dates presented in the following table, no cash collateral had been received or pledged related to the underlying derivatives.

The respective net amounts are included in other current assets, other assets, other current liabilities and other liabilities on the Consolidated Balance Sheet.

The following table summarizes the gross fair value and the net value of the Company's outstanding derivatives.

(millions)

	Derivatives Assets		Derivatives Liabilities	
	March 31 2019	December 31 2018	March 31 2019	December 31 2018

(millions)	Notional Values	
	March 31 2019	December 31 2018
Foreign currency forward contracts	\$ 5,552	\$ 6,226
Interest rate agreements	-	400

Cash Flow Hedges

The Company utilizes foreign currency forward contracts to hedge the effect of foreign currency exchange rate fluctuations on forecasted foreign currency transactions, including inventory purchases and intercompany royalty, management fee and other payments. These forward contracts are designated as cash flow hedges. The changes in fair value of these contracts are recorded in accumulated other comprehensive income ("AOCI") until the hedged items affect earnings, at which time the gain or loss is reclassified into the same line item in the Consolidated Statement of Income as the underlying exposure being hedged. Cash flow hedged transactions impacting AOCI are forecasted to occur within the next three years. For forward contracts designated as hedges of foreign currency exchange rate risk associated with forecasted foreign currency transactions, the Company excludes the changes in fair value attributable to time value from the assessment of hedge effectiveness. The initial value of the excluded component (i.e., the forward points) is amortized on a straight-line basis over the life of the hedging instrument and recognized in the same line item in the Consolidated Statement of Income as the underlying exposure being hedged for intercompany loans. For all other cash flow hedge types, the forward points are mark-to-market monthly and recognized in the same line item in the Consolidated Statement of Income as the underlying exposure being hedged. The difference between fair value changes of the excluded component and the amount amortized in the Consolidated Statement of Income is recorded in AOCI.

The Company occasionally enters into treasury lock and forward starting interest rate swap agreements to manage interest rate exposure. During 2015 and 2016, the Company entered into and subsequently closed a series of treasury lock and forward starting interest rate swap agreements, in conjunction with its public debt issuances. The agreements were designated and effective as cash flow hedges of the expected interest payments related to the anticipated future debt issuances. Amounts recorded in AOCI are recognized as part of interest expense over the remaining life of the notes as the forecasted interest transactions occur.

Fair Value Hedges

The Company manages interest expense using a mix of fixed and floating rate debt. To help manage exposure to interest rate movements and to reduce borrowing costs, the Company may enter into interest rate swaps under which the Company agrees to exchange, at specified intervals, the difference between fixed and floating interest amounts calculated by reference to an agreed upon notional principal amount. The mark-to-market of these fair value hedges is recorded as gains or losses in interest expense and is offset by the gain or loss of the underlying debt instrument, which also is recorded in interest expense. These fair value hedges are highly effective.

In January 2016, the Company entered into an interest rate swap agreement that converted its \$400 million 2.00% debt from a fixed interest rate to a floating interest rate. In January 2015, the Company entered into interest rate swap agreements that converted its \$300 million 1.55% debt and its \$250 million 3.69% debt from fixed interest rates to floating interest rates. The interest rate swap agreements tied to the Company's \$300 million 1.55% debt, \$250 million 3.69% and \$400 million 2.00% debt expired in January 2018, November 2018 and January 2019, respectively, upon repayment of the underlying debt.

The interest rate swaps referenced above were designated as fair value hedges.

The following amounts were recorded on the Consolidated Balance Sheet related to cumulative basis adjustments for fair value hedges:

Line item in which the hedged item is included (millions)	Carrying amount of the hedged liabilities First Quarter Ended March 31		Cumulative amount of the fair value hedging adjustment included in the carrying amount of the hedged liabilities First Quarter Ended March 31	
	2019	2018	2019	2018
Long-term debt	\$-	\$643.8	\$-	\$5.8

Net Investment Hedges

The Company designates its outstanding \$1,299 million (€1,150 million at the end of the first quarter of 2019) senior notes (“euronotes”) and related accrued interest as hedges of existing foreign currency exposures related to investments the Company has in certain euro denominated functional currency subsidiaries. \$337 million (€300 million at the end of the first quarter of 2019) of Euro commercial paper were also designated as a hedge of existing foreign currency exposures. The revaluation gains and losses on the euronotes and Euro commercial paper, which are designated and effective as hedges of the Company’s net investments, have been included as a component of the cumulative translation adjustment account, and were as follows:

	First Quarter Ended March 31	
(millions)	2019	2018
Revaluation gains (losses), net of tax	\$(6.6)	\$(26.2)

Derivatives Not Designated as Hedging Instruments

The Company also uses foreign currency forward contracts to offset its exposure to the change in value of certain foreign currency denominated assets and liabilities held at foreign subsidiaries, primarily receivables and payables, which are remeasured at the end of each period. Although the contracts are effective economic hedges, they are not designated as accounting hedges. Therefore, changes in the value of these derivatives are recognized immediately in earnings, thereby offsetting the current earnings effect of the related foreign currency denominated assets and liabilities.

Effect of all Derivative Instruments on Income

The gain (loss) of all derivative instruments recognized in product and equipment cost of sales ("COS"), selling, general and administrative expenses ("SG&A") and interest expense, net ("interest") is summarized below:

(millions)	First Quarter Ended March 31 2019			2018		
	COS	SG&A	Interest	COS	SG&A	Interest
Gain (loss) on derivatives in cash flow hedging relationship:						
Foreign currency forward contracts

9. OTHER COMPREHENSIVE INCOME (LOSS) INFORMATION

Other comprehensive income (loss) includes net income, foreign currency translation adjustments, unrecognized gains and losses on securities, defined benefit pension and postretirement plan adjustments, gains and losses on derivative instruments designated and effective as cash flow hedges and non-derivative instruments designated and effective as foreign currency net investment hedges that are charged or credited to the accumulated other comprehensive loss account in shareholders' equity.

The following tables provide other comprehensive income information related to the Company's derivatives and hedging instruments and pension and postretirement benefits. See Note 8 for additional information related to the Company's derivatives and hedging transactions. See Note 14 for additional information related to the Company's pension and postretirement benefits activity.

(millions)	First Quarter Ended March 31	
	2019	2018

and prior services costs reclassified from AOCI into income, net of tax	\$(4.0)	\$0.3

10. SHAREHOLDERS' EQUITY

Share Repurchase Authorization

In February 2015, the Company's Board of Directors authorized the repurchase of up to 20 million shares of its common stock, including shares to be repurchased under Rule 10b5-1. As of March 31, 2019, 8,004,726 shares remained to be repurchased under the Company's repurchase authorization. The Company intends to repurchase all shares under its authorization, for which no expiration date has been established, in open market or privately negotiated transactions, subject to market conditions.

Share Repurchases

During the first quarter of 2019, the Company reacquired 766,648 shares of its common stock, of which 646,668 related to share repurchases through open market or private purchases, and 119,980 related to shares withheld for taxes on the exercise of stock options and the vesting of stock awards and units.

During all of 2018, the Company reacquired 3,908,041 shares of its common stock, of which 3,706,716 related to share repurchases through open market or private purchases, and 201,325 related to shares withheld for taxes on the exercise of stock options and the vesting of stock awards and units.

11. EARNINGS ATTRIBUTABLE TO ECOLAB PER COMMON SHARE ("EPS")

The difference in the weighted average common shares outstanding for calculating basic and diluted EPS is a result of the dilution associated with the Company's equity compensation plans. As noted in the table below, certain stock options and units outstanding under these equity compensation plans were not included in the computation of diluted EPS because they would not have had a dilutive effect.

The computations of the basic and diluted EPS amounts were as follows:

Edgar Filing: ECOLAB INC. - Form 10-Q

(millions, except per share)	First Quarter Ended March 31	
	2019	2018
Net income attributable to Ecolab	\$296.5	\$247.3
Weighted-average common shares outstanding		
Basic	288.2	288.6
Effect of dilutive stock options and units	4.1	4.1
Diluted	292.3	292.7
Basic EPS	\$ 1.03	\$ 0.86
Diluted EPS	\$ 1.01	\$ 0.84
Anti-dilutive securities excluded from the computation of diluted EPS	1.4	1.8

12. INCOME TAXES

The Company's tax rate was 11.4% and 21.8% for the first quarter of 2019 and 2018, respectively. The change in the Company's tax rate for the first quarter of 2019 compared to the first quarter of 2018 was driven primarily by the impact of discrete tax items, special (gains) and charges, tax planning and the geographic mix of income.

The Company recognized total net benefit related to discrete tax items of \$27.7 million in the first quarter of 2019. Share-based compensation excess tax benefit contributed \$18.7 million. The Company also recognized a \$5.1 million benefit due to issuance of technical guidance during the quarter related to the one-time transition tax imposed by the Tax Cuts and Jobs Act (the "Act"). The remaining discrete benefit was primarily related to changes in tax rates in non-U.S. jurisdictions.

The Company recorded a net discrete tax benefit of \$0.1 million in the first quarter of 2018. The Company recorded discrete tax expense of \$11.3 million for the one-time transition tax due to issuance of technical guidance during the quarter. Discrete tax items include excess tax benefits related to share-based compensation of \$6.8 million and other discrete tax benefits of \$4.6 million related to changes in the Company's state tax profile and changes in reserves in non-U.S. jurisdictions.

13. RENTAL AND LEASES

Lessee

The Company leases sales and administrative office facilities, distribution centers, research and manufacturing facilities, as well as vehicles and other equipment under operating leases. The Company also enters into insignificant finance leases.

The Company determines whether a lease exists at the inception of the arrangement. In assessing whether a contract is or contains a lease, the Company considers a lease a contract that conveys the right to control the use of an identified asset for a period of time in exchange for consideration. The Company accounts for lease components separately from the nonlease components (e.g., common-area maintenance costs). Operating leases are recorded in operating lease assets, other current liabilities, and operating lease liabilities in the Consolidated Balance Sheet.

Operating lease assets and operating lease liabilities are measured and recognized based on the present value of the future minimum lease payments over the lease term at commencement date. The Company uses the rate implicit in the lease when available or determinable and when the rate implicit in the lease is not determinable, the Company's incremental borrowing rate based on the information available at commencement date is used in determining the present value of future payments. The Company's lease terms may include options to extend or terminate the lease when it is reasonably certain that the Company will exercise that option. Lease expense for minimum lease payments is recognized on a straight-line basis over the lease term. Variable lease payments are not included in the lease liability and are recognized as incurred. The Company identified real estate, vehicles and other equipment as the primary classes of leases. Certain leases with a similar class of underlying assets are accounted for as a portfolio of leases.

The Company elected to not apply the recognition requirements of the new standard to leases with terms of twelve months or less. Those lease payments will continue to be recognized in the Consolidated Statement of Income on a straight-line basis over the lease term and are not recorded on the Consolidated Balance Sheet.

Most leases include one or more options to renew, which is at the Company's sole discretion, with renewal terms that can extend the lease term from one month to multiple years. The lease start date is when the asset is available for use and in possession of the Company. The lease end date, which includes any options to renew that are reasonably certain to be exercised, is based on the terms of the contract. The depreciable life of assets and leasehold improvements are limited by the expected lease term, unless there is a transfer of title or purchase option reasonably certain of exercise. The Company's lease agreements do not contain any material restrictive covenants.

The Company's operating lease cost was as follows:

	First
	Quarter Ended
	March 31
(millions)	2019
Operating lease cost*	\$54.4

*Includes immaterial short-term and variable lease costs

Future maturity of operating lease liabilities as of March 31, 2019 is as follows:

(millions)	
Remainder of 2019	\$ 132
2020	153
2021	114
2022	80
2023	40
2024	27
Thereafter	89
Total lease payments	635
Less: imputed interest	64
Present value of lease liabilities	\$ 571

As of December 31, 2018, identifiable future minimum payments with non-cancelable terms in excess of one year were:

(millions)	
2019	\$ 172
2020	141
2021	108
2022	72
2023	37
Thereafter	104
Total	\$ 634

The Company's operating leases term and discount rate were as follows:

	March 31 2019
Weighted-average remaining lease terms (years)	5.6
Weighted-average discount rate	4.01%

The Company's other lease information was as follows:

(millions)	First Quarter Ended March 31 2019
Cash paid for amounts included in the measurement of lease liabilities:	
Operating cash flows from operating leases	\$49.1
Leased assets obtained in exchange for new operating lease liabilities	39.6

Lessor

The Company leases warewashing and water treatment equipment to customers under operating leases. The Company's accounting policy for these leases is to account for lease and nonlease components separately. The nonlease components, such as product and service revenue, are accounted for under Topic 606 Revenue from Contracts with Customers, see Note 15. Revenue from leasing equipment is recognized on a straight-line basis over the life of the lease. Cost of sales includes the depreciation expense for assets under operating leases. The assets are depreciated over their estimated useful lives. Initial lease terms range from one year to five years and most leases include annual renewal options.

Lease contracts convey the right for the customer to control the equipment for a period of time as defined by the contract. There are no options for the customer to purchase the equipment and therefore the equipment remains the property of the Company at the end of the lease term.

The gross assets under operating leases recorded in Property, plant and equipment, net is \$1,049.9 million and related accumulated depreciation is \$602.1 million as of March 31, 2019.

The Company's operating lease revenue was as follows:

	First Quarter Ended March 31 2019
(millions)	
Operating lease revenue*	\$102.9

*Includes immaterial variable lease revenue

Revenue from operating leases for existing contracts as of March 31, 2019 is as follows:

(millions)	
Remainder of 2019	\$ 265
2020	290
2021	220
2022	148
2023	71
2024	21
Thereafter	8
Total lease revenue	\$ 1,023

The Company mitigates the risk of residual value subsequent to the lease term by redeploying assets. As such, the Company expects to receive revenue from the operating lease assets through the remaining useful life and therefore subsequent to the initial contract termination date.

14. PENSION AND POSTRETIREMENT PLANS

The Company has a non-contributory qualified defined benefit pension plan covering the majority of its U.S. employees. The Company also has U.S. non-contributory non-qualified defined benefit plans, which provide for benefits to employees in excess of limits permitted under its U.S. pension plans. Various international subsidiaries also have defined benefit pension plans. The Company provides postretirement health care benefits to certain U.S. employees and retirees.

The components of net periodic pension and postretirement health care benefit costs for the first quarter ended March 31 are as follows:

	U.S. Pension		International Pension		U.S. Postretirement Health Care	
(millions)	2019	2018	2019	2018	2019	2018
Service cost	\$18.2	\$18.6	\$7.6	\$8.5	\$0.3	\$0.9
Interest cost on benefit obligation	22.3	20.8	7.8	7.5	1.4	1.5
Expected return on plan assets	(37.4)	(40.5)	(15.2)	(16.3)	(0.1)	(0.1)
Recognition of net actuarial (gain) loss	5.9	9.8	4.1	4.4	(1.0)	(0.5)
Amortization of prior service cost (benefit)	(2.9)	(1.7)	(0.3)	(0.2)	(5.8)	(4.1)
Total expense (benefit)	\$6.1	\$7.0	\$4.0	\$3.9	\$(5.2)	\$(2.3)

Service cost is included with employee compensation cost in cost of sales and selling, general and administrative expenses in the Consolidated Statement of Income while all other components are included in other (income) expense in the Consolidated Statement of Income.

As of March 31, 2019, the Company is in compliance with all funding requirements of its U.S. pension and postretirement health care plans. During the first quarter of 2019, the Company made payments of \$1 million to its U.S. non-contributory non-qualified defined benefit plans and estimates it will make additional payments of approximately \$5 million to such plans during the remainder of 2019. In addition, the Company expects to make an \$120 million voluntary contribution in 2019 to its non-contributory qualified U.S. pension plan.

The Company contributed \$15 million to its international pension benefit plans during the first quarter of 2019. The Company estimates it will contribute approximately an additional \$29 million to such plans during the remainder of 2019.

During the first quarter of 2019, the Company made payments of \$3 million to its U.S. postretirement health care benefit plans and estimates it will make additional payments of approximately \$8 million to such plans during the remainder of 2019.

15. REVENUES

Revenue Recognition

Product and Sold Equipment

Product revenue is generated from cleaning, sanitizing, water, energy and colloidal silica products provided to customers in the Global Industrial, Global Institutional, Global Energy segments and Other. In addition, the Company sells equipment which may be used in combination with its specialized products. Revenue recognized from product and sold equipment is recognized at the point in time when the obligations in the contract with the customer are satisfied, which generally occurs with the transfer of the product or delivery of the equipment.

Service and Lease Equipment

Service and lease equipment revenue is generated from providing services or leasing equipment to customers. Service offerings include installing or repairing certain types of equipment, activities that supplement or replace headcount at the customer location, or fulfilling deliverables included in the contract. Services provided in Other primary includes services designed to detect, eliminate and prevent pests. Global Energy services include process and water treatment offerings to the global petroleum and petrochemical industries, while services in the Global Industrial segment are associated with water treatment and paper process applications. Global Institutional services include water treatment programs and process applications, and wash process solutions. Revenue recognized from leased equipment primarily relates to warewashing and water treatment equipment. Service revenue is recognized over time utilizing an input method and aligns with when the services are provided. Typically, revenue is recognized over time using costs incurred to date because the effort provided by the field selling and service organization represents services provided, which corresponds with the transfer of control. Revenue for leased equipment is accounted for under Topic 842 Leases and recognized on a straight-line basis over the length of the lease contract. Refer to Note 13 for additional information related to lease equipment.

The following table shows principal activities, separated by reportable segments, from which the Company generates its revenue. For more information about the Company's reportable segments, refer to Note 16.

Net sales at public exchange rates by reportable segment for the first quarter ended March 31 are as follows:

(millions)	First Quarter Ended March 31	
	2019	2018
Global Industrial		
Product and sold equipment	\$1,125.6	\$1,069.8

Edgar Filing: ECOLAB INC. - Form 10-Q

Service and lease equipment	155.7	156.1
Global Institutional		
Product and sold equipment	1,030.6	1,038.6
Service and lease equipment	177.9	167.7
Global Energy		
Product and sold equipment	709.4	732.6
Service and lease equipment	100.0	110.3
Other		
Product and sold equipment	20.7	18.6
Service and lease equipment	185.5	177.2
Total		
Total product and sold equipment	\$2,886.3	\$2,859.6
Total service and lease equipment	619.1	611.3

Net sales at public exchange rates by geographic region for the first quarter ended March 31 are as follows:

(millions)	Global Industrial 2019	2018	Global Institutional 2019	2018	Global Energy 2019	2018	Other 2019	2018
North								
America	\$597.7	\$556.7	\$832.8	\$817.0	\$469.7	\$485.1	\$138.3	\$130.0
Europe	309.0	297.2	231.9	244.6	100.3	101.8	30.4	30.3
Asia								
Pacific	164.4	160.9	59.7	60.3	57.6	67.4	9.8	8.9

Middle								
East and								
Africa	30.3	30.7	12.0	13.9	111.7	115.7	2.7	2.9
Total	\$1,281.3	\$1,225.9	\$1,208.5	\$1,206.3	\$809.4	\$842.9	\$206.2	\$195.8

Net sales by geographic region were determined based on origin of sale. Revenues in the United States made up 54% and 53% of total revenues as of March 31, 2019 and 2018, respectively.

Contract Liability

Payments received from customers are based on invoices or billing schedules as established in contracts with customers. Accounts receivable are recorded when the right to consideration becomes unconditional. The contract liability relates to billings in advance of performance (primarily service obligations) under the contract. Contract liabilities are recognized as revenue when the performance obligation has been performed, which primarily occurs during the subsequent quarter.

(millions)	March 31 2019	March 31 2018
Contract liability as of beginning of period	\$75.8	\$79.0
Revenue recognized in the period from:		
Amounts included in the contract liability at the beginning of the period	(75.8)	(79.0)
Increases due to billings excluding amounts recognized as revenue during the period	82.4	88.0
Business combination	3.0	0.2
Contract liability as of end of period	\$85.4	\$88.2

16. OPERATING SEGMENTS

The Company's organizational structure consists of global business unit and global regional leadership teams. The Company's operating segments follow its commercial and product-based activities and are based on engagement in business activities, availability of discrete financial information and review of operating results by the Chief Operating Decision Maker at the identified operating segment level.

The Company's operating segments that share similar economic characteristics and future prospects, nature of the products and production processes, end-use markets, channels of distribution and regulatory environment have been aggregated into three reportable segments: Global Industrial, Global Institutional and Global Energy. The Company's operating segments that do not meet the quantitative criteria to be separately reported have been combined into Other. The Company provides similar information for Other as the Company considers the information regarding its underlying operating segments as useful in understanding its consolidated results.

Comparability of Reportable Segments

The Company evaluates the performance of its non-U.S. dollar functional currency international operations based on fixed currency exchange rates, which eliminates the impact of exchange rate fluctuations on its international operations. Fixed currency amounts are updated annually at the beginning of each year based on translation into U.S. dollars at foreign currency exchange rates established by management, with all periods presented using such rates. Fixed currency rates are generally based on existing market rates at the time they are established. The "Fixed Currency Rate Change" column shown in the following table reflects the impact on previously reported values related to fixed currency exchange rates established by management at the beginning of 2019. The "Other" column shown in the table reflects immaterial changes between segments, primarily cost allocations.

The impact of the preceding changes on previously reported full year 2018 reportable segment net sales and operating income is summarized as follows:

(millions)	December 31, 2018		Fixed Currency Rate Change	2018 Revised Valued at 2019 Management Rates
	2018 Reported Valued at 2018 Management Rates	Other		
Net Sales				
Global Industrial	\$5,462.4	\$-	\$(242.2)	\$5,220.2
Global Institutional	5,204.5	-	(138.5)	5,066.0
Global Energy	3,501.8	-	(113.0)	3,388.8
Other	877.6	-	(21.9)	855.7

Edgar Filing: ECOLAB INC. - Form 10-Q

Subtotal at fixed currency rates	15,046.3	-	(515.6)	14,530.7
Effect of foreign currency translation	(378.1)	-	515.6	137.5
Consolidated reported GAAP net sales	\$14,668.2	\$-	\$-	\$14,668.2
Operating Income				
Global Industrial	\$768.1	\$(1.4)	\$(42.3)	\$724.4
Global Institutional	1,026.9	-	(19.6)	1,007.3
Global Energy	358.5	(0.4)	(19.6)	338.5
Other	161.3	1.8	(3.1)	160.0
Corporate	(307.1)	-	3.5	(303.6)
Subtotal at fixed currency rates	2,007.7	-	(81.1)	1,926.6

Consolidated reported GAAP operating income	\$1,947.0	\$-	\$-	\$1,947.0

Reportable Segment Information

Financial information for each of the Company's reportable segments, is as follows:

(millions)	First Quarter Ended March 31	
	2019	2018
Net Sales		
Global Industrial	\$1,289.2	\$1,190.2
Global Institutional	1,215.3	1,187.0
Global Energy	811.7	826.5
Other	206.8	192.4
Subtotal at fixed currency rates	3,523.0	3,396.1
Effect of foreign currency translation	(17.6)	74.8
Consolidated reported GAAP net sales	\$3,505.4	\$3,470.9
Operating Income		
Global Industrial	\$147.5	\$122.0
Global Institutional	195.9	195.7
Global Energy	78.4	68.6
Other	30.2	27.0
Corporate	(83.7)	(68.2)
Subtotal at fixed currency rates	368.3	345.1
Effect of foreign currency translation	(1.1)	9.2
Consolidated reported GAAP operating income	\$367.2	\$354.3

The profitability of the Company's operating segments is evaluated by management based on operating income.

Consistent with the Company's internal management reporting, Corporate amounts in the table above include intangible asset amortization specifically from the Nalco merger and special (gains) and charges, as discussed in Note 2, that are not allocated to the Company's reportable segments.

17. COMMITMENTS AND CONTINGENCIES

The Company is subject to various claims and contingencies related to, among other things, workers' compensation, general liability (including product liability), automobile claims, health care claims, income taxes, environmental matters and lawsuits. The Company is also subject to various claims and contingencies related to income taxes, which are discussed in Note 12. The Company also has contractual obligations including to lease commitments, which are

discussed in Note 13.

The Company records liabilities where a contingent loss is probable and can be reasonably estimated. If the reasonable estimate of a probable loss is a range, the Company records the most probable estimate of the loss or the minimum amount when no amount within the range is a better estimate than any other amount. The Company discloses a contingent liability even if the liability is not probable or the amount is not estimable, or both, if there is a reasonable possibility that a material loss may have been incurred.

Insurance

Globally, the Company has insurance policies with varying deductible levels for property and casualty losses. The Company is insured for losses in excess of these deductibles, subject to policy terms and conditions and has recorded both a liability and an offsetting receivable for amounts in excess of these deductibles. The Company is self-insured for health care claims for eligible participating employees, subject to certain deductibles and limitations. The Company determines its liabilities for claims on an actuarial basis.

Litigation and Environmental Matters

The Company and certain subsidiaries are party to various lawsuits, claims and environmental actions that have arisen in the ordinary course of business. These include from time to time antitrust, commercial, patent infringement, product liability and wage hour lawsuits, as well as possible obligations to investigate and mitigate the effects on the environment of the disposal or release of certain chemical substances at various sites, such as Superfund sites and other operating or closed facilities. The Company has established accruals for certain lawsuits, claims and environmental matters. The Company currently believes that there is not a reasonably possible risk of material loss in excess of the amounts accrued related to these legal matters. Because litigation is inherently uncertain, and unfavorable rulings or developments could occur, there can be no certainty that the Company may not ultimately incur charges in excess of recorded liabilities. A future adverse ruling, settlement or unfavorable development could result in future charges that could have a material adverse effect on the Company's results of operations or cash flows in the period in which they are recorded. The Company currently believes that such future charges related to suits and legal claims, if any, would not have a material adverse effect on the Company's consolidated financial position.

Environmental Matters

The Company is currently participating in environmental assessments and remediation at approximately 40 locations, the majority of which are in the U.S., and environmental liabilities have been accrued reflecting management's best estimate of future costs. Potential insurance reimbursements are not anticipated in the Company's accruals for environmental liabilities.

Matters Related to Deepwater Horizon Incident Response

On April 22, 2010, the deep water drilling platform, the Deepwater Horizon, operated by a subsidiary of BP plc, sank in the Gulf of Mexico after a catastrophic explosion and fire that began on April 20, 2010. A massive oil spill resulted. Approximately one week following the incident, subsidiaries of BP plc, under the authorization of the responding federal agencies, formally requested Nalco Company, now an indirect subsidiary of Ecolab, to supply large quantities of COREXIT® 9500, a Nalco oil dispersant product listed on the U.S. EPA National Contingency Plan Product Schedule. Nalco Company responded immediately by providing available COREXIT and increasing production to supply the product to BP's subsidiaries for use, as authorized and directed by agencies of the federal government throughout the incident. Prior to the incident, Nalco and its subsidiaries had not provided products or services or otherwise had any involvement with the Deepwater Horizon platform. On July 15, 2010, BP announced that it had capped the leaking well, and the application of dispersants by the responding parties ceased shortly thereafter.

On May 1, 2010, the President appointed retired U.S. Coast Guard Commandant Admiral Thad Allen to serve as the National Incident Commander in charge of the coordination of the response to the incident at the national level. The EPA directed numerous tests of all the dispersants on the National Contingency Plan Product Schedule, including those provided by Nalco Company, "to ensure decisions about ongoing dispersant use in the Gulf of Mexico are grounded in the best available science." Nalco Company cooperated with this testing process and continued to supply COREXIT, as requested by BP and government authorities. The use of dispersants by the responding parties was one tool used by the government and BP to avoid and reduce damage to the Gulf area from the spill.

In connection with its provision of COREXIT, Nalco Company has been named in several lawsuits as described below.

Cases arising out of the Deepwater Horizon accident were administratively transferred for pre-trial purposes to a judge in the United States District Court for the Eastern District of Louisiana with other related cases under In Re: Oil Spill by the Oil Rig "Deepwater Horizon" in the Gulf of Mexico, on April 20, 2010, Case No. 10-md-02179 (E.D. La.) ("MDL 2179"). Nalco Company was named, along with other unaffiliated defendants, in six putative class action complaints related to the Deepwater Horizon oil spill and 21 complaints filed by individuals. Those complaints were consolidated in MDL 2179. The complaints generally allege, among other things, strict liability and negligence relating to the use of our Corexit dispersant in connection with the Deepwater Horizon oil spill.

Pursuant to orders issued by the Court in MDL 2179, the claims were consolidated in several master complaints, including one naming Nalco Company and others who responded to the Gulf Oil Spill (known as the “B3 Master Complaint”). On May 18, 2012, Nalco filed a motion for summary judgment against the claims in the “B3” Master Complaint, on the grounds that: (i) Plaintiffs’ claims are preempted by the comprehensive oil spill response scheme set forth in the Clean Water Act and National Contingency Plan; and (ii) Nalco is entitled to derivative immunity from suit. On November 28, 2012, the Court granted Nalco’s motion and dismissed with prejudice the claims in the “B3” Master Complaint asserted against Nalco. The Court held that such claims were preempted by the Clean Water Act and National Contingency Plan. Because claims in the “B3” Master Complaint remained pending against other defendants, the Court’s decision was not a “final judgment” for purposes of appeal. Under Federal Rule of Appellate Procedure 4(a), plaintiffs will have 30 days after entry of final judgment to appeal the Court’s decision.

In December 2012 and January 2013, the MDL 2179 court issued final orders approving two settlements between BP and Plaintiffs’ Class Counsel: (1) a proposed Medical Benefits Class Action Settlement; and (2) a proposed Economic and Property Damages Class Action Settlement. Pursuant to the proposed settlements, class members agree to release claims against BP and other released parties, including Nalco Company and its related entities.

Nalco Company, the incident defendants and the other responder defendants have been named as first party defendants by Transocean Deepwater Drilling, Inc. and its affiliates (the “Transocean Entities”) (In re the Complaint and Petition of Triton Asset Leasing GmbH, et al, MDL No. 2179, Civil Action 10-2771). In April and May 2011, the Transocean Entities, Cameron International Corporation, Halliburton Energy Services, Inc., M-I L.L.C., Weatherford U.S., L.P. and Weatherford International, Inc. (collectively, the “Cross Claimants”) filed cross claims in MDL 2179 against Nalco Company and other unaffiliated cross defendants. The Cross Claimants generally allege, among other things, that if they are found liable for damages resulting from the Deepwater Horizon explosion, oil spill and/or spill response, they are entitled to indemnity or contribution from the cross defendants.

In April and June 2011, in support of its defense of the claims against it, Nalco Company filed counterclaims against the Cross Claimants. In its counterclaims, Nalco Company generally alleges that if it is found liable for damages resulting from the Deepwater Horizon explosion, oil spill and/or spill response, it is entitled to contribution or indemnity from the Cross Claimants.

In May 2016, Nalco was named in nine additional complaints filed by individuals alleging, among other things, business and economic loss resulting from the Deepwater Horizon oil spill (“B1” claims). In April 2017, Nalco was named in two additional complaints filed by individuals seeking, among other things, business and economic loss resulting from the Deepwater Horizon oil spill. The plaintiffs in these lawsuits are generally seeking awards of unspecified compensatory and punitive damages, and attorneys’ fees and costs. These actions have been consolidated in the MDL and the Company expects they will be dismissed pursuant to the Court’s November 28, 2012 order granting Nalco’s motion for summary judgment.

On February 22, 2017, the Court dismissed the “B3” Master Complaint and ordered that Plaintiffs who had previously filed a claim that fell within the scope of the “B3” Master Complaint and who had “opted out” of and not released their claims under the Medical Benefits Class Action Settlement either: (1) complete a sworn statement indicating, among other things, that they opted out of the Medical Benefits Class Action Settlement (to be completed by Plaintiffs who previously filed an individual complaint); or (2) file an individual lawsuit attaching the sworn statement as an exhibit, by a deadline date set by the Court.

On July 10, 2018, the Court entered an order dismissing the “B1” claims against Nalco. In light of the Court’s orders dismissing various “B3” and “B1” claims in their entirety, for most plaintiffs the Court’s November 28, 2012 grant of summary judgment for Nalco is now final and the deadline to appeal has passed. On October 23, 2018, a plaintiff filed a new “B3” complaint against Nalco and other unaffiliated defendants generally alleging, among other things, negligence and gross negligence related to the use of Corexit dispersant in connection with the Deepwater Horizon oil spill. The complaint was consolidated in the MDL. There currently remain five cases pending against Nalco, all of which are expected to ultimately be dismissed pursuant to the Court’s November 28, 2012 order granting Nalco’s motion for summary judgment.

The Company believes the claims asserted against Nalco Company are without merit and intends to defend these lawsuits vigorously. The Company also believes that it has rights to contribution and/or indemnification (including legal expenses) from third parties. However, the Company cannot predict the outcome of these lawsuits, the involvement it might have in these matters in the future, or the potential for future litigation.

18. NEW ACCOUNTING PRONOUNCEMENTS

Standards that are not yet adopted:

Standard	Date of Issuance	Description	Required Date of Adoption	Effect on the Financial Statements
ASU 2018-15 - Intangibles - Goodwill and Other - Internal-Use Software (Subtopic 350-40): Customer’s Accounting for Implementation Costs Incurred in a Cloud Computing	August 2018	Aligns the requirements for capitalizing implementation costs incurred in a hosting arrangement that is a service contract with the requirements for capitalizing implementation costs incurred to develop or obtain internal-use software (and hosting arrangements that include an	January 1, 2020	The ASU should be applied either retrospectively or prospectively to all implementation costs incurred after the date of adoption. Standard	Date of Issuance	Description	Date of Adoption	Effect on the Financial Statements
ASU 2018-02 - Income Statement - Reporting Comprehensive Income (Topic 220): Reclassification of Certain Tax Effects from Accumulated Other Comprehensive Income	February 2018	Allows entities to reclassify stranded tax effects resulting from the Tax Cut and Jobs Act ("the Act") from accumulated other comprehensive income to retained earnings. Tax effects stranded in other comprehensive income for reasons other than the impact of the Act cannot be reclassified.	January 1, 2019	In order to improve the usefulness and transparency, the Company made the election to reclassify \$61.2 million of income tax effects of the Tax Cuts and Jobs Act from accumulated other comprehensive income to retained earnings related to pension and derivatives.
ASU 2018-16 - Derivatives and Hedging (Topic 815): Inclusion of the Secured Overnight Financing Rate (SOFR) Overnight Index Swap (OIS) Rate as a Benchmark Interest Rate for Hedge Accounting Purposes ASU 2017-12 - Derivatives and Hedging (Topic 815): Targeted Improvements to Accounting for Hedging Activities	Various	Amends the hedge accounting recognition and presentation requirements. Simplifies the application of hedge accounting and the requirements for hedge documentation and effectiveness testing. Requires presentation of all items that affect earnings in the same income statement line as the hedged item. Expands the benchmark interest rates that can be used for hedge accounting.	January 1, 2019	Adoption of this guidance did not have a material impact on the results of operations, financial position or cash flows. Required disclosures under the new guidance is included in Note 8.
Lease ASUs: ASU 2019-01 - Leases (Topic 842): Codification Improvements ASU 2018-20 - Leases (Topic 842): Narrow-Scope Improvements for Lessors ASU 2018-11 - Leases (Topic 842) Targeted Improvements	Various	Introduces the recognition of lease assets and lease liabilities by lessees for those leases classified as operating leases under previous guidance.	January 1, 2019	See additional information regarding the impact of this guidance on the Company's financial statements at the bottom of this table in note (a).

ASU 2016-02 - Leases
(Topic 842)

No other new accounting pronouncement issued or effective has had or is expected to have a material impact on the Company's consolidated financial statements.

(a) Leases

On January 1, 2019, the Company adopted Accounting Standards Codification Topic 842 Leases ("the new lease standard") prospectively and recorded a cumulative effect adjustment to the opening balance of retained earnings of \$2.8 million. The Company elected the package of practical expedients permitted under the transition guidance within the new lease standard, which allows the Company to carryforward the historical lease classification, to not reassess whether existing contracts are or contain a lease and not to reassess initial direct costs. The Company also elected the land easement practical expedient.

In addition, the Company elected the hindsight practical expedient to determine the lease term for existing leases. When applying the hindsight expedient, the Company determined that most renewal options would not be reasonably certain in determining the expected lease term. The Company made an accounting policy election to not apply the recognition requirements of the new standard to leases with terms of twelve months or less and which do not include an option to purchase the underlying assets which is reasonably certain of exercise.

Adoption of the new standard resulted in the recording of additional net operating lease assets and operating lease liabilities of approximately \$572.2 million and \$575.0 million, respectively, as of January 1, 2019. The difference between the operating lease assets and operating lease liabilities was recorded as an adjustment to retained earnings. There was no impact to consolidated net earnings or cash flows. Further information related to the Company's adoption of the new lease standard is included in Note 13.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders and Board of Directors of Ecolab Inc.:

Results of Review of Financial Statements

We have reviewed the accompanying consolidated balance sheet of Ecolab Inc. and its subsidiaries (the “Company”) as of March 31, 2019, and the related consolidated statements of income, comprehensive income (loss), equity and cash flows for the three-month periods ended March 31, 2019 and 2018, including the related notes (collectively referred to as the “interim financial statements”). Based on our reviews, we are not aware of any material modifications that should be made to the accompanying interim financial statements for them to be in conformity with accounting principles generally accepted in the United States of America.

We have previously audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheet of the Company as of December 31, 2018, and the related consolidated statements of income, comprehensive income (loss), equity, and cash flows for the year then ended (not presented herein), and in our report dated March 1, 2019, we expressed an unqualified opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying consolidated balance sheet information as of December 31, 2018, is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.

Basis for Review Results

These interim financial statements are the responsibility of the Company’s management. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB. We conducted our review in accordance with the standards of the PCAOB. A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the PCAOB, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following management discussion and analysis ("MD&A") provides information we believe is useful in understanding our operating results, cash flows and financial condition. We provide quantitative information about the material sales drivers including the impact of changes in volume and pricing and the effect of acquisitions and changes in foreign currency at the corporate and reportable segment level. We also provide quantitative information regarding special (gains) and charges, discrete tax items and other significant factors we believe are useful for understanding our results. Such quantitative drivers are supported by comments meant to be qualitative in nature. Qualitative factors are generally ordered based on estimated significance.

The MD&A should be read in conjunction with both the unaudited consolidated financial information and related notes included in this Form 10-Q, and Management's Discussion and Analysis of Financial Condition and Results of Operations included in our Annual Report on Form 10-K for the year ended December 31, 2018. This discussion contains various Non-GAAP Financial Measures and also contains various Forward-Looking Statements within the meaning of the Private Securities Litigation Reform Act of 1995. We refer readers to the statements entitled "Non-GAAP Financial Measures" and "Forward-Looking Statements" located at the end of Part I of this report.

Comparability of Results

Fixed Currency Foreign Exchange Rates

Management evaluates the sales and operating income performance of our non-U.S. dollar functional currency international operations based on fixed currency exchange rates, which eliminate the impact of exchange rate fluctuations on our international operations. Fixed currency amounts are updated annually at the beginning of each year based on translation into U.S. dollars at foreign currency exchange rates established by management, with all periods presented using such rates. Fixed currency exchange rates are generally based on existing market rates at the time they are established. Public currency rate data provided within the "Segment Performance" section of this MD&A reflect amounts translated at actual public average rates of exchange prevailing during the corresponding period and is provided for informational purposes only.

Impact of Acquisitions and Divestitures

Acquisition adjusted growth rates exclude the results of our acquired businesses from the first twelve months post acquisition and exclude the results of our divested businesses from the twelve months prior to divestiture.

OVERVIEW OF THE FIRST QUARTER ENDED MARCH 31, 2019

Sales Performance

When comparing first quarter 2019 against first quarter 2018, sales performance was as follows:

- Reported net sales increased 1% to \$3,505 million, fixed currency sales and acquisition adjusted fixed currency sales increased 4% and 3%, respectively.
- Fixed currency sales for our Global Industrial segment increased 8% to \$1,289 million, acquisition adjusted fixed currency sales increased 7%, led by Water, Food and Beverage, Paper and Life Sciences.
- Fixed currency sales for our Global Institutional segment increased 2% to \$1,215 million. Acquisition adjusted fixed currency sales also increased 2%, led by growth in Specialty.
- Fixed currency sales for our Global Energy segment decreased 2% to \$812 million. Acquisition adjusted fixed currency sales also decreased 2%, primarily reflecting slower activity in the energy markets during the quarter.
- Fixed currency sales and acquisition adjusted fixed currency sales for Other segment sales increased 7% to \$207 million, driven by sales growth in Pest Elimination and Colloidal Technologies.

Financial Performance

When comparing first quarter 2019 against first quarter 2018, our financial performance was as follows:

- Reported operating income increased 4% to \$367 million. Excluding the impact of special (gains) and charges from both 2019 and 2018 reported results, adjusted operating income increased 8% and our adjusted fixed currency operating income increased 11%.
- Net income attributable to Ecolab increased 20% to \$297 million. Excluding the impact of special (gains) and charges and discrete tax items from both 2019 and 2018 reported results, our adjusted net income attributable to Ecolab increased 13%.
- Reported diluted EPS of \$1.01 increased 20%. Excluding the impact of special (gains) and charges and discrete tax items from both 2019 and 2018 reported results, adjusted diluted EPS increased 13% to \$1.03 in the first quarter of 2019.
- Our reported tax rate was 11.4% during the first quarter of 2019, compared to 21.8% during the first quarter of 2018. Excluding the tax rate impact of special (gains) and charges and discrete tax items from both 2019 and 2018 results, our adjusted tax rate was 20.6% and 22.0% during the first quarter of 2019 and 2018, respectively.

RESULTS OF OPERATIONS

Net Sales

	First Quarter Ended March 31			
(millions)	2019	2018	Change	
Product and equipment sales	\$2,886.3	\$2,859.6		
Service and lease sales	619.1	611.3		
Reported GAAP net sales	\$3,505.4	\$3,470.9	1	%
Effect of foreign currency translation	17.6	(74.8)		
Non-GAAP fixed currency sales	\$3,523.0	\$3,396.1	4	%

Product and sold equipment revenue is generated from providing cleaning, sanitizing, water and energy products or equipment used in combination with specialized products. Service and lease equipment revenue is generated from providing services or leasing equipment to customers. All of our sales are subject to the same economic conditions.

The percentage components of the period-over-period 2019 sales change are shown below:

	First Quarter Ended March 31
(percent)	2019
Volume	1%
Price changes	3
Acquisition adjusted fixed currency sales change	3
Acquisitions and divestitures	1
Fixed currency sales change	4
Foreign currency translation	(3)
Reported GAAP net sales change	1%

Amounts do not necessarily sum due to rounding.

Cost of Sales ("COS") and Gross Profit Margin

	First Quarter Ended March 31 2019		2018	
	COS	Gross Margin	COS	Gross Margin
(millions/percent)				
Product and equipment cost of sales	\$1,717.1		\$1,696.2	
Service and lease cost of sales	379.6		376.1	
Reported GAAP COS and gross margin	\$2,096.7	40.2 %	\$2,072.3	40.3 %
Special (gains) and charges	3.6		-	-
Non-GAAP adjusted COS and gross margin	\$2,093.1	40.3 %	\$2,072.3	40.3 %

Our COS and corresponding gross profit margin (“gross margin”) are shown in the table above. Gross margin is defined as net sales less cost of sales divided by net sales.

Our reported gross margin was 40.2% and 40.3% for the first quarter of 2019 and 2018, respectively. Special (gains) and charges included in items impacting COS are shown within the “Special (Gains) and Charges” table on page 34.

Excluding the impact of special (gains) and charges within COS, our first quarter 2019 and first quarter of 2018 adjusted gross margin was 40.3%.

Our adjusted gross margin was flat when comparing the first quarter of 2019 against the first quarter of 2018 which was driven primarily by pricing and cost savings, which were offset by higher delivered product costs.

Selling, General and Administrative Expense

Selling, general and administrative (“SG&A”) expenses as a percentage of sales were 28.6% for the first quarter of 2019 compared to 29.3% in 2018. The decreased SG&A ratio to sales in the first quarter of 2019 was driven primarily by sales leverage and cost savings actions which more than offset investments in the business.

Special (Gains) and Charges

Special (gains) and charges reported on the Consolidated Statement of Income include the following items:

(millions)	First Quarter Ended March 31	
	2019	2018
Cost of sales		
Restructuring activities	3.4	-
Acquisition and integration activities	0.2	-
Subtotal	3.6	-
Special (gains) and charges		
Restructuring activities	37.1	0.3
Upstream energy spin-off	4.3	-
Acquisition and integration activities	2.5	0.5
Other	(3.6)	25.2
Subtotal	40.3	26.0
Operating income subtotal	43.9	26.0
Interest expense, net	0.2	-
Total special (gains) and charges	\$44.1	\$26.0

For segment reporting purposes, special (gains) and charges are not allocated to reportable segments, which is consistent with our internal management reporting.

Restructuring activities

Restructuring activities are primarily related to Accelerate 2020 (described below). These activities have been included as a component of both cost of sales and special (gains) and charges on the Consolidated Statement of Income. Restructuring liabilities have been classified as a component of both other current and other noncurrent liabilities on the Consolidated Balance Sheet.

Accelerate 2020

During the third quarter of 2018, we formally commenced a restructuring plan Accelerate 2020 (“the Plan”), to leverage technology and systems investments and organizational changes. During the first quarter of 2019, we raised our goals for the Plan to further simplify and automate processes and tasks, reduce complexity and management layers, consolidated facilitates and focus on key long-term growth areas by leveraging technology and structural improvements. We now expect that the restructuring activities will be completed by the end of 2020, with total anticipated costs of \$260 million (\$190 million after tax), or \$0.65 per diluted share, over this period of time. Costs are expected to be primarily cash expenditures for severance costs and some facility closure costs relating to team reorganizations. Actual costs may vary from these estimates depending on actions taken.

We recorded restructuring charges of \$40.5 million (\$30.4 million after tax), or \$0.10 per diluted share in the first quarter of 2019. The liability related to this Plan was \$81.4 million as of the end of the first quarter of 2019. We have recorded \$145.1 million (\$110.0 million after tax), or \$0.37 per diluted share, of cumulative restructuring charges under the Plan.

Restructuring activity related to the Plan since inception of the underlying actions includes the following:

(millions)	Employee Termination Costs	Asset Disposals	Other	Total
2018 Activity				
Recorded expense	\$ 94.1	\$ 5.0	\$ 5.5	\$ 104.6
Net cash payments	(32.8)	-	(2.4)	(35.2)
Non-cash charges	-	(5.0)	-	(5.0)
Effect of foreign currency translation	(0.5)	-	-	(0.5)
Restructuring liability, December 31, 2018	60.8	-	3.1	63.9
2019 Activity				
Recorded expense	29.4	0.3	10.8	40.5
Net cash payments	(20.0)	-	(2.8)	(22.8)
Non-cash charges	-	(0.3)	-	(0.3)
Effect of foreign currency translation	0.1	-	-	0.1
Restructuring liability, March 31, 2019	\$ 70.3	\$ -	\$ 11.1	\$ 81.4

Other Restructuring Activities

Prior to Accelerate 2020, we engaged in a number of restructuring plans. During the first quarter of 2019, net restructuring charges related to the prior year plans were minimal. During the first quarter of 2018, net restructuring gains related to prior year plans were \$0.3 million (\$0.3 million after tax), or less than \$0.01 per diluted share. The restructuring liability balance for all plans commencing prior to Accelerate 2020 was \$13.1 million and \$14.9 million as of March 31, 2019 and December 31, 2018, respectively. The reduction in liability was driven primarily by severance payments. The majority of pretax charges represent net cash expenditures which are expected to be paid over a period of a few months to several quarters and will continue to be funded from operating activities. Cash payments during 2019, related to restructuring plans commencing prior to 2019 were \$1.4 million.

Upstream energy spin-off

During the first quarter of 2019, we announced our intention to pursue a plan to separate and spin-off the Upstream businesses of Ecolab's Global Energy segment (the Upstream Business). The charges reported in special (gains) and charges on the Consolidated Statement of Income include \$4.3 million (\$3.3 million after tax) or \$0.01 per diluted share, in the first quarter of 2019. The charges are primarily related to professional fees.

Acquisition and integration related costs

Acquisition and integration costs reported in special (gains) and charges on the Consolidated Statement of Income include \$2.5 million (\$1.8 million after tax) or \$0.01 per diluted share, and \$0.5 million (\$0.3 million after tax) or less than \$0.01 per diluted share, in the first quarter of 2019 and 2018, respectively. Charges are related to Laboratoires Anios ("Anios") and Bioquell PLC ("Bioquell") acquisitions and consist of integration costs, advisory and legal fees. Acquisition and integration costs reported in product and equipment cost of sales on the Consolidated Statement of Income in the first quarter of 2019 relate to the recognition of fair value step-up in the Bioquell inventory. We also incurred \$0.2 million (\$0.1 million after tax) or less than \$0.01 per diluted share, of interest expense in the first quarter of 2019.

Other

During the first quarter of 2019, we recorded other special gains of \$3.6 million (\$4.3 million after tax) or \$0.01 per diluted share, which primarily related to a litigation settlement which was offset with other legal charges. During the first quarter of 2018, we recorded other special charges of \$25.2 million (\$18.9 million after tax) or \$0.06 per diluted share, which primarily consisted of a \$25.0 million (\$18.9 million after tax) or \$0.06 per diluted share, commitment to

the Ecolab Foundation in response to the new U.S. tax law.

35

Operating Income and Operating Income Margin

(millions)	First Quarter Ended March 31		
	2019	2018	Change
Reported GAAP operating income	\$367.2	\$354.3	4 %
Special (gains) and charges	43.9	26.0	
Non-GAAP adjusted operating income	411.1	380.3	8 %
Effect of foreign currency translation	1.1	(9.2)	
Non-GAAP adjusted fixed currency operating income	\$412.2	\$371.1	11 %

(percent)	First Quarter Ended March 31			
	2019		2018	
Reported GAAP operating income margin	10.5	%	10.2	%
Non-GAAP adjusted operating income margin	11.7	%	11.0	%
Non-GAAP adjusted fixed currency operating income margin	11.7	%	10.9	%

Our operating income and corresponding operating income margin are shown in the previous tables. Operating income margin is defined as operating income divided by net sales.

Our reported operating income increased 4% in the first quarter of 2019, versus the comparable periods of 2018. Our reported operating income for 2019 and 2018 was impacted by special (gains) and charges; excluding the impact of special (gains) and charges from 2019 and 2018 reported results, our adjusted operating income increased 8% in the first quarter of 2019.

As shown in the previous table, foreign currency had a 3% impact on adjusted operating income growth for the first quarter of 2019 and 2018.

Other (Income) Expense

Other (income) expense was \$21.2 million and \$19.4 million in the first quarter of 2019 and 2018, respectively. Other income increased due to the return on pension assets and lower non-service costs of our pension obligations.

Interest Expense, Net

(millions)	First Quarter Ended		
	March 31		
	2019	2018	Change
Reported GAAP interest expense, net	\$49.4	\$56.4	(12) %
Special (gains) and charges	0.2	-	
Non-GAAP adjusted interest expense, net	\$49.2	\$56.4	(13) %

Reported net interest expense was \$49.4 million and \$56.4 million in the first quarter of 2019 and 2018, respectively. The decrease in net interest expense when comparing the first quarter of 2019 against the first quarter of 2018 was driven primarily lower outstanding debt and higher interest income.

Provision for Income Taxes

The following table provides a summary of our tax rate:

(percent)	First Quarter Ended March 31	
	2019	2018
Reported GAAP tax rate	11.4 %	21.8 %
Tax rate impact of:		
The Tax Act	1.3	(3.3)
Special (gains) and charges	2.0	0.2
Discrete tax items	5.9	3.3
Non-GAAP adjusted tax rate	20.6 %	22.0 %

Our reported tax rate was 11.4% and 21.8% for the first quarter of 2019 and 2018, respectively. The change in our tax rate for the first quarter of 2019 versus the comparable periods of 2018 was driven primarily by discrete tax items, special (gains) and charges, tax planning and the geographic mix of income. The tax impact of special (gains) and charges and discrete tax items will likely continue to impact comparability of our reported tax rate in the future as amounts included in special (gains) and charges are derived from tax jurisdictions with rates that vary from our tax rate, and discrete tax items are not necessarily consistent across periods. Our tax rate is based on our interpretations of existing tax rules; potential future guidance including regulations not yet issued could impact the future tax rate.

We recognized total net benefit related to discrete tax items of \$27.7 million in the first quarter of 2019. Share-based compensation excess tax benefit contributed \$18.7 million. We also recognized a \$5.1 million benefit due to issuance of technical guidance during the quarter related to the one-time transition tax imposed by the Tax Cuts and Jobs Act (the “Act”). The remaining discrete benefit was primarily related to changes in tax rates in non-U.S. jurisdictions.

We recorded a net discrete tax benefit of \$0.1 million in the first quarter of 2018. We recorded discrete tax expense of \$11.3 million for the one-time transition tax due to issuance of technical guidance during the quarter. Discrete tax items include excess tax benefits related to share-based compensation of \$6.8 million and other discrete tax benefits of \$4.6 million related to changes in our state tax profile and changes in reserves in non-U.S. jurisdictions.

The decrease in the 2019 adjusted tax rate compared to 2018 was primarily due to tax planning.

Net Income Attributable to Ecolab

(millions)	First Quarter Ended March 31		Change
	2019	2018	
Reported GAAP net income attributable to Ecolab	\$296.5	\$247.3	20 %
Adjustments:			
Special (gains) and charges, after tax	31.5	19.7	
Discrete tax net expense (benefit)	(27.7)	(0.1)	
Non-GAAP adjusted net income attributable to Ecolab	\$300.3	\$266.9	13 %

Diluted EPS

(dollars)	First Quarter Ended March 31		Change
	2019	2018	
Reported GAAP diluted EPS	\$1.01	\$ 0.84	20 %
Adjustments:			
Special (gains) and charges	0.11	0.07	
Discrete tax net expense (benefit)	(0.09)	-	
Non-GAAP adjusted diluted EPS	\$1.03	\$ 0.91	13 %

Per share amounts in the above tables do not necessary sum due to rounding.

Currency translation had an unfavorable impact of approximately \$0.04 per share on diluted EPS for the first quarter of 2019, when compared to the first quarter of 2018.

SEGMENT PERFORMANCE

The non-U.S. dollar functional international amounts included within our reportable segments are based on translation into U.S. dollars at the fixed currency exchange rates used by management for 2019. The difference between the fixed currency exchange rates and the actual currency exchange rates is reported as “effect of foreign currency translation” in the following tables. All other accounting policies of the reportable segments are consistent with U.S. GAAP and the accounting policies described in Note 2 of our Annual Report on Form 10-K for the year ended December 31, 2018. Additional information about our reportable segments is included in Note 16.

Fixed currency net sales and operating income for the first quarter of 2019 and 2018 for our reportable segments are shown in the following tables.

Net Sales	First Quarter Ended		
	March 31		
(millions)	2019	2018	Change
Global Industrial	\$1,289.2	\$1,190.2	8 %
Global Institutional	1,215.3	1,187.0	2

Net Sales

Fixed currency sales for Global Industrial increased in the first quarter of 2019, benefitting from volume and pricing gains. At a regional level, the first quarter sales showed good growth in North America.

At an operating segment level, Water fixed currency sales increased 7% (8% acquisition adjusted) in the first quarter of 2019. Light industry sales growth was led by innovative technology and service offerings. Heavy industry sales benefitted from sales force investments and improved market conditions in the quarter. Mining sales were led by new business wins. Food & Beverage fixed currency sales increased 11% (7% acquisition adjusted) in the first quarter of 2019, benefiting from corporate account wins, share gains and pricing, which more than offset generally flat industry trends. Growth was led by the dairy, beverage and brewing, protein, and food businesses. Paper fixed currency sales increased 6% in the first quarter of 2019. Textile Care fixed currency sales increased 3% in the first quarter of 2019. Life Sciences fixed currency sales increased 27% (14% acquisition adjusted) in the first quarter of 2019 as we realized good growth from business wins and pricing execution in both the pharmaceutical and personal care markets.

Operating Income

Fixed currency operating income and fixed currency operating income margins increased for Global Industrial in the first quarter of 2019. Acquisitions had negative impact on both the fixed currency operating income and fixed currency operating income margins.

Acquisition adjusted fixed currency operating income margins increased 1.4 percentage points during the first quarter of 2019 and were positively impacted approximately 4.2 percentage points by pricing and sales volume leverage and cost savings, which more than offset the approximately 2.4 percentage point margin impact of higher delivered product costs and investments in the business.

Global Institutional

	First Quarter Ended March 31			
	2019	2018		
Sales at fixed currency (millions)	\$1,215.3	\$1,187.0		
Sales at public currency (millions)	1,208.5	1,206.2

Fixed currency operating income change	0	%		
Fixed currency operating income margin	16.1	%	16.5	%
Acquisition adjusted fixed currency operating income change	1	%		
Acquisition adjusted fixed currency operating income margin	16.3	%	16.5	%
Public currency operating income change	(1)	%		

Percentages in the above table do not necessarily sum due to rounding.

Net Sales

Fixed currency sales for Global Institutional increased in the first quarter of 2019, driven by pricing gains. At a regional level, the first quarter sales increase was led by good growth in North America.

At an operating segment level, Institutional fixed currency sales increased 1% in the first quarter of 2019, reflecting the exit of low margin business as well as lower shipments to distributors. Global lodging demand continued to show moderate growth while global full service restaurant industry foot traffic remained soft. Specialty fixed currency sales increased 7% in the first quarter of 2019, led primarily from strong ongoing business and new account and program wins. Healthcare fixed currency sales increased 2% in the first quarter of 2019, as improved sales of environmental hygiene programs were partially offset by lower sales of non-core products.

Operating Income

Fixed currency operating income for our Global Institutional segment was flat in the first quarter of 2019. Fixed currency operating income margins decreased in the first quarter as pricing and sales volume gains, along with cost savings, were offset by investments in the business and higher delivered product costs.

Acquisition adjusted fixed currency operating income margins decreased 0.2 percentage points during the first quarter of 2019 and were negatively impacted by approximately 2.4 percentage points from investments in the business along with higher delivered product costs. Improved pricing and cost savings added approximately 2.1 percentage points during the first quarter of 2019.

Global Energy

	First Quarter Ended March 31			
	2019		2018	
Sales at fixed currency (millions)	\$811.7		\$826.5	
Sales at public currency (millions)	809.5		842.9	
Volume	(4)	%		
Price changes	3	%		
Acquisition adjusted fixed currency sales change	(2)	%		
Acquisitions and divestitures	0	%		
Fixed currency sales change	(2)	%		
Foreign currency translation	(2)	%		
Public currency sales change	(4)	%		
Operating income at fixed currency (millions)	\$78.4		\$68.6	
Operating income at public currency (millions)	78.1		70.6	
Fixed currency operating income change	14	%		
Fixed currency operating income margin	9.7	%	8.3	%
Acquisition adjusted fixed currency operating income change	12	%		
Acquisition adjusted fixed currency operating income margin	9.7	%	8.5	%
Public currency operating income change	11	%		

Percentages in the above table do not necessarily sum due to rounding.

Net Sales

Fixed currency sales for Global Energy decreased in the first quarter of 2019. Declines in the well stimulation business and production sales were due to the reduced North America industry activity. Downstream sales decreased slightly due to lower equipment sales versus last year.

Operating Income

Fixed currency operating income for Global Energy increased during the first quarter of 2019. Acquisitions had a positive impact on the fixed currency operating income for the first quarter of 2019 with minimal impact on the fixed currency operating income margins during the first quarter of 2019.

Acquisition adjusted fixed currency operating income margins increased 1.2 percentage points during the first quarter of 2019. Pricing increases and cost savings favorably impacted margins by approximately 3.2 percentage points during the first quarter of 2019. These gains more than offset a negative impact of approximately 1.8 percentage points related to higher delivered product costs and lower sales volume.

Other

	First Quarter Ended March 31			
	2019		2018	
Sales at fixed currency (millions)	\$206.8		\$192.4	
Sales at public currency (millions)	206.1		195.8

Fixed currency operating income margin	14.6	%	14.0	%
Acquisition adjusted fixed currency operating income change	12	%		
Acquisition adjusted fixed currency operating income margin	14.6	%	14.0	%
Public currency operating income change	10	%		

Percentages in the above table do not necessarily sum due to rounding.

Net Sales

Fixed currency sales for Other increased in the first quarter of 2019 with strong gains in both Pest Elimination and Colloidal Technologies Group. At a regional level, the first quarter of 2019 sales results showed good growth in North America.

At an operating segment level, Pest Elimination fixed currency sales increased 7% in the first quarter of 2019 led by sales growth in all regions. Colloidal Technologies Group fixed currency sales increased 11% in the first quarter of 2019.

Operating Income

Acquisition adjusted fixed currency operating income margins for Other increased 0.6 percentage points during the first quarter of 2019. The favorable impact of sales volume and pricing increases added approximately 3.1 percentage points to growth for the period. Field investments negatively impacted comparable margins by approximately 2.3 percentage points for the period.

Corporate

Consistent with our internal management reporting, Corporate amounts in the table on page 38 include intangible asset amortization specifically from the Nalco merger and special (gains) and charges that are not allocated to our reportable segments. Items included within special (gains) and charges are shown in the table on page 34.

FINANCIAL POSITION, CASH FLOWS AND LIQUIDITY

Financial Position

Total assets were \$20.9 billion as of March 31, 2019 compared to total assets of \$20.1 billion as of December 31, 2018.

Total liabilities were \$12.7 billion as of March 31, 2019 compared to total liabilities of \$12.0 billion as of December 31, 2018. Total debt was \$7.1 billion as of March 31, 2019 and \$7.0 billion as of December 31, 2018. See further discussion of our debt activity within the “Liquidity and Capital Resources” section of this MD&A.

Our net debt to earnings before interest, taxes, depreciation and amortization (“EBITDA”) is shown in the following table. EBITDA is a non-GAAP measures discussed further in the “Non-GAAP Financial Measures” section of this MD&A.

The inputs to EBITDA reflect the trailing twelve months of activity for the period presented.

	2019	2018
(ratio)		
Net debt to EBITDA	2.4	2.5
(millions)		
Total debt	\$7,140.5	\$7,415.5
Cash	79.0	175.5
Net debt	\$7,061.5	\$7,240.0
Net income including noncontrolling interest	\$1,529.5	\$1,509.5
Provision for income taxes	296.8	258.7
Interest expense, net	215.3	248.9
Depreciation	629.4	594.4
Amortization	316.6	314.0
EBITDA	\$2,987.6	\$2,925.5

Cash Flows

Operating Activities

	First Quarter Ended March 31		
(millions)	2019	2018	Change
Cash provided by operating activities	\$378.1	\$487.2	\$(109.1)

We continue to generate strong cash flow from operations, allowing us to fund our ongoing operations, acquisitions, investments in the business and pension obligations along with returning cash to our shareholders through dividend payments and share repurchases.

Comparability of cash generated from operating activities was impacted by fluctuations in accounts receivable, inventories and accounts payable (“working capital”). The cash flow impact from working capital accounts was driven by the impact of sales volume, payment timing and customer terms, and discretionary inventory build.

Investing Activities

	First Quarter Ended March 31		
(millions)	2019	2018	Change
Cash used for investing activities	\$(477.4)	\$(255.8)	\$(221.6)

Cash used for investing activities is primarily impacted by the timing of business acquisitions and dispositions as well as capital investments in the business.

Total cash paid for acquisitions, net of cash acquired and net of cash received from dispositions, during the first quarter in 2019 and 2018, was \$282 million and \$77 million, respectively. Our acquisitions and divestitures across 2019 and 2018 are discussed further in Note 3. We continue to target strategic business acquisitions which complement our growth strategy and expect to continue to make capital investments and acquisitions in the future to support our long-term growth.

We continue to make capital investments in the business, including merchandising and customer equipment and manufacturing facilities. Total capital expenditures, including software, were \$187 million and \$203 million in the first quarter of 2019 and 2018, respectively.

Financing Activities

	First Quarter Ended March 31		
(millions)	2019	2018	Change
Cash used for financing activities	\$(117.5)	\$(265.0)	\$147.5

Our cash flows from financing activities primarily reflect the issuances and repayment of debt, common stock repurchases, proceeds from common stock issuances related to our equity incentive programs, dividend payments and acquisition-related contingent considerations.

Shares are repurchased for the purpose of partially offsetting the dilutive effect of our equity compensation plans and stock issued in acquisitions, to manage our capital structure and to efficiently return capital to shareholders. We repurchased a total of \$131 million and \$215 million of shares in the first quarter of 2019 and 2018, respectively. Cash proceeds and tax benefits from stock option exercises provide a portion of the funding for repurchase activity.

The impact on financing cash flows of commercial paper and notes payable issuances and long-term debt borrowings and repayments are shown in the following table:

(millions)	First Quarter Ended March 31		Change
	2019	2018	
Net issuances of commercial paper and notes payable	\$487.9	\$354.3	\$133.6
Long-term debt repayments	(400.3)	(300.6)	(99.7)

Liquidity and Capital Resources

We currently expect to fund the cash requirements which are reasonably foreseeable for the next twelve months, including scheduled debt repayments, new investments in the business, share repurchases, dividend payments, possible business acquisitions and pension and postretirement contributions with cash from operating activities, and as needed, additional short-term and/or long-term borrowings. We continue to expect our operating cash flow to remain strong.

As of March 31, 2019, we had \$79 million of cash and cash equivalents on hand, substantially all of which was held outside of the U.S.

As of March 31, 2019, we have a \$2.0 billion multi-year credit facility which expires in November 2022. The credit facility has been established with a diverse syndicate of banks and supports our U.S. and Euro commercial paper programs. The maximum aggregate amount of commercial paper that may be issued under our U.S. commercial paper program and our Euro commercial paper program may not exceed \$2.0 billion. At the end of the first quarter of 2019, we had \$398 million (€350 million) of commercial paper outstanding under our Euro program and \$390 million outstanding under our U.S. program. There were no borrowings under our credit facility as of March 31, 2019 or 2018. As of March 31, 2019, both programs were rated A-2 by Standard & Poor's, P-2 by Moody's and F-2 by Fitch.

Our long-term debt issuance and repayment activity through the first quarter of 2019 and 2018 is discussed in the Cash Flows – Financing Activities section of this MD&A.

We are in compliance with our debt covenants and believe we have sufficient borrowing capacity to meet our foreseeable operating needs.

The schedule of contractual obligations included in the Financial Position and Liquidity section of our Form 10-K for the year ended December 31, 2018 disclosed total notes payable and long-term debt due within one year of \$577 million. As of March 31, 2019, the total notes payable and long-term debt due within one year decreased to \$344 million. The commercial paper outstanding as of March 31, 2019 increased to \$788 million. The commercial paper outstanding as of December 31, 2018 was \$165 million.

In the first quarter of 2019 and 2018 we recorded a one-time transition tax benefit of \$5 million and expense of \$11 million, respectively, primarily due to the issuance of technical guidance during the quarter.

Our gross liability for uncertain tax positions was \$51 million as of March 31, 2019 and \$50 million as of December 31, 2018. We are not able to reasonably estimate the amount by which the liability will increase or decrease over time; however, at this time, we do not expect significant payments related to these obligations within the next year.

GLOBAL ECONOMIC ENVIRONMENT

Energy Markets

Approximately 23% of our sales are generated from our Global Energy segment, the results of which are subject to changes in the oil and gas commodity markets.

Our global footprint and broad business portfolio within the Global Energy segment, as well as our execution capabilities, are expected to provide the required resilience to outperform in the current market. As such, we continue to remain confident in the long-term growth prospects of the segment.

Global Economies

Approximately half of our sales are outside of the U.S. Our international operations subject us to changes in economic conditions and foreign currency exchange rates as well as political uncertainty in some countries which could impact future operating results.

Argentina has continued to experience negative economic trends, evidenced by multiple periods of increasing inflation rates, devaluation of the peso, and increasing borrowing rates. Argentina is classified as a highly inflationary economy in accordance with U.S. GAAP, and the U.S. dollar is the functional currency for our subsidiaries in Argentina. During the first quarter of 2019, sales in Argentina represented less than 1% of our consolidated sales. Assets held in Argentina at the end of the first quarter represented less than 1% of our consolidated assets.

Brexit Referendum

On March 29, 2017, the United Kingdom (“U.K.”) government gave formal notice to the European Union (“EU”) to begin the process of negotiating the U.K.’s exit (“Brexit”) from the EU. The effects of Brexit will depend on any agreements the U.K. makes to retain access to the EU markets either during a transitional period or more permanently. The negotiations might also impact various tax reliefs and exemptions that apply to transactions between the U.K. and EU.

In the longer term, any impact from Brexit on our U.K. operations will depend, in part, on the outcome of tariff, trade, regulatory, and other negotiations. The Brexit deadline continues to be extended and we continue to monitor the status of tax law changes and tax treaty negotiations at the U.K. and EU.

For the quarter ended March 31, 2019, net sales of our U.K. operations were approximately 2% of our consolidated net sales.

NEW ACCOUNTING PRONOUNCEMENTS

For information on new accounting pronouncements, see Note 18 to the Consolidated Financial Statements.

NON-GAAP FINANCIAL MEASURES

This Quarterly Report on Form 10-Q, including “Management’s Discussion and Analysis of Financial Condition and Results of Operation” in Item 2, contains financial measures that have not been calculated in accordance with accounting principles generally accepted in the U.S. (GAAP). These non-GAAP measures include:

- Fixed currency sales
- Acquisition adjusted fixed currency sales
- Adjusted cost of sales
- Adjusted gross margin
- Fixed currency operating income
- Fixed currency operating income margin
- Adjusted operating income
- Adjusted operating income margin
- Adjusted fixed currency operating income
- Adjusted fixed currency operating income margin
- Acquisition adjusted fixed currency operating income
- Acquisition adjusted fixed currency operating income margin
- EBITDA
- Adjusted interest expense, net
- Adjusted tax rate
 - Adjusted net income attributable to Ecolab
- Adjusted diluted EPS

We provide these measures as additional information regarding our operating results. We use these non-GAAP measures internally to evaluate our performance and in making financial and operational decisions, including with respect to incentive compensation. We believe that our presentation of these measures provides investors with greater transparency with respect to our results of operations and that these measures are useful for period-to-period comparison of results.

Our non-GAAP financial measures for cost of sales, gross margin and operating income exclude the impact of special (gains) and charges, and our non-GAAP measures for tax rate, net income attributable to Ecolab and diluted EPS further exclude the impact of discrete tax items. We include items within special (gains) and charges and discrete tax

items that we believe can significantly affect the period-over-period assessment of operating results and not necessarily reflect costs and/or income associated with historical trends and future results. After tax special (gains) and charges are derived by applying the applicable local jurisdictional tax rate to the corresponding pre-tax special (gains) and charges.

EBITDA is defined as the sum of net income including noncontrolling interest, provision for income taxes, net interest expense, depreciation and amortization. EBITDA is used in our net debt to EBITDA ratio, which we view as important indicators of the operational and financial health of our organization.

We evaluate the performance of our international operations based on fixed currency rates of foreign exchange. Fixed currency amounts included in this Form 10-Q are based on translation into U.S. dollars at the fixed foreign currency exchange rates established by management at the beginning of 2019.

Acquisition adjusted growth rates exclude the results of our acquired businesses from the first twelve months post acquisition, exclude the results of our divested businesses from the twelve months prior to divestiture.

These non-GAAP measures are not in accordance with, or an alternative to U.S. GAAP, and may be different from non-GAAP measures used by other companies. Investors should not rely on any single financial measure when evaluating our business. We recommend that investors view these measures in conjunction with the U.S. GAAP measures included in this MD&A and we have provided reconciliations of reported U.S. GAAP amounts to the non-GAAP amounts.

FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q, including “Management’s Discussion and Analysis of Financial Condition and Results of Operations” in Item 2, contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements include the anticipated spin-off of our Upstream Energy business into a new stand-alone company and the expected form, timing and tax effects; expectations concerning timing, amount and type of restructuring costs and savings from restructuring activities; tax deductibility of goodwill; capital investments and acquisitions; amortization expense; non-performance of financial counterparties; payments and contributions to pension and postretirement health care benefit plans; impact of tax reform; the impact of lawsuits, claims and environmental matters; impact of new accounting pronouncements; cash flows, borrowing capacity and funding of cash requirements; payments related to uncertain tax positions; impact of oil price fluctuations, comparative performance and prospects of businesses in our Global Energy segment; implementation of ERP system upgrade; and doing business relating to Iran.

Without limiting the foregoing, words or phrases such as “will likely result,” “are expected to,” “will continue,” “is anticipated,” “we believe,” “we expect,” “estimate,” “project” (including the negative or variations thereof) or similar terminology, generally identify forward-looking statements. Forward-looking statements may also represent challenging goals for us. These statements, which represent our expectations or beliefs concerning various future events, are based on current expectations that involve a number of risks and uncertainties that could cause actual results to differ materially from those of such forward-looking statements. In particular, the proposed spin-off of the Upstream Energy business may not be consummated within the anticipated period or at all and the ultimate results of any restructuring and business improvement actions, including cost synergies, depend on a number of factors, including the development of final plans, the impact of local regulatory requirements regarding employee terminations, the time necessary to develop and implement the restructuring and other business improvement initiatives and the level of success achieved through such actions in improving competitiveness, efficiency and effectiveness. We caution that undue reliance should not be placed on such forward-looking statements, which speak only as of the date made.

Some of the factors which could cause results to differ from those expressed in any forward-looking statements are set forth under Item 1A, entitled Risk Factors, of our Form 10-K for the year ended December 31, 2018, and include the vitality of the markets we serve, including the impact of oil price fluctuations on the markets served by our Global Energy segment; the impact of economic factors such as the worldwide economy, capital flows, interest rates and foreign currency risk, including reduced sales and earnings in other countries resulting from the weakening of local currencies versus the U.S. dollar; our ability to execute key business initiatives, including upgrades to our information technology systems; potential information technology infrastructure failures and cybersecurity attacks; the possibility that the proposed spin-off of our Upstream Energy business will not be consummated within the anticipated time period or at all and the potential that the Upstream Energy business and Ecolab will not realize all of the expected benefits of the spin-off; our ability to attract and retain high caliber management talent to lead our business; our ability to develop competitive advantages through innovation and to commercialize digital solutions; exposure to global economic, political and legal risks related to our international operations including trade sanctions; difficulty in procuring raw materials or fluctuations in raw material costs; pressure on operations from consolidation of customers, vendors or competitors; the costs and effects of complying with laws and regulations, including those relating to the environment and to the manufacture, storage, distribution, sale and use of our products; the occurrence of litigation or

claims, including related to the Deepwater Horizon oil spill; restraints on pricing flexibility due to contractual obligations; our ability to acquire complementary businesses and to effectively integrate such businesses; changes in tax law and unanticipated tax liabilities; potential loss of deferred tax assets or increase in deferred tax liabilities; our substantial indebtedness; public health epidemics; potential losses arising from the impairment of goodwill or other assets; potential chemical spill or release; potential class action lawsuits; the loss or insolvency of a major customer or distributor; acts of war or terrorism; natural or man-made disasters; water shortages; severe weather conditions; and other uncertainties or risks reported from time to time in our reports to the SEC. There can be no assurances that our earnings levels will meet investors' expectations. Except as may be required under applicable law, we do not undertake, and expressly disclaim, any duty to update our Forward-Looking Statements.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

We use foreign currency forward contracts, interest rate swap agreements and foreign currency debt to manage risks associated with foreign currency exchange rates, interest rates and net investments in our foreign operations. We do not hold derivative financial instruments of a speculative nature or for trading purposes. For a more detailed discussion of derivative instruments, refer to Note 8, entitled "Derivatives and Hedging Transactions", of the consolidated financial statements located under Part I, Item 1 of this quarterly report on Form 10-Q.

Item 4. Controls and Procedures

As of March 31, 2019, we carried out an evaluation, under the supervision and with the participation of our management, including the Chairman of the Board and Chief Executive Officer and the Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures. Based upon that evaluation, our Chairman of the Board and Chief Executive Officer and the Chief Financial Officer concluded that our disclosure controls and procedures are effective.

During the period January 1 through March 31, 2019, there were no changes in our internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

We are continuing our implementation of an enterprise resource planning (“ERP”) system upgrade we began in 2018, which is occurring in phases over the next several years. This upgrade, which includes supply chain and certain finance functions, is expected to improve the efficiency of certain financial and related transactional processes. The upgrade of the ERP system will affect the processes that constitute our internal control over financial reporting and will require testing for effectiveness.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings

As previously reported, the prosecution office of Liu He district, Nanjing City, Jiangsu Province, China, brought charges alleging violation of environmental laws relating to waste disposal against the Company’s Nalco subsidiary in Nanjing City, China on November 26, 2018. Prior to these charges being alleged, related charges were brought against certain individual employees of the subsidiary. A hearing was held on the case on March 26, 2019 before the People’s Court of Liu He District, which is seeking to assess monetary penalties. The subsidiary could also be subject to a separate civil penalty. The court has not issued its ruling. We anticipate that this matter will not have a material adverse effect on our consolidated results of operations, financial position or cash flows.

Note 17, entitled “Commitments and Contingencies” located under Part I, Item 1 of this Form 10-Q is incorporated herein by reference.

Item 1A. Risk Factors

In our report on Form 10-K for the year ended December 31, 2018, filed with the Securities and Exchange Commission on March 1, 2019, we identify under Item 1A important factors which could affect our financial performance and could cause our actual results for future periods to differ materially from our anticipated results or other expectations, including those expressed in any forward-looking statements made in this Form 10-Q. See the section entitled Forward-Looking Statements located on page 48 of this Form 10-Q. We may also refer to such disclosure to identify factors that may cause results to differ from those expressed in other forward-looking statements made in oral presentations, including telephone conferences and/or webcasts open to the public.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

(c) Issuer Purchases of Equity Securities

Period	(a) Total number of shares purchased(1)	(b) Average price paid per share(2)	(c) Number of shares purchased as part of publicly announced plans or programs(3)	(d) Maximum number of shares that may yet be purchased under the plans or programs(3)
January 1-31, 2019	-	-	-	8,651,394
February 1-28, 2019	119,564	166.2324	-	8,651,394
March 1-31, 2019	647,084	172.4020	646,668	8,004,726
Total	766,648	171.4398	646,668	8,004,726

(1) Includes 119,980 shares reacquired from employees and/or directors as swaps for the cost of stock options, or shares surrendered to satisfy minimum statutory tax obligations under our stock incentive plans.

(2) The average price paid per share includes brokerage commissions associated with publicly announced plan purchases plus the value of such other reacquired shares.

- (3) As announced on February 24, 2015, our Board of Directors authorized the repurchase of up to 20,000,000 shares. Subject to market conditions, we expect to repurchase all shares under the open authorizations, for which no expiration date has been established, in open market or privately negotiated transactions, including pursuant to Rule 10b5-1.

Item 3. Defaults Upon Senior Securities

Not applicable.

Item 4. Mine Safety Disclosures

Not applicable.

Item 5. Other Information

Iran Threat Reduction and Syria Human Rights Act of 2012

Under the Iran Threat Reduction and Syria Human Rights Act of 2012, which added Section 13(r) of the Securities Exchange Act of 1934, the Company is required to disclose in its periodic reports if it or any of its affiliates knowingly engaged in certain activities, transactions or dealings relating to Iran or with entities or individuals designated pursuant to certain Executive Orders. Disclosure is required even where the activities are conducted outside the U.S. by non-U.S. affiliates in compliance with applicable law, and even if the activities are not covered or prohibited by U.S. law.

As authorized by the U.S. Treasury's Office of Foreign Assets Control (OFAC), a non-U.S. subsidiary of the Company completed sales of products used for process and water treatment applications in upstream oil and gas production related to the operation of and production from the Rhum gas field off the Scottish coast (Rhum) totaling \$0.2 million during the subsidiary's fiscal first quarter ended February 28, 2019, and additional sales of such products totaling \$0.1 million during March 2019. The net profit before taxes associated with these sales for each period were nominal. Rhum is jointly owned by Serica Energy plc and Iranian Oil Company (U.K.) Limited. Our non-U.S. subsidiary intends to continue the Rhum-related activities, consistent with a specific license obtained from OFAC by its customers, and such activities may require additional disclosure pursuant to the abovementioned statute.

Item 6. Exhibits

Exhibit No. ~~Method~~ of Filing:

(a) The following documents are filed as exhibits to this report:

(10.1) ~~Amended~~ incorporated by reference to Exhibit (10.1)(a) of our Form 10 Q for the quarter ended June 30, 2017.
