PROXY STATEMENT FOR ANNUAL MEETING
OF SHAREHOLDERS
To Be Held June 15, 2006

Edgar Filing: OCEAN BIO CHEM INC - Form DEF 14A

General We are providing these proxy materials in connection with the solicitation by the Board of Directors of Ocean Bio-Chem, Inc. of proxies to be voted at our Annual Meeting of Shareholders and at any postponement or adjournment of this meeting. Our Annual Meeting will be held on June 15, 2006 at the offices of Ocean Bio-Chem, Inc. located at 4041 S.W. 47th Avenue, Ft. Lauderdale, Florida 33314. In this proxy statement, Ocean Bio-Chem, Inc. is referred to as the "Company," "we," "our" or "us."

Our principal executive offices are located at 4041 S.W. 47th Avenue, Ft. Lauderdale, Florida 33314. Our proxy statement and the accompanying proxy card are first being mailed to our shareholders on or about April 28, 2006. Outstanding Securities and Voting Rights

Only holders of record of our common stock at the close of business on April 17, 2006, the record date, will be entitled to notice of, and to vote at, the Annual Meeting. On that date, we had 5,978,316 shares of our common stock issued and outstanding. Each share of common stock is entitled to one vote at the Annual Meeting. However, an aggregate of 129,000 of these shares are not entitled to vote until we obtain shareholder approval of these grants. Please see "Proposal 2. Ratification of stock grants previously issued to employees as compensation" on page 16 of this Proxy Statement.

A majority of the outstanding shares of common stock present in person or represented by proxy constitutes a quorum for the transaction of business at the Annual Meeting. Abstentions and broker "non-votes" are counted as present and entitled to vote for purposes of determining whether a quorum exists. A "broker non-vote" occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner.

In tabulating the voting results for any proposal, shares that constitute broker non-votes are not considered entitled to vote on that proposal. Thus, broker non-votes will not affect the outcome of any matter being voted on at the meeting assuming a quorum is obtained. Abstentions will have the same effect as a vote against a proposal.

Proxy Voting

Shares for which proxy cards are properly executed and returned will be voted at the Annual Meeting in accordance with the directions given or, in the absence of directions, will be voted "FOR" Proposal 1- the election of each of the seven nominees to the Board named herein, "FOR" Proposal 2 - the ratification of stock grants previously issued to our employees as compensation, "FOR" Proposal 3 -the ratification of the revolving line of credit in the maximum amount of up to \$1.5 million ("Credit Facility") from Peter G. Dornau, our President and Chief Executive Officer, to our Company and warrants previously granted to Peter G. Dornau in connection with this Credit Facility and "FOR" Proposal 4 - the ratification of Levi, Cahlin & Co. as our independent certified public accountants. If, however, other matters are properly presented, the person named in the proxies in the accompanying proxy card will vote in accordance with their discretion with respect to such matters.

The manner in which your shares may be voted depends on how your shares are held. If you own shares of record meaning that your shares of common stock are represented by certificates in your name so that you appear as a stockholder on the records of our transfer agent, Registrar & Transfer Company, a proxy card for voting those shares will be included within this Proxy Statement. You may vote those shares by completing, signing and returning the proxy card in the enclosed envelope.

Edgar Filing: OCEAN BIO CHEM INC - Form DEF 14A

If you own shares in street name, meaning that your shares of common stock are held by a bank or brokerage firm, you may instead receive a voting instruction form with this Proxy Statement that you may use to instruct your bank or brokerage firm how to vote your shares. As with a proxy card, you may vote your shares by completing, signing and returning the voting instruction form in the envelope provided.

1

All votes will be tabulated by Inspector of Elections appointed for the Annual Meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. A list of the stockholders entitled to vote at the Annual Meeting will be available at the Company's office, 4041 S.W. 47th Avenue, Fort Lauderdale, FL 33314 for a period of ten (10) days prior to the Annual Meeting for examination by any stockholder.

Attendance and Voting at the Annual Meeting

If you own common stock of record, you may attend the Annual Meeting and vote in person, regardless of whether you have previously voted by proxy card. If you own common stock in street name, you may attend the Annual Meeting but in order to vote your shares at the meeting, you must obtain a "legal proxy" from the bank or brokerage firm that holds your shares. You should contact your bank or brokerage account representative to learn how to obtain a legal proxy. We encourage you to vote your shares in advance of the Annual Meeting by one of the methods described above, even if you plan on attending the Annual Meeting. If you have already voted prior to the meeting, you may nevertheless change or revoke your vote at the Annual Meeting in the manner described below.

Revocation

If you own common stock or record, you may revoke a previously granted proxy at any time before it is voted by delivering to the Secretary of the Company a written notice of revocation or a duly executed proxy bearing a later date or by attending the Annual Meeting and voting in person. Any stockholder owning common stock in street name may change or revoke previously granted voting instructions by contacting the bank or brokerage firm holding the shares or by obtaining a legal proxy from such bank or brokerage firm and voting in person at the Annual Meeting.

James M. Kolisch joined our Board of Directors as an outside director in May 1998. Mr. Kolisch has been engaged in the insurance industry and served as president of USI Florida, or its predecessor company, an entity that sources most of the our insurance needs, for a period of approximately twenty-five years. Mr. Kolisch serves on the Board of Directors' Audit Committee.

Laz L. Schneider is, and has been for the past five years, an attorney in private practice and was elected to serve as an outside Director of the Company during May 1998. All directors will serve until the next annual meeting of shareholders or until their successors are duly elected and qualified. Each officer serves at the discretion of the board of directors. There are no arrangements or understandings between any of the officers or directors of our Company and the Company or any other persons pursuant to which any officer or director was or is to be selected as a director or officer.

CORPORATE GOVERNANCE AND RELATED MATTERS

The Board meets regularly during the year to review matters related to our company and to act on matters requiring Board approvals. All persons who were serving as directors during fiscal 2005 attended at least 75% of the aggregate of the meetings of the Board and committees of which they were members. Our Board of Directors held two (2) meetings during the year ended December 31, 2005, at which all the directors were present. We have a standing Audit

Edgar Filing: OCEAN BIO CHEM INC - Form DEF 14A

Committee and our nominating committee consists of our entire Board of Directors. We do not have a separate compensation committee. The Company encourages, but does not require, its directors to attend the Company's Annual Meeting of Shareholders. Last year, all of the directors attended the Annual Meeting of Shareholders.

Audit Committee

The Audit Committee assists the Board in fulfilling its oversight responsibility relating to our financial statements and financial reporting process, the qualifications, independence and performance of our independent auditors, the performances of our internal audit functions and our compliance with legal and regulatory requirements. The members of the Audit Committee during fiscal 2005 were Sonia B. Beard, our Chairperson, James M. Kolisch, and John B. Turner. The Board has designated Sonia B. Beard as the "audit committee financial expert," as defined by Item 401(h) of Regulation S-K of the Securities Exchange Act of 1934. The shareholders ratified a charter for the Audit Committee at our Annual Meeting of Shareholders held on June 9, 2000. On March 24, 2004, the Board of Directors adopted a Restated Audit Committee Charter.

The Audit Committee met three times since last year's Annual Meeting of Shareholders. We believe that all members of the Audit Committee are independent, as defined in Rule 4200(a)(15) of the NASDAQ listing standards.

Nominating Committee

Our entire Board of Directors serves as our Nominating Committee. Our Nominating Committee is responsible for identifying individuals qualified to

3

become members of the Board of Directors, and nominating persons for election as directors at the annual meeting of shareholders and the persons to fill any vacancies on the Board. Our Nominating Committee does not have a Nominating Committee Charter. The Board of Directors does not believe that the Company would derive any significant benefit from a separate nominating committee or a Nominating Committee Charter.

Directors are not required to meet any specific or minimum qualifications. The Board attempts to identify persons who have the requisite experience and expertise to be an asset to our Company.

The Board will consider nominees for the Board of Directors recommended by shareholders. Nominations by shareholders must be in writing, must include the full name of the proposed nominee, a brief description of the proposed nominee's business experience for at least the previous five years, and a representation that the nominating shareholder is a beneficial or record owner of our common stock. Any such submission must also be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a director if elected. Nominations must be delivered to the Board at the following address:

Board of Directors
Ocean Bio-Chem, Inc.
4041 SW 47th Avenue
Fort Lauderdale, Florida 33314-4023

The Board of Directors is required to review the qualifications and backgrounds of all directors and nominees (without regard to whether a nominee has been recommended by shareholders), as well as the overall composition of the Board of Directors, and recommend a slate of directors to be nominated for election at the annual meeting of shareholders, or, in the case of a vacancy on the Board of Directors, elect a director to fill such vacancy.

Edgar Filing: OCEAN BIO CHEM INC - Form DEF 14A

Controlled Company Status

NASDAQ marketplace rules require that the board of directors of NASDAQ listed companies consist of a majority of directors who are independent within the meaning of the rules. The rules also impose additional independence requirements on members of certain committees of the Board. The Company has determined that, except with respect to the required independence of members of the Audit Committee, it is exempt from the application of these rules as a "controlled company," as defined in the rules. The Company believes it qualifies as a controlled company under NASDAQ rules because more than 50% of the voting power of its capital stock is held by a single group, consisting of Peter G. Dornau and his son, Gregor M. Dornau.

Directors' Compensation

During fiscal 2005, our employee directors did not receive any additional or special compensation for serving as directors. Our non-employee directors did not receive equity compensation for their services in fiscal 2005. However, on April 3, 2006 each outside director received a grant of options to acquire 10,000 shares of our common stock at an exercise price of \$1.08 per share, the fair market value of the underlying shares on the date of grant. These options are immediately exercisable and expire on April 2, 2016.

Compliance with Section 16(a) of the Securities Exchange Act

Based solely on reviews of Forms 3 and 4 furnished to us by the aforementioned individuals, it was determined that no reporting person failed to file a timely submission of ownership changes and that we were in compliance with Rule 16(a)3(e) of the Exchange Act during our most recent fiscal year.

Shareholder Communications with the Board of Directors

Any shareholder who wishes to send communications to the Board of Directors should mail them addressed to the intended recipient by name or position in care of: Corporate Secretary, Ocean Bio-Chem, Inc., 4041 S.W. 47th Avenue, Fort Lauderdale, FL 33314. Upon receipt of any such communications, the Corporate Secretary will determine the identity of the intended recipient and whether the communication is an appropriate shareholder communication. The Corporate Secretary will send all appropriate shareholder communications to the intended recipient. An "appropriate shareholder communication" is a communication from a person claiming to be a shareholder in the communication the subject of which relates solely to the sender's interest as a shareholder and not to any other personal or business interest.

4

In the case of communications addressed to the Board of Directors, the Corporate Secretary will send appropriate shareholder communications to the Chairman of the Board. In the case of communications addressed to any particular directors, the Corporate Secretary will send appropriate shareholder communications to such director. In the case of communications addressed to a committee of the board, the Corporate Secretary will send appropriate shareholder communications to the Chairman of such committee.

An option is "in-the-money" when the fair market value of the underlying Common Stock exceeds the exercise price of the option.

Stock Option Plans

We have three stock options plans: our 1994, and 2002 Incentive Stock Option Plans (the "1994 Plan", and "2002 Plan") and the 2002 Non-Qualified Stock Option Plan. All of our employees are eligible to be selected to participate in our 1994 and 2002 Qualified Plans and in our 2002 Non-Qualified Stock Option Plan. The Plans are administered by the Board of Directors, which selects individuals to be participants and determines the type and number of awards to be granted. Our 1992 Incentive Stock Option Plan was terminated during April, 2002. However, as of April 17, 2006, we had 154,000 options outstanding under this 1992 Incentive Stock Option Plan.

The option price for stock options granted under all Plans is stipulated to be not less than the fair market value of Common Stock on the date of grant and the term of each option is fixed by the Committee. Options become exercisable as determined by the Board of Directors.

Other Benefits

We provide our executive officers and employees with group health, hospitalization and life insurance plans. We also maintain a SAR/SEP Savings Plan and a 401(k) savings plan which are sponsored by two of our subsidiaries, Star brite Distributing, Inc. and Kinpak Inc., respectively. Both plans are non-contributory by us and are entirely funded by employee contributions.

REPORT OF THE EXECUTIVE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

Executive Compensation Policy

The Board of Directors (the "Committee") is responsible for setting the policies and approving our practices in compensating our executive officers. In carrying out its responsibility in 2005, the Committee considered the following:

- our financial performance;
- our policies and practices for compensation of employees generally;
- our historical philosophy to reward according to merit, commitment to, and performance of, the Company.

In furtherance of this philosophy, the compensation of our executives generally consists of three components: base salary, annual cash incentives and long-term performance-based incentives.

Base Salaries

The base salary of our executives is designed to be competitive with base salaries paid to executives with similar responsibilities and consistent with the salaries paid in the applicable geographical areas.

Incentive Cash Bonuses

Generally, we award cash bonuses to our management employees and other employees, based on their personal performance in the past year and overall performance of our company. Our Board of Directors established a bonus pool for fiscal 2005 and awarded bonuses to executives and other employee from this bonus pool.

Long Term Compensation - Stock Option Grants

We have utilized stock options to motivate and retain executive officers and other employees for the long-term. We believe that stock options closely align the interests of our executive officers and other employees with those of our shareholders and provide a major incentive to building stockholder value. Options are typically granted annually, and are subject to vesting provisions to encourage officers and employees to remain employed with the Company.

The number of stock options granted to an executive is determined by the Board of Directors and depends principally upon an individual's level of responsibility within the Company and performance by the individual. Since stock options are granted at the average market price on the date of grant and have value only if the market price on the underlying common stock increases, and since the exercisability of options vests over a five (5) year period after the grant date, the Board of Directors believes stock options provide an appropriate long-term incentive for those receiving grants, as well as stability in the work force. In addition we, from time to time, award direct grants of our restricted common stock to encourage stock ownership and retention of common stock by employees.

Relationship between our Compensation Policies and Corporate Performance

Edgar Filing: OCEAN BIO CHEM INC - Form DEF 14A

We believe that our executive compensation policies correlate with our corporate performance. Our stock options are usually granted at a price equal to or above the fair market value of our common stock on the date of grant. As such, our officers only benefit from the grant of stock options if our stock price appreciates. Generally, we try to tie bonus payments to our Company's financial performance. However, if an individual has made significant contributions to our company, we will provide them with a bonus payment for their efforts even if our company's financial performance has not been strong.

Performance Comparisons

The following chart compares our Annual Shareholder Return for the five years ended December 31, 2005 to the cumulative total shareholder return of (a) the NASDAQ market US stocks, and (b) the Industry Index, which is the NASDAQ Non-Financial Stocks index. This graph will not be deemed to be incorporated by reference into any filing under the Securities Act of 1933 or under the Securities Act of 1934, except to the extent that we specifically incorporate it by reference, and will not otherwise be deemed to be soliciting material or to be filed under such Acts.

We believe that no single peer index or peer company is totally comparable to our business. The peer indices used to compare total shareholder return include companies which supply to diverse markets. Some of our direct competitors are divisions that represent small portions of companies and are not included in the peer comparisons since information is not available to us to show those divisions separately from the parent.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

On May 1, 1998, we entered into a ten-year lease for approximately 12,700 square feet of office and warehouse facilities in Fort Lauderdale, Florida from an entity fifty percent owned each by Messrs. Peter G. Dornau and Jeffrey J. Tieger, our President and Vice President-Advertising, respectively. The lease required a minimum rental of \$94,800 the first year and provides for a maximum 2% increase on the anniversary of the lease throughout the term. Additionally, the landlord is entitled to collect from us its pro-rata share of all taxes, assessments, insurance premiums, operating charges, maintenance charges and any other expenses, which normally arise from ownership. We believe that the terms

Edgar Filing: OCEAN BIO CHEM INC - Form DEF 14A

of this lease are comparable to those of similar properties in the same geographic area of the Company available from unrelated third parties. Rent charged to operations during the years ended December 31, 2005, 2004 and 2003 amounted to approximately \$100,500 each year.

We acquired the rights to the Star brite(R) trademark and related products for the United States and Canada in conjunction with our original public offering during March 1981. Peter G. Dornau, our president is the direct or beneficial owner of three companies that market Star brite(R) products outside the United States and Canada. These companies serve as distributors of our products and the terms of payment are the same as for our other customers. At December 31, 2005 and 2004, we had amounts due from affiliated companies, which are directly or beneficially owned by our president aggregating approximately \$29,022 and \$408,500, respectively. Sales of Star brite products to such affiliates aggregated approximately \$826,898, \$616,800 and \$373,600 during the years ended December 31, 2005, 2004 and 2003, respectively.

A subsidiary of ours currently uses the services of an entity that is owned by our president to conduct product research and development. Such entity received \$30,000 per year during the years ended December 31, 2005, 2004 and 2003 under such relationship.

During the quarter ended December 31, 2005, we finalized a revolving credit facility with our president and CEO, Peter G. Dornau. In connection with his offering to loan a maximum of \$1.5 million to the Company in order to bolster working capital, we issued warrants to Mr. Dornau to purchase a maximum of 1 million shares of our common stock. Such warrants are exercisable 500,000 shares at \$1.13 and 500,000 shares at \$.863. The exercise prices were determined by the closing bid of our stock plus ten (10) percent on each date of grant. In addition, he has the right, at his sole discretion, to convert such debt into a maximum of 1.5 million shares of our common stock at the rate of \$1.00 per share. At December 31, 2005, \$1,150,000 was outstanding pursuant to this obligation which is due in October 2010 along with accrued interest at the rate of prime plus 2%. Such obligation is subordinate to all borrowings from Regions Bank. This transaction was unanimously approved by our board of directors.

On March 10, 2006, an entity 50% each co-owned by Messrs. Peter G. Dornau and Jeffrey J. Tieger offered to forgive the Company's indebtedness to such entity in the approximate amount of \$295,000. Accordingly, financial statements for the first quarter of 2006 will reflect this transaction.

Among other responsibilities, the Audit Committee reviews, in its oversight capacity, our annual financial statement with both management and the independent auditors and meets periodically with our independent auditors to consider their evaluation of our financial and internal controls. The Audit Committee also recommends to the Board of Directors the selection of the company's independent certified public accountants. The Audit Committee is composed of three directors and operates under a written charter adopted and approved by the Board of Directors. During 2005, all of the Audit Committee members were non-employee directors and were independent as defined by the NASDAQ listing standards in effect during 2005. The members of the Audit Committee during 2005 were Sonia B. Beard, James M. Kolisch, and John B. Turner. Mrs. Beard served as the Chairperson of the Audit Committee.

In discharging its duties during 2005, the Audit Committee met with and

Edgar Filing: OCEAN BIO CHEM INC - Form DEF 14A

held discussions with management and our independent auditors, Levi, Cahlin and Co. Management represented to the independent auditors that our audited financial statements were prepared in accordance with generally accepted accounting principles. The Audit Committee also discussed with our auditors the matters required to be discussed by Statement on Auditing Standards No. 61, "Communications with Audit Committees." In addition, our auditors, provided the Audit Committee with the written disclosures and the letter required by Independence Standards Board Standard No. 1, "Independence Discussion with Audit Committees," and the Audit Committee discussed with our auditors their independence.

Based on the above-mentioned review and discussions with management and the independent auditors, the representations of management and the report of the independent auditors to our committee, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2005.

14

Previous Independent Auditors

On December 15, 2004, we dismissed Berkovits, Lago & Company, LLP ("Berkovits"). The decision to change accountants was approved by our Audit Committee. As of December 15, 2004, we did not have any change or disagreement with Berkovits with respect to the preparation of our financial statements for the two (2) most recent years contained in our Annual Report on Form 10-K for the year ended December 31, 2004.

The report of Berkovits on our financial statements for fiscal 2003, fiscal 2002 and all subsequent interim periods, did not contain an adverse opinion or disclaimer of opinion and was not qualified or modified as to uncertainty, audit scope or accounting principles for fiscal 2003, fiscal 2002 and all subsequent interim periods. Furthermore, Berkovits did not advise us that: 1) internal controls necessary to develop reliable financial statements did not exist, or

2) information had come to the attention of Berkovits which made it unwilling to rely upon management's representations or made it unwilling to be associated with the financial statement prepared by management, or

3) the scope of the audit should be expanded significantly, or information had come to the attention of Berkovits that they concluded will, or if further investigated might, materially impact the fairness or reliability of a previously issued audit report or the underlying financial statements, or the financial statements issued or to be issued covering the fiscal periods subsequent to December 31, 2003 (including information that may prevent it from rendering an unqualified audit report on those financial statements) or made it unwilling to rely on management's representations or to be associated with the financial statements prepared by management or,

4) information has come to the attention of Berkovits that they have concluded will, or if further investigated might, materially impact the fairness or reliability of a previously issued audit report or the underlying financial statements or the financial statements issued or to be issued covering the fiscal periods subsequent to December 31, 2003 through December 15, 2004, the date of the Form 8-K filing reporting our change in accountants, that had not been resolved to the satisfaction of Berkovits or which would have prevented Berkovits from rendering an unqualified audit report on such financial statements.

During fiscal 2003, fiscal 2002 and all subsequent interim periods, there were no disagreements with Berkovits on any matters of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which, if not resolved to the satisfaction of Berkovits would have caused it to make reference to the subject matter of the disagreements in connection with its reports on these financial statements for those periods.
