SPECIAL MEETING OF SHAREHOLDERS

You are cordially invited to attend a special meeting of shareholders of FNB Newton Bankshares, Inc. to be held at 4159 Mill Street, Covington, Georgia 30014, on Monday, February 24, 2003, at 10:00 a.m. local time.

At the special meeting you will be asked to vote upon a proposal to approve the acquisition of FNB Newton by Synovus Financial Corp. by means of the merger of FNB Newton into Synovus. FNB Newton's subsidiary, First Nation Bank, will continue to operate as a separately chartered subsidiary of Synovus following the proposed merger.

In the merger, each share of FNB Newton common stock will be converted into \$85.1536 in cash and approximately 4.1353 shares of Synovus common stock. Because the price of Synovus common stock fluctuates, the value of the securities you will receive will fluctuate on a day-to-day basis. Assuming the merger had been completed

Edgar Filing: SYNOVUS FINANCIAL CORP - Form S-4/A

on January 17, 2003, you would be entitled to receive \$85.1536 in cash and Synovus shares with a market value of approximately \$83.74 for each share of FNB Newton common stock that you own. Shareholders of FNB Newton generally will not recognize a gain or a loss for tax purposes in connection with the conversion of their shares of FNB Newton common stock into Synovus common stock.

Synovus common stock is traded on the New York Stock Exchange and Synovus has registered 2,503,172 shares of its common stock for issuance in connection with the merger.

The merger cannot be completed unless holders of a majority of the outstanding shares of FNB Newton common stock approve it. The directors and executive officers of FNB Newton together own approximately 92% of the shares entitled to vote at the meeting, and they are expected to vote their shares in favor of the merger. As a result, the approval of the merger is virtually assured. Whether or not you plan to attend the special meeting, please take the time to vote by completing and mailing the enclosed proxy card to us. If you fail to return your card or vote in person, the effect will be a vote against the merger.

QUESTIONS AND ANSWERS ABOUT THE MERGER

Q: Why is the merger being proposed?

A: FNB Newton's board of directors believes the merger is in the best interests of FNB Newton and will provide significant benefits to its shareholders. Synovus' board of directors believes that the acquisition of FNB Newton will offer Synovus the opportunity to expand its banking operations in the attractive banking market of Atlanta, Georgia. To review the background and reasons for the merger in greater detail, see pages 15 and 16.

Q: What will I receive in the merger?

A: FNB Newton shareholders will receive \$85.1536 in cash and approximately 4.1353 shares of Synovus common stock for each share of FNB Newton common stock they hold. Because the market price of Synovus common stock fluctuates, the value of securities you will receive will fluctuate on a day-to-day basis.

Synovus will not issue fractional shares in the merger. Instead, FNB Newton shareholders will receive a cash payment, without interest, for the value of any fraction of a share of Synovus common stock that they would otherwise be entitled to receive, based upon the closing price of Synovus common stock on the last business day immediately prior to the effective date of the merger.

Q: What happens as the market price of Synovus common stock fluctuates?

A: Since the market price of Synovus common stock fluctuates, at the time you vote you will not know what the shares will be worth when issued in the merger.

Q: When is the merger expected to be completed?

A: We expect to complete the merger in the first quarter of 2003.

Q: What are the income tax consequences of the merger to me?

A: We expect that an FNB Newton shareholder will recognize gain as a result of the surrender of FNB Newton common stock in exchange for the receipt of a combination of shares of Synovus and cash in an amount equal to the lesser of the cash received by such shareholder or the actual gain realized by such FNB Newton shareholder. The actual gain realized by an FNB Newton shareholder will be equal to the sum of the cash and the fair market value of the Synovus common stock received in the merger minus such shareholder's basis in the shares of the FNB Newton common stock surrendered by such FNB Newton shareholder in the merger.

Determining the actual tax consequences of the merger to you as an individual taxpayer can be complicated. The tax treatment will depend on your specific situation and many variables not within our control. You should consult your own tax advisor for a full understanding of the tax consequences to you of the merger.

Q: What am I being asked to vote upon and what is the required shareholder vote?

A: You are being asked to approve the merger of FNB Newton into Synovus. Approval of the proposal requires the affirmative vote of holders of a majority of the shares of

outstanding common stock of FNB Newton. FNB Newton's board of directors encourages you to vote at the special meeting. The FNB Newton board of directors has unanimously approved and adopted the merger agreement and recommends that FNB Newton shareholders vote **FOR** the approval of the merger.

1

Q: What should I do now?

A: You should read this document carefully and determine whether you desire to vote for approval of the merger.

Q: Should I send in my stock certificates now?

A: No. If the merger is completed, we will send you written instructions for exchanging your FNB Newton common stock certificates for Synovus common stock certificates.

FNB Newton Bankshares, Inc.
4159 Mill Street
Covington, Georgia 30014
Telephone: (770) 787-5500

FNB Newton Bankshares, Inc. is registered as a bank holding company under the Bank Holding Company Act. As of September 30, 2002, FNB Newton had total assets of \$340 million, total deposits of \$291 million, shareholders' equity of \$35 million and net portfolio loans of \$267 million. The Merger (page 13)

If the merger is approved by FNB Newton's shareholders, FNB Newton will be merged into Synovus, and FNB Newton's banking subsidiary, through which it operates, will become a wholly owned subsidiary of Synovus. The merger requires the approval of the holders of a majority of the FNB Newton common stock outstanding on the record date. The directors and executive officers of FNB Newton together own approximately 92% of the shares entitled to vote at the meeting, and we expect them to vote their shares in favor of the merger. As a result, the approval of the merger is virtually assured.

We have attached the merger agreement as Appendix A to this document. We encourage you to read the merger agreement, as it is the legal document that governs the merger.

FNB Newton's Reasons for the Merger (page 15)

In reaching its decision to approve and recommend approval of the merger agreement, the FNB Newton board of directors considered a number of factors, including the following:

4

- the value of the consideration to be received by FNB Newton shareholders relative to the book value and earnings per share of FNB Newton common stock;
- certain information concerning the financial condition, results of operations and business prospects of Synovus;
- the fact that, following the merger, First Nation Bank would continue to operate under the existing name and management team;
- the financial terms of recent business combinations in the financial services industry and a comparison of the multiples of selected combinations with the terms of the proposed transaction with Synovus;
- the average daily trading volumes of shares of Synovus common stock;
- the alternatives to the merger, including remaining an independent institution;
- the competitive and regulatory environment for financial institutions generally;
- the expanded range of banking services that the merger will allow First Nation Bank to provide its customers;
- the enhanced career opportunities and benefits afforded First Nation Bank employees as a result of the merger;
- the expected increased dividend yield for FNB Newton shareholders from owning Synovus common stock;
- the fact that the merger will enable FNB Newton shareholders to exchange their shares of FNB Newton common stock for a combination of cash and shares of common stock of a regional bank, the stock of which is widely held and actively traded, and that the stock portion of the consideration will be received tax-free; and
- the opinion of Brown, Burke Capital Partners, L.L.C., now known as Burke Capital Group, L.L.C., that the consideration to be received by FNB Newton shareholders as a result of the merger is fair from a financial point of view.

Opinion of Financial Advisor (page 16)

FNB Newton asked its financial advisor, Brown, Burke Capital Partners, L.L.C., now known as Burke Capital Group, L.L.C., for advice on the fairness, from a financial point of view, of the merger consideration to FNB Newton's shareholders. Burke Capital has delivered its written opinion to the FNB Newton board that as of October 31, 2002, the date the FNB Newton board approved the merger agreement, the exchange ratio was fair, from a financial point of view, to the shareholders of FNB Newton. The opinion is attached as Appendix C to this document. You should read this opinion completely to understand the procedures followed, assumptions made, matters considered and limitations of the review undertaken by Burke Capital. Burke Capital's opinion is addressed to the FNB Newton board and does not constitute a recommendation to any shareholder as to how to vote with respect to matters relating to the proposed merger. You should be aware that the opinion of Burke Capital does not address the fairness of the merger consideration at the time the merger is completed or at anytime other than October 31, 2002.

FNB Newton Special Shareholders Meeting (page 11)

The special meeting will be held at 4159 Mill Street, Covington, Georgia 30014 on Monday, February 24, 2003, at 10:00 a.m. local time.

Conditions to the Merger (page 22)

Consummation of the merger is subject to various conditions, including:

- receipt of FNB Newton shareholder approval;

5

- receipt of the necessary regulatory approvals;
- receipt of an opinion from Powell, Goldstein, Frazer & Murphy LLP regarding tax aspects of the merger; and
- satisfaction of other customary closing conditions.

The regulatory approvals necessary to consummate the merger and the other transactions contemplated by the merger agreement include the approval of the Board of Governors of the Federal Reserve System and the Georgia Department of Banking and Finance. The merger has been approved by both of the foregoing agencies.

Accounting Treatment (page 31)

The merger will be accounted for as a purchase for financial reporting purposes.

Material United States Federal Income Tax Consequences of the Merger (page 28)

We expect that Synovus, FNB Newton and FNB Newton shareholders will not recognize any gain or loss for United States federal income tax purposes as a result of the merger, except that FNB Newton shareholders will recognize gain to the extent of the cash received in exchange for the FNB Newton shares surrendered in the merger, but not in excess of the actual gain realized from the exchange. The board of directors of both companies will be receiving an opinion of tax counsel that the above will be the federal income tax consequences of the merger. A copy of this opinion is attached to this document as Appendix D. The opinion will not bind the Internal Revenue Service, which could take a different view. This tax treatment will not apply to any FNB Newton shareholder that exercises dissenters' rights. Determining the actual tax consequences of the merger to you as an individual taxpayer can be complicated. The tax treatment will depend on your specific situation and many variables not within our control. You

should consult your own tax advisor for a full understanding of the merger's tax consequences.

Effective Date of Merger (page 14)

The merger will become effective when all of the conditions to the merger have been satisfied and Articles of Merger are filed with the Georgia Secretary of State. Subject to the conditions specified in the merger agreement, the parties anticipate that the merger will become effective in the first quarter of 2003. There can be no assurances, however, as to whether or when the merger will occur.

Dissenters' Rights (page 38)

Holders of FNB Newton common stock are entitled to dissent from the merger under Georgia law and, if the merger is consummated, to receive payment in cash for the fair value of their shares, upon compliance with the dissenters' rights provisions of the Georgia Business Corporation Code. To preserve these rights, a shareholder must not vote in favor of the merger and must deliver to FNB Newton a written notice of intent to demand payment for such shareholder's shares before the vote on the merger at the special meeting of FNB Newton shareholders. The delivery of a proxy or vote against the merger is not considered such a notice. Failure to follow required procedures may result in the loss of statutory dissenters' rights. Dissenters' Rights are addressed in more detail beginning on page 38.

Risk Factors (page 11)

In addition to the other information included in this document, including the matters addressed in Forward-Looking Statements on page 51, you should carefully consider the material risk factors to the merger, beginning on page 11, in determining whether to vote in favor of the merger.

6

Interests of Certain Persons in the Merger (page 26)

Certain executive officers of FNB Newton have interests in the merger that are different from your interests. Stephen C. Wood, President and Chief Executive Officer of FNB Newton, will enter into an employment agreement with Synovus providing for his continued employment as the President and Chief Executive Officer of First Nation Bank for a period of three years following the merger. In addition, both Mr. Wood and Thomas R. Kephart, Chief Financial Officer for FNB Newton, will receive certain payments and benefits as a result of change of control provisions in their employment agreements, stock plans and executive bonus agreements.

Termination of the Merger Agreement (page 25)

Either FNB Newton or Synovus may terminate the merger agreement under the following circumstances, among others:

- the mutual consent of Synovus and FNB Newton;
- the merger is not completed before March 31, 2003, unless the failure to consummate by this time is due to a breach of the merger agreement by the party seeking to terminate; or
- failure of any of the conditions set forth in the merger agreement unless the failure is due to a breach of the merger agreement by the party seeking to terminate.

Also, FNB Newton may terminate the merger agreement if, during the five (5) business days immediately prior to the effective date of the merger, the total cash consideration paid by Synovus is greater than fifty-five (55%) of the sum of such total cash consideration plus the total stock consideration such that Powell, Goldstein, Frazer & Murphy LLP cannot issue a tax opinion in which it opines that the merger shall qualify for a tax-free exchange pursuant to the applicable sections of the Internal Revenue Code.

No Solicitation (page 24)

FNB Newton has agreed that until the completion of the merger, FNB Newton will not directly or indirectly take any specified actions with respect to any acquisition proposal. However, notwithstanding these restrictions, FNB Newton may, if necessary to comply with its fiduciary obligations and subject to other qualifications and conditions, furnish information and engage in discussions or negotiations in response to unsolicited acquisition proposals.

Effect of Merger on Rights of FNB Newton Shareholders (page 32)

FNB Newton is a Georgia corporation and, therefore, the rights of shareholders of FNB Newton currently are determined by reference to the Georgia Business Corporation Code and FNB Newton's Articles of Incorporation and bylaws. At the effective time of the merger, shareholders of FNB Newton will become shareholders of Synovus, which is a Georgia corporation. As a result, their rights as shareholders of Synovus will then be determined by reference to the Georgia Business Corporation Code and Synovus' Articles of Incorporation and bylaws. There are various differences between Synovus' Articles of Incorporation and bylaws and FNB Newton's Articles of Incorporation and bylaws.

RISK FACTORS

In addition to the other information included in this document, FNB Newton shareholders should carefully consider the matters described below in voting on the issuance of shares of Synovus common stock in the merger.

You may receive shares of Synovus common stock with a market value lower than you expected.

Synovus is offering to pay a total net consideration of \$85.1536 in cash and approximately 4.1353 shares of Synovus common stock for each share of FNB Newton common stock. This exchange ratio will not be adjusted for changes in the market price of Synovus common stock. Any change in the price of Synovus common stock prior to the merger will affect the value that FNB Newton shareholders will receive in the merger. If the market price of Synovus common stock declines, then the value of the total net consideration you will receive will decline as well. Stock price variations may result from a variety of factors that are beyond our control, including changes in, or market perceptions of changes in, the business, operations or prospects of Synovus, market assessments of the likelihood the merger will be consummated, regulatory considerations, general market and economic conditions and other factors.

The price of Synovus common stock at the effective date of the merger may vary from its prices on (a) October 31, 2002, the date the merger agreement was executed, (b) the date of this document and (c) the date of FNB Newton's special shareholders meeting. Because the effective date of the merger will follow the date of FNB Newton's special shareholders meeting, at the time of the special meeting you will not know the market value of the Synovus common stock that you may receive upon completion of the merger.

Changes in our public forecast may affect the value of your shares.

The value of Synovus common stock may be materially affected by the financial results and expectations relating to the future financial performance of Synovus subsidiary, Total System Services, Inc. (TSYS). Synovus owns approximately 81% of TSYS, a Columbus, Georgia based payment processing company. Over the past five years TSYS has contributed approximately 26% of Synovus net income on an annual basis. On October 15, 2002, TSYS issued a press release realigning its forecast of 2003 net income, projecting an increase of 12 - 15% over 2002 net income. This change in forecast was based upon TSYS expectation that it would not sign a major client by the end of 2002. As of December 31, 2002, TSYS had not signed a major new client. The assumptions underlying the TSYS net income forecast in such press release did not include any revenues or expenses associated with signing or converting a major client. This means that if TSYS signs a major client in 2003, it may need to readjust its 2003 forecast to reflect such increased expense that will be incurred in advance of realizing revenue from the new major client. If TSYS changes its forecast for this reason or any other reason the share price of any Synovus common stock you receive may decrease. In addition, the long-term revenue prospects of TSYS and Synovus could be adversely affected if TSYS fails to sign a new major client.

THE SPECIAL MEETING

We are furnishing this document to shareholders of FNB Newton in connection with the solicitation of proxies by the board of directors of FNB Newton for use at the special meeting of its shareholders.

Date, Time and Place

The special meeting will be held at 4159 Mill Street, Covington, Georgia 30014 on Monday, February 24, 2003, at 10:00 a.m. local time.

Matters to Be Considered at the Special Meeting

At the special meeting, the shareholders of FNB Newton will be asked to consider and vote upon the approval of the merger, and such other matters as may properly be brought before the special meeting.

11

The FNB Newton board has unanimously approved the merger agreement and the transactions contemplated by the merger agreement and recommends that you vote **FOR** approval of the merger.

Record Date; Stock Entitled to Vote; Quorum

Only holders of record of FNB Newton common stock at the close of business on January 17, 2003, the record date for the FNB Newton special meeting, are entitled to receive notice of the special meeting and to vote at the special meeting. Holders of record of shares of FNB Newton common stock on the record date are each entitled to one vote per share on each matter to be considered at the special meeting.

On the record date, January 17, 2003, 544,980 shares of FNB Newton common stock were issued and outstanding and were held by 55 holders of record.

A majority of all the issued and outstanding shares of FNB Newton common stock, present in person or by proxy, will constitute a quorum for the special meeting.

Vote Required

The approval of the merger requires the affirmative vote of the holders of a majority of the outstanding shares of FNB Newton common stock.

The merger does not require the approval of Synovus shareholders. Synovus board of directors approved the merger on October 31, 2002.

Stock Ownership of FNB Newton Directors and Executive Officers

At the close of business on the record date, the directors and executive officers of FNB Newton beneficially owned and were entitled to vote approximately 499,576 shares of FNB Newton common stock. This ownership represents approximately 92% of the shares of FNB Newton common stock outstanding on that date.

Voting of Proxies

Shares represented by all properly executed proxies received in time for the special meeting will be voted at the special meeting according to the voting instructions of the shareholder who executed the proxy. Properly executed proxies which do not contain voting instructions will be voted in favor of the merger.

FNB Newton intends to count shares of FNB Newton common stock present in person at the special meeting but not voting, and shares of FNB Newton common stock for which proxies are received but with respect to which holders of shares have abstained from voting on or voted against any matter, as present at the special meeting for purposes of determining the presence or absence of a quorum for the special meeting.

For voting purposes at the special meeting, only shares voted in favor of approval of the merger will be counted as favorable votes for such approval and adoption. A shareholder's failure to submit a proxy, failure to vote in person, or abstention from voting with respect to the approval of the merger will have the same effect as if the shareholder voted against approval of the merger.

Shares held in street name that have been designated by brokers on proxy cards as not voted with respect to the merger (broker non-votes) will not be counted as votes cast on the merger. Shares with respect to which proxies have been marked as abstentions also will not be counted as votes cast on the merger. Shares with respect to which proxies have been marked as abstentions and broker non-votes will, however, be treated as shares present for purposes of determining whether a quorum is present.

The proposal to adopt the merger agreement is a non-discretionary item, meaning that brokerage firms may not vote shares in their discretion on behalf of a client if the client has not furnished voting instructions. Because the merger must be approved by the holders of a majority of the outstanding shares of FNB Newton common stock, abstentions and broker non-votes will have the same effect as a vote against the merger at the meeting. Accordingly,

12

the FNB Newton board urges FNB Newton shareholders to complete, date and sign the accompanying proxy and return it promptly in the enclosed postage prepaid envelope.

We do not expect that any matters other than the proposal to approve the merger will be brought before the special meeting. However, if other matters are properly presented for a vote, the persons named as proxies will vote in accordance with their judgment with respect to those matters.

The persons named as proxies by an FNB Newton shareholder may propose and vote for one or more adjournments of the special meeting to permit further solicitations of proxies in favor of approval of the merger. However, the persons named as proxies will not vote any shares which are voted against the approval of the merger in favor of such an adjournment.

Revoking Proxies

FNB Newton shareholders of record may revoke their proxies at any time before the time their proxies are voted at the special meeting. A shareholder may revoke a proxy by taking any of the following actions:

- sending a written notice indicating his or her intention to revoke the proxy, including by telegram or facsimile, to the Corporate Secretary of FNB Newton;
- submitting a later-dated signed proxy; or
- attending the special meeting and voting or abstaining from voting in person.

Attendance at the special meeting alone without voting or abstaining from the vote on the merger will not revoke a proxy. Any written notice of a revocation of a proxy must be sent so that it will be delivered to the Corporate Secretary of FNB Newton, at FNB Newton's principal executive offices, before the voting begins at the special meeting.

Proxy Solicitation

FNB Newton will pay the costs of printing this document and all other costs of soliciting proxies. In addition to solicitation by mail, the directors, officers and employees of FNB Newton may solicit proxies from shareholders of FNB Newton by telephone or by other means of communication. These directors, officers and employees will not be additionally compensated but may be reimbursed for reasonable out-of-pocket expenses in connection with the solicitation. FNB Newton will arrange with brokerage firms and other custodians, nominees and fiduciaries for the forwarding of solicitation material to the beneficial owners of stock held of record by such persons, and FNB Newton will reimburse these record holders for their reasonable out-of-pocket expenses.

Recommendation of the FNB Newton Board

The FNB Newton board has unanimously adopted the merger agreement and believes that the proposed transaction is fair to and in the best interests of FNB Newton and its shareholders. The FNB Newton board unanimously recommends that FNB Newton shareholders vote **FOR** approval of the merger.

THE MERGER

The following is a description of the material information pertaining to the merger. This description is qualified in its entirety by reference to the full text of the merger agreement, a copy of which is attached as Appendix A to this document and is incorporated by reference. All shareholders are urged to read carefully the merger agreement, as well as the other appendices, in their entirety.

The boards of directors of Synovus and FNB Newton have approved, and the proper officers of Synovus and FNB Newton have executed and delivered, the merger agreement.

13

Terms of the Merger

On the effective date of the merger, which will be specified in the Articles of Merger to be filed with the Georgia Secretary of State, each issued and outstanding share of FNB Newton common stock will be converted into the right to receive \$85.1536 in cash and approximately 4.1353 shares of Synovus common stock.

You should obtain current stock price quotations for Synovus common stock. The market price of Synovus common stock will fluctuate before and after completion of the merger. You will not know when you vote on the merger precisely what the shares of Synovus common stock will be worth when issued in the merger.

After the effective date of the merger, outstanding certificates representing shares of FNB Newton common stock will represent shares of Synovus common stock and cash. Certificates representing shares of FNB Newton common stock may be surrendered to Synovus by the FNB Newton shareholders on or after the effective date of the merger for new certificates representing shares of Synovus common stock and cash. Until so surrendered to Synovus, the certificates which previously represented shares of FNB Newton common stock will be deemed for all corporate purposes to evidence the ownership of the respective number of shares of Synovus common stock and cash which the holders are entitled to receive upon their surrender to Synovus except for the payment of dividends, which is subject to the exchange of stock certificates.

Until the stock certificates nominally representing shares of FNB Newton common stock are surrendered to Synovus in exchange for certificates representing shares of Synovus common stock and cash, no dividends payable as

of any date after the effective date of the merger on the shares of Synovus common stock represented by the FNB Newton common stock certificates will be paid. However, Forms 1099 reporting the payment of such dividends will be filed with the Internal Revenue Service and mailed to each shareholder. Upon the surrender to Synovus of the FNB Newton common stock certificates, Synovus will pay to the record holders the amount of dividends which previously had become payable, without interest, upon the shares of Synovus common stock represented by the outstanding FNB Newton common stock certificates.

Synovus will not issue fractional shares of Synovus common stock in the merger. Instead, Synovus will pay cash, without interest, in lieu of fractional shares, in an amount equal to such fractional part of a share of Synovus common stock multiplied by the closing price per share of Synovus common stock on the last business day immediately prior to the effective date of the merger.

The delivery of Synovus stock certificates and other amounts may be subject to forfeiture under applicable escheat laws if FNB Newton stock certificates are not surrendered for exchange within the legally specified periods of time, which vary with the state of residence of the certificate holder. Therefore, we urge all FNB Newton shareholders to surrender their FNB Newton stock certificates at the earliest possible date after consummation of the merger in accordance with instructions provided to you by Synovus in the letter of transmittal described in the following paragraph.

As soon as practicable following consummation of the merger, Synovus will send each shareholder of FNB Newton common stock a letter of transmittal explaining the procedure to be followed in exchanging certificates representing shares of FNB Newton common stock for certificates representing shares of Synovus common stock and cash. Until the letter of transmittal is received, shareholders of FNB Newton should continue to hold their certificates representing shares of FNB Newton common stock. Do not send any FNB Newton stock certificates with your proxy card.

After the effective date of the merger, each outstanding FNB Newton stock option will be converted into an option to acquire shares of Synovus common stock. The exercise price of the converted options shall be equal to the exercise price per share of the FNB Newton common stock under the original option divided by 8.4578, unless adjusted pursuant to the merger agreement. The number of shares subject to the converted options shall be equal to the product of the number of shares of FNB Newton common stock subject to the original option multiplied by 8.4578, unless adjusted pursuant to the merger agreement.

Background of the Merger

The board of directors of FNB Newton has, over time, considered the possibility of strategic combinations with a number of other financial institutions in assessing the means by which to maximize the value of FNB Newton stock to its shareholders. The factors which the board of directors of FNB Newton have taken into account in evaluating potential combinations have included, but were not limited to, financial terms of proposed mergers, trading volume of shares of potential acquirors, employee and credit cultures, as well as the comparability of business lines and geographic locations. As part of its ongoing operations, management and the board of directors of FNB Newton regularly assess the financial services industry as a whole, including the regulatory and competitive environments for banking services.

In March 2002, FNB Newton engaged Brown, Burke Capital Partners, L.L.C., now known as Burke Capital Group, L.L.C., to explore its strategic options, including potential merger partners. Pursuant to this engagement, in July 2002, Burke Capital contacted a number of financial institutions, including Synovus, regarding their interest in FNB Newton and the banking market in Newton, Henry and Rockdale Counties. Indications of interest were received from several

financial institutions, and were analyzed and considered by management and the board of directors of FNB Newton with the assistance of its financial and legal advisors.

On August 12, 2002 the FNB Newton board held a special meeting to consider the initial bids submitted by potential acquirors. At this meeting, the board of directors authorized Burke Capital to invite certain potential acquirors, including Synovus, to conduct due diligence at FNB Newton.

During the first week of September 2002, Synovus conducted preliminary due diligence of FNB Newton. On September 17, 2002, the board of directors of FNB Newton authorized management to pursue discussions with Synovus. On September 20, 2002, Synovus and FNB Newton executed a letter of intent with respect to a potential transaction. During the following weeks, management of the two companies and their respective legal and financial advisors negotiated the terms of a proposed merger agreement under which FNB Newton would merge with and into Synovus. During this time period, FNB Newton conducted due diligence with respect to Synovus, and Synovus concluded its due diligence with respect to FNB Newton.

On October 31, 2002, the board of directors of FNB Newton held a special meeting to consider the proposed merger with Synovus. Burke Capital summarized certain financial information with respect to Synovus and the proposed transaction for the FNB Newton board and rendered an opinion that, as of October 31, 2002, the terms of the merger as set forth in the proposed merger agreement were fair to the FNB Newton shareholders from a financial point of view. Also at this meeting, Powell, Goldstein, Frazer & Murphy LLP, FNB Newton's outside legal counsel, reviewed with the board of directors the terms of the merger and the definitive agreement documenting the proposed transaction. After questions by and discussions among the members of the FNB Newton board of directors, and after consideration of the factors described under FNB Newton's Reasons For the Merger; Recommendation of the FNB Newton Board of Directors, the FNB Newton board voted unanimously to approve the merger agreement and the transactions contemplated thereby and to recommend the approval of the merger agreement and the transactions contemplated by the merger agreement to the FNB Newton shareholders. Following the conclusion of the meeting, Synovus and FNB Newton executed and delivered the merger agreement.

Recommendation of FNB Newton Board and Reasons for the Merger

On October 31, 2002, the board of directors of FNB Newton unanimously approved and adopted the merger agreement. The board of directors of FNB Newton believes that the merger and the terms and provisions of the merger agreement are fair to and in the best interests of FNB Newton shareholders. The board of directors of FNB Newton unanimously recommends that you vote to approve the merger.

In reaching its decision to adopt and recommend approval of the merger agreement, the FNB Newton board considered a number of factors, including the following:

- the value of the consideration to be received by FNB Newton shareholders relative to the book value and earnings per share of FNB Newton common stock;

15

- certain information concerning the financial condition, results of operations and business prospects of Synovus;
- the fact that, following the merger, First Nation Bank would continue to operate under its existing name and management team;
- the financial terms of recent business combinations in the financial services industry and a comparison of the multiples of selected combinations with the terms of the proposed transaction with Synovus;

- the average daily trading volume of shares of Synovus common stock;
- the alternatives to the merger, including remaining an independent institution;
- the competitive and regulatory environment for financial institutions generally;
- the expanded range of banking services that the merger will allow First Nation Bank to provide its customers;
- the enhanced career opportunities and benefits afforded First Nation Bank employees as a result of the merger;
- the expected increased dividend yield for FNB Newton shareholders from owning Synovus common stock;
- the fact that the merger will enable FNB Newton shareholders to exchange their shares of FNB Newton common stock for a combination of cash and shares of common stock of a regional bank, the stock of which is widely held and actively traded, and that the stock portion of the consideration will be received tax-free; and
- the opinion of Brown, Burke Capital Partners, L.L.C., now known as Burke Capital Group, L.L.C., that the consideration to be received by FNB Newton shareholders as a result of the merger is fair from a financial point of view.

The foregoing discussion of the information and factors considered by the FNB Newton board is not intended to be exhaustive, but includes the material factors considered. In view of the variety of factors considered in connection with its evaluation of the merger and the offer price, the FNB Newton board did not find it practicable to, and did not, quantify or otherwise assign relative weights to the specific factors considered in reaching its determinations and recommendations, and individual directors may have given differing weights to different factors.

Each member of the board of directors of FNB Newton has indicated that he or she intends to vote his or her shares of FNB Newton common stock in favor of the merger.

FNB NEWTON S BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT FNB NEWTON S SHAREHOLDERS VOTE FOR THE PROPOSAL TO APPROVE THE MERGER AGREEMENT.

Management of Synovus believes that the merger will provide Synovus with expanded market share opportunities for profitable long-term growth and result in the addition of a well-suited and positioned banking organization into Synovus existing organization.

Opinion of FNB Newton s Financial Advisor

Brown, Burke Capital Partners, L.L.C., now known as Burke Capital Group, L.L.C., acted as financial advisor to FNB Newton in connection with the proposed merger with Synovus and participated in certain of the negotiations leading to the merger agreement. Burke Capital s principal business activity is advising on merger and

acquisitions, with a specialty in financial institutions.

At the October 31, 2002 meeting at which the board considered and approved the amended merger agreement, Burke Capital delivered to the board its oral opinion, subsequently confirmed in writing, that, as of such date, the merger consideration was fair to FNB Newton shareholders from a financial point of view. **The full text of Burke**

Capital's written opinion is attached as Appendix C to this document. The opinion outlines matters considered and qualifications and limitations on the review undertaken by Burke Capital in rendering its opinion. The description of the opinion set forth below is qualified in its entirety by reference to the opinion. We urge you to read the entire opinion carefully in connection with your consideration of the proposed merger.

Burke Capital's opinion speaks only as of the date of the opinion. The opinion was directed to the FNB Newton board and is directed only to the fairness of the merger consideration to FNB Newton shareholders from a financial point of view. It does not address the underlying business decision of FNB Newton to engage in the merger or any other aspect of the merger and is not a recommendation to any FNB Newton shareholder as to how such shareholder should vote at the special meeting with respect to the merger, or any other matter.

In connection with rendering its October 31, 2002 opinion, Burke Capital reviewed and considered, among other things:

- The draft merger agreement and certain of the schedules thereto.
- Certain publicly available financial statements and other historical financial information of FNB Newton that it deemed relevant.
- Certain publicly available financial statements and other historical financial information of Synovus that it deemed relevant.
- Projected earnings estimates for FNB Newton for the years ending December 31, 2002 through 2003 prepared by and reviewed with management of FNB Newton and the views of senior management of FNB Newton, based on discussions with members of senior management, regarding FNB Newton's business, financial condition, results of operations and future prospects.
- Earnings per share estimates for Synovus for the years ending December 31, 2002 and 2003 published by Institutional Brokers Estimate System (I/B/E/S), and the views of the senior management of Synovus, based on limited discussions with members of senior management, regarding Synovus' business, financial condition, results of operations and future prospects. I/B/E/S is a data service that monitors and produces a compilation of earnings estimates produced by selected research analysts regarding companies of interest to institutional investors.
- The pro forma financial impact of the merger on Synovus, based on assumptions relating to transaction expenses, purchase accounting adjustments and cost savings determined by senior managements of FNB Newton and Synovus.
- The publicly reported historical prices and trading activity for Synovus' common stock, including a comparison of certain financial and stock market information for Synovus with similar publicly available information for certain other companies the securities of which are publicly traded.
- The financial terms of other recent business combinations in the commercial banking industry, to the extent publicly available.
- The current market environment generally and the banking environment in particular.
- Such other information, financial studies, analyses and investigations and financial, economic and

market criteria as it considered relevant.

FNB NEWTON'S BOARD OF DIRECTORS DID NOT LIMIT THE INVESTIGATIONS MADE OR THE PROCEDURES FOLLOWED BY BURKE CAPITAL IN GIVING ITS OPINION.

In performing its reviews and analyses and in rendering its opinion, Burke Capital assumed and relied upon the accuracy and completeness of all the financial information, analyses and other information that was publicly available or otherwise furnished to, reviewed by or discussed with it and further relied on the assurances of management of FNB Newton and Synovus that they were not aware of any facts or circumstances that would make such information inaccurate or misleading. Burke Capital was not asked to and did not independently verify the accuracy or completeness of any of such information and it did not assume any responsibility or liability for the accuracy or completeness of any of such information. Burke Capital did not make an independent evaluation or appraisal of the assets, the collateral securing assets or the liabilities, contingent or otherwise, of FNB Newton or Synovus or any of their respective subsidiaries, or the ability to collect any such assets, nor was it furnished with any such evaluations or appraisals. Burke Capital is not an expert in the evaluation of allowances for loan losses and it did not make an independent evaluation of the adequacy of the allowance for loan losses of FNB Newton or Synovus, nor did it review any individual credit files relating to FNB Newton or Synovus. With FNB Newton's consent, Burke Capital assumed that the respective allowances for loan losses for both FNB Newton and Synovus were adequate to cover such losses and will be adequate on a pro forma basis for the combined entity. In addition, Burke Capital did not conduct any physical inspection of the properties or facilities of FNB Newton or Synovus. Burke Capital is not an accounting firm and it relied on the reports of the independent accountants of FNB Newton and Synovus for the accuracy and completeness of the audited financial statements furnished to it.

Burke Capital's opinion was necessarily based upon market, economic and other conditions as they existed on, and could be evaluated as of, the date of its opinion. Burke Capital assumed, in all respects material to its analysis, that all of the representations and warranties contained in the merger agreement and all related agreements are true and correct, that each party to such agreements will perform all of the covenants required to be performed by such party under such agreements and that the conditions precedent in the merger agreement are not waived. Burke Capital also assumed that there has been no material change in FNB Newton's and Synovus' assets, financial condition, results of operations, business or prospects since the date of the last financial statements made available to them, that FNB Newton and Synovus will remain as going concerns for all periods relevant to its analyses, and that the merger will qualify as a tax-free reorganization for federal income tax purposes.

In rendering its October 31, 2002 opinion, Burke Capital performed a variety of financial analyses. The following is a summary of the material analyses performed by Burke Capital, but is not a complete description of all the analyses underlying Burke Capital's opinion. The summary includes information presented in tabular format. In order to fully understand the financial analyses, these tables must be read together with the accompanying text. The tables alone do not constitute a complete description of the financial analyses. The preparation of a fairness opinion is a complex process involving subjective judgments as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances. The process, therefore, is not necessarily susceptible to a partial analysis or summary description. Burke Capital believes that its analyses must be considered as a whole and that selecting portions of the factors and analyses considered without considering all factors and analyses, or attempting to ascribe relative weights to some or all such factors and analyses, could create an incomplete view of the evaluation process underlying its opinion. Also, no company included in Burke Capital's comparative analyses described below is identical to FNB Newton or Synovus and no transaction is identical to the merger. Accordingly, an analysis of comparable companies or transactions involves complex considerations and judgments concerning differences in financial and operating characteristics of the companies and other factors that could affect the public trading values or merger transaction values, as the case may be, of FNB Newton or Synovus and the companies to which they are being compared.

The earnings projections used and relied upon by Burke Capital in its analyses were based upon internal projections of FNB Newton and I/B/E/S estimated earnings per share for Synovus. With respect to all such financial projections and estimates and all projections of transaction costs, purchase accounting adjustments and expected cost savings relating to the merger, FNB Newton's management confirmed to Burke Capital that they reflected the best currently available estimates and judgments of such managements of the future financial performance of FNB Newton, and Burke Capital assumed for purposes of its analyses that such performance would be achieved. Burke

18

Capital expressed no opinion as to such financial projections or the assumptions on which they were based. The financial projections furnished to Burke Capital by FNB Newton were prepared for internal purposes only and not with a view towards public disclosure. These projections, as well as the other estimates used by Burke Capital in its analyses, were based on numerous variables and assumptions which are inherently uncertain and, accordingly, actual results could vary materially from those set forth in such projections.

In performing its analyses, Burke Capital also made numerous assumptions with respect to industry performance, business and economic conditions and various other matters, many of which cannot be predicted and are beyond the control of FNB Newton, Synovus and Burke Capital. The analyses performed by Burke Capital are not necessarily indicative of actual values or future results, which may be significantly more or less favorable than suggested by such analyses. Burke Capital prepared its analyses solely for purposes of rendering its opinion and provided such analyses to the FNB Newton board at the October 31st meeting. Estimates on the values of companies do not purport to be appraisals or necessarily reflect the prices at which companies or their securities may actually be sold. Such estimates are inherently subject to uncertainty and actual values may be materially different. Accordingly, Burke Capital's analyses do not necessarily reflect the value of FNB Newton's common stock or Synovus' common stock or the prices at which FNB Newton's or Synovus' common stock may be sold at any time.

SUMMARY OF PROPOSAL. Burke Capital reviewed the financial terms of the proposed transaction. Based upon the closing price of Synovus' common stock on October 30, 2002 of \$20.25, Burke Capital calculated an implied transaction value of \$168.92 per share and based upon FNB Newton's September 30, 2002 financial information, Burke Capital calculated the following ratios:

Deal Value Calculations:		Deal Multiples:	
SNV Closing Price (October 30, 2002)	\$ 20.25	Transaction Value / LTM Net Income	20.7x

The aggregate transaction value was approximately \$95.1 million, based upon approximately 563 thousand fully diluted shares of FNB Newton common stock outstanding, which was determined using the treasury stock method at the implied per share transaction value. For purposes of Burke Capital's analyses, earnings per share were based on fully diluted earnings per share.

ANALYSIS OF SELECTED MERGER TRANSACTIONS. Burke Capital reviewed other comparable recent transactions which had been announced in the preceding 12 months involving publicly traded commercial banks as acquired institutions with transaction values between \$100 million and \$1 billion and a return on average assets greater than 1.00%. 46 transactions fitting these criteria were announced nationwide. Burke Capital reviewed the multiples of transaction value at announcement to last twelve months earnings, transaction value to book value, transaction value to tangible book value, tangible book premium to core deposits, and transaction value to total assets and computed high, low, mean, median, and quartile multiples and premiums for the transactions. These multiples and premiums were applied to FNB Newton's financial information as of and for the period ended September 30, 2002 and compared it to the implied transaction. As illustrated in the following table, Burke Capital derived an imputed range of values per share of FNB Newton's common stock of \$122.15 to \$151.30 based upon the median multiples for nationwide transactions. The median valuations as implied by the application of the median and mean multiples were \$141.40 and \$147.33, respectively. The implied transaction value of the merger as calculated by Burke Capital was \$168.92.

Burke Capital also ranked the implied transaction in relation to the 46 comparable deals on a transaction value to book value basis, a transaction value to last twelve months earnings basis, and a tangible book premium to core deposits basis. The implied transaction value ranked tenth, twelfth and ninth, respectively.

DISCOUNTED DIVIDEND STREAM AND TERMINAL VALUE ANALYSIS. Burke Capital performed a discounted earnings analysis with regard to FNB Newton on a stand alone basis. This analysis utilized a range of discount rates of 16.0% to 20.0% and a set of terminal multiples to earnings and book of 17.5x and 2.25x, respectively, derived from the median multiples paid in the selected merger transactions. The analysis resulted in a range of present values of \$122.97 per share to \$142.45 per share for FNB Newton. The implied transaction value of the merger as calculated by Burke Capital was \$168.92. As indicated above, this analysis was based on estimates and is not necessarily indicative of actual values or actual future results and does not purport to reflect the prices at which any securities may trade at the present or at any time in the future. Burke Capital noted that the discounted earnings analysis was included because it is a widely used valuation methodology, but noted that the results of such methodology are highly dependent upon the numerous assumptions that must be made, including earnings growth rates, discount rates, and terminal values.

PRO FORMA MERGER ANALYSIS. Burke Capital analyzed certain potential pro forma effects of the merger, based upon (1) the assumption that each share of the FNB Newton common stock is exchanged for (a) cash at a value of \$85.1536 per share, which totals an aggregate of \$46,407,022, and (b) Synovus common stock at an exchange ratio of 4.1353, which totals in aggregate 2,253,666 shares, (2) the earnings per share estimates and projections of FNB Newton and Synovus, and (3) assumptions regarding the economic environment, accounting and tax treatment of the merger, charges and transaction costs associated with the merger and cost savings determined by the senior managements of FNB Newton and Synovus. The analysis indicated that for the year ending December 31, 2003, the merger would be slightly accretive to the combined company's projected earnings per share and dilutive to tangible book value per share. The actual results achieved by the combined company may vary from projected results and the variations may be material.

FNB Newton has agreed to pay Burke Capital a transaction fee of 1% of the aggregate value of the transaction for the first \$85 million and 5% of any value over \$85,000,000. In connection with this agreement, FNB Newton paid

Burke Capital \$25,000 as a retainer, and \$35,000 when the merger agreement was signed. Both of these amounts will be credited against the transaction fee due upon the closing of the merger. FNB Newton has also agreed to reimburse Burke Capital for its out-of-pocket expenses incurred in connection with its engagement and to indemnify Burke Capital and its affiliates and their respective partners, directors, officers, employees, agents, and controlling persons against certain expenses and liabilities, including liabilities under securities laws.

No Solicitation

In the merger agreement, FNB Newton has agreed that it will not solicit or encourage any inquiry or proposal relating to the merger or consolidation of FNB Newton with any entity or the acquisition of all or a significant portion of its assets or properties or equity securities by any person or entity, and that, subject to the fiduciary duties of the board of directors of FNB Newton, it will not negotiate with respect to any such transaction, nor reach any agreement or understanding with respect thereto. FNB Newton has also agreed that it will promptly notify Synovus in the event it receives any inquiry or proposal relating to any such transaction. These provisions are intended to increase the likelihood that the merger will be consummated in accordance with the terms of the merger agreement and may have the effect of discouraging persons who might now or prior to the effective date of the merger be interested in acquiring all of or a significant interest in FNB Newton from considering or proposing such an acquisition.

Conduct of Business of FNB Newton Pending the Merger

The merger agreement provides that prior to the effective date of the merger, FNB Newton and its subsidiary will conduct business only in the ordinary course and will not, without the prior written consent of Synovus:

- issue any options to purchase capital stock or issue any shares of capital stock;
- declare, set aside, or pay any dividend or distribution with respect to the capital stock of FNB Newton other than normal and customary quarterly cash dividends, in an amount not to exceed \$0.21 per share of FNB Newton common stock;
- directly or indirectly redeem, purchase or otherwise acquire any capital stock of FNB Newton or its subsidiary;
- effect a split or reclassification of the capital stock of FNB Newton or its subsidiary or a recapitalization of FNB Newton or its subsidiary;
- amend the Articles of Association or bylaws of FNB Newton or its subsidiary;
- grant any increase in the salaries payable or to become payable by FNB Newton or its subsidiary to

24

any employee other than normal, annual salary increases to be made with regard to employees;

- make any change in any bonus, group insurance, pension, profit sharing, deferred compensation, or other benefit plan, payment or arrangement made to, for or with respect to any employees or directors, except to the extent such changes are required by applicable laws or regulations;
- enter into, terminate, modify or amend any contract, lease or other agreement with any officer or director of FNB Newton or its subsidiary or any "associate" of any such officer or director, as such term is defined in Regulation 14A under the Securities Exchange Act of 1934, as amended, other than in the ordinary course of FNB Newton's banking business;
- incur or assume any liabilities, other than in the ordinary course of business;
- dispose of any of its assets or properties, other than in the ordinary course of business; or
- take any other action not in the ordinary course of business.

Regulatory Approvals

Consummation of the merger and the other transactions contemplated by the merger agreement is subject to, and conditioned upon, receipt of the approvals from the Federal Reserve Board and the Georgia Department of Banking and Finance. Applications in connection with the merger were filed with the regulatory agencies on or about November 19, 2002. The merger has been approved by both the Federal Reserve Board and the Georgia Department of Banking and Finance. The U.S. Attorney General has shortened the period that the merger cannot be consummated from 30 to 15 days after its approval by the Federal Reserve Board. During this period, the United States Justice Department may challenge the merger on antitrust grounds.

There can be no assurance that the regulatory agencies will approve or take other required action with respect to the merger. Synovus and FNB Newton are not aware of any governmental approvals or actions that are required in order to consummate the merger except as described above. Should other approvals or actions be required, it is contemplated that Synovus and FNB Newton would seek the approval or action. There can be no assurance as to whether or when any other approval or action, if required, could be obtained.

Waiver and Amendment

Before the effective date of the merger, any provision of the merger agreement may be waived in writing by the party entitled to the benefits of such provision or by both parties, to the extent allowed by law. In addition, the merger agreement may be amended at any time, to the extent allowed by law, by an agreement in writing between the parties after approval of their respective boards of directors.

Termination and Termination Fee

The merger agreement may be terminated prior to the effective date either before or after its approval by the shareholders of FNB Newton. The merger agreement may be terminated by Synovus or FNB Newton:

- by mutual consent of Synovus and FNB Newton;
- if consummation of the merger does not occur by reason of the failure of any of the conditions precedent set forth in the merger agreement unless the failure to meet the conditions precedent is due to a breach of the merger agreement by the terminating party; or

- if the merger is not consummated by March 31, 2003, unless the failure to consummate by such time is due to the breach of the merger agreement by the terminating party.

In addition, the merger agreement may be terminated by FNB Newton if, during the five (5) business days immediately prior to the effective date of the merger, the total cash consideration paid by Synovus is greater than fifty-five (55%) of the sum of such total cash consideration plus the total stock consideration such that Powell, Goldstein, Frazer & Murphy LLP cannot issue a tax opinion in which it opines that the merger shall qualify for a tax-free exchange pursuant to the applicable section of the Internal Revenue Code.

25

If either party terminates the merger agreement due to the failure of the other party to satisfy its representations, warranties or covenants in the agreement, the terminating party will be entitled to a cash payment from the other party in the amount of the terminating party's expenses related to the merger, up to a maximum of \$150,000.

Interests of FNB Newton's Directors and Officers in the Merger

Some members of the FNB Newton board of directors and management have interests in the merger in addition to their interests generally as shareholders of FNB Newton. The FNB Newton board of directors was aware of these interests and considered them, in addition to other matters, in approving the merger agreement.

Existing Employment Agreements. Stephen C. Wood, Chairman and President of FNB Newton, and Thomas R. Kephart, Chief Financial Officer of FNB Newton, both have existing employment agreements which contain change of control provisions that would be triggered by the merger. As such, if the merger is completed as contemplated, Messrs. Wood and Kephart would each receive a change of control payment, under certain circumstances, equal to his total compensation for the immediately preceding twelve month period.

Executive Special Bonus Payments. FNB Newton is a party to an Executive Special Bonus Agreement with Stephen C. Wood and Thomas R. Kephart, respectively. These agreements provide for several revenue-based bonuses, as well as the payment of bonuses to Messrs. Wood and Kephart in the amounts of \$50,000 and \$25,000, respectively, in the event a sale of FNB Newton is closed and consummated on or before April 1, 2003. In addition, these agreements provide that Messrs. Wood and Kephart will be paid \$10,000 and \$5,000, respectively, for each full \$1,000,000 amount by which the total value of the sale of FNB Newton exceeds \$90,000,000. As of January 17, 2003, such bonus amounts payable to Messrs. Wood and Kephart would be approximately \$70,000 and \$35,000, respectively.

Phantom Stock Plan. FNB Newton is a party to Phantom Stock Agreements with both Stephen C. Wood and Thomas R. Kephart. Under these agreements, FNB Newton granted Messrs. Wood and Kephart, phantom stock units which represent eligibility, subject to a vesting schedule, to receive a cash benefit amount calculated using a formula defined in the stock plan that takes into account the increase in book value from the prior fiscal year. These agreements also provide that participants become 100% vested upon a change of control, and that FNB Newton has the right to prepay all benefit amounts, in the sole discretion of FNB Newton. As of the effective date of the merger agreement, the total amounts payable to Messrs. Wood and Kephart were \$15,105.94 and \$3,470.19, respectively.

Anticipated Employment Agreements. It is a condition to the merger that Stephen C. Wood enter into an employment agreement with Synovus before the effective date of the merger. The proposed employment agreement is for a three-year term with a base salary equal to that under Mr. Wood's existing employment agreement and provides for the election of Mr. Wood as President of First Nation Bank. Mr. Wood will be granted options to purchase 10,000 shares of common stock of Synovus at fair market value in connection with the employment agreement. The proposed employment agreement also provides that should Mr. Wood leave the employment of Synovus during the three-year term, he shall repay a pro rata portion of the change of control payment he will receive pursuant to his existing

employment agreement which is referenced in the immediately preceding section. As part of the employment agreement, Synovus has also agreed to enter into its standard change of control agreement with Mr. Wood. The agreement provides severance pay and continuation of certain benefits in the event of a change of control of Synovus. In order to receive benefits under the agreement, the executive's employment must be terminated involuntarily and without cause, whether actually or constructively, within one year following a change of control or the executive may voluntarily or involuntarily terminate employment during the thirteenth month following a change of control.

Synovus has also proposed to enter into an employment agreement with Thomas R. Kephart as Chief Financial Officer of First Nation Bank for a three-year term with a base salary equal to that of Mr. Kephart under Mr. Kephart's existing employment agreement. The employment agreement would also provide that should Mr. Kephart leave the employment of Synovus during the three-year term, he shall repay a pro rata portion of the change of control payment he will receive pursuant to his existing employment agreement which is referenced in the immediately preceding section.

26

FNB Newton Stock Options. FNB Newton has granted stock options from time to time to some directors, executive officers, key employees, and consultants (Optionees). As of the date of this document, there are outstanding options to purchase an aggregate of 29,500 shares of FNB Newton common stock that have been granted to the Optionees. Upon completion of the merger, each option granted by FNB Newton will be assumed by Synovus and converted automatically into an option to purchase shares of Synovus common stock. The number of Synovus shares to be subject to each new option and the exercise price per share of Synovus common stock under the new option are defined in the merger agreement. All of the outstanding FNB Newton stock options which are not otherwise fully exercisable prior to the merger will become immediately exercisable upon completion of the merger. The following table sets forth, as of the date of this document, with respect to each Optionee of FNB Newton (a) the number of shares of FNB Newton common stock subject to options held by such person, and (b) the number of shares as to which such options will become exercisable upon completion of the merger.

Employee Benefits

Synovus has agreed in the merger agreement that, following the effective date of the merger, Synovus will provide to employees of FNB Newton employee benefits, including without limitation pension benefits, health and welfare benefits, life insurance and vacation and severance arrangements, on terms and conditions that are substantially similar to those currently provided by FNB Newton and its subsidiary. As soon as administratively and financially practicable following the effective date of the merger, Synovus has agreed to provide generally to employees of FNB Newton and its subsidiary employee benefits which are substantially similar to those provided by Synovus and its subsidiaries to their similarly situated employees.

Material United States Federal Income Tax Consequences of the Merger

The following is a general summary of the material United States federal income tax consequences of the merger to Synovus, FNB Newton, and FNB Newton shareholders who hold FNB Newton common stock as capital assets, assuming that the merger is effected as described in the merger agreement and this document. This summary is based on currently existing provisions of the Internal Revenue Code of 1986, as amended, which we refer to below as the Code, existing Treasury Regulations thereunder and current administrative rulings and court decisions, all of which are subject to change, possibly with retroactive effect. This summary does not address the tax consequences of the merger under foreign, state or local tax laws or the tax consequences of transactions effectuated prior or subsequent to or concurrently with the merger, whether or not such transactions are in connection with the merger, including, without limitation, transactions in which FNB Newton common stock is acquired or Synovus common stock is disposed of in such prior or subsequent transactions.

The following summary does not address all U.S. federal income tax considerations that may be relevant to

particular FNB Newton shareholders in light of their particular circumstances. This summary does not address the U.S. federal income tax considerations applicable to certain classes of FNB Newton shareholders, including:

- financial institutions;
- insurance companies;
- tax-exempt organizations;
- dealers in securities or currencies;
- traders in securities that elect to market;
- persons who hold FNB Newton common stock as part of a hedge, straddle or conversion transaction;
- persons who are treated as foreign persons for United States federal income tax purposes;
- persons who acquired or acquire shares of FNB Newton common stock pursuant to the exercise of employee stock options or otherwise as compensation; and
- persons who do not hold their shares of FNB Newton common stock as a capital asset.

ACCORDINGLY, FNB NEWTON SHAREHOLDERS ARE URGED TO CONSULT THEIR OWN TAX ADVISORS AS TO THE SPECIFIC TAX CONSEQUENCES OF THE MERGER, INCLUDING THE APPLICABLE FEDERAL, STATE, LOCAL AND FOREIGN TAX CONSEQUENCES TO THEM OF THE MERGER IN THEIR PARTICULAR CIRCUMSTANCES.

Consummation of the merger is conditioned upon the receipt by the boards of directors of FNB Newton and Synovus of an opinion of tax counsel, dated the date of the merger, in form and substance reasonably satisfactory to such Boards, respectively, that the merger will be treated as a reorganization within the meaning of Section 368(a) of the Code. The opinion will rely on certain facts, assumptions, and representations set forth or referred to in the opinions, including representations contained in officers' certificates of FNB Newton, Synovus, and others.

Assuming that the merger is transacted in accordance with the opinion of counsel described above, tax counsel has advised the boards of directors of FNB Newton and Synovus that the material United States federal income tax consequences of the merger to FNB Newton, Synovus, and the shareholders of FNB Newton common stock will be as follows:

- Neither FNB Newton nor Synovus will recognize any gain or loss as a result of the transfer of assets by FNB Newton and the assumption of FNB Newton's liabilities by Synovus as a result of the merger of FNB Newton with and into Synovus, except for the recognition by FNB Newton and the members of the FNB Newton

28

consolidated group for U.S. federal income tax purposes of any gain that has been deferred in accordance with the provisions of Treasury Regulation issued in accordance with the provisions of Section 1502 of the Code.

- The basis of the assets received by Synovus from FNB Newton, including the stock of FNB Newton, will equal FNB Newton's basis in such assets immediately prior to the merger, and Synovus' holding period with respect to such assets will include the period such assets were held by FNB Newton.

- Holders of FNB Newton common stock that receive cash and Synovus common stock in connection with the merger will recognize gain in an amount equal to the lesser of the cash received in the merger, but not including any cash received in lieu of the issuance of fractional shares of Synovus common stock, or the actual gain realized from the exchange. The actual gain realized from the exchange will be equal to the excess of the sum of the cash and the fair market value of the Synovus common stock received by an FNB Newton shareholder over such FNB Newton shareholder's basis in his FNB Newton common stock surrendered in the merger. An FNB Newton shareholder that acquired his FNB Newton shares at different times and in different lots will be required to compute separately any gain recognized as a result of the exchange of such FNB Newton shares in the merger for each lot of FNB Newton shares owned by such FNB Newton shareholder. Any gain recognized by any such FNB Newton shareholder will be long-term capital gain provided that the FNB Newton common stock was held as a capital asset by such FNB Newton shareholder and such FNB Newton shareholder has held such FNB Newton shares for more than one year on the date of the exchange, and the requirements for sale or exchange treatment in Code Section 302(b)(1), (2), or (3) are met. An FNB Newton shareholder will not be permitted to recognize any loss realized as a result of the surrender of his FNB Newton common stock in the merger.
- The aggregate adjusted tax basis of the Synovus common stock, including fractional shares of Synovus common stock, received by an FNB Newton shareholder who exchanges his FNB Newton common stock for cash and Synovus common stock pursuant to the merger will be equal to the aggregate adjusted tax basis of the FNB Newton common stock surrendered in exchange therefore, decreased by the amount of cash received in the merger, not including cash received in lieu of fractional shares, and increased by the amount of gain recognized as a result of the receipt of cash in the merger, but not gain recognized with respect to the receipt of cash in lieu of fractional shares. Such amount must then be further reduced by the amount of such basis allocated to the fractional shares of Synovus common stock redeemed in the merger.
- The holding period of the Synovus common stock received by each FNB Newton shareholder who exchanges his FNB Newton common stock for Synovus common stock and cash pursuant to in the merger, including any fractional share deemed issued and then redeemed for cash, will include the holding period of the FNB Newton common stock surrendered in exchange therefor.
- A holder of FNB Newton common stock receiving cash in the merger in lieu of a fractional interest in Synovus common stock will be treated as if such holder actually received such fractional share interest that was subsequently redeemed by Synovus. An FNB Newton shareholder will generally recognize gain or loss for U.S. federal income tax purposes with respect to a cash payment in lieu of a fractional share measured by the difference, if any, between the amount of cash received and the shareholder's adjusted tax basis in such fractional share interest.
- Where, pursuant to the exercise of dissenters' rights, solely cash is received by a FNB Newton shareholder in exchange for the cancellation of his FNB Newton common stock in the merger, the former FNB Newton shareholder will be subject to federal income tax as a result of such transaction. The cash will be treated as having been received in redemption of such holder's FNB Newton common stock and subject to the taxation in accordance with provisions and limitations of Section 302 of the Code.

Under Section 302 of the Code, the gain recognized by an FNB Newton shareholder in connection with the merger will be considered capital gain if one of the following tests is met after the merger:

- the FNB Newton shareholder does not own any shares of Synovus common stock;

- the receipt of cash is considered substantially disproportionate with respect to the FNB Newton shareholder's ownership of Synovus common stock after the merger; or
- the receipt of cash by the FNB Newton shareholder is "not essentially equivalent to a dividend."

These three tests are applied by taking into account not only Synovus common stock that a former FNB Newton shareholder actually owns after the merger, but also Synovus common stock that such FNB Newton shareholder constructively owns pursuant to Section 318 of the Code, as described below.

Under the constructive ownership rules of Section 318 of the Code, a shareholder is deemed to constructively own shares owned by certain related individuals and entities in addition to shares directly owned by the shareholder. For example, an individual shareholder is considered to own shares owned by or for his or her spouse, and his or her children, grandchildren, and parents (family attribution). In addition, a shareholder is considered to own a proportionate number of shares owned by estates or certain trusts in which the shareholder has a beneficial interest, by partnerships in which the shareholder is a partner, and by corporations in which 50% or more in value of the stock is owned directly or indirectly by or for such shareholder. Similarly, shares directly or indirectly owned by beneficiaries of estates of certain trusts, by partners of partnerships and, under certain circumstances, by shareholders of corporations may be considered owned by these entities (entity attribution). A shareholder is also deemed to own shares that the shareholder has the right to acquire by exercise of an option.

In general, a complete termination will be deemed to have occurred with respect to a former FNB Newton shareholder if such FNB Newton shareholder does not own actually or constructively own any shares of Synovus common stock immediately after the merger. However, a shareholder may qualify for gain or loss treatment under the complete termination requirements even though such shareholder constructively owns shares of Synovus common stock provided that (1) the former FNB Newton shareholder constructively owns shares of Synovus common stock only as a result of the family attribution rules or, in some cases, as a result of a combination of the family and entity attribution rules, and (2) the former FNB Newton shareholder qualifies for and executes a waiver of the family attribution rules, such waiver being subject to several conditions, one of which is that the shareholder has no interest in Synovus immediately after the reverse stock split, including an interest as an officer, director or employee, other than an interest as a creditor.

In general, the receipt of cash pursuant to the merger stock split will be substantially disproportionate with respect to a former FNB Newton shareholder if (a) the percentage of Synovus common stock directly and constructively owned by such former FNB Newton shareholder immediately after the merger is less than (b) 80% of the percentage of Synovus common stock that such FNB Newton shareholder would have directly and constructively owned if the former FNB Newton shareholder had received only Synovus common stock instead of both cash and Synovus common stock in the merger, hypothetically assuming that only Synovus common stock was offered as the merger consideration. In addition, any such former FNB Newton shareholder cannot own 50% or more of the Synovus common stock immediately after the reverse stock split. Alternatively, the receipt of cash pursuant to the reverse stock split will, in general, be not essentially equivalent to a dividend if the reverse stock split results in a meaningful reduction in a former FNB Newton shareholder's proportionate interest in Synovus common stock as compared to the Synovus common stock such former FNB Newton shareholder would have owned if the former FNB Newton shareholder had received only Synovus common stock instead of both cash and Synovus common stock in the merger, hypothetically assuming that only Synovus common stock was offered as the merger consideration.

It is anticipated that a former FNB Newton shareholder who receives both cash and Synovus common stock in the merger likely will meet both the complete termination and the substantially disproportionate redemption requirements because his or her ownership percentage of Synovus common stock probably will decrease by a meaningful amount, in excess of 20%, as a result of the receipt of cash, in lieu of the hypothetical issuance of additional shares of Synovus common stock as substitute merger consideration. However, since the information regarding the satisfaction of any of the three redemption requirements depends upon facts that are personal as to each FNB Newton shareholder, each

FNB Newton shareholder is urged to discuss whether the FNB Newton shareholder will satisfy one of these requirements with his or her own tax adviser.

30

If none of the three redemption requirements described above is satisfied, any gain recognized by a former FNB Newton shareholder will be taxable as a dividend. Capital gain that is recognized by a former FNB Newton shareholder as a result of the receipt of cash in connection with the merger is taxed at maximum rate of 20% for U.S. federal income tax purposes in the case of an individual taxpayer. Dividend income is taxed as ordinary income at rates of up to 38.6% currently for U.S. federal income tax purposes. State and local income taxes also may apply.

Each FNB Newton shareholder that receives Synovus common stock in the merger will be required to attach a statement to such FNB Newton shareholder's federal income tax return for the year of the merger that describes the facts of the merger, including information regarding such FNB Newton shareholder's basis in the FNB Newton common stock exchanged, and the number of shares of Synovus common stock and cash received in exchange for FNB Newton common stock. Each FNB Newton shareholder should also keep as part of his permanent records information necessary to establish such FNB Newton shareholder's basis in, and holding period for, the Synovus common stock received in the merger.

No ruling has been or will be obtained from the Internal Revenue Service in connection with the merger. FNB Newton shareholders should be aware that the tax opinions described above do not bind the Internal Revenue Service. The closing conditions regarding receipt of a tax opinion may not be waived by the boards of directors of either FNB Newton or Synovus and, accordingly, are irrevocable.

THE PRECEDING DISCUSSION IS INTENDED ONLY AS A SUMMARY OF CERTAIN UNITED STATES FEDERAL INCOME TAX CONSEQUENCES OF THE MERGER AND DOES NOT PURPORT TO BE A COMPLETE ANALYSIS OR DISCUSSION OF ALL POTENTIAL TAX EFFECTS RELEVANT THERETO. THUS, FNB NEWTON SHAREHOLDERS ARE URGED TO CONSULT THEIR OWN TAX ADVISORS AS TO THE SPECIFIC TAX CONSEQUENCES TO THEM OF THE MERGER, INCLUDING TAX RETURN REPORTING REQUIREMENTS, THE APPLICABILITY AND EFFECT OF NON-U.S., FEDERAL, STATE, LOCAL, AND OTHER APPLICABLE TAX LAWS AND THE EFFECT OF ANY PROPOSED CHANGES IN THE TAX LAWS.

Accounting Treatment

The merger will be accounted for by Synovus as a purchase transaction in accordance with generally accepted accounting principles in the United States of America. One effect of such accounting treatment is that the earnings of FNB Newton will be combined with the earnings of Synovus only from and after the effective date of the merger.

Expenses

The merger agreement provides that Synovus and FNB Newton will each pay its own expenses in connection with the merger and related transactions, including, but not limited to, the fees and expenses of its own investment bankers, legal counsel and accountants.

New York Stock Exchange Listing

Synovus common stock is listed on the NYSE. The shares of Synovus common stock to be issued to the shareholders of FNB Newton in the merger will be listed on the NYSE.

Resales of Synovus Common Stock

The shares of Synovus common stock issued pursuant to the merger agreement will be freely transferable under the Securities Act of 1933, except for shares issued to any shareholder who may be deemed to be an affiliate of FNB Newton for purposes of Rule 145 under the Securities Act as of the date of the FNB Newton special meeting. Affiliates may not sell their shares of Synovus common stock acquired in connection with the merger except pursuant to an effective registration statement under the Securities Act covering the resale of such shares or in compliance with Rule 145 promulgated under the Securities Act or another applicable exemption from the registration requirements of the Securities Act. Rule 145 imposes restrictions on the manner in which an affiliate may resell and the quantity of any resale of any of the shares of Synovus common stock received by the affiliate in

31

the merger. Persons who may be deemed to be affiliates of FNB Newton generally include individuals or entities that control, are controlled by or are under common control with FNB Newton and may include executive officers and directors of FNB Newton as well as principal shareholders of FNB Newton.

FNB Newton has agreed in the merger agreement to use its best efforts to cause each director, executive officer and other person who is an affiliate of FNB Newton to enter into an agreement with Synovus providing that such person will not sell, pledge, transfer or otherwise dispose of shares of FNB Newton common stock owned by such person or Synovus common stock to be received by such person in the merger except in compliance with Rule 145 or in a transaction exempt under the Securities Act. This prospectus does not cover resales of Synovus common stock following consummation of the merger, and no person may make use of this prospectus in connection with any such resale.

DESCRIPTION OF STOCK AND EFFECT OF MERGER ON RIGHTS OF FNB NEWTON SHAREHOLDERS

If the merger is completed, all holders of FNB Newton common stock and options will become holders of shares of Synovus common stock or holders of options for shares of Synovus common stock. The rights of a holder of Synovus common stock are similar in some respects and different in other respects from the rights of a holder of FNB Newton common stock. The rights of FNB Newton shareholders are currently governed by the Georgia Business Corporation Code and the Articles of Incorporation and bylaws of FNB Newton. The rights of Synovus shareholders are currently governed by the Georgia Business Corporation Code and the Articles of Incorporation and bylaws of Synovus. The following discussion summarizes the material differences between the current rights of FNB Newton shareholders and the rights they will have as Synovus shareholders following the merger.

The following comparison of shareholders' rights is necessarily a summary, is not intended to be complete or to identify all differences that may, under given situations, be material to shareholders and is subject, in all respects, and is qualified by reference to the Georgia Business Corporation Code, FNB Newton's Articles of Incorporation and bylaws, and Synovus' Articles of Incorporation and bylaws.

Synovus Common Stock

Synovus is incorporated under the Georgia Business Corporation Code. Synovus is authorized to issue 600,000,000 shares of Synovus common stock, of which 299,703,639 shares were outstanding on September 30, 2002. Synovus has no preferred stock authorized. Synovus board of directors may at any time, without additional approval of the holders of Synovus common stock, issue authorized but unissued shares of Synovus common stock.

As described below, Synovus Articles of Incorporation and bylaws presently contain several provisions which may make Synovus a less attractive target for an acquisition of control by an outsider who lacks the support of Synovus board of directors.

Voting Rights; Anti-Takeover Effects; The Voting Amendment

Under an amendment to Synovus Articles of Incorporation and bylaws which became effective on April 24, 1986, referred to in this document as the voting amendment, shareholders of Synovus common stock are entitled to ten votes on each matter submitted to a vote at a meeting of shareholders for each share of Synovus common stock which:

- has had the same beneficial owner since April 24, 1986;

- was acquired by reason of participation in a dividend reinvestment plan offered by Synovus and is held by the same beneficial owner for whom it was acquired under such plan;
- is held by the same beneficial owner to whom it was issued as a result of an acquisition of a company or business by Synovus where the resolutions adopted by Synovus board of directors approving such issuance specifically reference and grant such rights, including shares of Synovus common stock to be issued to the former shareholders of FNB Newton upon consummation of the merger;
- was acquired under any employee, officer and/or director benefit plan maintained for one or more employees, officers and/or directors of Synovus and/or its subsidiaries, and is held by the same beneficial owner for whom it was acquired under such plan;
- is held by the same beneficial owner to whom it was issued by Synovus, or to whom it was transferred by Synovus from treasury shares, and the resolutions adopted by Synovus board of directors approving such issuance and/or transfer specifically reference and grant such rights;
- has been beneficially owned continuously by the same shareholder for a period of forty-eight (48) consecutive months before the record date of any meeting of shareholders at which the share is eligible to be voted;
- was acquired as a direct result of a stock split, stock dividend or other type of share distribution if the share as to which it was distributed has had the same beneficial owner for a period of forty-eight (48) consecutive months before the record date of any meeting of shareholders at which the share is eligible to be voted; or
- is owned by a holder who, in addition to shares which are beneficially owned under any of the other requirements set forth above, is the beneficial owner of less than 1,139,063 shares of Synovus common stock, which amount has been appropriately adjusted to reflect the stock splits which have occurred subsequent to April 24, 1986 and with such amount to be appropriately adjusted to properly reflect any other change in Synovus common stock by means of a stock split, a stock dividend, a recapitalization or other similar action occurring after April 24, 1986.

33

Holders of shares of Synovus common stock not described above are entitled to one vote per share for each such share. A shareholder may own both ten-vote shares and one-vote shares, in which case he or she will be entitled to ten votes for each ten-vote share and one vote for each one-vote share.

In connection with various meetings of Synovus shareholders, shareholders are required to submit to Synovus board of directors satisfactory proof necessary for it to determine whether such shareholders shares of Synovus common stock are ten-vote shares. If such information is not provided to Synovus board of directors, shareholders who would, if they had provided such information, be entitled to ten votes per share, are entitled to only one vote per share.

As Synovus common stock is registered with the SEC and is listed on the NYSE, Synovus common stock is subject to the provisions of an NYSE rule, which, in general, prohibits a company s common stock and equity securities from being authorized or remaining authorized for listing on the NYSE if the company issues securities or takes other corporate action that would have the effect of nullifying, restricting or disparately reducing the voting rights of existing shareholders of the company. However, such rule contains a grandfather provision, under which Synovus voting amendment qualifies, which, in general, permits grandfathered disparate voting rights plans to continue to operate as adopted. Synovus management believes that all current shareholders of Synovus common stock are entitled to ten votes per share, and as such, the further issuance of any ten-vote shares would not disenfranchise any existing shareholders. In the event it is determined in the future that Synovus cannot continue to issue ten-vote shares in

mergers and acquisitions, Synovus will consider repealing the voting amendment and restoring the principle of one share/one vote.

If the merger is approved, present shareholders of FNB Newton common stock, as future shareholders of Synovus common stock, will, under the voting amendment described above, be entitled to ten votes per share for each share of Synovus common stock received by them on the effective date of the merger. Each shareholder of FNB Newton may also acquire by purchase, stock dividend or otherwise, up to 1,139,063 additional shares of Synovus common stock which will also be entitled to ten votes per share. However, if a FNB Newton shareholder acquires by purchase, stock dividend or otherwise, more than 1,139,063 additional shares of Synovus common stock, he or she will be entitled to only receive one vote per share for each of the shares in excess of 1,139,063 shares until they have been held for four years.

Except with respect to voting, ten-vote shares and one-vote shares are identical in all respects and constitute a single class of stock, *i.e.*, Synovus common stock. Neither the ten-vote shares nor the one-vote shares have a preference over the other with regard to dividends or upon liquidation. Synovus common stock does not carry any pre-emptive rights enabling a holder to subscribe for or receive shares of Synovus common stock.

The Rights Plan

Synovus has adopted a shareholder rights plan under which holders of shares of Synovus common stock also hold rights to purchase securities that may be exercised upon the occurrence of triggering events. Shareholder rights plans such as Synovus plan are intended to encourage potential hostile acquirors to negotiate with the board of directors of the target corporation to avoid occurrence of the triggering events specified in such plans. Shareholder rights plans are intended to give the directors of a target corporation the opportunity to assess the fairness and appropriateness of a proposed transaction to determine whether or not it is in the best interests of the corporation and its shareholders. Notwithstanding these purposes and intentions of shareholder rights plans, such plans, including that of Synovus, could have the effect of discouraging a business combination that shareholders believe to be in their best interests. The provisions of Synovus shareholder rights plan are discussed below.

On April 27, 1999, the board of directors of Synovus adopted a rights plan and authorized and declared a dividend of one common stock purchase right with respect to each outstanding share of Synovus common stock outstanding on May 4, 1999, and to each holder of common stock issued thereafter until the date the rights become exercisable or the expiration or earlier redemption of the rights. Each right entitles the registered holder to purchase from Synovus one share of common stock at a price of \$225.00 per share, subject to adjustment, once rights become exercisable. The description and terms of the rights are set forth in the rights agreement between Synovus and Mellon Investor Services LLC, as the rights agent.

34

Initially, the rights will attach to all certificates of outstanding shares of common stock, and no separate right certificates will be distributed. The rights will become exercisable and separate from the shares of common stock upon the earlier to occur of:

- ten days after the date of a public announcement that a person or group of affiliated or associated persons has acquired beneficial ownership of 15% or more of the outstanding common stock, such date being referred to in this document as the stock acquisition date and such person or group as an acquiring person ; or
- ten business days, or such later date as the board may determine, following the commencement of, or announcement of an intention to make, a tender offer or exchange offer, the consummation of which would result in a person or group becoming the beneficial owner of 15% or more of the outstanding common stock,

the earlier of such date and the stock acquisition date being the distribution date.

Shares of common stock beneficially owned by Synovus or any subsidiary of Synovus will not be considered outstanding for purposes of calculating the percentage ownership of any person.

Each of the following persons will not be deemed to be an acquiring person even if they have acquired, or obtained the right to acquire beneficial ownership of 15% or more of the outstanding common stock:

- Synovus, any subsidiary of Synovus, or any employee benefit plan of Synovus or of any subsidiary of Synovus;
- any shareholder who is a descendant of D. Abbott Turner, any shareholder who is affiliated or associated with the Turner family and any person who would otherwise become an acquiring person as a result of the receipt of common stock or a beneficial interest in common stock from one or more members of the Turner family by way of gift, devise, descent or distribution, but not by way of sale, unless any such person, together with his affiliates and associates, becomes the beneficial owner of more than 30% of the outstanding shares of common stock;
- any person who would otherwise become an acquiring person solely by virtue of a reduction in the number of outstanding shares of common stock unless and until such person becomes the beneficial owner of any additional shares of common stock; and
- any person who as of May 4, 1999 was the beneficial owner of 15% or more of the outstanding common stock unless and until such person shall become the beneficial owner of any additional shares of common stock.

Until the distribution date or earlier redemption or expiration of the rights:

- the rights will be evidenced by the certificates for the common stock;
- the rights will be transferred with, and only with, the shares of common stock;
- new common stock certificates issued after the record date upon transfer or new issuance of shares of common stock will contain a notation incorporating the rights agreement by reference; and
- the surrender for transfer of any certificates for shares of common stock outstanding as of the record date, even without such notation, will also constitute the transfer of the rights associated with the shares of common stock represented by such certificate.

As soon as practicable following the distribution date, separate certificates evidencing the rights will be mailed to holders of record of the shares of common stock as of the close of business on the distribution date, and such separate right certificates alone will evidence the rights. The rights are not exercisable until the distribution date. The rights will expire at the close of business on May 5, 2009, unless earlier redeemed by Synovus.

35

If any person becomes an acquiring person, each holder of a right will thereafter have the flip-in right to receive, upon payment of the purchase price of the right, shares of common stock, or in some circumstances, cash, property or other securities of Synovus, having a value equal to two times the purchase price of the right. Notwithstanding the foregoing, all rights that are, or were, beneficially owned by an acquiring person or any affiliate or associate of an acquiring person will be null and void and not exercisable.

If, at any time following the stock acquisition date: (1) Synovus is acquired in a merger or other business combination transaction in which the holders of all of the outstanding shares of common stock immediately before the consummation of the transaction are not the holders of all of the surviving corporation's voting power, or (2) more than 30% of Synovus' assets, cash flow or earning power is sold or transferred other than in the ordinary course of Synovus' business, then each holder of a valid right shall thereafter have the flip-over right to receive, in lieu of shares of common stock and upon exercise and payment of the purchase price, common shares of the acquiring company having a value equal to two times the purchase price of the right. If a transaction would otherwise result in a holder's having a flip-in as well as a flip-over right, then only the flip-over right will be exercisable. If a transaction results in a holder's having a flip-over right after a transaction resulting in a holder's having a flip-in right, a holder will have flip-over rights only to the extent such holder's flip-in rights have not been exercised.

The purchase price payable, and the number of shares of common stock or other securities or property issuable, upon exercise of the rights are subject to adjustment from time to time to prevent dilution (1) in the event of a stock dividend on, or a subdivision, combination or reclassification of, the common stock, (2) upon the grant to holders of the common stock of rights or warrants to subscribe for common stock or convertible securities at less than the current market price of the common stock, or (3) upon the distribution to holders of the common stock of evidences of indebtedness or assets, excluding dividends payable in common stock, or of subscription rights or warrants, other than those referred to above. However, no adjustment in the purchase price will be required until cumulative adjustments require an adjustment of at least 1%.

The number of outstanding rights and the number of shares of common stock issuable upon exercise of each right are also subject to adjustment in the event of a stock split of the common stock or a stock dividend on the common stock payable in common stock or subdivisions, consolidations or combinations of the common stock occurring, in any such case, before the distribution date.

At any time after a person becomes an acquiring person and before the acquisition by a person of 50% or more of the outstanding common stock of Synovus, the board of directors may, at its option, issue common stock or common stock equivalents of Synovus in mandatory redemption of, or in exchange for, all or part of the then outstanding exercisable rights, other than rights owned by such acquiring person which would become null and void, at an exchange ratio of one share of common stock, or common stock equivalents equal to one share of common stock, per right, subject to adjustment.

To the extent that, after the triggering of flip-in rights, insufficient shares of common stock are available for the exercise in full of the rights, holders of rights will receive upon exercise shares of common stock to the extent available and then cash, property or other securities of Synovus, in proportions determined by Synovus, so that the aggregate value received is equal to twice the purchase price.

Synovus is not required to issue fractional shares of common stock. Instead, a payment in cash will be made to the holder of such rights equal to the same fraction of the current value of a share of common stock. Following the triggering of the flip-in rights, Synovus will not be required to issue fractional shares of common stock upon exercise of the rights. Instead, a payment in cash will be made to the holder of such rights equal to the same fraction of the current market value of a share of common stock.

At any time before the distribution date, the board of directors of Synovus may redeem all, but not less than all, of the then outstanding rights at a price of \$.001 per right. The redemption of the rights may be made effective at such time, on such basis and with such conditions as the board of directors in its sole discretion may establish. Immediately upon the action of the board of directors ordering redemption of the rights, the right to exercise the rights will terminate and the only right of the holders of rights will be to receive the redemption price.

Until a right is exercised, the holder of the right, as such, will have no rights as a shareholder of Synovus, including, without limitation, the right to vote or to receive dividends.

The issuance of the rights is not taxable to Synovus or to shareholders under presently existing federal income tax law, and will not change the way in which shareholders can presently trade Synovus shares of common stock. If the rights should become exercisable, shareholders, depending on then existing circumstances, may recognize taxable income.

Before the stock acquisition date, the rights agreement generally may be amended by Synovus without the consent of the holders of the rights or the common stock. On or after the stock acquisition date, Synovus may amend the rights agreement only to (1) cure any ambiguity, (2) correct or supplement any provision which may be defective or inconsistent with the other provisions of the rights agreement, or (3) change or supplement the rights agreement in any other manner which Synovus may deem necessary or desirable, provided that no amendment shall adversely affect the interests of the holders of rights, other than an acquiring person and its affiliates and associates.

A copy of the rights agreement has been filed with the SEC as an exhibit to Synovus Registration Statement on Form 8-A with respect to the rights filed with the SEC. The Form 8-A and the rights agreement are incorporated by reference in this document, and reference is made to them for the complete terms of the rights agreement and the rights. This summary description of the rights does not purport to be complete and is qualified in its entirety by reference to the rights agreement. If the merger is approved, rights will attach to Synovus common stock issued to the present shareholders of FNB Newton.

Staggered Board of Directors; Supermajority Approvals

Under Synovus Articles of Incorporation and bylaws, Synovus board of directors is divided into three classes of directors serving staggered three year terms, with the terms of each class of directors to expire each succeeding year. Also under Synovus Articles of Incorporation and bylaws, the vote or action of shareholders possessing 66-2/3% of the votes entitled to be cast by the holders of all the issued and outstanding shares of Synovus common stock is required to:

- call a special meeting of Synovus shareholders;
- fix, from time to time, the number of members of Synovus board of directors;
- remove a member of Synovus board of directors;
- approve any merger or consolidation of Synovus with or into any other corporation, or the sale, lease, exchange or other disposition of all, or substantially all, of Synovus assets to or with any other corporation, person or entity, with respect to which the approval of Synovus shareholders is required by the provisions of the corporate laws of the State of Georgia; and
- alter, delete or rescind any provision of Synovus Articles of Incorporation.

This allows directors to be removed only for cause by 66-2/3% of the votes entitled to be cast at a shareholders meeting called for that purpose. Vacancies or new directorships can only be filled by a majority vote of the directors then in office. Synovus staggered board of directors, especially when combined with the voting amendment, makes it more difficult for its shareholders to force an immediate change in the composition of the majority of the board. A potential acquiror with shares recently acquired, and not entitled to 10 votes per share under the voting amendment, may be discouraged or prevented from soliciting proxies for the purpose of electing directors other than those nominated by current management for the purpose of changing the policies or control of Synovus.

Evaluation of Business Combinations

Synovus' Articles of Incorporation also provide that in evaluating any business combination or other action, Synovus' board of directors may consider, in addition to the amount of consideration involved and the effects on Synovus and its shareholders, the interests of the employees, customers, suppliers and creditors of Synovus and

37

its subsidiaries, the communities in which offices of the corporation or its subsidiaries are located, and any other factors the board of directors deems pertinent.

FNB Newton Capital Stock

The Articles of Incorporation of FNB Newton authorize the issuance of 10,000,000 shares of FNB Newton common stock and 1,000,000 shares of preferred stock. At September 30, 2002, there were 544,980 shares of FNB Newton common stock issued and outstanding and no shares of FNB Newton preferred stock issued and outstanding. The remaining authorized shares of FNB Newton common stock and preferred stock may be issued from time to time in such amounts as the board of directors determines. The FNB Newton board may issue shares of preferred stock in one or more series, and determine the relative rights and preferences of the shares of each series. Each holder of FNB Newton common stock has one vote per share upon all matters voted upon by shareholders. Voting rights are noncumulative so that shareholders holding a majority of the outstanding shares of FNB Newton common stock are able to elect all members of the board of directors. All shares of FNB Newton common stock, when issued and fully paid, are non-assessable and are not subject to redemption or conversion and have no preemptive rights. Upon the liquidation, dissolution or winding up of FNB Newton, whether voluntary or involuntary, holders of FNB Newton common stock are entitled to share ratably, after satisfaction in full of all liabilities, in all remaining assets of FNB Newton available for distribution. All shares of FNB Newton common stock are entitled to share equally in such dividends as the board of directors may declare on the FNB Newton common stock from sources legally available therefor. FNB Newton is a holding company and conducts almost all of its operations through its bank subsidiary. Accordingly, FNB Newton depends on the cash flow of its subsidiary bank to meet its obligations. FNB Newton's subsidiary bank is limited in the amount of dividends it can pay to FNB Newton without prior regulatory approval. Also, bank regulators have the authority to prohibit FNB Newton's subsidiary bank from paying dividends if they think the payment would be an unsafe and unsound banking practice.

Required Shareholder Votes

Under FNB Newton's Articles of Incorporation and bylaws, FNB Newton's board of directors is elected by the affirmative vote of a majority of shares represented at each annual meeting. There are no provisions requiring supermajority approval for any shareholder vote or action under FNB Newton's Articles of Incorporation and bylaws. Therefore, provisions of Georgia law relating to shareholder approval of merger and share exchange prescribe the shareholder vote required to approve the merger. Georgia law requires that FNB Newton shareholders approve the merger agreement adopted by the board of directors. The merger agreement must be approved by a majority of all the votes entitled to be cast on the merger agreement by all shares entitled to vote on the plan. All shares of FNB Newton are entitled to vote on the merger agreement.

The preceding descriptive information concerning Synovus common stock and FNB Newton capital stock outlines certain provisions of Synovus' Articles of Incorporation and bylaws, FNB Newton's Articles of Incorporation and bylaws and certain statutes regulating the rights of holders of Synovus and FNB Newton capital stock. The information is not a complete description of those documents and statutes and is subject in all respects to provisions of the Articles of Incorporation and bylaws of Synovus, the Articles of Incorporation and bylaws of FNB Newton and

the laws of the State of Georgia.

DISSENTERS RIGHTS

Pursuant to Sections 7-1-537 and 14-2-1301 et. seq. of the Official Code of Georgia Annotated, as amended (Georgia Law), any shareholder of record of FNB Newton common stock who objects to the merger, and who fully complies with all of the provisions of Georgia Law, will be entitled to demand and receive payment in cash of an amount equal to the fair value of his or her shares of FNB Newton common stock if the merger is consummated. A record shareholder may assert dissenters rights as to fewer than all the shares registered in his or her name only if the shareholder dissents with respect to all shares beneficially owned by any one beneficial shareholder and notifies FNB Newton in writing of the names and addresses of each person on whose behalf he or she asserts dissenters rights. A beneficial owner must dissent with respect to all the shares he or she owns. For the purpose of determining the amount to be received in connection with the exercise of statutory dissenters rights under Georgia Law, the fair value of a dissenting shareholder s FNB Newton common stock is determined as of the close of the

38

business on the date prior to the effective date of the merger, excluding any appreciation or depreciation therein in anticipation of the merger.

Any FNB Newton shareholder desiring to receive payment of the fair value of his or her FNB Newton common stock in accordance with the requirements of Georgia Law: (a) must file with FNB Newton prior to the special meeting of shareholders of FNB Newton at which the vote will be taken on the merger agreement and the merger, or at the special meeting, but before the vote is taken, a written notice of his or her intent to demand payment of the fair value of his or her shares of FNB Newton common stock if the merger agreement is approved and the merger is consummated; (b) must not vote in favor of the proposal to which he or she objects, although he or she may abstain from voting; and (c) must, by the date specified in the dissenters notice (Dissenters Notice) mailed to him or her by FNB Newton, which date shall not be fewer than 30 nor more than 60 days from the shareholders receipt of the Dissenters Notice, demand payment for his or her shares and deposit his or her share certificates in accordance with the terms of the Dissenters Notice. A filing of the written notice of intent to demand payment for shares and the demand for payment pursuant to conditions (a) and (c) above should be sent to: FNB Newton Bankshares, Inc., 4159 Mill Street, Covington, Georgia 30014. A vote against the merger agreement and the merger alone will not satisfy the requirements for the separate written notice of intent to demand payment and the payment demand referred to in conditions (a) and (c) above; all three conditions must be separately complied with.

If the merger agreement is approved and the merger is authorized, FNB Newton will mail within 10 days thereafter to each FNB Newton shareholder who has complied with conditions (a) and (b) above, a Dissenters Notice, addressed to the FNB Newton shareholder at such address as he has furnished FNB Newton in writing, or, if none, at the FNB Newton shareholder s address as it appears on the records of FNB Newton, which notice will: (1) state where the payment demand must be sent and where and when certificates for certificated shares must be deposited; (2) inform holders of uncertificated shares to what extent transfer of the shares will be restricted after the payment demand is received, and (3) set a day by which FNB Newton must receive the payment demand which date may not be less than 30 nor more than 60 days after the Dissenters Notice is delivered. A record shareholder who does not demand payment or deposit his share certificates where required, each by the date specified in the Dissenters Notice, is not entitled to payment for his shares.

If all of the conditions specified in (1), (2) and (3) in the immediately preceding paragraph are fully complied with, FNB Newton is required to make a written offer, within 10 days of the later of the date the merger is consummated or receipt of the payment demand, to each dissenting shareholder to purchase all of his or her shares of FNB Newton common stock at a specified price which Synovus and FNB Newton consider to be their fair value, plus accrued

interest, as of the close of business on the day prior to the merger, excluding any change in value induced by the proposed merger or its consummation.

The offer of payment must be accompanied by:

- (1) A copy of FNB Newton's balance sheet as of the end of a fiscal year not more than 16 months before the date of payment, an income statement for that year, a statement of changes in shareholders' equity for that year, and the latest available interim financial statements, if any;
- (2) A statement of FNB Newton's and Synovus' estimate of the fair value of the shares;
- (3) An explanation of how the interest was calculated;
- (4) A statement of the dissenter's right to demand payment under Section 14-2-1327 of Georgia Law; and
- (5) A copy of Section 14-2-1301 et. seq. of Georgia Law, a copy of which is attached to this document as Appendix "B."

Assuming the merger has been effected, if the shareholder accepts FNB Newton's and Synovus' offer by written notice within 30 days after the offer or is deemed to have accepted the offer by failing to respond within said 30 days, payment for his or her shares shall be made within 60 days after the making of the offer or the consummation of the merger, whichever is later. If a dissenting shareholder's demand for payment under Section

39

14-2-1327 of Georgia Law remains unsettled, FNB Newton shall commence a proceeding within 60 days after receiving the payment demand and petition the Superior Court of Newton County, Georgia to determine the fair value of the dissenter's shares and accrued interest, which interest shall be computed from the effective date of the merger. If FNB Newton does not commence the proceeding within the 60 day period, it must pay each dissenter whose demand remains unsettled the amount demanded.

The foregoing does not purport to be a complete statement of the provisions of Georgia Law relating to statutory dissenters' rights and is qualified in its entirety by reference to said provisions, relevant portions of which are reproduced in full in Appendix B to this document, which is incorporated herein by reference.

DESCRIPTION OF FNB NEWTON

Business

FNB Newton Bankshares, Inc. is a bank holding company registered under the bank holding company laws of the State of Georgia, whose sole subsidiary and principal asset is First Nation Bank, a commercial bank chartered under the laws of the State of Georgia. FNB Newton owns all of the outstanding capital stock of First Nation Bank. Through its ownership of First Nation Bank, FNB Newton is engaged in a general commercial banking business and its primary source of earnings is derived from income generated by First Nation Bank. As of September 30, 2002, FNB Newton, on a consolidated basis, had total assets of approximately \$340 million, net portfolio loans of approximately \$267 million, total deposits of approximately \$291 million, and shareholders' equity of approximately \$35 million. Unless the context otherwise requires, references herein to FNB Newton include FNB Newton Bankshares, Inc. and its subsidiary bank on a consolidated basis.

40

First Nation Bank was first organized in March 1963 as First National Bank of Newton County, a national banking association. First National Bank of Newton County converted to a state chartered commercial bank in April 1995 and changed its name to First Newton Bank. First Newton Bank subsequently became First Nation Bank in May 2000. FNB Newton was formed in August 1984 to act as a holding company for First Nation Bank. First Nation Bank engages in general commercial banking and related businesses from its 10 full-service banking locations in Newton, Henry and Rockdale Counties, Georgia.

The business of First Nation Bank consists of attracting deposits from the general public in the areas served by its banking offices and using those deposits, together with funds derived from other sources, to fund a variety of consumer, commercial and residential real estate loans in Covington and surrounding areas. The revenues of First

Nation Bank are derived primarily from interest on, and fees received in connection with, its lending activities and from interest and dividends from investment securities and short-term investments. The principal sources of funds for First Nation Bank's lending and investment activities are deposits, amortization and repayment of loans, and the maturity and repayments of investment securities. The principal expenses of First Nation Bank are the interest paid on deposits and operating and general and administrative expenses.

As a general commercial bank, First Nation Bank offers a broad range of commercial, consumer and residential real estate loans, and provides a variety of corporate and personal banking services to individuals, businesses and other institutions located in its market area. In order to attract funds for loans, First Nation Bank's deposit services include certificates of deposit, individual retirement accounts and other time deposits, checking and other demand deposit accounts, interest paying checking accounts, savings accounts and money market accounts. The transaction accounts and time certificates are tailored to the principal market areas at rates competitive to those in the area. All deposit accounts are insured by the FDIC up to the maximum limits permitted by law. First Nation Bank also offers ATM cards, allowing access to local, state, national, and international networks, safe deposit boxes, wire transfers, direct deposit, and automatic drafts for various accounts.

First Nation Bank is subject to examination and comprehensive regulation by the Georgia Department of Banking and Finance. In addition, the Federal Reserve Bank conducts a periodic examination of First Nation Bank. As is the case with banking institutions generally, First Nation Bank's operations are materially and significantly influenced by general economic conditions and by related monetary and fiscal policies of financial institution regulatory agencies, including the FDIC and the Federal Reserve Board. Deposit flows and cost of funds are influenced by interest rates on competing investments and general market rates of interest. Lending activities are affected by the demand for financing of real estate and other types of loans, which in turn are affected by the interest rates at which such financing may be offered and other factors affecting local demand and availability of funds.

Market Area

First Nation Bank's operations are based in Covington, Georgia and its market area consists of Covington and the surrounding area of Newton, Henry and Rockdale Counties, Georgia. Management of First Nation Bank believes that its principal markets have been the expanding residential market within its primary market area, and the established commercial, small business, and professional markets in its market area. Businesses and individuals are solicited through the personal efforts of the Bank's directors and officers.

Lending Activities

The primary source of income generated by First Nation Bank is the interest earned from both its loan and investment portfolios. To develop business, First Nation Bank relies to a great extent on the personalized approach of its directors and officers who have extensive business and personal contacts in the community. FNB Newton has attempted to maintain diversification when considering investments and the approval of loan requests. Emphasis has been placed on the borrower's ability to generate cash flow sufficient to support its debt obligations and other cash related expenses.

Lending activities include commercial and consumer loans, and loans for residential purposes. Commercial loans include collateralized and uncollateralized loans for working capital which include inventory and receivables, business expansion such as real estate acquisitions and improvements, and purchases of equipment and machinery. Consumer loans include collateralized and uncollateralized loans for the purchase of automobiles, boats, home

improvement, and personal investments. First Nation Bank provides personal and corporate credit cards issued by a correspondent bank which assumes all liabilities relating to underwriting of the credit applicant. First Nation Bank also originates a variety of residential real estate loans, including the origination of conventional mortgages collateralized by first mortgage liens to enable borrowers to purchase, refinance, or to improve homes or real property. In addition, such loans include those made to individual borrowers collateralized by first mortgage interests on unimproved parcels of real estate zoned for residential homes on which such borrowers intend to erect their personal residences. To a lesser extent, First Nation Bank also has made land acquisition and development loans and construction loans to developers of residential properties for construction of residential subdivisions and multi-family residential projects.

At September 30, 2002, FNB Newton's net loan portfolio was \$267 million, representing 79% of total assets. As of such date, First Nation Bank's net loan portfolio consisted of 10% commercial loans, 37% real estate secured loans, excluding construction and land development loans, 48% real estate construction and land development loans and 5% installment or consumer loans.

Competition

First Nation Bank encounters strong competition both in attracting deposits and in the origination of loans. The deregulation of the banking industry and the widespread enactment of state laws which permit multi-bank holding companies as well as the availability of nationwide interstate banking has created a highly competitive environment for financial service providers in First Nation Bank's primary market area. In one or more aspects of its business, First Nation Bank has competed with other commercial banks, savings and loan associations, credit unions, finance companies, mutual funds, insurance companies, brokerage and investment banking companies and other financial intermediaries operating in its market area and elsewhere. Most of these competitors, some of which are affiliated with large bank holding companies, have substantially greater resources and lending limits, and may offer certain services that First Nation Bank does not provide. In addition, many of First Nation Bank's non-bank competitors are not subject to the same extensive federal regulations that govern bank holding companies and federally chartered and insured banks.

First Nation Bank's primary market area is served by 101 commercial banks with 1386 offices. As of November 11, 2002, the total reported deposits in the primary market area were approximately \$56.7 billion.

Competition among financial institutions is based upon interest rates offered on deposit accounts, interest rates charged on loans and other credit and service charges, the quality of the services rendered, the convenience of banking facilities, and, in the case of loans to commercial borrowers, relative lending limits.

Employees

At September 30, 2002, First Nation Bank employed 141 full-time equivalent employees. None of these employees is covered by a collective bargaining agreement and management believes that its employee relations are good.

Synovus is a registered bank holding company subject to supervision and regulation by the Board of Governors of the Federal Reserve System under the Bank Holding Company Act of 1956 and by the Georgia Department of Banking and Finance under the bank holding company laws of the State of Georgia. Synovus became a financial holding company under the Gramm-Leach-Bliley Act of 1999 in April 2000. Financial holding companies may engage in a variety of activities, some of which are not permitted for other bank holding companies that are not financial holding companies. Synovus affiliate national banking associations are subject to regulation and examination primarily by the Office of the Comptroller of the Currency and, secondarily, by the FDIC and the Federal Reserve Board. Synovus state-chartered banks are subject to primary federal regulation and examination by the FDIC and, in addition, are regulated and examined by their respective state banking departments. Numerous other federal and state laws, as well as regulations promulgated by the Federal Reserve, the state banking regulators, the OCC and the FDIC govern almost all aspects of the operations of the banks. Various federal and state bodies regulate and supervise Synovus non-banking subsidiaries including its brokerage, investment advisory, insurance agency and processing

operations. These include, but are not limited to, the SEC, the National Association of Securities Dealers, Inc., federal and state banking regulators and various state regulators of insurance and brokerage activities.

Dividends

Under the laws of the State of Georgia, Synovus, as a business corporation, may declare and pay dividends in cash or property unless the payment or declaration would be contrary to restrictions contained in its Articles of Incorporation, and unless, after payment of the dividend, it would not be able to pay its debts when they become due in the usual course of its business or its total assets would be less than the sum of its total liabilities. Synovus is also subject to regulatory capital restrictions that limit the amount of cash dividends that it may pay. Additionally, Synovus is subject to contractual restrictions that limit the amount of cash dividends it may pay. Under the laws of the State of Georgia, FNB Newton is subject to similar dividend restrictions.

The primary sources of funds for Synovus' payment of dividends to its shareholders are dividends and fees to Synovus from its banking and nonbanking affiliates. Similarly, the primary source of funds for FNB Newton's payment of dividends to its shareholders are dividends to FNB Newton from its banking affiliate, First Nation Bank. Various federal and state statutory provisions and regulations limit the amount of dividends that the subsidiary banks of Synovus and FNB Newton may pay. Under the regulations of the Georgia Department of Banking and Finance, a Georgia bank must have approval of the Georgia Department of Banking and Finance to pay cash dividends if, at the time of such payment:

- the ratio of Tier 1 capital to adjusted total assets is less than 6%;
- the aggregate amount of dividends to be declared or anticipated to be declared during the current calendar year exceeds 50% of its net after-tax profits for the previous calendar year; or
- its total classified assets in its most recent regulatory examination exceeded 80% of its Tier 1 capital plus its allowance for loan losses, as reflected in the examination.

45

In general, the approval of the Alabama Banking Department, Florida Banking Department and Tennessee Department of Financial Institutions is required if the total of all dividends declared by an Alabama, Florida or Tennessee bank, as the case may be, in any year would exceed the total of its net profits for that year combined with its retained net profits for the preceding two years less any required transfers to surplus. In addition, the approval of the OCC is required for a national bank to pay dividends in excess of the bank's retained net income for the current year plus retained net income for the preceding two years. Approval of the Federal Reserve Board is required for payment of any dividend by a state chartered bank, like First Nation Bank, that is a member of the Federal Reserve System and sometimes referred to as a state member bank, if the total of all dividends declared by the bank in any calendar year would exceed the total of its net profits, as defined by regulatory agencies, for that year combined with its retained net profits for the preceding two years. In addition, a state member bank may not pay a dividend in an amount greater than its net profits then on hand.

Some of Synovus' banking affiliates have in the past been required to secure prior regulatory approval for the payment of dividends to Synovus in excess of regulatory limits and may be required to seek approval for the payment of dividends to Synovus in excess of those limits in the future. If prior regulatory approvals are sought, there is no assurance that any such regulatory approvals will be granted.

Federal and state banking regulations applicable to Synovus and its banking subsidiaries require minimum levels of capital which limit the amounts available for payment of dividends. Synovus' objective is to pay out at least one-third

of prior year's earnings in cash dividends to its shareholders. Synovus and its predecessors have paid cash dividends on their common stock in every year since 1891. Under restrictions imposed under federal and state laws, Synovus subsidiary banks could declare aggregate dividends to Synovus of approximately \$162.6 million during 2002 without obtaining regulatory approval.

Capital Requirements

Synovus and FNB Newton are required to comply with the capital adequacy standards established by the Federal Reserve Board and their banking subsidiaries must comply with similar capital adequacy standards established by the OCC and FDIC, as applicable. There are two basic measures of capital adequacy for bank holding companies and their banking subsidiaries that have been promulgated by the Federal Reserve Board, the FDIC and the OCC: a risk-based measure and a leverage measure. All applicable capital standards must be satisfied for a bank holding company or a bank to be considered in compliance.

The risk-based capital standards are designed to make regulatory capital requirements more sensitive to differences in risk profile among banks and bank holding companies, to account for off-balance-sheet exposure, and to minimize disincentives for holding liquid assets. Assets and off-balance-sheet items are assigned to broad risk categories, each with appropriate weights. The resulting capital ratios represent capital as a percentage of total risk-weighted assets and off-balance-sheet items.

The minimum guideline for the ratio of total capital to risk-weighted assets, including certain off-balance-sheet items, such as standby letters of credit, is 8.0%. At least half of total capital must comprise common stock, minority interests in the equity accounts of consolidated subsidiaries, noncumulative perpetual preferred stock and a limited amount of cumulative perpetual preferred stock, less goodwill and certain other intangible assets, referred to as Tier 1 Capital. The remainder may consist of subordinated debt, other preferred stock and a limited amount of loan loss reserves, referred to as Tier 2 Capital. The Federal Reserve Board also requires certain bank holding companies that engage in trading activities to adjust their risk-based capital to take into consideration market risk that may result from movements in market prices of covered trading positions in trading accounts, or from foreign exchange or commodity positions, whether or not in trading accounts, including changes in interest rates, equity prices, foreign exchange rates or commodity prices. Any capital required to be maintained under these provisions may consist of new Tier 3 Capital consisting of certain short term subordinated debt. In addition, the Federal Reserve Board has issued a policy statement, under which a bank holding company that is determined to have weaknesses in its risk management processes or a high level of interest rate risk exposure may be required to hold additional capital.

46

The Federal Reserve Board has also established minimum leverage ratio guidelines for bank holding companies. These guidelines provide for a minimum leverage ratio of Tier 1 Capital to average assets, less goodwill and certain other intangible assets, of 3.0% for bank holding companies that meet certain specified criteria, including having the highest regulatory rating. All other bank holding companies generally are required to maintain a leverage ratio of at least 4.0%. Bank holding companies are expected to maintain higher-than-minimum capital ratios if they have supervisory, financial, operational or managerial weaknesses, or if they are anticipating or experiencing significant growth. Synovus has not been advised by the Federal Reserve Board of any specific minimum leverage ratio applicable to it.

At September 30, 2002, Synovus' total capital ratio was 12.51%, its Tier 1 Capital ratio was 11.33% and its Tier 1 leverage ratio was 10.86%. Assuming the merger had been consummated on September 30, 2002, the total capital ratio of Synovus would have been 12.28%, its Tier 1 Capital ratio would have been 11.10% and its Tier 1 leverage ratio would have been 10.72%. Each of these ratios exceeds the current requirements under the Federal Reserve Board's capital guidelines.

At September 30, 2002, FNB Newton's total capital ratio was 12.78%, its Tier 1 Capital ratio was 11.65% and its Tier 1 leverage ratio was 10.20%. Each of these ratios exceeds the current requirements under the Federal Reserve Board's capital guidelines.

Each of Synovus' and FNB Newton's banking subsidiaries is subject to similar risk-based and leverage capital requirements adopted by its applicable federal banking agency, and each was in compliance with the applicable minimum capital requirements as of September 30, 2002.

Failure to meet capital guidelines could subject a bank to a variety of enforcement remedies, including issuance of a capital directive, the termination of deposit insurance by the FDIC, a prohibition on the taking of brokered deposits and other restrictions on its business. As described below, substantial additional restrictions can be imposed upon FDIC-insured depository institutions that fail to meet applicable capital requirements. See Prompt Corrective Action below.

Commitments to Subsidiary Banks

Under the Federal Reserve Board's policy, Synovus is expected to act as a source of financial strength to its subsidiary banks and to commit resources to support its subsidiary banks in circumstances when it might not do so absent that policy. In addition, any capital loans by Synovus to any of its subsidiary banks would also be subordinate in right of payment to depositors and to certain other indebtedness of that bank.

In the event of Synovus' bankruptcy, any commitment by Synovus to a federal bank regulatory agency to maintain the capital of a banking subsidiary will be assumed by the bankruptcy trustee and entitled to a priority of payment. In addition, the Federal Deposit Insurance Act provides that any financial institution whose deposits are insured by the FDIC generally will be liable for any loss incurred by the FDIC in connection with the default of, or any assistance provided by the FDIC to, a commonly controlled financial institution.

Prompt Corrective Action

The Federal Deposit Insurance Corporation Improvement Act of 1991 establishes a system of prompt corrective action to resolve the problems of undercapitalized institutions. Under this system the federal banking regulators are required to rate supervised institutions on the basis of five capital categories as described below. The federal banking regulators are also required to take mandatory supervisory actions, and are authorized to take other discretionary actions, with respect to institutions in the three undercapitalized categories, the severity of which will depend upon the capital category in which the institution is placed. Generally, subject to a narrow exception, the Federal Deposit Insurance Corporation Improvement Act requires the banking regulator to appoint a receiver or conservator for an institution that is critically undercapitalized. The federal banking agencies have specified by regulation the relevant capital level for each category.

Under the Federal Deposit Insurance Corporation Improvement Act, the Federal Reserve Board, the FDIC, the OCC and the Office of Thrift Supervision have adopted regulations setting forth a five-tier scheme for measuring

the capital adequacy of the financial institutions they supervise. Under the regulations, an institution would be placed in one of the following capital categories:

- **Well Capitalized** – an institution that has a total capital ratio of at least 10%, a Tier 1 Capital ratio of at least 6% and a Tier 1 leverage ratio of at least 5%;

- Adequately Capitalized an institution that has a total capital ratio of at least 8%, a Tier 1 Capital ratio of at least 4% and a Tier 1 leverage ratio of at least 4%;
- Undercapitalized an institution that has a total capital ratio of under 8%, a Tier 1 Capital ratio of under 4% or a Tier 1 leverage ratio of under 4%;
- Significantly Undercapitalized an institution that has a total capital ratio of under 6%, a Tier 1 Capital ratio of under 3% or a Tier 1 leverage ratio of under 3%; and
- Critically Undercapitalized an institution whose tangible equity is not greater than 2% of total tangible assets.

The regulations permit the appropriate federal banking regulator to downgrade an institution to the next lower category if the regulator determines (1) after notice and opportunity for hearing or response, that the institution is in an unsafe or unsound condition or (2) that the institution has received and not corrected a less-than-satisfactory rating for any of the categories of asset quality, management, earnings or liquidity in its most recent examination. Supervisory actions by the appropriate federal banking regulator depend upon an institution's classification within the five categories. Synovus management believes that Synovus and its bank subsidiaries have the requisite capital levels to qualify as well capitalized institutions under the Federal Deposit Insurance Corporation Improvement Act regulations.

The Federal Deposit Insurance Corporation Improvement Act generally prohibits a depository institution from making any capital distribution, including payment of a dividend, or paying any management fee to its holding company if the depository institution would thereafter be undercapitalized. Undercapitalized depository institutions are subject to restrictions on borrowing from the Federal Reserve System. In addition, undercapitalized depository institutions are subject to growth limitations and are required to submit capital restoration plans. A depository institution's holding company must guarantee the capital plan, up to an amount equal to the lesser of 5% of the depository institution's assets at the time it becomes undercapitalized or the amount of the capital deficiency when the institution fails to comply with the plan. Federal banking agencies may not accept a capital plan without determining, among other things, that the plan is based on realistic assumptions and is likely to succeed in restoring the depository institution's capital. If a depository institution fails to submit an acceptable plan, it is treated as if it is significantly undercapitalized.

Significantly undercapitalized depository institutions may be subject to a number of requirements and restrictions, including orders to sell sufficient voting stock to become adequately capitalized, requirements to reduce total assets and cessation of receipt of deposits from correspondent banks. Critically undercapitalized depository institutions are subject to appointment of a receiver or conservator.

Safety and Soundness Standards

The Federal Deposit Insurance Act, as amended by the Federal Deposit Insurance Corporation Improvement Act and the Riegle Community Development and Regulatory Improvement Act of 1994, requires the federal bank regulatory agencies to prescribe standards, by regulations or guidelines, relating to internal controls, information systems and internal audit systems, loan documentation, credit underwriting, interest rate risk exposure, asset growth, asset quality, earnings, stock valuation and compensation, fees and benefits and such other operational and managerial standards as the agencies deem appropriate. The federal bank regulatory agencies have adopted a set of guidelines prescribing safety and soundness standards under the Federal Deposit Insurance Corporation Improvement Act. The guidelines establish general standards relating to internal controls and information systems, internal audit systems, loan documentation, credit underwriting, interest rate exposure, asset growth and compensation, fees and benefits. In general, the guidelines require, among other things, appropriate systems and practices to identify and manage the risks and exposures specified in the guidelines. The guidelines prohibit

excessive compensation as an unsafe and unsound practice and describe compensation as excessive when the amounts paid are unreasonable or disproportionate to the services performed by an executive officer, employee, director or principal shareholder. The federal banking agencies determined that stock valuation standards were not appropriate. In addition, the agencies have adopted regulations that authorize, but do not require, an agency to order an institution that has been given notice by an agency that it is not satisfying any of such safety and soundness standards to submit a compliance plan. If, after being so notified, an institution fails to submit an acceptable compliance plan, the agency must issue an order directing action to correct the deficiency and may issue an order directing other actions of the types to which an undercapitalized institution is subject under the prompt corrective action provisions of the Federal Deposit Insurance Corporation Improvement Act. See Prompt Corrective Action above. If an institution fails to comply with such an order, the agency may seek to enforce such order in judicial proceedings and to impose civil money penalties.

Depositor Preference Statute

Federal law provides that deposits and certain claims for administrative expenses and employee compensation against an insured depository institution would be afforded a priority over other general unsecured claims against such an institution, including federal funds and letters of credit, in the liquidation or other resolution of such an institution by any receiver.

Gramm-Leach-Bliley Act

On November 12, 1999, legislation was enacted which allows bank holding companies to engage in a wider range of non-banking activities, including greater authority to engage in securities and insurance activities. Under the Gramm-Leach-Bliley Act, a bank holding company that elects to become a financial holding company may engage in any activity that the Federal Reserve Board, in consultation with the Secretary of the Treasury, determines by regulation or order is: (1) financial in nature; (2) incidental to any such financial activity; or (3) complementary to any such financial activity and does not pose a substantial risk to the safety or soundness of depository institutions or the financial system generally. The legislation makes significant changes in United States banking law, principally by repealing restrictive provisions of the 1933 Glass-Steagall Act. The legislation specifies certain activities that are deemed to be financial in nature, including lending, exchanging, transferring, investing for others, or safeguarding money or securities; underwriting and selling insurance; providing financial, investment or economic advisory services; underwriting, dealing in or making a market in, securities; and any activity currently permitted for bank holding companies by the Federal Reserve Board under Section 4(c)(8) of the Bank Holding Company Act. The legislation does not authorize banks or their affiliates to engage in commercial activities that are not financial in nature. A bank holding company may elect to be treated as a financial holding company only if all depository institution subsidiaries of the holding company are well-capitalized, well-managed and have at least a satisfactory rating under the Community Reinvestment Act. Synovus became a financial holding company in April 2000.

In addition to the Gramm-Leach-Bliley Act, there have been a number of legislative and regulatory proposals that would have an impact on bank/financial holding companies and their bank and nonbank subsidiaries. It is impossible to predict whether or in what form these proposals may be adopted in the future and if adopted, what their effect will be on Synovus.

(L) following the Effective Date, Synovus shall continue to provide generally to officers and employees of FNB and its Subsidiary employee benefits, including, without limitation, pension benefits, health, life insurance and other welfare benefits, and vacation and severance arrangements (collectively, Employee Benefits), on terms and conditions which, when taken as whole, are substantially similar to those currently provided by FNB and its Subsidiary. As soon as administratively and financially practicable following the Effective Date, Synovus shall provide to officers and employees of FNB and its Subsidiary Employee Benefits which are the same as those provided from time to time by Synovus and its Subsidiaries to their similarly situated officers and employees. With respect to Employee Benefits maintained by Synovus in which FNB participates after the Effective Date, Synovus agrees to treat service by employees of FNB and its Subsidiary prior to the Effective Date as service with Synovus (1) (a) for eligibility and vesting purposes in providing Employee Benefits other than those identified in clause (b); and (b) for eligibility, vesting and benefit accrual purposes in providing severance benefits and in administering payroll practices that do not rise to the level of an employee benefit plan subject to ERISA, such as vacation and other leave policies; and (2) in

making employment determinations, including promotions and layoffs. Synovus also agrees to waive pre-existing condition limitations, if any, as would otherwise be applied to participating employees of FNB and its Subsidiary upon the implementation of such Employee Benefits constituting group health plans within the meaning of Section 5000(b)(i) of the Code (each, a Synovus Health Plan) and, where a transition to a Synovus Health Plan is made during the plan year of one or more group health plan(s) maintained by FNB or its Subsidiary, to credit such employees with expenses incurred under any such group health plan for purposes of applying deductible and out-of-pocket limitations under the Synovus Health Plan (on a pro-rata basis in the event of a difference in plan years between the predecessor and successor plans). Finally, Synovus shall recognize the paid time off accrued by employees of FNB and its Subsidiary as of the Effective Date and shall not require such accrued paid time off to be utilized prior to the end of the calendar year which contains the Effective Date;

(M) it shall promptly furnish the other party with copies of all documents filed prior to the Effective Date with the SEC and all documents filed with other governmental or regulatory agencies or bodies in connection with the Merger;

A-16

(N) FNB shall use its best efforts to cause each director, executive officer and other person who is an affiliate (for purposes of Rule 145 under the Securities Act) to deliver to Synovus as soon as practicable after the date hereof, but in no event after the date of the FNB shareholders meeting called to approve the Merger, a written agreement providing that such person will not sell, pledge, transfer or otherwise dispose of any shares of FNB Common Stock held by such affiliate and the shares of Synovus Common Stock to be received by such affiliate in the Merger: (1) in the case of shares of Synovus Common Stock only, except in compliance with the applicable provisions of the Securities Act and the rules and regulations thereunder. The certificates of Synovus Common Stock issued to affiliates of FNB will bear an appropriate legend reflecting the foregoing;

(O) it will not directly or indirectly take any action or omit to take any action to cause any of its representations and warranties made in this Plan to become untrue;

(P) in the case of Synovus, it shall take no action which would cause the shareholders of FNB to recognize gain or loss as a result of the Merger to the extent such shareholders would not otherwise recognize gain or loss as described in Article V(A)(8);

(Q) FNB shall coordinate with Synovus the declaration of any dividends in respect of FNB Common Stock and the record dates and payment dates relating thereto, it being the intention of the parties hereto that holders of FNB Common Stock shall not receive two dividends, or fail to receive one dividend, for any single calendar quarter with respect to their shares of FNB Common Stock and any shares of Synovus Common Stock any such holder receives in exchange therefor in the Merger;

(R) FNB will, within thirty (30) days after the date hereof, engage a firm satisfactory to Synovus to conduct: (a) a Phase I environmental site assessment of the banking facilities currently owned by FNB upon which FNB is conducting a banking business, which assessment shall meet the standards of ASTM E1527-00 and shall include at a minimum a site history, on-site inspection, asbestos sampling of presumed asbestos containing material, evaluation of surrounding properties and soil tests if the results of the Phase I indicate a need therefor; and (b) a transaction screen that meets the standards of ASTM E 1528 for the property that FNB leases, and in addition, FNB agrees to conduct a Phase I assessment of the leased property if, in Synovus reasonable judgment, the transaction screen indicates potential environmental liabilities associated with the leased properties accruing to FNB or FNB's successor. Synovus has requested such inspection and testing in an effort to reasonably determine whether potential liabilities exist relating to Environmental Law. Delivery of the Phase I assessments and transaction screen satisfactory to Synovus is

an express condition precedent to the consummation of the Merger. Within fifteen (15) days after receipt of these reports, Synovus shall notify FNB in writing whether or not, in the reasonable judgment of Synovus, the potential liabilities identified in such reports will have a Material Adverse Effect on FNB. In the event that Synovus determines, in its

A-17

reasonable judgment, that the results of such reports will have a Material Adverse Effect on FNB, such written notification shall include a statement by Synovus regarding whether or not it intends to terminate this Agreement based upon the results of such reports. The Parties agree that Synovus has given FNB good and valuable consideration for its agreement to obtain and pay the cost of such inspection and testing, and Synovus shall be entitled to rely on same;

(S) Prior to the Effective Date, FNB shall purchase for, and on behalf of, its current and former officers and directors, extended coverage under the current directors and officers liability insurance policy maintained by FNB to provide for continued coverage of such insurance for a period of three years following the Effective Date with respect to matters occurring prior to the Effective Date;

(T) (1) in the case of Synovus, subject to the conditions set forth in Article IV(T)(2) below, for a period of four (4) years after the Effective Date, Synovus shall indemnify, defend and hold harmless each person entitled to indemnification from FNB and its Subsidiary (each, an Indemnified Party) against all liabilities arising out of actions or omissions occurring at or prior to the Effective Date (including the transactions contemplated by this Agreement) to the fullest extent permitted under Georgia law and by FNB's and its Subsidiary's Articles of Incorporation and bylaws as in effect on the date hereof, including provisions relating to advances of expenses incurred in the defense of any litigation. Without limiting the foregoing, in any case in which approval by Synovus is required to effectuate any indemnification, Synovus shall direct, at the election of the Indemnified Party, that the determination of any such approval shall be made by independent counsel mutually agreed upon between Synovus and the Indemnified Party;

(2) Any Indemnified Party wishing to claim indemnification under Article IV(T)(1) upon learning of any such liability or litigation, shall promptly notify Synovus thereof. In the event of any such litigation (whether arising before or after the Effective Date), (a) Synovus shall have the right to assume the defense thereof, and Synovus shall not be liable to such Indemnified Parties for any legal expenses of other counsel or any other expenses subsequently incurred by such Indemnified Parties in connection with the defense thereof, except that if Synovus elects not to assume such defense or counsel for the Indemnified Parties advises that there are substantive issues which raise conflicts of interest between Synovus and the Indemnified Parties, the Indemnified Parties may retain counsel satisfactory to them, and Synovus shall pay all reasonable fees and expenses of such counsel for the Indemnified Parties promptly as statements therefor are received; provided, that Synovus shall be obligated pursuant to this Article IV(T)(2) to pay for only one firm of counsel for all Indemnified Parties in any jurisdiction, (b) the Indemnified Parties will cooperate in the defense of any such litigation, and (c) Synovus shall

A-18

not be liable for any settlement effected without its prior written consent; and provided further, that Synovus shall not have any obligation hereunder to any Indemnified Party when and if a court of competent jurisdiction shall determine, and such determination shall have become final, that the indemnification of such Indemnified Party in the manner contemplated hereby is prohibited by applicable law;

(U) prior to the Effective Date, FNB will use its best efforts to take all steps required to exempt the transactions contemplated by this Agreement from any applicable state anti-takeover law; and

(V) at the request of Synovus, FNB and the Subsidiary shall immediately prior to the Effective Date establish and take such reserves and accruals as Synovus reasonably shall request to conform FNB's Subsidiary's loan, accrual, reserve and other accounting policies to the policies of Synovus, provided however, such requested conforming adjustment shall not be taken into account in determining whether and event or events have had a Material Adverse Effect on FNB.

V. CONDITIONS TO CONSUMMATION

(A) The respective obligations of Synovus and of FNB to effect the Merger shall be subject to the satisfaction prior to the Effective Date of the following conditions:

(1) the Plan and the transactions contemplated hereby shall have been approved by the requisite vote of the shareholders of FNB in accordance with applicable law and FNB shall have furnished to Synovus certified copies of resolutions duly adopted by FNB's shareholders evidencing the same;

(2) the procurement by Synovus and FNB of approval of the Plan and the transactions contemplated hereby by the Board of Governors and by the Georgia Department;

(3) procurement of all other regulatory consents and approvals which are necessary to the consummation of the transactions contemplated by the Plan; provided, however, that no approval or consent in Articles V(A)(2) and (3) shall be deemed to have been received if it shall include any conditions or requirements (other than conditions or requirements which are customarily included in such an approval or consent which do not have a Material Adverse Effect) which would have such a Material Adverse Effect on the economic or business benefits of the transactions contemplated hereby as to render inadvisable the consummation of the Merger in the reasonable opinion of the Board of Directors of Synovus or FNB;

A-19

(4) the satisfaction of all other statutory or regulatory requirements, including the requirements of NYSE or other self-regulating organizations, which are necessary to the consummation of the transactions contemplated by the Plan;

(5) no party hereto shall be subject to any order, decree or injunction or any other action of a United States federal or state court of competent jurisdiction permanently restraining, enjoining or otherwise prohibiting the transactions contemplated by this Agreement;

(6) no party hereto shall be subject to any order, decree or injunction or any other action of a United States federal or state governmental, regulatory or administrative agency or commission permanently restraining, enjoining or otherwise prohibiting the transactions contemplated by this Agreement;

(7) the Registration Statement shall have become effective under the Securities Act and no stop order suspending the effectiveness of the Registration Statement shall have been issued and no proceedings for that purpose shall have been initiated or threatened by the SEC, and Synovus shall have received all state securities law and Blue Sky permits, approvals, qualifications or exemptions necessary to consummate the transactions contemplated hereby;

(8) each party shall have received an opinion (Tax Opinion) from Powell, Goldstein on or before the Effective Date, to the effect that the Merger will be treated for federal income tax purposes as a reorganization within

the meaning of Section 368(a)(1)(A) of the Code and that, accordingly: (i) no gain or loss will be recognized by Synovus or FNB as a result of the Merger; and (ii) gain, but not loss, will be recognized by each shareholder of FNB who exchanges his or her shares of FNB Common Stock for shares of Synovus Common Stock pursuant to the Merger equal to the lesser of (A) the cash received by such shareholder or (B) the gain realized (but not less than zero) by such shareholder from such exchange, which will equal the sum of the cash and the fair market value of the Synovus Common Stock received by such shareholder over such shareholder's basis in his or her FNB Common Stock; and

(9) each party shall have delivered to the other party a certificate, dated as of the Effective Date, signed by its Chairman of the Board, or its Chief Financial Officer, and by its Controller to the effect that, to the best knowledge and belief of such officers, the statement of facts and representations made on behalf of the management of such party, presented to Powell, Goldstein in delivering the Tax Opinion, were at the date of such presentation true, correct and complete. Each party shall have received a copy of the Tax Opinion referred to in Article V(A)(8).

(B) The obligation of Synovus to effect the Merger shall be subject to the satisfaction prior to the Effective Date of the following additional conditions:

A-20

(1) each of the representations, warranties and covenants contained herein of FNB shall be true on, or complied with by, the Effective Date in all material respects as if made on such date (or on the date when made in the case of any representation or warranty which specifically relates to an earlier date) and Synovus shall have received a certificate signed by the President of FNB, dated the Effective Date, to such effect;

(2) there shall be no discovery of facts, or actual or threatened causes of action, investigations or proceedings by or before any court or other governmental body that relates to or involves either FNB or its Subsidiary: (a) which, in the reasonable judgment of Synovus, would have a Material Adverse Effect, or which may be foreseen to have a Material Adverse Effect on, either FNB or the consummation of the transactions contemplated by this Agreement; (b) that challenges the validity or legality of this Agreement or the consummation of the transactions contemplated by this Agreement; or (c) that seeks to restrain or invalidate the consummation of the transactions contemplated by this Agreement or seeks damages in connection therewith;

(3) Synovus shall not have learned of any fact or condition with respect to the business, properties, assets, liabilities, deposit relationships or earnings of FNB which, in the reasonable judgment of Synovus, is materially at variance with one or more of the warranties or representations set forth in this Agreement or which, in the reasonable judgment of Synovus, has or will have a Material Adverse Effect on FNB;

(4) Stephen C. Wood shall have entered into an employment agreement with Synovus as proposed by Synovus and approved by Mr. Wood which will become effective as of the Effective Date;

(5) on the Effective Date, First Nation Bank will have a CAMELS rating of at least 2 and a Compliance Rating and Community Reinvestment Act Rating of at least Satisfactory;

(6) on the Effective Date, FNB will have a loan loss reserve of at least 1.25% of loans and which will be adequate in all material respects under generally accepted accounting principles applicable to banks;

(7) FNB shall have delivered to Synovus the environmental reports referenced in Article IV (R);

(8) the results of any regulatory exam of FNB and its Subsidiary occurring between the date hereof and the Effective Date shall be reasonably satisfactory to Synovus;

(9) each of the officers and directors of FNB shall have delivered a letter to Synovus to the effect that such person is not aware of any claims he might have against FNB other

A-21

than routine compensation, benefits and the like as an employee, or ordinary rights as a customer; and

(10) there shall have been no determination by Synovus that any fact, event or condition exists or has occurred that, in the reasonable judgement of Synovus, would render the Merger impractical because of any state of war, national emergency, banking moratorium or general suspension of trading on the NYSE or other national securities exchange.

(C) The obligation of FNB to effect the Merger shall be subject to the satisfaction prior to the Effective Date of the following additional conditions:

(1) each of the representations, warranties and covenants contained herein of Synovus shall be true on, or complied with by, the Effective Date in all material respects as if made on such date (or on the date when made in the case of any representation or warranty which specifically relates to an earlier date) and FNB shall have received a certificate signed by the Chief Executive Officer of Synovus, dated the Effective Date, to such effect;

(2) the listing for trading of the shares of Synovus Common Stock which shall be issued pursuant to the terms of this Plan on the NYSE, shall have been approved by the NYSE subject to official notice of issuance;

(3) there shall be no discovery of facts, or actual or threatened causes of action, investigations or proceedings by or before any court or other governmental body that relates to or involves either Synovus or its Subsidiaries: (a) which, in the reasonable judgment of FNB, would have a Material Adverse Effect on, or which may be foreseen to have a material Adverse Effect on, either Synovus or the consummation of the transactions contemplated by this Agreement; (b) that challenges the validity or legality of this Agreement or the consummation of the transactions contemplated by the Agreement; or (c) that seeks to restrain or invalidate the consummation of the transactions contemplated by this Agreement or seeks damages in connection therewith;

(4) FNB shall not have learned of any fact or condition with respect to the business, properties, assets, liabilities, deposit relationships or earnings of Synovus which, in the reasonable judgment of FNB, is materially at variance with one or more of the warranties or representations set forth in this Agreement or which, in the reasonable judgment of FNB, has or will have a Material Adverse Effect on Synovus;

(5) FNB shall have received from the Senior Deputy General Counsel of Synovus an opinion to the effect that Synovus is duly organized, validly existing and in good standing, the Plan has been duly and validly authorized by all necessary corporate action on the part of Synovus, has been duly and validly executed and delivered by Synovus, is the valid and

A-22

binding obligation of Synovus, enforceable in accordance with its terms except as such may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the enforcement of creditors' rights generally and that the shares of Synovus Common Stock to be issued in the Merger are duly authorized, validly issued, fully paid, nonassessable, and not subject to any preemptive rights of any current or past shareholders;

(6) FNB shall have received from Brown, Burke Capital Partners, L.L.C. a letter to the effect that, in the opinion of such firm, the Per Share Cash Consideration and the Per Share Stock Consideration are fair, from a financial point of view, to the holders of FNB Common Stock; and

(7) there shall have been no determination by FNB that any fact, event or condition exists or has occurred that, in the reasonable judgement of FNB, would render the Merger impractical because of any state of war, national emergency, banking moratorium or general suspension of trading on the NYSE or other national securities exchange.

VI. TERMINATION

A. The Plan may be terminated prior to the Effective Date, either before or after its approval by the stockholders of FNB:

(1) by the mutual consent of Synovus and FNB, if the Board of Directors of each so determines by vote of a majority of the members of its entire Board;

(2) by Synovus or FNB if consummation of the Merger does not occur by reason of the failure of any of the conditions precedent set forth in Article V hereof unless the failure to meet such condition precedent is due to a breach of the Plan by the party seeking to terminate;

(3) by Synovus or FNB if its Board of Directors so determines by vote of a majority of the members of its entire Board in the event that the Merger is not consummated by March 31, 2003 (but the parties agree to use their best efforts to consummate the Merger on or before February 28, 2003) unless the failure to so consummate by such time is due to the breach of the Plan by the party seeking to terminate; and

(4) by FNB,

(a) if, during the five (5) business days immediately prior to the Effective Date, the Total Cash Consideration is greater than fifty-five percent (55%) of the Tax-Free Calculation Denominator such

A-23

that the Powell, Goldstein, Frazer & Murphy LLP (Powell, Goldstein) cannot issue the Tax Opinion pursuant to Article V.A(8), then FNB can either terminate the Agreement or have Synovus adjust the Per Share Cash Consideration and the Per Share Stock Consideration as well as the Synovus Option Value Multiple and the Synovus Option Price Divisor so as to enable Powell, Goldstein to issue the Tax Opinion.

(b) Definitions:

(i) Tax-Free Calculation Denominator shall be equal to the sum of the Total Cash Consideration plus the Total Stock Consideration.

(ii) Total Cash Consideration shall be equal to the Per Share Cash Consideration multiplied by 544,980 (or the then outstanding number of shares of FNB Common Stock), plus any additional cash paid by Synovus pursuant to dissenters rights exercised in accordance with the Georgia Act.

(iii) Total Stock Consideration shall be equal to the Per Share Stock Consideration multiplied by 544,980 (or the then outstanding number of shares of FNB Common Stock), multiplied by the closing price of Synovus Common Stock on the New York Stock Exchange on the Effective Date.

B. In the event of the termination and abandonment of this Agreement pursuant to Article VI(A) of this Agreement, this Agreement shall become void and have no effect, except as set forth in Paragraph (A) of Article VIII, and there shall be no liability on the part of any party hereto or their respective officers or directors; provided, however, that: (1) FNB shall be entitled to a cash payment from Synovus for FNB's reasonable out-of-pocket expenses relating to the Merger in an amount not to exceed \$150,000, which amount shall not be deemed an exclusive remedy or liquidated damages, in the event of the termination of this Agreement due to the failure by Synovus to satisfy any of its representations, warranties or covenants set forth herein; and (2) Synovus shall be entitled to a cash payment from FNB for Synovus' reasonable out-of-pocket expenses relating to the Merger and for reimbursement of the fair market value of services provided by internal counsel and due diligence team members in connection with the Merger in an amount not to exceed \$150,000, which amount shall not be deemed an exclusive remedy or liquidated damages, in the event of the termination of this Agreement due to the failure by FNB to satisfy any of its representations, warranties or covenants set forth herein.

A-24

Appendix B

GEORGIA BUSINESS CORPORATION CODE

ARTICLE 13.

DISSENTERS RIGHTS

PART 1. RIGHT TO DISSENT AND OBTAIN PAYMENT FOR SHARES

14-2-1301 Definitions. - As used in this article, the term:

- (1) **Beneficial Shareholder** means the person who is a beneficial owner of shares held in a voting trust or by a nominee as the record shareholder.
- (2) **Corporate action** means the transaction or other action by the corporation that creates dissenters' rights under Code Section 14-2-1302.
- (3) **Corporation** means the issuer of shares held by a dissenter before the corporate action, or the surviving or acquiring corporation by merger or share exchange of that issuer.
- (4) **Dissenter** means a shareholder who is entitled to dissent from corporate action under Code Section 14-2-1302 and who exercises that right when and in the manner required by Code Sections 14-2-1320 through 14-2-1327.
- (5) **Fair value**, with respect to a dissenter's shares, means the value of the shares immediately before the effectuation of the corporate action to which the dissenter objects, excluding any appreciation or depreciation in anticipation of the corporate action.
- (6) **Interest** means interest from the effective date of the corporate action until the date of payment, at a rate that is fair and equitable under all the circumstances.
- (7) **Record shareholder** means the person in whose name shares are registered in the records of a corporation or the beneficial owner of shares to the extent of the rights granted by a nominee certificate on file with a corporation.
- (8) **"Shareholder"** means the record shareholder or the beneficial shareholder.

14-2-1302 Right To Dissent. - (a) A record shareholder of the corporation is entitled to dissent from, and obtain payment of the fair value of his shares in the event of, any of the following corporate actions:

- (1) Consummation of a plan of merger to which the corporation is a party:
 - (A) If approval of the shareholders of the corporation is required for the merger by Code Section 14-2-1103 or 14-2-1104 or the articles of incorporation and the shareholder is entitled to vote on the merger; or
 - (B) If the corporation is a subsidiary that is merged with its parent under Code Section 14-2-1104;
- (2) Consummation of a plan of share exchange to which the corporation is a party as the corporation whose shares will be acquired, if the shareholder is entitled to vote on the plan;
- (3) Consummation of a sale or exchange of all or substantially all of the property of the corporation if a shareholder vote is required on the sale or exchange pursuant to Code Section 14-2-1202, but not including a sale pursuant to court order or a sale for cash pursuant to a plan by which all or substantially all of the net proceeds of the sale will be distributed to the shareholders within one year after the date of sale;
- (4) An amendment of the articles of incorporation that materially and adversely affects rights in respect of a dissenter's shares because it:

(A) Alters or abolishes a preferential right of the shares;

B-1

(B) Creates, alters, or abolishes a right in respect of redemption, including a provision respecting a sinking fund for the redemption or repurchase, of the shares;

(C) Alters or abolishes a preemptive right of the holder of the shares to acquire shares or other securities;

(D) Excludes or limits the right of the shares to vote on any matter, or to cumulate votes, other than a limitation by dilution through issuance of shares or other securities with similar voting rights;

(E) Reduces the number of shares owned by the shareholder to a fraction of a share if the fractional share so created is to be acquired for cash under Code Section 14-2-604; or

(F) Cancels, redeems, or repurchases all or part of the shares of the class; or

(5) Any corporate action taken pursuant to a shareholder vote to the extent that Article 9 of this chapter, the articles of incorporation, bylaws, or a resolution of the board of directors provides that voting or nonvoting shareholders are entitled to dissent and obtain payment for their shares.

(b) A shareholder entitled to dissent and obtain payment for his shares under this article may not challenge the corporate action creating his entitlement unless the corporate action fails to comply with procedural requirements of this chapter or the articles of incorporation or bylaws of the corporation or the vote required to obtain approval of the corporate action was obtained by fraudulent and deceptive means, regardless of whether the shareholder has exercised dissenter's rights.

(c) Notwithstanding any other provision of this article, there shall be no right of dissent in favor of the holder of shares of any class or series which, at the record date fixed to determine the shareholders entitled to receive notice of and to vote at a meeting at which a plan of merger or share exchange or a sale or exchange of property or an amendment of the articles of incorporation is to be acted on, were either listed on a national securities exchange or held of record by more than 2,000 shareholders, unless:

(1) In the case of a plan of merger or share exchange, the holders of shares of the class or series are required under the plan of merger or share exchange to accept for their shares anything except shares of the surviving corporation or another publicly held corporation which at the effective date of the merger or share exchange are either listed on a national securities exchange or held of record by more than 2,000 shareholders, except for scrip or cash payments in lieu of fractional shares; or

(2) The articles of incorporation or a resolution of the board of directors approving the transaction provides otherwise.

14-2-1303 Dissent By Nominees And Beneficial Owners. - A record shareholder may assert dissenters rights as to fewer than all the shares registered in his name only if he dissents with respect to all shares beneficially owned by any one beneficial shareholder and notifies the corporation in writing of the name and address of each person on whose behalf he asserts dissenters' rights. The rights of a partial dissenter under this Code section are determined as if the shares as to which he dissents and his other shares were registered in the names of different shareholders.

B-2

PART 2. PROCEDURE FOR EXERCISE OF DISSENTERS RIGHTS

14-2-1320 Notice Of Dissenters Rights. - (a) If proposed corporate action creating dissenters rights under Code Section 14-2-1302 is submitted to a vote at a shareholders meeting, the meeting notice must state that shareholders are or may be entitled to assert dissenters rights under this article and be accompanied by a copy of this article.

14-2-1322 Dissenters Notice. - (a) If proposed corporate action creating dissenters rights under Code Section 14-2-1302 is authorized at a shareholders meeting, the corporation shall deliver a written dissenters notice to all shareholders who satisfied the requirements of Code Section 14-2-1321.

PART II

INFORMATION NOT REQUIRED IN PROSPECTUS; **UNDERTAKINGS**

Item 20. Indemnification of Directors and Officers

Subsection (a) of Section 14-2-851 of the Georgia Business Corporation Code provides that a corporation may indemnify or obligate itself to indemnify an individual made a party to a proceeding because he or she is or was a director against liability incurred in the proceeding if such individual conducted himself or herself in good faith and such individual reasonably believed, in the case of conduct in an official capacity, that such conduct was in the best interests of the corporation and, in all other cases, that such conduct was at least not opposed to the best interests of the corporation and, in the case of any criminal proceeding, such individual had no reasonable cause to believe such conduct was unlawful. Subsection (d) of Section 14-2-851 of the Georgia Business Corporation Code provides that a corporation may not indemnify a director in connection with a proceeding by or in the right of the corporation except for reasonable expenses incurred if it is determined that the director has met the relevant standard of conduct, or in connection with any proceeding with respect to conduct under Section 14-2-851 of the Georgia Business Corporation Code for which he was adjudged liable on the basis that personal benefit was improperly received by him.

Notwithstanding the foregoing, pursuant to Section 14-2-854 of the Georgia Business Corporation Code a court may order a corporation to indemnify a director or advance expenses if such court determines that the director is entitled to indemnification under the Georgia Business Corporation Code or that the director is fairly and reasonably entitled to indemnification in view of all the relevant circumstances, whether or not such director met the standard of conduct set forth in subsections (a) and (b) of Section 14-2-851 of the Georgia Business Corporation Code, failed to comply with Section 14-2-853 of the Georgia Business Corporation Code or was adjudged liable as described in paragraph (1) or (2) of subsection (d) of Section 14-2-851 of the Georgia Business Corporation Code.

Section 14-2-852 of the Georgia Business Corporation Code provides that to the extent that a director has been successful, on the merits or otherwise, in the defense of any proceeding to which he was a party, because he or she is or was a director of the corporation, the corporation shall indemnify the director against reasonable expenses incurred by the director in connection therewith.

Section 14-2-857 of the Georgia Business Corporation Code provides that a corporation may indemnify and advance expenses to an officer of the corporation who is a party to a proceeding because he or she is an officer of the corporation to the same extent as a director and if he or she is not a director to such further extent as may be provided in its articles of incorporation, bylaws, action of its board of directors or contract except for liability arising out of conduct specified in Section 14-2-857(a)(2) of the Georgia Business Corporation Code. Section 14-2-857 of the Georgia Business Corporation Code also provides that an officer of the corporation who is not a director is entitled to mandatory indemnification under Section 14-2-852 and is entitled to apply for court ordered indemnification or advances for expenses under Section 14-2-854, in each case to the same extent as a director. In addition, Section 14-2-857 provides that a corporation may also indemnify and advance expenses to an employee or agent who is not a director to the extent, consistent with public policy, that may be provided by its articles of incorporation, bylaws, action of its board of directors or contract.

In accordance with Article VIII of the Company's Bylaws, every person who is or was (and the heirs and personal representatives of such person) a director, officer, employee or agent of the Company shall be indemnified and held harmless by the Company from and against the obligation to pay a judgment, settlement, penalty, fine (including an excise tax assessed with respect to an employee benefit plan), and reasonable expenses (including attorneys' fees and disbursements) that may be imposed upon or incurred by him or her in connection with or resulting from any threatened, pending, or completed, action, suit, or proceeding, whether civil, criminal, administrative, investigative, formal or informal, in which he or she is, or is threatened to be made, a named defendant or respondent: (a) because he or she is or was a director, officer, employee, or agent of the Company; (b) because he or she or is or was serving at the request of the Company as a director, officer, partner, trustee, employee, or agent of another corporation, partnership, joint venture, trust, employee benefit plan or other enterprise; or (c) because he or she is or was serving as an employee of the corporation who was employed to render professional services as a lawyer or accountant to the corporation; regardless of whether such person is acting in such a capacity at the time such obligation shall have been imposed or incurred, if (i) such person acted in a manner he or she believed in good faith to be in or not opposed to the best interest of such corporation, and, with respect to any criminal proceeding, if such person had no reasonable cause to believe his or her conduct was unlawful or (ii), with respect to an employee benefit plan, such person believed in good faith that his or her conduct was in the interests of the participants in and beneficiaries of the plan.

Pursuant to Article VIII of the Bylaws of the Company, reasonable expenses incurred in any proceeding shall be paid by the Company in advance of the final disposition of such proceeding if authorized by the Board of Directors in the specific case, or if authorized in accordance with procedures adopted by the Board of Directors, upon receipt of a written undertaking executed personally by or on behalf of the director, officer, employee or agent to repay such amount if it shall ultimately be determined that he or she is not entitled to be indemnified by the Company, and a written affirmation of his or her good faith belief that he or she has met the standard of conduct required for indemnification.

The foregoing rights of indemnification and advancement of expenses are not intended to be exclusive of any other right to which those indemnified may be entitled, and the Company has reserved the right to provide additional indemnity and rights to its directors, officers, employees or agents to the extent they are consistent with law.

The Company carries insurance for the purpose of providing indemnification to its directors and officers. Such policy provides for indemnification of the Company for losses and expenses it might incur to its directors and officers for successful defense of claims alleging negligent acts, errors, omissions or breach of duty while acting in their capacity as directors or officers and indemnification of its directors and officers for losses and expense upon the unsuccessful defense of such claims.

Insofar as indemnification for liabilities arising under the Securities Act of 1933, as amended (the Act), may be permitted to directors, officers and controlling persons of the Company pursuant to the foregoing provisions, or otherwise, the Company has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Company of expenses incurred or paid by a director, officer or controlling person of the Company in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Company will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
