NOTE 1 BASIS OF PRESENTATION

Business

Kindred Healthcare, Inc. is a healthcare services company that through its subsidiaries operates transitional care (TC) hospitals, inpatient rehabilitation hospitals (IRFs), nursing centers, assisted living facilities, a contract rehabilitation services business and a home health and hospice business across the United States (collectively, the Company or Kindred). At September 30, 2013, the Company s hospital division operated 102 TC hospitals (certified as long-term acute care (LTAC) hospitals under the Medicare program) and five IRFs in 22 states. The Company s nursing center division operated 102 nursing centers and six assisted living facilities in 22 states. The Company s rehabilitation division provided rehabilitation services primarily in hospitals and long-term care settings. The Company s home health and hospice division provided home health, hospice and private duty services from 105 locations in 11 states.

In 2013 and in recent years, the Company has completed several transactions related to the divestiture or planned divestiture of unprofitable hospitals and nursing centers to improve its future operating results. For accounting purposes, the operating results of these businesses and the losses associated with these transactions have been classified as discontinued operations in the accompanying unaudited condensed consolidated statement of operations for all periods presented. Assets held for sale at September 30, 2013 have been measured at the lower of carrying value or estimated fair value less costs of disposal and have been classified as held for sale in the accompanying unaudited condensed consolidated balance sheet. See Notes 2 and 3 for a summary of divestitures and discontinued operations.

Recently issued accounting requirements

In July 2013, the Financial Accounting Standards Board (the FASB) issued authoritative guidance related to financial statement presentation of an unrecognized tax benefit. The main provisions of the guidance state that an entity must present an unrecognized tax benefit, or a portion of an unrecognized tax benefit, in the financial statements as a reduction to a deferred tax asset for a net operating loss carryforward, a similar tax loss, or a tax credit carryforward. The guidance is effective for all interim and annual reporting periods beginning after December 15, 2013. Early adoption is permitted for all entities. The adoption of the guidance is not expected to have a material impact on the Company s business, financial position, results of operations or liquidity.

In February 2013, the FASB amended its authoritative guidance issued in December 2011 related to the deferral of the requirement to present reclassification adjustments out of accumulated other comprehensive income in both the statement in which net income is presented and the statement in which other comprehensive income is presented. The amended provisions require an entity to provide information about the amounts reclassified out of accumulated other comprehensive income by component. In addition, an entity is required to present, either on the face of the statement where net income is presented or in the notes, significant amounts reclassified out of accumulated other comprehensive income by the respective line items of net income but only if the amount reclassified is required under United States generally accepted accounting principles to be reclassified to net income in its entirety in the same reporting period. For all other amounts, an entity is required to cross-reference to other disclosures that provide

additional details about these amounts. All other requirements of the original June 2011 update were not impacted by the amendment which became effective for all interim and annual reporting periods beginning after December 15, 2012. The adoption of the guidance did not have a material impact on the Company s business, financial position, results of operations or liquidity.

Income taxes

The Company s effective income tax rate was 31.5% and 42.6% for the third quarter of 2013 and 2012, respectively, and 77.6% and 42.1% for the nine months ended September 30, 2013 and 2012, respectively. The change in the effective income tax rate for both periods was primarily related to a non-deductible litigation charge that increased the provision for income taxes by approximately \$3 million for both periods.

NOTE 1 BASIS OF PRESENTATION (Continued)

Derivative financial instruments

In December 2011, the Company entered into two interest rate swap agreements to hedge its floating interest rate on an aggregate of \$225 million of debt outstanding under its \$785.5 million senior secured term loan facility (the Term Loan Facility) entered into in June 2011. The interest rate swaps have an effective date of January 9, 2012, and expire on January 11, 2016. The Company is required to make payments based upon a fixed interest rate of 1.8925% calculated on the notional amount of \$225 million. In exchange, the Company will receive interest on \$225 million at a variable interest rate that is based upon the three-month London Interbank Offered Rate (LIBOR), subject to a minimum rate of 1.5%. The Company determined the interest rate swaps continue to qualify for cash flow hedge accounting treatment at September 30, 2013. However, a Term Loan Facility amendment completed in May 2013 reduced the LIBOR floor from 1.5% to 1.0%, therefore some partial ineffectiveness will result through the expiration of the interest rate swap agreement. For the three and nine months ended September 30, 2013, there was \$0.1 million and \$0.4 million, respectively, of ineffectiveness recognized related to the interest rate swaps recorded in interest expense. The fair value of the interest rate swaps recorded in other accrued liabilities was \$1.5 million and \$2.6 million at September 30, 2013 and December 31, 2012, respectively. See Note 11.

NOTE 2 DIVESTITURES

During the third quarter of 2013, the Company completed the sale of 16 non-strategic facilities (the Vibra Facilities) for \$187 million to an affiliate of Vibra Healthcare, LLC (Vibra). The net proceeds of \$180 million from this transaction were used to reduce the Company s borrowings under its \$750 million senior secured asset-based revolving credit facility (the ABL Facility).

The Vibra Facilities consist of 14 TC hospitals containing 1,002 licensed beds, one IRF containing 44 licensed beds and one nursing center containing 135 licensed beds. Six of the TC hospitals and the one nursing center were owned facilities. The remaining Vibra Facilities were leased. The Vibra Facilities generated revenues of approximately \$272 million and segment operating income of approximately \$40 million (excluding the allocation of approximately \$8 million of overhead costs) for the year ended December 31, 2012. The Vibra Facilities had aggregate rent expense of approximately \$12 million for the year ended December 31, 2012.

The Company recorded a loss on divestiture of \$76 million (\$63 million net of income taxes) and \$94 million (\$74 million net of income taxes) during the third quarter of 2013 and for the nine months ended September 30, 2013, respectively, related to the Vibra Facilities. The loss on divestiture included a \$68.7 million write-off of goodwill, which was allocated based upon the relative fair value of the Vibra Facilities, and a \$21.0 million write-off of intangible assets.

NOTE 2 DIVESTITURES (Continued)

On July 31, 2013, the Company completed the sale of seven non-strategic nursing centers (the Signature Facilities) for \$47 million to affiliates of Signature Healthcare, LLC (Signature). The proceeds from this transaction were used to reduce the Company s borrowings under its ABL Facility.

The Signature Facilities contain 900 licensed beds. Five of the Signature Facilities were owned facilities and the remaining Signature Facilities were leased. The Signature Facilities generated revenues of approximately \$63 million and segment operating income of approximately \$11 million (excluding the allocation of approximately \$2 million of overhead costs) for the year ended December 31, 2012. The Signature Facilities had aggregate rent expense of approximately \$2 million for the year ended December 31, 2012.

The Company recorded a loss on divestiture of \$2 million (\$1 million net of income taxes) during the third quarter of 2013 related to the Signature Facilities.

The results of operations and losses on divestiture of operations, net of income taxes, for the Signature Facilities and the Vibra Facilities were reclassified to discontinued operations in the third quarter of 2013.

On April 27, 2012, the Company announced that it would not renew seven renewal bundles containing 54 nursing centers (the 2012 Expiring Facilities) under operating leases with Ventas, Inc. (Ventas) that expired on April 30, 2013. The 2012 Expiring Facilities contained 6,140 licensed nursing center beds and generated revenues of approximately \$475 million for the year ended December 31, 2012. The annual rent for these facilities approximated \$57 million. The Company transferred the operations of all of the 2012 Expiring Facilities to new operators during the nine months ended September 30, 2013. The Company reclassified the results of operations and losses associated with the 2012 Expiring Facilities to discontinued operations, net of income taxes, for all periods presented. The Company received cash proceeds of \$13.5 million for the nine months ended September 30, 2013 for the sale of property and equipment and inventory related to the 2012 Expiring Facilities.

NOTE 3 DISCONTINUED OPERATIONS

In accordance with the authoritative guidance for the impairment or disposal of long-lived assets, the divestitures or planned divestiture of unprofitable businesses discussed in Notes 1 and 2 have been accounted for as discontinued operations. Accordingly, the results of operations of these businesses for all periods presented and the losses associated with these transactions have been classified as discontinued operations, net of income taxes, in the accompanying unaudited condensed consolidated statement of operations. At September 30, 2013, the Company held for sale one hospital and 59 nursing centers reported as discontinued operations.

On September 30, 2013, the Company entered into agreements to renew early its leases with Ventas for 22 TC hospitals and 26 nursing centers (collectively, the Renewal Facilities) and exit 59 nursing centers and close another facility (collectively, the 2013 Expiring Facilities). The current lease term for the Renewal Facilities and the 2013 Expiring Facilities was scheduled to expire in April 2015. See Note 10. Under the terms of the agreements, the lease

term for the 2013 Expiring Facilities will expire on September 30, 2014. For accounting purposes, 59 of the 2013 Expiring Facilities qualified as assets held for sale and the Company reflected the operating results as discontinued operations in the accompanying unaudited condensed consolidated statement of operations for all historical periods and will reflect the facility scheduled for closure as a discontinued operation upon completion of the exit process. Under the terms of the agreements, the Company will pay \$20 million to Ventas in exchange for the early termination of certain leases. The disposal group was measured at its fair value less cost to sell and the Company recorded an asset impairment charge of \$7.9 million related to leasehold improvements in the 2013 Expiring Facilities. These charges were recorded in discontinued operations in the third quarter of 2013 in the accompanying unaudited condensed consolidated statement of operations.
