State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

Industrial Services of America, Inc. (the "Company") is unable to timely file with the Securities and Exchange Commission (the "Commission") its Quarterly Report on Form 10-Q for the fiscal quarter ended September 30, 2013, because the compilation, dissemination, review and finalization of the information required to be presented in the report could not be completed within the prescribed time period without unreasonable effort or expense. Due to a continued period of low nickel prices in the stainless steel market and low margins throughout the metal industry, management, in consultation with the Company's auditors, determined it should perform a more thorough inventory valuation for the September 30, 2013 period ended. The Company has completed a physical inventory and is researching realizable net value for various inventory items to determine if the Company needs to record a lower of cost or market inventory write-down.

The Company does not expect to file the Quarterly Report on Form 10-Q within five calendar days of its prescribed due date.
