PART I

ITEM 1. BUSINESS

GENERAL DEVELOPMENT

The Topps Company, Inc. was incorporated in Delaware on February 24, 1987. The Company is the successor to Topps Chewing Gum, Inc., which was established as a partnership in 1938 and was incorporated under the laws of New York in 1947. All references in this Annual Report on Form 10-K to "Topps" or the "Company" are to The Topps Company, Inc. and its subsidiaries.

There are two principle segments of the business, Confectionery and Entertainment. In the Confectionery segment, Topps markets premium confectionery brands including lollipops such as Push Pop, Baby Bottle Pop and Juicy Drop Pop, Bazooka brand bubble gum and certain licensed candy items. The Company also manufactures and markets Ring Pop lollipops. In the Entertainment segment, the Company markets branded products including trading cards and sticker album collections featuring professional athletes and popular television, movie and other licensed characters. The Company also markets branded collectible strategy games.

In 1995, the Company acquired Merlin Publishing International Limited ("Merlin"), a U.K.-based marketer of licensed collectibles, primarily sticker album collections. While continuing to market products under the Merlin brand, Topps changed its corporate name to Topps Europe Ltd. ("Topps Europe") in March 1997. In July 2003, Topps acquired Wizkids, LLC ("WizKids"), a designer and marketer of collectible strategy games.

Headquartered in New York, N.Y., Topps also has offices in Pennsylvania, Delaware, the State of Washington, Canada, the U.K., Ireland, Italy and Argentina, and distributes its products in many countries around the world.

PRODUCTS

Confectionery -----

The Company markets premium-quality lollipop brands and other non-chocolate confectionery products in the United States, Canada, Europe and parts of Asia, Latin America, New Zealand and Australia. Branded lollipops include Ring Pop (candy molded into the form of an exaggerated precious gem stone and anchored to a plastic ring), Push Pop (a cylinder-shaped lollipop packaged in a plastic container with a removable cap, designed to enable consumers to eat a portion of

Edgar Filing: TOPPS CO INC - Form 10-K

the pop and save the rest for later), Baby Bottle Pop (a miniature baby bottle filled with powder, candy juice, or crunchy candies and topped with a candy nipple) and Juicy Drop Pop (a lollipop in a plastic case which also contains candy juice to be squirted onto the pop for boosting its flavor).

=====
Trademarks of The Topps Company, Inc. and subsidiaries appearing in this report: Baby Bottle Pop, Bazooka, Bazooka Joe, Bowman, etopps, Garbage Pail Kids, Heroclix, Juicy Drop Pop, Mage Knight, Mars Attacks, MechWarrior, Merlin, Push Pop, Ring Pop, thePit.com, Topps, Topps Chrome, Topps Finest, Topps Heritage, Topps Pristine, Wacky Packages and WizKids.

Unless otherwise indicated, all date references refer to fiscal years.

The Company also markets Bazooka brand bubble gum originally introduced in 1947. Traditional chunk Bazooka bubble gum is produced in individually-wrapped rectangular pieces in a variety of flavors and sold generally at a suggested retail price of five cents a piece. Individual pieces of Bazooka brand bubble gum include a comic featuring Bazooka Joe, a copyrighted cartoon character, which celebrated its fiftieth anniversary in 2003. In addition to individual pieces, the Company sells multiple-piece packs of Bazooka (regular and sugarless) which are designed for distribution across all major trade channels.

Licensed confectionery products include containers replicating the Pokemon ball with candy and a decorated Pokemon figure inside. Sales of Pokemon confectionery products began in fiscal 2000 and continue today, though at lesser volumes. In 2003, the Company introduced Yu-Gi-Oh! lollipops and containers.

In the U.S., the Company's confectionery focus is on providing children with compelling high-quality products, expanding product availability (distribution points and in-store location) and advertising on children's television. Over the last few years, the Company has experienced solid progress in terms of its U.S. retail distribution and brand and advertising awareness. Going forward, the Company believes that distribution, advertising, and new products represent viable sources of growth and is directing its focus accordingly. Overseas, the primary emphasis is on delivering innovative products to the marketplace and securing new listings in key retailers. Over the last couple of years, confectionery distribution in Europe has been expanded to include Norgen Gruppen and Narvisson in Norway; ICA and Co-op in Sweden; Internarche in France; Coop, Kiosk, and Volg in Switzerland; and Inex in Finland.

Entertainment

The Entertainment segment consists of publishing products in the form of trading cards and sticker album collections featuring sports and non-sports licenses and strategy games created by WizKids, acquired by Topps in July 2003.

In the U.S. and Canada, publishing products are generally sold in the form of cards, while in the rest of the world, publishing products are typically sold in the form of sticker album collections. The Company markets cards in various size packages for distribution through a variety of trade channels. Sticker album products are designed so that stickers, which are sold in packages, can be placed in an associated album that contains detailed information on the subject.

Sports card and sticker album products contain photographs of athletes as well as other features, including player and team statistics, biographical

Edgar Filing: TOPPS CO INC - Form 10-K

material and, in certain cases, pieces of memorabilia and/or players' autographs. Sports card products have historically featured professional sports figures from Major League Baseball, NFL Football, NBA Basketball and NHL Hockey, while sports sticker album products have featured athletes from English Premier League Football (soccer). The Company did not produce any NHL Hockey products for the most recent season which was cancelled due to labor/management issues. Additionally, in fiscal 2005 the Company sold sticker album products associated with the European Football Championship which occurs every four years. The Company also markets bubble gum with mini stickers and albums featuring Italy's professional soccer league (Calcio).

The Company distributes sports card products in North America under brand names including, but not limited to, Topps, Topps Heritage, Topps Finest, Topps Chrome, Topps Pristine and Bowman. The Company attempts to ensure that each brand of sports cards has its own unique positioning in the marketplace. For example, Topps Heritage, a retro brand with bubble gum in every pack, addresses a perceived consumer demand for nostalgia-based products and capitalizes on Topps' heritage and history in the sports collectible industry. Internationally, the Company distributes sticker album collections under the Merlin and Topps brands.

The Company has also marketed non-sports trading cards and sticker album products since the 1950's, featuring some of the dominant entertainment properties of all time, including The Beatles, Elvis Presley, Star Wars, Michael Jackson, E.T.: The Extra-Terrestrial, Indiana Jones, Batman, Teenage Mutant Ninja Turtles, Jurassic Park, Pokemon and Yu-Gi-Oh!. From time to time, the Company has also sold cards and stickers featuring self-created entertainment properties such as Wacky Packages, Garbage Pail Kids and Mars Attacks. During the fiscal 2000 to 2003 period, the Company distributed Pokemon products in over 44 countries and 25 languages.

In fiscal 2005, the Company marketed non-sports trading card and sticker album products featuring licenses including Star Wars, Lord of the Rings, Hamtaro, Barbie, Yu-Gi-Oh! (sticker albums only), SpongeBob SquarePants and Pokemon. The Company also reintroduced new editions of Garbage Pail Kids and Wacky Packages stickers during the year. Entertainment cards and sticker album collections have experienced peaks and valleys of consumer interest, a fact which has prompted the Company to be highly selective in determining which entertainment licenses to pursue.

Card and sticker album collections are prepared with care and often use special technologies and reproduction techniques. Cards may include features such as foil stamping, film lamination, autographs and/or small pieces of memorabilia. The Company continuously strives to update the features of its cards and sticker album collections and seeks new ideas and printing technologies. Suggested retail prices for cards generally range from \$0.99 to \$7.00 per pack, while overseas sticker pack prices are generally the equivalent of approximately fifty cents. The Company also sells certain sports products in pack configurations at prices exceeding \$30 per pack and in box configurations that are offered to consumers at variety of suggested retail price points.

In October 2001, the Company launched etopps, a trading card brand sold exclusively on the Internet at www.etopps.com. Each week on the etopps website, a limited number of cards featuring distinguished athletes, current events, and other features are offered for sale. In April 2004, additional features were added to the etopps website enabling card holders to play a variety of fantasy-style games and to trade their etopps cards more easily. The Company also markets memorabilia over the Internet through ToppsVault.com and makes a market in certain sports cards via thePit.com.

Edgar Filing: TOPPS CO INC - Form 10-K

In July 2003, the Company acquired WizKids for a cash purchase price of approximately \$28.4 million. Headquartered in Bellevue, Washington, WizKids is a designer and marketer of collectible and constructible strategy games. Some games are played with miniature figurines on bases containing game-specific information. Core products are sold under the MechWarrior, Mage Knight and HeroClix brand names and are marketed primarily through the hobby channel. In 2005, WizKids broadened its product line to include constructible strategy games, introducing products under the Pirates and Football Flix names.

For a schedule of net sales by key business segment for the past three fiscal years, see "Management's Discussion and Analysis of Financial Condition and Results of Operations" on page 7 of the Company's Annual Report to Stockholders for the year ended February 26, 2005 (the "Annual Report"), which is hereby incorporated by reference.

DISTRIBUTION AND MARKETING

Sales and Distribution

In the U.S. and Canada, internal and field sales employees handle sales of Confectionery products to national accounts. Confectionery sales to other channels are handled by broker organizations managed by Topps employees. In fiscal 2005, Topps consolidated much of its broker network, joining forces with a strong national organization which will provide greater retail coverage and increased focus, particularly on the convenience channel. Topps Confectionery products reach tens of thousands of retail outlets including supermarkets, drugstores, convenience stores, mass merchandisers, warehouse clubs, dollar stores, video outlets and other specialty accounts. The Company's employees also handle U.S. sales of entertainment card products to hobby stores, hobby distributors, national accounts and category managers who service major retail outlets.

In most of Europe, as well as in Latin America, Japan and Australia, sales are generated primarily through distributors serviced by Topps employees. In the U.K., sales of both Confectionery and Entertainment products are handled by a dedicated field sales force augmented by wholesalers selling to independent retailers. Together, the sales force and wholesalers reach approximately 30,000 retail news and confectionery outlets.

WizKids' products have traditionally been sold primarily to gaming stores via distributors. Topps' sales force is also assisting WizKids in reaching mass retailers in the U.S. and Europe. WizKids uses a network of 3,500 volunteers to run approximately 10,000 in-store tournaments a month for its customers.

Advertising and Promotion

The Company utilizes a variety of marketing techniques, including television, radio and print advertising campaigns, sweepstakes, on-line ads and promotions designed to create consumer awareness and stimulate retail sales of its products. Advertising and marketing expenses (which encompass media spending, consumer promotions and research) included in selling, general and administrative expenses amounted to \$23,336,000 in fiscal 2005, \$23,820,000 in fiscal 2004 and \$20,145,000 in fiscal 2003.

Approximately 74% of the Company's fiscal 2005 sales, 75% of fiscal 2004 sales, and 80% of fiscal 2003 sales were made on a returnable basis. Reductions

Edgar Filing: TOPPS CO INC - Form 10-K

in the percentage starting in fiscal 2004 are due to the acquisition of WizKids, whose sales historically have been largely not returnable. As WizKids begins to sell more products to the mass market channel, its return rates will likely increase. Industry practice requires that the Company provide the right to return on sales of trading card products (excluding those to certain channels of distribution), on confectionery products and on sales of most sticker album products. Consolidated net return provisions as a percentage of gross sales for the fiscal years ended 2005, 2004 and 2003 were 6.5%, 5.1%, and 6.7%, respectively. Returns significantly in excess of the Company's returns reserve could have a material adverse effect on the Company.

PRODUCTION

Confectionery

Ring Pop lollipops for sale in North America are manufactured at the Company's Scranton, Pennsylvania factory. Raw materials required for the manufacture of these products are generally available to the Company. Ring Pop lollipops for sale in international markets as well as all Push Pops, Baby Bottle Pops, Juicy Drop Pops and many of the Company's other lollipop products are manufactured by a single independent supplier in factories located in Taiwan, Thailand and China. The loss of production at one or more of these facilities due to civil unrest or for any other reason could have a material adverse effect on the Company until the Company could make other arrangements.

Bazooka bubble gum is produced for Topps by the Hershey Foods Corporation ("Hershey") under a contract that is renewable annually for a five-year term. This contract contains a number of conditions and requires the Company to source certain of its U.S. Bazooka production needs from Hershey, provided Hershey can fulfill the orders on a timely basis and can meet Topps' quality specifications. Failure by Hershey to supply the Company with quality product on a timely basis could have a material adverse effect on sales of Bazooka until the Company could make other arrangements.

Entertainment

In the U.S., photographs of athletes are generally taken by free-lance photographers on special assignment with the Company. In addition, certain photography is provided by the organizations representing the leagues and their member teams. Pictures of non-sports entertainment subjects are generally furnished by the respective licensor or created by artists retained by the Company. Computerized graphic artwork and design development for all of the Company's products is done by staff artists and through independent design agencies under the Company's direction. The Company's Graphic Services Department also utilizes computerized technology to enhance and color-correct photography and computer imaging to create interesting and unusual backgrounds and visual effects.

High-quality substrates (paperboard, foilboard) are sent directly to outside printers by the Company's suppliers. Pictures are printed utilizing a variety of techniques and sometimes include foil stamping and UV (ultra violet) coating. Cards that require specialized printing and the combination of various substrates like plastic, polystyrene and holographic foils are purchased in full sheet form from specialty printers. Full sheets are then cut into individual cards, collated, wrapped in a variety of package configurations, and shipped to customers by these same outside printers or by contract packers.

Edgar Filing: TOPPS CO INC - Form 10-K

Sticker production in Europe is subcontracted and coordinated by a single supplier in Italy, and album production is subcontracted to three suppliers in Italy. Adhesive material and packaging are sourced and printed by various subcontractors in Italy. The Company believes that there are other suitable sources available to meet its requirements if the current suppliers were unable to meet the Company's needs.

Collectible strategy games are manufactured by suppliers in China and Taiwan. Collectible figures are designed by the Company, and the tooling manufacture is subcontracted to a variety of tool and die manufacturers in China and Taiwan.

Paperboard, packaging materials, foil stamping and UV coating for cards, and other raw materials required to manufacture the Company's total line of entertainment products are generally available to the Company. The Company relies on single producers for several of these materials or processes, although alternative suppliers are generally available. If any of these single sources were no longer available to the Company, some adjustment in product specification would probably be required.

TRADEMARKS AND LICENSE AGREEMENTS

The Company considers its trademarks and license agreements to be of material importance to its business. Most of the Company's principal trademarks have been registered in the United States and many foreign countries where its products are sold. Sports picture products marketed in the U.S. are generally produced under license agreements with individual athletes and/or their players' associations, as well as under the licensing bodies of the professional sports leagues. These agreements cover the following sports: Major League Baseball, NBA Basketball and NFL Football. Because of the labor dispute in hockey during the 2004 season, the Company did not renew its NHL agreement when it expired in June 2004. The absence of hockey products did not have a material adverse effect on the Company's sales or earnings in fiscal 2005. The Company also has a contract with Premier League Soccer in England and with players and teams with regard to soccer in Italy, Denmark, and Spain. The Company's inability to renew, or continue to operate under licenses relating to Major League Baseball or England Premier League soccer, and its inability to market products in these sports, could have a material adverse effect on the Company.

The Company has an individual license agreement with virtually every major league baseball player. Each baseball player's license agreement is initially for four major league baseball seasons and may be extended for additional seasons as rights are used, if the player and the Company agree. Typically, these agreements are extended annually. Among the rights the Company receives are rights to use a player's name, picture, facsimile signature and biographical description in the form of two or three dimensional pictures, trading cards, postcards, stickers, stamps, transfers, decals, medallions or coins, each within certain size limitations. The licenses granted to the Company by athletes permit the athlete to grant others rights to the use of his name, picture and facsimile signature on other products, including collectible picture cards sold alone or with products other than gum and (with certain exceptions) candy. The Company conducts a related active licensing program with minor league baseball players and continuously seeks to supplement its relationship with the baseball community by personal visits and corporate identification. The Company considers such relationships to be good and to be of great importance to it. However, should an appreciable number of Major League Baseball players refuse to sign the Company's license agreement, it could have a material adverse effect on the Company.

Edgar Filing: TOPPS CO INC - Form 10-K

The Company has a related agreement with the Major League Baseball Players Association, which governs certain terms of the individual player contracts. The Company also has an agreement with Major League Baseball Properties, Inc., which, among other things, covers the use of the names and insignias of the baseball teams and leagues in connection with its baseball picture products.

The Company also enters into license agreements with non-sports entertainment companies to produce certain products. The terms of these contracts depend on a variety of factors.

Total royalty expense under the Company's sports and non-sports entertainment licensing contracts for the fiscal years ended 2005, 2004 and 2003 was \$24,916,000, \$23,912,000 and \$25,344,000, respectively. See Note 21 of Notes to Consolidated Financial Statements in the Annual Report, which is incorporated herein by reference, for a description of minimum guarantee payments required under the Company's existing sports and non-sports entertainment contracts.

In fiscal 2004, the Company initiated a program of licensing its own Bazooka, Bazooka Joe, Ring Pop, Push Pop, and Baby Bottle Pop trademarks to third parties. In fiscal 2005, the Company expanded the program to include seventeen licensees, including manufacturers of apparel, children's cosmetics, footwear and collectibles. Additionally, WizKids licenses out its trademarks, primarily Mech-Warrior, for fantasy books.

COMPETITION

The Company competes for sales as well as counter and shelf space with large corporations in the food, candy, publishing, toy and other industries. Many of these corporations have substantially greater resources than the Company. More narrowly, the Company competes with other companies, large and small, which market gum, candy, trading cards, sticker albums and strategy games for the spending money of children and adult collectors. The Company believes that the industries in which it operates are highly competitive.

SEASONALITY

The Company's sales of Confectionery products are generally seasonally stronger in the first two fiscal quarters of each year. However, sales can be significantly impacted by the introduction of new products and line extensions as well as by advertising and consumer and trade support programs.

In the Entertainment segment, sales of U.S. sports card products are sold throughout the year, spanning the three major sports seasons in which the Company currently participates, i.e. baseball, football, and basketball. Generally, Topps Europe's sales of sports sticker album products are driven by shipments of Premier League Soccer products, with much of the sales activity occurring in the fourth fiscal quarter. Sales of non-sports cards, sticker albums and games tend to be driven by the timing of product introductions and the property on which they are based, often peaking with the release of a movie or the rise in popularity of a particular licensed property. Hence, quarterly results may vary. (See footnote 20 "Quarterly Results of Operations" in the Company's Annual Report.)

Edgar Filing: TOPPS CO INC - Form 10-K

DEPENDENCE ON CERTAIN CUSTOMERS

McLane Distribution Services, Inc. accounted for approximately 12% of consolidated net sales in fiscal 2005. McLane purchases primarily confectionery products from the Company and distributes them to Wal-Mart, Sam's Club, Southland Corp., and convenience stores in the U.S. The loss of this customer could have a material adverse effect on the Company's plans and results.

ENVIRONMENT

The Company believes that it is in compliance in all material respects with existing federal, state and local regulations relating to the protection of the environment. Such environmental regulations have not had a material impact on the Company's capital expenditures, earnings or competitive position.

EMPLOYEES

The Company employed approximately 485 people in fiscal 2005.

All of the production employees at the Company's factory in Scranton, Pennsylvania are represented by a union. The current union agreement expires in February 2008.

The Company considers relations with its employees to be good.

AVAILABILITY OF THIS REPORT

The Company's financial information, including the information contained in this report filed on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K, and any amendments to the above mentioned reports may be viewed on the Internet at www.topps.com. Copies are also available, without charge, from the Company. Alternatively, reports filed with the Securities and Exchange Commission (the "SEC") may be viewed or obtained at the SEC Public Reference Room in Washington, D.C., or at the SEC's Internet site at www.sec.gov.

CAUTIONARY STATEMENTS

In connection with the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995 (the "Reform Act"), the Company is hereby filing cautionary statements identifying important factors that could cause actual results to differ materially from those projected in any forward-looking statements of the Company made by or on behalf of the Company, whether oral or written. The Company wishes to ensure that any forward-looking statements are accompanied by meaningful cautionary statements in order to maximize to the fullest extent possible the protections of the safe harbor established in the Reform Act. Accordingly, any such statements are qualified in their entirety by reference to, and are accompanied by, the following important factors, among others, that could cause the Company's actual results to differ materially from those projected in forward-looking statements of the Company:

1. Dependence on Licenses. The Company's trading card and sticker album businesses are highly dependent upon licensing arrangements with third parties.

Edgar Filing: TOPPS CO INC - Form 10-K

These licenses, which have varying expiration dates, are obtained from the various professional sports leagues, players associations and, in certain instances, the players themselves as well as from non-sports entertainment companies. The Company's inability to renew or retain certain of these licenses, or the lack of vitality of these licenses, could materially adversely affect its future plans and results.

2. Contraction in Sports Card Industry. The sports card industry as a whole has contracted significantly over at least the last ten years. Further prolonged and material contraction in the sports card industry, whether caused by labor strife or otherwise, could materially adversely affect the Company's future plans and results.

3. New Products. The Company may be unable to produce timely, or at all, certain new planned products. The inability of the Company to produce planned products could materially adversely affect its future plans and results.

4. Returns. Approximately 74% of the Company's fiscal 2005 sales were made on a returnable basis. Although the Company maintains returns provisions, returns considerably in excess of the Company's provisions could materially adversely affect its future plans and results.

5. Suppliers. The Company has a single source of supply for most of its lollipop products. The loss of this supplier due to civil unrest or for any other reason could materially adversely affect the Company's future plans and results.

6. Customers. The Company has several large customers, some of which are serviced by single distributors. The loss of any of these customers or distributors could materially adversely affect the Company's future plans and results.

7. International Political and Economic Risk. There is an increase in risk generally associated with operating outside of the U.S. Events such as civil unrest, currency devaluation, political upheaval and health-related issues could materially adversely affect the Company's future plans and results.

8. Legal Proceedings. See Item 3: Legal Proceedings for a discussion of legal matters that could materially adversely affect the Company's future plans and results.

FINANCIAL INFORMATION ABOUT INDUSTRY SEGMENTS, FOREIGN AND DOMESTIC OPERATIONS AND EXPORT SALES

The Company operates in two business segments. They are: (i) the marketing and distribution of confectionery products; (ii) the marketing and distribution of entertainment products. Segment and geographic area information contained in Note 16 of the Notes to Consolidated Financial Statements included in the Annual Report is hereby incorporated by reference.

EXECUTIVE OFFICERS OF THE COMPANY

The information required by this item with respect to the directors of the Company and those executive officers who are also directors appearing in the Proxy Statement for the annual meeting of stockholders scheduled to be held on June 30, 2005 ("2005 Proxy Statement") is hereby incorporated by reference thereto. ITEM 3. LEGAL PROCEEDINGS

In November 2000, the Commission of the European Communities (the "Commission") began an investigation into whether Topps Europe's past distribution arrangements for the sale of Pokemon products complied with European law (the "EU investigation"). On June 17, 2003, the Commission filed a Statement of Objections against The Topps Company, Inc. and its European subsidiaries, therein coming to a preliminary conclusion that these entities infringed Article 81 of the EC treaty during 2000 by preventing parallel trade between member states of the European Union. A hearing in front of the European Commission Tribunal took place on October 23, 2003, and on May 27, 2004, the Commission found The Topps Company, Inc. and its European subsidiaries jointly and severally liable for infringement of Article 81(1) of the EC treaty. The Commission imposed a total fine of 1.6 million euros (\$1.9 million) which was paid during fiscal 2005.

On February 17, 2000, Telepresence, Inc. sued Topps and nine other manufacturers of trading cards (the "Defendants") in the Federal District Court for the Central District of California for infringement of U.S. Patent No. 5,803,501 which was issued on September 8, 1998 (the "501 Patent"). In its suit, Telepresence contended that the patent covers all types of "relic" cards that contain an authentic piece of equipment, i.e., a piece of sporting equipment or jersey. The court awarded summary judgment to the Defendants on the grounds that the named Plaintiff (Telepresence, Inc.) did not have standing to sue for infringement of the 501 patent. The motion was granted, and the litigation was dismissed with prejudice on March 28, 2001.

After the dismissal, the 501 Patent was assigned to Media Technologies, Inc. which is under the control of the same person (the inventor, Adrian Gluck) who brought the Telepresence action. On November 19, 2001, Media Technologies sued essentially the same group of defendants in the same court for infringement of the 501 Patent. The court once again granted summary judgment and dismissed the case with prejudice. The Court of Appeals for the Federal Circuit reversed the judgment on July 11, 2003, and the case was returned to Judge Stotler in the Central District of California for trial. On October 16, 2003, Media Technologies amended its complaint by alleging that Defendants' sale of relic cards additionally infringed U.S. Patent No. 6,142,532 (the "532 Patent") which was issued on November 7, 2000 and is similar to the 501 Patent.

On March 17, 2004, Topps filed a motion for summary judgment based on non-infringement while other defendants filed a motion for summary judgment based on patent invalidity because of prior art. Both motions were denied on July 26, 2004. On September 15, 2004, defendant Upper Deck Company, LLC ("Upper Deck") moved for a separate trial on the issues of infringement, damages, willfulness and counterclaims, a motion the other defendants subsequently joined. On October 26, 2004, the court ruled that the patent validity issues would be tried first, before those of infringement. The court otherwise refused to bifurcate the trial.

On October 4, 2004, Defendants petitioned the United States Patent & Trademark Office (the "PTO") to reexamine the patentability of both the 501 Patent and the 532 Patent. On October 25, 2004, Defendants also filed a motion with the district court requesting a stay of the proceedings pending the petition with the PTO. On December 2, 2004, the court denied the motion for the stay. In mid-December, the PTO granted the petition for reexamination of the 501

Edgar Filing: TOPPS CO INC - Form 10-K

and 532 Patents. Plaintiffs have petitioned the PTO to vacate the reexaminations and have also filed papers requesting the PTO, in the event it decides to proceed with the reexamination, to hold its claims patentable.

On December 29, 2004, Defendants once again filed a motion with the district court requesting a stay of the proceedings while the PTO reexamines the patentability of the 501 Patent and the 532 Patent. That motion was denied on February 28, 2005, along with another motion to dismiss the case based on lack of standing. The pretrial conference was held on March 21, 2005. Both parties requested that the judge construe Plaintiff's issued patent claims, and Defendants once again asked that the damages and infringement issues be tried separately as to each party.

The trial was initially scheduled for February 2005 but was adjourned to June 2005. An adverse outcome in the litigation could result in a substantial liability for the Company and could have a material impact on the Company's consolidated financial statements. Plaintiff argues it is entitled to a royalty on all sales of all product releases containing relic cards since issuance of the patent, treble damages, and is also seeking to enjoin us from future distribution of relic cards. It is not possible to determine the likelihood of any damages or equitable relief, or to estimate the range of loss, if any. Accordingly, no provision has been recorded for this matter in the accompanying consolidated financial statements.

The Company is a defendant in several other civil actions which are routine and incidental to its business. In management's opinion, after consultation with legal counsel, these other actions will not have a material adverse effect on the Company's consolidated financial statements or results of operations.

None.

ITEM 9A. CONTROLS AND PROCEDURES

(a) Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our reports filed pursuant to the Securities and Exchange Act of 1934, as amended (the "Exchange Act") is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow for timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management is required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

As of the end of the period covered by this report (the "Evaluation Date"), we carried out an evaluation, under the supervision and with the participation of our management, of the effectiveness of the design and operation of our disclosure controls and procedures. Based on the foregoing, we have concluded that, as of the Evaluation Date, our disclosure controls and procedures were effective.

(b) Design and Evaluation of Internal Control Over Financial Reporting

Under Section 404 of the Sarbanes-Oxley Act of 2002, we are required to

Edgar Filing: TOPPS CO INC - Form 10-K

include in this Annual Report on Form 10-K (i) a report from our management regarding the Company's internal controls over financial reporting, which report is required to include, among other things, an assessment and statement as to the effectiveness of our internal controls over financial reporting as of February 26, 2005 and (ii) an attestation report from our independent registered public accounting firm on management's assessment of such internal controls.

On November 30, 2004, the SEC issued an exemptive order (SEC Release No. 50754) which provides a 45-day extension for the filing of the management report and the related attestation report by eligible companies. We have elected to rely on this 45-day extension, and therefore, this Annual Report on Form 10-K does not include such reports. We intend to include such reports in an amendment to this Annual Report on Form 10-K/A in accordance with the SEC's exemptive order.

During fiscal 2005, we spent considerable time and internal and external resources analyzing, documenting and testing our system of internal controls over financing reporting and have completed our internal evaluation. In addition, our management has provided our independent registered public accounting firm with a draft of its report and we are not currently aware of any material weaknesses in our internal controls over financial reporting.

There can be no assurance, however, that one or more material weaknesses in our internal controls over financial reporting will not be identified during the 45-day extension period, that management will be able to assert that our internal controls over financial reporting are effective as of February 26, 2005 or that our independent registered public accounting firm will be able to attest that management's report is fairly stated or express an unqualified opinion on the effectiveness of our internal controls.

(c) Changes in Internal Control Over Financial Reporting

There have not been any changes in our internal controls over financial reporting during the fiscal quarter ended February 26, 2005 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reports.
