PROXY STATEMENT FOR THE ANNUAL MEETING OF SHAREHOLDERS

To Be Held April 26, 2018

GENERAL INFORMATION

This Proxy Statement is furnished in connection with the solicitation of proxies on behalf of the Board of Directors (the “Board”) of Peoples Bancorp Inc. (“Peoples”) for use at the Annual Meeting of Shareholders, to be held on Thursday, April 26, 2018, at 10:00 a.m., Eastern Daylight Saving Time (the “Annual Meeting”). The Annual Meeting will be held at Peoples’ corporate headquarters located at 138 Putnam Street, Marietta, Ohio. This Proxy Statement summarizes the information that you will need in order to vote.

Peoples has two wholly-owned operating subsidiaries: Peoples Bank and Peoples Investment Company, and Peoples holds all of the common securities of NB&T Statutory Trust III. Peoples Bank's operating subsidiaries include an insurance agency, Peoples Insurance Agency, LLC, and an asset management company, Peoples Tax Credit Equity, LLC. In 2003, Peoples established Peoples Bank Foundation, Inc. as an independent charitable foundation to provide financial assistance and grants to local organizations within Peoples' market area.

Mailing

We mailed this Proxy Statement and the accompanying proxy card on or about March 23, 2018 to all shareholders entitled to vote their common shares at the Annual Meeting. Other than the common shares, there are no voting securities of Peoples outstanding. We also sent with this Proxy Statement Peoples’ 2017 Annual Report to Shareholders, which includes the Annual Report on Form 10-K for the fiscal year ended December 31, 2017 (the “2017 Annual Report”).

Additional copies of the 2017 Annual Report may be obtained, without charge, by sending a written request to: M. Ryan Kirkham, Corporate Secretary, Peoples Bancorp Inc., 138 Putnam Street, P.O. Box 738, Marietta, Ohio 45750-0738. A copy of the 2017 Annual Report can be obtained through the “SEC Filings - Documents” section of the “Investor Relations” page of Peoples' website at www.peoplesbancorp.com and is also on file with the Securities and Exchange Commission (the “SEC”) and available on the SEC's website at www.sec.gov.

SHAREHOLDER PROPOSALS

FOR 2019 ANNUAL MEETING

Proposals by shareholders intended to be presented at the 2019 Annual Meeting of Shareholders (the “2019 Annual Meeting”) must be received by the Corporate Secretary of Peoples no later than November 23, 2018, to be eligible for inclusion in Peoples' form of proxy, notice of meeting, Proxy Statement and Notice of Internet Availability of Proxy

Materials, as applicable, relating to the 2019 Annual Meeting. Peoples will not be required to include in its form of proxy, notice of meeting, Proxy Statement or Notice of Internet Availability of Proxy Materials, as applicable, a shareholder proposal that is received after that date or that otherwise fails to meet the requirements for shareholder proposals established by the applicable SEC rules.

1

The SEC has promulgated rules relating to the exercise of discretionary voting authority under proxies solicited by the Board. If a shareholder intends to present a proposal at the 2019 Annual Meeting without inclusion of that proposal in Peoples' proxy materials, and does not notify the Corporate Secretary of Peoples of the proposal by February 6, 2019, or if Peoples meets other requirements of the applicable SEC rules, the proxies solicited by the Board for use at the 2019 Annual Meeting will confer discretionary authority to vote on the proposal should it then be raised at the 2019 Annual Meeting.

In each case, written notice must be given to Peoples' Corporate Secretary, at the following address: Peoples Bancorp Inc., 138 Putnam Street, P.O. Box 738, Marietta, Ohio 45750-0738, Attention: Corporate Secretary.

Shareholders desiring to nominate candidates for election as directors at the 2019 Annual Meeting must follow the procedures described in the section captioned "NOMINATING PROCEDURES."

VOTING INFORMATION

Who can vote at the Annual Meeting?

Only holders of common shares of record at the close of business on February 26, 2018, are entitled to receive notice of and to vote at the Annual Meeting. At the close of business on February 26, 2018, there were 18,364,088 common shares outstanding and entitled to vote. Other than the common shares, there are no voting securities of Peoples outstanding.

Each common share entitles the holder thereof to one vote on each matter to be voted upon at the Annual Meeting. There is no cumulative voting with respect to the election of directors.

How do I vote?

Your common shares may be voted by one of the following methods:

- by traditional paper proxy card;
- by submitting voting instructions via the website identified on your proxy card;
- by submitting voting instructions by telephone; or
- in person at the Annual Meeting.

Submitting Voting Instructions via the Internet or by Telephone. If you are a shareholder of record (i.e., if your common shares are registered with Peoples in your own name), you may submit voting instructions via the Internet or by telephone, by following the instructions stated on your proxy card. If your common shares are registered in the name of a broker, a financial institution or another nominee (i.e., you hold your common shares in "street name"), your nominee may be participating in a program that allows you to submit voting instructions via the Internet or by telephone. If so, the voting instruction form your nominee sent you will provide instructions for submitting your voting instructions via the Internet or by telephone. The last-dated proxy or voting instructions you submit (by any means) will supersede any previously-submitted proxies and voting instructions. Also, if you are a shareholder of record and you submit voting instructions via the Internet or by telephone and later decide to attend the Annual Meeting, you may revoke your previously-submitted voting instructions and vote in person at the Annual Meeting.

The deadline for submitting voting instructions via the Internet or by telephone as a shareholder of record is 11:59 p.m., Central Daylight Saving Time, on April 25, 2018. For shareholders whose common shares are registered in the name of a broker, a financial institution or another nominee, please consult the instructions provided by your nominee for information about the deadline for submitting voting instructions via the Internet or by telephone.

Voting in Person. If you are a record shareholder and you attend the Annual Meeting, you may deliver your completed proxy card in person or you may vote by completing a ballot, which will be available at the Annual

Meeting.

2

If you hold your common shares in “street name” through a broker, a financial institution or another nominee, then that nominee is considered the shareholder of record for voting purposes and will give you instructions for voting your common shares. As a beneficial owner, you have the right to direct the nominee how to vote the common shares held in your account. Your nominee may only vote the common shares of Peoples that your nominee holds for you in accordance with your instructions. If you have instructed a broker, a financial institution or another nominee to vote your common shares, the options for revoking your proxy described below do not apply and instead you must follow the instructions provided by your nominee to change your vote.

If you hold your common shares in “street name” and wish to attend the Annual Meeting and vote in person, you must bring an account statement or letter from your broker, financial institution or other nominee authorizing you to vote on behalf of such nominee. The account statement or letter must show that you were the direct or indirect beneficial owner of the common shares on February 26, 2018, the record date for voting at the Annual Meeting.

How do I vote if my common shares are held through the Peoples Bancorp Inc. Retirement Savings Plan?

If you participate in the Peoples Bancorp Inc. Retirement Savings Plan (the “Retirement Savings Plan”), you will be entitled to instruct the trustee of the Retirement Savings Plan how to vote common shares that have been allocated to your account. If you are such a participant, you will receive a proxy card for the common shares allocated to your account in the Retirement Savings Plan. If you do not provide voting instructions to the trustee of the Retirement Savings Plan by 11:59 p.m., Central Daylight Saving Time, on April 23, 2018, the trustee will not vote the common shares allocated to your account.

How will my common shares be voted?

Those common shares represented by a properly-executed proxy card that is received prior to the Annual Meeting or by properly-authenticated Internet or telephone voting instructions that are submitted prior to the deadline for doing so, and not subsequently revoked, will be voted in accordance with your instructions by your “proxies” (the individuals named on your proxy card or in the voting instructions). If you submit a valid proxy card prior to the Annual Meeting, or timely submit your voting instructions via the Internet or by telephone, but do not complete the proxy card or voting instructions, your proxy will vote your common shares as recommended by the Board, except in the case of broker non-votes, where applicable, as follows:

- “FOR” the election as Peoples directors of the nominees listed on pages 12 through 15 under “PROPOSAL NUMBER 1: ELECTION OF DIRECTORS”;
- “FOR” the non-binding advisory resolution to approve the compensation of Peoples' named executive officers as disclosed in this Proxy Statement;
- to hold an advisory vote for the approval of the compensation of Peoples' named executive officers “EVERY ONE YEAR”;
- “FOR” the approval of the Peoples Bancorp Inc. Third Amended and Restated 2006 Equity Plan;
- “FOR” the adoption of an amendment to Section 2.02 of Peoples' Code of Regulations in order to provide for the annual election of all directors commencing with the election of directors at Peoples' 2019 Annual Meeting; and
- “FOR” the ratification of the appointment of Ernst & Young LLP as Peoples' independent registered public accounting firm for the fiscal year ending December 31, 2018.

No appraisal or dissenters' rights exist for any action proposed to be taken at the Annual Meeting. If any other matters are properly presented for voting at the Annual Meeting, the individuals appointed as proxies will vote on those matters, to the extent permitted by applicable law, in accordance with their best judgment.

How do I change or revoke my proxy?

Registered shareholders who submit proxies retain the right to revoke them at any time before they are exercised. Unless revoked, the common shares represented by such proxies will be voted at the Annual Meeting. If

3

you are a registered shareholder, you may revoke your proxy at any time before it is actually exercised at the Annual Meeting by:

- filing a written notice of revocation with the Corporate Secretary of Peoples at 138 Putnam Street, P.O. Box 738, Marietta, Ohio 45750-0738, which must be received prior to the Annual Meeting;
- executing and returning a later-dated proxy card, which must be received prior to the Annual Meeting;
- accessing the designated Internet website prior to the deadline for transmitting voting instructions electronically;
- using the designated toll-free telephone number prior to the deadline for transmitting voting instructions telephonically; or
- attending the Annual Meeting and giving notice of revocation in person.

Attendance at the Annual Meeting will not, by itself, revoke your proxy. The last-dated proxy or voting instructions you submit (by any means) will supersede all previously-submitted proxies and voting instructions. If you hold your common shares in “street name” and instructed your broker, financial institution or other nominee to vote your common shares and you would like to revoke or change your vote, then you must follow the instructions received from your nominee to change your vote.

If I vote in advance, can I still attend the Annual Meeting?

Yes. You are encouraged to vote promptly, by returning your signed proxy card by mail or by submitting your voting instructions via the Internet or by telephone, so that your common shares will be represented at the Annual Meeting. However, appointing a proxy or submitting voting instructions does not affect your right to attend the Annual Meeting and vote your common shares in person.

What constitutes a quorum and what is the vote required with respect to the proposals to be considered at the Annual Meeting?

Under Peoples' Code of Regulations, a quorum is a majority of the voting shares of Peoples then outstanding and entitled to vote at the Annual Meeting. Other than the common shares, there are no voting shares outstanding. Common shares may be present in person or represented by proxy at the Annual Meeting. Both abstentions and broker non-votes are counted as being present for purposes of determining the presence of a quorum. There were 18,364,088 common shares outstanding and entitled to vote on February 26, 2018, the record date for the Annual Meeting. A majority of the outstanding common shares, or 9,182,045 common shares, present in person or represented by proxy, will constitute a quorum. A quorum must exist to conduct business at the Annual Meeting.

If a proposal is routine, a broker holding common shares for a beneficial owner in street name may vote on the proposal without receiving instructions from the beneficial owner. If a proposal is non-routine, a broker may vote on the proposal only if the beneficial owner has provided voting instructions. A “broker non-vote” occurs when a broker holding common shares for a beneficial owner is unable to vote on a proposal because the proposal is non-routine and the beneficial owner has not provided any voting instructions.

The ratification of the appointment of Peoples' independent registered public accounting firm is the only routine proposal. Each of the other proposals is a non-routine proposal on which a broker may vote only if the beneficial owner has provided voting instructions.

Edgar Filing: PEOPLES BANCORP INC - Form DEF 14A

The following table sets forth the votes required, and the impact of abstentions and broker non-votes, if any, on the six proposals:

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), requires that Peoples' directors and executive officers, and any persons beneficially holding more than 10 percent of Peoples' outstanding common shares, file statements with the SEC reporting their initial beneficial ownership of common shares and any subsequent changes in their beneficial ownership. Peoples is required to disclose in this Proxy Statement any late statements, if any statements were not filed within the time periods mandated by the SEC. Based solely on Peoples' review of (i) Section 16(a) statements filed on behalf of these persons for their transactions during Peoples' 2017 fiscal year and (ii) written representations received from these persons that no other Section 16(a) statements were required to be filed by them for transactions during Peoples' 2017 fiscal year, Peoples believes that all Section 16(a) filing requirements applicable to Peoples' executive officers and directors, and persons holding more than 10 percent of Peoples' outstanding common shares, were complied with, except:

• George W. Broughton, a director of Peoples, filed late one Form 4 reporting one disposition of common shares which occurred on February 1, 2017, and was reported on February 8, 2017.

• Terry T. Sweet, a director of Peoples, filed late one Form 4 reporting two acquisitions of common shares which occurred on December 4, 2017, and were reported on January 31, 2018.

TRANSACTIONS WITH RELATED PERSONS

During the 2017 fiscal year, Peoples Bank entered into banking transactions and lending relationships with certain executive officers and directors of Peoples, with members of their respective immediate families and with corporations or organizations as to which directors of Peoples serve as executive officers or beneficially own more than 10% of the equity securities. All such loans (i) were made in the ordinary course of business, (ii) were made on substantially the same terms, including interest rates charged and collateral required, as those prevailing at the time for comparable loans with persons not related to Peoples or Peoples Bank, and (iii) did not involve more than the normal risk of collectability or present other unfavorable features to Peoples or Peoples Bank.

The above loans were subject to Peoples Bank's written policies, procedures and standard underwriting criteria applicable to loans generally, and were made in accordance with the Federal Reserve Board's Regulation O (“Regulation O”) requiring loans to executive officers and directors of Peoples Bank in excess of \$500,000 to be approved by the full Board of Directors of Peoples Bank.

The Board has adopted the Peoples Bancorp Inc. Related Person Transaction Policy (the “Related Person Transaction Policy”), a copy of which is posted under the “Governance Documents” tab on both the “Investor Relations” page and the “Corporate Governance” page of Peoples' website at www.peoplesbancorp.com. The purpose of the Related Person Transaction Policy is to set forth the guidelines and procedures under which certain related person transactions must be reviewed and approved or ratified by the Audit Committee.

A “related person transaction” is any transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships, in which: (1) Peoples or one of our subsidiaries was, is or will be a party or participant, or had, has or will have a direct or indirect interest; (2) the amount involved exceeds or is expected to exceed \$120,000, or if the limitations prescribed by Regulation O apply, such lesser amount, if any, as may be prescribed by Regulation O; and (3) a related person had, has or will have a direct or indirect interest. A “related person” is a person who is or was a director, an executive officer, or a nominee for election as a director at any time since the beginning of Peoples' last fiscal year or a five percent shareholder of Peoples at the time of the occurrence or at any time during the existence of the transaction, and their respective immediate family members. Related person transactions deemed pre-approved or ratified, as appropriate, include: (1) any transaction where the related person's interest arises solely

from ownership of common shares if all shareholders receive the same benefit; (2) any transaction involving compensation to an executive officer if the executive officer is not an immediate family member of another executive officer or director of Peoples and the compensation has been approved by the

Compensation Committee or the Board; (3) any transaction involving compensation to Peoples' directors if the compensation is required to be reported pursuant to Item 402(k) of SEC Regulation S-K; (4) any extension of credit by Peoples Bank to an immediate family member of a related person, or extension of credit in respect of which an immediate family member of a related person has an interest, if the extension of credit is not subject to Regulation O and meets certain terms specified in the Related Person Transaction Policy; (5) any transaction where the related person's interest derives solely from the related person's position as a director of another corporation or organization that is a party to the transaction; and (6) any transaction where the related person's interest derives solely from the related person's direct or indirect ownership of less than 10% of the equity interest in another person (other than a partnership) which is a party to the transaction or ownership of a limited partner interest of less than 10% of the partnership and the related person is not a general partner and does not hold another position in the partnership, with the determination of whether the ownership threshold is exceeded made in accordance with the terms of the Related Person Transaction Policy.

Under the Related Person Transaction Policy, all related person transactions not otherwise pre-approved are referred to the Audit Committee for review and approval or disapproval. The Audit Committee may approve or ratify a related person transaction only if the Audit Committee determines that the related person transaction is in the best interest of Peoples. In making this determination, the Audit Committee will review and consider all information available to it which it deems relevant, including:

- the related person's interest in the transaction;
- the approximate dollar value of the amount involved in the transaction;
- the approximate dollar value of the amount of the related person's interest in the transaction without regard to the amount of any profit or loss;
- whether the transaction was undertaken in the ordinary course of business of Peoples or the applicable subsidiary of Peoples;
- whether the transaction is on terms no less favorable to Peoples or the applicable subsidiary of Peoples than terms that could have been reached with an unrelated third party;
- the purpose of, and the potential benefits to Peoples or the applicable subsidiary of Peoples of, the transaction;
- the impact of the transaction on the related person's independence; and
- any other information regarding the transaction or the related person in the context of the proposed transaction that would be material to investors in light of the circumstances of the particular transaction.

PROPOSAL NUMBER 1:

ELECTION OF DIRECTORS

As of the date of this Proxy Statement, there were 10 members of the Board: three directors in the class whose terms expire at the Annual Meeting; four directors in the class whose terms will expire at the 2019 Annual Meeting; and three directors in the class whose terms will expire at the 2020 Annual Meeting of Shareholders.

On January 14, 2017, Thomas J. Wolf notified Peoples of his decision to retire from the Board effective January 14, 2017. Mr. Wolf was in the class whose terms expire at the 2019 Annual Meeting.

Upon the recommendation of the Governance and Nominating Committee, at the January 26, 2017 Board meeting, the Board elected Terry T. Sweet as a director to fill the vacancy created by the retirement of Mr. Wolf. Mr. Sweet was elected as a director in the class whose terms expire at the Annual Meeting. Mr. Sweet was identified by the Governance and Nominating Committee through a search process led by the Chair of the Governance and Nominating Committee.

On February 22, 2017, Carl L. Baker, Jr. notified Peoples of his decision to retire from the Board effective February 22, 2017. The Board then fixed the number of directors of Peoples at 11 to reflect the number of directors

remaining on the Board following Mr. Baker's retirement. Mr. Baker was in the class whose terms expire at the Annual Meeting.

Dr. Brenda F. Jones served in the class of directors whose terms expired at the 2017 Annual Meeting of Shareholders and was not a nominee for re-election. Dr. Jones' term as a director expired immediately prior to the 2017 Annual Meeting of Shareholders. Upon the recommendation of the Governance and Nominating Committee, the Board fixed the number of directors at 10, effective upon the expiration of the term of Dr. Jones immediately prior to the 2017 Annual Meeting of Shareholders.

The Board proposes that each of the three nominees identified below be re-elected for a new three-year term and until the nominee's successor is duly elected and qualified, or until the nominee's earlier resignation, removal from office or death. The Governance and Nominating Committee recommended each nominee for re-election. Proxies cannot be voted at the Annual Meeting for more than three nominees.

Recommendation and Vote Required

The three nominees for election as directors receiving the greatest number of votes "FOR" election as a director of Peoples will be elected to serve in the class whose terms expire in 2021. Except in the case of broker non-votes, common shares represented by properly-executed and returned proxy cards, or by properly-authenticated Internet or telephone voting instructions, that are submitted prior to the deadline for doing so, will be voted as specified or, if no instructions are given, "FOR" the election of the Board's nominees. Common shares as to which the authority to vote is withheld and broker non-votes will not be counted toward the election of directors, or toward the election of the individual nominees specified on the proxy card and in the voting instructions. **THE BOARD UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" THE ELECTION OF ALL NOMINEES LISTED BELOW.** The following table gives certain information, as of the date of this Proxy Statement, concerning each nominee for re-election as a director of Peoples. THE BOARD AND COMMITTEES OF THE BOARD

The Board has adopted the Peoples Bancorp Inc. Corporate Governance Guidelines, a copy of which is posted under the “Governance Documents” tab on both the “Investor Relations” page and the “Corporate Governance” page of Peoples' website at www.peoplesbancorp.com. The Board has also adopted the Code of Ethics for Directors, Officers and Employees of Peoples Bancorp Inc. and its Subsidiaries (“Code of Ethics”), a copy of which is posted under the “Governance Documents” tab on each of the “Investor Relations” page and the “Corporate Governance” page of Peoples' website at www.peoplesbancorp.com.

Independence of Directors

The rules (the “NASDAQ Rules”) of The NASDAQ Stock Market (“NASDAQ”) require that a majority of the members of the Board be independent directors. The definition of an independent director for purposes of the NASDAQ Rules includes a series of objective criteria, which the Board has used in determining whether its members are independent.

Peoples is led by Charles W. Sulerzyski, who serves as President and Chief Executive Officer and as a director, and David L. Mead, an independent director who serves as non-executive Chairman of the Board, a position he has held since May 2016. George W. Broughton, an independent director, serves as non-executive Vice Chairman of the Board, a position he has held since July 2013. The Board is comprised of Mr. Sulerzyski and nine non-management directors, eight of whom are independent. Peoples believes that the independent directors provide objective oversight of management performance as a key component of efficient corporate governance and overall risk management. The Board has determined that the most effective leadership structure for Peoples is for a different person to serve as each of the Chief Executive Officer and the Chairman of the Board, coupled with independent chairs of each of the Audit Committee, the Compensation Committee and the Governance and Nominating Committee. The Board regularly deliberates and discusses what it believes is the appropriate leadership structure and the role and responsibilities of the Chairman of the Board based upon the needs of Peoples in order to provide effective oversight of management.

In addition to considering the objective criteria, as required by the NASDAQ Rules, the Board has made a subjective determination as to each independent director that no relationships exist, which, in the opinion of the Board, would interfere with such individual's exercise of independent judgment in carrying out the responsibilities of a director. In making these independence determinations, the Board has reviewed, considered and discussed each director's business and personal relationships, both direct and indirect, with Peoples and our subsidiaries, and the compensation and other payments each director and such director's immediate family members have, both directly and indirectly, received from or made to Peoples and our subsidiaries and presently expect to receive from or make to Peoples and our subsidiaries. Based on that review, consideration and discussion, the Board has determined that at least a majority of its members qualify as independent directors. The Board has further determined that each of the following directors has no financial or personal ties, either directly or indirectly, with Peoples or our subsidiaries (other than compensation received in the individual's capacity as a director of Peoples and our subsidiaries, non-preferential banking relationships in the ordinary course of business with Peoples Bank, ownership of common shares of Peoples as described in this Proxy Statement and, in the case of Mr. Mead, service for a period of approximately nine months as interim President and Chief Executive Officer of Peoples and Peoples Bank) and thus qualifies as independent: Tara M. Abraham; S. Craig Beam; George W. Broughton; David F. Dierker; Brooke W. James; David L. Mead; Susan D. Rector; and Terry T. Sweet.

The Board also determined that: (i) during his service as a director from January 1, 2017 through January 14, 2017, Thomas J. Wolf qualified as an independent director; (ii) during his service as a director from January 1, 2017 through February 22, 2017, Carl L. Baker, Jr. qualified as an independent director; and (iii) during her service from January 1, 2017 through April 27, 2017, Dr. Brenda F. Jones qualified as an independent director, in each case because he or she

had no financial or personal ties, either directly or indirectly, with Peoples or our subsidiaries (other than compensation received in the individual's capacity as a director of Peoples and our subsidiaries, non-

20

preferential banking relationships in the ordinary course of business with Peoples Bank and ownership of common share of Peoples).

The Board has determined that, due to his status as a former partner in the law firm of Theisen Brock, having been a partner in the firm until January 1, 2017, James S. Huggins does not qualify as an independent director under the applicable NASDAQ Rules. The amount and variety of work Theisen Brock performed and continues to perform for Peoples, and Mr. Huggins' former role as a partner with Theisen Brock, were recognized and considered by the Board in its evaluation of Mr. Huggins' qualifications as a director.

Charles W. Sulerzyski does not qualify as an independent director, because he serves as an executive officer of Peoples and Peoples Bank.

Executive Sessions

In accordance with applicable NASDAQ Rules, the independent directors were given the opportunity to meet in executive session during each meeting of the Board and at such other times as the independent directors deemed necessary. Each executive session is presided over by the Chairman of the Board.

Meetings of the Board and Attendance at Annual Meetings of Shareholders

The Board held a total of 18 meetings during the 2017 fiscal year. Each incumbent director attended 90% or more of the aggregate of the total number of meetings held by the Board and the total number of meetings held by all committees of the Board on which he or she served, in each case during his or her period of service.

Peoples encourages all incumbent directors and director nominees to attend each annual meeting of shareholders. All of the incumbent directors attended Peoples' last annual meeting of shareholders held on April 27, 2017.

Committees of the Board

The Board has five standing committees: Audit, Compensation, Executive, Governance and Nominating, and Risk. Each of the standing committees, with the exception of the Risk Committee, is chaired by a separate independent director. The Risk Committee is chaired by director James S. Huggins. The Audit Committee and the Risk Committee are charged with the majority of the risk oversight responsibilities of the Board. The Risk Committee is the committee providing the primary oversight of significant risks on an enterprise-wide level within all the defined risk categories, as discussed below. However, the Audit Committee's duties include overseeing a substantial portion of management's actions to address compliance, legal and operational risks. The Compensation Committee evaluates, with Peoples' senior risk officer, all risks posed by Peoples' executive compensation programs and makes all reasonable efforts required to limit any unnecessary risks these programs may pose to Peoples and to ensure that the programs do not encourage participants to take unnecessary or excessive risks that threaten the value of Peoples. These evaluations are conducted in accordance with guidance from applicable federal regulators. The Audit Committee, the Compensation Committee and the Risk Committee are focused on maintaining our key risks within acceptable tolerances and work in concert to provide enterprise-wide oversight. Each committee's role and its interaction with the full Board regarding the committee's oversight responsibilities are described more fully below. Through these committees and effective working relationships with management, the Board is able to effectively monitor and maintain an active role in the oversight of the key aspects of the risks to which Peoples is exposed. Peoples believes that this risk oversight structure, coupled with Peoples' leadership structure of having an independent director serve as Chairman of the Board, maximizes the independence and objectivity of the Board in carrying out its functions.

Audit Committee

The Audit Committee was established in accordance with Section 3(a)(58)(A) of the Exchange Act and conducts its business pursuant to a written charter adopted by the Board. A copy of the current charter of the Audit Committee is posted under the “Governance Documents” tab on both the “Corporate Governance” page and the “Investor Relations” page of Peoples' website at www.peoplesbancorp.com. At least annually, the Audit Committee reviews and reassesses the adequacy of its charter and recommends any proposed changes to the full Board as

21

The Audit Committee held ten meetings during the 2017 fiscal year. The "AUDIT COMMITTEE REPORT FOR THE FISCAL YEAR ENDED DECEMBER 31, 2017" appears beginning on page 93.

The Audit Committee is currently comprised of four directors: David F. Dierker (Chair); Brooke W. James; David L. Mead; and Terry T. Sweet. Each of these directors served as a member of the Audit Committee throughout the entire 2017 fiscal year. Former directors Thomas J. Wolf, Carl L. Baker, Jr. and Dr. Brenda F. Jones served as members of the Audit Committee in 2017 through their retirement dates of January 14, 2017, February 22, 2017 and April 27, 2017, respectively. The Board has determined that each of the current members of the Audit Committee qualifies, and that during their respective periods of service in the 2017 fiscal year, each of Mr. Wolf, Mr. Baker, and Dr. Jones, qualified, as an independent director for purposes of Rule 10A-3 under the Exchange Act and under the applicable NASDAQ Rules.

The Board has concluded that each member of the Audit Committee is able to read and understand fundamental financial statements, including Peoples' balance sheet, income statement and cash flow statement. Based upon their respective backgrounds, knowledge, qualifications, experience and professions, the Board has determined that David F. Dierker, David L. Mead and Terry T. Sweet qualify as "audit committee financial experts" under the SEC's rules, and as "financially sophisticated" for purposes of the applicable NASDAQ Rules.

Compensation Committee

The Compensation Committee is currently comprised of four directors: George W. Broughton (Chair); S. Craig Beam; Susan D. Rector; and Terry T. Sweet. Messrs. Beam and Broughton and Ms. Rector served as members of the Compensation Committee throughout the entire 2017 fiscal year. Mr. Sweet was appointed as a member of the Compensation Committee on January 26, 2017. Director David F. Dierker served as a member of the Compensation Committee in 2017 until April 27, 2017. Former director Carl L. Baker, Jr. served as a member of the Compensation Committee in 2017 through his retirement date of February 22, 2017. The Board has determined that each of the current members of the Compensation Committee qualifies, and that during their respective periods of service in the 2017 fiscal year, each of Mr. Dierker and Mr. Baker qualified, as (i) an "independent director" under the applicable NASDAQ Rules, including those specifically applicable to members of a compensation committee, (ii) an "outside director" for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Internal Revenue Code"), and (iii) a "non-employee director" for purposes of Rule 16b-3 under the Exchange Act.

The Compensation Committee is organized and conducts its business pursuant to a written charter adopted by the Board. A copy of the current charter of the Compensation Committee is posted under the "Governance Documents" tab on both the "Corporate Governance" page and the "Investor Relations" page of Peoples' website at www.peoplesbancorp.com. At least annually, the Compensation Committee reviews and reassesses the adequacy of its charter and recommends any proposed changes to the full Board for approval as necessary.

The primary function of the Compensation Committee is to review and approve, on behalf of the Board, management recommendations regarding all forms of compensation to be provided to the executive officers and other designated employees of Peoples and our subsidiaries, including incentive-based compensation, equity-based compensation, bonus compensation, perquisites, employee benefits and salary programs. In carrying out this function, the Compensation Committee is responsible for reviewing and approving individual goals and objectives, and

recommending to the Board corporate goals and objectives relevant to the compensation of Peoples' executive officers and other employees designated by the Board, evaluating such individuals' performance in light of those

goals and objectives, and determining compensation based on that evaluation. The Compensation Committee administers Peoples' Second Amended and Restated 2006 Equity Plan (the "2006 Plan"), ESPP and Peoples' incentive programs, and approves grants of awards under the 2006 Plan and the incentive programs in compliance with applicable securities and tax laws. The Compensation Committee also undertakes such other responsibilities as the full Board may from time to time prescribe.

The Compensation Committee held eight meetings during the 2017 fiscal year. Its Chair determines the agenda for the meetings with the assistance of Peoples' Chief Administrative Officer. The Director of Human Resources serves as Secretary to the Compensation Committee. The Compensation Committee reviewed management's recommendations on, and approved, all forms of compensation provided to the executive officers. The Compensation Committee also reviewed recommendations regarding all forms of compensation for directors of Peoples and our subsidiaries and made recommendations to the Board for its consideration. Additionally, the Compensation Committee reviewed and approved all equity-based compensation and cash incentives under Peoples' incentive programs, as well as perquisites, employee benefits, salary programs, and human resources policies and procedures for employees of Peoples and our subsidiaries. The Compensation Committee also reviewed and approved the goals and objectives for the 2017 fiscal year relevant to the compensation of Peoples' executive officers, and recommended the 2017 fiscal year corporate performance goals to the Board, which were subsequently approved by the Board. The Compensation Committee evaluated the executive officers' performance in light of those goals and objectives for the 2017 fiscal year and determined the compensation earned by each executive officer based on that evaluation. At least annually, the Compensation Committee reviews and discusses Peoples' management succession and development activities. The Compensation Committee also provides recommendations to the full Board on compensation-related proposals to be considered at Peoples' annual meetings of shareholders and reviews and considers with Peoples' management the results of votes on those proposals. The Compensation Committee also reviews and approves the plan design and structure of insurance benefits for officers, directors and employees of Peoples and our subsidiaries.

The Compensation Committee has the authority to retain one or more compensation consultants or advisors to assist in the evaluation of director and executive officer compensation. The Compensation Committee has sole authority to retain and terminate any such compensation consultant or advisor, including sole authority to approve the fees and other retention terms of any consultant or advisor. The Compensation Committee has engaged Pay Governance, LLC ("Pay Governance") as the Compensation Committee's compensation and benefits consultant. The Compensation Committee has direct access to its compensation and benefits consultant and may engage the consultant on an as needed basis for advice with respect to the amount and form of executive and director compensation. Pay Governance does not provide services to Peoples or our subsidiaries other than those provided to or at the request of the Compensation Committee. Please see the discussion of the consulting services provided to the Compensation Committee by Pay Governance in the section captioned "EXECUTIVE COMPENSATION: COMPENSATION DISCUSSION AND ANALYSIS - Setting Executive Compensation" beginning on page 61 of this Proxy Statement.

The Compensation Committee determined that the work of Pay Governance during the 2017 fiscal year did not raise any actual conflict of interest. Additionally, the Compensation Committee determined that Pay Governance was independent of management after considering several factors, including (1) whether Pay Governance provided any other services to Peoples; (2) the amount of fees received from Peoples by Pay Governance as a percentage of the firm's total revenue; (3) Pay Governance's policies and procedures that are designed to prevent conflicts of interest; (4) any business or personal relationship of the individual compensation consultants providing services to Peoples with a member of the Compensation Committee; (5) the number of Peoples common shares owned by the individual compensation consultants providing services to Peoples; and (6) any business or personal relationships between the executive officers of Peoples and Pay Governance or the individual compensation consultants providing services to Peoples.

The Executive Committee is organized and conducts its business pursuant to a written charter adopted by the Board. A copy of the current charter of the Executive Committee is posted under the "Governance Documents" tab of both the "Corporate Governance" page and the "Investor Relations" page of Peoples' website at www.peoplesbancorp.com. The Executive Committee did not meet during the 2017 fiscal year.

The responsibilities of the Executive Committee include exercising, during the intervals between the meetings of the Board, all the powers of the Board in the management of the business, properties and affairs of Peoples, including authority to take all action provided in Peoples' Code of Regulations to be taken by the Board, not delegated to another Board committee, provided, however, that the foregoing is subject to the applicable provisions of law and the limitations contained in the Executive Committee's charter.

Governance and Nominating Committee

The Governance and Nominating Committee is currently comprised of five directors: Susan D. Rector (Chair); Tara M. Abraham; George W. Broughton; David F. Dierker; and Brooke W. James. Each of these directors served as members of the Governance and Nominating Committee throughout the entire 2017 fiscal year. Former director Dr. Brenda F. Jones served as a member of the Governance and Nominating Committee in 2017 through her retirement date of April 27, 2017. The Board has determined that each of the current members of the Governance and Nominating Committee qualifies, and that during her period of service in the 2017 fiscal year, Dr. Jones qualified, as an independent director under applicable NASDAQ Rules.

The Governance and Nominating Committee is organized and conducts its business pursuant to a written charter adopted by the Board, a copy of which is posted under the "Governance Documents" tab on both the "Corporate Governance" page and the "Investor Relations" page of Peoples' website at www.peoplesbancorp.com. At least annually, the Governance and Nominating Committee reviews and reassesses the adequacy of its charter and recommends any proposed changes to the full Board for approval as necessary. The Governance and Nominating Committee held five meetings during the 2017 fiscal year.

Risk Committee

The Risk Committee is currently comprised of nine directors: James S. Huggins (Chair); Tara M. Abraham; S. Craig Beam; George W. Broughton; David F. Dierker; Brooke W. James; David L. Mead; Susan D. Rector; and Terry T. Sweet. Each of these directors, with the exception of Mr. Sweet, served as members of the Risk Committee throughout the entire 2017 fiscal year. Mr. Sweet was appointed as a member of the Risk Committee on January 26, 2017. Former directors Thomas J. Wolf, Carl L. Baker, Jr. and Dr. Brenda F. Jones served as members of the Risk Committee in 2017 through their retirement dates of January 14, 2017, February 22, 2017 and April 27, 2017, respectively. The Board has determined that each of the current members of the Risk Committee, except Mr. Huggins, qualifies, and that during their respective periods of service in the 2017 fiscal year, Mr. Wolf, Mr. Baker and Dr. Jones each qualified, as independent directors under applicable NASDAQ Rules.

The Risk Committee is organized and conducts its business pursuant to a written charter adopted by the Board, which is posted under the "Governance Documents" tab on both the "Corporate Governance" page and the "Investor Relations" page of Peoples' website at www.peoplesbancorp.com. The primary responsibilities of the Risk Committee are:

- reviewing and annually approving Peoples' enterprise risk management framework and policy;
- reviewing and overseeing the development of Peoples' risk appetite, risk tolerances, risk targets and risk limits;
- reviewing and monitoring management of credit, liquidity, market, compliance, operational, IT operational, strategic, and reputation risks through the enterprise risk management framework;

- overseeing management's compliance with Peoples Bank's lending policies;
- establishing lending authorities for Peoples Bank's loan officers and reviewing and approving such lending authorities no less frequently than annually;

- reviewing Peoples Bank's loan review procedures and allowance for loan and lease losses;
- assessing, at least annually, the effectiveness of the Director of Risk Management;
- performing an evaluation of the Committee's performance at least annually to determine whether it is functioning effectively; and
- carrying out such other duties and responsibilities as may be delegated to the Risk Committee by the Board.

The Risk Committee reviews and reassesses the adequacy of its charter at least annually and recommends any proposed changes to the full Board for approval as necessary. The Risk Committee held six meetings during the 2017 fiscal year.

NOMINATING PROCEDURES

As described above, Peoples has a standing Governance and Nominating Committee that has the responsibility to identify and recommend to the full Board individuals qualified to become directors. Each candidate must satisfy the eligibility requirements set forth in Peoples' Code of Regulations. To be eligible for election as a director, an individual must be a shareholder of Peoples. Peoples' Corporate Governance Guidelines require that directors establish a financial stake in Peoples by developing a meaningful ownership position in Peoples over time as is appropriate given the director's personal financial circumstances; provided, however, that within seven years after the date of his or her initial election to the Board, each director must own at least 10,000 common shares of Peoples or common shares of Peoples having a market value of \$200,000, whichever is less.

Beyond the above qualifications, the Governance and Nominating Committee will consider such factors as it deems appropriate in evaluating potential individuals for Board membership, including a consideration of the individual's contribution to the diversity of the Board. When considering potential candidates for the Board, the Governance and Nominating Committee strives to assure that the composition of the Board, as well as its practices and operation, contribute to value creation and to the effective representation of Peoples' shareholders.

In considering candidates for the Board, the Governance and Nominating Committee evaluates the entirety of each candidate's credentials. The Governance and Nominating Committee believes that all members of the Board should have the highest character and integrity, a reputation for working constructively with others, sufficient time to devote to Board matters and no conflict of interest that would interfere with performance as a director. When identifying nominees to serve as directors, the Governance and Nominating Committee will consider candidates in light of Peoples' strategic plan and the current composition and needs of the Board. Factors that will be given weight in the consideration may include diversity in business and professional experience, skills, gender, ethnic background, as well as experience and/or residence in Peoples' diverse market areas. Each of these factors will be considered in order to provide the greatest benefit to the shareholders of Peoples by selecting directors with the most exemplary credentials relative to Peoples' business and markets.

Because of the importance placed on the directors' business and professional experience and skills, a director who changes his or her principal occupation from that held when elected to the Board is expected to volunteer to resign from the Board. Although Peoples does not believe that it will be necessary in every instance that a director who makes such a change should leave the Board, the Governance and Nominating Committee is afforded the opportunity to review the appropriateness of continued Board service under the new circumstances and make a recommendation to the full Board.

Peoples' Corporate Governance Guidelines also provide that a director must submit his or her resignation effective as of the next annual meeting of shareholders following his or her 72nd birthday.

A director must advise the Chairman of the Board and the Chair of the Governance and Nominating Committee in advance of accepting an invitation to serve as a director of another public company. The Governance and Nominating Committee will then review whether such other board membership may unduly impact the ability of the director to fulfill his or her responsibilities as a director of Peoples and, if so, must make a recommendation to the full Board. Generally, the Board believes that a director of Peoples should not serve on more than three public company boards of directors (including Peoples' Board).

The Governance and Nominating Committee considers candidates for the Board from any reasonable source, including shareholder recommendations, and does not evaluate candidates differently based on who has made the recommendation. The Governance and Nominating Committee has the authority under its charter to hire and pay a fee to consultants or search firms to assist in the process of identifying and evaluating director candidates.

Shareholders may recommend director candidates for consideration by the Governance and Nominating Committee by writing to the Corporate Secretary of Peoples at Peoples' executive offices in Marietta, Ohio. Such recommendation must provide the candidate's name, age, business address, residence address, principal occupation or employment, and number of common shares beneficially owned. The recommendation must also describe the qualifications, attributes, skills or other qualities of the recommended director candidate. A written statement from the candidate consenting to be named as a director candidate and, if nominated and elected, to serve as a director must accompany any such recommendation.

Shareholders who wish to nominate an individual for election as a director at an annual meeting of the shareholders of Peoples must comply with the provisions of Peoples' Code of Regulations regarding shareholder nominations. Shareholder nominations must be made in writing and delivered or mailed to the Corporate Secretary of Peoples not less than 14 days nor more than 50 days prior to any meeting of shareholders called for the election of directors. However, if less than 21 days notice of the meeting is given to the shareholders, the nomination must be mailed or delivered to the Corporate Secretary no later than the close of business on the seventh day following the day on which the notice of the meeting was mailed to the shareholders. Nominations for the Annual Meeting must be received by April 12, 2018. Each nomination must contain the following information to the extent known by the nominating shareholder:

- the name, age, business address and residence address of each proposed nominee;
- the principal occupation or employment of each proposed nominee;
- the number of shares of capital stock of Peoples beneficially owned by each proposed nominee and by the nominating shareholder; and
- any other information required to be disclosed with respect to a nominee for election as a director under the SEC's proxy rules.

Each nomination must be accompanied by the written consent of the proposed nominee to serve as a director of Peoples if elected. Nominations not made in accordance with the above requirements and Peoples' Code of Regulations will not be considered.

SHAREHOLDER COMMUNICATIONS WITH THE BOARD

Any communication to the Board or to individual directors may be sent to the Board or one or more individual directors in one of two ways. It may be mailed, in care of Peoples' Corporate Secretary, to Peoples' headquarters in Marietta, Ohio, and the mailing envelope must contain a clear notation indicating that the enclosed correspondence is a "Shareholder-Board Communication" or a "Shareholder-Director Communication" as appropriate. In addition, shareholders may communicate with the Board or individual directors by utilizing the "Feedback" function on the "Investor Relations" page of Peoples' website that is monitored by the Corporate Secretary. All such communications, whether via mail or the website, must identify the author as a shareholder of Peoples and clearly state whether the intended recipients are all members of the Board or certain specified individual directors. The Corporate Secretary will make copies of all such communications and circulate them to the appropriate director or directors without any

screening. Any correspondence marked “personal and confidential” will be delivered by the Corporate Secretary to the intended recipient(s) without opening.

PROPOSAL NUMBER 2:

VOTE ON ADVISORY RESOLUTION TO APPROVE NAMED EXECUTIVE

OFFICERS' COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd-Frank Act”) and corresponding SEC rules enable Peoples' shareholders to vote to approve, on an advisory and non-binding basis, the compensation of Peoples' named executive officers as disclosed in this Proxy Statement in accordance with SEC rules. Accordingly, the following resolution will be submitted for shareholder approval at the Annual Meeting:

“RESOLVED, that the shareholders of Peoples Bancorp Inc. (“Peoples”) approve, on an advisory basis, the compensation of Peoples' named executive officers as disclosed in Peoples' Proxy Statement for its 2018 Annual Meeting of Shareholders pursuant to Item 402 of SEC Regulation S-K, including in the “EXECUTIVE COMPENSATION: COMPENSATION DISCUSSION AND ANALYSIS”, the “SUMMARY COMPENSATION TABLE FOR 2017”, and the related executive compensation tables, notes and narratives.”

The Board believes that Peoples' compensation policies and procedures, which are reviewed and approved by the Compensation Committee, are effective in aligning the compensation and incentives paid to Peoples' named executive officers with Peoples' short-term goals and long-term success, and that such compensation and incentives are designed to attract, retain and motivate Peoples' key executives who are directly responsible for Peoples' continued success. The Board believes that Peoples' compensation policies and practices do not threaten the value of Peoples or the investments of our shareholders, or create incentives to engage in behaviors or business activities that are reasonably likely to have a material adverse impact on Peoples. The Board further believes that Peoples' culture focuses executives on sound risk management and appropriately rewards executives for performance. The Board also believes that Peoples' compensation policies and procedures are reasonable in comparison both to Peoples' peer bank holding companies and to Peoples' performance during the 2017 fiscal year.

Similar “Say on Pay” proposals were approved by a significant majority of the common shares voted at each of Peoples' last nine annual meetings of shareholders.

Shareholders are encouraged to carefully review the information provided in this Proxy Statement regarding the compensation of Peoples' named executive officers in the section captioned “EXECUTIVE COMPENSATION: COMPENSATION DISCUSSION AND ANALYSIS” beginning on page 48 of this Proxy Statement.

The vote on the advisory resolution relates to the compensation of Peoples' named executive officers as a whole. Because your vote is advisory, the outcome of the vote will not: (i) be binding upon the Board or the Compensation Committee with respect to future executive compensation decisions, including those relating to Peoples' named executive officers, or otherwise; (ii) overrule any decision made by the Board or the Compensation Committee; or (iii) create or imply any additional fiduciary duty by the Board or the Compensation Committee. However, the Compensation Committee expects to take into account the outcome of the vote when considering future executive compensation arrangements. The current policy of the Board is to include an advisory resolution regarding approval of the compensation of Peoples' named executive officers annually. Accordingly, unless the Board modifies its policy on the frequency of future votes, the next advisory vote to approve the compensation of Peoples' named executive officers will occur at the 2019 Annual Meeting. The Board will take into account the vote with respect to Proposal Number 3 regarding the frequency of future advisory votes to approve the compensation of Peoples' named executive officers.

Recommendation and Vote Required

THE BOARD UNANIMOUSLY RECOMMENDS THAT PEOPLES' SHAREHOLDERS VOTE “FOR”

THE APPROVAL OF THE NON-BINDING ADVISORY RESOLUTION TO APPROVE THE
COMPENSATION OF PEOPLES' NAMED EXECUTIVE OFFICERS.

The affirmative vote of a majority of the common shares represented at the Annual Meeting, in person or by proxy, and entitled to vote on the proposal is required to approve the non-binding advisory resolution to approve the compensation paid to Peoples' named executive officers as disclosed in this Proxy Statement. Except in the case of

broker non-votes, a proxy received by Peoples and not revoked prior to or at the Annual Meeting will be voted in favor of this non-binding, advisory resolution unless otherwise instructed by the shareholder. The effect of an abstention is the same as a vote "AGAINST" the proposal. Broker non-votes will not be counted in determining whether the proposal has been approved.

PROPOSAL NUMBER 3:

ADVISORY VOTE ON THE FREQUENCY OF FUTURE SHAREHOLDER ADVISORY VOTES ON

EXECUTIVE COMPENSATION

In Proposal Number 2, Peoples is asking shareholders to vote on an advisory resolution on the approval of the compensation of Peoples' named executive officers and has provided this type of advisory vote every year since 2009. Under the Dodd-Frank Act and corresponding SEC rules, Peoples is required to include a separate resolution subject to a separate shareholder advisory vote at least once every six years with respect to the frequency of the future advisory votes on the compensation of Peoples' named executive officers. The last such advisory vote occurred at Peoples' 2012 Annual Meeting of Shareholders. Accordingly, Peoples is now asking shareholders to vote on whether future advisory votes on the compensation of Peoples' named executive officers should occur every one year, every two years or every three years. The following resolution will be submitted for an advisory shareholder vote at the Annual Meeting:

"RESOLVED, that the shareholders advise that an advisory resolution with respect to the compensation of Peoples' named executive officers should be presented to the shareholders every one year, every two years or every three years as reflected by their votes for each of these alternatives in connection with this resolution."

In voting on this resolution, you should mark your proxy for every one year, every two years or every three years based on your preference as to the frequency with which an advisory vote on executive compensation should be held. If you have no preference, you should abstain.

After careful consideration, the Board has determined that holding an advisory vote on the compensation of Peoples' named executive officers every one year continues to be the most appropriate for Peoples, and unanimously recommends that you vote for a frequency of every one year for future advisory votes on the compensation of Peoples' named executive officers. While Peoples' executive compensation programs are designed to promote both a short-term and a long-term connection between pay and performance, the Board recognizes that executive compensation disclosures are made annually. Holding an annual advisory vote on the compensation of Peoples' named executive officers provides Peoples with more direct and immediate feedback on Peoples' compensation disclosures. However, you should note that because the advisory vote on the compensation of Peoples' named executive officers occurs well after the beginning of the compensation year, and because the different elements of Peoples' executive compensation programs are designed to operate in an integrated manner and to complement one another, in many cases it may not be appropriate or feasible to change Peoples' executive compensation programs in consideration of any one year's advisory vote on the compensation of Peoples' named executive officers by the time of the following year's annual meeting of shareholders.

Peoples understands that our shareholders may have different views as to what is an appropriate frequency for advisory votes on the compensation of Peoples' named executive officers, and the Board and the Compensation Committee will carefully review the voting results on the proposal. However, because your vote is advisory, it will not be binding upon the Board or the Compensation Committee. Notwithstanding the outcome of the shareholder vote, the Board may in the future decide to conduct advisory votes on a more or less frequent basis and may vary its practice based on factors such as discussions with shareholders and the adoption of major changes to compensation programs.

Recommendation and Vote Required

THE BOARD RECOMMENDS HOLDING A VOTE ON AN ADVISORY RESOLUTION
FOR THE APPROVAL OF THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS
“EVERY ONE YEAR.”

The affirmative vote of a majority of the common shares represented at the Annual Meeting, in person or by proxy, and entitled to vote on the proposal, is required to approve, on a non-binding advisory basis, one of the selections under this advisory proposal. Proxies received by Peoples and not revoked prior to the Annual Meeting will be voted in favor of “every one year” unless otherwise instructed by the shareholder. Common shares as to which the vote is expressed as an “ABSTAIN” vote on the proxy card or in voting instructions and broker non-votes with respect to this proposal will not affect its outcome.

PROPOSAL NUMBER 4:

APPROVAL OF THE PEOPLES BANCORP INC.

THIRD AMENDED AND RESTATED 2006 EQUITY PLAN

General

Upon the recommendation of the Compensation Committee, on February 22, 2018, the Board adopted the Peoples Bancorp Inc. Third Amended and Restated 2006 Equity Plan (the “Third A&R 2006 Plan”), subject to approval by the shareholders of Peoples. The Peoples Bancorp Inc. 2006 Equity Plan (the “Original 2006 Plan”) was originally adopted on February 9, 2006 by the Board and approved by Peoples’ shareholders on April 13, 2006. The Original 2006 Plan was subsequently amended by the Board on June 8, 2006 and February 8, 2007 and was further amended and restated in the form of the Peoples Bancorp Inc. Amended and Restated 2006 Equity Plan (the “A&R 2006 Plan”) effective December 11, 2008. The A&R 2006 Plan was amended and restated in the form of the Peoples Bancorp Inc. Second Amended and Restated 2006 Equity Plan (the “Second A&R 2006 Plan”) effective February 28, 2013 and approved by Peoples’ shareholders on April 25, 2013. The Second A&R 2006 Plan was amended by the Board on January 25, 2018. The Second A&R 2006 Plan is proposed to be further amended and restated in the form of the Third A&R 2006 Plan. The Third A&R 2006 Plan will become effective upon the approval thereof by Peoples’ shareholders (the “Third Restatement Effective Date”).

The Third A&R 2006 Plan makes the following changes to the material terms of the Second A&R 2006 Plan:

- Provides that the number of common shares that may be issued under the Third A&R 2006 Plan after the Third Restatement Effective Date (the “Common Share Authorization”) will be 800,000 common shares plus (i) the number of common shares attributable to Awards that are outstanding under the Second A&R 2006 Plan immediately prior to the approval of the Third A&R 2006 Plan by Peoples’ shareholders and (ii) the number of common shares that were authorized to be issued under the Second A&R 2006 Plan immediately prior to the approval of the Third A&R 2006 Plan by Peoples’ shareholders but that were not subject to an outstanding Award immediately prior to such approval. Based on the number of common shares subject to outstanding Awards, and the number of common shares available for future grants of Awards, under the Second A&R 2006 Plan as of February 26, 2018, the aggregate number of common shares available under the Third A&R 2006 Plan (including common shares subject to outstanding Awards (294,100 common shares) and common shares that were authorized to be issued but that were not subject to outstanding Awards (73,470 common shares)) would be 1,167,570 common shares;
- Adds to the common shares that count against the Common Share Authorization: the number of common shares tendered by a participant to satisfy the participant’s tax withholding obligations or to pay the option price of an Option or satisfy the exercise price of an SAR, as applicable; and the number of common shares withheld from any Option or any SAR to satisfy a participant’s tax withholding obligations or to pay the option price of such Option or the exercise price of such SAR;
- Changes the maximum aggregate dollar value of, and the maximum number of common shares subject to, Awards of Restricted Stock and Performance Units that may be granted to any one Employee or any one Advisor with respect to a performance period or a restriction period to the lesser of \$550,000 or 100,000 common shares (from \$500,000 and

500,000 common shares) for each fiscal year included in such performance period or such restriction period;
31

- Reduces the maximum number of common shares subject to Options or SARs that may be granted to any one participant in any one fiscal year from 500,000 to 100,000;
- Adds a \$150,000 maximum aggregate dollar value limit with respect to Award(s) that may be granted to any one Non-Employee Director in any one fiscal year;
- Extends the termination date for the Third A&R 2006 Plan to the tenth anniversary of the Third Restatement Effective Date;
- Expands the list of performance criteria upon which performance goals relating to the payment or vesting of an Award may be based;
- Clarifies the events that will be deemed to constitute a “change in control” for purposes of the Third A&R 2006 Plan;
- Allows the Compensation Committee or the full Board, as applicable, to approve a participant’s authorization to deduct or withhold a higher level of tax withholding than the minimum statutory total tax;
- Allows Peoples to clawback gains from Awards if certain financial restatements occur;
- Prohibits the transfer of Awards except by will or the laws of descent and distribution; and
- Clarifies that no dividends or dividend equivalent rights contained in an Award will be paid to the participant holding such Award until the restrictions on the related Award lapse and that any accrued dividends or dividend equivalent rights contained in an Award will be forfeited to the extent the participant forfeits the related Award.

The Board believes it is desirable to continue to have Awards available to be used to attract and retain talented Employees, Non-Employee Directors and Advisors of Peoples and our subsidiaries and to promote the long-term growth and financial success of Peoples by encouraging ownership of common shares and motivating the achievement of long-term performance goals and objectives. The Third A&R 2006 Plan continues to make common shares available for a variety of Awards, allowing Peoples to choose the equity-based incentives most appropriate to individual circumstances and most likely to benefit Peoples and our shareholders. The Third A&R 2006 Plan will continue to make the following equity-based Awards available for grant to eligible participants in the Third A&R 2006 Plan:

- Incentive Stock Options;
- Nonqualified Stock Options (and together with Incentive Stock Options, “Options”);
- SARs;
- Restricted Stock;
- Restricted Performance Stock (and together with Restricted Stock, where appropriate, “Restricted Stock”);
- unrestricted common shares; and
- Performance Units.

The following summary of the material provisions of the Third A&R 2006 Plan is qualified in its entirety by reference to the specific provisions of the Third A&R 2006 Plan, the full text of which is attached to this Proxy Statement as Appendix A. All capitalized terms which are not defined in this summary are defined in the Third A&R 2006 Plan.

Purpose

The purpose of the Third A&R 2006 Plan is to provide financial incentives for selected Employees, Advisors and Non-Employee Directors of Peoples and our subsidiaries, thereby promoting the long-term growth and

financial success of Peoples by: (i) attracting and retaining Employees, Advisors and Non-Employee Directors of outstanding ability; (ii) strengthening Peoples' capability to develop, maintain and direct a competent management team; (iii) providing an effective means for selected Employees, Advisors and Non-Employee Directors to acquire and maintain ownership of common shares; (iv) motivating Employees to achieve long-range performance goals and objectives; and (v) providing incentive compensation opportunities competitive with peer financial institution holding companies.

Effective Date and Expiration of the Third A&R 2006 Plan

The Original 2006 Plan became effective on April 13, 2006. The A&R 2006 Plan became effective on December 11, 2008. The Second A&R 2006 Plan became effective on April 25, 2013. If the Third A&R 2006 Plan is approved by Peoples' shareholders at the Annual Meeting, the Third A&R 2006 Plan will become effective on April 26, 2018, which will be the Third A&R Restatement Effective Date. Unless earlier terminated by the Board, the Third A&R 2006 Plan will terminate on the tenth anniversary of the Third Restatement Effective Date (i.e., on April 26, 2028). No Award may be made pursuant to the Third A&R 2006 Plan after its termination date, but Awards made prior to the termination date will remain in effect in accordance with their respective terms. In any event, no Incentive Stock Options may be granted after February 22, 2028.

Administration of the Third A&R 2006 Plan

The Third A&R 2006 Plan will continue to be administered by the Compensation Committee (the "Committee") which has the authority to grant Awards to Employees, Advisors and non-employee directors who are members of the board of directors of a subsidiary of Peoples but are not also members of the Peoples Board ("Subsidiary Directors"). The full Peoples Board has the authority to grant Awards to non-employee directors who are members of the Peoples Board ("Company Directors" and together with the Subsidiary Directors, "Non-Employee Directors"). The Committee, or the full Board, as the case may be, has the full power and authority to interpret and administer the Third A&R 2006 Plan and to establish and amend rules and regulations for the administration of the Third A&R 2006 Plan. Any action or decision by the full Board or the Committee, as the case may be, will be final, binding and conclusive with respect to the interpretation of the Third A&R 2006 Plan and any Award made under it.

More specifically, the Committee or the full Board, as appropriate, has the authority, in its discretion:

- to determine those Employees, Advisors and Non-Employee Directors who will receive an Award; the timing of Award grants; the vesting schedule, if any, for each Award; and the type of Award to be granted, the number of common shares to be subject to each Option, each SAR and each Restricted Stock Award, the value of each Performance Unit and all other terms and conditions of any Award;
- to determine and set forth in an award agreement the terms of each Award, including those terms, restrictions and provisions necessary to cause certain Options to qualify as Incentive Stock Options;
- to correct any defect or supply any omission or reconcile any inconsistency in the Third A&R 2006 Plan or in any award agreement, in order to carry out the purposes of the Third A&R 2006 Plan; and
- to accelerate (i) the date on which an Option or an SAR may be exercised, (ii) the date of termination of the restrictions applicable to a Restricted Stock Award, or (iii) the end of a performance period under a Performance Unit Award, if the Committee or the full Board, as applicable, determines that to do so will be in the best interests of Peoples and the participants in the Third A&R 2006 Plan.

All Awards will be subject to the terms and conditions of the Third A&R 2006 Plan and to such other terms and conditions determined in the sole discretion of the Committee or the full Board, as applicable. The terms of Awards need not be uniform among all participants who receive an Award, whether or not similarly situated. Awards may be granted under two or more provisions of the Third A&R 2006 Plan, may be combined in one award

agreement and may contain any combination of Awards granted at one time and on more than one occasion to the same Employee, Advisor or Non-Employee Director.

Eligibility and Participation

All Employees, Advisors and Non-Employee Directors will continue to be eligible to participate in the Third A&R 2006 Plan. For purposes of the Third A&R 2006 Plan, an “Employee” means an individual who is a common law employee of Peoples or any of our subsidiaries and an “Advisor” is an advisor who renders bona fide services to Peoples and/or one or more of our subsidiaries as an advisory or marketing board member and who is neither an Employee nor a Non-Employee Director, provided that such services are not provided in connection with the offer or sale of securities in a capital-raising transaction and do not directly or indirectly promote or maintain a market for the common shares of Peoples.

As of the date of this Proxy Statement, except as disclosed below under “Plan Benefits,” no determination has been made regarding the identity of the individuals to whom future Awards may be granted under the Third A&R 2006 Plan. Peoples estimates that approximately 105 of the Employees of Peoples and our current subsidiaries will be eligible to receive Awards, including the executive officers of Peoples named in the “SUMMARY COMPENSATION TABLE FOR 2017” beginning on page 74 of this Proxy Statement. Following the election of three directors at the Annual Meeting, there will be ten Non-Employee Directors eligible to receive Awards as Company Directors. As of the date of this Proxy Statement, there were no Non-Employee Directors who qualified as Subsidiary Directors. Peoples is unable to reasonably estimate the number of Advisors who will be eligible to receive Awards.

Employees may be granted Incentive Stock Options. Employees, Advisors and Non-Employee Directors may be granted Nonqualified Stock Options, SARs, Restricted Stock, Restricted Performance Stock, unrestricted common shares and Performance Unit Awards.

Plan Benefits

The amount and nature of Awards to be granted in the future under the Third A&R 2006 Plan are at the discretion of the Committee with respect to participants other than Company Directors and the full Board with respect to Company Directors. Except as discussed below, the amount and nature of Awards to be granted after the date of the Annual Meeting to participants in the Third A&R 2006 Plan cannot be determined at this time. The Awards described below may not, however, be reflective of future Awards under the Third A&R 2006 Plan.

2018 Fiscal Year

The table included under “EXECUTIVE COMPENSATION: COMPENSATION DISCUSSION AND ANALYSIS - 2017 Executive Compensation Components - Cash and Equity-Based Incentive Program- 2017 Long-Term Incentive (Equity)” on page 64 of this Proxy Statement shows the number of common shares subject to Restricted Stock Awards granted under Peoples' 2017 incentive program (which grants were made on February 2, 2018) to the NEOs. Restricted Stock Awards covering an aggregate of 17,919 common shares were granted to all current executive officers of Peoples as a group under the 2017 incentive program and Restricted Stock Awards covering an aggregate of 67,127 common shares were granted to all employees, excluding current executive officers, as a group. All of these grants were made under the Second A&R 2006 Plan.

For the 2018 fiscal year, each of the current Company Directors (including director nominees George W. Broughton and Terry T. Sweet) received an annual grant of 400 unrestricted common shares (or an aggregate of 3,600 unrestricted common shares) on January 31, 2018, which were delivered under the Second A&R 2006 Plan. Company Directors then serving in that capacity are to receive unrestricted common shares as part of the annual retainers they receive as described under the caption “DIRECTOR COMPENSATION - Compensation Paid to Board Members” beginning on page 89 of this Proxy Statement. None of the Company Directors has received any portion of

the payment of their respective annual retainers to be paid with respect to the 2018 fiscal year through February 26, 2018. Any unrestricted common shares received by the Company Directors before the Annual Meeting will be delivered from the Second A&R 2006 Plan and any unrestricted common shares received after the Annual Meeting will be delivered from the Third A&R 2006 Plan.

2017 Fiscal Year

The table included under “EXECUTIVE COMPENSATION - GRANTS OF PLAN-BASED AWARDS FOR 2017” beginning on page 76 of this Proxy Statement shows the Restricted Stock Awards granted under the Second A&R 2006 Plan to the NEOs during the 2017 fiscal year in respect of performance under the 2016 incentive program. During the 2017 fiscal year, Restricted Stock Awards covering an aggregate of 12,177 common shares were granted under the Second A&R 2006 Plan to all current executive officers of Peoples as a group and Restricted Stock Awards covering an aggregate of 45,140 common shares were granted to all current employees, excluding current executive officers, as a group, in each case, in respect of performance under the 2016 incentive program. In addition, during the 2017 fiscal year, Charles W. Sulerzyski was granted a Performance Unit Award with threshold, target and maximum opportunities of \$70,625, \$282,500 and \$423,750, respectively. Based on the performance levels achieved for 2017 with respect to the performance goals applicable to the Performance Unit Award, Mr. Sulerzyski earned \$327,000, which was paid in cash on February 21, 2018.

On July 26, 2017, the Committee approved a one-time supplemental long-term incentive program in the form of a grant of Performance Unit Awards, with the maximum dollar amount represented by the Performance Units being \$350,000 for Mr. Sulerzyski and \$150,000 for each of the other NEOs. The Performance Unit Awards cover a 24-month performance period beginning January 1, 2018 and ending on December 31, 2019, and are subject to two performance goals. After the vesting date, each NEO will receive a number of common shares equal to (i) the aggregate number of Performance Units that vested based on the performance achieved under both goals, divided by (ii) the fair market value of a common share on the date of such vesting. Any common shares earned under these Performance Unit Awards will be delivered from the Third A&R 2006 Plan.

As discussed under “DIRECTOR COMPENSATION FOR 2017” beginning on page 89 of this Proxy Statement, during the 2017 fiscal year, director nominees George W. Broughton and Terry T. Sweet were granted Awards covering an aggregate of 749 and 638 unrestricted common shares, respectively, as a part of their annual retainers and a Restricted Stock Award covering 300 common shares each. During the 2017 fiscal year, the current Company Directors as a group were granted Awards covering an aggregate of 6,948 unrestricted common shares as part of their annual retainers and Restricted Stock Awards covering an aggregate of 3,000 common shares.

Common Shares Available Under the Third A&R 2006 Plan

Subject to certain adjustments as described below under “Adjustments,” the maximum number of common shares that may be issued under the Third A&R 2006 Plan (the “Common Share Authorization”) will be 800,000 common shares plus (i) the number of common shares attributable to Awards that are outstanding under the Second A&R 2006 Plan immediately prior to the approval of the Third A&R 2006 Plan by Peoples' shareholders and (ii) the number of common shares that were authorized to be issued under the Second A&R 2006 Plan immediately prior to the approval of the Third A&R 2006 Plan by Peoples' shareholders but that were not subject to an outstanding Award immediately prior to such approval. Based on the number of common shares subject to outstanding Awards, and the number of common shares available for future grants of Awards, under the Second A&R 2006 Plan, in each case as of February 26, 2018, the aggregate number of common shares available under the Third A&R 2006 Plan (including common shares subject to outstanding Awards (294,100 common shares) and common shares that were authorized to be issued but that were not subject to outstanding Awards (73,470 common shares)) would be 1,167,570 common shares. The maximum number of common shares that may be issued subject to Incentive Stock Options under the Third A&R 2006 Plan will be 1,000,000 common shares. The authorized common shares may consist of (i) common shares previously issued and outstanding and reacquired by Peoples or (ii) authorized but unissued common shares not reserved for any other purpose.

The following common shares will not be counted against the Common Share Authorization:

-

the common shares subject to an Award granted under the Third A&R 2006 Plan which Award for any reason on or after the Third Restatement Effective Date terminates by expiration, forfeiture, cancellation or otherwise without having been exercised or paid; and

the common shares withheld from any Award that is not an Option or an SAR or tendered by a participant to Peoples, in either case to satisfy a participant's tax withholding obligations in connection with that Award.

35

The Common Share Authorization will have counted against it:

- the number of common shares tendered by a participant to Peoples to satisfy the participant's tax withholding obligations or to pay the option price of an Option or the exercise price of an SAR, as applicable;
- the number of common shares withheld from any Option or any SAR to satisfy a participant's tax withholding obligations or to pay the option price of such Option or satisfy the exercise price of such SAR;
- if an SAR is settled in whole or in part by the issuance of common shares, the number of common shares which represents the difference between (i) the number of common shares which remain subject to such SAR on the date of such settlement and (ii) the number of common shares actually issued upon settlement of such SAR; and
- the number of common shares subject to an Option which is equal to the number of common shares acquired by Peoples on the open market using the cash proceeds received by Peoples from the exercise of such Option; provided, however, that such number of common shares will in no event be greater than the number which is determined by dividing (i) the amount of cash proceeds received by Peoples from the participant upon the exercise of such Option by (ii) the fair market value of a common share on the date of exercise of such Option.

Limitations on Awards

In addition to the overall Common Share Authorization under the Third A&R 2006 Plan, the maximum number of common shares subject to Options or SARs that may be granted to any one participant in any one fiscal year of Peoples is 100,000, subject to adjustment under the terms of the Third A&R 2006 Plan as described below under "Adjustments." The maximum aggregate dollar value of, and the maximum number of common shares subject to, Restricted Stock and Performance Units that may be granted to any one Employee or any one Advisor with respect to a performance period or a restriction period may not exceed the lesser of \$550,000 or 100,000 common shares (subject to adjustment under the terms of the Third A&R 2006 Plan as described below under "Adjustments") for each fiscal year of Peoples included in such performance period or restriction period.

Options

Nonqualified Stock Options may be granted to any participant under the Third A&R 2006 Plan. Incentive Stock Options, however, may be granted only to Employees of Peoples or of any of our subsidiaries as permitted under the applicable provisions of the Internal Revenue Code. Additionally, grants of Incentive Stock Options will be subject to the restrictions and conditions set forth in the relevant sections of the Internal Revenue Code, including the \$100,000 limitation on Incentive Stock Options first becoming exercisable in a calendar year and limitations for Employees possessing more than 10% of the total combined voting power of all classes of stock of Peoples or any of our subsidiaries.

Options may be granted for terms of up to, but not exceeding, ten years from the date of grant. Each Option grant is to be evidenced by an award agreement that specifies whether the Option is intended to be an Incentive Stock Option or a Nonqualified Stock Option, the exercise price of the Option, the duration of the Option, the number of common shares to which the Option pertains, the conditions upon which the Option will vest and become exercisable, and such other provisions as the Committee or the Board, as applicable, determines.

The Committee or the Board, as applicable, will determine the exercise price of each Option (the "option price"); however, the option price must be at least equal to 100% of the fair market value of the underlying common shares on the grant date. For purposes of the Third A&R 2006 Plan, the "fair market value" of a common share on a particular date will generally be the closing price of a common share on that date on NASDAQ. On March 16, 2018, the fair market value of a common share was \$36.54. The Committee or the Board, without shareholder approval, may not reduce the option price, cancel an outstanding Option in exchange for an Option with an option price that is less than the option price of the original Option; or cancel an outstanding Option with an option price which is above the current fair market value of a common share in exchange for cash or other securities.

Once an Option vests, the Option may be exercised at any time during the term of the Option in such manner as specified in the award agreement and upon proper notice to Peoples as specified in the Third A&R 2006 Plan, but only if a participant is then, and continually (except for sick leave, military service, or other approved leave of absence) after the grant of the Option has been, an Employee, an Advisor or a Non-Employee Director. The option price of any Option must be paid in full at the time of exercise (i) in cash; (ii) in previously acquired common shares having a fair market value equal to the option price on the date of exercise (or the immediately preceding date if the date of exercise is not a trading day); (iii) in a combination of cash and common shares; or (iv) by a cashless (broker-assisted) exercise.

The option price must be fully paid before Peoples will issue or transfer the acquired common shares. A participant has no shareholder rights with respect to the common shares covered by an Option until such common shares are issued to the participant.

Notwithstanding the foregoing, the Committee may, in its discretion, prescribe additional conditions, restrictions or terms on the vesting of an Option, including the full or partial attainment of performance goals. After an Option vests, the Option may be exercised at any time during the term of the Option, in whole or in installments, as specified in the related award agreement.

SARs

The Committee may award SARs to any participant under the Third A&R 2006 Plan other than Company Directors. The Board has the authority to grant SARs to Company Directors. Each SAR represents the right to receive payment of an amount equal to (i) the amount by which the fair market value of one common share on the date of exercise of the SAR exceeds the exercise price of the SAR (the "exercise price"), multiplied by (ii) the number of common shares covered by the SAR.

Each SAR granted under the Third A&R 2006 Plan will be subject to the terms and conditions prescribed by the Committee or the Board, as applicable, in an award agreement, which will specify the exercise price, the term of the SAR and such other provisions as the Committee or the Board determines. The exercise price for each SAR will be determined by the Committee or Board, as applicable, but must be at least equal to 100% of the fair market value of a common share on the date of grant. The Committee or the Board may prescribe conditions and limitations on the exercise of any SAR. At the discretion of the Committee or the Board, the payment upon the exercise of an SAR may be made in cash, common shares or a combination of the two, or in any other manner set forth in the award agreement.

Each SAR will expire on the date set by the Committee or the Board at the time of the grant, provided that the term of each SAR may not be more than ten years. An SAR is exercisable only by written notice to the Chief Financial Officer of Peoples or the Secretary of the Committee, or his or her designee. To the extent not previously exercised, all SARs will automatically be exercised on the last trading day prior to their expiration, so long as the fair market value of a common share on that date exceeds the exercise price, unless prior to that date, the participant gives proper and timely notice to the contrary to Peoples. The Committee or the Board, without shareholder approval, may not reduce the exercise price, cancel an outstanding SAR in exchange for an SAR with an exercise price that is less than the exercise price of the original SAR; or cancel an outstanding SAR with an exercise price which is above the current fair market value of a common share in exchange for cash or other securities.

Restricted Stock and Restricted Performance Stock

The Committee may award Restricted Stock and/or Restricted Performance Stock to any participant under the Third A&R 2006 Plan other than Company Directors. The Board has the authority to grant Restricted Stock and/or Restricted Performance Stock to Company Directors.

An award of Restricted Stock granted under the Third A&R 2006 Plan will be subject to the terms and conditions prescribed by the Committee or the Board, as applicable, in an award agreement. Each award agreement will specify the restriction period(s), the number of common shares covered by the Restricted Stock Award, and such other provisions as the Committee or the Board determines. Among other things, the Committee or the Board

may impose different restriction periods for each Restricted Stock Award or conditions upon the Award including the attainment of performance goals (making the Award a grant of Restricted Performance Stock).

Unless otherwise determined by the Committee or the Board and set forth in a participant's award agreement, the participant will be entitled to receive dividends during the restriction period, will have the right to vote such Restricted Stock and will have all other shareholder rights, except that (i) in the case of Restricted Stock, dividends otherwise payable in connection with common shares underlying any Restricted Stock Award will be accrued and paid to the participant at the same time as the restrictions on the Restricted Stock lapse, if at all; (ii) in the case of Restricted Performance Stock, dividends which would otherwise be received during the restriction period will be accrued and paid to the participant in the same proportion and at the same time as the underlying Restricted Performance Stock vests, if at all, (iii) if any dividends are paid in common shares, those common shares will be subject to the same restrictions as the common shares underlying the Restricted Stock with respect to which they were issued, (iv) the participant will not be entitled to delivery of any stock certificate evidencing the common shares underlying the Restricted Stock during the restriction period, (v) Peoples will retain custody of the Restricted Stock during the restriction period, and (vi) a breach of a restriction or a breach of the terms and conditions established by the Committee or the Board pursuant to the Restricted Stock Award will cause a forfeiture of the Restricted Stock Award.

Under the Third A&R 2006 Plan, the term "Restricted Performance Stock" means common shares subject to performance goals and grants of Restricted Performance Stock are subject to the same terms and conditions specified for grants of Restricted Stock.

Unrestricted Common Shares

The Committee may grant unrestricted common shares to any participant under the Third A&R 2006 Plan other than Company Directors on such terms and conditions as the Committee determines. The Board has the same authority to grant unrestricted common shares to Company Directors.

Performance Units

The Committee may grant Performance Units to any participant under the Third A&R 2006 Plan other than Company Directors. The Board has the same authority to grant Performance Units to Company Directors.

Each Performance Unit represents the right of a participant to receive an amount equal to the value of the Performance Unit, established by the Committee or the Board at the time the Award is granted. The Committee or the Board will determine the maximum dollar value of each Performance Unit and, in the discretion of the Committee or the Board, the measure of a Performance Unit may be equal to the fair market value of one common share.

In each award agreement, the Committee or the Board, as appropriate, will establish (i) the performance period during which performance will be measured and (ii) the performance goals for a participant for a particular performance period based upon various performance measures (described below under "General Performance Goals"). Further, the Committee or the Board will set performance goals in its discretion which will, depending on the extent to which they are met, determine the value and/ or number of Performance Units that will be paid out to the participant.

After the applicable performance period has ended, the holder of Performance Units will be entitled to receive payout on the value and number of Performance Units earned during such performance period to the extent the applicable performance goals have been met. In determining the number of Performance Units to be granted to any participant, the Committee or the Board will take into account the participant's responsibility level, performance, potential, cash compensation level, other incentive awards, and any other considerations as it deems appropriate. Awards may be paid in cash or common shares, or any combination of the two, as determined by the Committee or the Board. Payment may be made in a lump sum or in installments and will be subject to such other terms and conditions as the Committee or the Board determines.

General Performance Goals

The performance goals, upon which the payment or vesting of an Award to any employee that is intended to qualify as “performance-based compensation” under Section 162(m) may be based, are limited to the following performance measures:

- earnings per share (actual or targeted growth);
- net income after capital costs;
- net income (before or after taxes);
- return measures (including, but not limited to, return on average assets, risk-adjusted return on capital, return on average equity, pre-provision net revenue, or return on tangible common equity);
- efficiency ratio;
- full-time equivalency control;
- stock price (including, but not limited to, growth measures, share price appreciation, or total shareholder return);
- non-interest income compared to net interest income ratio;
- expense targets (including, but not limited to, reduction in or maintenance of non-interest expense);
- operating efficiency;
- economic value added or EVA(R);
- credit quality measures;
- customer satisfaction measures;
- loan growth;
- deposit growth;
- net interest margin;
- fee income;
- operating expense;
- balance sheet measures including assets, loans, charge-offs, loan loss reserves, non-performing assets, deposits, asset quality levels, and investments;
- balance sheet management;
- fair market value of the common shares of Peoples;
- interest income;
- investment management;
- maintenance or improvement of net interest income;
- market capitalization;
- market share;
- non-interest income growth;
- pretax income;

- productivity ratios;
- reduction or maintenance in non-interest expense;
- revenues;
 - risk management measures including interest-sensitivity gap levels, regulatory compliance, satisfactory internal or external audits, and financial ratings;
- shareholder returns;
- share price appreciation; and
- tangible common equity.

For Awards not intended to comply with Section 162(m), the Committee or the Board may establish performance goals based upon any of the performance measures described above or upon any other performance criteria the Committee or the Board deems appropriate.

In either case, the Committee or the Board must establish performance goals in writing for each performance period no later than the earlier of (i) 90 days after the beginning of the performance period or (ii) the expiration of 25% of the performance period. Except as otherwise provided in the Third A&R 2006 Plan or an award agreement, as of the end of each performance period, the Committee or the Board must certify in writing the extent to which a participant has or has not met the participant's performance goal(s). To the extent consistent with Section 162(m), if applicable, performance goals may be calculated without regard to extraordinary items or adjusted, as the Committee deems equitable, in recognition of unusual or non-recurring events affecting Peoples and/or one of our subsidiaries or changes in applicable tax laws or accounting principles.

Additionally, to the extent permitted by Section 162(m), if applicable, the Committee or the Board must make (i) appropriate adjustments to performance criteria to reflect the effect on any performance criteria of any stock dividend or stock split affecting the common shares of Peoples, recapitalization, merger, consolidation, combination, spin-off, distribution of assets to shareholders, exchange of shares or similar corporate change and (ii) similar adjustments to any portion of performance criteria that is not based on common shares but which is affected by an event having an effect similar to those just described.

Furthermore, any of the performance measures described above may be used to measure performance with respect to solely Peoples and/or any of our subsidiaries, or relatively between Peoples and/or any subsidiary and one or more unrelated entities. In addition, the Committee can apply different performance measures to different participants or groups of participants, and to results achieved by solely Peoples or any of our subsidiaries, a combination of the two, or any combination of business units or divisions of Peoples and our subsidiaries.

Change in Control

Under the Third A&R 2006 Plan, "change in control" means a change in the ownership or effective control of Peoples or in the ownership of a substantial portion of the assets of Peoples (within the meaning of Section 409A of the Internal Revenue Code). The Third A&R 2006 Plan clarifies that a "change in control" means:

- a change in the ownership of Peoples where one person, or more than one person acting as a group (as determined under the terms of the Third A&R 2006 Plan), acquires ownership of more than 50% of Peoples' stock, measured based on the total fair market value or total voting power of Peoples' stock;
- a change in the effective control of Peoples where one person, or more than one person acting as a group, acquires ownership of more than 30% of the total voting power of Peoples' stock;
- a change in the members of the Board, where a majority of Peoples' directors are replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of the members of the Board before the date of the appointment or election; or

a change in the ownership of more than 40% of the total gross fair market value of all of the assets of Peoples immediately before such acquisition or acquisitions.

In the event of a change in control where the surviving entity is not Peoples and the surviving entity (the “Acquiror”) does not assume or substitute equivalent Awards for outstanding grants of Options, SARs, Restricted Stock, Restricted Performance Stock or Performance Units, all outstanding Options and SARs will become immediately and fully exercisable and, in the case of Restricted Stock (other than Restricted Performance Stock), all outstanding Awards will become immediately and fully vested. In the case of Restricted Performance Stock and Performance Units, all outstanding Awards will be deemed to have been fully earned based on the target level of performance being attained as of the effective date of the change in control. Additionally, the Board or its designee may, in its sole discretion, provide for a cash payment to be made to each participant for the outstanding Restricted Stock, Restricted Performance Stock or Performance Units upon the consummation of the change in control, determined on the basis of the fair market value that would be received in such change in control by the holders of Peoples’ securities relating to such Awards. Notwithstanding the foregoing, any Option intended to qualify as an Incentive Stock Option under Section 422 of the Internal Revenue Code will be adjusted in a manner to preserve such status.

In the event of a change in control where Peoples is the surviving entity, or the Acquiror assumes the outstanding Options, SARs, Restricted Stock, Restricted Performance Stock or Performance Units or substitutes equivalent equity awards relating to the securities of such Acquiror or its affiliates, then all outstanding Awards or substitutes will remain outstanding and be governed by their respective terms and the provisions of the Third A&R 2006 Plan. In such a change in control scenario:

if a participant is terminated without cause or the participant terminates for good reason within 24 months following the change in control, and Peoples is the surviving corporation or the Acquiror has assumed the outstanding Awards, then all of the participant’s outstanding Options and SARs or substituted equivalent equity awards will become immediately and fully exercisable and, in the case of Restricted Stock (other than Restricted Performance Stock Awards), all outstanding Awards will become immediately and fully vested. In the case of Restricted Performance Stock and Performance Units, all of the participant’s outstanding Awards will be deemed to have been fully earned based on the target level of performance being attained. In the case of outstanding Options or SARs, the participant may exercise these Options or SARs at any time within one year after such termination, except that an Option or SAR will not be exercisable on any date beyond the expiration date of such Option or SAR. If the participant dies after such termination, the exercisability of all outstanding Options or SARs will be treated in the same manner as that provided for a termination due to retirement (as further described below in “Termination”); and

if a participant is terminated for cause within 24 months following such change in control and Peoples is the surviving corporation or the Acquiror has assumed the outstanding Awards, then any outstanding Options or SARs of such participant will expire, any non-vested outstanding Restricted Stock, Restricted Performance Stock or Performance Units will be forfeited, and all rights under all such outstanding Awards will terminate immediately. Peoples does not have the power to amend or terminate any provision regarding the effect of a change in control if any such amendment or termination would adversely affect the rights of any participant under the Third A&R 2006 Plan.

Tax Withholding

Peoples has the power and the right to deduct or withhold, or require a participant to remit to Peoples, the minimum statutory amount to satisfy federal, state and local taxes required by law or regulation to be withheld with respect to any taxable event arising as a result of the Third A&R 2006 Plan. With respect to withholding required upon any taxable event arising as a result of an Award granted under the Third A&R 2006 Plan, a participant may elect, subject to the approval of the Committee or the Board, as appropriate, to satisfy the withholding requirement, in whole or in part, by having Peoples withhold common shares having a fair market value on the date the tax is to be determined equal to the minimum statutory total tax that could be imposed on the transaction. All such elections

will be irrevocable, must be made in writing and signed by the participant, and will be subject to any restrictions or limitations that the Committee or the Board, as applicable, in its sole discretion, deems appropriate. However, the Committee or the Board, as applicable, may approve a participant's authorization to deduct or withhold a higher level of tax withholding than the minimum statutory total tax.

Termination

Subject to the provisions of individual award agreements, the following summarizes the effect of various termination events on Awards to participants in the Third A&R 2006 Plan:

• **Termination due to death:** Unless otherwise provided by the Committee, all outstanding Options, SARs and Restricted Stock not subject to performance goals will vest and, if applicable, become exercisable; a portion of the Options, SARs and Restricted Stock subject to performance goals, determined by multiplying the number of common shares subject to such Options, SARs and Restricted Stock by a fraction, the numerator of which is the number of whole months elapsed during the performance period prior to the participant's death, and the denominator of which is the number of months in the performance period, will immediately vest; and any SARs and any Options that are then, or become, exercisable (and have not yet been exercised) may be exercised by the participant's personal representative at any time before the earlier of (i) one year after the participant's death, or (ii) the expiration date of the Award.

• **Termination due to disability or retirement:** Unless otherwise provided by the Committee, all outstanding unvested Options, SARs and Restricted Stock will become fully vested and, if applicable, exercisable at the time and under the conditions, including attainment of the performance goals, as such Options, SARs and Restricted Stock would otherwise vest and become exercisable pursuant to the terms of the award agreement; and any Options and SARs that are exercisable at the time of the participant's termination or become exercisable at that time (and have not yet been exercised) may be exercised at any time before the earlier of (i) one year after the date such Option or SAR became vested, or (ii) the expiration date of the Award. However, an Option which is intended to qualify as an Incentive Stock Option will only be treated as such to the extent it complies with the requirements of Section 422 of the Internal Revenue Code.

• **Termination due to any reason other than death, disability, discharge for cause, or retirement:** Any outstanding Options or SARs may be exercised at any time within three months after such termination up to the number of common shares covered by the portion of such Options or SARs which is exercisable (and has not yet been exercised) at the date of such termination. However, no Option or SAR will be exercisable after the expiration date of such Option or SAR. Any other Awards that are not vested on the date of termination will immediately terminate and be of no further force or effect.

• **Termination for cause:** Any Options or SARs, whether or not then exercisable, will expire and any rights thereunder will terminate immediately, and any non-vested Restricted Stock Awards will immediately be forfeited and any rights thereunder will terminate.

• **Termination due to retirement, but participant dies with one year of such retirement and before the exercise of all of the participant's outstanding Options or SARs:** Such Options or SARs may be exercised by the participant's personal representative at any time before the earlier of (i) one year after the participant's death or (ii) the expiration date of the Award. However, an Option which is intended to qualify as an Incentive Stock Option will only be treated as such to the extent it complies with the requirements of Section 422 of the Internal Revenue Code.

• **Termination at any time during an applicable performance period:** Awards of Performance Units will terminate for all purposes, except as may otherwise be determined by the Committee.

• **Termination at any time following the end of an applicable performance period, but prior to full payment:** Awards of Performance Units will terminate except when the termination is due to death, disability or retirement or as may otherwise be determined by the Committee.

Adjustments

In the event of any reorganization, recapitalization, reclassification, stock split, stock dividend, distribution, combination of shares, merger, consolidation, rights offering, or any other change in the corporate structure or shares of Peoples, appropriate adjustments will be made by the Committee or the Board, as the case may be, (or if Peoples is not the surviving corporation in any such transaction, the board of directors of the surviving corporation) in the aggregate number and kind of shares subject to the Third A&R 2006 Plan, the number and kind of shares and the option price per share subject to outstanding Option or the exercise price per share subject to outstanding SARs or the number and kind of shares which may be issued under outstanding Restricted Stock Awards or pursuant to Awards of unrestricted common shares.

Subject to the provisions of the Third A&R 2006 Plan, appropriate adjustments will also be made by the Committee or the Board, as the case may be, in the terms of any Awards to reflect such changes and to modify any other terms of outstanding Awards on an equitable basis. Any such adjustments made by the Committee or the Board will be conclusive and binding for all purposes under the Third A&R 2006 Plan.

All adjustments will be made consistent with the requirements of Section 409A of the Code, to the extent applicable.

Clawback

Any Award which is subject to recovery under any law, governmental regulation or stock exchange listing requirement, will be subject to such deductions and clawback as may be required to be made pursuant to such law, governmental regulation or stock exchange listing requirement (or any policy adopted by Peoples whether or not such adoption was pursuant to such law, governmental regulation or stock exchange listing requirement). The Third A&R 2006 Plan clarifies that Peoples may clawback gains from Awards if certain financial restatements occur.

Limitations on Transferability of Awards

During a participant's lifetime, any Award held by the participant may be exercised only by the participant or any guardian or legal representative of the participant. In addition, Awards are not transferable except by will or the laws of descent and distribution.

Amendment, Suspension and Termination of the Third A&R 2006 Plan

The Board, in its discretion, may suspend or terminate the Third A&R 2006 Plan or any portion of the Third A&R 2006 Plan at any time and may amend the Third A&R 2006 Plan from time to time as needed (i) in order that any Awards thereunder conform to any change in applicable laws or regulations, or (ii) in any other respect deemed by the Board to be in the best interests of Peoples. No termination, amendment or suspension of the Third A&R 2006 Plan by the Board may adversely affect in any material way any outstanding Options, SARs, Restricted Stock Awards or Performance Units without the consent of the affected participant.

Without shareholder approval, no amendment may: (i) increase the number of common shares which may be issued under the Third A&R 2006 Plan (except as provided above in "Adjustments"); (ii) expand the types of awards available to participants under the Third A&R 2006 Plan; (iii) materially expand the class of employees and/or advisors eligible to participate in the Third A&R 2006 Plan; (iv) materially change the method of determining the option price of Options or the exercise price of SARs; (v) delete or limit the provisions of the Third A&R 2006 Plan prohibiting the repricing of Options and SARs; or (vi) extend the termination date of the Third A&R 2006 Plan. Additionally, to the extent that shareholder approval is required to satisfy applicable laws, regulations or standards of any stock exchange on which the common shares are listed, such amendment may be made without the requisite approval.

The Committee may amend or modify any outstanding Options, SARs, Restricted Stock Awards or Performance Unit Awards in any manner to the extent that the Third A&R 2006 Plan has provided the initial authority to the Committee to grant such Awards as so modified or amended.

Subject to the above conditions, the Board can amend the Third A&R 2006 Plan and any award agreements without any additional consideration to affected participants to the extent necessary to comply with,

43

or avoid penalties under, Section 409A of the Internal Revenue Code, even if those amendments reduce, restrict or eliminate rights granted prior to such amendments.

U.S. Federal Income Tax Consequences

The following is a brief summary of the general U.S. federal income tax consequences relating to the Third A&R 2006 Plan. This summary is based on U.S. federal income tax laws and regulations in effect on the date of this Proxy Statement and does not purport to be a complete description of the U.S. federal income tax laws. In addition, this summary is not intended to be exhaustive, does not constitute tax advice, and does not describe federal employment, state, local or foreign tax consequences. Each participant will be advised to consult with his or her own tax advisor concerning the U.S. federal income tax and other tax consequences of participating in the Third A&R 2006 Plan.

Incentive Stock Options

Incentive Stock Options are intended to qualify for special treatment available under Section 422 of the Internal Revenue Code. A participant will not recognize any income when an Incentive Stock Option is granted and Peoples will not receive a deduction at that time. A participant will not recognize ordinary income upon the exercise of an Incentive Stock Option provided that the participant was, without a break in service, an employee of Peoples or one of our subsidiaries during the period beginning on the grant date of the Incentive Stock Option and ending on the date three months prior to the date of exercise (one year prior to the date of exercise if the participant's employment is terminated due to death or disability).

If a participant acquires common shares by exercising an Incentive Stock Option and continues to hold those common shares for one year or, if longer, until the second anniversary of the grant date (each of these periods is called an "ISO Holding Period"), the amount the participant receives when the participant disposes of the common shares minus the option price will be taxable at long-term capital gain or loss rates (this is referred to as a "qualifying disposition"), depending on whether the amount the participant receives when the participant disposes of the common shares is greater or less than the option price the participant paid. Upon a qualifying disposition, Peoples is not entitled to a deduction.

If a participant disposes of the common shares before the end of either ISO Holding Period (this is referred to as a "disqualifying disposition"), the participant will recognize ordinary income equal to the excess, if any, of (i) the fair market value of the common shares on the date the Incentive Stock Option was exercised or, if less, the amount received on the disposition, over (ii) the option price. Peoples will be entitled to a deduction equal to the ordinary income that the participant recognizes. Any amount realized in excess of the fair market value of the common shares on the date of exercise will be capital gain. If the amount realized is less than the option price, the participant generally will recognize a capital loss equal to the excess of the option price over the amount realized upon the disposition of the common shares.

The rules that generally apply to Incentive Stock Options do not apply when calculating any alternative minimum tax liability. The rules affecting the application of the alternative minimum tax are complex and their effect depends on individual circumstances, including whether a participant has items of adjustment other than those derived from Incentive Stock Options.

Nonqualified Stock Options

Nonqualified Stock Options do not receive the special tax treatment afforded to Incentive Stock Options under the Internal Revenue Code, although a participant will not recognize any income when a Nonqualified Stock Option is granted and Peoples will not receive a deduction at that time. However, unlike an Incentive Stock Option, when a Nonqualified Stock Option is exercised, a participant will recognize ordinary income equal to the excess, if any, of the fair market value of the common shares that the participant purchased on the date of exercise over the option price. If a participant uses common shares or a combination of common shares and cash to pay the option price of a Nonqualified Stock Option, the participant will have ordinary income equal to the fair market value of the excess of the number of common shares that the participant purchases over the number the participant surrenders, less any cash the participant uses to pay the option price. When a Nonqualified Stock Option is exercised, Peoples will be entitled to a deduction equal to the ordinary income that the participant recognizes.

If the amount a participant receives when the participant disposes of the common shares that the participant acquired by exercising a Nonqualified Stock Option is greater than the option price the participant paid, the excess will be treated as a long-term or short-term capital gain, depending on whether the participant held the common shares for more than one year after the participant acquired the common shares. But, if the amount a participant receives when the participant disposes of the common shares that the participant acquired by exercising a Nonqualified Stock Option is less than the option price the participant paid, the difference will be treated as a long-term or short-term capital loss, depending on whether the participant held the common shares for more than one year after the participant acquired the common shares.

SARs

A participant will not recognize any income when an SAR is granted and Peoples will not receive a deduction at that time. When an SAR is exercised, a participant will recognize ordinary income equal to the cash and/or the fair market value of the common shares the participant receives upon exercise over the aggregate exercise price. Peoples will be entitled to a deduction equal to the ordinary income that the participant recognizes. If the amount a participant receives when the participant disposes of any common shares acquired upon the exercise of an SAR is greater than the fair market value of the common shares when the SAR was exercised, the excess will be treated as a long-term or short-term capital gain, depending on whether the participant held the common shares for more than one year after the SAR was exercised. But, if the amount the participant receives when the participant disposes of the common shares is less than the fair market value of the common shares when the SAR was exercised, the difference will be treated as a long-term or short-term capital loss, depending on whether the participant held the common shares for more than one year after the SAR was exercised.

Restricted Stock

Unless a participant makes an election under Section 83(b) of the Internal Revenue Code, the participant will not recognize ordinary income when Restricted Stock is granted and Peoples will not receive a deduction at that time. Instead, a participant will recognize ordinary income when the shares of Restricted Stock vest (i.e., when the participant can no longer forfeit them) equal to the fair market value of the common shares the participant receives when the restrictions lapse, less any consideration paid for the Restricted Stock, and Peoples generally will be entitled to a deduction equal to the ordinary income that the participant recognizes.

If the amount a participant receives when the participant disposes of these common shares is greater than the fair market value of the common shares when the Restricted Stock vested, the excess will be treated as a long-term or short-term capital gain, depending on whether the participant held the common shares for more than one year after the Restricted Stock vested. But, if the amount the participant receives when the participant disposes of these common shares is less than the fair market value of the common shares when the Restricted Stock vested, the difference will be treated as a long-term or short-term capital loss, depending on whether the participant held the common shares for

more than one year after the Restricted Stock vested.

If a participant makes a Section 83(b) election, the participant will recognize ordinary income on the grant date equal to the fair market value of the common shares underlying the Restricted Stock on the grant date, and Peoples will be entitled to a deduction equal to the ordinary income that the participant recognizes at that time. However, the participant will not recognize income when (and if) the restrictions lapse. If a participant earns the common shares, any appreciation in the fair market value of the common shares between the grant date and the

45

date the participant disposes of the common shares will be treated as a long-term or short-term capital gain, depending on whether the participant held the common shares for more than one year after the grant date. But, if the amount the participant receives when the participant disposes of these common shares is less than the fair market value of the common shares underlying the Restricted Stock on the grant date, the difference will be treated as a long-term or short-term capital loss, depending on whether the participant held the common shares for more than one year after the grant date. Also, if a participant forfeits the participant's Restricted Stock, the participant cannot take a tax deduction in connection with that forfeiture.

Restricted Performance Stock and Performance Units

A participant will not recognize taxable income when Peoples grants the participant Restricted Performance Stock and/or Performance Units and Peoples will not receive a deduction at that time. However, if the participant satisfies the conditions imposed on the Award, the participant will recognize ordinary income equal to the cash and/or the fair market value of the common shares the participant receives upon settlement. Peoples generally will be entitled to a deduction equal to the ordinary income that the participant recognizes.

If the amount a participant receives when the participant disposes of the common shares acquired upon the settlement of Restricted Performance Stock or Performance Units is greater than the fair market value of the common shares when the participant received them, the excess will be treated as a long-term or short-term capital gain, depending on whether the participant held the common shares for more than one year after they were issued. But, if the amount the participant receives when the participant disposes of these common shares is less than the fair market value of the common shares when they were issued, the difference will be treated as a long-term or short-term capital loss, depending on whether the participant held the common shares for more than one year after they were issued.

Unrestricted Common Shares

Upon an issuance of an Award of unrestricted common shares, a participant will recognize ordinary income equal to the fair market value of the common shares issued and Peoples will receive a deduction in the same amount at that time.

Section 162(m) of the Internal Revenue Code

Prior to December 22, 2017, when the Tax Cuts and Jobs Act of 2017 (the "TCJA") was signed into law, Section 162(m) of the Internal Revenue Code ("Section 162(m)") generally disallowed a tax deduction to publicly-held companies for compensation paid in excess of \$1,000,000 in a year for certain officers except to the extent such excess compensation qualified as "performance-based compensation." Certain Awards granted under the Second A&R 2006 Plan may qualify as "performance-based compensation" under Section 162(m). For an Award granted under the Second A&R 2006 Plan, other than an Option or an SAR, to qualify as "performance-based compensation," the lapse of restrictions on the Award, and distribution of cash, common shares or other property pursuant to such Award was required to be contingent upon satisfying one or more of the performance goals described above under the caption "General Performance Goals", as established and certified by the Committee and the Award must satisfy the other requirements under Section 162(m). Any Options or SARs granted under the Second A&R 2006 Plan were historically expected to qualify as "performance-based compensation" due to the terms under which such Awards must be granted.

Under the TCJA, the performance-based exception has been repealed and the \$1,000,000 deduction limitation now applies to (i) anyone serving as the chief executive officer or the chief financial officer of Peoples at any time during the taxable year, (ii) the top three other highest compensated executive officers of Peoples serving at the end of the taxable year and (iii) any individual who had been a covered employee for any taxable year of Peoples that started after December 31, 2016. However, the new rules do not apply to remuneration provided pursuant to a written binding contract in effect on November 2, 2017 that has not been modified in any material respect after that

date. Because of ambiguities and uncertainties as to the application and interpretation of this transition relief, no assurance can be given that compensation intended to satisfy the requirements for the “performance-based compensation” exemption from Section 162(m) will avoid the deduction limit. We believe the amount of compensation paid to our executive officers that can be deducted will decrease compared to prior years.

Sections 280G and 4999 of the Internal Revenue Code

Sections 280G and 4999 of the Internal Revenue Code impose penalties on “excess parachute payments.” A parachute payment occurs when payments are made to a “disqualified individual” (as defined under Section 280G of the Internal Revenue Code) in connection with a change in control in an amount equal to or greater than 300% of the recipient's taxable compensation averaged over the five calendar years ending before the change in control (or over the entire period of employment if the participant has been employed less than five calendar years). This average is called the “base amount.” An “excess parachute payment” is an amount equal to the excess of any parachute payments over 100% of the base amount.

Some participants in the Third A&R 2006 Plan may receive payments in connection with a change in control. If this happens, the value of any such participant's payments from the Third A&R 2006 Plan must be combined with other payments that the participant is entitled to receive in connection with a change in control under other agreements with or plans of Peoples or any of our subsidiaries. If the participant is a disqualified individual and the combined value of all payments is equal to or greater than 300% of the base amount, the participant must pay a 20% excise tax on all amounts in excess of 100% of the base amount. This tax is in addition to other federal, state and local income, wage and employment taxes. Peoples may not deduct the amount of any excess parachute payment.

Section 409A of the Internal Revenue Code

Section 409A of the Internal Revenue Code imposes certain restrictions on amounts deferred under non-qualified deferred compensation plans and a 20% additional tax on amounts that are subject to, but do not comply with, Section 409A. Section 409A includes a broad definition of non-qualified deferred compensation plans, which includes certain types of equity-based incentive compensation. It is intended that the Awards granted under the Third A&R 2006 Plan comply with or be exempt from the requirements of Section 409A.

Recommendation and Vote Required

THE COMPENSATION COMMITTEE AND THE FULL BOARD UNANIMOUSLY RECOMMEND THAT PEOPLES' SHAREHOLDERS VOTE “FOR” THE APPROVAL OF THE THIRD AMENDED AND RESTATED 2006 EQUITY PLAN.

The affirmative vote of the majority of the common shares represented at the Annual Meeting, in person or by proxy, and entitled to vote on the proposal is required to approve the Third A&R 2006 Plan. Broker non-votes will not be counted in determining whether the proposal has been approved. The effect of an abstention is the same as a vote “AGAINST” the proposal.

PROPOSAL NUMBER: 5

AMENDMENT TO SECTION 2.02 OF PEOPLES' CODE OF REGULATIONS TO PROVIDE FOR THE ANNUAL ELECTION OF ALL DIRECTORS COMMENCING WITH THE ELECTION OF DIRECTORS OF PEOPLES AT THE 2019 ANNUAL MEETING

Upon recommendation by the Governance and Nominating Committee, on January 25, 2018, the Board adopted and now recommends shareholder adoption of an amendment to division (D) of Section 2.02 of Peoples' Code of Regulations to eliminate the classification of the Board. Division (D) of Section 2.02 currently provides that the Board shall be divided into three classes, with the directors in each class standing for election at every third annual meeting of shareholders. The Board has determined that this provision should be amended to provide instead for the annual election of all directors. The Board unanimously adopted a resolution approving a declassification amendment to the Code of Regulations, which will provide for the annual election of all directors, and is recommending that Peoples' shareholders adopt that amendment.

If the proposed amendment is approved, all directors would be elected to one-year terms commencing with the 2019 Annual Meeting. In order to facilitate the transition from classified three-year terms to non-classified one-year terms, each director whose term would not otherwise expire at the 2019 Annual Meeting has agreed to tender his or her resignation effective immediately prior to the 2019 Annual Meeting.

The Board believes that the election of directors is a primary means for shareholders to influence corporate governance policies and hold management accountable for implementing those policies. Although proponents of classified boards believe that they provide continuity and stability to the board, facilitate a long-term outlook by the board and enhance the independence of non-employee directors, an increasing number of investors have come to believe that classified boards reduce accountability of directors because they limit the ability of shareholders to evaluate and elect all directors on an annual basis. Accordingly, an increasing number of companies have been taking actions to provide for the annual election of directors.

Peoples is committed to good corporate governance. Accordingly, the Board considered the various positions for and against a classified board, particularly in light of evolving corporate governance practices and investor sentiment. The Board recognizes that annual elections are considered a “best practice” in the area of corporate governance, as it provides shareholders the opportunity to hold every member of the Board accountable for performance every year. The Board has determined that adopting a resolution adopting an amendment to division (D) of Section 2.02 of the Code of Regulations that provides for the annual election of all directors is in the best interests of Peoples and its shareholders.

Appendix B shows the changes to the relevant portions of division (D) of Section 2.02 of Peoples' Code of Regulations resulting from the proposed amendment, with deletions indicated by strike-outs and additions indicated by underlining. If approved, this amendment will become immediately effective.

Recommendation and Vote Required

THE BOARD UNANIMOUSLY RECOMMENDS THAT PEOPLES' SHAREHOLDERS VOTE “FOR” THE ADOPTION OF THE AMENDMENT TO SECTION 2.02 OF PEOPLES' CODE OF REGULATIONS.

The affirmative vote of the holders of at least a majority of the outstanding common shares is required to adopt the amendment to division (D) of Section 2.02 of Peoples' Code of Regulations. The effect of either an abstention or a broker non-vote is the same as a vote “AGAINST” the proposed amendment.

EXECUTIVE COMPENSATION:

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary of 2017 Fiscal Year Performance and Compensation

The Compensation Committee has responsibility for establishing, implementing and continually monitoring our executive compensation program. In particular, the Compensation Committee determines the compensation of our named executive officers (“NEOs”), which included our Chief Executive Officer (“CEO”), our Chief Financial Officer, and our three other most highly-compensated executive officers who were serving as executive officers at the end of 2017. The NEOs for 2017 were:

• Charles W. Sulerzyski, President and CEO

• John C. Rogers, Executive Vice President, Chief Financial Officer and Treasurer

• Douglas V. Wyatt, Executive Vice President and Chief Commercial Banking Officer (Mr. Wyatt assumed this position effective April 1, 2017)

• Carol A. Schneeberger, Executive Vice President and Chief Administrative Officer

• Robyn A. Stevens, Executive Vice President and Chief Credit Officer

48

The Compensation Committee strives to ensure that the total compensation paid to the NEOs is reasonable, competitive and aligned with the best interests of the shareholders.

2017 Business Highlights

Peoples achieved success in several major areas in 2017. We generated quality loan growth, increased our net interest margin, effectively managed our credit costs, grew our revenues and controlled our expenses, while completing two insurance agency acquisitions and entering into our first bank acquisition agreement since 2014. Below is a list of notable accomplishments in 2017:

- ◆ We grew total revenues by 6% compared to 2016.
- ◆ We controlled expenses, with only 1% growth in non-interest expenses compared to 2016.
- ◆ We grew average loan balances by 8% compared to 2016.
- ◆ Net interest margin increased to 3.62%, compared to 3.54% in 2016.
- ◆ Nonperforming assets at December 31, 2017 decreased by 32% compared to December 31, 2016.

These accomplishments drove the improvement in our key performance metrics in 2017 compared to 2016 -- in particular, increased net income, increased diluted earnings per common share, greater return on average assets, and greater return on average stockholders' equity. The solid performance contributed to the increase in the market price of our common shares and allowed us to increase the rate of cash dividends paid, which resulted in a greater total return to our shareholders.

Goals for 2017 Incentive Awards

The performance goals for the incentive awards based on 2017 performance were designed so that the target level of awards would be paid if we met our budgetary goals, which represented our target level of performance. We believed that these goals would position Peoples for future growth. Highlights of our performance goals for 2017 are as follows:

- ◆ Target return on average assets of 0.99% was 3 basis points higher than the target in 2016 of 0.96% and 5 basis points higher than the result used in determining 2016 incentive payment amounts.
- ◆ Target efficiency ratio of 62.33% represented a 237 basis point improvement over the 2016 target of 64.70% and a 280 basis point improvement over the results used in determining 2016 incentive payment amounts.
- ◆ Target diluted earnings per share of \$1.92 was 9% higher than the target of \$1.76 in 2016 and 12% higher than the results used in determining 2016 incentive payment amounts.

2017 Actual Results vs. Performance Goals

The following is a comparison of our 2017 results versus our 2017 performance goals:

- ◆ We achieved between target and maximum levels of performance for each of the metrics applicable to our incentive awards, which supported incentive awards under our annual cash and equity-based incentive program that were greater than target but less than the maximum award opportunities.
- ◆ Our return on average assets of 1.10% was 11 basis points above the target level of 0.99% and nine basis points short of the maximum level of 1.19%.
- ◆ Our efficiency ratio of 62.20% was slightly better than the target level of 62.33%, but not as good as the maximum level of 60.46%.

• Our diluted earnings per share of \$2.10 was \$0.18 above the target level of \$1.92 and \$0.20 short of the maximum level of \$2.30.

• Our NEOs achieved, to varying degrees, their respective individual performance objectives.

2017 Compensation Actions

Our compensation philosophy is designed to provide incentives and recognition for Peoples' execution of a strategy that increases shareholder value over time. Accordingly, and by design, the executive compensation received by the NEOs for 2017 generally reflected the 2017 results of achieving between the target and maximum levels of the performance goals we set for the year. Thus, cash and equity incentives were awarded to each of the NEOs generally at levels between the applicable target and maximum payout potentials for those awards. Mr. Sulerzyski's total direct compensation for 2017 performance was \$1,161,968, compared to the total direct compensation he received for 2016 performance in the amount of \$916,971. Total direct compensation means the total of base salary and any cash and equity-based incentive payments earned for a given year's performance.

Highlights of our 2017 compensation actions were as follows:

• Cash incentive payments were awarded to the NEOs for 2017 results based on achieving between the target and maximum levels of performance for each of the corporate performance goals.

• Equity-based incentive payments were awarded to the NEOs from a pool created by using 2017 results based on achieving between the target and maximum levels of performance for each of the corporate performance goals.

• For the purpose of providing an additional link between executive compensation and the achievement of the long-term objectives of Peoples' strategic plan, the Compensation Committee approved a one-time supplemental long-term incentive program in the form of a grant of performance unit awards to the NEOs covering a 24-month performance period beginning January 1, 2018 and ending on December 31, 2019.

• A salary increase was approved for each of the NEOs for 2018.

Notable Pay Practices

We believe our compensation programs and philosophy are appropriately designed to reward performance, protect the interests of our shareholders, and provide appropriate incentives to executive management, while not encouraging excessive risk-taking. We believe in tying compensation to the results achieved. Below is an overview of our pay practices, which reflect these beliefs:

• We target market median pay levels, and we consider peer and market data in setting pay.

• We link pay to performance.

• We require a minimum level of corporate performance before any incentive compensation is paid to the NEOs.

• We have a stock holding requirement with respect to equity-based compensation awarded to the NEOs.

• We have an executive incentive compensation clawback policy to ensure that incentive compensation paid to our NEOs is based on accurate financial data.

• A double trigger (i.e., both a change in control and a termination of employment) is required for payment under our change in control agreements with our NEOs. Beginning in 2016 with the change in control agreements with Ms. Stevens and Mr. Wyatt, we define compensation for the purpose of calculating the amount of severance to be the sum of the NEO's annualized monthly base salary plus the average of annual cash incentives paid to the NEO over the prior three years.

•We prohibit our NEOs from hedging or pledging their Peoples common shares, and we require that they obtain pre-clearance before trading in Peoples common shares.

•We conduct an annual risk assessment of our compensation programs.

•We hold an annual shareholder advisory “say-on-pay” vote.

•We annually review the independence of our compensation advisors.

•Our Compensation Committee is comprised entirely of independent directors.

Additional information about our annual results and our compensation decisions follows. We believe this information will provide guidance on how our decisions, established programs, and corporate results came together in the compensation decisions made by the Compensation Committee.

Total Shareholder Return

The value we return to our shareholders is an important component of our compensation philosophy. Peoples' corporate performance is benchmarked against many metrics in order to provide a view of the more specific performance components that combine to drive the total annual return for our shareholders. Long-term growth in total shareholder return is a tenet of our compensation strategy, as a large portion of our NEOs' compensation is paid in the form of restricted common shares, the value of which is tied to our stock price. As shown on the graphs below, the return to solid operating performance in 2016 and 2017 translated into greater total returns for our shareholders. Peoples' total one-year shareholder return was 3.1% for 2017 and 77.6% for 2016 compared to a negative 25.3% for 2015. The Peer Group (as defined on page 61) median total one-year shareholder return was 1.7% for 2017, 54.1% for 2016 and 8.3% for 2015.

Mr. Sulerzyski's total direct compensation for performance in 2017 reflects the continued improvement in total shareholder return for 2017 and represents an increase of 26.7% compared to his total direct compensation for performance in 2016.

The following graphs show the total shareholder return for Peoples and the median of the Peer Group for each of the three years ending December 31, 2017.

Performance Relative to Specific Key Metrics which Drive Shareholder Return

We objectively review our performance in various categories to ensure that we are making progress towards our strategic goals. The metrics below provide an overall view of our performance in specific, measurable areas, which ultimately translate to the measurable total returns for our shareholders noted in the previous chart.

53

The following table illustrates the performance of Peoples during the five-year period ended December 31, 2017 with respect to several key performance metrics. The table highlights the improved results in 2017 compared to 2016. Generally, we showed marked improvement across these metrics, which supports the incentives awarded for 2017 performance.

Additional information regarding the calculation of these measures can be found in “ITEM 7 MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS” of Peoples' Annual Report on Form 10-K for the fiscal year ended December 31, 2017, under the caption “Pre-Provision Net Revenue.”

(2) Criticized loans includes loans categorized as special mention, substandard or doubtful.

(3) Classified loans includes loans categorized as substandard or doubtful.

Pay for Performance

The Compensation Committee and management believe that our executive compensation programs are designed to incentivize sound and fundamental growth and profitability of Peoples, which will lead to improved returns to the shareholders. In years where we achieve our strategic goals, and where actual performance meets or exceeds performance goals, compensation in the form of incentive payouts will increase. When we do not meet the expectations and goals we set as a company, incentive payouts will be reduced or not made at all, reflecting the design of our incentive awards.

The chart below shows Mr. Sulerzyski's total direct compensation for fiscal years 2012 through 2017 and Peoples' corresponding return on average assets ("ROAA") in those years (and, for fiscal year 2014, ROAA as adjusted for one-time expenses incurred in 2014 relating to financial institution acquisitions, which was a performance goal measured that year). The compensation amount displayed for each year reflects the amount earned for performance in terms of growth and profitability of Peoples in that year. This chart illustrates how the changes in Mr. Sulerzyski's annual direct compensation generally tracked the changes in Peoples' annual return on average assets.

The table below shows incentive compensation payouts for the NEOs based upon 2016 and 2017 results. Performance for 2016 and 2017 was consistent with the objectives of our strategic plan, and, therefore, incentive compensation was paid to the NEOs for 2016 and 2017 results. Incentive compensation paid for 2016 performance generally reflected Peoples' performance between threshold and target levels in 2016. Whereas, incentive compensation paid for 2017 performance generally reflected Peoples' performance between target and maximum levels of performance in 2017. These awards reflected Peoples' performance as compared to the goals for 2016 and 2017.

- (6) Mr. Wyatt became Executive Vice President and Chief Commercial Banking Officer of Peoples on April 1, 2017.
- Pay for Performance - Our Key Compensation Decisions

Because we believe in tying compensation to performance, the Compensation Committee made the following decisions regarding the NEOs' compensation as a result of the performance results for 2017, performance relative to our peers and to our goals, and the level of achievement of both annual and long-term goals described below. Additionally, the Compensation Committee considered Peoples' objectives in attracting, rewarding and retaining talent within the organization and providing incentives to the NEOs to provide leadership in the execution of Peoples' strategic plan.

CEO Compensation: Based upon the Compensation Committee's review of corporate and individual performance, Mr. Sulerzyski's base salary was increased from \$515,000 to \$565,000 for 2018. The increase was in recognition of the improved performance of Peoples and the quality of Mr. Sulerzyski's leadership. For 2017 performance, Mr. Sulerzyski earned a cash incentive payment of \$327,000 (63.5% of his 2017 base salary, between target of 50% and maximum of 75%) and 9,031 restricted common shares under the equity-based long-term incentive plan. The restricted common shares were granted to Mr. Sulerzyski on February 2, 2018, and are subject to both time-based and performance-based vesting in that they will vest on the third anniversary of the grant date, provided that Peoples has maintained a well-capitalized status and had positive net income for each of the fiscal years comprising the vesting period. In the event the performance metrics are not met in a given year, then the number of common shares as to which restrictions will lapse at the end of the cliff-vesting period will be reduced by one-third. The grant date fair value of the restricted common shares was \$319,968 (62.1% of 2017 base salary), based on the closing price of Peoples' common shares on the grant date. Each of the cash incentive payment and the grant of restricted common shares was determined based on corporate and individual achievement of the threshold level or above in the performance goals set by the Compensation Committee and the independent members of the full Board.

Advisory Vote of Shareholders

The Compensation Committee reviewed and considered the non-binding advisory vote of shareholders (which approved the compensation of Peoples' NEOs for the 2016 fiscal year as disclosed in the Proxy Statement for the 2017 Annual Meeting of Shareholders) and focused on continuing to design executive compensation programs intended to meet the best interests of Peoples' shareholders. The result of the advisory vote in 2017 was 13,067,953 common shares voting in favor of the advisory resolution to approve the NEO compensation for 2016, an approval rate of 97% of the common shares voted, including abstentions. Considering this level of support, the Compensation Committee decided to generally maintain the structure of Peoples' compensation programs for 2017.

The discussion and analysis which follows is intended to provide shareholders with information about the results upon which the Compensation Committee relied in making compensation decisions relative to 2017 performance. The Compensation Committee believes that its actions were consistent with Peoples' compensation philosophy and objectives, demonstrating that Peoples' NEOs continue to be incentivized to achieve results in the best interests of our shareholders. The Compensation Committee has determined that Peoples' compensation policies and practices do not threaten the value of Peoples or the investments of its shareholders, or create incentives to engage in behaviors or business activities that are reasonably likely to have a material adverse impact on Peoples. See the discussion of the Compensation Committee's review in the section captioned "COMPENSATION COMMITTEE REPORT - Discussion of Risk Review and Assessment", beginning on page 72 of this Proxy Statement.

Compensation Philosophy and Objectives

The overall philosophy for Peoples is to provide a compensation program which balances market, shareholder and regulatory considerations. In designing our compensation plans, we take into account both the absolute performance of Peoples, as well as relative improvement in the performance of Peoples during any given time period. The current incentive compensation awards are focused on both short-term and long-term goal achievement by Peoples through the use of cash and equity-based compensation in combinations that are driven by both annual and long-term goals and objectives for Peoples and the individual NEOs.

The goal of the compensation program for Peoples' NEOs is the same as our goal in the operation of Peoples' business: to create long-term value for our shareholders. In an effort to achieve this goal, we have designed and implemented a compensation program for the NEOs that:

- rewards them for sustained positive financial and operating performance and leadership excellence;
- aligns their interests with those of our shareholders;
- attracts qualified talent; and
- encourages strong performers to remain with Peoples for long and productive careers.

The elements of our compensation program consist of base salary, cash and equity-based incentive compensation, retirement and other benefits, and perquisites and other personal benefits. We combine the compensation elements for each NEO in a manner we believe optimizes the NEO's contribution to Peoples and our shareholders, motivates the NEO to attain the business goals set by Peoples, and rewards the NEO for attaining such goals without encouraging unnecessary and excessive risk-taking that could threaten the value of Peoples.

While the Compensation Committee oversees the compensation of all officers and employees, a primary focus of the Compensation Committee is the compensation for Peoples' executive officers and other senior officers. The intent is to reward all employees for continuous improvement, and identification and implementation of best practices and, specifically, to set up compensation plans for executive officers and senior officers to reward those employees for enhancing shareholder value through profitable revenue growth and responsible risk management. The compensation philosophy established by the Compensation Committee covers the direct forms of compensation and serves as a tool that the full Board and management use to ensure the compensation programs developed are both competitive with respect to officer compensation and reasonable within the marketplace.

Base Salary: Base salaries for our executive officers are benchmarked at the median of those of similarly-situated officers serving with members of Peoples' Peer Group (as defined on page 61). Based upon individual circumstances, actual base salary levels may be higher or lower than this “market median.” For the purposes of the annual incentive program, and as used herein, “base salary” is defined as the base salary compensation paid during the calendar year.

58

•**Total Cash Compensation:** Total cash compensation represents base salary plus any cash incentive payout received for annual performance. The long-term objective is for total cash compensation for our executive officers to be consistent with the market median of that received by similarly-situated officers serving with members of Peoples' Peer Group for achieving target performance. Likewise, the objective is for compensation for our executive officers to be at or above the 75th percentile of that received by similarly-situated officers if performance is achieved at the 75th percentile of the Peer Group.

•**Total Direct Compensation:** Total direct compensation is comprised of total cash compensation plus the grant date fair value of equity-based awards. The objective is to grant equity-based awards only after performance goals for a fiscal year have been attained. Equity-based awards are granted with a three-year vesting period, which enhances employee retention and reduces the sensitivity to short-term performance. Additionally, vesting of the restricted common shares granted under the program requires that Peoples meets performance criteria for each of the fiscal years comprising the vesting period. Equity-based awards are subject to three-year "cliff-vesting." In the event the performance criteria are not met in a given year, the common shares as to which restrictions will lapse at the end of the cliff-vesting period are reduced by one-third. The long-term goal for total direct compensation is that the total direct compensation ranking for each NEO, compared to the total direct compensation of the similarly-situated officers serving with members of Peoples' Peer Group, will reflect a percentile similar to that resulting when Peoples' performance, as measured by return on average stockholders' equity, return on average assets, and other common performance measures used by the financial services industry, and especially community banks, is compared to that of the members of Peoples' Peer Group. For example, if target performance is achieved at both the individual and the corporate level, it is expected that each executive officer's total direct compensation will approximate the market median of similarly-situated officers serving with members of Peoples' Peer Group and that Peoples' performance under these common performance measures will generally align with the median performance of members of the Peer Group.

No specific formula is used to determine the allocation between compensation elements, as decisions regarding individual pay elements and overall target compensation levels are based on market median pay levels. However, the portion of the total direct compensation that could have been earned in the form of cash and equity-based incentives at target levels of performance emphasizes Peoples' focus on pay-for-performance during 2017. At 2017 target levels of performance, 49.5% of Mr. Sulerzyski's total direct compensation, and 37.5% of the other NEOs' total direct compensation, would have been in the form of performance-based compensation.

Role of Executive Officers in Compensation Decisions

The Compensation Committee makes all compensation decisions related to the NEOs of Peoples and recommends to the full Board any equity-based award grants for the non-employee directors. Annually, the President and CEO of Peoples reviews the performance of each NEO (excluding his own) by comparing the results attained to Compensation Committee-approved goals, as well as the overall performance of Peoples as compared to Board-approved corporate performance goals. Both corporate and individual goals are defined for threshold, target and maximum levels of performance. This data forms the basis for the recommendations of the President and CEO to the Compensation Committee with respect to the compensation of the other NEOs, including base salary adjustments, and payout percentages (relative to base salary) for the annual cash incentive payments and equity-based incentive awards. The Compensation Committee considers the President and CEO's recommendations and uses the Compensation Committee's own discretion in making the final compensation decisions with respect to the NEOs, which may differ from the recommendations of the President and CEO.

Setting Executive Compensation

The Compensation Committee has the sole authority to engage the services of any compensation consultant or advisor. The Compensation Committee from time to time engages the services of an independent compensation and benefits consultant in order to ensure that Peoples provides total direct compensation that is performance-based, consistent with its philosophy and competitive with its stated Peer Group (as defined on page 61), its geographic peers and the financial services industry in general. In 2017, the Compensation Committee engaged Pay Governance, LLC ("Pay Governance") to serve in this role. Pay Governance provided market intelligence on industry compensation trends along with views on specific compensation programs. In addition, from time to time and on a limited basis, Pay Governance provided comparative market compensation data information to Peoples. The amount paid for the consulting services was nominal. Pay Governance's lead consultant reports directly to the Chair of the Compensation Committee, who authorizes Pay Governance's work. Pay Governance's lead consultant also interacts with senior leadership of Peoples as needed to complete the work requested by the Compensation Committee. All work completed by Pay Governance was reported to the Compensation Committee. Communications between the Compensation Committee and the compensation consultant may occur through (i) direct conversations between the Chair of the Compensation Committee and the consultant, (ii) communications between the President and CEO, the Chief Administrative Officer and/or the Secretary of the Compensation Committee and the consultant, or (iii) participation by the consultant in Compensation Committee meetings, including executive sessions with only non-employee directors present.

During 2017, Pay Governance provided information regarding market trends and practices for incentive plan design and executive compensation. At the request of the Compensation Committee, Pay Governance performed a comprehensive evaluation of Peoples' CEO compensation in comparison with the Peer Group (defined below). Pay Governance also advised the Compensation Committee with regard to the one-time supplemental long-term incentive program for the NEOs in 2017 and the executive incentive compensation clawback policy adopted in 2018.

The Compensation Committee determined that the work of Pay Governance in 2017 did not raise any conflict of interest. Additionally, the Compensation Committee determined that Pay Governance was independent of management after considering several factors, including (1) whether the firm provided any other services to Peoples; (2) the amount of fees received from Peoples by the firm as a percentage of the firm's total revenue; (3) the firm's policies and procedures that are designed to prevent conflicts of interest; (4) any business or personal relationship of the individual compensation consultants providing services to Peoples with one or more members of the Compensation Committee; (5) the number of Peoples common shares owned by the individual compensation consultants providing services to Peoples; and (6) any business or personal relationships between the executive officers of Peoples and the firm or the individual compensation consultants providing services to Peoples.

The Compensation Committee used the following Peer Group for performance benchmarking in 2017, which is the same Peer Group the Compensation Committee used for performance benchmarking in 2016. From time to time, the Compensation Committee used this Peer Group for the purposes of executive compensation comparison and benchmarking. The Peer Group is comprised of 24 publicly-traded financial services holding companies with total asset sizes ranging from \$1.7 billion to \$10.9 billion. Asset sizes are provided based on public information available as of September 30, 2017. The members of this Peer Group are headquartered in Indiana, Kentucky, western New York, Ohio, western Pennsylvania and West Virginia and serve markets and/or geographic areas similar to those of Peoples. Financial and operating data were reviewed by the Compensation Committee to ensure that the companies in the Peer Group have similar performance characteristics to those of Peoples. Pay Governance reviewed the Peer Group and indicated that the companies were appropriate for comparison purposes based upon the demographic and performance filters used by the Compensation Committee to make its peer group selection, particularly the size and location of each institution in the Peer Group. The institutions in the Peer Group have total assets between one-half to nearly three times the total asset size of Peoples.

This 24-member group is referred to in this discussion and analysis as the “Peer Group.” The Compensation Committee used the Peer Group data to analyze the overall competitiveness of the compensation of Peoples' NEOs in 2017 in light of our compensation philosophy and objectives by comparing (i) the relative ranking of each NEO's base salary and total direct compensation to the base salary and total direct compensation for similarly-situated officers serving members of the Peer Group for threshold, target and maximum levels of performance, and (ii) the level of performance achieved by Peoples compared to members of the Peer Group as defined by common performance measures used by the financial services industry, and especially by community banks.

In view of the current economic and financial environment, the Compensation Committee has reviewed the design and operation of Peoples' compensation arrangements for 2017, including the compensation arrangements of Peoples' executive officers, with Peoples' senior risk officer. This review included the mix of base salary and performance-based incentive compensation, and the performance goals required to be attained for threshold, target and maximum levels of cash and equity-based incentive payments, along with the corresponding payout potentials. The Compensation Committee has determined that these arrangements did not provide Peoples' executive officers with the incentive to engage in business activities or other behavior that would materially threaten the value of Peoples or the investment of its shareholders.

2017 Executive Compensation Components

For 2017, the principal components of compensation for the NEOs were:

- Base salary;
- Annual cash incentive compensation;
- Long-term equity-based incentive compensation;
- Retirement and other benefits; and

61

Perquisites and other personal benefits.

Base Salary

The Compensation Committee believes that base salaries for the NEOs should be competitive with the median of the base salaries of similarly-situated executive officers of members of the Peer Group. Depending on individual experience, job performance and competitive market requirements, the actual base salary for a particular NEO may be higher or lower than the median base salary for the similarly-situated Peer Group executive officer (but still typically in the range of the 40th to 60th percentile of the Peer Group). Potential individual NEO base salary increases are reviewed annually by the Compensation Committee and are based on (i) the NEO's overall contribution to Peoples' performance, (ii) the NEO's attainment of specific individual business objectives during the preceding year, and (iii) adjustments, if any occur, in the overall responsibilities of the individual.

As noted previously in the "Executive Summary of 2017 Fiscal Year Performance and Compensation," based on Peoples' 2017 financial performance and Peoples' compensation philosophy and objective of rewarding NEOs for enhancing shareholder value and meeting Peoples' strategic objectives through their individual contributions, the Compensation Committee chose to adjust the base salaries of the NEOs for 2018. As a result, the Compensation Committee approved the following increased base salaries, effective January 1, 2018: Mr. Sulerzyski - \$565,000; Mr. Rogers - \$315,000; Mr. Wyatt - \$260,000; Ms. Schneeberger - \$260,000 and Ms. Stevens - \$230,000.

Cash and Equity-Based Incentive Program

NEOs are eligible to earn additional compensation under the incentive program. The incentive program was developed to reward performance by providing awards which increase as a percentage of base salary for relatively higher levels of performance and, conversely, by not paying incentives if the absolute minimum performance goals are not met. The incentive program is designed to motivate and reward the NEOs for their contributions to business goals that the Compensation Committee believes drive earnings and create shareholder value without encouraging unnecessary and excessive risk-taking.

2017 Incentive Program Design

The 2017 incentive program design was comprised of the annual incentive awards and the long-term incentive program. The annual incentive awards provide for cash awards calculated based upon corporate and individual performance using the annual incentive payout percentages assigned to each participant's incentive tier. In order to participate in the incentive program for a given fiscal year, the NEO must have been employed by Peoples as of October 1st of the fiscal year and must also be employed by Peoples on the date of the award, which occurs in February or March of the year following the fiscal year being measured.

On December 15, 2016, the Compensation Committee approved the individual goals for Peoples' NEOs, other than Mr. Sulerzyski, and on January 26, 2017, the Compensation Committee approved the individual goals for Mr. Sulerzyski. The full Board established the 2017 corporate incentive performance goals on January 26, 2017. The Board adopted a scorecard approach with three corporate performance components: (1) return on average assets; (2) efficiency ratio; and (3) diluted earnings per common share. The Board set the corporate performance goals for 2017, as shown in the table below, along with the weighting for each component applicable to each of the NEOs except for Mr. Wyatt, whose weightings were different as noted below. Our corporate performance results for 2017 are also shown, indicating that we achieved between target and maximum levels of performance for each of the three corporate objectives. Actual corporate results expressed as an overall percentage of the target level of achievement were 120% for 2017 compared to 83% for 2016. With respect to the 2017 incentive program, the corporate incentive goals for Mr. Wyatt were weighted at 50%, with line of business goals weighted at 25% and individual performance goals weighted at 25%. The other NEO participants' corporate incentive goals were weighted at 70% and their individual performance goals were weighted at 30%.

The individual performance measure is unique to each NEO and consists of quantitative and qualitative measures. The individual objectives were designed to complement Peoples' corporate goals and strategic plan for 2017, particularly the Board's goals related to overall growth of Peoples. These individual objectives, which are described below, were both quantitative and qualitative in nature and are designed to grow core earnings while managing risk, which will, in turn, promote the long-term interests of Peoples' shareholders. In addition, goals tied to the attainment of the long-term strategic plan were included in each NEO's individual performance measure. The Compensation Committee believes that these goals properly incentivized the NEOs to implement and attain the long-term strategic objectives of Peoples, including overall growth and high performance in the key metrics noted in the table above. The Compensation Committee set an absolute minimum level of corporate performance for NEOs to potentially receive annual cash incentives and long-term equity-based incentives for 2017. The absolute minimum level of corporate performance was defined as both a minimum level of earnings available to common shareholders of \$1.00 per common share and a percentage of nonperforming assets to total assets of 2% or less as of the end of the fiscal year. Performance below these levels would have resulted in no incentives being awarded for 2017, regardless of the NEO's individual performance. As noted in the table under "Performance Relative to Specific Key Metrics which Drive Shareholder Return" on page 53 of this Proxy Statement, we achieved this absolute minimum level in 2017.

As noted above, Mr. Wyatt was assigned line of business goals for commercial banking. These goals consisted of quantitative measures related to commercial business performance, such as net income for commercial banking, commercial portfolio loan growth, and commercial portfolio asset quality. The commercial banking line of business achieved results above the performance targets in all of the categories measured in 2017.

Annual individual performance goals were established for each NEO, the nature of which differed depending upon the NEO's job responsibilities. The individual performance measure was unique to each NEO and consisted of quantitative and qualitative measures such as: (i) for Mr. Sulerzyski, setting, refining and executing the strategic direction of Peoples; hiring and developing the senior management team and building a client-focused culture; and promoting Peoples externally to shareholders, stock analysts and potential acquisition targets; (ii) for Mr. Rogers, developing robust financial reporting, branch profitability, line of business profitability and pricing model accuracy; executing Peoples' strategic plan, balancing acquisitions and organic growth; and strengthening communications among executive management, directors and investors regarding financial performance and future risks and opportunities of Peoples; (iii) for Mr. Wyatt, expanding the commercial banking personnel in Peoples' markets to take advantage of market opportunities; mentoring and developing talent at all levels within Peoples; and continuing to build the relationship review process for large client retention efforts; (iv) for Ms. Stevens, improving service quality and productivity for the commercial underwriting group; continuing to build and refine Peoples' credit culture; reducing commercial portfolio criticized assets; and contributing to commercial loan growth; and (v) for Ms.

Schneeberger, driving an appropriate compliance and risk management culture and achieving regulatory compliance by operations and administrative teams; identifying opportunities for product enhancements and efficiencies from the core banking system conversion; and developing improved project management processes.

The goals assigned to the NEOs were intended to reflect positive results for shareholders while ensuring that the compensation arrangement did not encourage unnecessary and excessive risk-taking that could threaten the value of Peoples. Measurement of these goals was objective and/or subjective in nature, depending upon the nature of the respective goal. Payout percentages (expressed as a percentage of base salary) for various levels of performance are reviewed by the Compensation Committee on an annual basis.

2017 Annual Incentive (Cash)

There are three levels of payout potential for cash incentive awards based upon annual performance: threshold, target and maximum. The potential payout for target performance is intended to generally reflect market median cash compensation as a percentage of base salary. The potential payouts for threshold and maximum levels of performance as a percentage of base salary are intended to generally reflect the practices of the Peer Group. The payout potentials for 2017, expressed as a percent of base salary, were as follows:

	Threshold	Target	Maximum			
	Payout	Payout	Payout			
	Potential	Potential	Potential			
Chief Executive Officer	12.5	% 50.0	% 75.0	%		
Other Executive Officers	8.8	% 35.0	% 52.5	%		

The Compensation Committee retained the right to exercise discretion to increase or reduce the size of the payout of annual cash incentives. Incentive awards are paid after the results of the corporate performance goals have been determined. No annual cash incentive payments were to be earned by the NEOs if the absolute minimum level of corporate performance was not achieved.

In addition to the annual cash-based incentives, the Compensation Committee has in the past, and may in the future, award cash-based discretionary bonuses. The Compensation Committee did not award any cash-based discretionary bonuses for 2017.

2017 Long-Term Incentive (Equity)

The long-term incentive program draws from a pool for equity-based awards in the form of restricted common shares created by using corporate results and applying the long-term incentive payout percentages for each participant as described below. The pool of restricted common shares is then distributed among participants by the Compensation Committee based upon corporate and individual results. No equity-based incentives are awarded to NEOs if the threshold level of performance and the absolute minimum level of corporate performance are not achieved. The restricted common shares awarded cannot exceed those in the pool as created by the corporate results and payout percentages. Restricted common shares from the pool are awarded to each participant based on the Compensation Committee's subjective determination of the participant's contribution to Peoples' future success and attainment of Peoples' strategic plan. In making its decisions, the Compensation Committee also considers management's recommendations.

The pool is created based upon the level of achievement of corporate goals which determines the percentage applied to the aggregate individual base salaries. These corporate goals are the same as those used in determining the annual cash incentive payments. This places an increased emphasis on achieving those objectives, which the Compensation Committee believes will create long-term shareholder value. Threshold, target and maximum payout potentials are

used to create the pool and are determined annually by the Compensation Committee. The Compensation Committee, with the assistance of management, then determines actual restricted common share grants based on the criteria described below. The pool creation potentials for the 2017 long-term incentive program were as follows.

	Threshold Payout	Target Payout	Maximum Payout
	Potential	Potential	Potential
Chief Executive Officer	10.0	% 48.0	% 72.0 %
Other Executive Officers	6.3	% 25.0	% 37.5 %

Equity-based awards, if earned, are granted with a fair value based on The NASDAQ Global Select Market® closing price of Peoples' common shares on the date of the grant. The Compensation Committee approves equity-based grants to the NEOs and other senior officers. The annual equity-based awards are typically reviewed and approved at the Compensation Committee's regularly scheduled February meeting. The grant date for the annual equity-based awards is typically the date of the Compensation Committee meeting at which they are approved. In certain cases, the Compensation Committee approves the use of equity-based grants to new hires or current NEOs as an incentive to attract or to retain executive officers or other senior management. In the event of equity-based grants for new hires, the date of grant is typically the first business day of the month following the new employee's date of hire. Peoples has no intention, plan or practice to select annual grant dates for equity-based awards in coordination with the release of material, non-public information, or to time the release of such information because of award dates.

The 2017 long-term incentive program requires each NEO to remain employed by Peoples for the full vesting period of the restricted common shares granted, subject to the vesting requirements specific to retirement from Peoples. This arrangement provides a valuable retention tool for the NEOs. Additionally, vesting of the restricted common shares granted under the program requires that Peoples meet the performance criteria of maintaining a well-capitalized status and reporting positive net income for each of the fiscal years comprising the vesting period. In the event the performance metrics are not met in a given year, the restricted common shares as to which restrictions will lapse at the end of the cliff-vesting period will be reduced by one-third. Dividends which would otherwise be received during the restriction period are accrued and paid to the recipient in the same proportion and at the same time that the underlying restricted common shares vest, if at all.

The following table shows the corporate, line of business and individual performance weightings, as well as the annual cash incentive earned, and restricted common shares granted, under the 2017 incentive program for the NEOs.

NEO	Corporate Weighting	Line of Business Weighting	Individual Performance Weighting	Individual Incentive Payout (%)	2017 Annual	2017 Long-	2017 Long-	
					Incentive - Cash Earned (\$)	Term Incentive Payout (%)	Term Restricted Common Shares	- Total

2018 Incentive Program Design

On December 21, 2017, the Compensation Committee approved individual goals for Peoples' NEOs, concurrent with the Board's establishment of the 2018 corporate incentive performance goals. The performance metrics for the 2018 goals and their respective weightings for each of the NEOs, with the exception of Mr. Wyatt, are as follows:

Return on Average Assets	17.5%
Efficiency Ratio	17.5%
Diluted Earnings Per Common Share	35.0%
Discretionary Individual Performance	30.0%

The performance metrics for the 2018 goals and their respective weightings for Mr. Wyatt are as follows:

Return on Average Assets	12.5%
Efficiency Ratio	12.5%
Diluted Earnings Per Common Share	25.0%
Commercial Banking Line of Business Results	25.0%
Individual Performance	25.0%

The payout potentials for threshold, target and maximum levels of performance for NEOs to earn cash and equity-based incentive compensation for 2018 performance remain the same as they were for 2017 performance.

Supplemental Long-Term Incentive

On July 26, 2017, for the purpose of providing an additional link between executive compensation and the achievement of the long-term objectives of Peoples' strategic plan, the Compensation Committee approved a one-time supplemental long-term incentive program in the form of a grant of performance unit awards under the 2006 Plan to the NEOs, with each performance unit representing \$1.00, and the maximum dollar amount represented by the performance units being \$350,000 for Mr. Sulerzyski and \$150,000 for each of the other NEOs.

The performance unit awards granted cover a 24-month performance period beginning January 1, 2018 and ending on December 31, 2019, and will be subject to two performance goals. Twenty-five percent of the maximum dollar amount subject to each award will vest if, but only if, Peoples achieves a cumulative two-year earnings per share target.

The remaining 75% of the maximum dollar amount subject to each award will vest based on the relative performance (measured by percentile ranking) of Peoples as compared to the Peer Group with respect to return on assets. If, for the performance period, Peoples' return on average assets percentile ranking is at or above the 75th percentile of the Peer Group, each NEO will receive the full 75% of the maximum dollar amount subject to each award. If, for the performance period, Peoples' return on average assets percentile ranking is below the 75th percentile but at or above the 55th percentile of the Peer Group, the NEO will receive an adjusted amount reflecting the level of performance achieved. None of the remaining 75% of the maximum dollar amount subject to each award will vest if, for the performance period, Peoples' return on average assets percentile ranking is below the 55th percentile of the Peer Group.

After the vesting date, each NEO will receive a number of common shares of Peoples equal to (i) the aggregate number of the NEO's performance units (and equivalent dollar value of such performance units) that vested based on the performance achieved under both performance goals (ii) divided by the fair market value of a common share of Peoples on the date of such vesting and rounded down to the nearest whole common share.

Retirement and Other Benefits

The NEOs participate in certain benefit programs available to all other employees of Peoples, subject to the same eligibility requirements that apply to all employees, including: (i) the Peoples Bancorp Inc. Retirement Plan and Trust (the "Retirement Plan"); (ii) the Peoples Bancorp Inc. Retirement Savings Plan ("Peoples' 401(k) Plan"); (iii) the Peoples Bancorp Inc. Nonqualified Deferred Compensation Plan (the "NQDC Plan"), (iv) the Peoples Bancorp Group Term Life Insurance Plan; (v) the medical and dental insurance plans provided by Peoples; (vi) the Peoples Bancorp Inc. ESPP; and (vii) split-dollar bank owned life insurance.

Retirement Plan

The Retirement Plan has a different benefit calculation for those individuals employed by Peoples before January 1, 2003, and those employed by Peoples on or after January 1, 2003 but before January 1, 2010. On December 17, 2009, the full Board closed the Retirement Plan to new entrants hired on or after January 1, 2010. Ms. Schneeberger and Ms. Stevens were employed by Peoples prior to January 1, 2003. Messrs. Sulerzyski, Wyatt and Rogers, were employed by Peoples after January 1, 2010, and do not participate in the Retirement Plan.

On January 27, 2011, the Compensation Committee amended the Retirement Plan so that benefit accruals ceased as of March 1, 2011. For purposes of vesting and benefit eligibility, service continues to be credited in accordance with the terms of the Retirement Plan.

Compensation used to calculate the amount of pension benefit payable under the Retirement Plan includes base salary, incentive pay, overtime pay, bonuses and any pre-tax savings under the Peoples' 401(k) Plan, as well as Peoples' Internal Revenue Code Section 125 cafeteria plan (collectively, "annual compensation"). Benefit distribution options are identical for both groups of participants as is the vesting requirement in order to be eligible for a pension benefit under the Retirement Plan.

For those participants employed by Peoples before January 1, 2003, including Ms. Schneeberger and Ms. Stevens, normal retirement occurs at age 65. The pension benefit for normal retirees is calculated as follows:

- (a) Forty percent (40%) of the participant's average annual compensation (annual compensation providing the highest total for five consecutive years out of the last ten years of service), plus
- (b) Seventeen percent (17%) of the excess of the participant's average annual compensation over his/her Social Security-covered compensation; with
- (c) The sum of the amounts calculated under (a) and (b) multiplied by the ratio of total years of service projected to normal retirement date to 30, such ratio not to exceed 1.
- (d) The benefit amount in (c) is then multiplied by the ratio of total years of service with Peoples earned to date to total years of service projected to normal retirement date.

For those participants employed by Peoples before January 1, 2003, including Ms. Schneeberger and Ms. Stevens, early retirement could occur at age 50 if the participant has at least ten years of service with Peoples. The pension benefit for early retirees is calculated as follows:

- (a) Forty percent (40%) of the participant's average annual compensation (annual compensation providing the highest total for five consecutive years out of the last ten years of service), plus
- (b) Seventeen percent (17%) of the excess of the NEO's average annual compensation over his/her Social Security-covered compensation; with
- (c) The sum of the amounts calculated under (a) and (b) multiplied by the ratio of total years of service projected to normal retirement date to 30, such ratio not to exceed 1.
- (d) The benefit amount in (c) is then multiplied by the ratio of total years of service with Peoples earned to date to total years of service projected to normal retirement date, and reduced by one-fifteenth for each of the first five years and one-thirtieth for each of the next ten years by which the participant's early retirement date precedes the normal retirement date.

Participants earned no further accruals after March 1, 2011. For both normal retirement and early retirement purposes, each component of the benefit formula, including average compensation, Social Security-covered compensation, years of service earned to date and years of service projected to normal retirement date, was calculated as of March 1, 2011 and frozen as of that date.

For both normal retirement and early retirement purposes, no compensation-related credits were added to any participant's account balance after March 1, 2011. However, interest credits, as described above, will continue to be added to a participant's account balance at the end of each plan year until the year in which the participant terminates employment with Peoples.

None of the NEOs participated in multiple defined benefit retirement plans. Under the terms of the Retirement Plan, participants are not granted extra years of credited service.

Peoples' 401(k) Plan

The NEOs are also eligible to participate in Peoples' 401(k) Plan, on the same basis as other employees. In 2017, the “company match” under Peoples' 401(k) Plan was 100% of the first 3% of an employee's contribution, and 50% of the next 2% that the employee contributed, the sum of which was subject to a maximum match of 4% of eligible compensation.

Nonqualified Deferred Compensation Plan

On July 25, 2013, the Board approved the Peoples' NQDC Plan. On November 17, 2016, the Compensation Committee approved the NQDC Plan for continuation in 2017. Participation in the NQDC Plan is limited to a select group of management and highly-compensated employees designated annually by the Compensation Committee. The NQDC Plan is offered for the purpose of providing a vehicle for the deferral of compensation in excess of statutory limits under the Peoples' 401(k) Plan for those participating in the NQDC Plan. Participants may elect to defer base salary, annual bonus and other compensation such as commissions, but not equity-based awards. After the applicable deadline, a deferral election is irrevocable for that plan year unless otherwise permitted under the NQDC Plan. Generally, a participant must submit a deferral election by December 31 of the year before services are to be performed. The deferred compensation, if any, is credited to a bookkeeping account maintained on behalf of the participant. The participant is fully vested in the bookkeeping account which will be credited with earnings and losses based on the performance of the investment selections made by the participant for the account. The Compensation Committee determines the deemed investments with which participants may direct that their bookkeeping accounts be credited.

Peoples may make discretionary contributions to participants' bookkeeping accounts in such amount that would have been made pursuant to Peoples' 401(k) Plan as matching contributions if all amounts selected to be deferred under the NQDC Plan had been deferred under the Peoples' 401(k) Plan. Any such contributions will be credited to the participants' bookkeeping accounts during the first calendar quarter following the last day of the plan year with respect to which the related compensation was deferred by participants and will vest in accordance with the vesting schedule under the Peoples' 401(k) Plan, provided that the amounts will become fully vested in the event of a participant's retirement or death and will be forfeited if a participant is terminated for cause.

The amount reflected in a participant's bookkeeping account will be distributed in a single lump-sum payment on the January 1 immediately following the participant's termination of employment; provided, however, that, at the time a participant makes an initial deferral election under the NQDC Plan, the participant may elect to receive distribution of the participant's account in up to ten substantially equal annual installments beginning on the January 1 immediately following the participant's termination and on each January 1 thereafter. Notwithstanding the foregoing, if a participant is a “specified employee” under Internal Revenue Code Section 409A, distributions from participant's bookkeeping account will be delayed until the first business day of the seventh month following the date of the participant's termination of employment. If a participant dies before distribution of the amount reflected in the participant's bookkeeping account or complete distribution of the participant's account, then the participant's account will be distributed to the participant's beneficiary within 90 days after the participant's death.

The 2017 eligibility criteria for the NQDC Plan required participants to have (i) either 2016 gross compensation of at least \$200,000, or annualized 2017 current year base salaries of at least \$200,000, and (ii) an officer title of Vice President or higher at Peoples or any of its affiliates. Each of the NEOs met these criteria in 2017. Mr. Sulerzyski, Mr. Rogers and Ms. Schneeberger elected to participate in the NQDC Plan during 2017.

Insurance Plans

The NEOs participate in the Peoples Bancorp Group Term Life Insurance Plan on the same basis as other employees. Peoples pays the premiums for all employees under this plan. If an employee dies, his or her beneficiary will be paid

an amount equal to two times the employee's base salary at the time of death, up to a maximum amount of \$600,000.

The NEOs are also eligible to participate in medical and dental insurance plans provided by Peoples on the same basis as other employees. The plans are contributory, and both the employees and Peoples pay for a portion of the cost of the health insurance premiums.

68

Employee Stock Purchase Plan

The NEOs are eligible to participate in the ESPP on the same basis as other employees. The ESPP is intended to comply with Sections 421 and 423 of the Internal Revenue Code. Employees are permitted to buy Peoples common shares through payroll deductions at a discount of up to 15% of the fair market value of the common shares on the last day of the applicable offering period. The Compensation Committee determines the establishment of any offering period and the dates on which any offering period will take place. The Compensation Committee established an offering period for each of the four calendar quarters in 2017. Each offering period was one calendar quarter in length. Mr. Sulerzyski, Mr. Rogers and Ms. Schneeberger elected to participate in the ESPP throughout 2017.

Bank Owned Life Insurance

During 2016, the Board approved the purchase of split-dollar bank owned life insurance, and Mr. Sulerzyski, Mr. Rogers, Ms. Stevens and Ms. Schneeberger were offered and accepted coverage under this benefit. Under the terms of the split-dollar agreement, each receives a \$50,000 life insurance benefit while employed by Peoples and a \$25,000 life insurance benefit after retiring from Peoples at no cost to the NEO. As the owner of the policy, Peoples can elect to terminate this coverage at any time.

Perquisites and Other Personal Benefits

The Compensation Committee periodically reviews the level of perquisites and other personal benefits provided to the NEOs. Consistent with Peoples' overall compensation program, the Compensation Committee believes the perquisites and other personal benefits provided to the NEOs are reasonable and necessary to attract and retain employees for key positions which, in turn, promote the long-term interests of our shareholders.

Peoples maintains an Executive Health Program, which provides an opportunity for each NEO to participate, on a voluntary basis, in a comprehensive medical screening annually at the expense of Peoples. The objective of the Executive Health Program is the early identification of potential health problems and the prompt, expert treatment of any medical problems detected, thereby mitigating the negative potential impact on Peoples' financial performance or current management succession plans. Some of the NEOs participate in a program under which Peoples offers a limited reimbursement for fitness club memberships. This program is available to all employees and is part of an overall wellness initiative at Peoples. In 2017, all of the NEOs participated in a wellness incentive program, available to all Peoples medical plan participants, which provided up to a one-time \$1,250 payment to a Health Savings or Flexible Spending Account, depending upon individual compliance with the program's requirements, which include wellness-related activities.

Based on business need, on a case-by-case basis, the Compensation Committee has granted the use of a company-paid automobile and/or country club membership to certain NEOs to further business development on behalf of Peoples and our shareholders. Personal use of a company-paid automobile is reported as income to the NEO. Expenses relating to personal use of the country club amenities are either reimbursed to Peoples by the NEO or paid directly by the NEO.

On a case-by-case basis, the Compensation Committee will approve the payment of or reimbursement to a NEO for moving expenses and temporary housing as part of the NEO's executive recruitment package.

Change in Control Agreements

We have entered into a change in control agreement with each of the NEOs. The change in control agreements are designed to motivate the NEOs to act in the best interests of shareholders and to promote stability and continuity of the services of the NEOs during a change in control. The change in control agreements are "double trigger" agreements that provide severance payments to an NEO only if Peoples or its successor terminates the NEO's employment without

“cause” or the NEO terminates his or her employment with “good reason” after the change in control. A “double trigger” also applies to the restricted common shares awarded to the NEOs under our long-term incentive program if there is a change in control. The restricted common shares will immediately vest only if Peoples' successor refuses to assume the restricted common shares or substitute equivalent equity awards, or if Peoples' successor terminates the NEO's employment without “cause” or the NEO terminates his or her employment with “good reason” after the change in control.

The Compensation Committee chose the “double trigger” to forego extra costs to Peoples or its successor if an NEO continues in the same or a similar role after the change in control, while still motivating the NEO to act in the best interests of the shareholders by providing for the NEO even if he or she would not have the same or a similar role after the change in control. The change in control agreements do not provide for payments to be “grossed up” for excise taxes. Additional information regarding the definition of a change in control, the additional event(s) that must occur in order for an NEO to receive severance compensation following a change in control and potential payments under such agreements for the NEOs is provided under the section captioned “OTHER POTENTIAL POST EMPLOYMENT PAYMENTS” beginning on page 83 of this Proxy Statement.

Tax and Accounting Implications

Deductibility of Executive Compensation

Prior to December 22, 2017, when the Tax Cuts and Jobs Act of 2017 (“TCJA”) was signed into law, Section 162(m) of the Internal Revenue Code prohibited Peoples from claiming a deduction on our federal income tax return for compensation in excess of \$1,000,000 paid for a given fiscal year to the chief executive officer (or person acting in that capacity) and the three other most highly-compensated officers of Peoples, other than the chief financial officer, serving at the end of Peoples' fiscal year. The \$1,000,000 compensation deduction limitation did not apply to “performance-based compensation.” Peoples does not have a policy that requires all compensation to its NEOs in a fiscal year to be tax deductible; however, in connection with 2017 compensation decisions, the Compensation Committee attempted, to the extent practicable, to structure the equity-based awards under the long-term incentive program to qualify as performance-based compensation under Section 162(m). In addition, the Compensation Committee determined in 2017 to grant Mr. Sulerzyski performance units under the 2006 Plan with the same individual and corporate performance goals and weightings, as well as the same levels of threshold, target and maximum payout potentials, as would apply to him under the annual cash incentive program if he were a participant in that program in order that any amount earned under the performance units based on the level of achievement of individual and corporate performance goals could qualify as “performance-based compensation” under Section 162(m).

Under the TCJA, the performance-based exception has been repealed and the \$1,000,000 deduction limit now applies to (1) anyone serving as the chief executive officer or the chief financial officer of Peoples at any time during the taxable year, (2) the top three other highest compensated executive officers of Peoples serving at the end of the taxable year, and (3) any individual who had been a covered employee of Peoples for any taxable year of Peoples that started after December 31, 2016. However, the new rules do not apply to remuneration provided pursuant to a written binding contract in effect on November 2, 2017 that is not modified in any material respect after that date. Because of ambiguities and uncertainties as to the application and interpretation of this transition relief, no assurance can be given that compensation intended to satisfy the requirements for exemption from Section 162(m) will avoid the deduction limit.

While the Compensation Committee carefully considers the net cost and value to Peoples of maintaining the deductibility of all compensation, it also desires the flexibility to reward NEOs and other key employees in a manner that enhances Peoples' ability to attract and retain individuals, as well as to create longer term value for shareholders. Thus, income tax deductibility is only one of several factors the Compensation Committee considers in making decisions regarding Peoples' compensation program.

Non-Qualified Deferred Compensation

Section 409A of the Internal Revenue Code (“Section 409A”) imposes additional taxes, interest and penalties on non-qualified deferred compensation arrangements that do not satisfy its requirements. Peoples believes that it is administering its non-qualified deferred compensation arrangements in accordance with the requirements of Section 409A and has amended its non-qualified deferred compensation arrangements, including the change in control arrangements with the NEOs, to comply with the final regulations issued under Section 409A. We have not realized

any material changes to our compensation program as a result of compliance with Section 409A.

70

Accounting for Equity-Based Compensation

Compensation costs for stock options, restricted common share awards and stock appreciation rights (“SARs”), if awarded, are measured at the fair value of these awards on their grant date. Compensation expense for time-vested awards is recognized over the required service period, generally the vesting period for stock options and SARs, and the restriction period for restricted common share awards. Compensation expense for time-vested awards granted to employees who are eligible for retirement is recognized through the date the employee is first eligible to retire or at the grant date, whichever is later. Compensation expense for performance-vested restricted common share awards is recognized over the performance period, once management believes it is probable the performance requirements will be met. Compensation expense for performance-vested restricted common share awards granted to employees who are eligible for retirement is recognized through the date the employee is first eligible to retire or at the grant date, whichever is later. For all awards, only the expense for the portion of the awards expected to vest is recognized.

Other Information

Stock Holding Requirement

We have a stock holding requirement for the NEOs with respect to equity-based compensation awards granted after December 13, 2011. This stock holding requirement remains in effect during the entire time the individuals are employed by Peoples. The holding requirement is based upon a percentage of the “net shares” held by an individual NEO following vesting or exercise of an equity-based compensation award. Such “net shares” represent the number of common shares the NEO owns after paying for taxes through the withholding of common shares in the case of restricted common shares, or if granted in the future, after paying for the exercise price and taxes through the withholding of common shares in the case of the exercise of stock options, SARs or other similar forms of equity-based awards. Each NEO is required to maintain ownership of 50% of such net shares through the term of the NEO's employment. Other than this stock holding requirement with respect to equity-based compensation awards, we have no equity or other security ownership requirements for NEOs.

Clawback Policy

We have an executive incentive compensation clawback policy pursuant to which, in the event of a restatement of the financial or operating results of Peoples, we may seek recovery of incentive compensation that would not otherwise have been paid if the correct performance data had been used to determine the amount payable. This policy applies to executive officers of Peoples (including the NEOs), as determined pursuant to Rule 3b-7 under the Exchange Act. A copy of this policy is posted under the “Governance Documents” tab on both the “Corporate Governance” page and the “Investor Relations” page of Peoples' website at www.peoplesbancorp.com.

CEO Pay Ratio

We determined our “median employee” by: (1) calculating the annual total compensation for each of the part-time and full-time employees of Peoples or one of our subsidiaries who was employed as of December 31, 2017, except Mr. Sulerzyski, with annual total compensation for this purpose calculated by adding base salary and overtime pay plus any cash incentive and equity-based incentive payments vested in 2017 plus the amount of any “company match” under Peoples 401(k) Plan plus any wellness incentive payment; (2) ranking the annual total compensation of all employees except Mr. Sulerzyski from lowest to highest; and (3) identifying the middle employee in the list as the “median employee.” Once the median employee was identified, we used the annual total compensation for 2017 for such employee calculated in the manner described in the preceding sentence. We then used Mr. Sulerzyski's annual total compensation for 2017 as disclosed in the “SUMMARY COMPENSATION TABLE FOR 2017” appearing on page 74 of this Proxy Statement. The calculations yielded the following numbers and ratio:

Edgar Filing: PEOPLES BANCORP INC - Form DEF 14A

- Annual total compensation of Mr. Sulerzyski \$1,072,999
- Median employee's annual total compensation \$43,876
- Ratio of annual total compensation of Mr. Sulerzyski to the median employee's annual total compensation: 24.46 to 1.0

Summary

The Compensation Committee believes that the best measure of whether the executive compensation program is achieving its intended goals is to look at the long-term performance of Peoples, as well as the relative changes in performance during any given time period. Peoples' NEOs received payouts under the incentive compensation program based upon the levels of corporate and individual performance achieved for 2017. In light of the results previously described in this "EXECUTIVE COMPENSATION: COMPENSATION DISCUSSION AND ANALYSIS," the Compensation Committee believes Peoples' compensation program for its NEOs continues to be aligned with the interests of our shareholders. The incentive compensation program is a performance-based system that provides a balanced foundation for strong and effective leadership into the future, and ensures alignment with long-term shareholder interests without encouraging unnecessary and excessive risk-taking that could threaten the value of Peoples.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the disclosure included under the caption "EXECUTIVE COMPENSATION: COMPENSATION DISCUSSION AND ANALYSIS" required by Item 402(b) of SEC Regulation S-K with management and, based on such review and discussion, the Compensation Committee authorizes the section captioned "EXECUTIVE COMPENSATION: COMPENSATION DISCUSSION AND ANALYSIS" be included in this Proxy Statement and incorporated by reference into Peoples' Annual Report on Form 10-K for the fiscal year ended December 31, 2017.

Discussion of Risk Review and Assessment

Peoples' Senior Vice President, Director of Risk Management has conducted an assessment of Peoples' 2017 compensation programs and has reviewed, evaluated and discussed the assessment and the compensation programs with the Compensation Committee. The most recent review and discussion with the Compensation Committee with respect to Peoples' 2017 compensation programs occurred on June 22, 2017, and covered the senior management and executive compensation plans in which the NEOs were eligible to participate. The review of these plans took into consideration: (i) products and services incented; (ii) the risk time horizon of those products and services; (iii) incentives paid as a percentage of total revenue; and (iv) incentives paid as a percentage of each participant's total compensation. Broad-based welfare and benefit plans that do not discriminate in scope, terms or operation in favor of NEOs were excluded from the review.

The Compensation Committee believes that Peoples' overall compensation practices for its NEOs, which include the following elements, limit the ability of these officers to benefit from taking unnecessary and excessive risks:

- Balance between base salary, and cash and equity-based incentive compensation opportunities;
- Maximum payouts which limit overall payout potential;
- Balance between short-term (cash) and long-term (equity-based) incentive compensation opportunities;
- Use of a balanced scorecard approach in setting performance goals with interacting, complementary incentive objectives that discourage emphasis on any single objective;
- Peoples' tone at the top and culture of ethically doing the right thing;
- Grants of only full value equity awards in respect of potential equity-based long-term incentive compensation; and
- Award of restricted common shares with a performance-based vesting requirement based upon the achievement of minimum performance metrics by Peoples.

In addition, the Compensation Committee believes there are controls around incentive programs for all employees that effectively discourage unnecessary and excessive risk-taking. All employee incentive programs

allow for management discretion (or Compensation Committee discretion in the case of the incentive program in which NEOs are eligible to participate) to reduce or eliminate any award. The Compensation Committee reviews and approves all NEO compensation plans and award opportunities, and the full Board reviews and approves the corporate performance goals.

Most officers, including the NEOs, and employees serving Peoples in support roles, such as accounting, loan operations and deposit operations, participate in the annual cash and long-term equity-based incentive program. Approximately 50% of all of Peoples' employees participate in this incentive program. Annual cash incentives, as well as equity-based incentives under the incentive programs, are payable only when specific pre-determined performance goals are met. All participants in the incentive program have some portion of both their incentive award dependent on the selected corporate performance criteria. In addition, the potential incentives payable to senior officers having only compliance, risk, credit quality and internal control roles are tied to corporate goals under the incentive program with only a 25% weighting. The remainder of their potential incentives is determined based upon the level of achievement of individual goals tied to their specific job functions. The Compensation Committee ultimately approves all incentive compensation paid to the NEOs.

In addition to the incentive program, we have (i) compensation plans for producers, including insurance agents and financial advisors, which include variable pay components (commission based on the sales of products underwritten or offered by independent third parties); (ii) compensation plans for home loan originators which include variable cash compensation components tied to the origination of one-to-four family real estate loans, the majority of which are sold into the secondary market; and (iii) other miscellaneous individual plans which are informal agreements that allow certain employees to earn amounts of cash incentive compensation without encouraging the employees to take unnecessary or excessive risk because their roles inherently do not have the opportunity for excessive levels of risk, either individually or in the aggregate, and the incentive compensation potential is not a substantial part of their respective total compensation.

The Compensation Committee believes that the elements of the incentive program and the other compensation plans, alone and/or combined with the systems of controls in place, such as separation of the valuation, authorization and payment of incentive compensation, do not encourage unnecessary or excessive risk-taking and do not encourage the manipulation of reported earnings to enhance the compensation of any employee or group of employees.

Further, in light of the significant level of oversight and controls surrounding incentive programs, and the significant amounts that would be required to materially impact Peoples' reported earnings, the Compensation Committee believes that, upon evaluation of the incentive opportunities for employees, including the NEOs, any elements of the incentive program and other compensation and individual plans that have the potential to encourage the manipulation of reported earnings to enhance the compensation of any individual employee are appropriately mitigated.

George W. Broughton (Chair), S. Craig Beam, Susan D. Rector and Terry T. Sweet.

These amounts were computed in accordance with Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") Topic 718 and based on The NASDAQ Global Select Market® price of Peoples' common shares on the grant date. The reported amounts exclude the impact of estimated

forfeitures related to service-based vesting conditions, as required by applicable SEC rules. See “Note 16. Stock-Based Compensation” of the Notes to the Consolidated Financial Statements filed as part of Item 8 of Part II of Peoples' Annual Report on Form 10-K for the fiscal year ended December 31, 2017, for additional information regarding the restricted common shares granted in 2017.

- (6) The amounts in column (e) for 2015 for Mr. Sulerzyski and Ms. Schneeberger reflect the grant date fair value for awards of restricted common shares pursuant to the 2014 incentive program which were granted under Peoples' 2006 Plan and are reported for the fiscal year during which the restricted common shares were granted. These amounts were computed in accordance with FASB ASC Topic 718 and based on The NASDAQ Global Select Market® price of Peoples' common shares on the grant date. The reported amounts exclude the impact of estimated forfeitures related to service-based vesting conditions, as required by applicable SEC rules. See “Note 16. Stock-Based Compensation” of the Notes to the Consolidated Financial Statements filed as part of Item 8 of Part II of Peoples' Annual Report on Form 10-K for the fiscal year ended December 31, 2015, for additional information regarding the restricted common shares granted in 2015.
- (7) The amount in column (e) for 2015 for Mr. Rogers reflects the grant date fair value, computed in accordance with FASB ASC Topic 718 and based on The NASDAQ Global Select Market® price of Peoples' common shares on the grant date, for 9,500 restricted common shares awarded on December 1, 2015, with the vesting of 3,166 of these restricted common shares to occur if he remains employed by Peoples on December 1, 2018. 3,167 of the restricted common shares vested on each of December 1, 2016 and December 1, 2017.
- (8) The amount in column (e) for 2016 for Ms. Stevens reflects the grant date fair value, computed in accordance with FASB ASC Topic 718 and based on The NASDAQ Global Select Market® price of Peoples' common shares on the grant date, for 1,000 restricted common shares granted on February 2, 2016, for performance in 2015 prior to her becoming Executive Vice President and Chief Credit Officer of Peoples. See “Note 16. Stock-Based Compensation” of the Notes to the Consolidated Financial Statements filed as part of Item 8 of Part II of Peoples' Annual Report on Form 10-K for the fiscal year ended December 31, 2016, for additional information regarding the restricted common shares granted in 2016. These restricted common shares were approved by the Compensation Committee to recognize outstanding performance in 2015 for select non-executive officers, including Ms. Stevens.
- (9) Except as discussed in the following paragraph, the amounts in column (f) represent cash incentives earned under the annual incentive program and are reported for the fiscal year with respect to which the cash incentives were earned. The amounts shown for 2017 were paid on February 21, 2018. The amounts shown for 2016 were paid on February 24, 2017. The amount shown in column (f) for 2016 for Mr. Rogers reflects a guaranteed minimum cash incentive that was negotiated as part of Mr. Rogers' recruitment package and represents \$6,600 more than he would have otherwise earned for the individual and corporate results achieved in 2016. The NEOs did not earn a cash incentive under the incentive program for 2015 fiscal year performance.

The amounts shown in column (f) for Mr. Sulerzyski in 2017 and 2016 represent the cash amount earned with respect to performance units that were to be earned based on the performance levels achieved for the fiscal year shown with respect to the performance goals applicable to the performance units. The amount shown for 2017 was paid on February 21, 2018. The amount shown for 2016 was paid on February 24, 2017.

- (10) The amounts in column (g) include, for the participating NEOs, the increase (if any) in the actuarial present value of NEO's accumulated benefits under the Retirement Plan determined using assumptions consistent with those used in “Note 11. Employee Benefit Plans” of the Notes to the Consolidated Financial Statements filed as part of Item 8 of Part II of Peoples' Annual Report on Form 10-K for the fiscal year ended December 31, 2017. Mr. Sulerzyski, Mr. Rogers, and Mr. Wyatt do not participate in the Retirement Plan. For purposes of the fiscal year ended December 31, 2017, the actuarial present value of the accumulated benefits for Ms. Stevens and Ms. Schneeberger under the Retirement Plan represented a net gain in value, resulting in the value of \$14,957 reported for Ms. Stevens, and a value of \$96,559 reported for Ms. Schneeberger. For purposes of the fiscal year ended December 31, 2016,

the actuarial present value of the accumulated benefits for Ms. Stevens and Ms. Schneeberger under the Retirement Plan represented a net gain in value, resulting in the value of \$5,749 reported for Ms. Stevens, and a value of \$46,891 reported for Ms. Schneeberger. The amount shown for Ms. Schneeberger in 2015 does not include the decline in the actuarial present value of the accumulated benefits under the Retirement Plan in the amount of \$34,746.

No amounts are required to be reported in this column with respect to earnings on compensation deferred under the NQDC Plan by the NEOs since those earnings do not represent “above-market” earnings for purposes of the applicable SEC rules.

For Ms. Schneeberger, the amounts in column (g) also include the amount of above-market earnings accrued (\$956 in 2017, \$301 in 2016, and \$0 in 2015) on the cumulative amount of cash incentives deferred by her under the terms of the Amended and Restated Incentive Award Plan (the “Pre-2010 Incentive Plan”). The interest rate in each of 2017 and 2016 was above-market or preferential but the interest rate in 2015 was not. Ms. Schneeberger is the only NEO who participates in the Pre-2010 Incentive Plan.

(11) All other compensation for each NEO for 2017 includes: (i) Mr. Sulerzyski - Peoples' 401(k) Plan company match in the amount of \$10,800; \$1,250 wellness incentive payment; executive health program payments made on his behalf of \$2,218; and \$18,742 in company matching contributions under the NQDC Plan; (ii) Mr. Rogers - Peoples' 401(k) Plan company match in the amount of \$10,800; \$350 wellness incentive payment; executive health program payments made on his behalf of \$3,159; and \$5,600 in company matching contributions under the NQDC Plan; (iii) Mr. Wyatt - Peoples' 401(k) Plan company match in the amount of \$10,800; \$1,063 wellness incentive payment; and executive health program payments made on his behalf of \$3,251; (iv) Ms. Stevens - Peoples' 401(k) Plan company match in the amount of \$10,800; and (v) Ms. Schneeberger - Peoples' 401(k) Plan company match in the amount of \$10,800; \$1,250 wellness incentive payment; executive health program payments made on her behalf of \$1,751; and \$3,466 in company matching contributions under the NQDC Plan. See the disclosure under the caption “NON-QUALIFIED DEFERRED COMPENSATION FOR 2017” beginning on page 80 of this Proxy Statement for more information concerning the calculation of earnings with respect to contributions made by Peoples and the NEOs, and credited to the NEOs' accounts under the NQDC Plan.

(1) Mr. Wyatt became Executive Vice President, Chief Commercial Banking Officer of Peoples on April 1, 2017.

(2) Except as disclosed in the following paragraph, annual cash incentive potential available for payment through the annual incentive program if the indicated levels of performance were achieved for the 2017

fiscal year. Refer to the discussion under the caption “2017 Executive Compensation Components - Cash and Equity-Based Incentive Program” of “EXECUTIVE COMPENSATION: COMPENSATION DISCUSSION AND ANALYSIS” beginning on page 62 of this Proxy Statement, for additional information regarding the annual incentive program.

For Mr. Sulerzyski, represents the threshold, target and maximum opportunities for performance units granted under Peoples' 2006 Plan to be earned for the 12-month performance period ended December 31, 2017.

(3) Fair value of equity-based grants available for award through the 2017 long-term incentive program under Peoples' 2006 Plan if the indicated level of performance were achieved for the 2017 fiscal year. Equity-based incentive awards are denominated in dollars, rather than number of common shares. As a result, the threshold, target and maximum amounts are shown in “dollars” rather than the “number of common shares.” At the time of payout, the fair value of the actual award earned will be translated into awards of restricted common shares to be settled in common shares delivered under the 2006 Plan. The awards are made after results in respect of the fiscal year's performance goals have been measured. Refer to the discussion under the caption “2017 Executive Compensation Components - Cash and Equity-Based Incentive Program” of “EXECUTIVE COMPENSATION: COMPENSATION DISCUSSION AND ANALYSIS” beginning on page 62 of this Proxy Statement, for additional information regarding grants of equity-based awards.

The disclosure in this table does not include the performance units approved by the Compensation Committee on July 26, 2017 under a one-time supplemental long-term incentive program as the performance units awarded cover a 24-month performance period that began on January 1, 2018 and will end on December 31, 2019. The maximum dollar amount represented by the performance units awarded to Mr. Sulerzyski is \$350,000 and the maximum dollar amount represented by the performance units awarded to each of the other NEOs is \$150,000. See the disclosure under “Cash and Equity-Based Incentive Program – Supplemental Long-Term Incentive” in the section captioned “EXECUTIVE COMPENSATION DISCUSSION AND ANALYSIS – 2017 Executive Compensation Components” beginning on page 66 of this Proxy Statement for more information about the supplemental long-term incentive program.

(4) Except as noted in footnote (5) below, the number of common shares shown in column (j) reflects the aggregate number of restricted common shares (if any) granted through the incentive program based upon corporate and individual performance for the 2016 fiscal year, which were granted under the 2006 Plan on February 13, 2017. The fair value of the equity-based incentive awards earned was converted into the number of restricted common shares shown, using the closing price of Peoples' common shares on the grant date. All restricted common shares will vest on February 13, 2020 if the NEO remains employed by Peoples or has met Peoples' definition of retirement on that date. The vesting is also subject to the requirements that Peoples have maintained a well capitalized status under applicable regulatory standards and reported net income for each of the fiscal years comprising the vesting period. The NEO has the right to vote the common shares underlying the restricted common shares and is entitled to receive dividends paid with respect to the underlying common shares at the same level as paid to other shareholders of Peoples; however, the dividends will be subject to the same restrictions on transfer as the restricted common shares with respect to which they were paid or issued.

(5) Fair value of equity-based grants awarded through the 2016 incentive program under Peoples' 2006 Plan for the performance achieved in the 2016 fiscal year. These grants were approved on February 13, 2017 for performance in 2016. At the time of grant, the fair value of the actual award earned was translated into an award of restricted common shares to be settled in common shares delivered under the 2006 Plan. The awards were made after results achieved in the 2016 fiscal year were measured.

OUTSTANDING EQUITY AWARDS AT FISCAL YEAR-END 2017

The following table provides information relating to the restricted common share awards held by the NEOs at the end of the 2017 fiscal year. There were no options or SARs held by the NEOs at the end of the 2017 fiscal year. Each grant of restricted common shares is shown separately for each NEO. The market value of the stock awards is based on the closing price of Peoples' common shares as reported on The NASDAQ Global Select Market® on December 31, 2017, which was \$32.62.

PENSION BENEFITS FOR 2017

The table below shows the actuarial present value of accumulated benefits payable to each of the NEOs participating in the Retirement Plan as well as the number of years of service credited to each such NEO. The actuarial present value of accumulated benefits payable was determined using interest rate and mortality rate assumptions consistent with those used in Peoples' Consolidated Financial Statements, as disclosed in "Note 11 Employee Benefit Plans" of the Notes to the Consolidated Financial Statements filed as part of Item 8 of Part II of Peoples' Annual Report on Form 10-K for the fiscal year ended December 31, 2017. Information regarding the terms of the Retirement Plan applicable to the NEOs who are participants in the Retirement Plan can be found in the discussion under the caption "Retirement and Other Benefits" of "EXECUTIVE COMPENSATION: COMPENSATION DISCUSSION AND ANALYSIS" beginning on page 48 of this Proxy Statement.

NON-QUALIFIED DEFERRED COMPENSATION FOR 2017

The following table provides information regarding two separate non-qualified deferred compensation plans maintained by Peoples. The first plan as to which information is provided in the following table reflects cash incentives earned by Ms. Schneeberger under the Pre-2010 Incentive Plan but which were deferred in accordance with the terms of the Pre-2010 Incentive Plan. No other NEO participated in the Pre-2010 Incentive Plan. Ms. Schneeberger was required to defer 25% of any annual cash incentives earned under the terms of the Pre-2010 Incentive Plan. Once the mandatory deferral period lapsed, Ms. Schneeberger was permitted to either take a cash distribution or further defer receipt of the cash incentive, until she retires or her employment is terminated. Interest on the deferred compensation is accrued at a rate equal to 50% of Peoples' Return on Average Stockholders' Equity achieved during each calendar year throughout the deferral period. In addition to the mandatory 25% deferral, Ms. Schneeberger also had the option to (i) defer any remaining annual cash incentive compensation to be paid to her and (ii) further defer the mandatory amount after the original three-year period had lapsed until she retires or until her employment with Peoples is terminated. If Ms. Schneeberger qualifies as a "specified employee" for purpose of Section 409A of the Internal Revenue Code on the date of her separation from service, the distribution of the account will be

delayed until the first business day of the seventh month following the date of separation of service. Since 2010, the sole activity under the Pre-2010 Incentive Plan has been further deferrals of previously deferred mandatory amounts or payouts as described in this paragraph.

80

The second plan as to which information is provided in the following table is the NQDC Plan. Participation in the NQDC Plan is limited to a select group of management and highly-compensated employees designated annually by the Compensation Committee. The NQDC Plan is an unfunded arrangement and is intended to be exempt from the participation, vesting, funding, and fiduciary requirements set forth in Title I of ERISA. Participants may elect to defer base salary, annual bonus, incentive compensation and other compensation such as commissions, but not equity-based awards. After the applicable deadline, a deferral election is irrevocable for that plan year unless otherwise permitted under the NQDC Plan. Generally, a participant must submit a deferral election by December 31 of the year before services are to be performed. The deferred compensation, if any, is credited to a bookkeeping account maintained on behalf of the participant. The participant is fully vested in the bookkeeping account which will be credited with earnings and losses based on the performance of the deemed investment selections made by the participant for the account. The Compensation Committee determines the deemed investments with which participants may direct that their bookkeeping accounts be credited.

Peoples may make discretionary contributions to participants' bookkeeping accounts in such amount that would have been made pursuant to Peoples' 401(k) Plan as matching contributions if all amounts selected to be deferred by participants under the NQDC Plan had been deferred under Peoples' 401(k) Plan. Any such contributions will be credited to the participants' bookkeeping accounts during the first calendar quarter following the last day of the plan year with respect to which the related compensation was deferred by participants and will vest in accordance with the vesting schedule under Peoples' 401(k) Plan, provided that the amounts will become fully vested in the event of a participant's retirement or death, and will be forfeited if a participant is terminated for cause.

The amount reflected in a participant's bookkeeping account will be distributed on the January 1 immediately following the participant's termination of employment in a single lump-sum payment; provided, however, that, at the time a participant makes an initial deferral election under the NQDC Plan, the participant may elect to receive distribution of the participant's account in up to ten substantially equal annual installments beginning on the January 1 immediately following the participant's termination and on each January 1 thereafter. If a participant dies before distribution of the amount reflected in the participant's bookkeeping account or complete distribution of the participant's account, then the participant's account will be distributed to the participant's beneficiary within 90 days after the participant's death. If a participant qualifies as a "specified employee" for purpose of Section 409A of the Internal Revenue Code on the date of his or her separation from service, the distribution of the account will be delayed until the first business day of the seventh month following the date of separation of service. The first payment to be made after such delay will include the cumulative amount, if any, of any amounts which would have otherwise been paid in accordance with the participant's election.

Edgar Filing: PEOPLES BANCORP INC - Form DEF 14A

The 2017 eligibility criteria required participants to have (i) either a 2016 gross compensation of at least \$200,000 or annualized 2017 current year base salaries of at least \$200,000 and (ii) an officer title of Vice President or greater at Peoples or any of its affiliates. Each of the NEOs met these criteria. Mr. Sulerzyski, Ms. Schneeberger and Mr. Rogers elected to participate in the NQDC Plan during 2017.

- (1) Messrs. Sulerzyski, Rogers, and Wyatt, and Ms. Stevens do not participate in the Pre-2010 Incentive Plan.
- (2) Mr. Wyatt became Executive Vice President, Chief Commercial Banking Officer of Peoples on April 1, 2017. Mr. Wyatt and Ms. Stevens were eligible to but did not participate in the NQDC Plan during 2017.
- (3) The amount reported represents the aggregate amount deferred by each participant under the NQDC Plan for compensation earned during 2017 and contributed to the NQDC Plan. These amounts are included in "Salary" for 2017 in the "SUMMARY COMPENSATION TABLE FOR 2017" beginning on page 74 of this Proxy Statement.
- (4) The amount reported represents the matching contribution made by Peoples to each participant's account, pursuant to the NQDC Plan. These matching contributions were made on March 19, 2018 with respect to the participant's 2017 contributions. These amounts are included in "All Other Compensation" for 2017 in the "SUMMARY COMPENSATION TABLE FOR 2017" beginning on page 74 of this Proxy Statement.

- (5) The amounts reported represent the aggregate annual gain accrued during 2017. The amounts in this column are not reported in the "SUMMARY COMPENSATION TABLE FOR 2017" beginning on page 74 of this Proxy Statement, as they are not above market or preferential.
- (6) The amount reported represents the aggregate earnings on the accumulated mandatory and voluntary deferrals of cash incentives. The interest rate for 2017 was 4.27%. Because this interest rate was above-

market or preferential, the amount considered to be above market is included in the amount shown for 2017 for Ms. Schneeberger in the "SUMMARY COMPENSATION TABLE FOR 2017" beginning on page 74 of this Proxy Statement.

- (7) The amounts reported represent fees paid for record keeping and administration of the NQDC Plan.
- (8) The amounts reported represent the accumulated total of executive contributions, company matching contributions, and aggregate earnings (loss) under the NQDC Plan for each participant. The following amounts of earnings are included in the aggregate balance as of December 31, 2017 and have not been reported as compensation to the listed officers in the Summary Compensation Tables for 2017, 2016 and 2015: (a) Mr. Sulerzyski - \$33,567; (b) Mr. Rogers - \$24,798; and (c) Ms. Schneeberger - \$2,169.
- (9) This amount represents the accumulated voluntary deferrals of cash incentives and earnings thereon. All of this amount has been previously reported as compensation to Ms. Schneeberger in the Summary Compensation Tables for past fiscal years, as well as for 2017.

OTHER POTENTIAL POST EMPLOYMENT PAYMENTS

The amount of compensation payable to each NEO upon voluntary termination, early retirement, normal retirement, involuntary not-for-cause termination, for cause termination, termination following a change in control of Peoples, and termination in the event of the death or disability of the NEO is described below.

In the event of the retirement, disability or death of an NEO, or a change in control of Peoples, vesting would be accelerated with regard to the mandatory deferrals of cash incentives earned under the Pre-2010 Incentive Plan. An NEO participating in the NQDC Plan is fully vested at all times in the portion of the participant's bookkeeping account attributable to compensation deferred by the participant, Peoples' discretionary matching contributions, and any deemed earnings on such amounts.

Payments Made Upon Termination

Regardless of the manner in which an NEO's employment terminates, including termination for cause with the exception noted below, the NEO is entitled to receive amounts earned during the NEO's term of employment. These amounts are not included in the table below. Such amounts would include:

- all vested equity-based awards earned through the long-term equity-based incentive compensation programs;
- all cash incentives voluntarily deferred under the Pre-2010 Incentive Plan (this amount for Ms. Schneeberger (\$23,340) is included in the table in the section captioned "NON-QUALIFIED DEFERRED COMPENSATION FOR 2017" beginning on page 80 of this Proxy Statement, and shown in the "Aggregate Balance at Last Fiscal Year-End" column;
- the balance of the NEO's account in Peoples' 401(k) Plan;
- the balance credited to the NEO's bookkeeping account in the NQDC Plan (this amount as of December 31, 2017 is included in the table in the section captioned "NON-QUALIFIED DEFERRED COMPENSATION FOR 2017" beginning on page 80 of this Proxy Statement, and shown in the "Aggregate Balance at Last Fiscal Year-End" column; and
- amounts accrued and vested under the NEO's account in the Retirement Plan. These amounts are included in the table in the section captioned "PENSION BENEFITS FOR 2017" on page 80 of this Proxy Statement, and shown in the "Present Value of Accumulated Benefit" column. Each of Ms. Stevens and Ms. Schneeberger has met the five or more years of service requirement and would be paid the amount shown for her upon any termination of employment.

Payments Made Upon Retirement

In the event of the retirement of a NEO (whether normal or early), in addition to the items identified above, the NEO would receive the following benefits:

pay for a pro rata portion of unused paid time off, commensurate with the length of service in the current calendar year; and

- unvested grants would vest in accordance with the time-based and performance-based vesting requirements specific to the grant, and would not be accelerated based upon retirement or death.

For purposes of the Retirement Plan, retirement may occur at the age of 65 (normal retirement) or at the age of 50 if the executive officer has at least ten years of service with Peoples (early retirement), or at such other age or after such other number of years of service as the Compensation Committee determines to be appropriate.

For purposes of the 2006 Plan, retirement may occur: (i) in the case of grants made prior to January 25, 2018, at the age of 65 if the executive officer has at least 10 years of service; and (ii) in the case of grants made on or after January 25, 2018, at the age of 62 if the executive officer has at least five years of service.

Payments Made Upon Death or Disability

In the event of the death or disability of a NEO, in addition to the benefits listed under the headings “Payments Made Upon Termination” and “Payments Made Upon Retirement” above, the NEO would also receive benefits under Peoples’ disability plan or the NEO’s beneficiary would also receive payments under the Peoples Bancorp Group Term Life Insurance Plan, as applicable.

Payments Made Upon a Change in Control

In the event of a change in control where the surviving entity is not Peoples and the surviving entity (the “acquiror”) does not assume or substitute equivalent awards for outstanding grants of options, SARs, restricted common shares, restricted performance stock, or performance units, all such outstanding options and SARs would become immediately and fully exercisable and, in the case of restricted common shares (other than restricted performance stock), all outstanding awards would become immediately and fully vested. In the case of restricted performance stock and performance units, all outstanding awards would be deemed to have been fully earned based on the target level of performance being attained as of the effective date of the change in control. Additionally, the Board or its designee may, in its sole discretion, provide for a cash payment to be made to each participant for the outstanding restricted common shares, restricted performance stock, or performance units upon the consummation of the change in control, determined on the basis of the fair market value that would be received in such change in control by the holders of Peoples’ common shares underlying such awards.

In the event of a change in control where Peoples is the surviving entity, or the acquiror assumes the outstanding options, SARs, restricted common shares, restricted performance stock or performance units, or substitutes equivalent equity awards relating to the securities of such acquiror or its affiliates, then all such awards or substitutes would remain outstanding and be governed by their respective terms and the provisions of the 2006 Plan. In such a change in control scenario:

¶ If a NEO is terminated without cause or terminates his or her employment with Peoples and our subsidiaries and/or the acquiror for good reason within 24 months following the change in control, and Peoples is the surviving corporation or the acquiror has assumed the outstanding awards, then all of the NEO's outstanding options and SARs would become immediately and fully exercisable and, in the case of restricted common shares (other than restricted performance stock), all outstanding awards would become immediately and fully vested. In the case of restricted performance stock, all of the NEO's outstanding awards would be deemed to have been fully earned based on the target level of performance being attained.

In the case of the performance units granted to Mr. Sulerzyski, he would receive a pro-rata portion of the performance units determined by multiplying the number of performance units that would have been earned if his employment had not terminated, by a fraction the numerator of which is the number of whole months that have elapsed in the performance period to the date of the termination of his employment and the denominator of which is 12.

In the case of outstanding options or SARs, the NEO may exercise these options or SARs at any time within one year after such termination, except that an option or SAR would not be exercisable on any

date beyond the expiration date of such option or SAR. If the NEO dies after such termination, the exercisability of all outstanding options or SARs would be treated in the same manner as that provided for a termination due to retirement; and

¶ If a NEO's employment is terminated for cause within 24 months following such change in control and Peoples is the surviving corporation or the acquiror has assumed the outstanding awards, then any options or SARs of such individual would expire, any non-vested restricted common shares, restricted performance stock, or performance units would be forfeited, and all rights under such awards would terminate immediately.

We have entered into change in control agreements with the NEOs currently serving with Peoples. Under the change in control agreements, a change in control occurs when one or more of the following events take place:

- ¶ a "person" or "group" (as defined in Section 409A of the Internal Revenue Code) acquires ownership of shares of Peoples that, together with shares held by such person or group, constitutes more than 50% of the total fair market value or total voting power of the shares of Peoples;
- ¶ any person or group acquires (or has acquired during the 12-month period ending on the date of the most recent acquisition by such person or group) ownership of shares of Peoples possessing 35% or more of the total voting power of the shares of Peoples;
- ¶ a majority of the members of the Board is replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of the members of the Board prior to the date that such appointments or elections are made; or
- ¶ any person or group acquires (or has acquired), during the 12-month period ending on the date of the most recent acquisition by such person or group, assets from Peoples that have a total gross fair market value equal to or more than 40% of the total gross fair market value of all of the assets of Peoples immediately prior to such acquisition or acquisitions.

Generally, the agreements provide for severance compensation to the NEOs if their employment is terminated by Peoples or its successor for any reason other than cause (defined as gross negligence or gross neglect of duties; commission of a felony or a gross misdemeanor involving moral turpitude in connection with their employment with Peoples; fraud, disloyalty, dishonesty or willful violation of any law or significant policy of Peoples committed in connection with their employment with Peoples; or issuance of an order by the banking regulators of Peoples for removal of the NEO) within six months prior to or 24 months after a defined change in control occurs. In addition, compensation will be paid if the NEO voluntarily terminates employment during the same periods because of: (i) the assignment to the NEO of any material duties or responsibilities inconsistent with the NEO's position(s), or a change in the NEO's reporting responsibilities, title(s), or office(s), or any removal of the NEO from or any failure to re-elect the NEO to any such position(s), except in connection with the NEO's termination of employment for cause, disability, retirement, or as a result of the NEO's death; (ii) a reduction in the NEO's base salary; (iii) the taking of any action by Peoples or its successor which would adversely affect the NEO's participation in or materially reduce the NEO's benefits under any benefit plans; (iv) any failure of Peoples to obtain the assumption of the agreement by any successor; or (v) geographic relocation of the NEO to an office location more than 50 miles from the NEO's then current location without the NEO's consent or without reimbursement of reasonable moving expenses incurred by the NEO relating to a change of the NEO's principal residence in connection with relocation.

For each of the NEOs except Ms. Stevens and Mr. Wyatt, the NEO's base annual compensation for purposes of the NEO's respective agreement would be calculated as the average annualized compensation paid by Peoples which was includable in gross income, prior to any reductions for deferred arrangements, during the most recent five taxable years ending before the date of the change in control, subject to certain adjustments in the event that Section 280G of the Internal Revenue Code is triggered. If such NEO has worked for Peoples for less than five years, the average annualized compensation paid by Peoples would be calculated for the number of years employed by Peoples.

Peoples changed the method of determining severance compensation for agreements entered into beginning in 2016. For Ms. Stevens and Mr. Wyatt, the base annual compensation for purposes of his or her respective agreement would be calculated as the sum of (a) his or her annualized monthly base salary, payable by Peoples for the calendar year in which the date of the change in control occurs, plus (b) the average annualized awards payable to him or her under Peoples' annual cash incentive program with respect to the most recent three calendar years ended before the date of the change in control, subject to certain adjustments in the event that Section 280G of the Internal Revenue Code is triggered.

Under the agreements, severance provisions include: (i) a lump-sum cash payment of two times base annual compensation for Mr. Rogers, Mr. Wyatt, Ms. Stevens and Ms. Schneeberger, and two and one-half times base annual compensation for Mr. Sulerzyski, in each case payable within 30 days following the NEO's termination date with such payment delayed until the first business day of the seventh month following the NEO's termination date if the NEO is a "specified employee" for purposes of Section 409A of the Internal Revenue Code; (ii) continuing participation in life, medical, and dental insurance for 12 months (15 months in the case of Mr. Sulerzyski) substantially in the same form and expense to the NEO as that received on the date of termination; (iii) the NEO agreeing not to disclose to others any confidential information; and (iv) the NEO entering into a non-compete agreement for 12 months (15 months for Mr. Sulerzyski) immediately following the date of termination. The non-compete provision prohibits the NEO from directly or indirectly engaging in any business in which Peoples directly or indirectly engages within Peoples' geographic market during the term of the NEO's agreement.

The following table summarizes payments which would have been made and benefits that would have been provided to the NEOs with respect to previously unvested cash-based awards and unvested equity-based awards as well as under the terms of the change in control agreements if a termination event had occurred on December 31, 2017. Actual amounts to be paid out or provided can only be determined at the time of an NEO's actual separation from service with Peoples. Please refer to the discussion under the headings "Payments Made Upon Termination," "Payments Made Upon Retirement" and "Payments Made Upon Death or Disability" for the other payments which would have been made and benefits that would have been provided to the NEOs if a termination event had occurred on December 31, 2017. The performance units approved by the Compensation Committee on July 26, 2017 under the one-time supplemental long-term incentive program are not included in the following table as the performance units awarded cover a 24-month performance period that began after December 31, 2017 (i.e., the period began on January 1, 2018 and will end on December 31, 2019). Please refer to the discussion under "Cash and Equity-Based Incentive Program – Supplemental Long-Term Incentive" in the section captioned "EXECUTIVE COMPENSATION: COMPENSATION DISCUSSION AND ANALYSIS – 2017 Executive Compensation Components" beginning on page 66 of this Proxy Statement for more information about the supplemental long-term incentive program.

(1) Under the terms of the change in control agreements, the NEOs continue to participate in life, medical, and dental insurance during the term of their respective non-compete agreements -- 15 months for Mr. Sulerzyski, and 12 months for the other officers.

(2) Mr. Sulerzyski would have been entitled to the payments listed under the terms of his 2006 Plan Performance Unit Award Agreement which was approved by the Compensation Committee on January 26, 2017.

(3)

In the event any payments to the NEOs would exceed the amount that could be received without the imposition of an excise tax under Section 4999 of the Internal Revenue Code, the payments would be reduced to the extent necessary to ensure that such payments would be limited to the greater of (i) the dollar amount which could be paid to the NEO without triggering an excise tax under Section 4999 of the Internal Revenue Code, or (ii) the greatest after-tax amount payable to the executive after taking into account any excise tax imposed under Section 4999 of the Internal Revenue Code on the total payments.

Mr. Sulerzyski would have been the only NEO as to whom payments would have triggered an excise tax under Section 4999 in the hypothetical situation described in the preceding paragraph. In this case, option (i) as described in the preceding paragraph would have resulted in the greatest after-tax amount and, as such, his payment would have been reduced in order to avoid triggering the excise tax. The amount shown is the amount by which his payment would have been reduced.

Equity Compensation Plan Information

The table below provides information as of December 31, 2017, with respect to compensation plans under which common shares of Peoples are authorized for issuance to directors, officers or employees in exchange for consideration in the form of goods or services. These compensation plans include:

- (i) the 2006 Plan;
- (ii) the Deferred Compensation Plan for Directors; and
- (iii) the ESPP.

All of these compensation plans were approved by the shareholders of Peoples.

Plan Category	(a)		(b)	(c)
	Number of common shares to be issued upon exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options, warrants and rights		
Equity compensation plans approved by shareholders	325,526	(1)	\$ 23.77	(2) 431,210 (3)
Equity compensation plans not approved by shareholders	—	—	—	—
Total	325,526	—	\$ 23.77	431,210

(1) Includes an aggregate of 14,637 common shares issuable upon exercise of options and SARs granted under the 2006 Plan; 276,842 restricted common shares subject to time-based or performance-based vesting restrictions granted under the 2006 Plan; and 34,047 common shares allocated to participants' bookkeeping accounts under the Deferred Compensation Plan for Directors.

(2) Represents weighted-average exercise price of outstanding options and SARs granted under the 2006 Plan. The weighted-average exercise price does not take into account the common shares underlying time-based or performance-based restricted common share awards granted under the 2006 Plan or common shares allocated to participants' bookkeeping accounts under the Deferred Compensation Plan for Directors.

(3)

Includes 174,608 common shares remaining available for future grants under the 2006 Plan at December 31, 2017, as well as 256,602 common shares remaining available for issuance and delivery under the ESPP. No amount is included for potential future allocations to participants' bookkeeping accounts under the Deferred Compensation Plan for Directors since the terms of the Deferred Compensation Plan for Directors do not provide for a specified limit on the number of common shares which may be allocated to participants' bookkeeping accounts.

DIRECTOR COMPENSATION

Peoples uses a combination of cash and equity-based compensation to attract and retain qualified directors to serve on the Board. Director compensation elements are designed to:

- Ensure alignment with long-term shareholder interests;
- Ensure Peoples can attract and retain outstanding director candidates;
- Recognize the substantial time commitments necessary to oversee the affairs of Peoples; and
- Support the independence of thought and action expected of directors.

Compensation Paid to Board Members

2017 Fiscal Year

The Compensation Committee believes the combination of cash and equity-based compensation (in the form of common shares) in its director compensation model promotes independent decision-making on the part of directors as the common shares have immediate value, unlike stock options or similar forms of equity-based awards. In 2017, each director of Peoples, other than Mr. Sulerzyski, received an annual retainer of \$44,800 paid in quarterly installments. The annual retainer was paid 60% in cash and 40% in the form of the number of unrestricted common shares with an equivalent fair market value at the time of payment.

In 2017, the Chairs of the Audit, Compensation, Governance and Nominating, and Risk Committees each received an annual retainer of \$5,000 paid in quarterly installments. The annual retainer was paid 60% in cash and 40% in the form of the number of unrestricted common shares with an equivalent fair market value at the time of payment.

In 2017, the Chairman of the Board received an annual retainer of \$20,000 paid in quarterly installments, with 60% paid in cash and 40% paid in the form of the number of unrestricted common shares with an equivalent fair market value at the time of payment.

All directors of Peoples are also directors of Peoples Bank. Directors receive compensation for their service as Peoples Bank directors in addition to the compensation received for their service as directors of Peoples. In 2017, each director of Peoples, other than Mr. Sulerzyski, received for service as a director of Peoples Bank an annual retainer of \$11,200 paid in quarterly installments, with 60% paid in cash and 40% paid in the form of the number of unrestricted common shares with an equivalent fair market value at the time of payment.

The director compensation described above is reflected in the “DIRECTOR COMPENSATION FOR 2017” table found on page 92 of this Proxy Statement. The Compensation Committee believes the compensation paid to directors is commensurate with the level of responsibility and accountability of each director and is appropriate to maintain the caliber of directors necessary to promote long-term shareholder value based upon periodic review of director compensation data from the Peer Group described in the section captioned “EXECUTIVE COMPENSATION: COMPENSATION DISCUSSION AND ANALYSIS” beginning on page 48 of this Proxy Statement.

Mr. Sulerzyski received no compensation as a director of Peoples or Peoples Bank during 2017.

Directors who travel a distance of 50 miles or more to attend a Board or Board committee meeting of Peoples or Peoples Bank receive a \$150 travel fee. A single travel fee of \$150 is paid for multiple meetings occurring on the same day or consecutive days. Directors who travel a distance of 500 miles or more (round trip) to attend a Board or Board committee meeting are reimbursed for the actual cost of reasonable travel expenses including coach class airfare, car rental, and other usual and customary travel expense in lieu of the \$150 fee. Directors who stay overnight to attend a meeting are reimbursed for the actual cost of their overnight accommodations. Peoples believes these fees and reimbursements are reasonable and partially offset travel expenses incurred by those directors living outside the Marietta, Ohio area, where Board and Board committee meetings are typically held.

Additionally, on January 31, 2017, based on the recommendation of the Compensation Committee, each of the directors, other than Mr. Sulerzyski, received a grant of 300 restricted common shares. The restricted common shares had a time-based vesting requirement that was met six months after the grant date, provided the individual was still serving as a director at that time. The Board waived the vesting requirement for former director Dr. Brenda F. Jones, who retired as a director of Peoples when her term ended on April 27, 2017. The restricted common shares granted on January 31, 2017 are reported in the “Stock Awards” column of the “DIRECTOR COMPENSATION FOR 2017” table found on page 92 of this Proxy Statement.

2018 Fiscal Year

The Board has not made any changes to the director compensation arrangements discussed above for the 2018 fiscal year, except that on August 24, 2017, the Board added an annual grant of 400 unrestricted common shares to each director, with the exception of Mr. Sulerzyski, to be paid in the first quarter of each fiscal year beginning in 2018. This annual grant is separate from the annual retainers discussed above. The common shares awarded as the annual grant in the first quarter of 2018 were granted on January 31, 2018.

Additionally, beginning January 1, 2018, the Peoples director who serves as Chair of the Special Compliance Committee of the Board of Directors of Peoples Bank will receive an annual retainer of \$5,000 paid in quarterly installments. The annual retainer will be paid 60% in cash and 40% in the form of the number of unrestricted common shares with an equivalent fair market value at the time of payment.

Other Information Regarding Equity-Based Compensation

The full Board approves all equity-based awards made to individuals serving as non-employee directors of both Peoples and Peoples Bank. The grant date for equity-based awards made to non-employee directors of Peoples and Peoples Bank is typically the date of the approval by the Board, the date of election or appointment, or the second business day following the date on which any material information has been publicly disclosed, whichever is the latest. The price by which the value of equity-based awards is measured is the closing price of Peoples' common shares on The NASDAQ Global Select Market® on the grant date.

Deferred Compensation Plan for Directors

Since 1991, we have maintained the Deferred Compensation Plan for Directors. Voluntary participation in the Deferred Compensation Plan for Directors allows a non-employee director of Peoples, or of any of our subsidiaries, to defer all or part of the compensation (including compensation in the form of common shares), and the federal income tax thereon, received for services provided as a director of Peoples or of one of our subsidiaries. Since 1998, directors participating in the Deferred Compensation Plan for Directors have been permitted to allocate their deferrals within their respective bookkeeping accounts under the Deferred Compensation Plan for Directors between a cash account and a stock account. Deferrals with respect to compensation in the form of common shares are automatically deferred to the stock account. The cash account earns interest equal to Peoples Bank's three-year certificate of deposit interest rate. The stock account receives allocations to a bookkeeping account of Peoples' common shares on the first business day of each calendar quarter based upon the cash portion of amounts deferred during the previous calendar quarter and the fair market value of Peoples' common shares and is credited with subsequent cash dividends on the common shares previously allocated to the stock account (which will be similarly credited in the bookkeeping account as Peoples' common shares). If a participant fails to make an election, 100% of the participant's deferrals will be allocated to the cash account. The only right a participant in the Deferred Compensation Plan for Directors has with respect to his or her cash account and/or stock account is to receive distributions upon termination of service as a director. Distribution of the deferred amounts is made in a lump sum or substantially equal annual installments over a period of up to five years, at the election of the director beginning (i) on the first business day of the calendar month

following the date of the director's termination of service due to resignation, retirement, death or otherwise for the portion of the account, if any, that was earned and vested before January 1, 2005, and any additions attributable to such portion of the account; and (ii) on the first business day of the calendar month following the earlier of the director's death or separation from service as a director for the remaining portion of the account. For a director who is also a "specified employee" for purpose of Section 409A of the Internal Revenue Code on the date of the director's separation from service, the distribution of the portion of the account that was earned and vested on or after January 1, 2005, will be delayed until the first business day of the seventh month

following the date of separation of service. The stock account is distributed only in common shares of Peoples, and the cash account is distributed only in cash.

All Other Compensation

The non-employee directors are eligible, at their own cost, to participate in the medical and dental insurance plans maintained by Peoples for employees. In addition, the non-employee directors automatically receive a group term life insurance benefit, the premiums for which are paid by Peoples. This benefit is also provided for directors after their retirement from Peoples. The maximum benefit under the group term life insurance is \$50,000 for directors age 65 or younger. The maximum benefit decreases by a percentage for each year beyond age 65 until it reaches a maximum payout of \$5,000 at age 90.

During 2016, the Board approved the purchase of split-dollar bank owned life insurance, and all of the directors serving at the time were offered the opportunity to participate in this benefit. Those directors who elected to participate each receive a \$50,000 life insurance death benefit while serving as a director and a \$25,000 life insurance death benefit after retiring from Peoples at no cost to the director. As the owner of the policy, Peoples can elect to terminate this coverage at any time.

Stock Ownership Guidelines

Peoples' Corporate Governance Guidelines require that directors establish a financial stake in Peoples by developing a meaningful ownership position in Peoples over time as is appropriate given the director's personal financial circumstances; provided, however, that within seven years after the date of his or her election to the Board, each director must own at least 10,000 common shares of Peoples or common shares having a market value of \$200,000, whichever is less. In addition, directors are prohibited from holding Peoples' securities in a margin account or otherwise pledging Peoples' securities as collateral for a loan or other financial obligations. Directors are also prohibited from engaging in hedging or monetization transactions involving Peoples' securities through the use of financial instruments such as prepaid variable forward contracts, equity swaps, collars and exchange funds.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Each of S. Craig Beam, George W. Broughton and Susan D. Rector served as a member of the Compensation Committee of the Board throughout the 2017 fiscal year and each continues to so serve. Terry T. Sweet became a member of the Compensation Committee on January 26, 2017 and continues to so serve. Director David F. Dierker served as a member of the Compensation Committee in 2017 until April 27, 2017. Former director Carl L. Baker, Jr. served as a member of the Compensation Committee in 2017 through his retirement date of February 22, 2017. None of these individuals has been an officer or employee of Peoples or any of our subsidiaries. Each of the current members of the Compensation Committee and Messrs. Baker and Dierker qualified as an independent director under the applicable NASDAQ rules while each individual served on the Compensation Committee during the 2017 fiscal year, and each of the current members of the Compensation Committee continues to so qualify. During the 2017 fiscal year, Peoples Bank entered into lending relationships with certain members of the Compensation Committee, with members of their respective families and with corporations and organizations as to which they serve as executive officers or beneficially own more than 10% of the equity securities. All such loans (i) were made in the ordinary course of business, (ii) were made on substantially the same terms, including interest rates charged and collateral required, as those prevailing at the time for comparable loans with persons not related to Peoples or Peoples Bank, and (iii) did not involve more than the normal risk of collectability or present other unfavorable features to Peoples or Peoples Bank. During the 2017 fiscal year, no executive officer of Peoples served on the board or compensation committee (or other committee serving an equivalent function) of any other entity, one of whose executive officers served on the Board of Peoples or the Compensation Committee.

AUDIT COMMITTEE REPORT

FOR THE FISCAL YEAR ENDED DECEMBER 31, 2017

Management has represented to the Audit Committee that Peoples' audited consolidated financial statements as of and for the fiscal year ended December 31, 2017, were prepared in accordance with GAAP in the United States and the Audit Committee has reviewed and discussed the audited consolidated financial statements with management.

In addition, the Audit Committee has discussed and reviewed with Ernst & Young LLP ("EY"), Peoples' independent registered public accounting firm, all communications and other matters required to be discussed by auditing standards generally accepted in the United States, including those described in Public Company Accounting Oversight Board (United States) (the "PCAOB") Auditing Standard No. 1301 (Communications with Audit Committee) and by SEC rules, as well as significant current accounting developments and issues. The Audit Committee has also reviewed and discussed the audited consolidated financial statements as of and for the fiscal year ended December 31, 2017 with EY.

The Audit Committee has received from EY the written disclosures and the letter required by applicable requirements of the PCAOB regarding EY's communications with the Audit Committee concerning independence, and has discussed with EY the independence of EY. The Audit Committee has discussed with EY any relationships with or services to Peoples or our subsidiaries that may impact EY's independence and objectivity, including the non-audit services rendered by EY, and the Audit Committee has satisfied itself as to EY's independence.

Based on the Audit Committee's reviews and discussions with management and EY, and the Audit Committee's review of the report of EY to the Audit Committee, the Audit Committee recommended to the Board that Peoples' audited consolidated financial statements be included in Peoples' Annual Report on Form 10 K for the fiscal year ended December 31, 2017 for filing with the SEC.

Submitted by the Audit Committee of the Board:

David F. Dierker (Chair), Brooke W. James, David L. Mead, and Terry T. Sweet.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

On February 22, 2018, the Audit Committee appointed EY as Peoples' independent registered public accounting firm for the fiscal year ending December 31, 2018. EY has served as Peoples' independent auditors/independent registered public accounting firm since 1995.

Fees

Fees for services rendered by EY for each of the 2017 fiscal year and the 2016 fiscal year were:

	2017	2016
Audit Fees (1)	\$786,485	\$787,455
Tax Fees (2)	53,517	52,000
All Other Fees (3)	142,687	135,574
Total	\$982,689	\$975,029

(1) Audit Fees pertain to professional services rendered in connection with the audit of Peoples' annual consolidated financial statements and review of the consolidated financial statements included in Peoples' Quarterly Reports on Form 10-Q, as well as internal control testing for compliance with Section 404 of the Sarbanes-Oxley Act of 2002.

(2) Tax Fees pertain to services rendered for tax planning and advice, tax compliance, and assistance with tax audits and appeals.

(3) All Other Fees pertain to federal and state income tax preparation services for trust accounts with Peoples Bank. Peoples Bank offsets this expense by charging each trust account with a tax preparation fee.

EY did not render any other services to Peoples or any of our subsidiaries during the 2017 fiscal year or the 2016 fiscal year. All of the services described under "Audit Fees," "Tax Fees" and "All Other Fees" above were pre-approved by the Audit Committee.

Pre-Approval Policy

The Audit Committee has adopted, and the Board has ratified, an Audit and Non-Audit Services Pre-Approval Policy (the "Pre-Approval Policy"), which sets forth the procedures and conditions pursuant to which services proposed to be performed by the independent registered public accounting firm may be pre-approved. Proposed services may either be pre-approved without consideration of specific case-by-case services by the Audit Committee ("general pre-approval"), or be subject to the requirement that the specific pre-approval of the Audit Committee be obtained ("specific pre-approval"). Appendices to the Pre-Approval Policy describe the Audit, Audit-Related, Tax and All Other services that have the general pre-approval of the Audit Committee. The term of any general pre-approval is 12 months from the date of pre-approval, unless the Audit Committee states otherwise. The Audit Committee annually reviews and pre-approves the services that may be provided by the independent registered public accounting firm without obtaining specific pre-approval from the Audit Committee. The Audit Committee will add to or subtract from the list of general pre-approved services from time to time, based on subsequent reviews and determinations.

The Pre-Approval Policy does not delegate to management the Audit Committee's responsibilities to pre-approve services performed by the independent registered public accounting firm. The Audit Committee, however, may delegate pre-approval authority to one or more of its members. The member(s) to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at that committee's next scheduled meeting. The Audit Committee has delegated both types of pre-approval authority to the Chair of the Audit Committee.

All requests or applications for services to be provided by the independent registered public accounting firm are to be submitted to the Chief Financial Officer of Peoples, and must include a detailed description of the services to be rendered. The Chief Financial Officer and the independent registered public accounting firm must determine jointly whether, in their view, the request or application is consistent with the SEC's and the PCAOB's rules on auditor independence and is an appropriate service. If so, the Chief Financial Officer will request specific pre-approval from the Audit Committee (or its designee) as appropriate. Any proposed services exceeding pre-approved cost levels or budgeted amounts will also require specific pre-approval by the Audit Committee.

The Audit Committee has designated the Director of Risk Management of Peoples to monitor the performance of all services provided by the independent registered public accounting firm and to determine whether such services are in compliance with the Pre-Approval Policy. The Director of Risk Management reports to the Audit Committee on a periodic basis as to the results of such monitoring. Both the Director of Risk Management and the management of Peoples are to immediately report to the Chair of the Audit Committee any breach of the Pre-Approval Policy that comes to the attention of the Director of Risk Management or any member of management.

PROPOSAL NUMBER 6:

RATIFICATION OF APPOINTMENT OF INDEPENDENT

REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board has appointed EY to serve as Peoples' independent registered public accounting firm for the fiscal year ending December 31, 2018, and recommends that Peoples' shareholders vote for the ratification of that appointment. EY audited Peoples' consolidated financial statements as of and for the fiscal year ended December 31, 2017, and the effectiveness of Peoples' internal control over financial reporting as of December 31, 2017. Representatives of EY are expected to be present at the Annual Meeting and will be given the opportunity to make a statement if they so desire and to respond to appropriate questions.

The appointment of Peoples' independent registered public accounting firm is made annually by the Audit Committee. Peoples has determined to submit the appointment of the independent registered public accounting firm to the shareholders for ratification because of such firm's role in reviewing the quality and integrity of Peoples' consolidated financial statements and internal control over financial reporting. Before appointing EY, the Audit Committee carefully considered that firm's qualifications as Peoples' independent registered public accounting firm and the audit scope.

Recommendation and Vote

THE AUDIT COMMITTEE AND THE FULL BOARD UNANIMOUSLY RECOMMEND THAT PEOPLES' SHAREHOLDERS VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF EY.

The affirmative vote of a majority of the common shares represented at the Annual Meeting, in person or by proxy, and entitled to vote on the proposal, is required to ratify the appointment of EY as Peoples' independent registered public accounting firm for the fiscal year ending December 31, 2018. The effect of an abstention is the same as a vote "AGAINST." Even if the appointment of EY is ratified by the shareholders, the Audit Committee, in its discretion,

could decide to terminate the engagement of EY and to engage another firm if the Audit Committee determines such action is necessary or desirable. If the appointment of EY is not ratified, the Audit Committee will reconsider (but may decide to maintain) the appointment.

HOUSEHOLDING OF ANNUAL MEETING MATERIALS

The SEC has implemented rules regarding the delivery of proxy materials to households. This method of delivery, often referred to as “householding,” would permit Peoples to send: (a) a single annual report and/or a single Proxy Statement or (b) a single Notice of Internet Availability of Proxy Materials, as applicable, to any household at which two or more different registered shareholders reside if Peoples reasonably believes such shareholders are members of the same family or otherwise share the same address or that one shareholder has multiple accounts. In each case, the registered shareholder(s) must consent to the householding process in accordance with applicable SEC rules, and may at any time request that Peoples promptly deliver to such shareholder(s) a separate copy of the proxy materials subject to householding. The householding procedure is intended to reduce the volume of duplicate information shareholders receive and reduce Peoples' expenses. Peoples does not currently practice householding, but may institute householding in the future and will notify registered shareholders affected by householding at that time. Registered shareholders sharing an address may request delivery of a single copy of Peoples' annual reports to shareholders, Proxy Statements and/or Notices of Internet Availability of Proxy Materials, as applicable, by contacting the Corporate Secretary of Peoples at Peoples Bancorp Inc., 138 Putnam Street, P.O. Box 738, Marietta, Ohio 45750-0738, Attention: Corporate Secretary.

Many brokers, financial institutions and other holders of record have instituted householding. If your family has one or more “street name” accounts under which you beneficially own common shares of Peoples, you may have received householding information from your broker, financial institution or other nominee in the past. Please contact the holder of record directly if you have questions, require additional copies of this Proxy Statement or Peoples' 2017 Annual Report or if you wish to revoke your decision to household and thereby receive multiple copies of Peoples' proxy materials (including annual reports to shareholders). You should also contact the holder of record if you wish to institute householding.

OTHER MATTERS

As of the date of this Proxy Statement, the Board knows of no matter that will be presented for action by the shareholders at the Annual Meeting other than those matters discussed in this Proxy Statement. However, if any other matter requiring a vote of the shareholders is properly presented at the Annual Meeting, the individuals acting under the proxies solicited by the Board will vote and act according to their best judgment in light of the conditions then prevailing, to the extent permitted under applicable law.

It is important that your common shares be represented. Whether or not you plan to attend the Annual Meeting in person, please submit your proxy by telephone, Internet or mail as described in this Proxy Statement.

By Order of the Board,

/s/ Charles Sulerzyski
Charles W. Sulerzyski
President and Chief Executive Officer
