Item 7.01 Regulation FD Disclosure.

On November 13, 2017, in advance of the annual NAREIT REITworld convention in Dallas, Texas, representatives of Brixmor Property Group Inc. (the “Company”) plan to provide a tour of certain of the Company’s properties. The Company is actively assessing the first phases of redevelopment projects at three of these properties—Market Plaza, Wynnewood Village, and Preston Park Village. If the Company commences these three redevelopment projects, all of which are identified as future redevelopment opportunities in the Company’s supplemental disclosure for the quarter ended September 30, 2017, the aggregate net estimated cost for the first phases of these projects would be between \$92 million and \$113 million, with expected aggregate weighted average incremental net operating income (“NOI”) yields of 8% to 10%. The Company calculates NOI yield as the projected incremental NOI as a percentage of the incremental third party costs of a specified project, net of any project specific credits (i.e. lease termination income or other ancillary credits).

There is no guarantee that the Company will commence or complete any or all of these redevelopment projects, or that the aggregate net estimated costs or expected NOI yields will be the amounts presented. The net estimated costs and expected NOI yields are the Company’s best estimates based on current information and may change over time.

This Form 8-K contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These statements include, but are not limited to, statements related to the Company’s expectations regarding its redevelopment activity, including the number of projects, the cost of such projects and the NOI yield of such projects. Such forward-looking statements are subject to various risks and uncertainties, including those described under the section entitled “Risk Factors” in the Company’s Annual Report on Form 10-K for the year ended December 31, 2016, as such factors may be updated from time to time in our periodic filings with the SEC, which are accessible on the SEC’s website at [www.sec.gov](http://www.sec.gov). Accordingly, there are or will be important factors that could cause actual outcomes or results to differ materially from those indicated in these statements. The Company undertakes no obligation to publicly update or review any forward-looking statement, whether as a result of new information, future developments or otherwise, except as required by law.
