PART III -- NARRATIVE

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

Fremont General Corporation (the "Company") could not file its Annual Report on Form 10-K for the fiscal year ended December 31, 2006 by March 1, 2007 without unreasonable effort or expense for the reasons set forth below.

In light of the current operating environment for subprime mortgage lenders and recent legislative and regulatory events, Fremont Investment & Loan, the Company's wholly owned industrial bank subsidiary ("FIL"), intends to exit its subprime residential real estate lending business. Management and the board of directors are engaged in discussions with various parties regarding the sale of the business.

Additionally, the Company expects that it, FIL and the Company's wholly owned subsidiary, Fremont General Credit Corporation ("FGCC"), will enter into a voluntary formal agreement, to be designated as a cease and desist order (the "Order"), with the Federal Deposit Insurance Corporation (the "FDIC"). Among other things, the Order will require FIL to cease and desist from the following:

- o Operating with management whose policies and practices are detrimental to FIL;
- o Operating FIL without effective risk management policies and procedures in place in relation to FIL's brokered subprime mortgage lending and commercial real estate construction lending businesses;
- o Operating with inadequate underwriting criteria and excessive risk in relation to the kind and quality of assets held by FIL;

Edgar Filing: FREMONT GENERAL CORP - Form NT 10-K

- o Operating without an accurate, rigorous and properly documented methodology concerning its allowance for loan and lease losses;
- o Operating with a large volume of poor quality loans;
- o Engaging in unsatisfactory lending practices;
- o Operating without an adequate strategic plan in relation to the volatility of FIL's business lines and the kind and quality of assets held by FIL;
- o Operating with inadequate capital in relation to the kind and quality of assets held by FIL;
- o Operating in such a manner as to produce low and unsustainable earnings;
- o Operating with inadequate provisions for liquidity in relation to the volatility of FIL's business lines and the kind and quality of assets held by FIL;
- o Marketing and extending adjustable-rate mortgage ("ARM") products to subprime borrowers in an unsafe and unsound manner that greatly increases the risk that borrowers will default on the loans

2

or otherwise cause losses to FIL, including (1) ARM products that qualify borrowers for loans with low initial payments based on an introductory rate that will expire after an initial period, without adequate analysis of the borrower's ability to repay at the fully indexed rate, (2) ARM products containing features likely to require frequent refinancing to maintain affordable monthly payment or to avoid foreclosure, and (3) loans or loan arrangements with loan-to-value ratios approaching or exceeding 100 percent of the value of the collateral;

- o Making mortgage loans without adequately considering the borrower's ability to repay the mortgage according to its terms;
- o Operating in violation of Section 23B of the Federal Reserve Act, in that FIL engaged in transactions with its affiliates on terms and under circumstances that in good faith would not be offered to, or would not apply to, nonaffiliated companies; and
- o Operating inconsistently with the FDIC's Interagency Advisory on Mortgage Banking and Interagency Expanded Guidance for Subprime Lending Programs.

The Order will also require FIL to take a number of steps, including (1) having and retaining qualified management; (2) limiting the Company's and FGCC's representation on FIL's board of directors and requiring that independent directors comprise a majority of FIL's board of directors; (3) revising and implementing written lending policies to provide effective guidance and control over FIL's residential lending function; (4) revising and implementing policies governing communications with consumers to ensure that borrowers are provided with sufficient information; (5) implementing control systems to monitor whether FIL's actual practices are consistent with its policies and procedures; (6)

Edgar Filing: FREMONT GENERAL CORP - Form NT 10-K

implementing a third-party mortgage broker monitoring program and plan; (7) developing a five-year strategic plan, including policies and procedures for diversifying FIL's loan portfolio; (8) implementing a policy covering FIL's capital analysis on subprime residential loans; (9) performing quarterly valuations and cash flow analyses on FIL's residual interests and mortgage servicing rights from its residential lending operation, and obtaining annual independent valuations of such interests and rights; (10) limiting extensions of credit to certain commercial real estate borrowers; (11) implementing a written lending and collection policy to provide effective guidance and control over FIL's commercial real estate lending function, including a planned material reduction in the volume of funded and unfunded nonrecourse lending and loans for condominium conversion and construction as a percentage of Tier I capital; (12) submitting a capital plan that will include a Tier I capital ratio of not less than 14% of FIL's total assets; (13) implementing a written profit plan; (14) limiting the payment of cash dividends by FIL without the prior written consent of the FDIC and the Commissioner of the California Department of Financial Institutions; (15) implementing a written liquidity and funds management policy to provide effective guidance and control over FIL's liquidity position and needs; (16) prohibiting the receipt, renewal or rollover of brokered deposit accounts without obtaining a Brokered Deposit Waiver approved by the FDIC; (17) reducing adversely classified assets; and (18) implementing a comprehensive plan for the methodology for determining the adequacy of the allowance for loan and lease losses.

In addition, the Company is analyzing, in connection with the preparation of the Company's consolidated financial statements as of and for the period ended December 31, 2006, the FDIC's criticism with respect to the Company's methodology for determining the carrying value of the Company's residential real estate loans held for sale.

PART IV -- OTHER INFORMATION

(1) Name and telephone number of person to contact in regard to this notification

-----	-----	-----
Alan W. Faigin	310	315-5500
-----	-----	-----
(Name)	(Area Code)	(Telephone Number)

(2) Have all other periodic reports required under Section 13 or 15(d) of the Securities Exchange Act of 1934 or Section 30 of the Investment Company Act of 1940 during the preceding 12 months or for such shorter period that the registrant was required to file such report(s) been filed? If answer is no, identify report(s). Yes No

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof? Yes No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

The Company will report a net loss from continuing operations for the fourth quarter of 2006 as compared to net income of \$54.5 million for the fourth quarter of 2005. The net loss to be reported for the fourth quarter of 2006 will be due in part to increased provisions for loan repurchase and repricing,

valuation and premium recapture reserves. In light of the Company's reported operating results for the nine months ended September 30, 2006, and the fact that the Company will report a net loss for the fourth quarter of 2006, the Company's operating results for the fiscal year ended December 31, 2006 will represent a significant change from the Company's operating results for the fiscal year ended December 31, 2005.

The Company is unable to estimate its results of operations for the fourth quarter of 2006 and full-year 2006 until it completes its review of its methodology for determining the carrying value of its held-for-sale residential real estate loan portfolio, as discussed above.
