The Administrative Committee
Publix Super Markets, Inc.
401(k) SMART Plan:

We have audited the accompanying statements of net assets available for plan benefits of Publix Super Markets, Inc. 401(k) SMART Plan (the "Plan") as of December 31, 2005 and 2004, and the related statements of changes in net assets available for plan benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Edgar Filing: PUBLIX SUPER MARKETS INC - Form 11-K/A

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Plan as of December 31, 2005 and 2004, and the changes in net assets available for plan benefits for the years then ended in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule, Schedule H, Line 4i, Schedule of Assets (Held at End of Year) as of December 31, 2005, is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

PUBLIX SUPER MARKETS, INC. 401(k) SMART PLAN

Notes to Financial Statements

December 31, 2005 and 2004

(1) Description of Plan and Summary of Accounting Policies

The following brief description of the Publix Super Markets, Inc. 401(k) SMART Plan (the "Plan") provides only general information. Participants should refer to the Plan document or the summary plan description for a complete description of the Plan provisions.

The Plan, which became effective January 1, 1995, is a voluntary defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was amended on March 17, 2004, July 30, 2004, December 8, 2004, July 1, 2005 and November 9, 2005, to reflect certain additions and changes to various Plan provisions.

Employees of Publix Super Markets, Inc. and its wholly owned subsidiaries, Publix Alabama, LLC and Publix Asset Management Company (the "Company" or "Publix") are eligible to participate in the Plan six months after their hire date, if they are at least 18 years of age. The Plan year is a calendar year.

(a) Contributions

Eligible employees may contribute up to 10% of their annual eligible compensation, subject to the maximum contribution limits established by Federal law. Participants direct the investment allocations of their contributions and the earnings thereon among twelve investment fund options offered under the

Edgar Filing: PUBLIX SUPER MARKETS INC - Form 11-K/A

Plan. The Company may make a discretionary annual matching contribution to the Accounts of eligible participants of the Plan as determined by the Company's Board of Directors. During 2005 and 2004, the Company's Board of Directors approved a match of 50% of eligible contributions up to 3% of eligible wages, not to exceed a maximum match of \$750 per employee. The match, which is determined as of the last day of the Plan year and funded by the Company in the subsequent Plan year, was in the form of common stock of Publix Super Markets, Inc. Participants may direct the investment allocations of their matching contributions and the earnings thereon by requesting a transfer from the Publix Stock Fund to any of the other investment fund options offered under the Plan. The Plan Administrator processes transfer requests on the next valuation effective date for the common stock of Publix Super Markets, Inc.

(b) Participant Accounts

Two separate accounts are maintained for each participant, a Savings Contribution Account and a Matching Contribution Account (the "Accounts"). Plan earnings are allocated and credited to the Accounts as of each valuation date. Each participant's share of earnings is determined by the Plan Administrator, on a weighted average basis, so that each participant receives a pro-rata share. Forfeitures of non-vested Company contributions by separated or former participants and of Accounts of separated or former participants or beneficiaries that cannot be located after two years are used to reduce future Company matching contributions. Forfeitures, and earnings thereon, totaled \$82,813 and \$79,566 for the years ended December 31, 2005 and 2004, respectively, and were used to reduce Company matching contributions in both years.

Notes to Financial Statements

December 31, 2005 and 2004

(c) Vesting

Participants are immediately vested in their contributions and earnings thereon. Company matching contributions and earnings thereon are 100% vested upon completing three years of credited service, reaching age 60, total disability or death. Matching contributions cannot be withdrawn or distributed until vested.

(d) Loans to Participants

All actively employed Plan participants with available account balances may apply for a loan from their Accounts. The minimum amount a participant may borrow is \$1,000. The maximum amount

Edgar Filing: PUBLIX SUPER MARKETS INC - Form 11-K/A

that a participant may borrow is the lesser of: 1) 50% of the balances in the participant's Savings Contribution Account and vested Matching Contribution Account; or 2) \$50,000, less the participant's highest outstanding loan balance during the previous twelve month period. However, any money held by the participant in the Publix stock component of the Publix Stock Fund cannot be borrowed. Participants may initiate one loan each year and may only have one outstanding loan at a time. All legal and administrative costs incurred as a result of a loan are paid by the participant. The interest rate is determined by State Street Bank and Trust Company as of the first day of each calendar quarter based on the United States prime interest rate as published in the Wall Street Journal. The interest rate on a loan is fixed for the term of the loan.

A participant can choose repayment terms of up to five years. Repayment of principal and interest are made through after-tax payroll deductions each pay period. Repayment of principal and interest are credited pro-rata to the participant's Savings Contribution Account and Matching Contribution Account from which the loan was originally funded and reinvested according to the participant's current investment elections. Upon separation of employment, all unpaid principal and accrued interest on any loan outstanding is immediately due and payable. Participants may repay a loan in total at any time after the loan has been in effect for at least 90 days and participants must wait 30 days between paying off one loan and initiating a new loan.

(e) Termination of Plan

The Company expects to continue the Plan indefinitely, but is not contractually obligated to do so. The Company reserves the right to discontinue its contributions at any time and the right to amend or discontinue the Plan at any time. If the Plan is ever terminated, participants will be fully vested in all amounts credited to their Matching Contribution Account.

(f) Distribution of Benefits

Benefits are recorded when paid.

Upon reaching age 59 1/2, a participant who is actively employed by the Company may elect to withdraw all or a portion of his/her Savings Contribution Account and the vested portion of his/her Matching Contribution Account.

A participant who reaches age 70 1/2 and who is actively employed by the Company may elect to begin receiving a distribution of benefits on or before April 1st of the calendar year following the year in which the participant reaches age 70 1/2.

(Continued)

Edgar Filing: PUBLIX SUPER MARKETS INC - Form 11-K/A

Upon separation of service, retirement, disability or death, participants or their beneficiaries may elect to receive full distribution of their Savings Contribution Account and their vested Matching Contribution Account as of the valuation date immediately preceding the date of distribution, subject to certain restrictions on the sale of Publix stock. If the value of the participant's vested Accounts was \$5,000 or less prior to March 28, 2005, or is \$1,000 or less, on or after March 28, 2005, the participant will receive an automatic distribution from the Plan no later than 60 days after the end of the Plan year in which the participant separates from employment. If the value of the participant's Savings Contribution Account and vested Matching Contribution Account exceeded \$5,000 prior to March 28, 2005, or exceeds \$1,000 on or after March 28, 2005, and the participant is not 62 years of age or older, the participant may elect to defer distribution. Payment of a deferred distribution must be made to a participant no later than 60 days after the end of the Plan year in which the participant reaches age 62.

If a deceased participant's Savings Contribution Account and vested Matching Contribution Account exceeded \$5,000 prior to March 28, 2005, or exceeds \$1,000 on or after March 28, 2005, distribution must be made to a participant's beneficiary other than a surviving spouse by December 31 of the calendar year containing the fifth anniversary of the participant's death. If the beneficiary is the participant's surviving spouse, such beneficiary may defer distribution until December 31 of the calendar year in which the participant would have reached age 70 1/2 or by December 31 of the calendar year immediately following the calendar year in which the participant died, whichever is later.

(g) Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

(h) Investments

The market value of Publix Super Markets, Inc. common stock is based upon quarterly appraisals prepared by an independent appraiser. The fair value of other investments is determined based upon quoted market prices. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date.

Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and schedule of the Plan.

(i) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan to make estimates and assumptions that

Edgar Filing: PUBLIX SUPER MARKETS INC - Form 11-K/A

affect the reported amounts of net assets available for plan benefits and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of changes in net assets available for plan benefits during the reporting period. Actual results could differ from those estimates.

Citigroup Asset Management serves as the asset management arm of Citigroup Inc. and provides investment management services through various affiliated entities, which included Smith Barney Fund Management LLC. As such, the Plan's design is exempt from Federal income taxes under Code Section 501(a). Though the Plan has been amended since July 1, 2001, the Plan Administrator believes the Plan continues to be qualified and the Plan has been and is currently being operated in compliance with the applicable requirements of the Code and the Plan document.
