Accordingly, we are sending most of our shareholders a notice regarding the availability of this proxy statement, our Annual Report on Form 10-K for fiscal 2012 and other proxy materials via the Internet (the "Notice"). This electronic process gives you fast, convenient access to the materials, reduces the impact on the environment and reduces our printing and mailing costs. If you received a Notice by mail, you will not receive a printed copy of the proxy materials in the mail. The Notice instructs you on how to access and review all of the important information contained in the Proxy Statement and Annual Report. The Notice also instructs you on how you may submit your vote over the Internet. If you received a Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the Notice.

Attendance at the Annual Meeting will be limited to shareholders and our guests. Shareholders may be asked to furnish proof of ownership of our Common Stock before being admitted to the meeting. Directions to the meeting's location accompany the Proxy Statement.

- Vote through the Internet at www.proxydocs.com/mu using the instructions included in the notice regarding the Internet availability of proxy materials, the proxy card or voting instruction card;
- Vote by telephone using the instructions on the proxy card or voting instruction card if you received a paper copy of the proxy materials;
- Complete and return a written proxy or voting instruction card using the proxy card or voting instruction card if you received a paper copy of the proxy materials; or
- Attend and vote at the meeting.

Internet and telephone voting are available 24 hours a day, and if you use one of those methods, you do not need to return a paper proxy or voting instruction card. Unless you are planning to vote at the meeting, your vote must be received by 11:59 p.m., Eastern Standard Time, on January 21, 2013.

Record Date

Shareholders of record at the close of business on November 23, 2012 (the "Record Date"), are entitled to notice of and to vote at the meeting.

Revocability of Proxy

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by attending the Annual Meeting and voting in person or by delivering to us a written notice of revocation or another duly executed proxy bearing a date later than the earlier given proxy but prior to the date of the Annual Meeting.

Solicitation

We will bear the cost of solicitation. In addition, we may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation materials to such beneficial owners. Proxies may be solicited by our directors, officers and employees, without additional compensation, personally or by telephone or Internet. We intend to use the services of AST Phoenix Advisors, a proxy solicitation firm, in connection with the solicitation of proxies. Although the exact cost of the solicitation services is not known at this time, it is anticipated that the fees paid by us for these services will be approximately \$12,500.

Outstanding Shares

We have one class of stock outstanding, common stock, \$0.10 par value per share (the "Common Stock"). At November 23, 2012, the Record Date, 1,020,960,739 shares of Common Stock were issued and outstanding and entitled to vote.

Voting Rights and Required Vote

Under the Delaware General Corporation Law and our Restated Certificate of Incorporation and our Bylaws, each shareholder will be entitled to one vote for each share of Common Stock held at the Record Date for all matters, including the election of directors, unless cumulative voting for the election of directors is required (in the manner specified below). The required quorum for the transaction of business at the Annual Meeting is a majority of the votes eligible to be cast by holders of shares of our Common Stock issued and outstanding on the Record Date. Shares that are voted "FOR," "AGAINST" or "ABSTAIN" are treated as being present at the Annual Meeting for the purposes of establishing a quorum and are tallied to determine the shareholders' decision with respect to the matter voted upon (the "Votes Cast"). Abstentions will have the same effect as voting against a proposal. Broker non-votes will be considered present and entitled to vote for purposes of determining the presence or absence of a quorum for the transaction of business, but such non-votes are not deemed to be Votes Cast and, therefore, will not be included in the tabulation of the voting results with respect to voting results for the election of directors or issues requiring the approval of a majority of Votes Cast.

Shares held in a brokerage account or by another nominee are considered held in "street name" by the shareholder or "beneficial owner." A broker or nominee holding shares for a beneficial owner may not vote on matters relating to the election of directors or equity compensation plans unless the broker or nominee receives specific voting instructions from the beneficial owner of the shares. As a result, absent specific instructions, brokers or nominees may not vote a beneficial owner's shares on Items 1, 2, and 4 and such shares will be considered "broker non-votes" for such proposals.

Directors will be elected if the number of votes "FOR" a particular director exceeds the number of votes "AGAINST" that same director. With respect to each other item of business, the "FOR" vote of a majority of the Votes Cast is required in order for such matter to be considered approved by the shareholders.

Cumulative voting for the election of directors shall not be required unless a shareholder has requested cumulative voting by written notice to our Corporate Secretary at least 15 days prior to the date of the meeting. If cumulative voting is required with respect to the election of directors, each voting shareholder may cumulate such shareholder's votes and give one candidate a number of votes equal to the number of directors to be elected multiplied by the number of votes to which the shareholder's shares are entitled, or distribute the shareholder's votes among as many candidates as the shareholder thinks fit, provided that votes cannot be cast for more than six candidates. If cumulative voting is required, the persons authorized to vote shares represented by proxies shall have the authority and discretion to vote such shares cumulatively for any candidate or candidates for whom authority to vote has not been withheld.

Voting of Proxies

The shares of Common Stock represented by all properly executed proxies received in time for the meeting will be voted in accordance with the directions given by the shareholders. If no instructions are given with respect to a properly executed Proxy timely received by us, the shares of Common Stock represented thereby will be voted (i) FOR each of the nominees named herein as directors, or their respective substitutes as may be appointed by the Board of Directors, (ii) FOR approval of the Amended and Restated 2004 Equity Incentive Plan, (iii) FOR ratification of the appointment of PricewaterhouseCoopers LLP as our Independent Registered Public Accounting Firm for the fiscal year ending August 29, 2013, (iv) FOR approval of a non-binding resolution to approve the compensation of our

Named Executive Officers as described in the proxy statement; and (v) in the discretion of the proxy holders for such business which may properly come before the Annual Meeting.

CORPORATE GOVERNANCE

Code of Business Conduct and Ethics

The Board of Directors has adopted a Code of Business Conduct and Ethics that is applicable to all our directors, officers and employees. A copy of the Micron Code of Business Conduct and Ethics is available at www.micron.com/about/our-commitment/governance/ethics and is also available in print upon request. Any amendments or waivers of the Code of Business Conduct and Ethics will also be posted on our website within four business days of the amendment or waiver as required by applicable rules and regulations of the Securities and Exchange Commission ("SEC") and the Listing Rules of NASDAQ.

Director Independence

The Board of Directors has determined that directors Bailey, Byrne, Johnson, Mondry and Switz qualify as independent directors. In determining the independence of our directors, the Board of Directors has adopted independence standards that mirror exactly the criteria specified by applicable laws and regulations of the SEC and the Listing Rules of NASDAQ. None of these directors have a relationship with us, other than any relationship that is categorically not material under the guidelines

referenced above and other than as disclosed in this Proxy Statement under "Compensation of Directors" and "Certain Relationships and Related Transactions."

Board Leadership Structure

In February 2012, Mr. Switz was appointed to succeed Steven Appleton, our former Chairman and CEO, as Chairman of the Board. We do not have a fixed policy on whether the roles of chairman and CEO should be separate or combined. The decision is based on our and our shareholders' best interests under the circumstances existing at the time. In his role as Chairman, Mr. Switz oversees meetings of the independent directors and acts as a liaison between the independent directors and CEO.

Risk Assessment Role

The Board of Directors is responsible for overseeing the major risks we face and reviewing management's proposals for their mitigation. In addition, the Board has delegated oversight of certain categories of risk to the Audit, Compensation and Governance Committees. The Audit Committee reviews and discusses with management significant financial and nonfinancial risk exposures and the steps management has taken to monitor, control, and report such exposures. The Compensation Committee oversees management of risks relating to our compensation plans and programs. The Governance Committee manages risks associated with board governance and director independence. The Audit, Compensation and Governance Committees report to the Board regularly on matters relating to the specific areas of risk the committees oversee.

Compensation Risks

We have assessed our compensation programs and have concluded that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on us. We assessed our compensation programs to determine if the programs' provisions and operations create undesired or unintentional risk of a material nature. We also reviewed the results of our findings with Mercer, our outside compensation consultant. This risk assessment process included a review of program policies and practices; program analysis to identify risk and risk control related to the programs; and determinations as to the sufficiency of risk identification, the balance of potential risk to potential reward and risk control. Although we reviewed all compensation programs, we focused on the programs with variability of payout, with the ability of a participant to directly affect payout and the controls on participant action and payout. In most cases, our compensation policies and practices are centrally designed and administered, and are substantially the same at each business unit. Certain internal groups have different or supplemental compensation programs tailored to their specific operations and goals, and programs may differ by country due to variations in local laws and customs.

Compensation Consultant

The Compensation Committee annually engages a compensation consultant, currently Mercer, to provide a comprehensive review of executive compensation matters. Mercer provides the Compensation Committee with information for all of our officers on cash and non-cash compensation elements and historical and trend payment data. The Compensation Committee has established procedures that it considers adequate to ensure that Mercer's advice to the Compensation Committee remains objective and is not influenced by our management. These procedures include: a direct reporting relationship to the Compensation Committee; a provision in the Compensation Committee's engagement letter with Mercer specifying what information, data, and recommendations can be shared with management; and an annual update to the Compensation Committee on Mercer's relationship with us, including a summary of the work performed for us during the preceding 12 months. The specific activities that Mercer undertakes for us include:

- review the Compensation Peer Group (as defined in the Compensation Discussion and Analysis) and recommend any changes to its members;
- benchmark total direct compensation levels (salary, short-term incentives, long-term incentives and total direct compensation) of our executive team using several data sources;
- evaluate our historical pay-for-performance relationship;
- review the metrics and targets associated with the annual short-term incentives and long-term incentive plans;
- review the proposed equity grants for executives, along with vesting recommendations;
- assist with a risk assessment of our compensation practices;

• review a draft of the compensation discussion and analysis component of proxy disclosure; and
• attend the Compensation Committee meetings in which executive compensation matters are discussed.

5

We paid Mercer a total of \$447,123 in fiscal 2012 for services provided. Of this amount, \$127,725 was paid as a result of the executive and non-employee director compensation consulting work Mercer performed for the Compensation Committee and Governance Committee, \$233,360 was paid as a result of the work Mercer performed related to our 401(k) Plan and other human resource functions and \$86,038 was paid for various types of employee insurance. The decision to use Mercer for services other than those provided to the Compensation Committee and Governance Committee was made by our management and was not approved by the Compensation Committee.

In addition, the Compensation Committee considered the independence of Mercer in light of new SEC rules and proposed NASDAQ listing standards. The Compensation Committee received a letter from Mercer addressing its independence, including the following factors: (i) other services provided to the Company by Mercer; (ii) fees paid by the Company as a percentage of Mercer's total revenue; (iii) policies or procedures maintained by Mercer that are designed to prevent a conflict of interest; (iv) any business or personal relationships between the individual consultants involved in the engagement and any member of the Compensation Committee; (v) any Company stock owned by the individual consultants involved in the engagement; and (vi) any business or personal relationships between the Company's executive officers and Mercer or the individual consultants involved in the engagement. The Compensation Committee concluded that the work of Mercer did not raise any conflict of interest.

Board Meetings and Committees

Our Board of Directors held eight meetings during fiscal 2012. The Board of Directors met in Executive Session four times during fiscal 2012. In fiscal 2012, the Board of Directors had a standing Audit Committee, Governance Committee and Compensation Committee. During fiscal 2012, the Audit Committee met twelve times, the Compensation Committee met six times and the Governance Committee met two times. In addition to formal committee meetings, the chairmen of the committees engaged in regular discussions with management regarding various issues relevant to their respective committees. All incumbent directors attended 75% or more of the total number of meetings of the Board of Directors during fiscal 2012. All incumbent directors who served on the Compensation, Audit and Governance Committees attended 75% or more of the total number of committee meetings during fiscal 2012. All members of our Board were present at the fiscal 2011 Annual Meeting of Shareholders. We encourage director attendance at the Annual Meeting of Shareholders.

The Audit Committee, the Governance Committee and the Compensation Committee each have written charters that comply with federal and NASDAQ rules relating to corporate governance matters. Copies of the committee charters as well as our Corporate Governance Guidelines are available at www.micron.com and are also available in print upon request to corporatesecretary@micron.com. The Board has determined that all the members of the Audit Committee, the Governance Committee, and the Compensation Committee satisfy the independence requirements of applicable federal laws and the Listing Rules of NASDAQ for such committees.

Our Corporate Governance Guidelines specify a mandatory retirement age of 70 for members of its Board of Directors.

Audit Committee

Ms. Johnson and Messrs. Bailey and Switz currently serve on the Audit Committee. Ms. Johnson has served as the Chairman of the Audit Committee since October 2010. The Board has determined that Ms. Johnson and Messrs. Bailey and Switz each qualify as an "audit committee financial expert" for purposes of the rules and regulations of the SEC. The purpose of the Audit Committee is to assist the Board in overseeing and monitoring:

- the integrity of our financial statements;
- the performance of our internal audit function;
- the performance of our Independent Registered Public Accounting Firm;
- the qualifications and independence of our Independent Registered Public Accounting Firm; and
- our compliance with legal and regulatory requirements.

The Audit Committee is also responsible for preparing the Audit Committee report that is included in our annual Proxy Statement. See "Report of the Audit Committee of the Board of Directors." The complete duties and responsibilities of the Audit Committee are set forth in its written charter, which is available at www.micron.com and is also available in print upon request to corporatesecretary@micron.com.

Governance Committee

Ms. Johnson and Messrs. Bailey, Byrne, Mondry and Switz currently serve on the Governance Committee. Mr. Mondry has served as Chairman of the Governance Committee since October 2009. The responsibilities of the Governance Committee include assisting the Board in discharging its duties with respect to (i) the identification and selection of nominees to our Board of

Directors, (ii) director compensation, (iii) the development of our Corporate Governance Guidelines and (iv) the annual evaluations of the Board and its committees. The complete duties and responsibilities of the Governance Committee are set forth in its written charter, which is available at www.micron.com and is also available in print upon request to corporatesecretary@micron.com.

The Governance Committee is responsible for identifying nominees for our Board of Directors. There are no minimum qualifications that nominees must possess, however, the following factors are strongly considered by the Governance Committee in making its recommendations: substantial experience in the semiconductor industry or related industries; strong business acumen and judgment; excellent interpersonal skills; business relationships with key individuals in industry, government and education that may be of significant assistance to us and our operations; familiarity with accounting rules and practices; and "independence" as defined and required by the Listing Rules of NASDAQ and relevant rules and regulations of the SEC. In the event the Board of Directors has determined that it would be advisable to add additional members to the Board, the Governance Committee works with a third party executive search firm to assist them in the identification and evaluation of potential candidates to our Board of Directors. It is currently anticipated that additional members may join our Board of Directors in 2013.

The Governance Committee will consider director nominee recommendations from shareholders. Shareholder recommendations for directors are subject to the same criteria used to evaluate other candidates. Shareholders wishing to recommend a prospective nominee should submit the candidate's name and qualifications to our Corporate Secretary at corporatesecretary@micron.com. Our Bylaws contain the provisions that address the process by which a shareholder may nominate an individual to stand for election to our Board of Directors. A copy of our Bylaws can be found on the Corporate Governance page of our website at www.micron.com and is available in print upon request to corporatesecretary@micron.com.

Compensation Committee

Messrs. Byrne and Mondry currently serve on the Compensation Committee of the Board of Directors. Mr. Mondry has served as the Chairman of the Compensation Committee since January 2012. The Compensation Committee is responsible for reviewing and approving the compensation of our officers. See the "Compensation Discussion and Analysis" and the "Compensation Committee Report" for information regarding how the Compensation Committee sets executive compensation levels. The complete duties of the Compensation Committee are set forth in its written charter, which is available at www.micron.com and is also available in print upon request to corporatesecretary@micron.com.

Executive Sessions and Communications with the Board of Directors

In February 2012, Mr. Switz was appointed Chairman of our Board of Directors. As part of his duties as Chairman, Mr. Switz chairs executive session meetings of our Board (meetings in which only non-employee directors are present). Shareholders and interested parties wishing to communicate with our Board of Directors may contact Mr. Switz at chairman@micron.com.

COMPENSATION OF DIRECTORS

The Governance Committee of the Board of Directors oversees the setting of compensation for our non-employee members of the Board of Directors. At the end of each of fiscal 2011 and fiscal 2012, the Governance Committee engaged Mercer to review and evaluate director compensation for the ensuing year, in light of prevailing market conditions. Mercer gathered and reviewed market data for non-employee directors from the same Compensation Peer Group used to evaluate officer compensation. For a discussion of peer group companies please see "Executive Compensation and Related Information Compensation Discussion and Analysis." For fiscal 2012, upon completion of its review and evaluation, the Governance Committee recommended that the Board of Directors increase (i) the annual retainer paid to non-employee directors, (ii) the fee paid to the Chairman of the Compensation Committee and (iii) the amount of the annual equity award. For fiscal 2013, upon completion of its review and evaluation, the Governance Committee recommended that the Board of Directors make no changes to the directors' compensation.

Elements of Director Compensation

Annual Retainer

Non-employee directors are entitled to receive an annual retainer of \$80,000. Pursuant to our 2008 Director's Compensation Plan (the "DCP"), non-employee directors may elect to take some or their entire annual retainer in the

form of cash, shares of Common Stock or deferred rights to receive Common Stock upon termination as a director. During the period from October 1, 2011 to September 30, 2012, Mr. Byrne received 4,491 shares of Common Stock under the DCP in lieu of cash. Employee directors receive no additional or special remuneration for their service as directors.

Set forth below are the amounts received by directors for their service as committee chair, Presiding Director or Chairman of the Board in fiscal 2012 and the amounts that are expected to be received in fiscal 2013:

Chairman of the Board (1)	85,685	150,000

(1) Mr. Switz was appointed Chairman of the Board on February 4, 2012. As of result of having an independent Chairman, the position of Presiding Director was eliminated in fiscal 2013.

Except for the foregoing, directors do not receive any additional or special remuneration for their service on any of the committees established by the Board of Directors.

We also reimburse directors for travel and lodging expenses, if any, incurred in connection with attendance at Board of Directors' meetings.

Equity Award

Non-employee directors receive an annual equity award. Since fiscal 2007, the equity award has been exclusively in the form of restricted stock. The "targeted value" for the annual non-employee director equity award is established each year by the Board following discussions with Mercer. From fiscal 2009 through fiscal 2011 the targeted value was \$225,000. In October 2011, the Board approved an increase in the targeted value for fiscal 2012 compensation to \$240,000. The Board did not change the targeted value for fiscal 2013 compensation. The number of restricted shares awarded to each non-employee director is determined by dividing the applicable targeted value by the Fair Market Value of a share of our Common Stock, as defined under our equity plans. For purposes of our equity plans, "Fair Market Value" is the closing price of our Common Stock on the last market-trading day prior to the date of grant. The restrictions on the shares awarded through fiscal 2012 lapse for 50% of such shares on the first anniversary of the date of grant and will lapse for the remaining 50% on the second anniversary of the date of grant (the "Vesting Period"). The restrictions on the shares awarded in fiscal 2013 lapse for 100% of such shares on the first anniversary of the date of grant. Notwithstanding the foregoing, the restrictions will lapse for 100% of such shares in the event a director either reaches the mandatory retirement age or retires from the Board during the Vesting Period having achieved a minimum of three years of service with the Board prior to the effective date of his or her retirement.

EXECUTIVE COMPENSATION AND RELATED INFORMATION COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis presents material information helpful or necessary to understand the objectives and policies of our compensation program for executive officers and the compensation reported in the tables that follow. This discussion focuses on the compensation awarded to, earned by, and paid to the following individuals:

• Mark W. Adams, our current President and our Vice President of Worldwide Sales for a portion of the year;

• D. Mark Durcan, our current Chief Executive Officer and our President and Chief Operating Officer for a portion of fiscal 2012;

• Ronald C. Foster, our Chief Financial Officer;

• Roderic W. Lewis, our Vice President of Legal Affairs and General Counsel; and

• Brian M. Shirley, our Vice President of DRAM Solutions.

In addition, we have included information related to two executives who served for a portion of fiscal 2012: Steven R. Appleton, who served as our Chairman and Chief Executive Officer from September 1994 until his death in February 2012, and Mario Licciardello, our former Vice President of Wireless Solutions.

Throughout this discussion, the foregoing individuals, who are also named in the "Fiscal 2012 Summary Compensation Table," are referred to as our "Named Executive Officers" and the Compensation Committee of the Board of Directors is referred to as the "Committee."

Executive Summary

Objective of our Executive Compensation Program

Our primary long-term corporate objective is to create superior value for our shareholders. The objective of the executive compensation program is to attract, motivate, reward, and retain highly qualified executive officers who are able to achieve the corporate objective of superior value for our shareholders. The executive compensation program is designed to provide a foundation of fixed compensation (base salary and time-based restricted shares) and a significant portion of performance-based compensation (short-term and long-term incentive opportunities, such as cash bonuses and performance-based restricted stock), that align the interests of executives with those of our shareholders. We also use time-based stock options, the value of which is directly tied to stock price performance.

Fiscal 2012 Highlights

• We generated \$2.1 billion in operating cash flows and ended the year with over \$2.9 billion in cash and marketable investments.

• We increased gigabit sales of DRAM and NAND flash to trade customers by 59% and 164%, respectively, as compared to fiscal 2011.

• We reduced our cost per gigabit sold of DRAM and NAND flash to trade customers by 32% and 54%, respectively, as compared to fiscal 2011.

The average selling prices for our DRAM and NAND flash products sold to trade customers declined by 45% and 55%, respectively, and our revenue declined by 6% from fiscal 2011 levels. Notwithstanding these declines, we remained free cash flow positive.

We prevailed in our multi-year litigation with Rambus, Inc. ("Rambus") and were found not liable for any claims. Rambus had alleged antitrust violations and was seeking approximately \$12 billion in damages.

In April 2012, we restructured our IM Flash joint venture with Intel Corporation to expand the scope of the joint venture and include certain emerging memory technologies.

In July 2012, we announced our intention to acquire Elpida Memory, Inc. ("Elpida"). Elpida is currently in bankruptcy proceedings in Japan and the acquisition is subject to various regulatory approvals and closing conditions. Successful completion of the acquisition would result in the creation of the second largest semiconductor memory company in the world.

Fiscal 2012 Compensation Highlights

In October 2011, the Committee set compensation levels and performance goals for fiscal 2012 based on a review of financial results, projections, individual contributions, strategic objectives and Market Data (as defined below).

As a result of this review, none of the Named Executive Officers received an increase in base salary, targeted short-term incentive compensation or long-term equity incentive compensation, as those amounts were consistent with the market median.

The performance goals used for our short-term incentives were selected due to their correlation to the creation of shareholder value and their alignment with our strategic objectives. For fiscal 2012, our corporate goals were tied to cash management, operating expense, customer delivery performance and inventory management.

We also had goals tied to each of our business units.

The following pay mix, based on target amounts, was established for our Named Executive Officers for fiscal 2012:

Named Executive Officer	Base Salary	Short-term	Long-term	
		Incentive	Incentive	
Mark W. Adams	20	% 23	% 57	%
D. Mark Durcan	12	% 17	% 71	%
Ronald C. Foster	17	% 17	% 66	%
Roderic W. Lewis	19	% 15	% 66	%
Brian M. Shirley	20	% 20	% 60	%
Steven R. Appleton	11	% 16	% 73	%
Mario Licciardello	21	% 21	% 58	%

For our long-term equity incentives, we use stock options, time-based restricted stock and performance-based restricted stock. For the performance-based restricted stock, we use a performance goal tied to Return on Assets ("ROA"). ROA is an indicator of how profitable a company is relative to its total assets and is calculated by dividing annual earnings by total assets.

CEO Compensation

Mr. Durcan succeeded Mr. Appleton as CEO in February 2012. Upon his appointment as CEO, Mr. Durcan's base salary increased from \$645,000 to \$900,000 and his short-term incentive target increased from 120% to 150% of base salary. Information on Mr. Durcan's compensation is included below under the heading "CEO Compensation - Mr. Durcan."

For fiscal 2012, the Committee did not change Mr. Appleton's base salary (\$950,000), short-term incentive target (150%) or long-term incentive target (\$6,500,000) from fiscal 2011 levels.

In October 2012, the Committee reviewed performance goals and results for fiscal 2012 and approved the Executive Officer Performance Incentive Plan ("EIP") payments identified in the Fiscal 2012 Summary Compensation Table. The average payout for fiscal 2012 bonuses under the EIP for our Named Executive Officers was 10% of target.

In February 2012, an aggregate of \$2.9 million was paid out in bonuses to certain employees, including Messrs. Durcan, Lewis and Shirley, related to successful litigation results.

Corporate Governance and Compensation Practices Highlights

The EIP is performance-based and we have no history of changing performance metrics mid-cycle. The weightings of the performance metrics for Messrs. Durcan and Adams were changed in February 2012 when their positions were changed due to Mr. Appleton's death.

We offer limited perquisites to our Named Executive Officers and we do not offer any special retirement benefits for our Named Executive Officers other than participation in our retirement plans on the same basis as other employees.

We do not have agreements with our officers that provide tax gross-up protection for change in control excise taxes.

Our equity incentive plans prohibit repricing of options or stock appreciation rights ("SARs") (directly or indirectly) without prior shareholder approval.

Our insider trading policy prohibits our officers and directors from engaging in pledging or hedging activities involving our stock.

We have established stock ownership guidelines for our directors and officers. For fiscal 2012, all officers and directors were in compliance with the guidelines.

Consideration of the 2012 Advisory Vote on Executive Compensation

At the Annual Meeting of Shareholders on January 24, 2012, in the first advisory vote on executive compensation, over 90% of the shares voted were voted in support of the compensation of our named executive officers. The Committee appreciates and values the views of our shareholders. In considering the results of the 2012 advisory vote on executive compensation, the Committee concluded that the compensation paid to our executive officers and the Company's overall executive pay practices have strong shareholder support and have been effective in implementing the Company's stated compensation philosophy and objectives. The Committee recognizes that executive pay practices and notions of sound governance principles continue to evolve. Consequently, the Committee intends to continue to seek the advice and counsel of its compensation advisors. Our shareholders may communicate any concerns or opinions on executive pay directly to the Committee or the Board. Please refer to "Executive Sessions and Communications with the Board of Directors" on page 7 for information about communicating with the Board.

Also at the Annual Meeting of Shareholders on January 24, 2012, our shareholders expressed a preference that advisory votes on executive compensation occur every year. In accordance with the results of this vote, the Board determined to implement an advisory vote on executive compensation every year until the next required vote on the frequency of shareholder votes on the compensation of executives, which is scheduled to occur at the 2017 Annual Meeting of Shareholders.

Oversight of the Executive Compensation Program

Our executive compensation program is administered by the Committee, which is comprised of Messrs. Byrne and Mondry. The Committee assists the Board of Directors in discharging its responsibilities with respect to the compensation of our officers. The Committee has direct responsibility to review and approve corporate goals and objectives used to determine the CEO's compensation, evaluate his performance in light of such goals and objectives, and determine and approve his compensation level based on this evaluation. The Committee also reviews the evaluation process and compensation structure for our other officers, including the other Named Executive Officers, and approves their compensation.

The Committee annually engages an outside compensation consultant, currently Mercer. The Committee also works closely with our CEO with respect to the determination of compensation of other officers. A more complete description of the Committee's responsibilities is provided in the Committee's Charter approved by the Board of Directors, which can be found on our website (www.micron.com) in the governance section. A more complete description of the role of the CEO and Mercer in the compensation process is described later in this Compensation Discussion and Analysis. Additional information regarding Mercer, the specific activities that Mercer undertakes for us and related fees can be found under "Corporate Governance—Compensation Consultant" on page 5.

Guiding Principles

We believe we have the best opportunity to attract, motivate, reward and retain qualified individuals, and, thus, to meet our overall objective of increasing shareholder value, by offering a compensation package that is "reasonable" and "competitive" with what our executives could otherwise obtain in the market, and especially from companies

within our Compensation Peer Group. Our Compensation Peer Group consists of companies that we believe are especially likely to be our competitors for executive talent and is discussed further in "Market Data Defined" below. What is "reasonable" and "competitive" is gauged against the Market Data (as defined below) and reviewed by the Committee for each of the primary elements of compensation.

Reasonable

As an indication of reasonableness, the Committee typically targets the Market Data median. We believe it is important to retain flexibility in determining the compensation of our officers and, when appropriate, to deviate from the Market Data median due to factors such as:

- differences in position and level of responsibility among officers, both in absolute terms and relative to our other officers and as compared to similarly situated officers within the Compensation Peer Group,
- past and anticipated contributions by an officer,
- technical expertise,
- Company performance,
- applicable business unit performance, and
- length of service and/or experience both in absolute terms and relative to our other officers and as compared to officers within the Compensation Peer Group.

The semiconductor industry is highly volatile and changes in Market Data, which is a compilation of data from many companies, may be dramatic from year to year. Market Data can change as compensation practices change, executives retire or are replaced with less experienced and lower-paid executives, goals are achieved or not achieved resulting in varying payouts, participants in proprietary surveys change, and the completeness or accuracy of compensation data improves or deteriorates. Accordingly, what may have been the "median" or within a reasonable range of competitiveness in one year, may be higher or lower for the next. For this reason, even though the Committee manages compensation in accordance with such guiding principles, officer compensation may vary, above or below the median, or a range from the median, year over year.

Competitive

Given our experience, as well as advice we have received from Mercer, we believe a competitive compensation package will consider and measure compensation practices for executive positions with respect to three primary elements of compensation:

- base compensation (salary),
- short-term incentive compensation (cash bonus programs), and
- long-term incentive compensation (stock options and restricted stock).

We do not require that a particular element comprise a set portion of the total compensation mix. We do believe, however, that a significant portion of the compensation should be variable (such as performance-based incentives) as compared to fixed (such as base salary and time-based restricted shares) and that such variable compensation align executives' interests with those of our shareholders. Additionally, although the Committee reviews total direct compensation, which is the sum of base salary, short-term incentive and long-term incentive compensation for the Named Executive Officers, it does not have a fixed objective with respect to such total direct compensation. For fiscal 2012, the total direct compensation approved by the Committee was below the 75th percentile of Market Data values for all our Named Executive Officers and below the 25th percentile of Market Data values for three of our Named Executive Officers.

Compensation-setting Process and the Determination of Compensation Levels

The Committee reviews the compensation of our executive officers on an annual basis and sets compensation levels at the beginning of each fiscal year. As part of this process, the Committee reviews our financial results for the year just ended, projections for future periods, our strategic business plan and the Market Data provided by Mercer. The Committee also works with our CEO to establish performance goals that further our strategic objectives, which typically include keeping costs down, providing innovative products and memory solutions, improving our sales channel, growing our non-memory businesses and being a technology leader.

Mercer reviews the most recent available data and identifies the Market Data values for the 25th, 50th (i.e. median) and 75th percentile with respect to each position or rank. Mercer compares our compensation data, both as to elements and amounts to be paid or potential value to be delivered, with that of the Market Data and reports its findings to the CEO and the Committee. Our CEO works with Mercer by providing our financial data with respect to the most-recently completed fiscal year. The CEO also reviews projected financial results for the current fiscal year and our strategic business plan. The CEO makes suggestions as to base salary, recommends a potential set of

Company-wide and/or business unit metrics and targets for the current fiscal year

14

with respect to short-term incentives and offers suggestions as to long-term incentive compensation for the Named Executive Officers other than himself. He makes no recommendations as to his own level of compensation. The Committee reviews the Market Data, discusses the Market Data with the CEO and with Mercer, discusses individual officer performance based on input from the CEO and, without the CEO present, discusses the CEO's own performance for the most-recently completed fiscal year and anticipated performance for the current year. The Committee uses the Market Data and the deliberations to determine whether our compensation is competitive and reasonable as described above and whether, and to what extent, the Committee believes it would be appropriate to deviate from the Market Data and competitive practices. Following this deliberation, the Committee exercises its business judgment to certify the payment of compensation based on the financial results for the most-recently completed fiscal year, and approves the compensation for the current fiscal year, including the metrics and targets for the current year.

Components of the Executive Compensation Program

Fiscal 2012 base salaries

The purpose of a competitive base salary is to compensate executives for performing their day-to-day job responsibilities. Base salaries are generally targeted to approximate the Market Data median but may be above or below depending upon an executive's contributions, experience, performance and length of service. At the completion of fiscal 2011, the Market Data showed that the base salaries of all of the Named Executive Officers were between the 25th and 75th percentiles for their positions or ranks. The Committee determined not to change the base salaries of the Named Executive Officers for fiscal 2012 with the exception of Messrs. Durcan and Adams. Mr. Durcan's base salary was increased from \$645,000 to \$900,000 when he became our CEO and Mr. Adams' base salary was increased from \$450,000 to \$600,000 when he became our President. Market Data showed that Mr. Durcan's base salary as CEO was approximately 8% below the median and Mr. Adams' base salary as President was approximately 17% below the median.

Fiscal 2012 short-term incentive awards

With respect to short-term incentive compensation, we pay for achievement of financial, operational and strategic objectives approved by the Committee at the beginning of each fiscal year. The short-term incentive opportunities are set to be competitive with market practices but actual incentive payouts are commensurate with achievement. Thus, we have adopted a "pay for performance" approach as it relates to short-term incentives.

Annual short-term incentive awards are paid in cash to our officers under the Executive Officer Performance Incentive Plan ("EIP"). The short-term incentive "opportunity" ("Target Award") for each officer is stated in terms of a specified percentage of such officer's base salary and is designed to reward participants for the achievement of specified short-term business-unit and/or Company-wide financial, operational or strategic goals. The Committee believes the pre-determined goals, regardless of whether tied to business unit or Company-wide performance, promote our long-term success and shareholder value.

In October 2011, and in accordance with the provisions of the EIP, the Committee established the following goals for fiscal 2012:

- (a) Cash Management—meeting specified net cash goals taking into account capital expenditures and investments,
- (b) Operating Expense—meeting an operating expense (SG&A plus R&D) target that did not exceed a specified level of revenue,
- (c) Customer Delivery Performance—meeting specified delivery requirements for certain customers,
- (d) Inventory Management—achieving annual inventory turn targets,
- (e) WSG—meeting specified inventory turn targets for our WSG business unit,
- (f) DSG—meeting a specified percentage of DRAM wafer equivalents to certain markets,
- (g) NSG—meeting specified shipment targets for SSDs and eNAND units, and
- (h) ESG—meeting specified gross margin targets for our ESG business unit.

The target incentive amounts that could be payable under the EIP for achievement of the fiscal 2012 goals are shown in the columns "Estimated Future Payouts under Non-Equity Incentive Plan Awards" of the "Grants of Plan-Based Awards in Fiscal 2012" table. All goals were established with threshold, target and maximum payout levels, with the target payout requiring a significant level of effort and no assurance of goal achievement.

The Target Awards established for fiscal 2012 for the Named Executive Officers were measured against the Market Data median. However, opportunities are not necessarily limited to the Market Data median, but considered within the factors described under the section labeled "Reasonable" above. The actual payouts of the awards established in October 2011 with respect to fiscal 2012 bonuses under the EIP are based on actual fiscal 2012 results in the manner set forth below. For fiscal 2012, the following Target Awards were established:

• Mr. Adams—100% of base salary (Mr. Adams' short-term incentive target was increased to 120% when he became President in February 2012)

• Mr. Durcan—120% of base salary (Mr. Durcan's short-term incentive target was increased to 150% when he became CEO in February 2012)

• Mr. Foster—100% of base salary

• Mr. Lewis—80% of base salary

• Mr. Shirley—100% of base salary

• Mr. Appleton—150% of base salary

• Mr. Licciardello—100% of base salary

The following table shows the Target Award weighting for Messrs. Adams, Appleton, Durcan, Foster, Lewis, Licciardello, and Shirley among the various goals. The weightings reflect the officer's responsibilities and ability to affect the attainment of the goal.

Upon Mr. Durcan's appointment as CEO, his EIP weightings were changed to 35%, 35%, 15%, 15%, 0%, 0%, 0%, and 0% for goals (a), (b), (c), (d), (e), (f), (g) and (h), respectively.

The percentages shown in the table represent the average weighting for the two periods.

Following a review of fiscal 2012 results, the Committee determined that the goals (d) and (f) were achieved at 50% and 59% of target, respectively. The Committee determined that goals (a), (b), (c), (e), (g) and (h) were not achieved. The average payout for fiscal 2012 bonuses under the EIP was 10% of target for our Named Executive Officers. As a result of goals met, the Named Executive Officers received bonuses in the following amounts:

Named Executive Officer	Bonus	% of Target
Mark W. Adams	\$48,148	7.9%
D. Mark Durcan	76,403	6.9%
Ronald C. Foster	36,750	7.5%
Roderic W. Lewis	25,200	7.5%
Brian M. Shirley	136,246	28.2%
Steven R. Appleton	106,875	7.5%
Mario Licciardello (1)	—	—%

(1) Mr. Licciardello retired before the fiscal 2012 EIP Plan payments were made and he was not entitled to continue participation in the EIP after his retirement.

The foregoing amounts are included in the "Fiscal 2012 Summary Compensation Table" in the column "Non-Equity Incentive Plan Compensation."

The EIP calls for certain performance goals to be modified with respect to major corporate transactions if permitted by Section 162(m) of the Internal Revenue Code of 1986, as amended from time to time (the "Code"). These events are more fully described in the EIP. Additionally, the Committee has the discretion to modify performance goals with respect to Target Awards that are not intended to satisfy Section 162(m) if the Committee determines that due to changes in our business, operations, corporate or capital structure, the existing performance goals are rendered unsuitable for a given performance period. In this regard, the weighting of the EIP goals for Mr. Durcan and Mr. Adams were modified in February 2012 upon their appointments as Chief Executive Officer and President, respectively. As a result of these changes, the EIP bonus paid to Mr. Durcan and Mr. Adams do not satisfy the requirements of Section 162(m). Upon the occurrence of a "change in control" (as defined in the EIP), performance periods are deemed to have ended and the Committee will determine whether performance goals were achieved. Finally, the Committee always retains the ability to exercise "negative discretion" and reduce an amount otherwise earned pursuant to the EIP. In fiscal 2012, the Committee did not exercise any such discretion.

Supplemental Achievement Bonuses

In February, 2012, an aggregate of \$2.9 million was paid in bonuses to certain of our employees as a result of successful litigation outcomes over a period of years. Pursuant to this program, Messrs. Durcan, Lewis and Shirley received \$500,000, \$900,000 and \$75,000, respectively. The foregoing amounts are included in the "Fiscal 2012 Summary Compensation Table" in the column "Bonus."

Fiscal 2012 long-term equity incentives

We believe long-term incentive compensation should be tied to our success and increases in shareholder value. Accordingly, stock options and performance-based restricted stock awards are significant components of our executive compensation program. We believe these types of awards are especially aligned with shareholders interests as their value is contingent upon an increase in stock price or the achievement of certain milestones. To ensure our long-term incentive program helps retain executives, we also grant time-based restricted stock awards. The Committee works with Mercer to determine the allocation and type of performance- and time-based awards to grant each fiscal year. In connection therewith, the Committee reviewed the Market Data, and found that 82% of the companies in the Compensation Peer Group used stock options, 64% of the companies used time-based restricted shares and 64% also used performance-based restricted shares as compensation vehicles for their executives. In setting fiscal 2012 compensation, the Committee determined that a 50-25-25 split between stock options, performance-based restricted stock and time-based restricted stock, respectively, represented the right balance between reward for our long-term success and retentive effect. Despite the 25-25 split for restricted shares, the actual number of restricted shares awarded with performance-based restrictions was not the same as the number of such shares awarded having time-based restrictions because there is a "probability-of-achievement" discount was applied to the value ascribed to performance-based restricted shares. This resulted in the actual number of shares in the two categories being different from one another with the number of performance-based shares exceeding the number of time-based shares. We used a 20% discount in calculating the number of performance-based restricted shares. The same approach was used by Mercer for valuing the performance-based equity of Compensation Peer Group companies to ensure Market Data and

Micron values were comparable. For information on how the number of award shares was calculated and the application of the probability-of-achievement discount, please see the discussion below on "CEO Compensation—Long-Term Equity Incentives."

With respect to the time-based restricted stock awards for fiscal 2012, the restrictions lapse as to one-fourth of the shares on each anniversary of the date of grant. With respect to the stock option awards for fiscal 2012, the options vest as to one-fourth of the shares on each anniversary of the date of grant. With respect to the performance-based restricted stock awards granted in

fiscal 2012, the restrictions will lapse if we achieve a certain percentage ROA over a consecutive rolling four-quarter period between the beginning of fiscal 2012 and the end of fiscal 2014 (the "Share Performance Period"). The achievement during the Share Performance Period of a lower threshold ROA percentage will result in the restrictions lapsing as to one-half of the fiscal 2012 performance-based shares. The achievement during the Share Performance Period of the target ROA percentage will result in the restrictions lapsing as to all of the fiscal 2012 performance-based shares. Both the threshold and target ROA percentages require significant effort with the achievement of neither ROA percentage being assured. In the absence of at least the threshold ROA percentage being achieved during the Share Performance Period, the restrictions will not lapse and the shares will be forfeited. In determining the amount of the long-term equity incentive award for Messrs. Adams, Durcan, Foster, Lewis, Licciardello and Shirley, the Committee reviewed the Market Data and information provided by Mr. Appleton related to the other Named Executive Officer's performance and his recommendation as to the amount of their awards. For fiscal 2012, the long-term equity incentive awards approved by the Committee for each of Messrs. Adams, Durcan, Foster, and Shirley were all below the 50th percentile of the Market Data for their position or rank. Mr. Lewis' fiscal 2012 long-term equity incentive was slightly above the 75th percentile for his position or rank. Because Mr. Licciardello is based in Italy, there was limited comparable Market Data available related to long-term equity incentives for his position. For information on Mr. Appleton's and Mr. Durcan's long-term equity incentive, please see the discussion below on CEO compensation.

We have not and do not plan to time the granting of long-term incentive awards (or the payment of any other compensation) with the release of material, non-public information. Historically, long-term incentive awards have been made in the first quarter of the fiscal year with the exact grant date corresponding with the date of the meeting of the Committee (which typically occurs approximately within the week following the announcement of our results for the fiscal year). Historically, long-term incentive grants to the Named Executive Officers are approved by the Committee on the same day as the grants to other officers and the exercise price of stock options is equal to the fair market value of our Common Stock as defined by the equity plan pursuant to which the award is granted. For purposes of our equity plans, fair market value is defined as the closing price as quoted on NASDAQ for the last market-trading day prior to the date of grant.

Other fiscal 2012 employee benefits

Executive perquisites, which for us are minor in scope and amount, are not considered to be material elements of compensation. We provide a competitive level of time off and health, welfare and retirement benefits to substantially all employees. The Named Executive Officers participate in the same plans as our other employees.

U.S. Time Off with Pay. The U.S.-based Named Executive Officers participate in our time-off plan. Under the time-off plan, all of our U.S.-based employees, including the Named Executive Officers, are allowed to accumulate up to 999 hours of time-off to be used for vacation, holiday, sick time, emergencies and personal needs.

U.S. 401(k) Retirement Benefits. We provide retirement benefits to our U.S.-based employees, including the Named Executive Officers, under our tax-qualified 401(k) plan. Due to market conditions, in March 2009, we suspended making matching contributions. In January 2011, we started making matching contributions of up to 5% of the employee's eligible pay. The Named Executive Officers participate in the 401(k) plan on the same terms as our other employees.

Mr. Licciardello's Benefits. Mr. Licciardello was employed in Europe and did not receive the U.S. benefits described above. He was employed in Switzerland until December 1, 2010, when he transferred to employment in Italy. In Switzerland, Mr. Licciardello's benefit arrangements had been made by Numonyx and assumed by us. Due to his age, Mr. Licciardello did not qualify for Numonyx's Swiss pension arrangements. In lieu of participation in a pension arrangement, while he was employed in Switzerland Mr. Licciardello was paid an additional amount per month based on the amount we would have otherwise contributed to a retirement account. While he was employed in Switzerland, Mr. Licciardello also received a monthly meal allowance and housing allowance.

As an Italy-based employee, Mr. Licciardello generally received the same benefits as our other Italy-based senior leader level employees, including paid holidays and a vehicle allowance. However, due to his age, Mr. Licciardello did not qualify for our Italy-based disability insurance or for additional Italian pension contributions.

CEO Compensation - Mr. Durcan

Mr. Durcan was appointed our Chief Executive Officer on February 4, 2012. Prior to his appointment as CEO, Mr. Durcan served as our President and Chief Operating Officer. Upon his appointment as CEO, the Committee examined Mr. Durcan's compensation in light of his changed position and the prevailing market practices for our Compensation Peer Group. Mr. Durcan's compensation is comprised of the following elements:

18

Base Salary - Mr. Durcan's base salary was increased from \$645,000 to \$900,000 when he became our CEO. Market Data showed that Mr. Durcan's base salary as CEO was approximately 8% below the median.

Short-Term Incentive - Mr. Durcan's short-term incentive Target Award was increased from 120% to 150% when he became CEO. Market Data showed that for short-term incentives a Target Award of 150% of base salary is at the median for CEOs. In fiscal 2012, Mr. Durcan received \$76,403 under the EIP. Information regarding Mr. Durcan's specific goals under the EIP is included in the discussion above on "Fiscal 2012 Short-Term Incentive Awards." Mr. Durcan also received \$500,000 pursuant to the supplemental achievement bonus related to patent and antitrust litigation outcomes described above.

Long-Term Equity Incentive - Mr. Durcan's long-term equity incentive targets were not changed when he became CEO. Mr. Durcan was granted 491,000 shares of restricted stock and options to purchase 777,000 shares of Common Stock in October 2011, while he was serving as our Chief Operating Officer and President. The aggregate value of Mr. Durcan's fiscal year 2012 long-term incentive opportunity is below the 25th percentile for CEOs in our peer group.

CEO Compensation - Mr. Appleton

Mr. Appleton served as our CEO and Chairman of the Board from September 1994 until his death in February 2012. The following discussion relates to the actions taken by the Committee in October 2011 in setting Mr. Appleton's fiscal 2012 compensation. For a discussion of the death benefits received by Mr. Appleton's estate please see "Severance and Change in Control Arrangements."

With respect to Mr. Appleton's compensation, the Committee reviewed his performance, our financial results and Market Data values at the 25th, 50th and 75th percentiles. Please see "Guiding Principles" above for a discussion of other factors the Committee considers in setting compensation levels and deviations from the market median.

Base Salary

While the Market Data showed that Mr. Appleton's base salary was approximately 3% below the median, the Committee decided to keep Mr. Appleton's salary at \$950,000. Mr. Appleton's base salary did not change from fiscal 2007.

Short-Term Incentive

The Market Data showed that for short-term incentives a Target Award of 150% of base salary is at the median. Mr. Appleton's Target Award has been at 150% since 2007. For fiscal 2012, Mr. Appleton's estate received \$106,875 under the EIP. Information regarding Mr. Appleton's specific goals under the EIP is included in the discussion above on "Fiscal 2012 Short-Term Incentive Awards."

Long-Term Equity Incentive

The following charts show the long-term equity incentive mix for Mr. Appleton and for CEOs who were granted long-term equity incentives in the Compensation Peer Group:

While the Market Data showed that Mr. Appleton's long-term equity incentive opportunity based on value was approximately 11% below the median, the Committee decided to keep the value of Mr. Appleton's targeted long-term equity incentive award for fiscal 2012 targeted at \$6,500,000. Mr. Appleton's long-term incentive award value did not change from fiscal 2007.

The following table sets forth the elements and amounts of Mr. Appleton's long-term incentive award for fiscal 2012:

Security	Number of Options/Shares(1)(2)	Value(1)
Options	1,123,000	\$3,250,000
Time-based Restricted Stock	315,000	1,625,000
Performance-based Restricted Stock	394,000	1,625,000
	1,832,000	\$6,500,000

Information related to Mr. Appleton's long-term incentive award also is included in the "Grants of Plan-Based Awards in Fiscal 2012" table. The stock options are listed in the column "Option Awards: Number of Securities Underlying Options," the time-based share amounts are listed in the column "Stock Awards: Number of Shares of Stock or Units," and the performance-based share amounts are listed in the column "Estimated Future Payouts under Equity Incentive Plan Awards Target." The values included in those tables reflect the grant-date fair value under ASC Topic 718. The amounts included on the table above are consistent with the approach used by Mercer and differ from the amounts included in the "Grants of Plan-Based Awards Table in Fiscal 2012" as they reflect the 20% "probability-of-achievement" discount applied to the performance-based shares.

The number of options granted to Mr. Appleton was determined by dividing \$3,250,000 (50% of \$6,500,000) by approximately \$2.89, the estimated fair value of our stock options at the time of the Committee's meeting on executive compensation. The number of time-based restricted shares granted to Mr. Appleton was determined by (2) dividing \$1,625,000 (25% of \$6,500,000) by \$5.16, the approximate fair market value of our Common Stock at the time of the Committee's meeting on executive compensation. The number of performance-based restricted shares granted to Mr. Appleton was determined by dividing \$1,625,000 (25% of \$6,500,000) by approximately \$4.13 (20% discount to the \$5.16 share price).

Severance and Change in Control Arrangements

Severance Agreements

Each of our Named Executive Officers, except Mr. Licciardello, has a similar severance agreement in place (the "Severance Agreements"). We believe severance agreements for certain of our officers are in the best interests of us and our shareholders because they are necessary to attract and retain qualified executive talent, promote candid discussion among our officers, help provide for a smooth transition when there is a change in management, provide the officer with benefits in consideration of a promise not to compete with us after termination of employment, and release us, and our officers, directors, employees and agents from any and all claims.

In general, the Severance Agreements provide for severance payments upon termination of employment for any reason, including death, voluntary or involuntary termination or termination with or without cause. The Severance Agreements provide for a "Transition Period," which begins upon a "separation of service" as defined in Section 409A of the Code, regardless of when a termination of employment or loss of officer status occurs, and ends after a period of one year.

Provided an officer complies with post-employment obligations and restrictions described below and all other terms of the Severance Agreement, the officer is entitled to receive compensation during the Transition Period equivalent to the compensation and benefits customarily provided to such officer while employed including, but not limited to, salary, bonuses, executive bonuses, benefits and continued vesting of any granted stock options and restricted shares. With respect to short-term incentive awards and long-term equity awards that are performance-based, the officer is entitled to receive such awards only if the goals are achieved before or during the applicable Transition Period. Such terminated officers are not entitled to receive any new awards under our equity plans or EIP or to the payment of any compensation that would be deferred past the Transition Period due to payment criteria of an incentive program, as those criteria exist as of the Termination Date.

Terminated officers are subject to the following obligations and restrictions:

▲ one-year non-competition obligation.

● Confidentiality obligations related to our proprietary and confidential information that last indefinitely.

•

A non-disparagement and confidentiality obligation surrounding the reasons for, and circumstances of, the officer's termination of employment or change in officer status that lasts indefinitely. However, we may disclose such information if we determine, in our sole discretion, it is either required by law to be disclosed or necessary to be disclosed to serve a valid business purpose.

• Non-solicitation and non-interference provisions relating to our employees and business partners that last at least one year.

Upon receipt of all benefits under the Severance Agreement, we and the officer are considered to have settled, waived, and voluntarily released any and all claims each has or may have against the other, inclusive of any of our affiliates, officers, directors, employees or agents, both individually and in their official capacities, which claims are accruing prior to the end of the Transition Period.

Mr. Licciardello

Mr. Licciardello retired on May 31, 2012. In connection with his retirement, we entered into an agreement with Mr. Licciardello that provided for a severance payment and additional payments in exchange for certain waivers, releases and covenants.

Death Benefits

Most of our equity plans currently provide for automatic acceleration of vesting and lapsing of restrictions in the event of death. At the time of Mr. Appleton's passing, our 2004 Plan provided for automatic pro rata lapsing of restrictions on the performance-based restricted stock awards upon the death of the award recipient. The 2004 Plan gave the Committee the discretion to lapse restrictions on restricted stock awards which had not automatically lapsed. The Committee exercised this discretion and approved the lapsing of the restrictions on Mr. Appleton's performance-based restricted stock awards under the 2004 Plan.

Under our time-off plan, in some states, including Idaho, our team members are entitled to 50% of their accrued but unused time-off upon a normal termination of employment. At the time of Mr. Appleton's passing, our longstanding practice had been to pay out 100% in the event of death, but this practice had not been formalized. The Committee approved paying out Mr. Appleton's time-off at 100% in accordance with our practice. Our time-off plan was subsequently changed to explicitly provide for team members to be paid 100% of their accrued but unused time-off in the event of death.

Actual and Estimated Severance Payments and Death Benefits

The "Voluntary or Involuntary Termination of Employment" table on page 31 describes the actual amounts payable and other benefits applicable to Mr. Appleton and Mr. Licciardello's terminations of employment and the estimated severance payments as of the end of fiscal 2012 for the current Named Executive Officers.

Change in Control Arrangements

We do not have separate change in control agreements for our executive officers and directors. The Severance Agreements referenced above provide for transitional benefits in the event of termination of employment, including following a change in control. In addition, under the terms of our executive incentive plan and our equity compensation plans, awards may be substituted, assumed or accelerated upon a change in control, depending upon the circumstances. The compensation that executive officers and directors could receive if a change of control occurs is intended to allow them to evaluate objectively whether a potential change in control is in the best interest of us and our shareholders. Estimated value that the Named Executive Officers could receive from our change in control provisions can be found in the "Change in Control" table on page 32.

Consideration of Tax Consequences when Making Compensation Decisions

Section 162(m) of the Code generally disallows a tax deduction to public companies for compensation over \$1,000,000 paid to certain of our Named Executive Officers. Qualifying performance-based compensation is not subject to the deduction limit if certain requirements are met. The key components of our long-term incentives in the form of stock option grants and performance-based restricted stock awards are designed to comply with the statute. Awards under the EIP also are generally designed to comply with the statute. Although the Committee believes it is important to preserve the deductibility of compensation under Section 162(m) whenever practicable, it reserves the right to grant or approve compensation or awards that may be non-deductible when it believes such compensation or awards are in our and our shareholders' best interests.

"Market Data" Defined

Compensation data is gathered by Mercer from proxy statements of the Compensation Peer Group and from published compensation surveys. The relevant survey and Compensation Peer Group data for fiscal 2012, each as discussed below, were weighted equally by the Committee and are collectively referred to throughout this discussion as the

"Market Data."

21

Compensation Peer Group Data

Data is gathered from proxy statements and other documents that are filed with the SEC to develop the Compensation Peer Group data.

Mercer works with the Committee and our management team, including our CEO, to identify peer companies for compensation comparison purposes. The peer companies are primarily selected based on their industry, degree of business match (i.e., semiconductor or electronics manufacturing), and comparability of revenue size. All the peer companies have a Global Industry Classification Standard economic sector classification of Information Technology and an industry classification related to semiconductor or other electronic equipment. The companies selected generally fall within a revenue range of approximately 35% to 140% of the size of Micron and have a high degree of business match. We believe our custom peer group is comprised of companies that are likely to be our competitors for executive talent.

Each year we reevaluate the composition of our Compensation Peer Group to ensure that it reflects industry or economic changes that may have occurred during the fiscal year, such as changes in business strategies, operations, revenues, product lines or availability of information. For fiscal 2012, the Compensation Peer Group of companies changed from the group used for fiscal 2011, with the removal of Infinion Technologies and STMicroelectronics due to a lack of robust publicly available data. As a result of these changes, our Compensation Peer Group for 2012 consisted of: Advanced Micro Devices, Inc., Agilent Technologies, Inc., Applied Materials, Inc., Broadcom Corporation, Marvell Technology Group Ltd, Nvidia Corporation, QUALCOMM Incorporated, SanDisk Corporation, Seagate Technology Plc., Texas Instruments Incorporated and Western Digital Corp. These companies are referred to in the compensation discussion and analysis as the "Compensation Peer Group."

When collecting and assessing market compensation data we collect data based on job descriptions first. This permits the Committee to "match" positions held by our executives with those of other companies and, as described more fully below, deviate from benchmarked data based on the factors described earlier. If we are not able to match positions to a reasonable number of companies within the Compensation Peer Group, we look to the rank of the person involved and match ranks, e.g., highest paid Company officer is ranked to the highest paid officer at each company within the Compensation Peer Group.

Survey Data

Survey data may vary from year to year. For fiscal 2012, Mercer used the Radford Executive Survey and Towers Watson Survey. We believe these surveys are particularly relevant for high technology companies given the high level of participation by such companies in the survey. We used survey data as guidance in reviewing Mr. Licciardello's compensation since limited peer data was available.

Stock Ownership Guidelines

We have established stock ownership guidelines for our officers and directors. The Committee believes that officers will more effectively manage a company in the best interests of the shareholders if they are also shareholders. The minimum ownership guideline for directors is to hold shares with a value equal to three times their annual retainer. The minimum ownership guideline for our CEO is to hold shares with a value equal to five times his base salary. The other Named Executive Officers are required to hold shares with a value equal to three times their base salary. Directors and officers are given five years to meet the ownership guidelines. The Governance Committee reviews the Ownership Guidelines and monitors each covered executive's progress toward, and continued compliance with, the guidelines. Stock sales restrictions may be imposed upon officers and directors if the stock ownership guidelines are not met. All our officers and directors are in compliance with the guidelines.

The following table shows the guidelines for each of the current Named Executive Officers:

Named Executive Officer	Guideline Amount	Compliance with Guideline
Mark W. Adams	\$ 1,800,000	Yes
D. Mark Durcan	4,500,000	Yes
Ronald C. Foster	1,470,000	Yes
Roderic W. Lewis	1,260,000	Yes
Brian M. Shirley	1,452,000	Yes

	2010	165,118	—	3,959,874	—	498,868	37,602	4,661,462

In light of the impact of the global financial crisis on our operations, in October 2008, we implemented a 20% (1)reduction in the base salaries of all our officers. In addition, in January 2009, Messrs. Appleton and Durcan reduced their base salary by an additional 10%. In March 2010, the officers' full salary was reinstated. Mr. Licciardello joined us in May 2010 following our acquisition of Numonyx and resigned in May 2012. Mr. Licciardello's base salary was approximately \$500,000 (EUR 396,000) for each of the years reported. The amounts shown for 2010 and 2012 reflects his prorated salary. Mr. Licciardello was paid in Swiss francs from May 2010 through November 30, 2010

and thereafter was paid in euros. Dollar amounts shown for Mr. Licciardello in fiscal 2012 were calculated using the conversion ratio of 1.32 for euros, which was the average daily exchange rate for the period from September 2, 2011 through June 30, 2012. Represents potential payouts set in fiscal 2012 under the EIP. Payment of bonuses under the EIP is dependent upon meeting specified performance goals. The average payout for fiscal 2012 bonuses under the EIP for our Named Executive Officers was 10% of target. Dollar amounts shown for Mr. Licciardello in fiscal 2012 were calculated using the conversion ratio of 1.36, which is the conversion rate from euros as of October 11, 2011.

Represents restricted stock awarded in fiscal 2012 under the 2004 Equity Incentive Plan (the "2004 Plan") with performance-based restrictions. Information related to the performance-based restrictions associated with these shares is contained in Compensation Discussion and Analysis. Target amounts also represent the maximum number of shares that may be awarded.

On April 2, 2012, our Board exercised its discretion under the 2004 Plan to accelerate the vesting of 479,540 performance-based restricted stock awards previously granted to Mr. Appleton.

(3) Represents restricted stock with time-based restrictions which lapse in four equal installments over a four-year period from the date of the award.

(4) Represents options which have a term of six years and vest in equal installments over a four-year period.

(5) Under the 2004 Plan options are required to have an exercise price equal to the fair market value. Fair market value is defined as the closing price on the last market-trading day prior to the date of grant. For purpose of the 2004 Plan and the calculation of "Grant Date Fair Value", the fair market value of our Common Stock on the date of grant referenced in this

table for October 11, 2011, was \$5.16 (the closing price on October 10, 2011). The closing price of our Common Stock on the date of grant referenced in this table was \$5.20 on October 11, 2011.

The expense shown for stock awards is based solely on the fair value as of the date of grant, disregarding any assumptions as to estimated forfeitures based on continued service. No other assumptions are used in the expense (6) calculation for the stock awards. Assumptions used in determining the fair values of these option awards are set forth in the "Equity Plans" note to our financial statements included in our annual report on Form 10-K for fiscal 2012.

Plan Information

In fiscal 2012, compensatory awards were made to the Named Executive Officers pursuant to the EIP and the 2004 Plan. The EIP was approved by our shareholders in 2004 and 2009. The purpose of the EIP is to attract, retain and reward qualified executives who are important to our success by providing performance-based, incentive cash awards for outstanding performance at the individual, business-unit and company-wide level. The purpose of the 2004 Plan is to promote our success by linking the personal interests of our employees, officers, directors and consultants to those of our shareholders, and by providing participants with an incentive for outstanding performance. Permissible awards under the 2004 Plan include: options, restricted stock, restricted stock units, stock appreciation rights, deferred stock units and dividend equivalent rights. We have issued options, restricted stock and restricted stock units under the 2004 Plan. Options granted under the 2004 Plan have an exercise price equal to the fair market value (as defined by the plan) on the date of grant and a term of six years. For purposes of share counting, each share of restricted stock issued under the 2004 Plan reduces the number of shares available for issuance by two.

Lapsing of Restrictions Associated with Restricted Stock Awards

The restrictions associated with the restricted stock granted to the Named Executive Officers include both time-based restrictions and performance-based restrictions. Time-based restrictions lapse in four equal installments over a four-year period. The restrictions associated with performance-based awards are described below.

Issuance of Performance-based Awards

Restricted Stock

Our executive officers have been granted restricted stock with performance-based restrictions related to the achievement of a minimum specified ROA goal. The restrictions related to these shares lapse if we achieve a certain ROA over a consecutive rolling four-quarter period (the "Share Performance Period"). The achievement during the Share Performance Period the threshold ROA percentage will result in the restrictions lapsing as to one-half of the performance-based shares. The achievement during the Share Performance Period of the target ROA percentage will result in the restrictions lapsing as to all the performance-based shares. Both the threshold and target ROA percentages require significant effort with the achievement of neither ROA percentage being assured. In the absence of at least the threshold ROA percentage being achieved during the Share Performance Period, the restrictions will not lapse and the shares will be forfeited. The ROA goal associated with the performance-based restricted stock awards granted in fiscal 2010 were achieved and the restrictions as to those shares lapsed in October 2010. The ROA goal associated with the performance-based stock granted in fiscal 2011 and 2012 have not yet been achieved and those shares will be forfeited if the goal is not met by the end of fiscal 2013 and 2014, respectively.

Cash Awards

The performance milestones related to the payment of bonuses under the EIP for fiscal 2012, 2011 and 2010 were partially achieved or not achieved at all. As a result, bonuses for those fiscal years were not paid out at the levels indicated in the columns labeled "Estimated Future Payouts under Non-equity Incentive Plan Awards" on the "Grants of Plan-Based Awards in Fiscal 2012" table. The actual amount of the EIP bonuses paid for fiscal 2012, 2011 and 2010 performance are included in the "Fiscal 2012 Summary Compensation Table" in the column labeled "Non-Equity Plan Incentive Compensation." The performance milestones related to the EIP are discussed in Compensation Discussion and Analysis.

Supplemental cash bonuses were awarded in February 2012 to certain employees, including Messrs. Durcan, Lewis and Shirley as a result of successful litigation outcomes. In addition, in light of achieving historical highs for revenue, income and cash flows in fiscal 2010, our officers received supplemental bonuses for extraordinary achievement in October 2010. The amounts awarded pursuant to these supplemental bonuses are included in the "Fiscal 2012

Summary Compensation Table" in the column "Bonus."

26

Stock Option Vesting

Since September 2004, options granted generally vest in four equal installments over a four-year period from the date of grant and have a term of six years.

Determination of Stock-based Compensation

The fair values of option awards were estimated as of the dates of grant using the Black-Scholes option valuation model in accordance with ASC Topic 718. The Black-Scholes model requires the input of assumptions, including the expected stock price volatility and estimated option life. The expected volatilities utilized were based on implied volatilities from traded options on our stock and on historical volatility. The expected lives of options granted were based, in part, on historical experience and on the terms and conditions of the options. The risk-free interest rates utilized were based on the U.S. Treasury yield in effect at the time of the grant. No dividends were assumed in estimated option values.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The following tables quantify the actual and estimated payments and benefits for each of the Named Executive Officers pursuant to the Severance Agreements described in the "Severance Agreements" and "Change in Control" sections of the "Compensation Discussion and Analysis." The amounts listed for Mr. Appleton and Mr. Licciardello are actual amounts paid or payable in connection with their separations from employment. The amounts listed for the current Named Executive Officers are estimated amounts that were calculated as if the Named Executive Officers separated from service on August 30, 2012, the last day of fiscal 2012.

U.S.-based Named Executive Officers

For U.S.-based Named Executive Officers (which excludes Mr. Licciardello), the "Salary" portion of severance payments are paid on our regular bi-weekly payroll schedule during the officer's Transition Period subject to the possibility of a six-month delay that may be required by Section 409A of the Code. If Section 409A imposes a six-month delay, payments during the delay would be accumulated and paid to the officer on the first day of the seventh month following the officer's separation from service. The remaining payments would then be paid according to our regular payroll schedule. Since Mr. Appleton's Severance Agreement was triggered due to his death, Section 409A does not impose a six-month delay.

The "Bonus" portion of the severance payments is paid only if the applicable performance goals are achieved before or during the applicable Transition Period. Such payments are made at the same time that the other officers participating in the applicable bonus plan receive their payments, if any, and typically would occur during our first fiscal quarter.

The "Cash in Lieu of Benefits" portion of the severance payments is calculated based on the difference between the amount of premiums the U.S.-based Named Executive Officer paid each month for benefits coverage as an employee of us and the estimated premiums the U.S.-based Named Executive Officer would need to pay each month for the same or similar coverage as a former employee. This monthly amount is multiplied by the number of months in the U.S.-based Named Executive Officer's Transition Period and is grossed-up for taxes. All gross-up calculations and payments are based on the standard supplemental withholding rates provided by federal and state guidelines. We do not use the U.S.-based Named Executive Officer's actual tax rate for these calculations. The "Cash in Lieu of Benefits" payment is made within 30 days after the officer's separation from service, subject to the possibility of a six-month delay that may be required by Section 409A of the Code. If Section 409A imposes a six-month delay, the payment would be made to the officer on the first day of the seventh month following the officer's separation from service. Since Mr. Appleton's Severance Agreement was triggered due to his death, Section 409A does not impose a six-month delay.

Mr. Licciardello

Mr. Licciardello retired from the Company on May 31, 2012. In connection with his retirement, we entered into an agreement with Mr. Licciardello that provided for a severance payment and additional payments in exchange for certain waivers, releases and covenants.

(1) Represents 12 months of the Named Executive Officer's monthly salary. The amount for Mr. Appleton represents the actual amount of salary-based severance payable to his estate.

(2) Represents the actual amount of bonuses paid under the EIP to the current Named Executive Officers and Mr. Appleton's estate in fiscal 2012. Mr. Licciardello was not eligible for an EIP bonus due to the terms and conditions of the EIP Plan.

(3) Represents a cash payment for an amount estimated to allow the Named Executive Officer to purchase during the Transition Period benefits similar to those he received while he was our employee. The amount listed includes a gross-up calculation for the tax impact of the payment. Mr. Appleton's amount is the actual amount of the payment made to his estate.

(4) Represents the value resulting from the additional vesting and exercise period for stock options provided by the Named Executive Officer's Transition Period. The fair value of each option award is estimated as of August 30, 2012 with respect to the current Named Executive Officers, using the Black-Scholes model. With respect to Mr. Appleton, pursuant to our equity plans, his options were exercisable for one year after his death. The value of the 1-year exercise period is reflected in the "Other" column of this table (see footnote 7). Mr. Appleton's Transition Period pursuant to his Severance Agreement provides him with an additional 30 days in which to exercise his options beyond the 1-year period provided for by our equity plans. The value of that additional 30-day exercise period is listed in this column, estimated using the

Black-Scholes model. For all of the Named Executive Officers, the expected volatility is based on the implied volatility from traded options on our stock and historical volatility. The expected term is based on the shorter of length of the Transition Period or remaining life of the option. The risk-free rates are based on the U.S. Treasury yield.

- (5) Represents the value resulting from the additional vesting of restricted shares pursuant to the Named Executive Officer's Transition Period. The amount shown is calculated as the number of shares multiplied by \$6.18 per share, our closing stock price on August 30, 2012.

(6) Our performance-based goals have been established on a long-term basis using a four-quarter rolling average. We have assumed for purposes of this presentation that the performance-based goals related to these shares would have been met

during the Named Executive Officer's Transition Period. There can be no assurance that the performance-based goals will be met during the Transition Period as such is dependent on a number of factors including our operating results. Mr. Appleton's amount represents the actual amount related to the lapsing of restrictions of his performance-based restricted stock awards as approved by our Board of Directors following his passing.

The amount for Mr. Appleton includes \$12,022,749 for the value of the non-discretionary accelerated vesting and lapsing of restrictions on his outstanding equity awards as a result of his death. The fair value of each option award is estimated as of February 4, 2012 using the Black-Scholes model. Expected volatility is based on the implied volatility from traded options on our stock and historical volatility. The expected term is the 1-year exercise period that applies under our equity plan following the death of the option holder. The risk-free rates are based on the (7)U.S. Treasury yield. The fair value of stock award is based on our closing stock price on February 3, 2012, the last market-trading day prior to February 4, 2012. The amount for Mr. Appleton also includes \$228,137 for 50% of his accrued but unused time-off. As an Idaho-based employee, Mr. Appleton was entitled to 50% of his accrued but unused time-off at the termination of his employment. However, our longstanding practice was to pay out at 100% in the event of death and our Committee approved paying 100% to Mr. Appleton in accordance with our practice.

The additional 50% payout approved by the Committee is included here as part of Mr. Appleton's severance. The amount for Mr. Licciardello represents actual payments of \$1,267,681 (dollar amount calculated based on a conversion ratio of 1.22 for euros on July 31, 2012, the date of payment) pursuant to a severance agreement entered into in connection with his retirement.

Change in Control

We do not have change in control arrangements for our Named Executive Officers. However, the Severance Agreements described above provide for transitional benefits in the event of termination of employment, whether or not the termination is in connection with a change in control. In addition, under most of our equity plans, upon a change in control, outstanding time-based awards automatically become fully vested or the applicable restrictions lapse and outstanding performance-based awards are treated as if all required performance goals were satisfied and are paid within 30 days on a pro-rata basis based on the amount of the performance period completed as of the date of the change in control. A change in control is generally defined as a change in the majority of the Board's directors within a specified time period or the acquisition of 35% or more of our outstanding Common Stock.

Under the EIP, a change in control results in an early payout of awards, to the extent earned. Upon a change in control, performance achievement is measured as of the last day of the month preceding the change in control and is paid within 30 days.

The following table sets forth the estimated benefits payable to the current Named Executive Officers assuming a change in control occurred on August 30, 2012. We have assumed for simplicity of presentation that benefits earned as of August 30, 2012, would have equaled benefits earned as of the end of the preceding month in the event of a change of control.

(2) The 2004 Plan, the 2007 Plan and the Numonyx Plan are our only plans that permit granting of awards other than stock options. The 2004 Plan and the 2007 Plan provide that awards other than stock options or SARs reduce the number of available shares under the plan by two shares for each one share covered by the award. In addition, none of our equity plans contain provisions that are commonly known as "liberal share counting provisions" or permit the grant of discounted options or SARs.

(4) Includes shares issuable or available pursuant to our Nonstatutory Stock Option Plan (the "NSOP"), 1997 Nonstatutory Stock Option Plan (the "1997 Plan"), 1998 Nonstatutory Stock Option Plan (the "1998 Plan") and the 2002 Employee Inducement Stock Option Plan (the "2002 Plan"). Options granted under the aforementioned plans have terms ranging from six to ten years. The exercise price and the vesting schedule of the options granted under these plans are determined by the administrators of the plans or our Board of Directors. Executive officers and directors do not participate in the aforementioned plans.

(5) None of these shares are available to grant as full value awards.

(6) The following table contains further information as to awards outstanding and available for issuance under each of our equity plans.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related party transactions are reviewed by our Board of Directors. Related parties include our directors and officers, their family members and affiliates and certain beneficial owners. In cases where the related party is a director or an affiliate of a director, that director does not participate in the review of the proposed transaction. In reviewing a proposed related party transaction, the Board considers all the relevant facts and circumstances of the transaction, such as (i) the nature and terms of the transactions, (ii) the dollar value of the transaction, (iii) whether the terms of the transaction are at least as favorable as they would have been if a related party was not involved, (iv) the business reasons for the transaction, (v) whether the transaction would result in an improper conflict of interest and (vi) the effects of the transaction on the ongoing relationship between us and the related party.

From the beginning of our fiscal 2012 through January 24, 2012, we paid \$110 million to Lam Research Corporation ("Lam") for semiconductor manufacturing equipment and related services. Mr. Bagley, who retired from our board on January 24, 2012, was the Executive Chairman of Lam during this time.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities and Exchange Act of 1934 (the "Exchange Act") requires our directors and executive officers, and persons who own beneficially more than 10% of our Common Stock to file reports of ownership and changes of ownership with the Securities and Exchange Commission and the NASDAQ. Copies of all filed reports are required to be furnished to us pursuant to Section 16(a) of the Exchange Act. Based solely on the reports received and on written representations from reporting persons, all directors, executive officers, and greater than 10% beneficial owners complied with all applicable filing requirements during the fiscal year ended August 30, 2012.

PROPOSAL 2 – APPROVAL OF AMENDED AND RESTATED 2004 EQUITY INCENTIVE PLAN.

We currently maintain the Micron Technology, Inc. 2004 Equity Incentive Plan, or the 2004 Plan. Approximately 22,000 employees (including all current executive officers) are eligible to participate in the 2004 Plan. Directors and consultants are also eligible to participate in the 2004 Plan.

As of November 23, 2012, 44,617,932 awards had been granted under the 2004 Plan, and approximately 15,000,000 shares of Common Stock remained available for grant. The 2004 Plan serves as the primary source of shares for all equity incentive awards granted to our executive officers. The Company expects to exhaust the existing share reserve of the 2004 Plan in the next 12 months. Accordingly, the Company is asking its shareholders to approve an amendment and restatement of the 2004 Plan that would increase the total number of shares of Common Stock available for grant under the 2004 Plan by 30,000,000, which would make available for grant under the 2004 Plan a total of approximately 45,000,000 shares of Common Stock. As discussed earlier in this proxy statement in the Compensation Discussion and Analysis, equity-based compensation is an important component of the Company's compensation program, and the additional shares of Common Stock authorized under the 2004 Plan will allow the Company to continue to attract and retain qualified officers.

Material Changes

The following is a summary of the material changes to the 2004 Plan under this amendment and restatement, in addition to the change in the share authorization as described above:

The 2004 Plan clarifies that, in accordance with the Company's historical practice, the following shares of Common Stock may not again be made available for issuance as awards under the plan: (i) shares of Common Stock not issued or delivered as a result of the net settlement of an outstanding option or SAR, (ii) shares of Common Stock used to pay the exercise price or withholding taxes related to an outstanding option or SAR, or (iii) shares of Common Stock repurchased on the open market with the proceeds of the exercise price of an option.

The 2004 Plan would remain in effect for 10 years following shareholder approval at the 2013 annual meeting.

The 2004 Plan clarifies that dividends on performance-based full-value awards could not be paid out until the underlying award was earned and vested.

The amendment and restatement of the 2004 Plan would increase from 2,000,000 to 5,000,000 the annual per participant award limitation on options and/or SARs and increase from 2,000,000 to 5,000,000 the annual per participant award limitation on restricted stock, restricted stock units, deferred stock units, performance shares or other stock-based awards.

The 2004 Plan contains “return on assets” as an additional performance measure for Code Section 162(m) purposes. The full list of available performance measures is provided in the summary below.

Important Provisions

The amended and restated 2004 Plan contains a number of provisions that the Company believes are consistent with the interests of shareholders and sound corporate governance practices, including:

No repricing of stock options or SARs. The 2004 Plan prohibits the repricing of stock options or SARs without shareholder approval. This prohibition includes (i) reducing the exercise price or base price of an option or SAR after

the date of grant, (ii) cancelling an option or SAR in exchange for cash, other awards, or options or SARS with an exercise price or base price that is less than the exercise price or base price of the original option or SAR, or otherwise, (iii) and repurchasing an option or SAR for value (in cash or otherwise) if the current fair market value of the shares of Common Stock underlying the option or SAR is lower than the exercise price or base price per share of the option or SAR.

35

No discounted stock options or SARs. All stock options and SARs must have an exercise price or base price equal to or greater than the fair market value of the underlying Common Stock on the date of grant.

No liberal share counting for stock options or SARs. The 2004 Plan prohibits the reuse of shares withheld, repurchased or delivered to satisfy the exercise price or minimum tax withholding requirements relating to a stock option or SAR. The Plan also prohibits "net share counting" upon the exercise of options or SARs.

No award may be transferred for value. The 2004 Plan prohibits the transfer of unexercised, unvested or restricted awards to third parties for value.

- No liberal definition of "change in control." The change in control definition contained in the 2004 Plan is not a "liberal" definition that would be activated on mere shareholder approval of a transaction.

Minimum Vesting Requirements. Subject to certain limited exceptions, full-value awards granted under the 2004 Plan will either (i) be subject to a minimum vesting period of three years (which may include graduated vesting within such three-year period), or one year if the vesting is based on performance criteria other than continued service, or (ii) be granted solely in exchange for foregone cash compensation.

- No Dividends on Unearned Awards. The 2004 Plan prohibits the current payment of dividends or dividend equivalent rights on unearned awards.

Summary of the 2004 Plan as Proposed to be Amended

A summary of the 2004 Plan as proposed to be amended and restated is set forth below. This summary is qualified in its entirety by the full text of the 2004 Plan, as proposed to be amended, which is attached to this Proxy Statement as Appendix A.

Purpose

The purpose of the 2004 Plan is to promote the Company's success by linking the personal interests of its employees, officers, directors and consultants to those of the Company's shareholders, and by providing participants with an incentive for outstanding performance.

Permissible Awards.

The plan authorizes the grant of awards in any of the following forms:

Options to purchase shares of Common Stock, which may be nonstatutory stock options or incentive stock options under the U.S. Internal Revenue Code (the "Code"). The exercise price of an option granted under the 2004 Plan may not be less than the fair market value of the Company's Common Stock on the date of grant. Stock options granted under the 2004 Plan have a term of six years.

Stock appreciation rights, or SARs, which give the holder the right to receive the excess, if any, of the fair market value of one share of Common Stock on the date of exercise, over the base price of the stock appreciation right. The base price of a SAR may not be less than the fair market value of the Company's common stock on the date of grant. SARs granted under the 2004 Plan have a term of six years.

Performance shares, which are payable in Common Stock (or an equivalent value in cash or other property) upon the attainment of performance goals set by the Compensation Committee of the Board of Directors (the "Committee").

Restricted stock, which is subject to restrictions on transferability and subject to forfeiture on terms set by the Committee.

Restricted stock units, which represent the right to receive shares of Common Stock (or an equivalent value in cash or other property) in the future, based upon the attainment of stated vesting or performance goals set by the Committee.

Deferred stock units, which represent the right to receive shares of Common Stock (or an equivalent value in cash or other property) in the future, generally without any vesting or performance restrictions.

Other stock-based awards in the discretion of the Committee, including unrestricted stock grants.

All awards will be evidenced by a written award certificate between the Company and the participant, which will include such provisions as may be specified by the Committee. Dividend equivalent rights, which entitle the participant to payments in cash or property calculated by reference to the amount of dividends paid on the shares of stock underlying an award, may be granted with respect to awards other than options or SARs.

Awards to Non-Employee Directors

Awards granted under the 2004 Plan to the Company's non-employee directors will be made only in accordance with the terms, conditions and parameters of a plan, program or policy for the compensation of non-employee directors as in effect from time to time. The Committee may not make discretionary grants under the 2004 Plan to non-employee directors.

Shares Available for Awards

The proposed amendment and restatement of the 2004 Plan would increase the number of shares that may be issued under the 2004 Plan by 30,000,000 shares. If the shareholders approve the 2004 Plan, the aggregate number of shares of Common Stock reserved and available for issuance pursuant to awards granted under the 2004 Plan will be 106,000,000, subject to adjustment as provided in the 2004 Plan. The maximum number of shares that may be issued to one person upon exercise of incentive stock options granted under the 2004 Plan is 2,000,000. Each share issued pursuant to "full value" awards, such as restricted stock, unrestricted stock, restricted stock units, deferred stock units, performance shares, or other stock-based awards (other than options or stock appreciation rights) payable in stock, reduces the number of shares available for grant by two shares.

Share Counting

Shares subject to awards that terminate or expire unexercised, or are cancelled, forfeited or lapse for any reason, and shares underlying awards that are ultimately settled in cash, will become available for future grants of awards under the 2004 Plan. The following shares of Common Stock may not again be made available for issuance as awards under the 2004 Plan: (i) shares of Common Stock not issued or delivered as a result of the net settlement of an outstanding option or SAR, (ii) shares of Common Stock used to pay the exercise price or withholding taxes related to an outstanding option or SAR, or (iii) shares of Common Stock repurchased on the open market with the proceeds of the exercise price of an option.

Limitations on Awards

The maximum number of shares of Common Stock that may be covered by options and stock appreciation rights granted under the 2004 Plan to any one person during any one calendar year is 5,000,000. The maximum number of shares of Common Stock that may be granted under the 2004 Plan in the form of restricted stock, restricted stock units, deferred stock units, performance shares or other stock-based awards (other than options or stock appreciation rights) under the 2004 Plan to any one person during any one calendar year is 5,000,000.

Minimum Vesting Requirements

With certain exceptions, full-value awards granted under the 2004 Plan will be subject to a minimum vesting period of three years (which may include graduated vesting) or one year if the vesting is performance-based. Exceptions include awards issued in substitution for awards in a business combination; awards issued for foregone compensation; accelerated vested in the case of death, disability or retirement, or the occurrence of a change in control (as defined in the 2004 Plan); and awards covering 5% or fewer of the total number of shares of Common Stock authorized under the 2004 Plan.

Administration

The plan will be administered by the Committee. The Committee will have the authority to grant awards; designate participants; determine the type or types of awards to be granted to each participant and the number, terms and conditions thereof; establish, adopt or revise any rules and regulations as it may deem advisable to administer the 2004 Plan; and make all other decisions and determinations that may be required under the 2004 Plan. The Board of Directors may at any time administer the 2004 Plan. If it does so, it will have all the powers of the Committee under the 2004 Plan.

In addition, the Board or the Committee may expressly delegate to a special committee some or all of the Committee's authority, within specified parameters, to grant awards to eligible participants who, at the time of grant, are not

executive officers and are not reasonably anticipated to become officers subject to the deduction limits of Section 162(m) of the Code.

37

Deductibility under Section 162(m)

The 2004 Plan is designed to comply with Code Section 162(m) so that grants of market-priced options and stock appreciation rights under the 2004 Plan, and other awards that are conditioned on performance goals as described below, may be excluded from the calculation of annual compensation for purposes of Code Section 162(m) and may be fully deductible. While the Committee believes it is important to preserve the deductibility of compensation under Code Section 162(m) generally, the Board and the Committee reserve the right to grant or approve awards or compensation that is non-deductible.

Performance Goals

The Committee may designate any award as a qualified performance-based award in order to make the award fully deductible without regard to the \$1,000,000 deduction limit imposed by Code Section 162(m). If an award is so designated, the Committee must establish objectively determinable performance goals for the award. Performance goals for such awards shall be based on one or more of the following financial, strategic and operational business criteria:

- gross and/or net revenue (including whether in the aggregate or attributable to specific products);
- cost of goods sold and gross margin;
- costs and expenses, including research and development and selling, general and administrative expenses;
- income (gross, operating, net, etc.);
- earnings, including before interest, taxes, depreciation and amortization (whether in the aggregate or on a per share basis);
- cash flows and share price;
- return on investment, capital, equity;
- manufacturing efficiency (including yield enhancement and cycle time reductions), quality improvements and customer satisfaction;
- product life cycle management (including product and technology design, development, transfer, manufacturing introduction, and sales price optimization and management);
- economic profit or loss;
- market share;
- employee retention, compensation, training and development, including succession planning; and
- objective goals consistent with the participant's specific duties and responsibilities, designed to further the financial, operational and other business interests of the Company, including goals and objectives with respect to regulatory compliance matters.

In order to meet the requirements of Section 162(m), the Committee must establish such goals within the first 90 days after the beginning of the period for which such performance goal relates (or such other time as may be required or permitted under applicable tax regulations) and the Committee may not increase any award or, except in the case of death, disability or a change in control of the Company, waive the achievement of any specified goal. The Committee may determine that any evaluation of performance will include, or exclude, or otherwise equitably adjust for any events that occur during a performance period including, by way of example but without limitation, the following: asset write-downs or impairment charges; litigation or claim judgments or settlements; the effect of changes in tax laws or accounting principles affecting reported results; accruals for reorganization and restructuring programs; extraordinary nonrecurring items as described in then-current accounting principles and/or in management's discussion and analysis of financial condition and results of operations appearing in the Company's annual report to shareholders for the applicable year; acquisitions or divestitures; and foreign exchange gains and losses. However, in order to meet the requirements of Section 162(m), in the event the Committee determines to include or exclude such unusual and nonrecurring events when measuring actual results achieved, it must do so within the first 90 days after the beginning of the period for which such performance goal relates (or such other time as may be required or permitted under applicable tax regulations). Any payment of an award granted with performance goals will be conditioned on the written certification of the Committee in each case that the performance goals and any other material conditions were satisfied.

Limitations on Transfer; Beneficiaries

No award will be assignable or transferable by a participant other than by will or the laws of descent and distribution or (except in the case of an incentive stock option) pursuant to a qualified domestic relations order; provided, however, that the Committee may permit other transfers (other than transfers for value) where the Committee concludes that such transferability does not result in accelerated taxation, does not cause any option intended to be an incentive stock option to fail to qualify as such, and is otherwise appropriate and desirable, taking into account any factors deemed relevant, including without limitation, any state or federal tax or securities laws or regulations applicable to transferable awards. A participant may, in the manner determined by the Committee, designate a beneficiary to exercise the rights of the participant and to receive any distribution with respect to any award upon the participant's death.

Acceleration Upon Certain Events

Unless otherwise provided in an award certificate or other governing document, upon the occurrence of a "change in control" of the Company (as defined in the 2004 Plan), all outstanding options and other awards in the nature of rights that may be exercised will become fully exercisable, all time-based vesting restrictions on outstanding awards will lapse, all outstanding performance-based awards will be fully earned based upon an assumed achievement of all relevant performance goals at "target" levels and there will be a pro-rata payout of such performance awards based upon the length of time within the performance period that has elapsed prior to the change in control.

Unless otherwise provided in an award certificate or other governing document, if a participant's service terminates by reason of death or disability, all of such participant's outstanding options, stock appreciation rights and other awards in the nature of rights that may be exercised will become fully vested and exercisable, all time-based vesting restrictions on outstanding awards will lapse, all outstanding performance-based awards will be fully earned based upon an assumed achievement of all relevant performance goals at "target" levels and there will be a pro-rata payout of such performance awards based upon the length of time within the performance period that has elapsed prior to the termination of service.

In addition, the Committee may in its discretion accelerate awards for any other reason, subject to the above described minimum vesting requirements. The Committee may discriminate among participants or among awards in exercising such discretion.

Adjustments

Subject to any required action by the shareholders, the number of shares of Common Stock covered by outstanding awards, and the share authorization limits under the 2004 Plan, as well as the price per share of Common Stock covered by each outstanding award, will be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock or any other increase or decrease in the number of shares of Common Stock effected without receipt of consideration by the Company. Also, in the case of a stock split, stock dividend or stock consolidation, the share authorization limits under the 2004 Plan and shares subject to outstanding awards will automatically be adjusted proportionately.

Termination and Amendment

If the 2004 Plan is approved by the Company's shareholders at the Fiscal 2012 Annual Meeting, it will terminate on January 22, 2023, or, if the shareholders approve an amendment to the 2004 Plan that increases the number of shares subject to the plan, the 10th anniversary of the date of such approval, unless earlier terminated by the Board or the Committee. The Board or the Committee may, at any time and from time to time, terminate or amend the 2004 Plan, but if an amendment to the 2004 Plan would materially increase the number of shares of stock issuable under the 2004 Plan, expand the types of awards provided under the 2004 Plan, materially expand the class of participants eligible to participate in the 2004 Plan, materially extend the term of the 2004 Plan or otherwise constitute a material amendment requiring shareholder approval under applicable listing requirements, laws, policies or regulations, then such amendment will be subject to shareholder approval. No termination or amendment of the 2004 Plan may adversely affect any award previously granted under the 2004 Plan without the written consent of the participant. Without the prior approval of the Company's shareholders, the 2004 Plan may not be amended to directly or indirectly reprice, replace or repurchase "underwater" options or SARs.

The Committee may amend or terminate outstanding awards. However, such amendments may require the consent of the participant and, unless approved by the shareholders or otherwise permitted by the antidilution provisions of the 2004 Plan, (i) the exercise price or base price of an option or SAR may not be reduced, directly or indirectly, (ii) an option or SAR may not be cancelled in exchange for cash, other awards, or options or SARs with an exercise price or base price that is less than the exercise price or base price of the original option or SAR, or otherwise, (iii) the Company may not repurchase an option or SAR

for value (in cash or otherwise) from a participant if the current fair market value of the shares of Common Stock underlying the option or SAR is lower than the exercise price or base price per share of the option or SAR, and (iv) the original term of an option or SAR may not be extended.

Prohibition on Repricing

As indicated above under "Termination and Amendment," outstanding stock options and stock appreciation rights cannot be repriced, directly or indirectly, without the prior consent of the Company's shareholders. The exchange of an "underwater" option or stock appreciation right (i.e., an option or stock appreciation right having an exercise price or base price in excess of the current market value of the underlying stock) for cash or for another award would be considered an indirect repricing and would, therefore, require the prior consent of the Company's shareholders.

Certain Federal Tax Effects

The following discussion is limited to a summary of the U.S. federal income tax provisions relating to the grant, exercise and vesting of awards under the 2004 Plan and the subsequent sale of Common Stock acquired under the 2004 Plan. The tax consequences of awards may vary according to country of participation. Also, the tax consequences of the grant, exercise or vesting of awards vary depending upon the particular circumstances, and it should be noted that the income tax laws, regulations and interpretations thereof change frequently. Participants should rely upon their own tax advisors for advice concerning the specific tax consequences applicable to them, including the applicability and effect of state, local, and foreign tax laws.

Nonstatutory Stock Options. There will be no federal income tax consequences to the optionee or to the Company upon the grant of a nonstatutory stock option under the 2004 Plan. When the optionee exercises a nonstatutory option, however, he or she will recognize ordinary income in an amount equal to the excess of the fair market value of the Common Stock received upon exercise of the option at the time of exercise over the exercise price, and the Company will be allowed a corresponding deduction. Any gain that the optionee realizes when he or she later sells or disposes of the option shares will be short-term or long-term capital gain, depending on how long the shares were held.

Incentive Stock Options. There typically will be no federal income tax consequences to the optionee or to the Company upon the grant or exercise of an incentive stock option. If the optionee holds the option shares for the required holding period of at least two years after the date the option was granted or one year after exercise, the difference between the exercise price and the amount realized upon sale or disposition of the option shares will be long-term capital gain or loss, and the Company will not be entitled to a federal income tax deduction. If the optionee disposes of the option shares in a sale, exchange, or other disqualifying disposition before the required holding period ends, he or she will recognize taxable ordinary income in an amount equal to the excess of the fair market value of the option shares at the time of exercise (or, if less, the amount realized on the disposition of the shares) over the exercise price, and the Company will be allowed a federal income tax deduction equal to such amount. While the exercise of an incentive stock option does not result in current taxable income, the excess of the fair market value of the option shares at the time of exercise over the exercise price will be an item of adjustment for purposes of determining the optionee's alternative minimum taxable income.

Stock Appreciation Rights. A participant receiving a stock appreciation right will not recognize income, and the Company will not be allowed a tax deduction, at the time the award is granted. When the participant exercises the stock appreciation right, the amount of cash and the fair market value of any shares of Common Stock received will be ordinary income to the participant and the Company will be allowed as a corresponding federal income tax deduction at that time.

Restricted Stock. Unless a participant makes an election to accelerate recognition of income to the date of grant as described below, the participant will not recognize income, and the Company will not be allowed a tax deduction, at the time a restricted stock award is granted, provided that the award is subject to restrictions on transfer and is subject to a substantial risk of forfeiture. When the restrictions lapse, the participant will recognize ordinary income equal to the fair market value of the Common Stock as of that date (less any amount he or she paid for the stock), and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code Section 162(m). If the participant files an election under Code Section 83(b) within 30 days after the date of grant of the restricted stock, he or she will recognize ordinary income as of the date of grant equal to the fair market value of the stock as of that date (less any amount paid for the stock), and the Company will be

allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code Section 162(m). Any future appreciation in the stock will be taxable to the participant at capital gains rates. However, if the stock is later forfeited, the participant will not be able to recover the tax previously paid pursuant to the Code Section 83(b) election.

Restricted or Deferred Stock Units. A participant will not recognize income, and the Company will not be allowed a tax deduction, at the time a stock unit award is granted. Upon receipt of shares of Common Stock (or the equivalent value in cash)

in settlement of a stock unit award, a participant will recognize ordinary income equal to the fair market value of the Common Stock or other property as of that date, and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code Section 162(m).

Performance Shares. A participant generally will not recognize income, and the Company will not be allowed a tax deduction, at the time performance shares are granted. When the participant receives settlement of the award, the fair market value of the shares of stock (or cash payment) will be ordinary income to the participant, and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code Section 162(m).

Benefits to Named Executive Officers and Others

Awards under the 2004 Plan are at the discretion of the Committee. Accordingly, future awards under the 2004 Plan are not determinable.

As of November 23, 2012, 40,379,825 shares of Common Stock had been issued under the 2004 Plan or remained subject to outstanding awards under the 2004 Plan. PROPOSAL 3 – RATIFICATION OF PRICEWATERHOUSECOOPERS LLP

The Audit Committee of the Board has retained PricewaterhouseCoopers LLP ("PwC") as our Independent Registered Public Accounting Firm to audit our consolidated financial statements for the fiscal year ending August 29, 2013. PwC and its predecessor, Coopers and Lybrand LLP, have been our Independent Registered Public Accounting Firm since fiscal 1985. If the ratification of PwC's appointment is not approved by a majority of the shares voting thereon, the Audit Committee may reconsider its decision to appoint PwC as our Independent Registered Public Accounting Firm. Representatives of PwC are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they so desire and are expected to be available to respond to appropriate questions.

The Board of Directors recommends voting "FOR" the ratification of the appointment of PricewaterhouseCoopers LLP.

Fees Paid

Fees charged for services performed by PwC for fiscal 2012 and 2011 were as follows:

	2012	2011
	(amounts in millions)	
Audit fees(1)	\$6.8	\$6.5
Audit-related fees(2)	0.9	0.6
Tax fees	—	—
All other fees	—	—
	\$7.7	\$7.1

Includes fees related to the audit of our financial statements, fees for services provided in connection with statutory (1) and regulatory filings and fees for attestation services related to our securities offerings and internal control over financial reporting as required by the Sarbanes-Oxley Act of 2002.

Fiscal 2012 primarily reflects fees for due diligence work and related accounting considerations with respect to our (2) planned acquisition of Elpida. Fiscal 2011 primarily reflects fees for services in connection with application of new accounting guidance and one-time transactions.

Pre-Approval Policy

The Audit Committee Charter provides that the Audit Committee will pre-approve all audit and non-audit services provided to us by the independent auditors, except for such de minimis non-audit services for which the pre-approved requirements are waived in accordance with the rules and regulations of the SEC. A copy of the Audit Committee charter is available on our website at www.micron.com. In fiscal 2012 and 2011, all audit and non-audit services provided by PwC were approved by the Audit Committee in advance of services being provided.

Report of the Audit Committee of the Board of Directors

This report has been prepared by members of the Audit Committee of the Board of Directors who served on the Audit Committee at the end of fiscal 2012. The Board of Directors determined that each Audit Committee member qualified as an "audit committee financial expert" for purposes of the rules and regulations of the SEC. The Board of Directors also determined that during their period of service on the Audit Committee, each member satisfied the independence requirements of applicable federal laws and the Listing Rules of NASDAQ.

The purpose of the Audit Committee is to assist the Board of Directors in overseeing and monitoring (i) the integrity of our financial statements, (ii) the performance of our internal audit function, (iii) the performance of our Independent Registered Public Accounting Firm, (iv) the qualifications and independence of our Independent Registered Public Accounting Firm, and (v) our compliance with legal and regulatory requirements.

The Audit Committee has reviewed and discussed our audited financial statements with our management, which has primary responsibility for such financial statements. PwC, our Independent Registered Public Accounting Firm for fiscal 2012, has expressed in our Annual Report on Form 10-K its opinion as to the conformity of our consolidated financial statements with accounting principles generally accepted in the United States. The Audit Committee has discussed with PwC the matters that are required to be discussed by Statement on Auditing Standards No. 61, as amended (Public Company Accounting Oversight Board, Professional Standards, Volume 1, AU Section 380). PwC has provided to the Audit Committee the written disclosures and the letter required by applicable requirements of the Public Accounting Oversight Board, and the Audit Committee discussed with PwC its independence. The Audit Committee also concluded that PwC's provision of non-audit services to us, as described above, is compatible with PwC's independence.

On the basis of the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that they approve the inclusion of our audited consolidated financial statements in our Annual Report on Form 10-K for fiscal 2012; appointed PwC as our Independent Registered Public Accounting Firm for the fiscal year ending August 29, 2013, and approved and authorized PwC to carry out and perform certain specified non-audit services for us in fiscal 2013.

While the Audit Committee has performed the above functions, management, and not the Audit Committee, has the primary responsibility for (i) preparing our consolidated financial statements and for the reporting process in general, and (ii) establishing and maintaining internal controls. Similarly, it is the responsibility of the Independent Registered Public Accounting Firm, and not the Audit Committee, to conduct the audit of our consolidated financial statements and express an opinion as to the conformity of the financial statements with accounting principles generally accepted in the United States.

PROPOSAL 4 – ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS ("SAY-ON-PAY")

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act"), enables our shareholders to vote to approve, on an advisory (non-binding) basis, the compensation of our Named Executive Officers as described in this proxy statement. We seek your advisory vote and ask that you indicate your support for the compensation of the Named Executive Officers as disclosed in this proxy statement.

This proposal, commonly known as a "say-on-pay" proposal, gives our shareholders the opportunity to express their views on the compensation of our Named Executive Officers. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers as described in this proxy statement.

At the Company's annual meeting of shareholders held in January 2012, over 90% of the votes cast on the say-on-pay proposal were voted in favor of the proposal. See "Consideration of 2012 Advisory Vote on Say on Executive Compensation" on page 13.

The Board invites you to review carefully the Compensation Discussion and Analysis beginning on page 11 and the tabular and other disclosures on compensation under Executive Compensation beginning on page 11, and cast a vote "for" the following resolution:

"Resolved, that shareholders approve, on an advisory basis, the compensation of Micron's Named Executive Officers, as discussed and disclosed in the Compensation Discussion and Analysis, the executive compensation tables, and any narrative executive compensation disclosure contained in this proxy statement."

The say-on-pay vote is advisory, and therefore not binding on us, the Compensation Committee or the Board of Directors. Furthermore, because this non-binding, advisory resolution primarily relates to the compensation of our Named Executive Officers that has already been paid or contractually committed, there is generally no opportunity for us to revisit these decisions. The Board of Directors and Compensation Committee value the opinions of our shareholders and to the extent there is any significant vote against the Named Executive Officer compensation as disclosed in this proxy statement, the Board will consider the shareholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

The Board of Directors recommends voting "FOR" the non-binding resolution to approve the Named Executive Officers' compensation as described in this proxy statement.

Note: We are providing this advisory vote as required pursuant to Section 14A of the Securities Exchange Act (15 U.S.C. 78n-1). The shareholder vote will not be binding on us or the Board, and it will not be construed as overruling any decision by us or the Board or creating or implying any change to, or additional, fiduciary duties for us or the Board.

Important Notice Regarding the Availability of Proxy Materials for the Shareholder Meeting to Be Held on January 22, 2013. The Proxy Statement and Annual Report on Form 10-K are available at www.proxydocs.com/mu. As permitted by rules recently adopted by the SEC, we are making our proxy material available to our shareholders electronically via the Internet. We have mailed many of our shareholders a Notice containing instructions on how to access this Proxy Statement and our Annual Report on Form 10-K and vote online. If you received a Notice by mail, you will not receive a printed copy of the proxy materials in the mail. Instead, the Notice instructs you on how to

access and review all of the important information contained in the Proxy Statement and Annual Report. The Notice also instructs you on how you may

43

submit your voting instructions over the Internet. If you received a Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the notice. In addition, shareholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis.

INCORPORATION BY REFERENCE OF CERTAIN FINANCIAL INFORMATION

We incorporate by reference in this Proxy Statement the "Equity Plans" note to our Consolidated Financial Statements included in our Annual Report on Form 10-K for fiscal 2012. The Annual Report on Form 10-K for fiscal 2012 accompanies this Proxy Statement. Copies of the Annual Report on Form 10-K for fiscal 2012 may be obtained by sending a written request to: Micron Technology, Inc., Attn.: Corporate Secretary, P.O. Box 6, MS-1-507, Boise, Idaho 83707-0006. Our Annual Reports on Form 10-K also are available in the "Investor Relations" section of our website at www.micron.com.

HOUSEHOLDING OF PROXY STATEMENTS AND ANNUAL REPORTS

We are allowed and intend to deliver only one copy of the notice regarding the Internet availability of proxy materials or one set of printed proxy materials (i.e. our Annual Report on Form 10-K and Proxy Statement) to multiple registered shareholders sharing an address who have received prior notice of our intent to deliver only one such notice or set of materials, so long as we have not received contrary instructions from such shareholders. This practice is commonly referred to as "householding." Householding reduces the volume of duplicate information received at your household and our costs of preparing and mailing duplicate materials.

If you share an address with other registered shareholders and your household receives one copy of the notice of Internet availability or of this Proxy Statement and 2012 Annual Report on Form 10-K and you decide you want a separate copy of this Proxy Statement and 2012 Annual Report on Form 10-K through the date of the Annual Meeting, we will promptly deliver your separate copy if you contact us at Micron Technology, Inc., Attn.: Corporate Secretary, P.O. Box 6, MS-1-507, Boise, Idaho 83707-0006 or corporatesecretary@micron.com or (208) 368-4500. Additionally, to resume the mailing of individual copies of future annual reports, proxy statements, proxy statements combined with a prospectus, and information statements to a particular shareholder, you may contact Wells Fargo Bank, N.A., Attn.: Householding, P.O. Box 64854, St. Paul, Minnesota 55164-0854 or at (800) 347-8625 and your request will be effective within 30 days after receipt. After the Annual Meeting, you may request householding of these documents by providing Wells Fargo Bank at the address provided directly above with a written request to eliminate multiple mailings. The written request must include names and account numbers of all shareholders consenting to householding for a given address and must be signed by those shareholders.

Additionally, we have been notified that certain banks, brokers and other nominees will household our annual reports and proxy statements for shareholders who hold in street names and have consented to householding. In this case, you may request an individual copy of this Proxy Statement and 2012 Annual Report on Form 10-K by contacting your bank, broker or other nominee.

DEADLINE FOR RECEIPT OF SHAREHOLDER PROPOSALS FOR FISCAL 2013 ANNUAL MEETING

Proposals by our shareholders which are intended to be presented at our Fiscal 2013 Annual Meeting of Shareholders must be received by us at its principal executive offices located at 8000 South Federal Way, Boise, Idaho 83716-9632, no later than August 15, 2013, and must also be in compliance with our Restated Certificate of Incorporation and its Bylaws and with applicable laws and regulations in order to be included in the Proxy Statement and form of proxy relating to that meeting. Proposals which are received after August 15, 2013, will be untimely and will not be considered at the meeting.

APPENDIX A

MICRON TECHNOLOGY, INC.
AMENDED AND RESTATED 2004 EQUITY INCENTIVE PLAN

ARTICLE 1

PURPOSE

1.1. GENERAL. The purpose of the Micron Technology, Inc. Amended and Restated 2004 Equity Incentive Plan (the “Plan”) is to promote the success, and enhance the value, of Micron Technology, Inc. (the “Company”), by linking the personal interests of employees, officers, directors and consultants of the Company or any Affiliate (as defined below) to those of Company stockholders and by providing such persons with an incentive for outstanding performance. The Plan is further intended to provide flexibility to the Company in its ability to motivate, attract, and retain the services of employees, officers, directors and consultants upon whose judgment, interest, and special effort the successful conduct of the Company's operation is largely dependent. Accordingly, the Plan permits the grant of incentive awards from time to time to selected employees, officers, directors and consultants of the Company and its Affiliates.

ARTICLE 2

DEFINITIONS

2.1. DEFINITIONS. When a word or phrase appears in this Plan with the initial letter capitalized, and the word or phrase does not commence a sentence, the word or phrase shall generally be given the meaning ascribed to it in this Section or in Section 1.1 unless a clearly different meaning is required by the context. threatened solicitation of proxies or consents by or on behalf of any Person other than the Board (“Proxy Contest”), including by reason of any agreement intended to avoid or settle any Election Contest or Proxy Contest, shall be deemed an Incumbent Director; or

(ii) any person is or becomes a “beneficial owner” (as defined in Rule 13d-3 under the 1934 Act), directly or indirectly, of either (A) 35% or more of the then-outstanding shares of common stock of the Company (“Company Common Stock”) or (B) securities of the Company representing 35% or more of the combined voting power of the Company's then outstanding securities eligible to vote for the election of directors (the “Company Voting Securities”); provided, however, that for purposes of this subsection (ii), the following acquisitions shall not constitute a Change in Control: (w) an acquisition directly from the Company, (x) an acquisition by the Company or a Subsidiary of the Company, (y) an acquisition by any employee benefit plan (or related trust) sponsored or maintained by the Company or any Subsidiary of the Company, or (z) an acquisition pursuant to a Non-Qualifying Transaction (as defined in subsection (iii) below); or

(iv) approval by the stockholders of the Company of a complete liquidation or dissolution of the Company.

(f) “Code” means the Internal Revenue Code of 1986, as amended from time to time, and includes a reference to the underlying final regulations. (g) “Committee” means the committee of the Board described in Article 4.

- (h) “Company” means Micron Technology, Inc., a Delaware corporation, or any successor corporation.
- (i) “Continuous Status as a Participant” means the absence of any interruption or termination of service as an employee, officer, consultant or director of the Company or any Affiliate, as applicable; provided, however, that for purposes of an Incentive Stock Option, or a Stock Appreciation Right issued in tandem with an Incentive Stock Option, “Continuous Status as a Participant” means the absence of any interruption or termination of service as an employee of the Company or any Parent or Subsidiary, as applicable, pursuant to applicable tax regulations. Continuous Status as a Participant shall not be considered interrupted in the case of any leave of absence authorized in writing by the Company prior to its commencement; provided, however, that for purposes of Incentive Stock Options, no such leave may exceed 90 days, unless reemployment upon expiration of such leave is guaranteed by statute or contract. If reemployment upon expiration of a leave of absence approved by the Company is not so guaranteed, on the 91st day of such leave any Incentive Stock Option held by the Participant shall cease to be treated as an Incentive Stock Option and shall be treated for tax purposes as a Nonstatutory Stock Option.
- (j) “Covered Employee” means a covered employee as defined in Code Section 162(m)(3).
- (k) “Disability” or “Disabled” has the same meaning as provided in the long-term disability plan or policy maintained by the Company or if applicable, most recently maintained, by the Company or if applicable, an Affiliate, for the Participant, whether or not such Participant actually receives disability benefits under such plan or policy. If no long-term disability plan or policy was ever maintained on behalf of Participant or if the determination of Disability relates to an Incentive Stock Option, or a Stock Appreciation Right issued in tandem with an Incentive Stock Option, Disability means Permanent and Total Disability as defined in Section 22(e)(3) of the Code. Notwithstanding the foregoing, for any Awards that constitute a nonqualified deferred compensation plan within the meaning of Section 409A(d) of the Code, Disability has the meaning given such term in Section 409A of the Code. In the event of a dispute, the determination whether a Participant is Disabled will be made by the Committee and may be supported by the advice of a physician competent in the area to which such Disability relates.

ARTICLE 4

ADMINISTRATION

4.1. **COMMITTEE.** The Plan shall be administered by a Committee appointed by the Board (which Committee shall consist of at least two directors) or, at the discretion of the Board from time to time, the Plan may

be administered by the Board. It is intended that at least two of the directors appointed to serve on the Committee shall be “non-employee directors” (within the meaning of Rule 16b-3 promulgated under the 1934 Act) and “outside directors” (within the meaning of Code Section 162(m)) and that any such members of the Committee who do not so qualify shall abstain from participating in any decision to make or administer Awards that are made to Eligible Participants who at the time of consideration for such Award (i) are persons subject to the short swing profit rules of Section 16 of the 1934 Act, or (ii) are reasonably anticipated to become Covered Employees during the term of the Award.

However, the mere fact that a Committee member shall fail to qualify under either of the foregoing requirements or shall fail to abstain from such action shall not invalidate any Award made by the Committee which Award is otherwise validly made under the Plan. The members of the Committee shall be appointed by, and may be changed at any time and from time to time in the discretion of, the Board. Unless and until changed by the Board, the Compensation Committee of the Board is designated as the Committee to administer the Plan. The Board may reserve to itself any or all of the authority and responsibility of the Committee under the Plan or may act as administrator of the Plan for any and all purposes. To the extent the Board has reserved any authority and responsibility or during any time that the Board is acting as administrator of the Plan, it shall have all the powers of the Committee hereunder, and any reference herein to the Committee (other than in this Section 4.1) shall include the Board. To the extent any action of the Board under the Plan conflicts with actions taken by the Committee, the actions of the Board shall control.

4.2. ACTION AND INTERPRETATIONS BY THE COMMITTEE. For purposes of administering the Plan, the Committee may from time to time adopt rules, regulations, guidelines and procedures for carrying out the provisions and purposes of the Plan and make such other determinations, not inconsistent with the Plan, as the Committee may deem appropriate. The Committee's interpretation of the Plan, any Awards granted under the Plan, any Award Certificate and all decisions and determinations by the Committee with respect to the Plan are final, binding, and conclusive on all parties. Each member of the Committee is entitled to, in good faith, rely or act upon any report or other information furnished to that member by any officer or other employee of the Company or any Affiliate, the Company's or an Affiliate's independent certified public accountants, Company counsel or any executive compensation consultant or other professional retained by the Company to assist in the administration of the Plan.

4.3. AUTHORITY OF COMMITTEE. Except as provided below, the Committee has the exclusive power, authority and discretion to:

- (a) Grant Awards;
- (b) Designate Participants;
- (c) Determine the type or types of Awards to be granted to each Participant;
- (d) Determine the number of Awards to be granted and the number of Shares or dollar amount to which an Award will relate;

- (f) Accelerate the vesting, exercisability or lapse of restrictions of any outstanding Award, in accordance with Article 14, based in each case on such considerations as the Committee in its sole discretion determines;

- (g) Determine whether, to what extent, and under what circumstances an Award may be settled in, or the exercise price of an Award may be paid in, cash, Stock, other Awards, or other property, or an Award may be canceled, forfeited, or surrendered;
- (h) Prescribe the form of each Award Certificate, which need not be identical for each Participant;

Notwithstanding the foregoing, grants of Awards to Non-Employee Directors hereunder shall be made only in accordance with the terms, conditions and parameters of a plan, program or policy for the compensation of Non-Employee Directors as in effect from time to time, and the Committee may not make discretionary grants hereunder to Non-Employee Directors.

Notwithstanding the above, the Board may, by resolution, expressly delegate to a special committee, consisting of one or more directors who are also officers of the Company, the authority, within specified parameters as to the number and terms of Awards, to (i) designate officers, employees and/or consultants of the Company or any of its Affiliates to be recipients of Awards under the Plan, and (ii) to determine the number of such Awards to be received by any such Participants; provided, however, that such delegation of duties and responsibilities to an officer of the Company may not be made with respect to the grant of Awards to eligible participants (a) who are subject to Section 16(a) of the 1934 Act at the Grant Date, or (b) who as of the Grant Date are reasonably anticipated to become Covered Employees during the term of the Award. The acts of such delegates shall be treated hereunder as acts of the Board and such delegates shall report regularly to the Board and the Committee regarding the delegated duties and responsibilities and any Awards so granted.

Except in the case of substitute Awards granted pursuant to Section 14.15, Full-Value Awards granted under the Plan to an Eligible Participant shall either (i) be subject to a minimum vesting period of three years (which may include graduated vesting within such three-year period), or one year if the vesting is based on performance criteria other than continued service, or (ii) be granted solely in exchange for foregone cash compensation. Notwithstanding the foregoing, (i) the Committee may at its discretion permit and authorize acceleration of vesting of such Full-Value Awards in the event of the Participant's death, Disability, or retirement, or the occurrence of a Change in Control (subject to the requirements of Article 11 in the case of Qualified Performance-Based Awards), and (ii) the Committee may grant Full-Value Awards without the above-described minimum vesting requirements, or may permit and authorize acceleration of vesting of Full-Value Awards otherwise subject to the above-described minimum vesting requirements, with respect to Awards covering five percent (5%) or fewer of the total number of Shares authorized under the Plan.

- (c) **TIME AND CONDITIONS OF EXERCISE.** The Committee shall determine the time or times at which an Option may be exercised in whole or in part, subject to Section 7.1(e). The Committee shall also determine the performance or other conditions, if any, that must be satisfied before all or part of an Option may be exercised or vested. The Committee may waive any exercise or vesting provisions at any time in whole or in part based upon factors as the Committee may determine in its sole discretion so that the Option becomes exercisable or vested at an earlier date. The Committee may permit an arrangement whereby receipt of Stock upon exercise of an Option is delayed until a specified future date.
- (d) **PAYMENT.** The Committee shall determine the methods by which the exercise price of an Option may be paid, the form of payment, and the methods by which Shares shall be delivered or deemed to be delivered to Participants. ARTICLE 9

PERFORMANCE SHARES

9.1. **GRANT OF PERFORMANCE SHARES.** The Committee is authorized to grant Performance Shares to Participants on such terms and conditions as may be selected by the Committee. The Committee shall have the complete discretion to determine the number of Performance Shares granted to each Participant, subject to Section 5.4, and to designate the provisions of such Performance Shares as provided in Section 4.3. All Performance Shares shall be evidenced by an Award Certificate or a written program established by the Committee, pursuant to which Performance Shares are awarded under the Plan under uniform terms, conditions and restrictions set forth in such written program.

9.2. **PERFORMANCE GOALS.** The Committee may establish performance goals for Performance Shares which may be based on any criteria selected by the Committee. Such performance goals may be described in terms of Company-wide objectives or in terms of objectives that relate to the performance of the Participant, an Affiliate or a division, region, department or function within the Company or an Affiliate. If the Committee determines that a change in the business, operations, corporate structure or capital structure of the Company or the manner in which the Company or an Affiliate conducts its business, or other events or circumstances render performance goals to be unsuitable, the Committee may modify such performance goals in whole or in part, as the Committee deems appropriate. If a Participant is promoted, demoted or transferred to a different business unit or function during a performance period, the Committee may determine that the performance goals or performance period are no longer appropriate and may (i) adjust, change or eliminate the performance goals or the applicable performance period as it deems appropriate to make such goals and period comparable to the initial goals and period, or (ii) make a cash payment to the participant in amount determined by the Committee. The foregoing two sentences shall not apply with respect to an Award of Performance Shares that is intended to be a Qualified Performance Based Award if the recipient of such award (a) was a Covered Employee on the date of the modification, adjustment, change or elimination of the performance goals or performance period, or (b) in the reasonable judgment of the Committee, may be a Covered Employee on the date the Performance Award is expected to be paid.

9.3. **RIGHT TO PAYMENT.** The grant of a Performance Share to a Participant will entitle the Participant to receive at a specified later time a specified number of Shares, or the equivalent value in cash or other property, if the performance goals established by the Committee are achieved and the other terms and conditions thereof are satisfied. The Committee shall set performance goals and other terms or conditions to payment of the Performance Shares in its discretion which, depending on the extent to which they are met, will determine the number of the Performance Shares that will be earned by the Participant.

9.4. **OTHER TERMS.** Performance Shares may be payable in cash, Stock, or other property, and have such other terms and conditions as determined by the Committee and reflected in the Award Certificate.

ARTICLE 10

Subject to the terms and conditions of the Plan, these restrictions may lapse separately or in combination at such times, under such circumstances, in such installments, upon the satisfaction of performance goals or otherwise, as the Committee determines at the time of the grant of the Award or thereafter. Except as otherwise provided in an Award Certificate or any special Plan document governing an Award, the Participant shall have all of the rights of a stockholder with respect to the Restricted Stock, and the Participant shall have none of the rights of a stockholder with respect to Restricted Stock Units until such time as Shares of Stock are paid in settlement of the Restricted Stock Units.

10.3. **FORFEITURE.** Except as otherwise determined by the Committee at the time of the grant of the Award or thereafter, upon termination of Continuous Status as a Participant during the applicable restriction period or upon failure to satisfy a performance goal during the applicable restriction period, Restricted Stock or Restricted Stock Units that are at that time subject to restrictions shall be forfeited; provided, however, that the Committee may provide in any Award Certificate, subject to the terms and conditions of the Plan, that restrictions or forfeiture conditions relating to Restricted Stock or Restricted Stock Units will be waived in whole or in part in the event of terminations resulting from specified causes, including, but not limited to, death, Disability, or for the convenience or in the best interests of the Company.

10.4. **DELIVERY OF RESTRICTED STOCK.** Shares of Restricted Stock shall be delivered to the Participant at the time of grant either by book-entry registration or by delivering to the Participant, or a custodian or escrow agent (including, without limitation, the Company or one or more of its employees) designated by the Committee, a stock certificate or certificates registered in the name of the Participant. If physical certificates representing shares of Restricted Stock are registered in the name of the Participant, such certificates must bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Restricted Stock.

10.5. **DIVIDENDS ON RESTRICTED STOCK.** In the case of Restricted Stock, the Committee may provide that ordinary cash dividends declared on the Shares before they are vested (i) will be forfeited, (ii) will be deemed to have been reinvested in additional Shares or otherwise reinvested (subject to Share availability under Section 5.1 hereof), or (iii) in the case of Restricted Stock that is not subject to performance-based vesting, will be paid or distributed to the Participant as accrued (in which case, such dividends must be paid or distributed no later than the 15th day of the 3rd month following the later of (A) the calendar year in which the corresponding dividends were

paid to stockholders, or (B) the first calendar year in which the Participant's right to such dividends is no longer subject to a substantial risk of forfeiture). Unless otherwise provided by the Committee, dividends accrued on Shares of Restricted Stock before they are vested shall, as provided in the Award Certificate, either (i) be reinvested in the form of additional Shares, which shall be subject to the same vesting provisions as provided for the host Award, or (ii) be credited by the Company to an account for the Participant and accumulated without interest until the date upon which the host Award becomes vested, and any dividends accrued with respect to forfeited Restricted Stock will be reconveyed to the Company without further consideration or any act or action by the Participant. In no event shall dividends with respect to Restricted Stock that is subject to performance-based vesting be paid or distributed until the performance-based vesting provisions of such Restricted Stock lapse.

Deferred Stock Units shall entitle the Participant to receive Shares of Stock (or the equivalent value in cash or other property if so determined by the Committee) at a future time as determined by the Committee, or as determined by the Participant within guidelines established by the Committee in the case of voluntary deferral elections. An Award of Deferred Stock Units shall be evidenced by an Award Certificate setting forth the terms and conditions applicable to the Award.

ARTICLE 12

Dividend Equivalents shall entitle the Participant to receive payments equal to ordinary cash dividends or distributions with respect to all or a portion of the number of Shares subject to a Full-Value Award, as determined by the Committee. The Committee may provide that Dividend Equivalents (i) will be deemed to have been reinvested in additional Shares, or otherwise reinvested, or (ii) except in the case of Performance Shares, will be paid or distributed as accrued (in which case, such Dividend Equivalents must be paid or distributed no later than the 15th day of the 3rd month following the later of (i) the calendar year in which the corresponding dividends were paid to stockholders, or (ii) the first calendar year in which the Participant's right to such Dividends Equivalents is no longer subject to a substantial risk of forfeiture. Unless otherwise provided by the Committee, Dividend Equivalents accruing on unvested Full-Value Awards shall, as provided in the Award Certificate, either (i) be reinvested in the form of additional Shares, which shall be subject to the same vesting provisions as provided for the host Award, or (ii) be credited by the Company to an account for the Participant and accumulated without interest until the date upon which the host Award becomes vested, and any Dividend Equivalents accrued with respect to forfeited Awards will be reconveyed to the Company without further consideration or any act or action by the Participant. In no event shall Dividend Equivalents with respect to Performance Shares be paid or distributed until the performance-based vesting provisions of the Performance Shares lapse.

ARTICLE 13

STOCK OR OTHER STOCK BASED AWARDS

13.1. GRANT OF STOCK OR OTHER STOCK BASED AWARDS. The Committee is authorized, subject to limitations under applicable law, to grant to Participants such other Awards that are payable in, valued in whole or in part by reference to, or otherwise based on or related to Shares, as deemed by the Committee to be consistent with the purposes of the Plan, including without limitation Shares awarded purely as a "bonus" and not subject to any restrictions or conditions, convertible or exchangeable debt securities, other rights convertible or exchangeable into Shares, and Awards valued by reference to book value of Shares or the value of securities of or the performance of specified Parents or Subsidiaries. The Committee shall determine the terms and conditions of such Awards.

ARTICLE 14

PROVISIONS APPLICABLE TO AWARDS

14.1. **STAND ALONE AND TANDEM AWARDS.** Awards granted under the Plan may, in the discretion of the Committee, be granted either alone or in addition to, in tandem with, any other Award granted under the Plan. Subject to Section 16.2, awards granted in addition to or in tandem with other Awards may be granted either at the same time as or at a different time from the grant of such other Awards.

14.2. **TERM OF AWARD.** The term of each Award shall be for the period as determined by the Committee, provided that in no event shall the term of any Incentive Stock Option or a Stock Appreciation Right granted in tandem with the Incentive Stock Option exceed a period of six (6) years from its Grant Date (or, if Section 7.2(d) applies, five years from its Grant Date).

14.3. **FORM OF PAYMENT FOR AWARDS.** Subject to the terms of the Plan and any applicable law or Award Certificate, payments or transfers to be made by the Company or an Affiliate on the grant or exercise of an Award may be made in such form as the Committee determines at or after the Grant Date, including without limitation, cash, Stock, other Awards, or other property, or any combination, and may be made in a single payment or transfer, in installments, or (except with respect to Options or SARs) on a deferred basis, in each case determined in accordance with rules adopted by, and at the discretion of, the Committee.

14.4. **LIMITS ON TRANSFER.** No right or interest of a Participant in any unexercised or restricted Award may be pledged, encumbered, or hypothecated to or in favor of any party other than the Company or an Affiliate, or shall be subject to any lien, obligation, or liability of such Participant to any other party other than the Company or an Affiliate. No unexercised or restricted Award shall be assignable or transferable by a Participant other than by will or the laws of descent and distribution or, except in the case of an Incentive Stock Option, pursuant to a domestic relations order that would satisfy Section 414(p)(1)(A) of the Code if such Section applied to an Award under the Plan; provided, however, that the Committee may (but need not) permit other transfers (other than transfers for value) where the Committee concludes that such transferability (i) does not result in accelerated taxation, (ii) does not cause any Option intended to be an Incentive Stock Option to fail to so qualify, and (iii) is otherwise appropriate and desirable, taking into account any factors deemed relevant, including without limitation, state or federal tax or securities laws applicable to transferable Awards.

14.5. **BENEFICIARIES.** Notwithstanding Section 14.4, a Participant may, in the manner determined by the Committee, designate a beneficiary to exercise the rights of the Participant and to receive any distribution with respect to any Award upon the Participant's death. A beneficiary, legal guardian, legal representative, or other person claiming any rights under the Plan is subject to all terms and conditions of the Plan and any Award Certificate applicable to the Participant, except to the extent the Plan and Award Certificate otherwise provide, and to any additional restrictions deemed necessary or appropriate by the Committee. If no beneficiary has been designated or survives the Participant, any payment due to the Participant shall be made to the Participant's estate. Subject to the foregoing, a beneficiary designation may be changed or revoked by a Participant, in the manner provided by the Company, at any time provided the change or revocation is filed with the Committee.

14.6. **STOCK CERTIFICATES.** All Stock issuable under the Plan is subject to any stop-transfer orders and other restrictions as the Committee deems necessary or advisable to comply with federal or state securities laws, rules and regulations and the rules of any national securities exchange or automated quotation system on which the Stock is listed, quoted, or traded. The Committee may place legends on any Stock certificate or issue instructions to the transfer agent to reference restrictions applicable to the Stock.

14.7. **ACCELERATION UPON A CHANGE IN CONTROL.** Except as otherwise provided in the Award Certificate or any special Plan document governing an Award, upon the occurrence of a Change in Control, all outstanding Options, SARs, and other Awards in the nature of rights that may be exercised shall become fully exercisable, and all time-based vesting restrictions on outstanding Awards shall lapse. Except as otherwise provided in the Award Certificate or any special Plan document governing an Award, upon the occurrence of a Change in

Control, the target payout opportunities attainable under all outstanding performance based Awards shall be deemed to have been fully earned as of the effective date of the Change in Control based upon an assumed achievement of all relevant performance goals at the “target” level and there shall be prorata payout to Participants within thirty (30) days following the effective date of the Change in Control based upon the length of time within the performance period that has elapsed prior to the Change in Control.

14.8. ACCELERATION UPON DEATH OR DISABILITY. Except as otherwise provided in the Award Certificate or any special Plan document governing an Award, upon the Participant's death or Disability during his or her Continuous Status as a Participant, (i) all of such Participant's outstanding Options, SARs, and other Awards in the nature of rights that may be exercised shall become fully exercisable, (ii) all time-based vesting restrictions on the Participant's outstanding Awards shall lapse, and (iii) the target payout opportunities attainable under all of such Participant's outstanding performance-based Awards shall be deemed to have been fully earned as of the date of termination based upon an assumed achievement of all relevant performance goals at the “target” level and there shall be a payout to the Participant or his or her estate within thirty (30) days following the date of termination. Any Awards shall thereafter continue or lapse in accordance with the other provisions of the Plan and the Awards Certificate. To the extent that this provision causes Incentive Stock Options to exceed the dollar limitation set forth in Section 7.2(c), the excess Options shall be deemed to be Nonstatutory Stock Options.

14.9. ACCELERATION FOR ANY OTHER REASON. Regardless of whether an event has occurred as described in Section 14.7 or 14.8 above, and subject to Section 5.5 as to Full-Value Awards and Section 14.11 as to Qualified Performance Based Awards, the Committee may in its sole discretion at any time determine that all or a portion of a Participant's Options, SARs, and other Awards in the nature of rights that may be exercised shall become fully or partially exercisable, that all or a part of the time-based vesting restrictions on all or a portion of the outstanding Awards shall lapse, and/or that any performance based criteria with respect to any Awards shall be deemed to be wholly or partially satisfied, in each case, as of such date as the Committee may, in its sole discretion, declare. The Committee may discriminate among Participants and among Awards granted to a Participant in exercising its discretion pursuant to this Section 14.9.

14.10. EFFECT OF ACCELERATION. If an Award is accelerated under Section 14.7, Section 14.8 or Section 14.9, the Committee may, in its sole discretion, provide (i) that the Award will expire after a designated period of time after such acceleration to the extent not then exercised, (ii) that the Award will be settled in cash rather than Stock, (iii) that the Award will be assumed by another party to a transaction giving rise to the acceleration or otherwise be equitably converted or substituted in connection with such transaction, (iv) that the Award may be settled by payment in cash or cash equivalents equal to the excess of the Fair Market Value of the underlying Stock, as of a specified date associated with the transaction, over the exercise price of the Award, or (v) any combination of the foregoing. The Committee's determination need not be uniform and may be different for different Participants whether or not such Participants are similarly situated. To the extent that such acceleration causes Incentive Stock Options to exceed the dollar limitation set forth in Section 7.2(c), the excess Options shall be deemed to be Nonstatutory Stock Options.

14.11. QUALIFIED PERFORMANCE BASED AWARDS.

(a) The provisions of the Plan are intended to ensure that all Options and Stock Appreciation Rights granted hereunder to any Covered Employee shall qualify for the Section 162(m) Exemption; provided that the exercise or base price of such Award is not less than the Fair Market Value of the Shares on the Grant Date.

(b) When granting any other Award, the Committee may designate such Award as a Qualified Performance Based Award, based upon a determination that the recipient is or may be a Covered Employee with respect to such Award, and the Committee wishes such Award to qualify for the Section 162(m) Exemption. If an Award is so designated, the Committee shall establish performance goals for such Award within the time period prescribed by Section 162(m) of the Code based on one or more of the following Qualified Business Criteria, which may be expressed in terms of Company-wide objectives or in terms of

objectives that relate to the performance of an Affiliate or a unit, division, region, department or function within the Company or an Affiliate:

Gross and/or net revenue (including whether in the aggregate or attributable to specific products)

Cost of Goods Sold and Gross Margin

Costs and expenses, including Research & Development and Selling, General & Administrative

Income (gross, operating, net, etc.)

Earnings, including before interest, taxes, depreciation and amortization (whether in the aggregate or on a per share basis)

Cash flows and share price

Return on assets, investment, capital, equity

Manufacturing efficiency (including yield enhancement and cycle time reductions), quality improvements and customer satisfaction

Product life cycle management (including product and technology design, development, transfer, manufacturing introduction, and sales price optimization and management)

Economic profit or loss

Market share

Employee retention, compensation, training and development, including succession planning

Objective goals consistent with the Participant's specific officer duties and responsibilities, designed to further the financial, operational and other business interests of the Company, including goals and objectives with respect to regulatory compliance matters.

Performance goals with respect to the foregoing Qualified Business Criteria may be specified in absolute terms (including completion of pre-established projects, such as the introduction of specified products), in percentages, or in terms of growth from period to period or growth rates over time as well as measured relative to an established or specially created performance index of Company competitors, peers or other members of high tech industries. Any member of an index that disappears during a measurement period shall be disregarded for the entire measurement period. Performance Goals need not be based upon an increase or positive result under a business criterion and could include, for example, the maintenance of the status quo or the limitation of economic losses (measured, in each case, by reference to a specific business criterion).

(c) Each Qualified Performance Based Award (other than an Option or SAR) shall be earned, vested and payable (as applicable) only upon the achievement of performance goals established by the Committee based upon one or more of the Qualified Business Criteria, together with the satisfaction of any other conditions, including the condition as to continued employment as set forth in subsection (g) below, as the Committee may determine to be appropriate; provided, however, that the Committee may provide, in its sole and absolute discretion, either in connection with the grant thereof or by amendment thereafter, that achievement of such performance goals will be waived upon the death or Disability of the Participant, or upon a Change in Control. Performance periods established by the Committee for any such Qualified Performance Based Award may be as short as ninety (90) days and may be any longer period. In addition,

the Committee has the right, in connection with the grant of a Qualified Performance-Based Award, to exercise negative discretion to determine that the portion of such Award actually earned, vested and/or payable (as applicable) shall be less than the portion that would be earned, vested and/or payable based solely upon application of the applicable performance goals.

(d) The Committee may provide in any Qualified Performance Based Award, at the time the performance goals are established, that any evaluation of performance shall include, exclude or otherwise equitably adjust for any event that occurs during a performance period, including by way of example but without limitation the following: (a) asset write downs or impairment charges; (b) litigation or claim judgments or settlements; (c) the effect of changes in tax laws, accounting principles or other laws or provisions affecting reported results; (d) accruals for reorganization and restructuring programs; (e) extraordinary nonrecurring items as described in then-current account principles and/or in management's discussion and analysis of financial condition and results of operations appearing in the Company's annual report to stockholders for the applicable year; (f) acquisitions or divestitures; and (g) foreign exchange gains and losses. To the extent such inclusions or exclusions affect Awards to Covered Employees, they shall be prescribed in a form and at a time that meets the requirements of Code Section 162(m) for deductibility.

(e) Any payment of a Qualified Performance Based Award granted with performance goals pursuant to subsection (c) above shall be conditioned on the written certification of the Committee in each case that the performance goals and any other material conditions were satisfied. Written certification may take the form of a Committee resolution passed by a majority of the Committee at a properly convened meeting or through unanimous action by the Committee via action by written consent. The certification requirement also may be satisfied by a separate writing executed by the Chairman of the Committee, acting in his capacity as such, following the foregoing Committee action or by the Chairman executing approved minutes of the Committee in which such determinations were made. Except as specifically provided in subsection (c), no Qualified Performance Based Award held by a Covered Employee or an employee who in the reasonable judgment of the Committee may be a Covered Employee on the date of payment, may be amended, nor may the Committee exercise any discretionary authority it may otherwise have under the Plan with respect to a Qualified Performance Based Award under the Plan, in any manner to waive the achievement of the applicable performance goal based on Qualified Business Criteria or to increase the amount payable pursuant thereto or the value thereof, or otherwise in a manner that would cause the Qualified Performance Based Award to cease to qualify for the Section 162(m) Exemption.

(f) Section 5.4 sets forth the maximum number of Shares or dollar value that may be granted in any one-year period to a Participant in designated forms of Qualified Performance Based Awards.

(g) With respect to a Participant who is an officer of the Company, any payment of a Qualified Performance Based Award granted with performance goals pursuant to subsection (c) above shall be conditioned on the officer having remained continuously employed by the Company or an Affiliate for the entire performance or measurement period, including, as well, through the date of determination and certification of the payment of any such Award pursuant to subsection (e) above (the "Certification Date"). For purposes of the Plan, with respect to any given performance or measurement period, an officer of the Company who (i) terminates employment (regardless of cause) or who otherwise ceases to be an officer, prior to the Certification Date and (ii) who, pursuant to a separate contractual arrangement with the Company is entitled to receive payments from the Company thereunder extending to or beyond such Certification Date as a result of such termination or cessation in officer status, shall be deemed to have been employed by the Company as an officer through the Certification Date for purposes of payment eligibility.

14.12. **TERMINATION OF EMPLOYMENT.** Whether military, government or other service or other leave of absence shall constitute a termination of employment shall be determined in each case by the Committee at its discretion, and any determination by the Committee shall be final and conclusive. A Participant's Continuous Status as a Participant shall not be deemed to terminate (i) in a circumstance in which a Participant transfers from the

Company to an Affiliate, transfers from an Affiliate to the Company, or transfers from one Affiliate to another Affiliate, or (ii) in the discretion of the Committee as specified at or prior to such occurrence, in the case of a spin-off, sale or disposition of the Participant's employer from the Company or any Affiliate. To the extent that this provision causes Incentive Stock Options to extend beyond three months from the date a Participant is deemed to be an employee of the Company, a Parent or Subsidiary for purposes of Sections 424(e) and 424(f) of the Code, the Options held by such Participant shall be deemed to be Nonstatutory Stock Options.

14.13. DEFERRAL. Subject to applicable law, the Committee may permit or require a Participant to defer such Participant's receipt of the payment of cash or the delivery of Shares that would otherwise be due to such Participant by virtue of the exercise of an Option or SAR, the lapse or waiver of restrictions with respect to Restricted Stock or Restricted Stock Units, or the satisfaction of any requirements or goals with respect to Performance Shares, and Other Stock Based Awards. If any such deferral election is required or permitted, the Board shall, in its sole discretion, establish rules and procedures for such payment deferrals in compliance with Section 409A of the Code and other applicable law.

14.14. FORFEITURE EVENTS. Awards under the Plan shall be subject to any compensation recoupment policy that the Company will adopt from time to time, as required by law or otherwise, to the extent applicable. In addition, the Committee may specify in an Award Certificate that the Participant's rights, payments and benefits with respect to an Award shall be subject to reduction, cancellation, forfeiture or recoupment upon the occurrence of certain specified events, in addition to any otherwise applicable vesting or performance conditions of an Award. Such events shall include, but shall not be limited to, termination of employment for cause, violation of material Company or Affiliate policies, breach of noncompetition, confidentiality or other restrictive covenants that may apply to the Participant, other conduct by the Participant that is detrimental to the business or reputation of the Company or any Affiliate, or a later determination that the vesting of, or amount realized from, a Performance Award was based on materially inaccurate financial statements or any other materially inaccurate performance metric criteria, whether or not the Participant caused or contributed to such material inaccuracy.

14.15. SUBSTITUTE AWARDS. The Committee may grant Awards under the Plan in substitution for stock and stock based awards held by employees of another entity who become employees of the Company or an Affiliate as a result of a merger or consolidation of the former employing entity with the Company or an Affiliate or the acquisition by the Company or an Affiliate of property or stock of the former employing corporation. The Committee may direct that the substitute awards be granted on such terms and conditions as the Committee considers appropriate in the circumstances.

ARTICLE 15

CHANGES IN CAPITAL STRUCTURE

15.1. MANDATORY ADJUSTMENTS. Subject to any required action by the stockholders of the Company, the number of shares of Common Stock covered by each outstanding Award, and the number of issued shares of Common Stock which have been authorized for issuance under the Plan but as to which no Awards have yet been granted or which have been returned to the Plan upon cancellation or expiration of an Award, as well as the price per share of Common Stock covered by each such outstanding Award, shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock or any other increase or decrease in the number of shares of Common Stock effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been "effected without receipt of consideration." Such adjustment shall be made by the Board, whose determination in that respect shall be final, binding, and conclusive. Without limiting the foregoing, in the event of a subdivision of the outstanding Stock (stock split), a declaration of a dividend payable in Shares, or a combination or consolidation of the outstanding Stock into a lesser number of Shares, the authorization limits under Section 5.1 and 5.4 shall automatically be adjusted proportionately, and the Shares then subject to each Award shall automatically be adjusted proportionately without any change in the aggregate purchase price therefor. To the extent that any adjustments made pursuant to this

Article 15 cause Incentive Stock Options to cease to qualify as Incentive Stock Options, such Options shall be deemed to be Nonstatutory Stock Options. Notwithstanding the foregoing, the Committee shall not make any adjustments to outstanding Options or SARs that would constitute a modification or substitution of the stock right under Treas. Reg. Sections 1.409A-1(b)(5)(v) that would be treated as the grant of a new stock right or change in the form of payment for purposes of Code Section 409A.

15.2. DISCRETIONARY ADJUSTMENTS. Upon the occurrence or in anticipation of any corporate event or transaction involving the Company (including, without limitation, any merger, reorganization, recapitalization or combination or exchange of shares or any transaction described in Section 15.1), the Committee may, in its sole discretion, provide (i) that Awards will be settled in cash rather than Stock, (ii) that Awards will become immediately vested and exercisable and will expire after a designated period of time to the extent not then exercised, (iii) that Awards will be assumed by another party to a transaction or otherwise be equitably converted or substituted in connection with such transaction, (iv) that outstanding Awards may be settled by payment in cash or cash equivalents equal to the excess of the Fair Market Value of the underlying Stock, as of a specified date associated with the transaction (or the per-share transaction price), over the exercise or base price of the Award, (v) that applicable performance targets and performance periods for Awards will be modified, consistent with Code Section 162(m) where applicable, or (vi) any combination of the foregoing. The Committee's determination need not be uniform and may be different for different Participants whether or not such Participants are similarly situated.

15.3 GENERAL. Any discretionary adjustments made pursuant to this Article 15 shall be subject to the provisions of Article 16. To the extent that any adjustments made pursuant to this Article 15 cause Incentive Stock Options to cease to qualify as Incentive Stock Options, such Options shall be deemed to be Nonstatutory Stock Options.

ARTICLE 16

AMENDMENT, MODIFICATION AND TERMINATION

16.1. AMENDMENT, MODIFICATION AND TERMINATION. The Board or the Committee may, at any time and from time to time, amend, modify or terminate the Plan without stockholder approval; provided, however, that if an amendment to the Plan would, in the reasonable opinion of the Board or the Committee, either (i) materially increase the number of Shares available under the Plan, (ii) expand the types of awards under the Plan, (iii) materially expand the class of participants eligible to participate in the Plan, (iv) materially extend the term of the Plan, or (v) otherwise constitute a material change requiring stockholder approval under applicable laws, policies or regulations or the applicable listing or other requirements of an Exchange, then such amendment shall be subject to stockholder approval; and provided, further, that the Board or Committee may condition any other amendment or modification on the approval of stockholders of the Company for any reason, including by reason of such approval being necessary or deemed advisable to (i) comply with the listing or other requirements of an Exchange, or (ii) to satisfy any other tax, securities or other applicable laws, policies or regulations. Without the prior approval of the stockholders of the Company, the Plan may not be amended to permit: (i) the exercise price or base price of an Option or SAR to be reduced, directly or indirectly, (ii) an Option or SAR to be cancelled in exchange for cash, other Awards, or Options or SARs with an exercise or base price that is less than the exercise price or base price of the original Option or SAR, or otherwise, or (iii) the Company to repurchase an Option or SAR for value (in cash or otherwise) from a Participant if the current Fair Market Value of the Shares underlying the Option or SAR is lower than the exercise price or base price per share of the Option or SAR.

16.2. AWARDS PREVIOUSLY GRANTED. At any time and from time to time, the Committee may amend, modify or terminate any outstanding Award without approval of the Participant; provided, however:

(a) Subject to the terms of the applicable Award Certificate, such amendment, modification or termination shall not, without the Participant's consent, reduce or diminish the value of such Award determined as if the Award had been exercised, vested, cashed in or otherwise settled on the date of such amendment or termination (with the per-share value of an Option or Stock Appreciation Right for this purpose being

calculated as the excess, if any, of the Fair Market Value as of the date of such amendment or termination over the exercise or base price of such Award);

(b) The original term of an Option may not be extended without the prior approval of the stockholders of the Company;

(c) Except as otherwise provided in Article 15, without the prior approval of the stockholders of the Company: (i) the exercise price or base price of an Option or SAR may not be reduced, directly or indirectly, (ii) an Option or SAR may not be cancelled in exchange for cash, other Awards, or Options or SARs with an exercise or base price that is less than the exercise price or base price of the original Option or SAR, or otherwise, and (iii) the Company may not repurchase an Option or SAR for value (in cash or otherwise) from a Participant if the current Fair Market Value of the Shares underlying the Option or SAR is lower than the exercise price or base price per share of the Option or SAR.

(d) No termination, amendment, or modification of the Plan shall adversely affect any Award previously granted under the Plan, without the written consent of the Participant affected thereby. An outstanding Award shall not be deemed to be "adversely affected" by a Plan amendment if such amendment would not reduce or diminish the value of such Award determined as if the Award had been exercised, vested, cashed in or otherwise settled on the date of such amendment (with the per-share value of an Option or Stock Appreciation Right for this purpose being calculated as the excess, if any, of the Fair Market Value as of the date of such amendment over the exercise or base price of such Award).

16.3. COMPLIANCE AMENDMENTS. Notwithstanding anything in the Plan or in any Award Certificate to the contrary, the Committee may amend the Plan or an Award Certificate, to take effect retroactively or otherwise, as deemed necessary or advisable for the purpose of conforming the Plan or Award Certificate to any present or future law relating to plans of this or similar nature (including, but not limited to, Section 409A of the Code), and to the administrative regulations and rulings promulgated thereunder. By accepting an Award under this Plan, a Participant agrees to any amendment made pursuant to this Section 16.3 to any Award granted under the Plan without further consideration or action.

ARTICLE 17

GENERAL PROVISIONS

17.1. NO RIGHTS TO AWARDS; NON-UNIFORM DETERMINATIONS. No Participant or any Eligible Participant shall have any claim to be granted any Award under the Plan. Neither the Company, its Affiliates nor the Committee is obligated to treat Participants or Eligible Participants uniformly, and determinations made under the Plan may be made by the Committee selectively among Eligible Participants who receive, or are eligible to receive, Awards (whether or not such Eligible Participants are similarly situated).

17.2. NO STOCKHOLDER RIGHTS. No Award gives a Participant any of the rights of a stockholder of the Company unless and until Shares are in fact issued to such person in connection with such Award.

17.3. SPECIAL PROVISIONS RELATED TO SECTION 409A OF THE CODE.

(a) It is intended that the payments and benefits provided under the Plan and any Award shall either be exempt from the application of, or comply with, the requirements of Section 409A of the Code. The Plan and all Award Certificates shall be construed in a manner that effects such intent. Nevertheless, the tax treatment of the benefits provided under the Plan or any Award is not warranted or guaranteed. Neither the Company, its Affiliates nor their respective directors, officers, employees or advisers (other than in his or her capacity as a Participant) shall be held liable for any taxes, interest, penalties or other monetary amounts owed by any Participant or other taxpayer as a result of the Plan or any Award.

- (b) Notwithstanding anything in the Plan or in any Award Certificate to the contrary, to the extent that any amount or benefit that would constitute non-exempt “deferred compensation” for purposes of Section 409A of the Code (“Non-Exempt Deferred Compensation”) would otherwise be payable or distributable, or a different form of payment (e.g., lump sum or installment) would be effected, under the Plan or any Award Certificate by reason of the occurrence of a Change in Control, or the Participant's Disability or separation from service, such Non-Exempt Deferred Compensation will not be payable or distributable to the Participant, and/or such different form of payment will not be effected, by reason of such circumstance unless the circumstances giving rise to such Change in Control, Disability or separation from service meet any description or definition of “change in control event”, “disability” or “separation from service”, as the case may be, in Section 409A of the Code and applicable regulations (without giving effect to any elective provisions that may be available under such definition). This provision does not prohibit the vesting of any Award upon a Change in Control, Disability or separation from service, however defined. If this provision prevents the payment or distribution of any amount or benefit, or the application of a different form of payment of any amount or benefit, such payment or distribution shall be made at the time and in the form that would have applied absent the Change in Control, Disability or separation from service, as applicable.
- (c) If any one or more Awards granted under the Plan to a Participant could qualify for any separation pay exemption described in Treas. Reg. Section 1.409A-1(b)(9), but such Awards in the aggregate exceed the dollar limit permitted for the separation pay exemptions, the Company (acting through the Committee or the Head of Human Resources) shall determine which Awards or portions thereof will be subject to such exemptions.
- (d) Notwithstanding anything in the Plan or in any Award Certificate to the contrary, if any amount or benefit that would constitute Non-Exempt Deferred Compensation would otherwise be payable or distributable under this Plan or any Award Certificate by reason of a Participant's separation from service during a period in which the Participant is a Specified Employee (as defined below), then, subject to any permissible acceleration of payment by the Committee under Treas. Reg. Section 1.409A-3(j)(4)(ii) (domestic relations order), (j)(4)(iii) (conflicts of interest), or (j)(4)(vi) (payment of employment taxes):
- (i) if the payment or distribution is payable in a lump sum, the Participant's right to receive payment or distribution of such Non-Exempt Deferred Compensation will be delayed until the earlier of the Participant's death or the first day of the seventh month following the Participant's separation from service; and
- (ii) if the payment or distribution is payable over time, the amount of such Non-Exempt Deferred Compensation that would otherwise be payable during the six-month period immediately following the Participant's separation from service will be accumulated and the Participant's right to receive payment or distribution of such accumulated amount will be delayed until the earlier of the Participant's death or the first day of the seventh month following the Participant's separation from service, whereupon the accumulated amount will be paid or distributed to the Participant and the normal payment or distribution schedule for any remaining payments or distributions will resume. For purposes of this Plan, the term “Specified Employee” has the meaning given such term in Code Section 409A and the final regulations thereunder, provided, however, that, as permitted in such final regulations, the Company's Specified Employees and its application of the six-month delay rule of Code Section 409A(a)(2)(B)(i) shall be determined in accordance with rules adopted by the Board or any committee of the Board, which shall be applied consistently with respect to all nonqualified deferred compensation arrangements of the Company, including this Plan.
- (e) If, pursuant to an Award, a Participant is entitled to a series of installment payments, such Participant's right to the series of installment payments shall be treated as a right to a series of separate

payments and not to a single payment. For purposes of the preceding sentence, the term “series of installment payments” has the meaning provided in Treas. Reg. Section 1.409A-2(b)(2)(iii) (or any successor thereto).

(f) The Company shall have the sole authority to make any accelerated distribution permissible under Treas. Reg. Section 1.409A-3(j)(4) to Participants of deferred amounts, provided that such distribution(s) meets the requirements of Treas. Reg. Section 1.409A-3(j)(4).

(g) Whenever an Award conditions a payment or benefit on the Participant's execution and non-revocation of a release of claims, such release must be executed and all revocation periods shall have expired within 60 days after the date of termination of the Participant's employment; failing which such payment or benefit shall be forfeited. If such payment or benefit is exempt from Section 409A of the Code, the Company may elect to make or commence payment at any time during such 60-day period. If such payment or benefit constitutes Non-Exempt Deferred Compensation, then, subject to subsection (d) above, (i) if such 60-day period begins and ends in a single calendar year, the Company may make or commence payment at any time during such period at its discretion, and (ii) if such 60-day period begins in one calendar year and ends in the next calendar year, the payment shall be made or commence during the second such calendar year (or any later date specified for such payment under the applicable Award), even if such signing and non-revocation of the release occur during the first such calendar year included within such 60-day period.

17.4. **WITHHOLDING.** The Company or any Affiliate shall have the authority and the right to deduct or withhold, or require a Participant to remit to the Company, an amount sufficient to satisfy federal, state, and local taxes (including the Participant's FICA obligation) required by law to be withheld with respect to any exercise, lapse of restriction or other taxable event arising as a result of the Plan. If Shares are surrendered to the Company to satisfy withholding obligations in excess of the minimum withholding obligation, such Shares must have been held by the Participant as fully vested shares for such period of time, if any, as necessary to avoid the recognition of an expense under generally accepted accounting principles. The Company shall have the authority to require a Participant to remit cash to the Company in lieu of the surrender of Shares for tax withholding obligations if the surrender of Shares in satisfaction of such withholding obligations would result in the Company's recognition of expense under generally accepted accounting principles. With respect to withholding required upon any taxable event under the Plan, the Committee may, at the time the Award is granted or thereafter, require or permit that any such withholding requirement be satisfied, in whole or in part, by withholding from the Award Shares having a Fair Market Value on the date of withholding equal to the minimum amount (and not any greater amount) required to be withheld for tax purposes, all in accordance with such procedures as the Committee establishes.

17.5. **NO RIGHT TO CONTINUED SERVICE.** Nothing in the Plan, any Award Certificate or any other document or statement made with respect to the Plan, shall interfere with or limit in any way the right of the Company or any Affiliate to terminate any Participant's employment or status as an officer, director or consultant at any time, nor confer upon any Participant any right to continue as an employee, officer, director or consultant of the Company or any Affiliate, whether for the duration of a Participant's Award or otherwise.

17.6. **UNFUNDED STATUS OF AWARDS.** The Plan is intended to be an “unfunded” plan for incentive and deferred compensation. With respect to any payments not yet made to a Participant pursuant to an Award, nothing contained in the Plan or any Award Certificate shall give the Participant any rights that are greater than those of a general creditor of the Company or any Affiliate. This Plan is not intended to be subject to ERISA.

17.7. **RELATIONSHIP TO OTHER BENEFITS.** No payment under the Plan shall be taken into account in determining any benefits under any pension, retirement, savings, profit sharing, group insurance, welfare or benefit plan of the Company or any Affiliate unless provided otherwise in such other plan.

17.8. **EXPENSES.** The expenses of administering the Plan shall be borne by the Company and its Affiliates.

17.9. **TITLES AND HEADINGS.** The titles and headings of the Sections in the Plan are for convenience of reference only, and in the event of any conflict, the text of the Plan, rather than such titles or headings, shall control.

17.10. **GENDER AND NUMBER.** Except where otherwise indicated by the context, any masculine term used herein also shall include the feminine; the plural shall include the singular and the singular shall include the plural.

17.11. **FRACTIONAL SHARES.** No fractional Shares shall be issued and the Committee shall determine, in its discretion, whether cash shall be given in lieu of fractional Shares or whether such fractional Shares shall be eliminated by rounding up or down.

17.12. **GOVERNMENT AND OTHER REGULATIONS.**

(a) Notwithstanding any other provision of the Plan, no Participant who acquires Shares pursuant to the Plan may, during any period of time that such Participant is an affiliate of the Company (within the meaning of the rules and regulations of the Securities and Exchange Commission under the 1933 Act), sell such Shares, unless such offer and sale is made (i) pursuant to an effective registration statement under the 1933 Act, which is current and includes the Shares to be sold, or (ii) pursuant to an appropriate exemption from the registration requirement of the 1933 Act, such as that set forth in Rule 144 promulgated under the 1933 Act.

(b) Notwithstanding any other provision of the Plan, if at any time the Committee shall determine that the registration, listing or qualification of the Shares covered by an Award upon any Exchange or under any foreign, federal, state or local law or practice, or the consent or approval of any governmental regulatory body, is necessary or desirable as a condition of, or in connection with, the granting of such Award or the purchase or receipt of Shares thereunder, no Shares may be purchased, delivered or received pursuant to such Award unless and until such registration, listing, qualification, consent or approval shall have been effected or obtained free of any condition not acceptable to the Committee. Any Participant receiving or purchasing Shares pursuant to an Award shall make such representations and agreements and furnish such information as the Committee may request to assure compliance with the foregoing or any other applicable legal requirements. The Company shall not be required to issue or deliver any certificate or certificates for Shares under the Plan prior to the Committee's determination that all related requirements have been fulfilled. The Company shall in no event be obligated to register any securities pursuant to the 1933 Act or applicable state or foreign law or to take any other action in order to cause the issuance and delivery of such certificates to comply with any such law, regulation or requirement.

17.13. **GOVERNING LAW.** To the extent not governed by federal law, the Plan and all Award Certificates shall be construed in accordance with and governed by the laws of the State of Delaware.

17.14. **ADDITIONAL PROVISIONS.** Each Award Certificate may contain such other terms and conditions as the Committee may determine; provided that such other terms and conditions are not inconsistent with the provisions of the Plan.

17.15. **NO LIMITATIONS ON RIGHTS OF COMPANY.** The grant of any Award shall not in any way affect the right or power of the Company to make adjustments, reclassification or changes in its capital or business structure or to merge, consolidate, dissolve, liquidate, sell or transfer all or any part of its business or assets. The Plan shall not restrict the authority of the Company, for proper corporate purposes, to draft or assume awards, other than under the Plan, to or with respect to any person. If the Committee so directs, the Company may issue or transfer Shares to an Affiliate, for such lawful consideration as the Committee may specify, upon the condition or understanding that the Affiliate will transfer such Shares to a Participant in accordance with the terms of an Award granted to such Participant and specified by the Committee pursuant to the provisions of the Plan.

17.16. INDEMNIFICATION. Each person who is or shall have been a member of the Committee, or of the Board, or an officer of the Company to whom authority was delegated in accordance with Article 4 shall be indemnified and held harmless by the Company against and from any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by him or her in connection with or resulting from any claim, action, suit, or proceeding to which he or she may be a party or in which he or she may be involved by reason of any action taken or failure to act under the Plan and against and from any and all amounts paid by him or her in settlement thereof, with the Company's approval, or paid by him or her in satisfaction of any judgment in any such action, suit, or proceeding against him or her, provided he or she shall give the Company an opportunity, at its own expense, to handle and defend the same before he or she undertakes to handle and defend it on his or her own behalf, unless such loss, cost, liability, or expense is a result of his or her own willful misconduct or except as expressly provided by statute. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's Certificate of Incorporation or Bylaws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.

17.17. SEVERABILITY. In the event that any provision of this Plan is found to be invalid or otherwise unenforceable under any applicable law, such invalidity or unenforceability will not be construed as rendering any other provisions contained herein as invalid or unenforceable, and all such other provisions will be given full force and effect to the same extent as though the invalid or unenforceable provision was not contained herein.
