On January 27, 2009, Arrow Financial Corporation issued the following press release:

**Arrow Financial Corporation Elects Not to Participate in U.S. Treasury**

**Department TARP Capital Purchase Program.**

Arrow Financial Corporation (NasdaqGS AROW) announced that it has received preliminary approval for the sale of \$20 million of preferred stock and related common stock warrants to the U.S. Treasury Department under the Troubled Asset Relief Program (TARP) Capital Purchase Program. However, Arrow, which is the holding company of Glens Falls National Bank and Trust Company and Saratoga National Bank and Trust Company, has decided not to participate in this program.

Thomas L. Hoy, Chairman, President and C.E.O. of Arrow Financial Corporation indicated that there were a number of factors influencing the decision by the Board of Directors not to participate in the program. We are very pleased to be an institution worthy of selection by the Treasury Department for this program. However, our balance sheet is strong, we are well capitalized and our business operations have consistently generated very good earnings. In addition, our banks have continued to meet the needs of consumer and commercial loan customers in our five county market area. Our loan portfolio has expanded in recent periods and our asset quality remains strong. We have never engaged in the origination of subprime mortgage loans as a business line, nor do we hold mortgage-backed securities backed by subprime mortgages in our investment portfolio. Consequently, we do not believe participation in this program is in the best interests of our shareholders, given Arrow's strong financial and liquidity positions.

Arrow recently released its operating results for the three and twelve-month periods ended December 31, 2008. The Company achieved record level earnings for the year as well as record levels for loans outstanding and capital balances as of December 31, 2008. The Company's total shareholders' equity at year-end 2008 was \$125.8 million, total risk-based capital ratio was 14.27% and its leverage ratio was 8.45%.

Mr. Hoy also indicated that Arrow recently elected to participate in the FDIC's Transaction Account Guarantee Program, which provides that all non-interest bearing transaction accounts at its subsidiary banks will be fully guaranteed by the FDIC, regardless of the amount, through December 31, 2009. Coverage under this program is in addition to and separate from insurance coverage from the FDIC's general deposit coverage which has been temporarily increased to \$250,000 per account through December 31, 2009.

Arrow Financial Corporation is a multi-bank holding company headquartered in Glens Falls, NY serving the financial needs of northeastern New York. Arrow is the parent of Glens Falls National Bank and Trust Company and Saratoga National Bank and Trust Company. Other subsidiaries include North Country Investment Advisers, Inc. and Capital Financial Group, Inc., an insurance agency specializing in the sale and servicing of group health plans.
