Item 8.01 Other Events.

On July 21, 2016, El Paso Electric Company (the “Company”) filed an unopposed settlement agreement (the “Unopposed Settlement”) in the Company’s rate case pending before the Public Utility Commission of Texas (the “Commission”). The Unopposed Settlement was filed with Administrative Law Judges assigned to oversee the Company’s Texas rate case, who have been asked to return the settled case to the Commission for approval.

The terms of the Unopposed Settlement include: (i) an annual non-fuel base rate increase of \$37 million, lower annual depreciation expense of approximately \$8.5 million, a return on equity of 9.7% for AFUDC purposes, and including substantially all new plant in service in rate base, all as outlined in the Non-Unanimous Stipulation and Agreement filed with the Commission on March 29, 2016; (ii) an additional annual non-fuel base rate increase of \$3.7 million related to Four Corners Generating Station costs; (iii) removing the separate treatment for residential customers with solar systems; and (iv) allowing the Company to recover most of the rate case expenses up to a date certain. The Unopposed Settlement is subject to approval by the Commission. At this time, the Company cannot predict when it will record revenues for the Unopposed Settlement. Regardless of such timing, the new rates will relate back to consumption on or after January 12, 2016.

A copy of the Press Release issued on July 21, 2016 and the Unopposed Settlement are attached as Exhibits 99.1 and 99.2 to this Current Report on Form 8-K and incorporated herein by reference. The complete settlement filing can be found on the Commission’s website under docket number 44941. Documents appearing on the Commission’s website (other than Exhibit 99.2 hereto) are not incorporated by reference into this Current Report on Form 8-K.
