

NATIONAL FUEL GAS CO
Form 35-CERT
February 28, 2002

UNITED STATES OF AMERICA
Before the
SECURITIES AND EXCHANGE COMMISSION

In the Matter of

NATIONAL FUEL GAS COMPANY
HORIZON ENERGY DEVELOPMENT, INC.

TWENTY-SIXTH
CERTIFICATE
PURSUANT TO
RULE 24

File No. 70-8649
(Public Utility Holding Company Act of 1935)

THIS IS TO CERTIFY, pursuant to Rule 24, that certain transactions proposed by National Fuel Gas Company (National) and its subsidiary, Horizon Energy Development, Inc. (Horizon) in its Application-Declaration on Form U-1, as amended (File No. 70-8649), have been carried out in accordance with the terms and conditions of said Application-Declaration and the Order (HCAR No. 35-26364, dated August 29, 1995) of the Securities and Exchange Commission (the Commission) with respect thereto, and that the following information for the period ended December 31, 2001 is herein provided:

- 1a) Horizon's balance sheet at December 31, 2001 is attached as Exhibit 1.
- 1b) National's balance sheet at December 31, 2001 is included in National's Form 10-Q for the year ended December 31, 2001 which was filed with the Commission on February 14, 2002 and is incorporated herein by reference.
- 2a) Horizon's income statement for the quarter ended December 31, 2001 is attached as Exhibit 2.
- 2b) National's income statement for the fiscal year ended December 31, 2001 is included in National's Form 10-Q for the year ended December 31, 2001, which was filed with the Commission on February 14, 2002 and is incorporated herein by reference.
- 3) Recourse and non-recourse debt securities issued to third parties by Intermediate Companies during the quarter ended December 31, 2001. None.
- 4) A general description of the activities of the Applicants for the quarter ended December 31, 2001, and of the projects in which they or their subsidiary companies have an ownership interest:

The Project Activities (as such term is defined in the aforesaid that National and Horizon, and subsidiaries of Horizon, were engaged in pursuant to File No. 70-8649, as of December 31, 2001, are as follows:

Horizon, through its wholly owned indirect subsidiaries, Horizon Energy Holdings, Inc. and Horizon Energy Development, B. V. ("HEDBV"), continues to own 100% of the capital stock of Horizon Energy Development s.r.o. ("HED"). During the quarter Power Development s.r.o. ("PD"), another 100% owned subsidiary was finally liquidated. PD had owned 100% of the capital stock of

Edgar Filing: NATIONAL FUEL GAS CO - Form 35-CERT

Teplarna Kromeriz a.s. ("TK"), however, 100% of such ownership was transferred to HEDBV as part of the ongoing liquidation of PD. PD was removed from the commercial register of the Czech Republic effective as of November 22, 2001. As a result, it no longer exists and will no longer be referred to in future reports.

The only material asset of TK is its district heating system which sells steam heat to its residential and commercial customers in the city of Kromeriz, Czech Republic. TK had been investigating ways to convert the existing steam plant into a cogeneration facility, or otherwise to generate electricity at the site. However, it became apparent that the economic conditions in the area could not warrant a continued economically viable operation. During the quarter HEDBV began the process of liquidating TK. The liquidator is in the process of terminating operations and disposing assets.

HEDBV continues to engage in power development and related activities in the Czech Republic and eastern Europe.

As of December 31, 2001, HEDBV also owned approximately 86% of the capital stock of United Energy, a.s. (UE), formerly known as Prvni Severozapadni Teplarenska, a.s. (PSZT). As previously reported, PSZT was the surviving entity resulting from the merger of PSZT and Severoceske Teplarny, a.s. (SCT). Both PSZT and SCT, directly, and through subsidiaries produced heat and power. UE continues to carry on those operations and distribute heat and sells power at wholesale in the northern part of the Czech Republic.

HEDBV, as a shareholder of SCT, had received dividends from its investment in the SCT shares. HEDBV, as a shareholder of PSZT (now UE), has received, and expects to receive, in the future, dividends from its investment in UE shares.

During the quarter, Horizon also carried on Project Activities in Italy and Bulgaria, but owns no assets in those countries at this time.

The aggregate investment of National and its subsidiaries in electric wholesale generators and foreign utility companies does not exceed the limits set forth in the Commission's Rule 53.

- 5) Information on intercompany service transactions (including those provided at cost and at market rates) involving affiliated Intermediate Companies during the quarter ended December 31, 2001:

Neither Horizon nor National engaged in any intercompany service transactions with affiliated Intermediate Companies.
