ONE LIBERTY PROPERTIES ANNOUNCES
INCREASES IN REVENUES, NET INCOME AND
NET INCOME PER SHARE
FOR THE QUARTER AND SIX MONTHS ENDED JUNE 30, 2003

Great Neck, New York - August 11, 2003 - One Liberty Properties, Inc. (ASE: OLP; OLP Pr) today announced that for the three months ended June 30, 2003 it had revenues of \$4,583,000, net income of \$2,008,000 and net income applicable to common stockholders of \$1,749,000, or \$.31 per common share on a diluted basis. Net income and net income applicable to common stockholders give effect to the Company's equity in earnings of unconsolidated joint ventures of \$588,000. For the three months ended June 30, 2002 One Liberty reported revenues of \$3,814,000, net income of \$1,327,000 and net income applicable to common stockholders of \$1,068,000, or \$.26 per share on a diluted basis. Net income and net income applicable to common stockholders for the 2002 period include the Company's equity in earnings of unconsolidated joint ventures of \$275,000. Revenues and net income increased by 20.2% and 51.3% respectively, quarter versus quarter. The weighted average number of common shares outstanding on a diluted basis was 5,715,000 and 4,168,000 for the three months ended June 30, 2003 and 2002, respectively.

For the six months ended June 30, 2003 One Liberty announced revenues of \$9,226,000, net income of \$4,207,000 and net income applicable to common stockholders of \$3,689,000, or \$.65 per common share on a diluted basis. Net income and net income applicable to common stockholders for the six months ended

Edgar Filing: ONE LIBERTY PROPERTIES INC - Form 8-K

June 30, 2003 give effect to Company's equity in earnings of unconsolidated joint ventures of \$1,243,000. This compares with revenues of \$7,484,000, net income of \$2,524,000 and net income applicable to common stockholders of \$2,006,000, or \$.55 per common share on a diluted basis, for the six months ended June 30, 2002. Net income and net income applicable to common stockholders for the six months ended June 30, 2002 give effect to equity in earnings of unconsolidated joint ventures of \$473,000. Revenues and net income increased by 23.3% and 66.7%, respectively, six months versus six months. The weighted average number of common shares outstanding on a diluted basis was 5,691,000 and 3,637,000 for the six months ended June 30, 2003 and 2002, respectively.

One Liberty also reported that funds from operations applicable to common stockholders for the three months ended June 30, 2003 increased by 54.5% to \$2,708,000, or \$.47 per common share on a diluted basis, as compared to \$1,753,000, or \$.42 per common share on a diluted basis for the three months ended June 30, 2002. Funds from operations applicable to common stockholders for the six months ended June 30, 2003 increased by 66.3% to \$5,599,000, or \$.98 per common share on a diluted basis from \$3,366,000, or \$.93 per common share on a diluted basis, for the six months ended June 30, 2002. Funds from operations, calculated in accordance with the NAREIT definition, adds back to net income depreciation of properties, amortization of capitalized leasing expenses and One Liberty's share of depreciation in unconsolidated joint ventures and deducts gains on sale of real estate and cash distributions to preferred stockholders. Funds from operations represents a non GAAP (generally accepted accounting principles) financial measure. The table attached to this release reconciles funds from operations to GAAP net income.

Commenting on the results of operations, Jeffrey Fishman, President and Chief Executive Officer of One Liberty noted that revenues increased primarily because of a 24.3% increase in rental income quarter versus quarter and a 23.4% increase in rental income six months versus six months resulting primarily from the acquisition of five properties between September 2002 and June 2003. Commenting further, Mr. Fishman noted that interest and other income contributed approximately 1.5% and 4.8%, to revenues in the three months ended June 30, 2003 and 2002, respectively, and 2.6% and 2.7% in the six months ended June 30, 2003 and 2002, respectively. Interest and other income decreased three months versus three months due in part to non-recurring type income items realized in the 2002 three month period, including net acquisition fees earned from the Company's movie theater partners and interest earned from the proceeds of a public offering completed in May 2002, pending use of such proceeds. Interest and other income increased modestly six months versus six months primarily because of interest income earned in the 2003 six month period from mortgages receivable that were repaid in May 2003, offset by the acquisition fee income earned by the Company in the 2002 six month period.

Referring to the Company's joint venture activities, Mr. Fishman noted that the Company's two movie theater joint ventures had acquired eight multiplex theaters between April 2002 and December 2002, that an additional joint venture was organized in December 2002 to acquire a retail property and that the Company contributed its leasehold position in an industrial property to a joint venture in February 2002. As a result of these transactions, the Company's equity in earnings of unconsolidated joint ventures increased by 114% quarter versus quarter and 163% six months versus six months.

On the expense side, expenses increased by \$409,000 (14.8%) quarter versus quarter and by \$835,000 (15.3%) six months versus six months as a result of the Company's property acquisition activities (increased interest on borrowings under the credit line to facilitate purchases), the ownership of additional

Edgar Filing: ONE LIBERTY PROPERTIES INC - Form 8-K

properties (increased depreciation, mortgage expense and real estate operating expenses) and an overall increase in the level of the Company's business activities. Mr. Fishman noted that three months versus three months there was a \$112,000 (27.1%) increase in general and administrative expenses and six months versus six months there was a \$291,000 (37.6%) increase in general and administrative expenses primarily due to an increase in payroll and payroll related expenses, primarily legal and accounting expenses allocated to the Company under a shared services agreement related to property acquisitions, mortgage financing activities, lease negotiations, consummation of the new credit facility and Sarbanes-Oxley compliance. He also noted that there was a \$149,000 (481%) increase in real estate expenses three months versus three months and a \$212,000 (331%) increase in real estate expenses six months versus six months due primarily to an increase in legal fees related to properties, as well as utilities and real estate taxes on two vacant properties, one of which was sold in May, 2003, amortization of a leasing commission and non-recurring landlord repairs.

One Liberty Properties is a real estate investment trust and invests primarily in improved commercial real estate under long term net lease.

Certain information contained herein is forward looking. Information regarding certain important factors that could cause actual outcomes or other events to differ materially from any such forward looking statements appear in the Company's Form 10-K for the year ended December 31, 2002.
