**PROXY STATEMENT
ANNUAL MEETING OF SHAREHOLDERS
MAY 20, 2005**

The enclosed proxy appointment is solicited by and on behalf of the Board of Directors of Astec Industries, Inc. for use at its Annual Meeting of Shareholders to be held on May 20, 2005, and at any adjournments thereof. The appointment of proxy is revocable at any time prior to its exercise at the Annual Meeting by (i) written notice to the Secretary of the Company, (ii) properly submitting to the Company a duly executed proxy appointment bearing a later date, or (iii) attending the Annual Meeting and voting in person.

This Proxy Statement is being mailed by the Company to its shareholders on or about April 14, 2005. The Company's Annual Report to Shareholders for the fiscal year ended December 31, 2004, including financial statements, is being sent to the shareholders with this Proxy Statement.

Only holders of record of the Company's Common Stock as of the close of business on March 15, 2005 (the "Record Date") will be entitled to notice of, and to vote at, the Annual Meeting. As of the Record Date, there were 20,031,653 shares of Common Stock outstanding and entitled to be voted at the Annual Meeting. A shareholder is entitled to one vote for each share of Common Stock held.

ELECTION OF DIRECTORS

The Board of Directors of the Company is divided into three classes, with the term of office of each class ending in successive years. The terms of directors of Class I expire with this Annual Meeting. The directors of Class II and Class III will continue in office until the 2006 and 2007 annual meetings of shareholders, respectively. At the present time, there are three directors in Class I, three directors in Class II, and four directors in Class III. The shareholders are being asked to vote for the election of three directors to serve in Class I.

If the enclosed proxy appointment card is properly executed and returned, the persons appointed as proxies will vote the shares represented by the proxy appointment in favor of the election to the Board of Directors of each of the three Class I nominees whose names appear below, unless either authority to vote for any or all of the nominees is withheld or such appointment has previously been revoked. It is anticipated that management shareholders of the Company will grant authority to vote for the election of all the nominees. Each Class I director will be elected to hold office until the 2008 annual meeting of shareholders and thereafter until his successor has been elected and qualified. In the event that

any nominee is unable to serve (which is not anticipated), the persons appointed as proxies will cast votes for the remaining nominees and for such other persons as they may select.

A majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting, present or represented by proxy, constitutes a quorum. A quorum is necessary to conduct business at the Annual Meeting. You will be considered part of the quorum if you attend the Annual Meeting in person, vote via a toll-free telephone number, vote via the Internet or if you have voted by proxy. Abstentions, broker non-votes and votes withheld from director nominees count as "shares present" at the annual meeting for purposes of determining a quorum. Abstentions will have the same effect as negative votes on all matters but the election of directors, as to which they will not count in the voting results. Broker non-votes will not count in the voting results as to any matter, including the election of directors. A broker non-vote occurs when a broker or other nominee who holds shares for another does not vote on a particular item because the nominee does not have discretionary authority to vote on that item and has not received instructions from the owner of the shares.

The Board of Directors recommends that shareholders check "FOR" to vote for the election of all of the nominees. The affirmative vote of the holders of a plurality of the shares of Common Stock represented and entitled to vote at the Annual Meeting at which a quorum is present is required for the election of each of the nominees. Withholding authority to vote with respect to any one or more nominees will not constitute a vote either for or against such nominee(s).

Certain Information Concerning Nominees and Directors

The following table sets forth the names of the nominees and of the Company's current directors, their ages, the year in which they were first elected directors, their positions with the Company, their principal occupations and employers for at least the last five years, any other directorships held by them in companies that are subject to the reporting requirements of the Securities Exchange Act of 1934 or any company registered as an investment company under the Investment Company Act of 1940, the number of shares of the Company's Common Stock beneficially owned by them on March 15, 2005, and the percentage of the 20,031,653 total shares of Common Stock outstanding on such date that such beneficial ownership represents. Other Information about the Board and its Committees

Meetings

. During 2004, the Board of Directors held six meetings, and the Board's Committees held the meetings described below. Each incumbent director attended at least 75% of the aggregate of: (1) the total number of meetings of the Board of Directors held during the period for which he has been a director; and (2) the total number of meetings held by all committees of the Board on which he served during the periods that he served. The Board has determined that a majority of the directors will be independent as required by the National Association of Securities Dealers Marketplace Rules (the "Nasdaq Rules"). The Board has affirmatively determined by resolution that directors (or nominees) Casey, Frierson, Gehl, Green, Sansom and Moffat are independent within the meaning of the Nasdaq Rules. The Board has affirmatively determined by resolution that during fiscal 2005, the Company must have two or more regularly scheduled executive session meetings attended solely by these independent directors. The Board has also affirmatively determined by resolution that it encourages all members of the Board to attend each annual meeting of shareholders, particularly those directors who are up for election at any such meeting.

The independent members of the Board of Directors have selected Mr. Sansom as the Lead Independent Director. Among other duties, as Lead Independent Director, Mr. Sansom will preside over, coordinate and develop the agenda for executive sessions of the independent directors, and consult with the Chairman of the Board over Board and committee meeting agendas, Board meeting schedules and the flow of information to the Board.

Committees. During 2004, the Company's Board of Directors had an Executive Committee, an Audit Committee, a Compensation Committee, a Nominating and Corporate Governance Committee and a Technical Committee. Certain information regarding the Board's Committees is set forth below.

Executive Committee

. The Executive Committee is authorized to act on behalf of the Board of Directors on matters that may arise between regular meetings of the Board upon which the Board of Directors would be authorized to act. During 2004, the members of the Executive Committee were Dr. Brock (Chairman) and Messrs. Smith, Frierson and Guth. The Executive Committee did not meet during 2004, but took necessary actions during the year through consents by the Executive Committee. The current members of the Executive Committee are Dr. Brock (Chairman) and Messrs. Smith, Frierson and Guth.

Audit Committee

. The Audit Committee annually reviews and recommends to the Board the firm to be engaged as outside auditors for the next fiscal year, reviews with the outside auditors the plan and results of the auditing engagement, reviews the scope and results of the Company's procedures for internal auditing, and inquires as to the adequacy of the Company's internal accounting controls. In 2004, the members of the Audit Committee were Messrs. Sansom (Chairman), Gehl, Green, and Dunmire. During 2004, the Audit Committee held eight meetings. The current members of the Audit Committee are Messrs. Sansom (Chairman), Gehl, Green and Dunmire. Mr. Dunmire is not seeking reelection to the Board of Directors effective as of the date the Annual Meeting, and Mr. Casey will be appointed to the Audit Committee if he is elected to the Board of Directors at the Annual Meeting. All members of the Audit Committee are independent (as independence is defined in the Nasdaq Rules). The Board of Directors has adopted a written charter for the Audit Committee.

Compensation Committee

. The Compensation Committee is authorized to consider and recommend to the full Board the executive compensation policies of the Company and to administer the Company's stock option plans. In 2004, the members of the Compensation Committee were Messrs. Dunmire (Chairman), Gehl and Moffat, and during 2004, the Compensation Committee held two meetings. The current members of the Compensation Committee are Messrs. Dunmire (Chairman) Gehl and Moffat. Mr. Dunmire is not seeking reelection to the Board of Directors effective as of the date the Annual Meeting, and Mr. Casey will be appointed to the Compensation Committee if he is elected to the Board of Directors at the Annual Meeting. All members of the Compensation Committee are independent (as independence is defined in the Nasdaq Rules).

Nominating and Corporate Governance Committee.

The Nominating and Corporate Governance Committee (formerly known as the Nominating Committee) interviews, evaluates, nominates and recommends individuals for membership on the Company's Board and committees thereof, and is responsible for establishing corporate governance policies and principles to be applicable to the Company and periodically re-evaluating such policies and guidelines for the purpose of suggesting amendments to them if appropriate. During 2004, the members of the Nominating and Corporate Governance Committee were Messrs. Frierson (Chairman), Sansom and Moffat. During 2004, the Nominating and Corporate Governance Committee held two meetings. The current members of the Nominating and Corporate Governance Committee are Messrs. Frierson (Chairman) Sansom and Moffat. All members of the Nominating and Corporate Governance Committee are independent (as independence is defined in the Nasdaq Rules).

The Nominating and Corporate Governance Committee was formerly known as the Nominating Committee. In March 2004, the Board of Directors expanded the Committee's duties to include certain functions related to the corporate governance of the Company and, as a result, the Nominating Committee was renamed the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee acts under a written charter adopted by the Board of Directors. A copy of the Nominating and Corporate Governance Committee's charter is available on the Company's website at www.astecindustries.com.

The Nominating and Corporate Governance Committee will consider written recommendations from shareholders for Company nominees to the Board. A shareholder who wishes to recommend a person to the Committee for nomination by the Company must submit a written notice by mail to the Nominating and Corporate Governance Committee c/o the Corporate Secretary, Astec Industries, Inc. at 1725 Shepherd Road, Chattanooga, Tennessee 37421.

Such a written recommendation must be received no later than ninety (90) days in advance of the annual meeting of shareholders and should include (i) the candidate's name, business address and other contact information, (ii) a complete description of the candidate's qualifications, experience and background, as would be required to be disclosed in the proxy statement pursuant to Regulation 14A of the Securities Exchange Act of 1934, as amended, (iii) a signed statement by the candidate in which he or she consents to being named in the proxy statement as a nominee and to serve as a director if elected, (iv) a signed statement authorizing the Company to perform a background search on the candidate and (v) the name and address of the shareholder(s) of record making such a recommendation.

The Nominating and Corporate Governance Committee recommends nominees for election to the Board based on a number of qualifications, including but not limited to, independence, character and integrity, financial literacy, level of education and business experience, sufficient time to devote to the Board, and a commitment to represent the long-term interests of the Company's shareholders. There are no differences in the manner in which the Nominating and Corporate Governance Committee evaluates a candidate that is recommended for nomination for membership on the Company's Board by a shareholder. The Nominating and Corporate Governance Committee has not received any recommended nominations from any of the Company's shareholders in connection with the Annual Meeting.

The Nominating and Corporate Governance Committee identifies potential Company nominees for director through a variety of business contacts, including current executive officers, directors, community leaders and shareholders as a source for potential Board candidates. The Committee may, to the extent it deems appropriate, retain a professional search firm and other advisors to identify potential nominees for director.

The Nominating and Corporate Governance Committee evaluates candidates to the Board by reviewing their biographical information and qualifications. If the Nominating and Corporate Governance Committee determines that a candidate is qualified to serve on the Board, such candidate is interviewed by at least one member of the Nominating and Corporate Governance Committee and the Chief Executive Officer. Members of the Board also have an opportunity to interview qualified candidates. As described above, the Committee will also consider candidates recommended by shareholders. The Nominating and Corporate Governance Committee then determines, based on the background information and the information obtained in the interviews, whether to recommend to the Board that the Company nominate a candidate for approval by the shareholders to fill a directorship. With respect to an incumbent director whom the Nominating and Corporate Governance Committee is considering as a potential nominee for re-election, the Committee reviews and considers the incumbent director's service to the Company during his or her term, including the number of meetings attended, level of participation, and overall contribution to the Company in addition to such person's biographical information and qualifications.

In evaluating candidates to the Board, the Nominating and Corporate Governance Committee also takes into account the skill sets that are needed to balance and complement the skill sets of other candidates and members of the Board, and the skills and expertise of a candidate that facilitate the Company's compliance with the rules of the Securities and Exchange Commission and the National Association of Securities Dealers.

The Board is nominating three individuals for election as Directors. Of the three nominees, two are current Directors. Mr. Casey is standing for election by the shareholders for the first time. Mr. Moffat recommended to the Board Mr. Casey.

Pension Plan.

The Company formerly operated a defined benefit plan for the Barber-Greene shop, Barber-Greene office and Telsmith office employees. In December 1995, all assets in this plan were finally distributed to Transamerica, Inc. for the establishment of annuities for the benefit of its participants. At the time of this distribution, Mr. Stafford had nine and one-third years of credit under the plan and has an estimated annual benefit payable upon retirement of \$8,385.

Compensation of Directors.

The Company's non-employee directors received an annual fee of \$20,000 per year, plus \$1,000 for each Board meeting attended. Further, directors are paid \$500 per committee meeting attended, or \$300 if the committee meeting occurs on the day of a Board meeting. The Chairman of the Audit Committee is paid \$1,000 per Audit Committee meeting, or \$600 if the Audit Committee meeting occurs on the day of the Board meeting. The Company also reimburses the directors for travel and other out-of-pocket expenses incurred in connection with their duties as directors. Directors who are full-time employees of the Company receive no additional compensation for services as directors.

In accordance with the Company's Non-Employee Directors Stock Incentive Plan, the Company's non-employee directors may elect to receive their annual fee in the form of Common Stock, deferred stock or stock options. The number of shares of Common Stock subject to the grant will be determined by dividing the dollar value of the annual fee by the fair market value of the Common Stock on the grant date.

Non-employee directors may elect to defer the receipt of Common Stock received as payment of the annual retainer until the earlier of (i) his or her termination of service as a director, or (ii) another designated date at least three years after the date of such deferral election. If any dividends or other rights or distributions of any kind are distributed to stockholders prior to the non-employee director's receipt of his or her deferred shares, an amount equal to the cash value of such distribution will be credited to a deferred dividend account for the non-employee director. The deferred dividend account will provide the non-employee director with the right to receive additional shares of Common Stock having a fair market value as of the date of the distribution equal to the cash value of the distributions.

Non-employee directors may also elect to receive stock options in payment of the annual fee. If so elected, the Company will grant a non-employee director a number of stock options having an estimated fair market value equal to the amount of the annual fee. The actual number of stock options awarded is determined by a Black-Scholes formula set forth in the Non-Employee Directors Stock Incentive Plan. The options will be fully exercisable on the date of grant, and will have an exercise price equal to the fair market value of the Common Stock on the date of grant.

Compensation Committee Interlocks and Insider Participation.

In 2004, the members of the Company's Compensation Committee were Messrs. Dunmire (Chairman), Gehl, and Moffat, none of which served as an officer or employee of the Company during the 2004 fiscal year, or at any other time. The current members of the Compensation Committee are Messrs. Dunmire (Chairman), Gehl and Moffat. Mr. Dunmire is not seeking reelection to the Board of Directors effective as of the date the Annual Meeting, and Mr. Casey will be appointed to the Compensation Committee if he is elected to the Board of Directors at the Annual Meeting. During the 2004 fiscal year, none of the members of the Compensation Committee had any relationship with the Company requiring disclosure under Item 404 of Regulation S-K, and none of our executive officers served on the compensation committee (or equivalent), or the board of directors, of another entity whose executive officer(s) served on our Board of Directors or our Compensation Committee.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Benjamin G. Brock has served as the Vice President of Sales for Astec, Inc., a wholly-owned subsidiary of the Company, since January, 2003 with compensation at market rates in excess of \$60,000 per year. Mr. Brock is Dr. Don Brock's son.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Decisions and recommendations regarding the compensation of the Company's executive officers are made by the Compensation Committee of the Board of Directors, which during 2004 was comprised of Messrs. Dunmire, Gehl and Moffat. Set forth below is a report of the members of the Compensation Committee during 2004 concerning the Company's compensation policies for 2004. The following report is not subject to incorporation by reference in any filings made by the Company with the Securities and Exchange Commission under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

Overview and Philosophy

We, as a committee of the Board of Directors, are composed entirely of outside directors and are responsible for making recommendations to the Board with respect to the Company's executive compensation policies. In addition, pursuant to authority delegated by the Board, we recommend the compensation to be paid to the Company's executive officers.

Our objectives regarding the Company's executive compensation program are to:

- approve compensation policies and guidelines that will attract and retain qualified personnel and reward performance; and
- encourage the achievement of Company performance by utilizing a performance-based bonus plan.

In our view, the Company's executive compensation program provides an overall level of compensation opportunity that is competitive within the construction equipment manufacturing industry, as well as with a broader group of companies of comparable size and complexity. Actual compensation levels may be greater or less than average competitive levels in similar companies based upon annual and long-term Company performance, as well as individual performance. We use our discretion when recommending executive compensation where in our judgment external, internal or an individual's circumstances so warrant.

Executive Officer Compensation Program

The Company's executive officer compensation program is comprised of base salary, annual cash performance-based bonus plan compensation, contributions to the Supplemental Executive Retirement Plan, long-term incentive compensation in the form of stock options and various benefits, including medical and 401(k) plans generally available to all employees of the Company. The Company does not have a policy that requires or encourages the Board to limit executive compensation to that deductible under Section 162(m) of the Internal Revenue Code. The Board considers various alternatives for preserving the deductibility of compensation payments and benefits to the extent necessary and to the extent consistent with its other compensation objectives.

Base Salary

We determine the base salary for the Company's executive officers based on the individual's performance, experience and contributions to the Company. We then periodically review each executive officer's base salary.

Annual Cash Incentive Compensation

The Performance Rating Management Bonus Plan is the Company's annual incentive program for executive officers and key managers of the Company's subsidiaries, and all non-union employees. The purpose of the plan is to provide direct financial incentive in the form of an annual cash bonus to those who achieve at least a minimum amount of their business units' annual goals. Budgeted goals for the Company and each business unit are set at the beginning of each fiscal year. Goals are set for the following measures of Company performance: return on capital employed, cash flow on capital employed and safety. Each year the relative values of these measures may be adjusted based on the circumstances and goals defined. Individual performance may also be taken into account in determining bonuses, but no bonus is paid unless the above criteria have been achieved. For 2004, to receive a score of 100%, the return on capital employed and cash flow on capital employed goals were returns of 14%, after tax. The safety goal was no more than eleven incidents per 200,000 man-hours to receive a 100% score. These same goals remain for 2005 performance. The resulting performance score is applied to ten percent of earnings by subsidiary after consideration of income taxes. The performance rating earned may vary from 1% to 100% of the 10%. Executives are eligible to receive an annual bonus of up to 50% of their annual base salary. In addition, the Executive Officer Annual Bonus Equity Election Plan offers the executive officers the option to receive up to 100% of their bonus in Common Stock or stock options.

Stock Options

The stock option program is the Company's long-term incentive plan for executive officers and key managers. The objectives of the program are to relate executive and shareholder long-term interests by creating a strong and direct link between executive pay and shareholder return, and to enable executives to develop and maintain a long-term stock position in the Company's Common Stock. The Company's stock option plans authorize us to award key personnel stock options and stock appreciation rights. Awards are granted at our discretion based on Company performance, individual performance and the employee's position with the Company.

Chief Executive Officer Compensation

Dr. Brock has served as President of the Company since he founded it in 1972.

Our basis for determining the compensation of Dr. Brock during the fiscal year ended December 31, 2004, was based on the compensation philosophy discussed above. Dr. Brock participated in the same executive compensation plans available to the other executive officers. For the fiscal year ending December 31, 2004, Dr. Brock's base salary was originally set at \$350,000. Effective, August 1, 2004, we increased Dr. Brock's salary to \$450,000, its level prior to the 2003 salary reduction. The compensation level established for Dr. Brock was in response to our and the Board's assessments of the Company's performance and accomplishments in fiscal year 2004, as well as the position of Dr. Brock in the Company and the nature of his responsibilities and contributions. We considered the performance of Dr. Brock in terms of the Company's performance in meeting its targets, from both an operational and a financial standpoint, and in executing its strategic plan. We also considered the Company's performance relative to its peers and competitors in the industry in evaluating the compensation payable to Dr. Brock. In summary, we find Dr. Brock's total compensation in the aggregate to be reasonable and not excessive.

REPORT OF THE AUDIT COMMITTEE

Decisions and recommendations regarding the financial reporting procedures of the Company are made by the Audit Committee of the Board of Directors, which during 2004 was comprised of Messrs. Dunmire, Gehl, Green, and Sansom. The following report is not subject to incorporation by reference in any filings made by the Company with the Securities and Exchange Commission under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

We, as a committee of the Board of Directors, oversee the Company's financial reporting process on behalf of the Board of Directors. We operate under a written charter adopted by the Board of Directors on March 13, 2000, and amended and restated on each of October 24, 2002 and March 11, 2004. This report reviews the actions we have taken with regard to the Company's financial reporting process during 2004 and the Company's audited consolidated financial statements as of December 31, 2004 included in the Company's Annual Report on Form 10-K.

In March 2004, the Board designated us to also serve as the Company's Qualified Legal Compliance Committee ("QLCC") in accordance with SEC rules and regulations. In our capacity as the QLCC, we are responsible for handling reports of a material violation of the securities laws or a breach of a fiduciary duty by the Company, its officers, directors, employees, or agents. In our capacity as the QLCC, we have the authority and responsibility to inform the Company's Chief Executive Officer of any violations. We can determine whether an investigation is necessary and can take appropriate action to address these reports. If an investigation is deemed necessary or

appropriate, we have the authority to notify the Board, initiate an investigation and retain outside experts.

We are composed solely of independent directors, as that term is defined in Rule 4200(a)(15) by the Nasdaq Rules, and as independence for audit committee members is defined in the Nasdaq Rules. None of the committee members is or has been an officer or employee of the Company or any of its subsidiaries or has engaged in any business transaction or has any business or family relationship with the Company or any of its subsidiaries or affiliates. Our Chairman, Mr. Sansom, has been designated by the Board as our financial expert. Mr. Sansom is independent of management, as such term is used in item 7(d)(3)(iv) of Schedule 14A under the Securities Exchange Act of 1934, as amended.

The Company's management has the primary responsibility for the Company's financial statements and reporting process, including the systems of internal controls. The Company's outside auditors are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and issuing a report thereon. Our responsibility is to monitor and oversee these processes and to recommend annually to the Board of Directors the accountants to serve as the Company's outside auditors for the coming year.

We have implemented procedures to ensure that during the course of each fiscal year it devotes the attention that it deems necessary or appropriate to fulfill its oversight responsibilities under our charter. To carry out our responsibilities, we met eight times during 2004.

In fulfilling our oversight responsibilities, we reviewed with management the audited financial statements to be included in the Company's Annual Report on Form 10-K for 2004, including a discussion of the quality (rather than just the acceptability) of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

On September 10, 2004, Ernst & Young LLP resigned as the independent registered public accounting firm for the Company effective as of such date. The resignation was the sole decision of Ernst & Young LLP. We did not seek out, recommend or approve the resignation, but we did accept such resignation from Ernst & Young LLP. We then engaged Grant Thornton LLP as the Company's new independent registered public accounting firm effective September 10, 2004.

We reviewed with each of the Company's outside auditors during 2004, Ernst & Young LLP and Grant Thornton LLP, as to their judgments about the quality (rather than just the acceptability) of the Company's accounting principles and such other matters as are required to be discussed with us under Statement on Auditing Standards No. 61, Communication with Audit Committees, with respect to the time such auditor was performing services for the Company. In addition, we discussed with Ernst & Young LLP and Grant Thornton LLP their independence from management and the Company, including the matters in the written disclosures required of Ernst & Young LLP and Grant Thornton LLP by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, with respect to the time such auditor was performing services for the Company. We also considered whether the provision of services during 2004 by Ernst & Young LLP and Grant Thornton LLP that were unrelated to their audit of the financial statements referred to above and to their reviews of the Company's interim financial statements during 2004 was compatible with maintaining Ernst & Young LLP and Grant Thornton LLP's independence with respect to the time such auditor was performing services for the Company.

Additionally, we discussed with the Company's internal and independent auditors the overall scope and plan for their respective audits. We met with the outside auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, we recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for 2004 for filing with the Securities and Exchange Commission.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors, executive officers and persons who own beneficially more than 10% of the Company's Common Stock to file reports of ownership and changes in ownership of such stock with the Securities and Exchange Commission, and to furnish the Company with copies of all Section 16(a) forms they file.

In addition, Item 405 of Regulation S-K requires the Company to identify in this Proxy Statement any person that may have failed to file a Section 16(a) form in a timely manner. Based solely upon information provided to the Company by each such person, the Company believes that its directors, executive officers and greater than 10% shareholders complied during fiscal 2004 with all applicable Section 16(a) filing requirements, except for Thomas Campbell. Messr. Campbell failed to timely file a Form 4 to report two dispositions of Common Stock on August 30, 2004, one disposition of Common Stock on August 31, 2004 and one disposition of Common Stock on September 1, 2004. A Form 5 for Messr. Campbell reflecting the above transactions has now been filed.

AUDIT MATTERS

Change in Independent Public Accountants

Ernst & Young LLP served as the Company's auditors until September 10, 2004 on which date Ernst & Young LLP resigned as the independent registered public accounting firm for the Company effective as of such date. The resignation was the sole decision of Ernst & Young LLP and was not sought, recommended or approved by the Audit Committee, but the resignation was accepted by the Audit Committee. The reports of Ernst & Young LLP on the Company's consolidated financial statements for the fiscal years ended December 31, 2003 and 2002 did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. During the fiscal years ended December 31, 2003 and 2002, and the subsequent interim period from January 1, 2004 through September 10, 2004, the Company had no disagreements with Ernst & Young LLP on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Ernst & Young LLP, would have caused Ernst & Young LLP to make reference to the subject matter of the disagreements in connection with its report on the consolidated financial statements for such periods.

Edgar Filing: ASTEC INDUSTRIES INC - Form DEF 14A

On September 10, 2004, the Audit Committee engaged Grant Thornton LLP as the Company's new independent registered public accounting firm effective as of such date. Grant Thornton LLP served as the Company's auditors from September 10, 2004 until December 31, 2004, and Grant Thornton LLP is serving as auditors for the Company for the current calendar year. During the Company's fiscal years ended December 31, 2003 and 2002, and the subsequent interim period from January 1, 2004 through September 10, 2004, the Company did not consult Grant Thornton LLP regarding the application of accounting principles to a specific completed or contemplated transaction, or the type of audit opinion that might be rendered on the Company's financial statements nor did the Company consult Grant Thornton LLP regarding any matter that was the subject of a disagreement (as defined in Regulation S-K Item 304(a)(1)(iv)) or a reportable event.

During the fiscal years ended December 31, 2003 and 2002 and from January 1, 2004 through September 10, 2004, there were no reportable events (as defined in Regulation S-K Item 304(a)(1)(v)).

Representatives of Grant Thornton LLP are expected to be present at the Annual Meeting and will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Since October 24, 2002, the Company's Audit Committee has approved all fees for audit and non-audit services of the Company's independent auditor prior to engagement. It is the policy of the Audit Committee, as set forth in the Audit Committee Charter, to pre-approve, to the extent required by applicable law, all audit and non-audit services provided to the Company by its independent auditors. In accordance with applicable law, the Audit Committee may delegate to one or more designated members of the Audit Committee the authority to grant the required pre-approvals, provided that the decisions of any member(s) to whom such authority is delegated to pre-approve an activity shall be presented to the full Audit Committee at its next regularly scheduled meeting. The Audit Committee has delegated to each of its members the authority to grant the required pre-approvals for any engagement that does not exceed twenty-five thousand dollars (\$25,000).

Audit Committee Review

The Company's Audit Committee has reviewed the services rendered and the fees billed by Ernst & Young LLP and Grant Thornton LLP for the fiscal year ended December 31, 2004. The Audit Committee has determined that the services rendered and the fees billed last year that were not related to the audit of the Company's financial statements are compatible with the independence of Ernst & Young LLP and Grant Thornton LLP as the Company's independent accountants.
